

## Please Help Us Recycle

Once again, Kilby Fourth Graders will recycle aluminum *drink* cans at our front curb beginning Monday, August 22. We'll be on duty from 7:30-7:55 AM each school day, come rain or shine. Any empty *drink* cans are accepted, large bags full or small! This science project helps us earn money for our two-day Montgomery trip to study Alabama History. We appreciate your support throughout this year-long project.
