ADMISSION TO THE PROGRAM:

GENERAL REGULATIONS AND PROCEDURES ADMISSION
Students who wish to enroll in graduate studies must be admitted officially to graduate studies on formal application. To allow sufficient time for processing, notice of acceptance, and program approval, completed application forms together with other required materials including official transcripts — should be filed with the Office of Graduate Admissions and Services well in advance of the opening date of registration for the term. Registration for a term is based on satisfaction of requirements for admission and enrollment prior to the close of the registration period for that term. Acceptance for admission is based on the program objective declared in the application. Request for a change of original purpose — either before or after enrollment — is cleared through the dean of the college in which the program is offered. Applicants accepted for admission who do not enroll must contact the Office of Graduate Admissions and Services to update their application. Admission Consideration for admission to graduate studies is based on the following:
1. Possession of a bachelor’s degree or equivalent in an appropriate field of study from an institution that is accredited by one of the six U.S. regional accrediting associations, or by one of the agencies recognized as an accrediting agency by the U.S. Department of Education, or by an appropriate governmental agency in the country in which the institution is located. Teacher education majors should contact the college dean concerning restrictions that may apply. Any exceptions to this policy require the approval of the dean of the college in which the graduate major is housed.
2. Submission of official transcripts of credit — undergraduate and graduate — from each institution previously attended. Students whose credits have been earned entirely at the University of North Alabama or students seeking admission as transient students need not submit transcripts; however, transient students must submit the required letter of approval from the parent school. The acceptance of official transcripts and other documents submitted for admission to any graduate program may be subject to verification and authentication.
3. Satisfactory test scores, scholastic achievement, preparatory coursework, and other requirements additionally specified by the particular college in which the program is offered (see “College of Arts and Sciences,” “College
SPECIFIC ADMISSION REQUIREMENTS: UNCONDITIONAL ADMISSION

1. Test scores: submission of satisfactory scores prior to admission on either the Miller Analogies Test (MAT) or on the Graduate Record Examination (GRE); recommended minimum score of 388 on the MAT or a minimum GRE score of 146 on the Verbal and 140 on the Quantitative portions of the exam. (See web site for sliding scale of acceptable test scores and grades.)
2. Scholastic achievement: minimum overall grade point average of 3.0 (4.0 scale) is recommended on undergraduate work. (See web site for sliding scale of acceptable test scores and grades.)
3. Preparation: must hold a bachelor’s degree or higher from an institution that meets the general admission requirements for graduate study at UNA.
4. International Credentials: candidates holding a bachelor’s degree, a graduate degree or the equivalent from an institution outside the United States of America must submit a WES, ECE, or other approved international credential evaluation.
5. References: submit three (3) Recommendation for Admission forms that have been completed by the candidate’s supervisors or instructors. Recommendation forms are available at apaulk@una.edu or by calling the Department of Sociology and Family Studies at 256.765.4200.
6. Employment and volunteer activities: submit a personal resumé that includes a record of employment and volunteer activities.
7. Candidate must be unconditionally admitted before taking course-work toward the Masters Degree in Family Studies.
8. For graduation, Family Studies candidates must complete a graduate exit exam in the field.

The Department of Sociology and Family Studies recommends a minimum GPA of 3.0 and a minimum test score (388/MAT or GRE 146/verbal and 140/quantitative) for admission to the graduate program. Applicants with less than the recommended GPA or the recommended test score may be admitted based on the sliding scale below.

1. Course catalog description and objectives.

Master of Science in Family Studies (M.S.) Degree. This program is intended to meet the educational needs of professionals who wish to serve children and families in family and social service agencies. The Family Studies graduate program seeks to train students to be effective leaders in these organizations by providing students with a strong background in research, application, and family studies content.

2. Justification for course or proposed change(s)

It is our belief that a M.S. in Family Studies meets a very specific need of our region. We believe the graduate program will be attractive to undergraduate students in the social and behavioral sciences hoping to further their education as well as professionals in the community who would like to acquire a Master's degree in order to advance in their professional fields.

3. Outline of Course Topics

The M.S. in Family Studies will focus on the following:
- skills and competencies designed to enhance the quality of life within families
- substantial knowledge of family related issues, family processes, polices, laws, services and the interrelationship of families and societies
- a critical assessment of family structure at the microsociological and macrosociological levels
- knowledge of the internal dynamics of the family and how this impacts family members as well as the larger society
- an understanding of interpersonal relationships across the life span and the importance of such for the family unit
- the knowledge to suggest resources for the management of the family, both financially and interpersonally
- recognition of the importance of parent education and guidance and know the resources available for families to develop in this area
- recognition of the impact and role of family law and public policy on the family unit.

4. Activities Required of Students

Students will be required to successfully complete all outlined coursework (33 hours). Non-thesis track students must complete a capstone project and complete an approved practicum experience. Thesis track students must complete and successfully defend a thesis.

5. Evaluation Procedures
Assessment procedures for all courses are included in specific syllabi for all required courses. In addition the overall program will be assessed using a graduate exit exam and survey along with periodic surveys of businesses participating in the practicum component and employers who hire graduates.

6. References and Text

References for all courses are included in specific syllabi for all required courses.

7. Course resources and costs

An additional faculty member has been requested for Fall 2014 through the Department of Sociology and Family Studies annual report. It is estimated that with benefits this cost would be approximately $65,000.00. One graduate assistant position has been requested for Fall 2014 with an associated cost of $9,000.00 plus tuition. If the program grows as expected during the first three years additional faculty and graduate student support will be requested.
