

Bachelor of Business Administration Admission to Major Policy and Procedures

- Admission to the University of North Alabama is required before students may apply for admission to the Sanders College of Business and Technology major. **Students may declare a BBA major at the time of admission to the University; however, application for admission to the major program is a separate approval process.**
- Students must apply for formal admission to the Sanders College of Business and Technology major program after completing 45 semester hours of required coursework. A completed Application for Admission to Major form (available online) must be submitted as soon as the required 45 hours have been completed but no later than 30 days prior to planned registration for the junior year of Sanders COBT studies.
- Students who are not approved for admission into the Sanders COBT major will not be allowed to register for junior/senior level business courses without permission.
- Students majoring in a field outside the Sanders COBT but who declare a business minor will be granted a variance from this policy and may enroll in junior/senior level courses after they have completed 45 semester hours, assuming they have met any course prerequisite requirements.
- *Students applying for the program must be sure the major submitted on the application matches their major in Portal.*

COURSEWORK REQUIREMENTS FOR ADMISSION TO BBA MAJOR:

1. Students must have a 2.0 grade point average (on a 4 point scale) on all coursework attempted.
2. Students must have completed 45 semester hours including completion or current enrollment in each of the following (or equivalent) before admission is granted:
