

MYRA ELLIS

Myra Ellis

Miss Myra Sue Ellis has been awarded an assistantship for 1962-63 at the Graduate School of Library Science of University of North Carolina.

Library assistantships are awarded to students who are admitted to the M.S. in L.S. degree program and whose credentials suggest special professional potential. The awards provide an opportunity for promising and well-qualified students to secure a variety of experience in various departments of the Louis Round Wilson Library of University of North Carolina while they study for the graduate professional degree in librarianship.

Miss Ellis will begin her program at North Carolina in September. The assistantship includes an annual stipend of \$2200.
