

## **NEW LIBRARIAN**

It has been announced by the library that Mrs. Harry Herndon has joined the staff. She comes to STC from the library of Tulane University, where she served in the circulation and reference departments since 1940.

Before going to Tulane she was librarian at Sheffield High School, she is probably known to many people in the area as Mary Belle Martin.

Mrs. Herndon's husband finished at Tulane recently and is now with the Florence clinic as specialist in internal medicine.

The STC library staff now consists of three professionally trained librarians and one full-time clerical assistant.
