## Course Access and Enrollment Issues

---

1. Once your application has been processed and you are officially admitted as a student at UNA and enrolled in this course, you will receive an email welcoming you to the course.
2. The University of North Alabama allows students two semesters to complete the requirements for a specific course, subject to the approval of the instructor. If you do not complete the course in the semester of your initial enrollment, you will receive a grade of "Incomplete" and will be able to complete the course in the following semester. If you do not complete the course by the end of the second semester of enrollment, then you automatically receive a failing grade for the course.
3. The content covered in this course is very similar to the content covered in the face-to-face accounting courses offered at UNA. If you plan to pursue the CPA license, we advise you to be familiar with the requirements for the state where you plan to sit for the CPA exam to ensure that the courses you complete are appropriate. These requirements can vary substantially across states (see [www.nasba.org](http://www.nasba.org) for a listing of State Boards of Accountancy websites).

## Communication Policy

---

The official method of communication at UNA is UNA portal, with emphasis placed on University email. You may access your UNA Portal email through the [University's homepage](#). The link to Portal is at the top of the page. It is important for students to read their UNA Portal e-mail on a regular basis for information regarding University deadlines, policies, and events. These messages are outside your Canvas courses and relate to ALL University communication. Please understand the importance of each communication vehicle and the distinction between the two.

## Methods

- **Email Communication:** Please use either the Canvas Inbox or UNA Portal email, as specified by the instructor.
- **Phone Communication:** When leaving a voicemail, leave your name, phone number, and message. Please speak slowly and clearly.
- **Face-to-Face Communication:** You may drop by during posted office hours or you may e-mail to request an appointment that is more convenient to your schedule.

## Response Times

Please allow up to 48 hours for a reply to your e-mail or phone messages. Correspondence received on Fridays and University Holidays may not be addressed until the next regularly scheduled business day at UNA. In circumstances where a longer response time is needed, faculty will notify the student.

## Netiquette

When communicating in an online format (i.e., e-mail, chat, discussions, etc.) please adhere to the standard rules of netiquette. The following summary is taken from the [Bemidji State Online Course Netiquette Guidelines](#) webpage

- Identify yourself. Begin messages with a salutation and end them with your name.
- Include a subject line. Give a descriptive phrase in the subject line of the message header that tells the topic of the message.
- Avoid sarcasm. People who don't know you may misinterpret its meaning.
- Respect others' privacy. Do not quote or forward personal e-mail without the original author's permission.
- Acknowledge and return messages promptly.
- Copy with caution. Don't copy everyone you know on each message.

- No spam (a.k.a. junk mail). Don't contribute to worthless information on the Internet by sending or responding to mass postings of chain letters, rumors, etc.
- Be concise. Keep messages concise - about one screen, as a rule of thumb.
- Use appropriate language. Avoid coarse, rough, or rude language. Observe good grammar and spelling.
- Use appropriate intensifiers to help convey meaning. Avoid "flaming" (online screaming) or sentences typed in all caps. Use asterisks surrounding words to indicate italics used for emphasis.

## AI Generative Tools Policy

---

You may use AI programs, (e.g., ChatGPT), to help **generate ideas** and **brainstorm**. However, you should note that the material generated by these programs may be inaccurate, incomplete, or otherwise problematic.

You may not submit any work generated by an AI program as your own. If you include material generated by an AI program, it should be cited like any other reference material. Failure to properly cite material generated by an AI program constitutes plagiarism and will be dealt with according to your instructor's course policy and the University's Academic Honesty Policy.

## Academic Honesty Policy

---

Students of the university academic community are expected to adhere to commonly accepted standards of academic honesty. Allegations of academic dishonesty can reflect poorly on the scholarly reputation of the University including students, faculty and graduates. Individuals who elect to commit acts of academic dishonesty such as cheating, plagiarism, or misrepresentation will be subject to appropriate disciplinary action in accordance with university policy.

Incidents of possible student academic dishonesty will be addressed in accordance with the following guidelines:

1. The instructor is responsible for investigating and documenting any incident of alleged academic dishonesty that occurs under the instructor's purview.
2. If the instructor finds the allegation of academic dishonesty to have merit, then the instructor, after a documented conference with the student, will develop a plan for disciplinary action. If the student agrees to this plan, then both instructor and student will sign the agreement. The faculty member will forward a copy of the signed agreement to the Office of Student Conduct for record-keeping purposes.

3. If the student disagrees with the instructor's proposed plan for disciplinary action and wishes to take further action, he/she is responsible for scheduling a meeting with the chair of the department where the course is housed to appeal the proposed disciplinary plan. The department chair shall mediate the matter and seek a satisfactory judgment acceptable to the faculty member based on meetings with all parties. If a resolution is reached, the disposition of the case will be forwarded to the Office of Student Conduct. If a resolution at the departmental level is not reached and the student wishes to take further action, he/she is responsible for scheduling a meeting with the dean of the college where the course is housed to appeal the proposed disciplinary plan. The college dean shall mediate the matter and seek a satisfactory judgment acceptable to the faculty member based on meetings with all parties. If a resolution is reached, the disposition of the case will be forwarded to the Office of Student Conduct. If a resolution at the college level is not reached and the student wishes to take further action, he/she is responsible for scheduling a meeting with the Vice President for Academic Affairs and Provost (VPAA/P) to appeal the proposed disciplinary plan. The VPAA/P shall mediate the matter and seek a satisfactory judgment acceptable to the faculty member based on meetings with all parties. After reviewing all documentation, the VPAA/P may, at his/her discretion, choose either to affirm the proposed action, to refer the case to the Office of Student Conduct for further review, or to dismiss the matter depending on the merits of the case. The final disposition of the case will be disseminated to appropriate parties, including the Office of Student Conduct.
4. If a student is allowed academic progression but demonstrates a repeated pattern of academic dishonesty, the VPAA/P may, after consultation with the Office of Student Conduct, assign additional penalties to the student, including removal from the University.

## Academic Honesty Policy - Addendum

---

Professors may not be notified of potential academic misconduct until the semester has ended. In such instances, the student will be contacted by the faculty member. Violations of exam rules (such as those identified by Honorlock exam results) may result in a change in the final grade that was previously submitted to the Registrar's Office.
