Vol. XLV August, 2010

This catalog is the official announcement of the programs, requirements, and regulations on graduate studies at the University of North Alabama, effective at the beginning of the fall semester. Students enrolling are subject to the provisions stated herein. Statements regarding courses, when courses are offered, fees, and other conditions are subject to change without advance notice. For more complete information concerning the location, facilities, services, and general regulations of the University, reference should be made to the undergraduate catalog.

Inquiries concerning graduate study and requests for application forms should be addressed to the Office of Admission or, according to the college in which the program is offered, to the

Dean of the College of Arts and Sciences
Dean of the College of Business
Dean of the College of Education
Dean of the College of Nursing and Allied Health
Versity of North Alabama, Florence, Alabama, 35632-00

University of North Alabama, Florence, Alabama 35632-0001 Telephone — 256-765-4100.

NONDISCRIMINATION POLICIES

It is the policy of the University of North Alabama to afford equal opportunities in education and in employment to qualified persons regardless of age, color, creed, disability, national origin, race, religion, or sex, in accordance with all laws, including Title IX of Education Amendments of 1972, Title VII of the Civil Rights Act of 1991, and Executive Order 11246. The coordinator for nondiscrimination policies for students is Irons Law Firm, 219 N. Court Street, Florence, AL 35630. The coordinator for employees is the Director of Human Resources and Affirmative Action, Room 222, Bibb Graves Hall or telephone 256-765-4291.

GENERAL INFORMATION

MISSION AND VISION

As a regional, state-assisted institution of higher education, the University of North Alabama pursues its Mission of engaging in teaching, research, and service in order to provide educational opportunities for students, an environment for discovery and creative accomplishment, and a variety of outreach activities meeting the professional, civic, social, cultural, and economic development needs of our region in the context of a global community.

The Vision of the University of North Alabama builds upon nearly two centuries of academic excellence. We commit ourselves to design and offer a rich undergraduate experience; to respond to the many educational and outreach needs of our region, including the provision of high quality graduate programs in selected disciplines; to provide an extracurricular environment that supports and enhances learning; to provide a global education and participate in global outreach through distance learning programs; and to foster a diverse and inclusive academic community. We promote global awareness by offering a curriculum that advances understanding of global interdependence, by encouraging international travel, and by building a multinational student population. We pledge to support and encourage intellectual growth by offering primarily small, interactive classes taught by highly educated professionals, and through mentoring, internships, and other out-of-class educational opportunities.

UNIVERSITY VALUES

The members of the University of North Alabama community maintain a culture that:

- Adheres to personal academic and intellectual integrity;
- Embraces the diversity of cultural backgrounds, personal characteristics, and life situations represented in this community;
- Values an environment for the free expression of ideas, opinions, thoughts, and differences in people; and
- Respects the rights, dignity, and property of all.

UNIVERSITY GOALS

The University of North Alabama has identified five broad university goals that guide planning and resource allocation throughout the University. These goals are intended to be aspirations in that they are assumed to inspire, to guide, and to be on-going. Each university goal should result in a number of long-term and annual initiatives that support progress toward accomplishing the broader aspiration. The five university goals are:

- To offer high quality programs;
- To build and maintain a student-centered university;

- To promote and celebrate diversity;
- To foster a strong university community; and
- To enhance and support regional development and outreach.

HISTORY

The University of North Alabama traces its origin to LaGrange College, which was established in 1830 at LaGrange, Alabama, by the Methodist Church, and to its successor, Wesleyan University, established in Florence in 1855. In 1872 the school was established as a State Normal School, the first of its kind in the South. Across the years the continued growth of the institution in size, scope, and purpose is reflected by the series of name changes: Florence State Teachers College (1929), Florence State College (1957), Florence State University (1968), and University of North Alabama (1974). The University is a state-supported, coeducational institution offering undergraduate and graduate programs, and is organized into colleges of arts and sciences, business, education, and nursing and allied health. Aside from regional accreditation, the University holds specialized accreditation of the National Council for the Accreditation of Teacher Education, the Council for Accreditation of Counseling and Related Educational Programs, the American Chemical Society, the Council on Social Work Education (Baccalaureate), The National Association of Schools of Art and Design, the National Association of Schools of Music, Commission of Collegiate Nursing Education, and the Association of Collegiate Business Schools and Programs. Its programs in education for professional certification are approved by the Alabama State Department of Education. Its programs in nursing are approved by the Alabama Board of Nursing.

Graduate studies were introduced in 1957 with the establishment of master's degree programs in education, and have been characterized by continued expansion: a sixth-year program in education (1971), a master of business administration degree program (1975), a master of science in criminal justice degree program (1994), a master of arts in English degree program (1999), a master of science in nursing degree program (2006), and a master of art in history degree program (2007).

LIBRARIES

The university libraries include Collier Library (the main library), the Learning Resources Center located in Stevens Hall, the Music Library located in the Music Building and the Kilby School Library. With combined holdings of one million items, the libraries provide users with access to literature from a wide range of disciplines. Materials not found in the libraries are available through interlibrary loan. Library instruction sessions tailored to meet the needs of individual classes may be scheduled through the library. Common topics include locating books and articles, searching the Internet, and evaluating information sources.

The library website provides access to the online catalog and to many electronic resources. The address of the UNA website for library resources is http://www.una.edu/library.

LITERARY LANDMARK

The University was designated as a Literary Landmark by Friends of Libraries U.S.A. in 2006. UNA is the first site in the State of Alabama to receive this honor. The designation is based upon the role of the University in the life and writing of Pulitzer Prize winning author T.S. Stribling. Stribling, a 1903 graduate of the institution, was awarded the Pulitzer for Literature in 1933 for THE STORE. THE STORE was the second work in his epic trilogy portraying the lives of a fictional family in Lauderdale County, Alabama, as they dealt with the Civil War, Reconstruction, and the boom period of the 1920s. The University library houses an extensive collection of Stribling writings, research materials, and memorabilia.

ORGANIZATION

The programs of graduate studies are offered by the University through its colleges of arts and sciences, business, education and nursing and allied health under the direction of the deans of the colleges and the overall administration, coordination, and supervision of the Vice President for Academic Affairs and Provost, according to policies, procedures, and programs established by the Graduate Council and approved by the President and the Board of Trustees.

The Graduate Council is composed of the following, all members nominated and selected by the Graduate Faculty: two graduate faculty from the College of Arts and Sciences; two graduate faculty from the College of Business; two graduate faculty from the College of Education, two graduate faculty from the College of Nursing and Allied Health; and four graduate student representatives, one each from the College of Arts and Sciences, Business, Education, and Nursing and Allied Health. The Vice President for Academic Affairs and Provost, the Coordinator of Graduate Studies, and all deans will serve as ex-officio members of the Council.

The Graduate Council reviews graduate issues, graduate faculty applications, etc., on a continuous basis; recommends policies, procedures, regulations, programs, and courses for graduate studies; serves as a board of appeal on graduate matters; and communicates its deliberations and findings to the President, and after discussion with the President, to the university community.

The Graduate Faculty is composed of the President of the University, the Vice President for Academic Affairs and Provost, the Library Director, the deans of colleges offering courses for graduate credit, the chairs of departments offering graduate 500-700 level courses, and other graduate teaching faculty appointed annually by the President on the recommendation of the Graduate Council. The Graduate Faculty meets with the Graduate Council at least once a year on matters of general concern, and nominates and selects representatives from its membership to the Graduate Council.

Policies for selection to the graduate faculty are as follows:

- 1. The prospective graduate faculty member should possess the terminal degree in the field of teaching. Persons not holding the terminal degree but having special expertise may be considered for graduate faculty status with proper justification.
- 2. Faculty selected for graduate faculty status should, in addition to holding the terminal degree in field, possess credentials showing research, publications, or scholarly presentations; membership and activity in professional societies; or a performance record in relation to the performing arts. Obviously, faculty may not show extensive credentials in all of these areas as a criteria for selection but should show sufficient evidence in one or more of the areas to qualify them for the graduate faculty designation.
- 3. Faculty who are designated as graduate faculty should be involved in regularly teaching of graduate classes.
- 4. Graduate faculty standing is to be reviewed every three years at the end of the spring semester, and recommendations for status as a graduate faculty member should be endorsed by the department chair and college dean before being submitted to the Graduate Council. The Graduate Council will recommend which names should be submitted to the President for designation as Graduate Faculty.

Separate syllabi, for undergraduate and graduate courses, must be established to better show the differences between undergraduate and graduate requirements for these courses. In addition, it is the responsibility of the respective dean to monitor this requirement for separate syllabi. In order to serve as a member of the Graduate Faculty, faculty must conform to this requirement of separate course requirements between undergraduate and graduate students.

COURSES OF STUDY

The University of North Alabama offers courses of graduate study leading to the degrees and/or professional certifications described below. For many students, these programs may be terminal; for others they may provide a basis for further graduate study in the field. Eligible students who do not wish to pursue a course of study may use individual graduate courses to serve other professional, vocational, or personal interests.

Graduate students who are medically qualified and who will complete their graduate studies program prior to their thirtieth birthday are eligible for participation in the Army Reserve Officer Training Corps advanced course. Students must be registered as full-time graduate students (nine semester hours each semester) for four semesters with degree requirements completed at the conclusion of the fourth semester. Graduate student cadets receive a stipend of \$150.00 per month for their participation. Successful completion of the ROTC program and graduation lead to a commission as a second lieutenant in the United States Army, the Army Reserve, or the National Guard. Contact the Professor of Military Science for more details.

Arts and Sciences

Master of Arts in English Degree. This program is designed to meet the educational needs of persons aspiring to professional advancement in the teaching of English or in other professions requiring advanced degrees in the discipline, as well as those students preparing for advanced study at the Ph.D. level.

Master of Arts in History. This program is intended to meet the educational needs of those aspiring to professional advancement in the study and/or teaching of history or in other professions requiring an advanced degree.

Master of Science in Criminal Justice Degree. This program is intended to meet the educational needs of professionals who wish to serve in federal, state and local agencies within the criminal justice system.

Business

Master of Business Administration Degree (MBA). This program is designed for students who wish to prepare for professional careers in business, industry, or government, or for further graduate study. Courses within the program also may be applied to the enhancement of individual knowledge and competencies. Delivery options include: traditional classroom and online.

Education

Master of Arts in Education degree with majors in counseling, elementary education K-6, secondary education, including P-12 education (selected teaching fields), instructional leadership, and special education: collaborative teacher K-6 and/or 6-12. For persons who hold the appropriate valid Alabama Class B professional certificate and who have completed the teaching experience as specified, or who qualify under the Track 2 School Counseling option, program completion may qualify them for recommendation for the Alabama Class A professional certificate.

Master of Arts in Education degree for alternative Class A programs in P-12 education and secondary education.

Master of Arts degree in Community Counseling and the Health Promotion and Human Performance Program of study are designed for professionals who seek personal development and career enhancement.

Education Specialist degree for persons seeking a Class AA professional certificate in educational administration. Persons seeking the Class AA certificate must hold the Class A certificate in educational administration or instructional leadership.

Nursing

Master of Science in Nursing (MSN) degree has two curricular options for registered nurses holding the Bachelor of Science in Nursing (BSN). The "Nursing in Teaching-Learning Environment" option prepares graduates to be educators in both academic and non-academic environments.

The "Nursing Leadership in Organizational Environments" prepares the graduates to be managers, administrators, and executives in health care organizations. Both options are available online and require no campus attendance.

DISTANCE LEARNING PROGRAM

The University offers an ever-expanding array of credit-bearing courses via the Distance Learning Program. Classes are taught primarily online, with supplemental video available for selected classes. Distance Learning makes higher education available to students who experience scheduling conflicts caused by geographic distances, employment, family responsibilities, and other variables. For additional information, please contact the Coordinator of Distance Learning in the Department of Educational Technology Services. Questions concerning distance learning in nursing should be directed to the Coordinator for Nursing Online Enrollment.

CALENDAR AND COURSE OFFERINGS

The University operates on the semester system, with the academic year divided into two regular semesters (August-December and January-May), and an eight-week summer term (June-August). The summer term also includes two four-week sessions (Session I, June; Session II, July). Exact dates are detailed in the front of this catalog. Graduate courses are scheduled principally in evening classes in both regular semesters. During the summer session, the College of Arts and Sciences offers evening classes, the College of Education schedules day classes while the College of Business continues to offer primarily evening classes. From time to time the University may provide graduate courses in offcampus locations, short courses for graduate credit in interim periods when the University is not in regular session, and weekend courses. All courses in the graduate program in the College of Nursing and Allied Health are offered online.

FACILITIES AND SERVICES

All of the facilities and services of the University support both undergraduate and graduate programs. Facilities include air-conditioned classrooms and laboratories, residence halls and university apartments, dining halls and lounges, libraries, media services, the university center, recreation facilities, and specialized auxiliary units. Among the primary services available to graduate students are those for advisement, counseling, placement, and health. Initial advisement and guidance may be obtained from the offices of the deans of the colleges offering graduate programs, and the Office of Admission. Upon admission to graduate studies, the student is assigned an adviser for continued guidance. Career Services is available to graduate students. Those wishing to use this service should contact the director located in the University Center. University Health Services includes ambulatory care and outreach programs to serve nonemergency needs. Facilities, services, and special university activities are described in detail in the undergraduate catalog.

STUDENTS WITH DISABILITIES

In accordance with the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973, the University offers reasonable accommodations to students with eligible documented learning, physical and/or psychological disabilities. Under Title II of the Americans with Disabilities Act (ADA) of 1990, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Amendment Act of 2008, a disability is defined as a physical or mental impairment that substantially limits one or more major life activities as compared to an average person in the population. It is the responsibility of the student to contact Disability Support Services to initiate the accommodation process to develop an accommodation plan. Appropriate, reasonable accommodations will be made to allow each student to meet course requirements, but no fundamental or substantial alteration of academic standards will be made. Students needing assistance should contact Disability Support Services.

ACADEMIC FREEDOM AND RESPONSIBILITY

The University is firmly committed to the principle of freedom of thought, inquiry, and expression. No member of the university community may, in the exercise of academic freedom, deny the corresponding right of any other member of the university community, nor interfere with the legal and proper functions of the University.

STUDENT RIGHT-TO-KNOW

The University of North Alabama is in compliance with the Campus Security Act. Interested individuals may obtain a copy of the most recent university "Crime Awareness and Campus Security Report" from the Office of Research or view it on the University Police web page at <www.una. edu/police> under Clery Act Information.

UNIVERSITY OF NORTH ALABAMA POLICY STATEMENT FAMILY EDUCATION RIGHTS AND PRIVACY ACT OF 1974

In accordance with the Family Education Rights and Privacy Act (FERPA) (See 513 of PL 93-380, Education Amendments of 1974, which amends the General Education Provisions Act, Sec 438), students of the University of North Alabama are hereby informed of their right to access their official records as described in the Act.

A student may examine his/her official academic record during working hours in the Registrar's Office upon presentation of appropriate PICTURE identification.

The following is a list of directory information that may be made available regading students of the University without their prior consent and is considered part of the public record of their attendance. Students who wish to withhold DIRECTORY INFORMATION should file such a request in the Office of the Registrar prior to the end of the registration period for any given term.

- 1. Name:
- 2. Permanent and local addresses;
- 3. Telephone listing;
- Major fields of study;
- 5. Dates of attendance;
- 6. Degrees and awards received;
- 7. High school and other colleges and universities attended;
- 8. Participation in officially recognized orgnizations, activities, and sports;
- 9. Weight and height of members of athletic teams;
- 10. Photographs; and
- 11. E-mail addresses.

SEXUAL HARASSMENT

University policy prohibits sexual harassment. It is the responsibility of all students and employees to assure that our community is free from sexual harassment. Accordingly, all members of the university community must avoid any conduct that is or has the appearance of being sexual harassment. The University Ombudsman and the Office of Student Affairs have information about the University's sexual harassment policy. To see the full policy, as well as the University's policy on consensual relationships, visit www.una.edu/humanresources.

ACADEMIC HONESTY

All members of the university community are expected to be honorable and observe standards of conduct appropriate to a community of scholars. Students are expected to behave in an ethical manner. Individuals who disregard the core values of truth and honesty bring disrespect to themselves and the University. A university community that allows academic dishonesty will suffer harm to the reputation of students, faculty, and graduates.

It is in the best interest of the entire university community to sanction any individual who chooses not to accept the principles of academic honesty by committing acts such as cheating, plagiarism, or misrepresentation. Offense are reported to the Vice President for Academic Affairs and Provost for referral to the University Judicial Board for disposition.

In the case of academic dishonesty, students may not avail themselves of the withdrawal policy to avoid sanctions in that course.

GRIEVANCE PROCEDURES

Grievance procedures are available to all members of the university community for resolution of disputes that do not fall within the jurisdiction of the University Judicial System/Student Court. A grievance is a complaint directed against another member or organization of the university community or against the University. Information about the grievance procedures can be obtained through the Office of Judicial Affairs and Student Affairs Assessment. Additionally, the University Ombudsman provides an avenue for grievances and complaints.

EXPENSES

A summary of estimated expenses for students who are Alabama residents for fee purposes, as determined by the University, may be found on the University's website (**www.una.edu**) under **Tuition Payment link** or in the current semester *Schedule of Classes*. Residents of Alcorn, Itawama, Prentiss, and Tishomingo counties in Mississippi and residents of Decatur, Giles, Hardin, Lawrence, Lewis, McNairy, and Wayne counties in Tennessee will be allowed to attend the University at the same tuition rate assessed to in-state residents. To appeal a non-resident status, please contact the Office of Admissions.

Estimated tuition and fees are subject to adjustment without notice and should be used only as a guide for planning. These expenses must be paid in full at the time the student registers for class each term or, in the case of preregistration, as directed on the invoice. Any check dishonored or returned by the bank is not considered payment.

Students are expected to meet all financial obligations when they fall due. It is each student's responsibility to be informed of all payment due dates, deadlines, and other requirements by referring to official sources of university information such as the official *Schedule of Classes*, announcements in the *Flor-Ala*, or information that is disseminated by other means from time to time. Delinquent accounts are subject to a late charge and cancellation of schedule. A charge may apply to reinstate a cancelled schedule. Students owing charges for prior terms will not be allowed to register for future terms until all prior charges are paid.

Collection costs or charges, along with all attorney fees necessary for collection of any debt to the University, will be charged to and paid by the debtor.

Any Federal Title IV financial aid recipients who withdraw on or after the official class begin date will be liable for any funds the University of North Alabama repays to the applicable federal program as a result of the withdrawal. These amounts will be charged back to the student's financial account. University collection procedures will apply to recover these funds..

Special Course Fees

1. A special fee of \$30.00 is charged for each of the following courses:

College of Arts and Sciences

AR: 501, 503, 511, 551, 591.

BI: 521, 523, 533, 551, 552, 560, 571, 572, 599, 615, 617, 619, 690, 696.

CH: 634L, 637L, 696.

ES: 521, 615, 616, 617, 680, 681.

GE: 535, 584. **PH:** 601, 605.

College of Education

EDT: 601, 602, 603.

SRM: 541.

2. A special fee of \$60.00 is charged for each credit hour for the following courses:

College of Arts and Sciences

MU: 681, 682, 683, 684.

3. A special fee of \$60.00 is charged for each of the following courses:

College of Education

ED: 582, 584.

Housing Application Fee and Apartment Deposit

Residence Hall: Requests for assignments to a space in a residence hall will be processed upon receipt of the housing application, housing contract, and nonrefundable housing application fee which must be a check or money order for \$100.00 made payable to the University of North Alabama. The housing application fee is considered a continuing fee for subsequent assignments as long as the student remains in campus housing. Admission to the University of North Alabama is required prior to applying for housing accommodations.

Apartment: An application for an apartment rental must be accompanied by a deposit. For University Apartments, the deposit is \$200.00 per single adult tenant or married couple. Only two adult tenants are allowed per apartment. Upon occupancy, the deposit becomes an apartment security deposit retained by the University as a credit against any charges for property damage or loss or for cleaning if the apartment is not left in good order. Damages, losses, or cleaning costs in excess of deposit must be paid immediately and before a student registers or receives any services from the University. The deposit is refundable if the tenant has met conditions in the lease. The Physical Plant Department and the Department of Housing will assess the apartment for damages at the time the apartment is vacated by the tenant. Any refund of the deposit is subject to other charges that the tenant may owe the University.

Billing and Payments

Electronic billing (e-bill) is the official means of providing student account statements to all UNA students. A notification of statement availability will be sent to the student UNA Portal e-mail account and to the e-mail address of each of the authorized users the student has identified. Students and authorized users can access the student account by going to the UNA homepage and selecting UNA Portal or by selecting Tuition Payment. It is each student's responsibility to be informed of all payment deadlines.

Students are expected to meet all financial obligations when they are due. It is each student's responsibility to be informed of all payment due dates, deadlines, and other requirements by referring to official sources of university information such as this catalog, official schedule of classes and exam schedule, announcements printed in the *FlorAla*, or that are disseminated by other means from time to time. Delinquent accounts are subject to a late charge of \$50.00 and cancellation of schedule. A \$75.00 charge will apply to reinstate a cancelled schedule. Students owing charges for prior terms will not be allowed to register for future terms until all charges are paid.

Collection costs or charges along with all collection fees necessary for the collection of any debt to the University will be charged to and paid by the debtor.

WITHDRAWAL REFUND POLICY

Fall and Spring Semesters

- The 100% refund period is effective through the close of business on the 8th calendar day from the date classes begin.
- No tuition refunds will be granted beginning on the 9th calendar day from the date classes begin, except in certain cases with medical, military, or other extenuating circumstances.

Summer Term

- The 100% refund is effective only on the day classes begin.
- A 50% refund period is effective only on the 2nd day from the date classes begin.
- No tuition refunds are granted beginning on the 3rd day from the date classes begin, except in certain cases with medical, military, or other extenuating circumstances.

Intersession Term

 No tuition refunds are granted due to the shortened schedule of the course (two weeks), except in certain cases with medical, military, or other extenuating circumstances.

If a student has received a residual check and will (or has) withdrawn from any course(s), a portion or the entire residual amount may be owed back to the University. Residual check amounts paid to a student in excess of the amount due the student must be repaid to the University BEFORE a complete withdrawal will be processed. Students should consult with the Office of Student Financial Services to determine the effect(s) of withdrawing from any course(s) if financial aid has been applied to the student's account. Refer to the *Schedule of Classes* for more information regarding withdrawals.

Room rent and meal plan charges are refundable on a prorated basis upon official withdrawal from the University. If a student is dismissed from a residence hall for disciplinary reasons, there is no refund of room rent. No apartment rental refund is made for the month in which the apartment is vacated.

RESIDUAL PROCEDURES

The UNA Business Office will process and distribute residual checks to those students who have received more financial aid than is needed to pay their total charges. Students should allow five (5) business days from the date classes begin for the first mailing of residual checks. Thereafter, residual checks will be disbursed approximately five (5) business days from the date the funds are posted to the student's account.

All residual checks will be mailed to the student's campus mailbox, if the student has a campus mailbox, or to the student's home address if the student has no campus mailbox. The Business Office does not hold checks for pickup.

FINANCIAL HOLD

A financial hold will be placed on the student's academic record when there is any past due financial obligation to the University. When there is a financial hold, the student will not be permitted to reenroll or to receive transcripts or other services from the University.

MONTHLY PAYMENT OPTIONS FOR STUDENTS AND FAMILIES

The University of North Alabama provides through a commercial payment plan, an Interest-Free Monthly Payment Option which enables students and families to spread all or part of annual expenses over equal monthly payments eliminating the need for lump sum payments at the beginning of each term. The Interest-Free Monthly Payment Option is available to all students and families for a small annual up-front service fee.

STUDENT FINANCIAL ASSISTANCE

Graduate students at the University of North Alabama may be considered for student loans, student employment, assistantships, and scholarships. More information is available on the UNA Student Financial Services website at http://www.una.edu/sfins.

Loans. Graduate students may apply for Federal Stafford Loans, subsidized and unsubsidized, by filing the Free Application for Federal Student Aid. Forms are available on the internet at www.fafsa.ed.gov or upon request from UNA Student Financial Services and should be filed at least eight weeks prior to the beginning of the term during which the graduate student plans to enroll.

Part-time Employment. Graduate students are also eligible for Federal Work Study and University Work Study, a non-federal employment program on campus. Federal Work Study eligibility is determined after the graduate student files the Free Application for Federal Student Aid, which may be filed on the internet at www.fafsa.ed.gov.

Job openings are listed at www.una.edu/career. More information about campus employment is available through Student Financial Services.

Graduate Assistantships. The University also offers a number of graduate assistantships to qualified graduate students. The primary objective of the graduate assistantship is to help the student successfully complete the stated educational goal in a timely manner. The assistantships provide professional, experiential opportunities which enhance the education of the graduate student and complement their formal studies through either research, instruction, or administrative assignments.

To qualify for a graduate assistantship, a student must be fully admitted in a graduate degree program and registered for a minimum of six graduate hours at the University of North Alabama and must have approval from the dean of the college in which the student is enrolled. Assistantships may be renewed for more than one award period, but not more than three award periods (academic years).

Graduate assistantships include a tuition benefit and a monthly stipend. Available assistantships are online at www.una.edu/career. Students may apply directly to the sponsoring UNA department. More information on graduate assistantships is available through Student Financial Services.

Endowed Scholarships. A limited number of privately endowed scholarships may be available to graduate students. Generally, applications for endowed scholarships received in Student Financial Services by **February 1** are considered for the following award period (academic year). More information about scholarship opportunities for graduate students is available at UNA Student Financial Services or on the internet at www.finaid.org.

APPLICATIONS AND INFORMATION

Applications for admission to graduate studies, catalogs, and additional information may be obtained from the Office of Admission. The application for the Master of Science in Nursing Program is also available online at http://www.applyweb.com/apply/unan/.

GENERAL REGULATIONS AND PROCEDURES

ADMISSION

Students who wish to enroll in graduate studies must be admitted officially to graduate studies on formal application. To allow sufficient time for processing, notice of acceptance, and program approval, completed application forms together with other required materials including official transcripts — should be filed with the Office of Admission well in advance of the opening date of registration for the term. Registration for a term is based on satisfaction of requirements for admission and enrollment prior to the close of the registration period for that term.

Acceptance for admission is based on the program objective declared in the application. Request for a change of original purpose — either before or after enrollment — is cleared through the dean of the college in which the program is offered. Applicants accepted for admission who do not enroll must contact the Office of Admissions to update their application. Students applying for graduate studies in the Master of Science in Nursing Program must submit applications and all other admissions materials to the College of Nursing and Allied Health. Applications may also be submitted online. All other admission material must be submitted to the office of the Coordinator of Online Nursing. Enrollment of the College of Nursing and Allied Health. Admission to graduate studies does not convey admission to candidacy for a degree, the requirements for which are described under that heading.

Admission

Consideration for admission to graduate studies is based on the following:

- 1. Possession of a bachelor's or higher degree in an appropriate field of study from an institution regarded as standard by this University and by a recognized regional accrediting agency.
- 2. Submission of official transcripts of credit undergraduate and graduate from **each** institution previously attended. Students whose credits have been earned entirely at the University of North Alabama or students seeking admission as transient students need not submit transcripts; however, transient students must submit the required letter of approval from the parent school. The acceptance of official transcripts and other documents submitted for admission to any graduate program may be subject to verification and authentication.
- 3. Satisfactory test scores, scholastic achievement, preparatory coursework, and other requirements additionally specified by the particular college in which the program is offered (see "College of Arts and Sciences," "College of Business," or "College of Education" or College of Nursing and Allied Health").

Admission to the Alternative Fifth-Year Program

- 1. A score of 388 or better on the Miller Analogies Test, a score of 800 on the verbal and quantitative portions of the Graduate Record Examination, or a passing score on the appropriate PRAXIS II subject area test prior to graduate admission.
- 2. A bachelor's or higher degree from a regionally accredited university with a minimum grade point average overall of 2.50 (4.0) documented on the official transcript from the degree-granting institution.
- 3. Completion of any required undergraduate prerequisites.
- 4. A passing score on the three basic skills assessments in the Alabama Prospective Teacher Testing Program: Applied Mathematics, Reading for Information and Writing prior to unconditional admission.
- 5. Admission to UNA teacher education program (TEP) is required before any field experience is permitted. Admission includes ABI/FBI background clearance (fingerprinting), a successful TEP interview, and documentation of a Spanish Experience (either coursework or experience in a Spanish-speaking country).

Undergraduate coursework may be taken concurrently with graduate courses, but all undergraduate coursework must be completed before the student is unconditionally admitted.

Transfer Admission

Students who are in good standing in graduate programs at other recognized graduate schools, and who satisfy basic admission requirements, may be admitted as transfer students. Requests for transfer credit should be initiated by the student with the designated graduate adviser's approval. Acceptance of graduate credit by transfer is limited to six semester hours of **B** or higher grades in graduate work appropriate to the degree program at UNA. Acceptance of credit by transfer does not affect the quality point status required on work attempted at the University of North Alabama and does not reduce the minimum residence requirement of 24 semester hours (or 27 semester hours for College of Business graduate programs). All transfer students are subject to UNA's scholastic standards. If these standards are not met, further academic action will be necessary.

Transient Admission

Graduate students in good standing at other recognized graduate schools may, upon the advance written approval of the graduate dean or other appropriate official at the parent school, enroll as transient students in courses for graduate credit for which approved and for which prerequisites have been satisfied. Students applying for transient admission are not required to submit official transcripts, but the letter of approval from the parent school must be submitted prior to registration for the term.

Admission of Seniors

A senior student at the University of North Alabama who is within 10 semester hours or less of graduation may request approval to take graduate classes from the dean of the college. The acceptability of graduate credit earned in this manner is conditional upon:

- 1. satisfactory completion of undergraduate requirements;
- 2. satisfactory work on the graduate course(s) for which enrolled; and
- application to graduate studies and acceptance into a graduate program for a semester following graduation from the undergraduate program.

International Admissions

The University of North Alabama welcomes motivated and qualified international students to pursue graduate studies offered at the four colleges of UNA: College of Arts and Sciences, College of Business, College of Education, and College of Nursing and Allied Health. For program specific admission requirements, see information listed under College/Department in this Graduate Catalog. International students, defined as individuals who are not U.S. citizens, permanent residents or refugees, may apply for admission under the following categories:

1. GRADUATE: International students with a BA or BS degree who have met the English proficiency requirement may apply for regular admission. Application deadline: 30 days prior to first day of semester. Graduate students admitted to the College of Nursing and Allied Health must have a bachelor's degree in nursing from an accredited program in the United States and an unencumbered license to practice professional nursing in the States in addition to all other admissions criteria.

Admission Requirements:

- Official Application
- \$50 Application Fee
- Official Degree Sheet in English
- Complete Official Transcript in English
- Official TOEFL/IELTS score or UNA ESL certificate (TOEFL PBT 550 or IBT 79 or CBT 213, IELTS 6.0)
- Official GMAT/GRE or Master's Degree from accredited university (GMAT 400-450 MBA, GRE 800, MBA, MAT 388 or combined Verbal/Quantitative 800, Arts and Sciences)
- TRANSFER GRADUATE: International students with earned graduate course credits from another college or university in U.S. or abroad may apply to UNA as a transfer graduate student. A maximum of six (6) hours of graduate credit can be transferred into graduate programs at UNA. Application deadline: 45 days prior to first day of semester.

Admission Requirements:

- Official Application
- \$50 Application Fee

- Official Degree Sheet in English
- Complete Official Transcript in English
 (If a transcript does not list the credit hours and grade for each course taken, a course-by-course evaluation of the transcipt is required by an approved international credentials evaluator such as WES, ECE, etc.)
- Official TOEFL/IELTS score or UNA ESL certificate (TOEFL PBT 550 or IBT 79 or CBT 213, IELTS 6.0)
- Official GMAT/GRE or Master's Degree from accredited university (GMAT 400-450 MBA, GRE 800, MBA, MAT 388 or combined Verbal/Quantitative 800, Arts and Sciences)
- 3. **CONDITIONAL GRADUATE:** International students who do not meet the English language proficiency requirement at the time of submitting the application can be admitted as conditional graduate students. They are permitted to apply for graduate status upon successful completion of all Level 5 ESL courses at UNA. *Application deadline:* 30 days prior to first day of semester.

Admission Requirements:

- Official Application
- \$50 Application Fee
- Official Degree Sheet in English
- Complete Official Transcript in English
- 4. **ON-LINE GRADUATE:** International students who meet all program admission requirements may enroll in on-line degree or certificate programs offered by UNA. Additional admission criteria are required for the online nursing programs.

Admission Requirements:

- Official Application
- \$50 Application Fee
- Official Degree Sheet in English
- Complete Official Transcript in English
- 5. **GRADUATE ACADEMY FOR BUSINESS ADMINISTRATION (GABA):** International students with a BA or BS degree who have met the English proficiency rquirement as measured by TOEFL or IELTS, but who have not met the required Graduate English Proficiency as measured by GRE or GMAT, may apply to be admitted to the GABA program at UNA. The GABA program is designed to enable students to:
 - Take the prerequisite courses for UNA's MBA program. All classes completed successfully will apply toward any prerequisite classes needed for the MBA program.
 - Receive a Certificate of Completion for Business Administration upon successful completion of this program.
 - Apply for the MBA program after meeting ALL admission requirements before or at the completion of the GABA program.
 - Improve and obtain the required MBA English Proficiency scores by taking the GRE or GMAT test.

Admission Requirements:

- Official Application
- \$50 Application Fee
- Official Degree Sheet in English
- Complete Official Transcript in English
- Official TOEFL/IELTS score or UNA ESL certificate (TOEFL PBT 500 or IBT 61 or CBT 173, IELTS 5.5)

Application Requirements

In compliance with accreditation standards, all admission documents such as high school, college diploma, and university degree sheet must be official. UNA does not require the original diploma or degree sheet, but a copy of the original documents must be notarized or attested. The notary or attester must be provided by the shoool or university attended, by a government official, or by a government-approved notary firm. Copies of non-notarized documents, scanned, or faxed documents will not be accepted.

In addition to the admission requirements listed above under each category, international students must meet all established University admission requirements and submit the following:

- **Proof of Financial Support:** All international students must furnish official evidence (e.g., bank statements) of sufficient funds (US\$18,000 or equivalent currency) to cover educational and living expenses. If a student is sponsored by someone other than his/her parents, the following two letters are required: an official bank letter from the sponsor's bank showing sufficient funds that meet the sponsorship requirement and a letter from the student's sponsor stating that s/he is willing to sponsor the student. Private sponsored applicants should have their sponsor(s) (if the sponsor is in the U.S.) execute and send an Affidavit of Support (USCIS Form I-134) which is legally binding. Government sponsored applicants should submit a government scholarship letter.
- **Insurance:** To be in compliance with U.S. Federal Regulations regarding international students, all UNA international students must have UNA approved health insurance coverage while enrolled at UNA.
- Evaluation of International Transcripts: International students who have attended a college or a university outside the United States must have their transcripts evaluated by a university-approved international credentials evaluator such as World Education Services (WES), Eduational Credential Evaluators (ECE), etc.
 - All Colleges at UNA, except the College of Business, require a WES or ECE evaluation of the student's transcript before the student can be admitted to graduate programs. Students applying for the MBA program do not have to provide a WES evaluation if they have a bachelor's degree from a recognized university.
- **Application Fee:** It is the policy of UNA that a non-refundable \$50 international application fee must be paid before an application is processed. Students completing ESL and going into undergraduate or

graduate degree programs are not required to pay the \$50 application fee again. Students moving from undergraduate to graduate are required to pay the \$50 application fee again. GABA students are required to pay the \$50 again when changing to Graduate Program.

• Tests: UNA's Education Testing Service Code is 1735

For graduate admission, one of the following score reports is required:

Paper-based TOEFL: 550
Computer-Based TOEFL: 213
Internet-Based TOEFL: 79

IELTS: 6

In addition to the above English language proficiency requirement, graduate applicants must also provide one of the following test score reports:

GRE 800

• GMAT: 400-450

MAT: 388 or combined Verbal/Quantitative 800 (Arts and Sciences)

Academic Dismissal:

For students who have been dismissed from a graduate program for academic or other reasons, reinstatement in the program requires the approval of the respective College Readmissions Committee on the basis of extenuating circumstances. A written appeal must be directed through the Dean of the College for which student wishes reinstatement. If approved, reinstatement may be based on special conditions and is subject to the regulations and standards in effect at the time or re-enrollment. Following reinstatement, a new application for admission must be filed in the Office of Admission along with a current bank letter.

Unclassified Students

Eligible applicants who wish to enroll for advanced credits only — as distinct from pursuing a degree — may be admitted unconditionally or conditionally as unclassified students for such coursework as prior preparation permits. Admission and enrollment requires the approval of the dean of the college in which the course or courses are offered. No assurance is given that credit earned while in unclassified status may subsequently be applied to a degree or certification program or be transferable to another institution. A change from unclassified to regular status or a change in certification objectives requires a new application and is subject to current regulations and standards. Unclassified students are subject to all academic requirements and regulations applicable to degree seeking students.

APPEAL OF ADMISSION DENIAL

Applicants who have been denied admission to a UNA graduate program may appeal this decision by submitting a written letter of appeal to the dean of college to which they applied. This letter of appeal should

state the reasons for reconsideration of the decision. The dean will review the appeal, make a judgment regarding the request, and inform the applicant and the academic department. Should applicants wish to appeal the decision of the dean, they may request a hearing with the Faculty Appeals Committee of the college. Applicants seeking a hearing should contact the Office of Academic Affairs for additional information. Upon hearing the case, the Faculty Appeals Committee will, within 10 calendar days, uphold the decision or refer it back to the college dean for further review. In either case, the college dean is responsible for notifying the student of the final disposition of the case. Appeals must be submitted within 60 calendar days of notification of denial of admission.

DEGREE AND PROGRAM GENERAL REQUIREMENTS

Admission to Candidacy

Admission to graduate studies does not make a student a candidate for a degree. A student must apply for admission to candidacy for the master's degree immediately after earning 12 semester hours of graduate credit at the University of North Alabama in the appropriate program with an average grade of **B** or better. A formal application for admission to candidacy, together with an approved program of studies, must be submitted to the dean of the college prior to registration for the second half of the program. A student with marked deficiencies, including the use of English, may be denied admission to candidacy by action of the Graduate Council. Graduate students should apply for graduation two semesters prior to their expected date of graduation. Admission to candidacy requirement does not apply to graduate programs in the College of Business or the College of Nursing and Allied Health.

Program

Satisfaction of the minimum credit hour, course, and other requirements prescribed for the program selected.

Residence

Satisfaction of graduate degree requirements includes a minimum of 27 semester hours from the University of North Alabama and such additional residence requirements as may be specified under the particular program.

Full-time Student Status

Full-time student status is attained with a minimum of nine semester hours in a fall or spring semester or six semester hours in a summer session.

Quality of Work

Satisfaction of master's degree and program requirements includes an overall grade average of **B** or better (3.00) on all valid work attempted at

the University of North Alabama, with not more than six semester hours of C work or below. If two C's are earned, the student must have at least two A's in his/her program to achieve an overall 3.00 or better. The grade point average requirement for certification in administration is 3.25.

Course Levels

In master's degree programs other than instructional support programs at least one-half of the credit required must be earned in courses numbered 600 or above; in the instructional support programs at least 27 hours of required work must be earned in courses numbered 600 or above (or 30 hours for College of Business graduate programs).

Application for Graduation

Candidates for a degree must file a formal application for graduation with the Office of the Registrar on the form prescribed. **Graduate students should apply for graduation two semesters prior to their date of graduation.** If it becomes necessary to revise the expected date of graduation, the student should file a Change of Graduation application form in the Office of the Registrar no later than the last day to drop a class prior to the intended date of graduation. **No preliminary degree audit will be issued until a program of study and an admission to candidacy form are in the student's academic file in the Office of the Registrar.** There is no candidacy requirement for nursing students.

Thesis Option

The master's degree program in English provides for an option of a minimum 36 semester hours of coursework or 30 semester hours of coursework plus a thesis earning six hours' credit. Students electing the thesis option must obtain advance approval from the Dean of the College of Arts and Sciences and must register for the thesis and pay the appropriate fee.

The master's degree program in history requires a minimum of 33 semester hours of credit and offers thesis and non-thesis options. Students choosing the thesis option must complete HI 695, Thesis (6 hours) in addition to the core courses of study and 12 additional semester hours of 500-600 level history electives. Students choosing the non-thesis option must complete six hours of seminar coursework (any combination of HI 640, Seminar in U.S. History and HI 641, Seminar in European History) in addition to the core courses of study and 12 additional semester hours of 500-600 level history electives. Furthermore, students choosing the non-thesis option must enroll in and satisfactorily complete HI 698, Comprehensive Examination.

Time Limits

Courses may not be applied to degree plans more than eight years after completion, exclusive of time spent in active service in the Armed Forces of the United States. Credit accepted by transfer must comply with these limits.

Commencement

Degrees are conferred at the end of each regular semester. Successful candidates for degrees are expected to attend commencement exercises and wear proper academic regalia. Candidates whose circumstances preclude attendance may be graduated **in absentia** and have their diplomas forwarded to them, provided written notification is made to the Office of the Registrar not later than two weeks prior to the commencement date. There is no commencement program at the end of the summer term. Students who complete degree requirements at the end of the summer term may elect to have their diploma mailed to them on the Monday following the close of the summer term or participate in the following December commencement and receive their diploma at that time.

SPECIAL REGULATIONS

Transfer, Transient, Correspondence, and Independent Study Credit

A maximum of six semester hours of graduate credit with a grade of **B** or better on each course may be accepted by transfer from other accredited institutions, provided the credit has been earned as a duly enrolled graduate student, is designated by the parent institution as graduate credit, and is appropriate to the program for which admission is sought. Credit accepted by transfer is for equivalent semester hours only and does not affect the grade levels required on work attempted at this University or reduce the amount of residence credit required. Credit accepted by transfer must be earned within the time limits prescribed for degree completion at this institution. Graduate courses where pass/fail or satisfactory/ unsatisfactory is the recorded grade may not be transferred.

Students enrolled in a graduate program at the University of North Alabama may not enroll as transient students at another institution without the **prior approval** of the dean of the college on forms prescribed for that purpose. Only students who have been unconditionally admitted to a graduate program at the University of North Alabama and who are in good standing may be approved as transients to another institution. Credit earned as a transient student at another institution will be evaluated by the same standards as transfer credit. A minimum grade of **B** is required. Grades earned will be shown on the student's permanent academic record but will not affect the UNA grade point average. A maximum total of six semester hours of transfer and/or transient credit may be accepted for credit toward a degree. Enrollment in another institution without prior approval constitutes withdrawal from the program and requires reapplication for admission as a transfer student.

No credit earned through correspondence is accepted for graduate credit.

A maximum of two courses (six semester hours) of independent study may be applied to a degree.

Hour Loads

Nine hours is considered full time in a semester and six hours is considered full time in a summer session. The maximum class load for graduate students is 12 semester hours in a semester and six semester hours in each summer session or a total of 12 hours distributed over the entire eight-week summer term. In any schedule combining graduate and undergraduate work, the hour load may not exceed that prescribed for a full-time graduate student.

Graduate Courses

Courses numbered 600 and above are open only to qualified graduate students. Courses numbered 500 have been approved for credit in master's degree programs subject to advisory approval, but not more than one-half of the credit required for the master's degree may be earned in such courses. (MBA students must take at least 30 graduate hours at the 600-level). Graduate students approved for enrollment in 500-level courses will be expected to satisfy special requirements, including readings, papers, projects, in addition to the requirements for undergraduate students in the same course. Admission to all courses requires satisfaction of stated prerequisites unless waived by the chair of the department or the dean of the college. Students will not be permitted to receive credit for a 500-level course if they have received credit for the comparable senior-level undergraduate course.

Course numbers 651 and 652 are reserved for special courses offered from time to time in response to special circumstances. When offered they are identified by department, content, and credit.

The class schedules published prior to each term should be consulted for the most current course information. Projections of graduate course offerings for several terms in advance are maintained by the chair of the department in which the courses are offered. The University reserves the right to cancel any class for which enrollment is insufficient.

Grades and Retention

Grades on graduate courses at the University of North Alabama are reported as **A**, **B**, **C**, **D**, **F**, **I**, and **IP**. Graduate students must maintain a grade average of **B** or better on work attempted. A student who makes a grade of **C** or below on more than six semester hours of work is automatically eliminated from the program. For a student whose progress in a course has been satisfactory, but who is unable to receive a final grade because of circumstances beyond control, such as illness or similar contingency, a grade of **I** (Incomplete) may be reported. An **I** grade which is not removed within the term (fall, spring, summer) immediately following will automatically be changed to a grade of **F**. It is the student's responsibility to follow up with the appropriate instructor to complete the required work. No quality or quantity credits are earned with a grade of **I**. **IP** indicates work in progress. **IP** is used to designate coursework which cannot be completed within a given semester, i.e. Dauphin Island, Study

Abroad credit, etc. In progress work must be completed in the following semester or term (fall, spring, summer). An **IP** which is not removed within the period prescribed automatically becomes an **F** unless an extension of time has been granted by the appropriate college dean. Scholastic ratios are determined on the 4.0 scale with each semester hour of credit attempted producing four quality points on a grade of **A**, three quality points on a grade of **B**, two quality points on a grade of **C**, one quality point on a grade of **D**, and no quality points on grades other than these.

Reinstatement

For a student who has been eliminated from the graduate program for scholastic or other reasons, reinstatement in the program requires approval of the respective College Readmissions Committee on the basis of extenuating circumstances. Reinstatement may be considered by the respective College Readmissions Committee only upon written appeal directed through the dean of the college. Reinstatement, if approved, may be based on special conditions and is subject to the regulations and standards in effect at the time of reenrollment. Following reinstatement, a new application for admission must be filed in the Office of Admission. A student dismissed from one graduate program who desires admission to another graduate program must meet the admission standards of that program and be admitted to that program.

Audit

A graduate student may enroll in a graduate course for audit on the approval of the dean of the college. Fees for audited courses are the same as for courses taken for credit. Courses taken for audit are considered at full equivalency in determining maximum schedule load; however, they do **not** count toward the minimum class load required for eligibility for financial aid, athletics, and/or veterans' benefits. A course may be audited and then repeated for credit. Unless extreme extenuating circumstances exist, a course cannot be changed from credit to audit after the close of registration.

Attendance

Graduate work is based on levels of maturity and seriousness of purpose which assume regular and punctual class attendance. In order to protect academic status, circumstances necessitating extended absences should be the basis for conferral with the appropriate college dean. Each student is directly responsible to the individual professor for absences and for making up work missed. Particular policies and procedures on absences and makeup work are established in writing for each class, are announced by the professor at the beginning of the term, and for excessive absences, may provide for appropriate penalties including reduction in grades or professor-initiated withdrawal from class. Official written excuses for absences are issued only for absences incurred in connection with university-sponsored activities. For all other types of group or individual absences, including illness, authorization or excuse is the province of individual professor.

Schedule of Courses

Students wishing to add a course after the close of registration must secure approval from the appropriate instructor, department chair, and dean.

Withdrawal from a Course. A student may withdraw from a course with a grade of **W** up to and including the Friday that falls one week after the designated midterm date by bringing a completed withdrawal slip (signed by the instructor) to the Registrar's Office. After the deadline and up to the Wednesday that falls two weeks prior to the last day of class, a student may withdraw from a course with a grade of **WP** (withdraw passing) or **WF** (withdraw failing) assigned by the instructor. During the final two weeks of class, withdrawal is not permitted except in extraordinary circumstances. Permission of both the instructor and department chair is required, and the grade of **WP** or **WF** will be assigned by the instructor. (See notes and exceptions below.)

Withdrawal during Summer Sessions. During any summer session, a student may withdraw from individual courses with a grade of W through the Friday preceding the last class day. After that deadline, withdrawal requires permission of the instructor and department chair attached to any course from which withdrawal is contemplated, and a grade of WP or WF will be assigned by the instructor(s). (See notes and exceptions below.)

Withdrawal from the University. Students who wish to withdraw from the University up to and including the Friday that falls one week after the designated midterm date must first notify the Office of the Registrar and follow official procedures. The grade of W will be recorded for each registered course.

Withdrawal from the University after the Friday that falls one week after the designated midterm date requires consultation with the Office of the Dean of Enrollment Services. In cases where withdrawal from the University is unavoidable, such as a medical emergency, the grade of **W** will be uniformly recorded. In cases where withdrawal from the University is optional, the student will receive grades of **WP** (withdraw passing) or **WF** (withdraw failing) assigned by the instructor(s).

Note: Failure to comply with these requirements seriously prejudices the student's academic standing as well as future readmission. (See note and exceptions below).

Notes and Exceptions:

 In determining the scholastic standing of a student who has officially withdrawn from the University or from one or more courses, grades of W, WP, or WF are not charged as work attempted and are not awarded quality point credit. Incomplete work must be made up in the following semester or term. An I which is not removed within the period prescribed automatically becomes an F.

- 2. Students should be aware that withdrawing from one or more courses may have substantial adverse effects on, including but no limited to financial aid, scholarship award, health insurance, and athletic eligibility.
- 3. The policy does not apply to clinical courses taken in the College of Nursing. Students who are failing clinical in the College of Nursing at the time they withdraw from the class will receive an **F** for that class.
- 4. The policy does not apply to students who have committed academic dishonesty in the course in question. A student will not be allowed to withdraw from a course in which he or she has committed academic dishonesty, he or she will not be allowed to withdraw from the course while the case is pending.
- A student may not withdraw from a class if he or she has exceeded the allowed number of absences for a particular course without consent from the instructor. A faculty member's attendance policy supersedes the Withdrawal from a Course policy.
- 6. Students who are called to active military service during an academic term may choose one of the following options:
 - a) The student may request retroactive withdrawal to the beginning of the semester with a full refund of tuition and fees.
 - b) If at least 75% of the term has been completed, the student may request that the faculty member assign a grade for the course based on the work completed, but the final grading decision is left to the faculty member.
 - c) A student may be assigned a grade of I and will be subject to university policies regarding the disposition of the incomplete.
- 7. Students with a grade of **WF** will be ineligible for recognition on the Dean's List for the semester in which the **WF** was assigned.

REGISTRATION AND ADVISEMENT

Graduate students may register in advance of the regular registration period, according to announced preregistration dates. Payment of the appropriate charges must be made by the deadline specified on the invoice received at the time of preregistration; otherwise, the preregistration is voided and the student must register and pay all charges in the regular registration period.

Upon admission to graduate studies each student is assigned to an adviser, according to the advisement system of the particular college in which the program is offered. Advisers assist the student in planning the program, approve the program, and provide continuing supervision and guidance during the course of study.

GRADUATE STUDENT PROCEDURES

As a useful guide to the graduate student, the procedures and time schedules outlined below are extracted from the procedures and regulations described elsewhere in this catalog. It is the student's responsibility to study the catalog carefully and to follow prescribed procedures according to the established time periods.

1. Prior to the opening of the term for which initial enrollment is planned:

- a. Secure, complete, and return applications for admission along with the application fee to the Office of Admission. Registration must be in accordance with the level of study. MSN students see Admission Procedures in the College of Nursing and Allied Health section.
- b. Have official transcripts from each college or university previously attended mailed directly to the Office of Admission by the issuing institution. Students whose credits were earned entirely at the University of North Alabama do not need to furnish transcripts. Applicants for admission as transient students do not send transcripts, but must have the graduate dean or other appropriate official of the parent institution send a letter of good standing and approval to the Office of Admission. All transcripts or transient letters must be received by the University of North Alabama two weeks prior to the term for which enrollment is planned and in no case later than the opening date for registration for that term. MSN students see Admission Procedures in the College of Nursing and Allied Health section.
- c. Submit a copy of each teacher's certificate currently held and, if applicable, submit verification of successful full-time primary/ secondary teaching experience from employing Alabama superintendent's office (SDE Form III).
- d. Submit scores on the entrance examination required for the program. Applicants seeking admission to programs in the College of Education should see admission procedures in the College of Education section. MBA students see **Table 2** (Admission Status Requirements) in the College of Business section; MSN students see Admission Procedures in the College of Nursing and Allied Health section.

2. After acceptance for admission and at registration:

Confer each term with the assigned educational adviser and prepare the schedule of classes and the approved program forms. Students should preregister for the next term according to announced dates, although advisement and schedule preparation may be accomplished during the regular registration periods.

3. After completion of 12 semester hours and prior to registration for the second half of the program:

Secure from the adviser and complete and return an application for admission to candidacy for the degree. Consideration for admission to candidacy is based on satisfactory scholastic achievement to date; demonstrated proficiency in English; removal of all prior conditions, including prerequisites and test scores; submission of a program plan approved by the major field adviser, and, where appropriate, the teaching field adviser.

4. Application for graduation:

Complete and file an application for graduation at the Registrar's Office, and pay the graduation fee at the Business Office. Graduate students should apply for graduation two semesters prior to their date of graduation. No preliminary degree audit will be issued until a program of study and an admission to candidacy form are in the student's academic file in the Office of the Registrar.

5. **During the last term:**

- a. Arrange with the University Bookstore for proper academic regalia for graduation: cap, gown, hood.
- b. Follow issued instructions on commencement procedures and rehearsal. If planning for graduation **in absentia** file with the Office of the Registrar the proper request at least two weeks in advance of the commencement date.
- c. Students in programs leading to initial professional certification, added endorsements, or renewals should contact the Certification Office in the College of Education for application procedures and appropriate forms.

RETENTION AND DISPOSAL OF ADMISSION FILES

Admission records, including the original application for admission, transcripts, and the supporting credentials, are forwarded to the Registrar's Office when students enroll at the University. All other files are retained in the Office of Admission as inactive records for a period of two years from the beginning of the semester or term for which application was made.

The inactive records include those for applicants (1) who were admitted but did not enroll; (2) who were rejected; (3) who cancelled their applications; and (4) whose files were incomplete. All records will be destroyed after remaining in the inactive files for two years.

COLLEGE OF ARTS AND SCIENCES

The College of Arts and Sciences offers the Master of Arts degree in English through the Department of English, the Master of Arts degree in History through the Department of History and Political Science, and the Master of Science in Criminal Justice degree through the Department of Criminal Justice.

MASTER OF ARTS IN ENGLISH ADMISSION

In addition to the general requirements for admission to graduate studies (See General Regulations and Procedures), admission to the Master of Arts in English degree program also requires

Unconditional Admission

- Preparation: Applicants must hold a bachelor's degree from an accredited institution and have at least 24 semester hours in English above the 200 level. A Graduate Admission Committee will review each application; consequently, all applications and supporting documents must be submitted to the Office of Admission of the University in accordance with submission deadlines established by that office.
- 2. Scholastic Achievement: A minimum of 2.75 GPA on a 4.0 scale in all previous undergraduate and graduate coursework.
- 3. Test Scores: Submission of satisfactory scores on either the GRADU-ATE RECORD EXAM (General Test) or the MILLER ANALOGIES TEST. Students who seek admission to the program must receive a minimum score of 35 on the Miller Analogies Test taken prior to October 2004 or a minimum 388 on the MAT after September 2004 or a minimum score of 800 on the combined Verbal and Quantitative portions of the GRE.
- 4. Three letters of recommendation to be sent to the Director of Graduate Studies in English, Department of English, University of North Alabama.

Conditional Admission

Applicants who satisfy all requirements for unconditional admission except for the minimum scholastic (grade) requirement but who have an overall grade point average of 2.0 or better (4.0 scale) may be admitted on conditional status subject to attainment of grades which include no more than three semester hours of C and no grades lower than C on the first three graduate courses (nine semester hours) for which enrolled.

ADVISEMENT

Prior to the completion of 12 semester hours credit in the program, students shall be assigned an academic advisor by the Director of Graduate Studies.

DEGREE AND PROGRAM PLANS

Master of Arts in English Degree a minimum of 36 semester hours of credit, to include the following core and options:

Н	lours
Core Courses of Study	. 6
EN 601, Introduction to Graduate Studies: Bibliography and Research	(3)
EN 655, Literary Criticism (3)	
Elective Courses of Study	30

THESIS OPTION: students choosing the Thesis Option must complete EN 690 Thesis (6) in addition to the core and 24 additional semester hours from among courses of instruction listed below.

NON-THESIS OPTION: students choosing the Non-Thesis Option must complete 30 hours from among courses of instruction listed below in addition to the core, excluding EN 690. Students choosing this option must enroll in EN 696, Comprehensive Examination, at the appropriate time and must successfully complete a comprehensive examination.

At least 50 percent of the coursework required to complete the selected option must be earned at the 600 level.

COURSES OF INSTRUCTION

EN 501. **Chaucer.** 3 semester hours.

The major and minor works of Chaucer, including *The Canterbury Tales and Troilus and Creseyde.* (Fall, Summer, odd-numbered years)

EN 502. **Milton.** 3 semester hours.

Although some prose works are studied, the emphasis is on John Milton as a poet, with special attention to *Paradise Lost*. (Fall, odd-numbered years)

EN 505. **African-American Literature.** 3 semester hours.

An investigation of the development of African-American literature from the earliest works to the present. Critical examination of selected writers of poetry, drama, fiction, and non-fiction. (Fall, odd-numbered years)

EN 541. **History of the English Language.** 3 semester hours.

Development of the English Language and of modern English usage. (Fall; Summer, odd-numbered years)

EN 542. **Survey of Grammar.** 3 semester hours.

A survey of approaches to English grammar based on approaches now used in most school texts. Prerequisite: EN 441 or written permission of department chair. (Spring, odd-numbered years; Summer, even-numbered years)

EN 543. **Instruction of Composition.** 3 semester hours.

Approaches to and practice in the instruction of English composition. (Fall, odd-numbered years; Spring)

EN 550. **Studies in American Folklore**. 3 semester hours.

Sources, backgrounds, and morphology of American folklore. Emphasis is given to research methods and to fieldwork. (Spring, even-numbered years.)

EN 551. **The American Novel.** 3 semester hours.

From the beginning of the American novel to the twentieth century. (Spring, even-numbered years.)

EN 552. **The American Novel.** 3 semester hours.

Intensive study of the works of selected American authors. (Offered on sufficient demand.)

EN 553. **The English Novel.** 3 semester hours.

Representative works in the development of the English novel. (Spring, even-numbered years.)

EN 554. **The English Novel.** 3 semester hours.

Intensive study of selected English authors. (Offered on sufficient demand)

EN 556. **Advanced Creative Writing.** 3 semester hours.

A practical approach to literary techniques and writing for publication, with special emphasis on structure, theme, and characterization. Class discussion will be supplemented by conferences with the instructor. Prerequisite: EN 455. (Spring, even-numbered years)

EN 560. **Literature of the American Frontier.** 3 semester hours.

An examination of the literature of the American frontier, beginning with authors such as James Fenimore Cooper and moving forward to modern writers such as Cormack McCarthy. Emphasis is on the changing perspective of the frontier as it progressed from the East coast to the West.

EN 565. **Contemporary Poetry.** 3 semester hours.

Extensive reading in the works of the contemporary British and American poets, with emphasis on their relation to the literary traditions of the past and their innovations and experiments in matter and form. (Spring, even-numbered years)

EN 572. **Rhetoric: Argument and Style**. 3 semester hours.

Examination of the ideas in writing and speech from classical Greek origins to modern times, with a focus on composition and on analysis of essays and speeches. Also listed as COM 572W but creditable only in the field for which registered. (Spring, odd-numbered years.)

EN 594. **Special Topics in Film Studies.** 3 semester hours.

A study of a selected period or subject in film. Topics might include censorship in cinema; women in film; avant-garde cinema; national cinema; film movements; spirituality in film; race and cinema; film rhetoric, or adaptation. (Spring, odd-numbered years or on sufficient demand)

EN 595. **Selected Topics in Writing.** 3 semester hours.

Concentrated study in specific areas of written composition. (Offered on sufficient demand)

EN 596. **Selected Topics in English Literature.** 3 semester hours.

Concentrated study in specific narrow areas of English literature. (Spring, odd-numbered years, if sufficient demand)

EN 597. **Selected Topics in American Literature.** 3 semester hours.

Concentrated study in narrow areas of American literature. (Fall, even-numbered years, if sufficient demand)

EN 598. **Selected Topics in Literature.** 3 semester hours.

Concentrated study in specific narrow areas of world literature. (Spring, even-numbered years, if sufficient demand)

EN 601. Introduction to Graduate Studies: Bibliography and Research. 3 semester hours.

Emphasis on contemporary methods and aims of literary research; special readings designed to familiarize students with a wide range of available source materials and research techniques. Required of students seeking a master's degree in English. Open only to those students in the Master of Arts in English program. (Fall)

EN 611. **Studies in American Literature to 1855.** 3 semester hours.

Selected major authors in American literature, including Emerson, Thoreau, Whitman, Poe, Hawthorne, and Melville. (Spring, even-numbered years; Summer, odd-numbered years)

EN 612. Studies in American Literature 1855 to 1910.

3 semester hours.

Selected major authors in American literature between 1855 and the advent of World War I, including such writers as Twain, Crane, Norris, Wharton, and Du Bois. (Fall, odd-numbered years)

EN 613. Studies in American Literature 1910 to 1950.

3 semester hours.

Selected major authors in American literature from World War I to the beginning of the Post-World-War II era, including such writers as Faulkner, Hemingway, Eliot, and Wright. (Fall, even-numbered years)

EN 614. Studies in American Literature 1950 to Present.

3 semester hours.

Selected major authors in American literature from 1950 through the contemporary period.

EN 620. **English Literature Before 1500.** 3 semester hours.

The political, social, and intellectual aspects of the Medieval period as reflected in the major literary works. (Fall, even-numbered years)

EN 621. English Literature: Renaissance to Restoration.

3 semester hours.

The political, social and intellectual aspects of sixteenthand seventeenth-century England as reflected in the major literary works. (Fall, odd-numbered years)

EN 622. Early Modern Drama Excluding Shakespeare.

3 semester hours.

Selected major authors in Early Modern drama, excluding Shakespeare, from 1540 to 1800. (Spring, even-numbered years)

EN 623. **Shakespeare.** 3 semester hours.

Intensive study of selected poetry and plays of William Shakespeare approached from a variety of perspectives, including but not limited to historical, theoretical, critical, or generic. (Spring, odd-numbered years; Summer, even-numbered years)

EN 630. **Jane Austin and the Romantic Novel.** 3 semester hours.

A study of the novels of Jane Austen and her contemporaries. (Fall, even-numbered years)

EN 631. **English Literature: Restoration and Eighteenth Century**. 3 semester hours.

The political, social, and intellectual aspects of England from the Restoration to the publication of *Lyrical Ballads*, as reflected in major literary works. (Spring, even-numbered years; Summer, odd-numbered years)

EN 632. **Romantic Poetry and Prose.** 3 semester hours.

An overview of Romanticism in English with readings from the expanding Romantic canon and an introduction to recent scholarship and disputes. (Fall, even-numbered years).

EN 633. Modern and Contemporary English Literature.

3 semester hours.

Intensive study of major English writers since World War I. (Fall, even-numbered years)

EN 641. **English Linguistics.** 3 semester hours.

Analysis of contemporary American English: syntax, phonology, morphology. Traditional, structural, and transformational approaches. (Offered on sufficient demand)

EN 642. **Cross-Linguistic Pragmatics.** 3 semester hours.

A study in the analysis of the similarities and differences in linguistic forms and patterns across diverse global cultures.

EN 653. **Studies in the Novel.** 3 semester hours.

The novel as a literary genre approached from a variety of perspectives, including but not limited to generic, historical, theoretical, and single-author approaches. Course content varies. (Spring, even-numbered years)

EN 655. **Literary Criticism.** 3 semester hours.

Major critical trends in literary theory, with emphasis on criticism since 1945, including structuralist, cultural materialist, deconstructive, and feminist approaches to literature. Exploration of these theories and analysis of selected works of literature. Required of students seeking a master's degree in English. (Spring)

EN 690. **Thesis.** 6 semester hours.

Selection of a research problem, review of pertinent literature, collection and analysis of data, and composition of a defensible thesis. May be taken twice for three semester hours or once for six semester hours credit. Prerequisite: permission of the Director of Graduate Studies. (Fall, Spring, Summer)

EN 696. **Comprehensive Examination.** 0 semester hours.

Orientation to and administration of a written comprehensive examination for the M.A. in English program. A noncredit course required of all candidates for the non-thesis option. The course is taken the term in which the student expects to complete all other program requirements, or the term immediately thereafter. A grade of "S" indicating satisfactory performance or a grade of "U" for unsatisfactory will be recorded on the transcript. A grade of "S" is required for graduation; the course may be repeated once. Prerequisite: student must have completed all other program requirements or be enrolled in the last course(s) for program completion. (Fall, Spring, Summer)

EN 697. **Independent Study.** 3 semester hours.

Independent study or research under departmental determination, supervision, and evaluation. A student may take no more than two independent study courses. Prerequisite: permission of the chair of the department. (Fall, Spring, Summer)

EN 698. **Selected Topics in Literature.** 3 semester hours.

Study in a specific author, genre, or time period. Focus may be English literature, American literature, literature of the western world, or other areas of world literature. (Offered on sufficient demand)

EN 699. **Directed Readings and Research.** 3 semester hours.

Individually supervised reading and research in a literary period. Prerequisite: permission of the Director of Graduate Studies. (Fall, Spring)

MASTER OF ARTS IN HISTORY ADMISSION

In addition to the general requirements for Admission to Graduate Studies (*See General Regulations and Procedures*), admission to the Master of Arts in History degree program requires the following:

Unconditional Admission

- 1. Preparation: Applicants must hold a bachelor's degree from an accredited institution and have at least 24 hours in history, including up to twelve hours below the 300 level. At least three of the 24 hours must be in a historiography course equivalent to HI 301. A Graduate Admission Committee will review each application; consequently, all applications and supporting documents must be submitted to the Office of Admission of the University in accordance with submission deadlines established by that office.
- 2. Scholastic Achievement: A minimum of 2.75 GPA on a 4.0 scale in all previous undergraduate and graduate coursework.
- 3. Test Scores: Submission of satisfactory scores on the GRADUATE RECORD EXAM (GRE), which shall consist of the attainment of at least two of the three following scores: Verbal, 400; Quantitative, 400; Analytical Writing, 3.5.
- 4. Three letters of recommendation to be sent to the Director of Graduate Studies Program, Department of History and Political Science, University of North Alabama.

ADVISEMENT

Prior to completion of their first semester credit in the program, students shall be assigned an academic advisor.

DEGREE AND PROGRAM PLANS

Master of Arts Degree in History requires a minimum of 33 semester hours of credit and includes the following core and options:

	Hours
Core Courses of Study	15
HI 605, Historiography and Methodology	
HI 611, Studies in U.S. History (1607-1865)	
HI 612, Studies in U.S. History (1865-Present)	
HI 621, Studies in European History to 1815	
HI 622, Studies in European History Since 1815	
Elective Courses of Study	18

THESIS OPTION: student choosing the Thesis (Option must complete HI 695, Thesis (6) in addition to the core and 12 additional semester hours of 500-600 level history electives.

NON-THESIS OPTION: students choosing the Non-Thesis Option must complete six hours of seminar coursework (any combination of HI 640, Seminar in U.S. History and HI 641, Seminar in European History) in addition to the core and 12 additional semester hours of 500-600 level history electives.

Comprehensive Examination: Students choosing the non-thesis option must enroll in and satisfactorily complete HI 698, Comprehensive Exam.

COURSES OF INSTRUCTION

HI 510. **Integration of Geography and History.** 3 semester hours.

The integration of the spatial concepts of geography with the chronological concepts of history. Also listed as GE 510 but creditable only in the field for which registered.

HI 518. **Medieval Europe 1,476-1099.** 3 semester hours.

A survey of Medieval History from the collapse of Rome to the 1st Crusade. Emphasis on social, cultural and religious movements, including such topics as the barbarian "invasions," Huns, King Arthur, the rise of the papacy, monasticism, St. Augustine, Islam, Vikings, Charlemagne, the Norman Conquest and the early Crusades.

HI 519. **Medieval Europe II, 1100-1500.** 3 semester hours.

A survey of Medieval History from the 1st Crusade to the end of the Middle Ages. Emphasis on social, cultural and religious movements, including such topics as the Knights, Courtly Love, Becket, the first Universities, Castles, Cathedrals, Church and State, Heresies, Inquisition, Black Death, Peasant Revolts, Hundred Years' War, and Joan of Arc.

HI 521. **Renaissance and Reformation.** 3 semester hours.

A balanced survey of Early Modern Europe, 1450-1648, with emphasis on the Italian and Northern Renaissances, the Protestant and Catholic Reformations, overseas expansion, rise of royal absolutism, and the Scientific Revolution.

HI 522. **European Imperialism Since 1500.** 3 semester hours.

A study of the expansion of European dominance in the world after 1500 and the impact of the West on non-western civilizations.

HI 523. **Early Modern European, 1648-1789.** 3 semester hours.

The triumph and collapse of absolute monarchy, the evolution of the modern state system, the emergence of modern scientific thought and the Enlightenment, and the onset of an Age of Revolution in America, France, and much of the western world. (Fall, even-numbered years)

HI 524. **European Popular Culture, 1500-1800.** 3 semester hours.

This course explores the lives of common people of the early-modern period (1500-1800) and how they made sense of the world. It seeks to uncover not only what people thought, but how they thought, and how they expressed such thought in behavior. Topics studied include family and community structure, poverty, criminality and violence, oral traditions, popular religion, rituals, popular protest and rebellion, witchcraft and vampires, the development of manners, as well as the impact that the political, economic, social, and intellectual changes of the period had on popular culture.

HI 525. French Revolution and Napoleonic Period. 3 semester hours.

The origin and course of the French Revolution, the European reaction, the Napoleonic period in Europe and the Western Hemisphere, the rise of Industrialism and Romanticism.

HI 527. Nineteenth Century European History (1815 to 1914).

The rise of modern Europe 1815 to 1914. The spread of liberalism, nationalism, and democratic forces; the industrial revolution and the resulting imperialistic and democratic rivalries among the great powers.

HI 529. **Twentieth Century European History (1914 to Present).** 3 semester hours

Recent and contemporary Europe 1914 to present. The two world wars, decline of colonialism, the rise of new great powers, and conflicting ideologies.

HI 530. **English Constitutional History.** 3 semester hours.

A study of the development of the English Constitution from the Anglo-Saxon period to the present. Also listed as PS 530 but creditable only in the field for which registered.

HI 531. **History of England to 1688.** 3 semester hours.

A survey of English history from prehistoric times to 1688. The course focuses on the evolution of social, economic, and political structures.

HI 532. **History of England Since 1688.** 3 semester hours.

A continuation of History 531, emphasizing the growth of the democratic process in England and the changes of the last century.

HI 533. **History of the Balkans.** 3 semester hours.

A survey of Balkan history from the middle ages to the present with emphasis on the place of the Balkans in the international systems of the Mediterranean and European regions, the rise of modern national movements, ethnic cultures and cooperation, and the life of the modern Balkan states.

HI 534. **Russian History to 1801.** 3 semester hours.

The history of Russia from its beginning to 1801 concentrating on Russia's place among the states and peoples surrounding it, the growth of the Russian state, and Russia's rise as a European power.

HI 535. **Russian History Since 1801.** 3 semester hours.

The history of modern Russia with attention to Russia as a European power, problems of internal development, the revolutions of 1917, the Soviet system, and the end of the Soviet empire.

HI 536. **Latin American Colonial History.** 3 semester hours.

The high aboriginal cultures; European expansion with emphasis on Portuguese and Spanish colonial institutions; exploration, conquest, settlement, and cultural development; the wars of independence.

HI 537. **Latin American History Since 1824.** 3 semester hours.

The major countries of Latin America from 1824 to the present with emphasis on diplomatic, political, social, cultural, and economic developments and problems.

HI 538. **History of the Caribbean.** 3 semester hours.

An in-depth study of the major Caribbean countries and or the Lesser Antillian colonies from the colonial period to the present, with special emphasis on the institution of slavery, cultural differentials, dictatorship, the role of the United States, nationalism, and communism.

HI 539. **Tourism Development in Global Context.** 3 semester hours.

An inter-disciplinary course combining a socially and economically contextualized examination of the tourism industry with a case study consideration of tourism development and its social, economic, and environmental problems throughout the world, with special consideration of the Caribbean. The course will also relate these trends to local tourism development, drawing parallels and contrasts between local and global models. This course is designed to meet the needs of hospitality management majors, as well as students interested in the historical problems associated with tourism development.

HI 540. **East Asia to 1300.** 3 semester hours.

East Asia to 1300 is designed to familiarize students with the major developments and key figures in Asian history as well as its cultures. Students will gain a basic knowledge of East Asia, highlighted by discussions and consideration of selected cultural elements, such as art, literature, and languages. HI 541. **East Asia Since 1300.** 3 semester hours.

East Asia after 1300 is designed to familiarize students with the major developments and key figures in Asian history as well as its cultures. Students will gain a basic knowledge of East Asia, highlighted by discussions and consideration of selected cultural elements, such as art, literature, and languages.

HI 544. **History of the Middle East.** 3 semester hours.

A study of the history, cultures, and contemporary problems of the Middle East.

HI 546. **History of Africa.** 3 semester hours.

Traces the history of Africa from earliest times to the present, with emphasis on the period since the mid-nine-teenth century.

HI 548. **The History of World War II.** 3 semester hours.

The origins, course, and consequences of the second world war.

HI 550. United States Colonial History. 3 semester hours.

A study of the political, economic, social, and religious development of the American colonies, with particular attention paid to the British mainland colonies.

HI 551. American Revolution and United States Early Republic, 1763-1800. 3 semester hours.

A study of the origins, nature, and consequences of the American Revolution from the middle of the 18th century to the ratification of the federal Constitution.

HI 552. **The Middle Period of United States History, 1800-1848.** 3 semester hours.

A study of the beginnings of the American Republic, its formative years, and its development up to the beginnings of the nation's sectional crisis.

HI 553. **Civil War and Reconstruction.** 3 semester hours.

An intensive study of the development of sectionalism and of the period of the Civil War and Reconstruction.

HI 554. **United States History, 1877-1919.** 3 semester hours.

A study of United States history from the end of Reconstruction through World War I.

HI 555. United Slates History, 1920-1945. 3 semester hours.

A study of United States history from 1920 through World War II.

HI 556. **Recent United States History.** 3 semester hours.

The United States since 1945. A study of the United States history from the end of World War II to the present with major emphasis being placed on domestic and international trends and problems.

HI 561. **History of the South.** 3 semester hours.

A history of the political, economic, and social developments of the region.

HI 567. **History of the West.** 3 semester hours.

Relation of westward movement to the development of the United States; factors responsible for and composition of various segments of the general movements; problems of frontier and the influence of the frontier on American institutions.

HI 570. **History of Asian Religions.** 3 semester hours.

This course examines both the historical development and current content of the religious and philosophical traditions of Asia with special emphasis on Confucianism, Daoism, Shintoism, Buddhism, Sikhism, and Hinduism. The course covers Japan, China, India, Tibet, and other parts of Southeast Asia and East Asia. For each of these traditions, we will consider its history and mythology, the great themes and ideas which has shaped the worlds of meaning for the followers, and the ways of worshiping and achieving the good life, individually and socially. Also listed as RE 570 but creditable only in field for which registered. (Summer)

HI 572. **Historical Geography of the United States.** 3 semester hours.

The role of geographic conditions in the exploration, settlement, and development of the United States. Also listed as GE 572 but creditable only in the field for which registered.

HI 573. United States Economic History. 3 semester hours.

The economic forces in agriculture, manufacturing, commerce, finance, transportation, and labor. The colonial age, the agricultural era, and the industrial state in America.

HI 574. **United States Military History.** 3 semester hours.

A study of military in the history of the United States and the role of the military institutions and professionals in the society they serve.

HI 575. Social and Cultural History of the United States.

3 semester hours.

Topics in social and cultural history of the United States.

HI 577. **Constitutional History of the United States.**

3 semester hours.

The principles of the American constitutional system. The leading decisions of the Supreme Court with reference to federal-state governmental relationship, citizenship, police power, eminent domain, and to the commerce, contract, and due process clauses of the Federal Constitution. Also listed as PS 577 but creditable only in the field for which registered.

HI 578. **The Diplomatic History of the United States.** 3 semester hours.

A study of the United States diplomatic relations with foreign nations since 1778 with special emphasis on American growth and development. Also listed as PS 578 but creditable only in the field for which registered.

HI 579. **History of Religion in the United States.** 3 semester hours.

A nonsectarian study of the role of religion in American history.

HI 581. **Contemporary United Stales Foreign Policy.** 3 semester hours.

United States foreign policy from World War I to the present. Also listed as PS 581 but creditable only in the field for which registered.

HI 582. **History of Science and Technology I, to 1687.**

3 semester hours.

Part one of a survey of the History of Science and Technology, from Neanderthals to Newton. Emphasis on social and cultural factors, including such topics as the Pyramid Building, Stonehenge, Greek Science and Technology, Medieval Science and Technology, the Scientific Revolution, the Trial of Galileo, and the Newtonian World.

HI 583. **History of Science and Technology II, 1687 to Present.** 3 semester hours.

Part two of a survey of the History of Science and Technology, from Newton to the Nuclear Age. Emphasis on social and cultural factors, including such topics as the Industrial Revolution, the Darwinian Revolution, Germ Theory, Technological Imperialism (Western weaponry), Transportation Relativity, the A-Bomb, and the Human Genome Project.

HI 584. **Philosophical Borderlands of Science and Religion.** 3 semester hours.

An interdisciplinary course concerning the "Demarcation Question" — where do the borders of science end and religion begin? Both critical reasoning and historical analysis of those areas that have been perceived on the fringes of science, including Alchemy, Astrology, Atlantis, Galileo and the Church, Mesmerism, Spiritualism, Theosophy, ESP, Near-Death Experience, UFOs and Alien Abductions, Eugenics, the New Age movements, and the Tao of Physics. A strong philosophical component is included, particularly the application of logical fallacies.

HI 590. **Special Topics.** 3 semester hours.

One or more carefully selected historical topics.

HI 599. **Independent Study-Practicum.** 3 semester hours.

Independent study, research, or special field experience under departmental supervision.

HI 605. **Historiography and Methodology.** 3 semester hours.

A study of the writing and philosophy of history, investigative techniques, and the mechanics of historical research and documentation. (Fall)

HI 607. **Directed Research and Study.** 3 semester hours.

Requires a major research and writing project in an appropriate subject matter area. Course may be repeated for credit as different subject matter areas are offered.

HI 611. **Studies in U.S. History (1607-1865).** 3 semester hours.

Examination of selected historical problems of importance in American history to the Civil War with emphasis upon analysis and interpretation. May be repeated for credit with change of topic. (Fall)

HI 612. **Studies in U.S. History Since 1865.** 3 semester hours.

Examination of selected historical problems of importance in American history since the Civil War with emphasis upon analysis and interpretation. May be repeated for credit with change of topic. (Spring)

HI 621. **Studies in European History to 1815.** 3 semester hours.

Examination of selected historical problems in European history to 1815 with emphasis on analysis and interpretation. May be repeated for credit with change of topic. (Fall)

HI 622. **Studies in European History Since 1815.** 3 semester hours.

Examination of selected historical problems in European history since 1815 with emphasis upon analysis and interpretation. May be repeated for credit with change of topic. (Spring)

HI 625. History and Social Studies in the Secondary School.

3 semester hours.

Study of history and social science programs in secondary school with emphasis on goals, instructional objectives, materials, and techniques.

HI 640. **Seminar in U.S. History.** 3 semester hours.

Research and writing based seminar on topics in American history. May be repeated for credit as course topics will vary. (Fall)

HI 641. **Seminar in European History.** 3 semester hours.

Research and writing based seminar on topics in European history. May be repeated for credit as course topics will vary.

HI 690. **Special Topics in History.** 3 semester hours.

A variety of topics will be offered under the course number and title as the need arises. Course may be repeated for credit as different topics in history are offered.

HI 695. **Thesis.** 3-6 semester hours.

Selection of a research topic, collection and analysis of primary and secondary historical sources, composition of and public defense of a thesis. A grade of "SP" indicating satisfactory progress or a grade of "UP" for unsatisfactory progress will be recorded on the transcript. May be repeated for credit.

HI 698. **Comprehensive Examination.** 0 semester hours.

Orientation to and administration of a written comprehensive examination for the MA in History program. A noncredit course required of all candidates for the non-thesis option. The course is to be taken in the last term in which the student is expected to complete all other program requirements. A grade of "S" indicating satisfactory performance or a grade of "U" for unsatisfactory will be recorded on the transcript. A grade of "S" is required for graduation; the course may be repeated once. Prerequisite: student must have completed all other program requirements or be enrolled in the last course for program completion

HI 699. **Thesis Defense.** 0 semester hours.

Orientation to and administration of a defense for the MA in History program. A noncredit course required of all candidates for the thesis option. The course is to be taken in the last term in which the student is expected to complete all other program requirements. A grade of "S" indicating satisfactory performance or a grade of "U" for unsatisfactory performance will be recorded on the transcipt. A grade of "S" is required for graduation; the course may be repeated once. Prerequisite: student must have completed all other program requirements or be enrolled in the last course for program completion.

MASTER OF SCIENCE IN CRIMINAL JUSTICE ADMISSION

In addition to the general requirements for Admission to Graduate Studies (see General Regulations and Procedures), admission to the MSCJ degree program also requires the following:

The applicant must possess a baccalaureate degree from an accredited university and must meet one of the following:

1. Possess a minimum grade point average (GPA) of 2.75 on all attempted undergraduate coursework.

OR

2. Score at least at the 40th percentile on the Graduate Record Examination (GRE) or Miller Analogies Test (MAT).

OR

3.	Complete the following courses at UNA:
	CJ 285 – Corrections or CJ 336 – Community-Based Corrections
	CJ 434 – Criminal Procedure
	CJ 440 – Methods and Statistics in Criminal Justice
	CJ 450 – Theory and Control of Crime
	Courses must be taken at UNA. A grade of "B" or better in each

the latter courses must be reflected on the official UNA transcript.

ADVISEMENT

Upon admission to the program, each student is assigned a faculty adviser who will provide continued supervision and guidance.

DEGREE AND PROGRAM PLANS

Master of Science in Criminal Justice Degree: a minimum of 36 semester hours of credit, to include the following:

Hou	rs
Required Core27	7
CJ 614, Management and Policy in Criminal Justice Organizations (3)	
CJ 618, Crime in America (3)	
CJ 622, Contemporary Issues in Corrections (3)	
CJ 634, Advanced Criminal Procedure (3)	
CJ 640, Methods of Research in Criminal Justice (3)	
CJ 645, Advanced Statistical Applications (3)	
CJ 650, Criminological Theory (3)	
CJ 660, Comparative Criminal Justice (3)	
CJ 690, Contemporary Issues in Law Enforcement (3)	
CJ 698, Comprehensive Exam (0)	
Electives (up to six hours of electives may be taken outside the	
Department of Criminal Justice with prior approval	
from the Department of Criminal Justice))
CJ 606, Contemporary Issues in Juvenile Justice (3)	
CJ 610, Nature and Function of the American Judicial System (3)	
CJ 630, Victimology (3)	
CJ 699, Independent Study/Research (3)	_
Total	

In the last semester in which all other course requirements are expected to be completed, the student must register for CJ 698 (Comprehensive Examination) in order to take a written comprehensive examination prior to graduation in order to complete the program.

COURSES OF INSTRUCTION

CJ 606. **Contemporary Issues in Juvenile Justice.** 3 semester hours.

An analytical approach to the controversies surrounding the juvenile justice process, including the goals of the systems, police-juvenile interaction, juvenile adjudication, and corrections.

CJ 610. Nature and Function of the American Judicial System.

3 semester hours.

Structure and function of the American judicial system; judicial process, ethics and decision making in the criminal and juvenile courts.

CJ 614. **Management and Policy in Criminal Justice Organizations.** 3 semester hours.

Approaches to the effective management of criminal justice organizations, with specific emphasis on personnel management and policy implications. Specialized topics include management principles, organizational structures, legal mandates, and political and social influences.

CJ 618. **Crime in America.** 3 semester hours.

This course will focus upon the statistical patterns of specific crimes, the modus operandi of offenders, the social-psychology of specific types of offenders (rapists, arsonists, etc.), techniques of crime prevention/protection, and potential solutions to the crime problem.

CJ 622. **Contemporary Issues in Corrections.** 3 semester hours.

An analytical examination of current issues in corrections, including those applicable to American prisons and jails, probation, parole, and correctional programs both within correctional institutions and in the community.

CJ 630. **Victimology.** 3 semester hours.

The study of victims and victimization, including sources of victimization data, patterns of victim/offender relationships, the role of victims in their own victimization, special needs of victim types, responses of the community, law enforcement, judicial, and correctional systems to the needs of victims.

CJ 634. **Advanced Criminal Procedure.** 3 semester hours.

Investigation, pretrial procedure, trial procedure and sentencing, post-trial motions, appeals, reviews, and remedies in the criminal courts.

CJ 640. **Methods of Research in Criminal Justice.** 3 semester hours.

The application of the elements of scientific research to criminal justice; the implementation of research designs, methods, and tools; data processing analysis.

CJ 645. **Advanced Statistical Applications.** 3 semester hours.

An examination of the use of inferential statistics in the analysis of criminal justice data. Major course topics will include the analyses and applications of probabilities, chisquare, t-test, ANOVA, correlations, and bivariate and multiple regression.

CJ 650. **Criminological Theory.** 3 semester hours.

A critical analysis of the major criminological theories and their empirical foundation with emphasis on current theory and research.

CJ 660. **Comparative Criminal Justice.** 3 semester hours.

À study of international expressions of law, police, courts, and corrections emphasizing how various countries organize and administer their formal social control efforts. This course aims to provide students with an opportunity to contrast American criminal justice practices with those of several countries so as to understand why criminal justice systems work as they do and what advantages and disadvantages are related to such expressions of criminal justice.

CJ 690. **Contemporary Issues in Law Enforcement.** 3 semester hours.

An analytical examination of the controversies surrounding law enforcement practice, with primary emphasis on its functions, problems, administration, and interaction with other criminal justice agencies.

CJ 698. **Comprehensive Examination.** 0 semester hours.

Orientation to and administration of a written comprehensive examination for the MSCJ program. A non-credit course required of all candidates to be taken the last term in which the student is expected to complete all other program requirements. A grade of "S" indicating satisfactory performance or a grade of "U" for unsatisfactory will be recorded on the transcript. A grade of "S" is required for graduation; may be repeated once. Prerequisite: student must have completed all other program requirements or be enrolled in the last course for program completion.

CJ 699. **Independent Study/Research.** 3 semester hours.

Guided independent study and/or research in an area related to criminal justice administration. Prerequisite: approval from the department chair.

COLLEGE OF BUSINESS

The College of Business offers a master of business administration (MBA) program with several concentrations and program delivery options available. Students with undergraduate degrees in business and those from non-business disciplines are equally encouraged to apply. The MBA is a highly respected vehicle for enriching undergraduate study in science and engineering, liberal arts, and the social and behavioral sciences as well as for adding depth to the traditional undergraduate business disciplines.

Students entering the MBA program with undergraduate degrees in business from an accredited business school should have met all prerequisite requirements. For such students, the MBA program will then consist of 34 semester hours (12 courses), including nine core courses and three elective courses. The electives may be generalized or prescribed (allowing a concentration). The following concentrations are available: accounting, finance, health care management, information systems, international business, and professional (this concentration allows students to select from a variety of electives based on their interest).

For students without previous undergraduate study in business, the prerequisites for graduate study include academic preparation or competency in the following areas: accounting, economics, managerial finance, statistics, quantitative methods in business, management and marketing. These prerequisites may be satisfied by taking the appropriate undergraduate classes, or by successfully completing the appropriate non-credit competency based course, or by passing a "challenge" examination over the material covered in the course. **Table 1** outlines these methods for satisfying MBA prerequisites.

The non-credit competency based courses are offered through the University's Office of Continuing Studies and Outreach. The fee for each independent study module is \$300, which includes a workbook and CD. In addition to satisfying the graduate prerequisite, students who successfully complete four of the modules may elect to receive a Graduate Certificate in Business Administration Fundamentals for an additional fee of \$100. Students may repeat the exam in these modules a second time at no additional charge. Should a student fail to pass the module exam the second time, he/ she will be required to use one of the other approaches for satisfying the prerequisite. The Office of Continuing Studies and Outreach also administers a "challenge" examination for each of the competency areas. Students who feel they have the necessary background may elect to take the challenge exam for a fee of \$20 without completing a course or competency module. This exam can be taken only one time. Students who are unsuccessful on the challenge must satisfy the prerequisite by successfully completing a course or non-credit module.

TABLE 1: MBA Prerequisite Options

Required Competency Area	Typical Undergraduate Prerequisites	Pass Challenge Examination	Competency- based Non- Credit Course
Accounting (AC 291 & 292)	Principles I Principles II	Yes	Accounting Fundamentals
Economics (EC 251 & 252)	Principles I Principles II	Yes	Economics Fundamentals
Finance (FI 393)	Financial Management	Yes	Financial Management Fundamentals
Statistics (QM 291) Quantitative Methods (QM 295)	Statistics I Business Calculus	Yes	Fundamentals of Statistics and Business Mathematics
Management (MG 330)	Principles of Management	Yes	Management Fundamentals
Marketing Principles of (MK 360) Principles of		Yes	Marketing Fundamentals

MBA PROGRAM DELIVERY OPTIONS

The College of Business prides itself on being a leader in providing graduate programs that deliver outstanding quality, a highly relevant curriculum, instructional excellence, and extraordinary convenience at an exceptional value. Students may select programs delivered in one of the following ways:

- Traditional MBA Program. Students may start this program in the fall, spring or summer semester. Classes meet on campus (the typical course meets one evening per week for a 16-week semester). Concentrations are available in accounting, finance, health care management, information systems, international business, and professional (this concentration allows students to select from a variety of electives based on their interest).
- 2. Online MBA Program. The Online MBA program has the same admission requirements, same curriculum and is delivered by the same graduate faculty as the traditional MBA program. It is the quality equivalent to the traditional program in every way. Students may start this program in the fall, spring or summer semester. Concentrations are available in health care management, information systems, international business, and professional.

 TABLE 2: Admission Status Requirements

ADMISSON STATUS REQUIREMENTS	Additional Requirements for International Applicants	TOEFL ≥550 paper based ≥213 computer based ≥ 79 Internet based or IELTS ≥ 6.0	TOEFL ≥550 paper based ≥213 computer based ≥ 79 Internet based or IELTS ≥ 6.0	TOEFL ≥550 paper based ≥213 computer based ≥ 79 Internet based or IELTS ≥ 6.0	TOEFL ≥550 paper based ≥213 computer based ≥ 79 Internet based or IELTS ≥ 6.0	TOEFL ≥550 paper based ≥213 computer based ≥ 79 Internet based or IELTS ≥ 6.0	Not Available to the International Applicant with Student Visa
	Alternate Formula Score Using GPA for Last 60 Undergraduate Hours [GPA of last 60 undergraduate hours x 200 + GMAT or GRE]	≥1000 points [requires OGPA 2.75]	≥1400 points [requires OGPA ≥2.75]	≥1000 points [requires OGPA ≥3.00]	>1325 points [requires OGPA >3.00]	Applicant must meet each of the following criteria: • Must be 32 years old or older • Must have ≥8 years of business experience with 3 years at supervisory level or higher. • Must have GP4 of ≥2.8 on a 4.0 scale on all undergraduate work. • Must submit a letter of recommendation from an immediate supervisor who is familiar with applicant's opential for graduate study. • Must submit a resume and application letter outlining your career objectives and your professional experiences that suggest you are a strong candidate for successful graduate study. Evaluation of this material will focus on evidence of writing skills, analytical abilities and experiences.	Restrictions: Available for <i>only</i> 1 semester and for <i>only</i> 3 semester hours. Available only to the following applicants: Non-degree seeking to explore a specific topic, or awaiting evam date for GMAT or GRE, or UNA is awaiting receipt of official undergraduate transcripts from applicant's previous schools(s). Not available: to applicants who otherwise fail to meet the requirements for admission or for international applicants with student visas. Unclassified students must achieve conditional or unconditional admission status prior to enrolling in their 2nd term. Unclassified students who meet the requirements for conditional or unconditional status may request their 3 graduate semester hours of course work (with completed grade of A or B) be applied to their graduate studies.
	Formula Score Using Overall Undergraduate GPA [OGPA] [OGPA × 200 + GMAT or GRE]	≥950 points [requires OGPA 2.50]	≥1350 points [requires OGPA ≥2.50]	≥900 points [requires OGPA ≥2.50]	≥1225 points [requires OGPA ≥2.50]	 Applicant must meet each of the following criteria: Must be 32 years old or older Must have ≥8 years of business experience with 3 years at superventus that have ⊆PA of ≥2.8 on a 4.0 scale on all undergraduate work. Must submit a letter of recommendation from an immediate superpotential for graduate study. Must submit a resume and application letter outlining your career experiences that suggest you are a strong candidate for successful material will focus on evidence of writing skills, analytical abilitie 	Restrictions: Available for only 1 semester and for only 3 semester hours. Available only to the following applicants: Non-degree seeking to explor exam date for GMAT or GRE, or UNA is awaiting receipt of official under applicant's previous schools(s). Not available: to applicants who otherwis for admission or for international applicants with student visas. Unclassificonditional or unconditional admission status prior to enrolling in their 2 who meet the requirements for conditional or unconditional status may rehours of course work (with completed grade of A or B) be applied to their
	GRE		>850		≥725	waived	n/a
	GMAT	≥450		≥400		waived	n/a
	ADMISSION STATUS	Unconditional Admission	Unconditional Admission	Conditional Admission	Conditional Admission	Conditional Admission for Mid-Career Professionals	Unclassified Admission

ADMISSION

Successful graduate study in business requires a combination of verbal and conceptual skills, quantitative and analytical skills, conscientiousness and maturity. Students should have or commit to develop an acceptable level of strength in each of these areas in order to be successful in graduate study. Admission standards are established to accept students who possess these skills and traits and thus have a fair probability of success and to encourage those without appropriate academic preparation to pursue developmental work before undertaking graduate study in business. Students may be admitted unconditionally or conditionally for graduate study (see **Table 2**). Note: Official admission test score should typically be no more than five years old. For students holding a masters degree in another field, admission test scores are typically waived.

Conditionally admitted students must earn unconditional admission status by the time they have completed their fourth graduate course. The student must maintain a B average or higher in the first four courses (with no more than one grade of C or below) as well as satisfy any other conditions that may have been listed on the admission summary sheet. Any conditionally admitted student who falls below a 3.0 cumulative GPA in their graduate work will be automatically dismissed from the MBA program. Candidates admitted under the "Mid-Career Admission" category have the same admission conditions as other conditionally admitted students but are not required to furnish a GMAT or GRE score.

ADVISEMENT

Upon admission to the program, each student is assigned an adviser who, in consultation with the student, will plan the program of studies and provide continued supervision and guidance.

MBA DEGREE AND CONCENTRATION PLANS

The MBA program is 34 semester hours, consisting of a 25 semester hour core and 9 semester hours of concentration electives (see MBA–Accounting Concentration for specific requirements for the MBA–Accounting Concentration).

MBA Core and Electives:

AC 626 - Cost for Management Decision Analysis (3 hours)

CIS 625 – Enterprise Systems Analysis and Design (3 hours)

EC 650 – Managerial Economics (3 hours)

FI 630 – Managerial Finance (3 hours)

MG 601 – MBA Skills and Outcomes (1 hour)

MG 624 - Organizational Behavior (3 hours)

MG 640 - Management Policy (3 hours)

MK 660 – Marketing Strategy (3 hours)

QM 670 – Decision Theory (3 hours)

Concentration Electives (9 hours)

Concentration Electives:

- *Accounting See "MBA–Accounting Concentration" in next section.
- *Finance Select three electives from among: FI 563, FI 581, FI 635, FI 681, FI 688.
- *Health Care Management MG/MK 665, MG 695, MK 671.
- *Information Systems Select three electives from among: CIS 556, CIS 601, CIS 602, CIS 615, CIS 627, CI 636, CIS 645 or CIS 545, CIS 660, CIS 685 or CIS 506.
- *International Business EC/FI 563, MG 610 or MG 680 or MG 698, MG/ MK 691.
- *Professional Select three business electives that meet career objectives.

MBA – Accounting Concentration

The Accounting MBA is a 34 semester hour program designed to provide individuals with the professional skills and business knowledge essential for success in contemporary professional accounting and business careers. In addition to meeting the admission requirements for graduate study in the College of Business, one should have the equivalent of a bachelor's degree in accounting or successfully complete undergraduate accounting prerequisites as prescribed by an Accounting-MBA Coordinator. In most states, including Alabama, one must complete 150 semester hours of education in order to be eligible to sit for the CPA exam. The UNA Accounting MBA Program provides the remaining courses required for the CPA exam for students who have the equivalent of a bachelor's degree in accounting.

Accounting Concentration Curriculum – (Accounting Courses Are Not Offered Online)

- AC 581 Financial Statement Analysis (3 hours). Cannot earn credit if completed equivalent undergraduate course.
- AC 625 Enterprise Systems Analysis and Design (3 hours)
- AC 674 Advanced Accounting Theory (3 hours)
- AC 675 Advanced Tax Accounting (3 hours)
- AC 697 Advanced Auditing (3 hours)
- EC 650 Managerial Economics (3 hours)
- FI 630 Managerial Finance (3 hours)
- MG 601 MBA Skills and Outcomes (1 hour)
- MG 640 Management Policy (3 hours)
- MK 660 Marketing Strategy (3 hours)

Select Two or Three Courses (6-9 hours) from among:

- AC 681 Business Valuation (3 hours)
- AC 686 Controllership (3 hours)
- AC 694 Business Combinations (3 hours)
- QM 670 Decision Theory (3 hours)

^{*} No more than one 500-level course may be applied toward an MBA degree.

Undergraduate Accounting Prerequisites for the MBA – Accounting Concentration

An Accounting MBA Coordinator will evaluate a student's academic record and determine which, if any, of the following undergraduate accounting courses are required for admission to the Accounting MBA Program:

AC 390 – Accounting Information Systems

AC 391 - Intermediate Accounting I

AC 392 – Intermediate Accounting II. Prerequisite: AC 391.

AC 471 – Cost Accounting. Prerequisite: AC 390.

AC 472 - Tax Accounting. Prerequisite: AC 391.

AC 473 – Auditing. Prerequisite: AC 392.

Information for Alabama CPA Exam Candidates - http://www.asbpa.alabama.gov

- Course in Governmental Accounting Required AC 395
- Business Law Course on Uniform Commercial Code Required recommend BL 480
- U.S. Citizenship Required

COURSES OF INSTRUCTION

AC 571. **Cost Accounting.** 3 semester hours.

An emphasis on cost accounting systems and product costing. Not open to accounting majors. Prerequisite: AC 390.

AC 572. **Tax Accounting.** 3 semester hours.

A conceptual approach to Federal Tax law that relates the concepts to everyday economic decisions. Not open to accounting majors. Prerequisite: AC 391.

AC 581. **Financial Statement Analysis.** 3 semester hours.

The study of the analysis of financial statement information, focusing on financial decisions including loan decisions, equity investments, mergers and acquisitions, and other valuation related issues. Also listed as FI 581 but creditable only in field for which registered. Prerequisites: AC 392 or FI 394 and approval of department chair.

AC 593. Advanced Accounting. 3 semester hours.

An emphasis on Foreign Currency Transactions, Partnerships, Estates and Trust, and Insolvency. Prerequisite: AC 391.

AC 595. **Advanced Cost Accounting.** 3 semester hours.

A study of the use of differential costs in decision making and the use of cost data in performance evaluation and control. Not open to accounting majors. Prerequisite: AC 471 or 571.

AC 596. **Information Systems Auditing Seminar.** 3 semester hours.

This course will cover a variety of facets related to Information Systems (IS) auditing-from simple to complex computer systems. The course will present tools, concepts, and techniques necessary to properly audit IS. Prerequisites: AC 292; CIS 330.

AC 597. **Fraud Examination.** 3 semester hours

This course will cover the basic concepts of forensic accounting. Course content includes examining documents, using sources of information, testifying in court as an expert, writing reports, identifying high-risk signs, and how to prevent fraud. In general, help to prepare students for some of the material covered in the Certified Fraud Examiner (CFE) certification exam. Prerequisite: AC 496 or 596.

AC 625. **Enterprise Systems Analysis and Design.** 3 semester hours.

A study of traditional and emerging systems development tools, processes, standards, and critical success factors associated with the planning, development and implementation of mission critical information systems in business, government, and educational enterprises. Included will be the role of various constituencies in the development process, use of technologies in the development process, and the role of documentation in successful systems. Also listed as CIS 625 but creditable only in field for which registered. Prerequisite: CIS 125 or equivalent.

AC 626. **Cost for Management Decision Analysis.** 3 semester hours.

A study of the nature, objectives, and procedures of cost analysis and control; theories of cost allocation and absorption; uses of accounting data for decision making. Not open to accounting majors. Prerequisite: AC 292.

AC 627. **Research and Report Writing.** 3 semester hours.

A critical review of research methods in the business disciplines. Subjects discussed include nature and sources of secondary data, primary data collection techniques, research design, sample selection, and/or model building. Further, students will explore and prepare various accounting, financial, and general business forms, statements, and reports applicable to business research. Also listed as CIS 627, EC 627, FI 627, MG 627, and MK 627, but creditable only in field for which registered.

AC 628. **Seminar in Accounting.** 3 semester hours.

Critical examination of subject matter presented in current periodicals, recent monographs, and bulletins in the field of accounting.

AC 674. **Advanced Accounting Theory.** 3 semester hours.

Comparative study of contemporary developments in professional accounting. Prerequisite: AC 392.

AC 675. **Advanced Tax Accounting.** 3 semester hours.

Study of the application of tax concepts and planning techniques for partnerships, corporations, estates, and trusts. Prerequisite: AC 472 or 572.

AC 680. **International Experience/Internship.** 3 semester hours.

Study abroad experience to include structured group visits to businesses and business centers; lectures delivered by managers involved in international trade, internship experiences, and/or structured participation in a university sponsored academic program. Also listed as CIS 680, EC 680, FI 680, MG 680, and MK 680 but creditable only in field for which registered. Prerequisite: approval of the department chair and internship coordinator.

AC 681. **Business Valuation.** 3 semester hours.

Study of the theory and practice of business valuation. Course coverage includes valuation of closely held businesses in the context of estate and gift taxes, mergers and acquisitions, fairness opinions, and other legal disputes. Also listed as FI 681 but creditable only in field for which registered. Prerequisite: AC 392 or FI 394 or approval of department chair.

AC 686. **Controllership.** 3 semester hours.

A course designed to acquaint students with the role and duties of the chief accounting office in both for-profit and non-profit entities. Prerequisite: AC 495 or equivalent.

AC 694. **Business Combinations.** 3 semester hours.

A study of accounting for investments and business consolidations. Prerequisite: AC 392.

AC 697. **Advanced Auditing.** 3 semester hours.

Practical application of auditing concepts and standards. Auditing of computer-oriented systems is stressed. An understanding of auditing principles is reinforced and expanded by exposure to problems and cases. Prerequisites: AC 473; QM 292.

AC 698. **Independent Study/Research.** 3 semester hours.

Guided independent study and/or research in an area related to business management. Prerequisite: approval of the department chair.

BL 680. Law for Business Professionals and Entrepreneurs.

3 semester hours.

A broad-ranging study of law areas which day-to-day govern the modern enterprise. Subject areas include contracts, property law, forms of business organizations, debtor/creditor relations and bankruptcy, sales transactions, business torts and product liability, intellectual property, and international business transactions. Not open to accounting majors. Prerequisite: BL 240.

CIS 506. **Data Communications and Networking.** 3 semester hours.

This course provides a study of the fundamentals of data communications and networking including terminology, components, and models. Includes an examination of the construction, operation, and management of communications networks. Student may not receive credit toward the IS concentration for both CIS 506 and 685. Prerequisites: CIS 330 or 625 or equivalent. (Offered on sufficient demand.)

CIS 545. **Database Management Systems.** 3 semester hours.

Theory and practice of database design and processing within a Management Information Systems (MIS) framework. This includes fundamental design concepts, technical aspects of databases, use of specific DBMS software, and using data to enhance decision-making for managers. Student may not receive credit toward the IS concentration for both CIS 545 and 645. Prerequisites: CIS 330 and 366 or 625 or equivalent. (Offered on sufficient demand.)

CIS 556. **Desktop and Web Publishing for Business.** 3 semester hours.

Development of desktop publishing concepts and web page design as it relates to the business world. Prerequisites: CIS 350, 376 or equivalent and graduate standing.

CIS 575. **Teaching Career-Technical Business and Marketing Education.** 3 semester hours.

Techniques involved in carrying out the functions of secondary business and marketing education programs. A study of the functions of the classroom teacher/coordinator to include the appraisal of selected experiences. Coordination procedures are studied for conducting job opportunity surveys; problems and procedures in organizing and operating a cooperative education program; and methods of relating class instruction to on-the-job training. The philosophical foundations of career-technical education are also covered. Research and analysis of business and marketing occupations and skill standards will be included.

CIS 601. **Visual C++ NET.** 3 semester hours.

This course provides the learner with the skills necessary to design and create C++ programs. The student will learn how to use Object-Oriented Programming (OOP) constructs such as classes, objects, methods, encapsulation, and inheritance. Windows programming using Microsoft Foundation Classes (MFC) is also covered. Emphasis will be placed on pedagogy and creating quality programs for business applications. Prerequisite: CIS 625 or equivalent.

CIS 602. **Visual BASIC NET.** 3 semester hours.

Visual BASIC NET will be used for the design and creation of programs supporting business operations. The course

uses Object-Oriented Programming (OOP) techniques to build programs and Web applets. Emphasis will be placed on pedagogy and creating quality programs for business applications. Prerequisite: CIS 625 or equivalent.

CIS 615. **Software Engineering for the Enterprise.** 3 semester hours.

This course investigates current software engineering practices in the context of enterprise system development. The student will learn how to leverage tools and techniques in order to minimize risk and increase the probability of success of projects using Java Platform Enterprise Edition (Java EE) and .NET architectures. Recommended: CIS 625 or equivalent or programming experience or coursework.

CIS 625. **Enterprise Systems Analysis and Design.** 3 semester hours.

A study of traditional and emerging systems development tools, processes, standards, and critical success factors associated with the planning, development and implementation of mission critical information systems in business, government, and educational enterprises. Included will be the role of various constituencies in the development process, use of technologies in the development process, and the role of documentation in successful systems. Also listed as AC 625 but creditable only in field for which registered. Prerequisite: CIS 125 or equivalent.

CIS 627. **Research and Report Writing.** 3 semester hours.

A critical review of research methods in the business disciplines. Subjects discussed include nature and sources of secondary data, primary data collection techniques, research design, sample selection, and/or model building. Further, students will explore and prepare various accounting, financial, and general business forms, statements, and reports applicable to business research. Also listed as AC 627, EC 627, FI 627, MG 627, and MK 627 but creditable only in field for which registered.

CIS 636. **Information Systems Planning and Management.** 3 semester hours.

This course addresses issues related to information systems planning and management for current and future information systems managers and corporate executives. The objective is to provide them with a better understanding of the influence of twenty-first century technologies on business decisions so that they can help their organizations to conduct business in more effective and efficient ways. Topics will emphasize strategy and information systems, information as a critical resource, and information's role in policy and planning. The role of social, environmental, and ethical issues in business strategy, planning, management, and success will also be addressed.

CIS 645. **Database Management Systems.** 3 semester hours.

This course introduces students to the design, implementation and management of business databases using Oracle. Topics include logical database design, relational database systems, structured query language (SQL), transaction management, database administration, and web database applications. Student may not receive credit toward the IS concentration for both CIS 545 and 645. Prerequisite: CIS 625 or equivalent.

CIS 660. **Electronic Commerce.** 3 semester hours.

This course aims to equip students with the necessary knowledge to explore electronic commerce opportunities or develop and manage electronic commerce applications in a global environment. Topics include Internet technologies, World Wide Web, e-commerce models and related business issues, and the various challenges faced by e-businesses, including information security and privacy. Prerequisite: CIS 625 or equivalent.

CIS 680. **International Experience/Internship.** 3 semester hours.

Study abroad experience to include structured group visits to businesses and business centers; lectures delivered by managers involved in international trade, internship experiences, and/or structured participation in a university sponsored academic program. Also listed as AC 680, EC 680, FI 680, MG 680, and MK 680 but creditable only in field for which registered. Prerequisite: approval of the department chair and internship coordinator.

CIS 685. **Data Communications Systems in the Global Economy.** 3 semester hours.

A survey of modern telecommunications systems and their application to local and global business data communications problems. Includes study of the theoretical constructs of networks, examination of extant networking models, and issues of transmission speed, privacy, security, functionality, interoperability, reliability, and management. Coverage will include intranets, extranets, internets, virtual private networks, and local area networks. Prerequisite: CIS 330 or 625.

CIS 688. **Quantitative Finance.** 3 semester hours.

This course introduces the fundamental mathematical tools and financial concepts needed to understand quantitative finance, portfolio management and derivatives. Key topics include the random behavior of asset prices, the Black-Scholes model, the Black-Scholes formulae and the Greeks, early exercise and American options, how to delta hedge, fixed-income products and analysis: yield, duration and convexity, swaps, the binomial model and financial modeling in Excel VBA. It is expected that students will have significant experience using Excel spreadsheets. Also listed as FI 688 and QM 688 but creditable only in field for which registered.

CIS 698. **Independent Study/Research.** 3 semester hours.

Guided independent study and/or research in an area related to business management. Prerequisite: approval of the department chair.

EC 563. **International Trade and Finance.** 3 semester hours.

The international exchange of goods and services with particular attention to the bases of international trade; procedures in importing and exporting; commercial policies and treaties; foreign investments; balance of payments; tariffs, quotas, and other exchange controls. Also listed as FI 563 but creditable only in field for which registered. Prerequisites: EC 251, 252.

EC 627. **Research and Report Writing.** 3 semester hours.

A critical review of research methods in the business disciplines. Subjects discussed include nature and sources of secondary data, primary data collection techniques, research design, sample selection, and/or model building. Further, students will explore and prepare various accounting, financial, and general business forms, statements, and reports applicable to business research. Also listed as AC 627, CIS 627, FI 627, MG 627, and MK 627 but creditable only in field for which registered.

EC 650. **Managerial Economics.** 3 semester hours.

Study and use of economic tools of analysis in the operation of a business; use of applied microeconomics to aid decision making in business firms and other organizations. Prerequisites: EC 251, 252; QM 295.

EC 653. Advanced Managerial Economics. 3 semester hours.

Topics in applied microeconomics and managerial economic theory. Prerequisite: EC 650.

EC 655. **Economic Analysis.** 3 semester hours.

Applied aggregate economics. Topics in national income theory, business cycles and forecasting, monetary theory and economic aspects of government policy, with implications for the business community. Prerequisites: EC 251, 252; QM 295 or equivalent.

EC 656. **Seminar in Applied Macroeconomics.** 3 semester hours.

Topics in monetary policy, fiscal policy, and stabilization policy. Prerequisite: EC 655.

EC 680. **International Experience/Internship.** 3 semester hours.

Study abroad experience to include structured group visits to businesses and business centers; lectures delivered by managers involved in international trade, internship experiences, and/or structured participation in a university sponsored academic program. Also listed as AC 680, CIS 680, FI 680, MG 680, and MK 680 but creditable only in field for which registered. Prerequisite: approval of the department chair and internship coordinator.

EC 698. **Independent Study/Research.** 3 semester hours.

Guided independent study and/or research in an area related to business management. Prerequisite: approval of the department chair.

EMB 600. Market Based Management. 3 semester hours.

A review of current trends and practices in management. Particular attention will be given to efforts to create and lead market oriented, entrepreneurial organizations competing in a complex and dynamic environment. In addition, the course will focus on managerial decision making and its impact on organizational value creation. Course objectives will be accomplished through lecture, reading, discussion, and case analysis.

EMB 610. **Information Systems for Decision Making.** 3 semester hours.

This course involves a review of the use of information systems technology in organizational decision-making. Topics will also include an overview of tools, such as e-mail and Internet browsers, that can be used to incorporate resources found on the Internet into the decision-making process. In addition, other software useful in the decision-making process such as presentation software may also be covered.

EMB 620. Leadership and Communication Skills for Managers. 3 semester hours.

A review of the literature on organizational leadership with a focus on developing a situational leadership model. Students will learn to identify pertinent environmental variables and to match their leadership approach to the situation. Value driven leadership principles will be identified following a study of numerous transformational leaders. The course will also emphasize the role of interpersonal communication skills needed for leadership effectiveness. Questioning, listening, responding and coaching skills will be developed. Course objectives will be accomplished through lecture, reading, discussion, role-play, simulation, and case analysis.

EMB 630. Accounting for Decision Making. 3 semester hours.

Study of accounting as it applies to the managerial function, with emphasis on techniques applicable to the use of accounting information for planning and controlling of business operations. Prerequisite: AC 292 or EMB 501.

EMB 640. Quantitative Techniques for Decision Making.

3 semester hours.

Investigation of quantitative, decision-making techniques available to management. Topics include linear programming, integer programming, game theory, simulation, queuing theory, networking, project management, and inventory control.

EMB 650. **Economics for Managerial Decision Making.**

3 semester hours.

Examination of the economic, competitive, regulatory, factor-supply, technological and international environments of the firm with the objective being the firm's short-run and long-term resource allocation problems. Topics include demand and cost, market structure and pricing.

EMB 660. **Finance for Decision Making.** 3 semester hours.

Examination of the financial, competitive, and regulatory environments of the firm with the objective being the short-run and long-run resource allocation problems. Topics include financial analysis and planning, working capital management, cash flow analysis, valuation, portfolio selection, and capital budgeting.

EMB 661. Financial Analysis for the Health Care Industry.

3 semester hours.

A study of the application of the techniques of financial analysis and planning to the health care sector. All areas of financial analysis of hospitals, HMOs, clinics, and physician groups are examined in a variety of formations using case studies, team assignments, and role playing.

EMB 670. **Marketing Strategy in a Global Economy.** 3 semester hours.

An integrated course that provides students an opportunity to analyze global marketing opportunities and to develop appropriate marketing strategies. The elements of strategic marketing planning will be accomplished through lecture, reading, discussion, simulation and case analysis.

EMB 690. Management Policy and Strategic Planning. 3 semester hours.

A capstone course that integrates each functional area of the organization and emphasizes the role of strategic planning. Course objectives will be accomplished through lecture, reading, simulation, case analysis and case presentation.

EMB 692. **International Business.** 3 semester hours.

This course provides the opportunity to examine the management practices of executives in multinational firms. Students will analyze the policies and strategies emphasized by successful international firms in an increasingly global marketplace. Course objectives will be accomplished through lecture, readings, discussion, and case analysis.

EMB 698. **MBA Capstone Project.** 3 semester hours.

A comprehensive project selected by the students in their chosen field. Students are responsible for developing a formal proposal and after approval, collecting and analyzing the necessary data, presenting and defending recommendations to a panel of faculty and industry professionals. This project

should address a work problem of significant magnitude and the analysis and recommendation should represent an appropriately high level of professionalism.

FI 563. **International Trade and Finance.** 3 semester hours.

The international exchange of goods and services with particular attention to the bases of international trade; procedures in importing and exporting; commercial policies and treaties; foreign investments; balance of payments; tariffs, quotas, and other exchange controls. Also listed as EC 563 but creditable only in field for which registered. Prerequisites: EC 251, 252.

FI 581. **Financial Statement Analysis.** 3 semester hours.

The study of the analysis of financial statement information, focusing on financial decisions including loan decisions, equity investments, mergers and acquisitions, and other valuation related issues. Also listed as AC 581 but creditable only in field for which registered. Prerequisites: AC 392 or FI 394 and approval of department chair.

FI 627. **Research and Report Writing.** 3 semester hours.

A critical review of research methods in the business disciplines. Subjects discussed include nature and sources of secondary data, primary data collection techniques, research design, sample selection, and/or model building. Further, students will explore and prepare various accounting, financial, and general business forms, statements, and reports applicable to business research. Also listed as AC 627, CIS 627, EC 627, MG 627, and MK 627 but creditable only in field for which registered.

FI 630. **Managerial Finance.** 3 semester hours.

Concentration of issues of finance of which business managers today are being confronted. Management of working capital and short and intermediate term financing, including leasing, enterprise valuation, internal financing, cost of capital and long-term financing, are the major areas covered. Tax management is covered relating to capital gains, delaying the tax, merger taxation, and inventory. Prerequisite: FI 393.

FI 631. **Seminar in Finance.** 3 semester hours.

Selected topics in applied finance; current problems and problem-solving. The use of case analysis will be primary focus. The objectives include financial analysis, scenario analysis and written communication commensurate with a graduate-level business finance course.

FI 635. **Security and Portfolio Analysis.** 3 semester hours.

A study of basic investment instruments, markets for those instruments, and management of those instruments in a portfolio. Topics include portfolio theory, capital markets, equities, fixed-income securities, derivative assets, and portfolio management. Prerequisite: FI 393.

FI 680. **International Experience/Internship.** 3 semester hours.

Study abroad experience to include structured group visits to businesses and business centers; lectures delivered by managers involved in international trade, internship experiences, and/or structured participation in a university sponsored academic program. Also listed as AC 680, CIS 680, EC 680, MG 680, and MK 680 but creditable only in field for which registered. Prerequisite: approval of the department chair and internship coordinator.

FI 681. **Business Valuation.** 3 semester hours.

Study of the theory and practice of business valuation. Course coverage includes valuation of closely held businesses in the context of estate and gift taxes, mergers and acquisitions, fairness opinions, and other legal disputes. Also listed as ACI 681 but creditable only in field for which registered. Prerequisite: AC 392 or FI 394 or approval of department chair.

FI 685. **Venture Capital and Entrepreneurship.** 3 semester hours.

A review of principles of financial management that have special application to new ventures. Topics include working capital management and financial statement analysis. Special attention is given to sources of financing, including venture capital, the initial public offering, and the continuing need to raise debt or equity. Course objectives are met through case analysis and outside readings.

FI 686. **Mergers and Acquisitions.** 3 semester hours.

An examination of corporate mergers and acquisitions, including firm valuation, legal and tax environment, strategy, financial engineering, and takeover defenses.

FI 688. **Quantitative Finance.** 3 semester hours.

This course introduces the fundamental mathematical tools and financial concepts needed to understand quantitative finance, portfolio management and derivatives. Key topics include the random behavior of asset prices, the Black-Scholes model, the Black-Scholes formulae and the Greeks, early exercise and American options, how to delta hedge, fixed-income products and analysis: yield, duration and convexity, swaps, the binomial model and financial modeling in Excel VBA. It is expected that students will have significant experience using Excel spreadsheets. Also listed as CIS 688 and QM 688 but creditable only in field for which registered.

FI 698. **Independent Study/Research.** 3 semester hours.

Guided independent study and/or research in an area related to business management. Prerequisite: approval of the department chair.

MG 500. **MBA Prerequisite Review and Orientation.** 3 semester hours.

This prerequisite course will review analytical and quantitative skills, financial modeling, accounting statements, economic models and marketing strategy. The objectives include: review of skills and content necessary for further graduate study; identification of student deficiencies prior to pursuing further graduate study; and to serve as an orientation for students prior to beginning the Asian MBA program. *This course may not be used as elective credit in the MBA program.*

MG 593. **International Entrepreneurship and New Venture Development.** 3 semester hours.

This course focuses on issues related to managing entrepreneurial ventures in the global marketplace. The course will focus on managing the individual business enterprise as well as strategic business units of conglomerate corporations seeking to become involved in international ventures. Management, marketing, finance and cultural topics will be explored in depth.

MG 601. MBA Skills and Outcomes. 1 semester hour.

This course will be completed during the first two months of enrollment in the MBA program. The course addresses two objectives: (1) skills refresher for students who have been out of school for a period of time; and (2) to introduce and have students focus on the five learning outcomes that will be covered in the MBA program. These outcomes are to be able to identify, analyze and solve business related problems and to make effective decisions; to be able to communicate effectively; to be able to demonstrate qualities of leadership and teamwork; to be able to act professionally and ethically; and to be able to function ethically in a diverse, dynamic global economic environment. Lack of success in this course may serve as a predictor of lack of success in the remaining MBA program.

MG 610. **Business Ethics.** 3 semester hours.

Study of business responsibility with emphasis on the problems of responsible leadership in private enterprise organizations operating in a free society.

MG 620. **Management Seminar.** 3 semester hours.

A review of basic theories of management with a study of current problems facing the manager. Course objectives are accomplished through class discussion of relevant business problems and presentation of individual research papers.

MG 621. **Survey of Management Issues and Problems.** 3 semester hours.

A survey course of significant political, psychological, legal, technological, and/or economic issues facing organizations and/or the quality of work lives. Students will draw on current events and research and their own personal experiences within their organizations.

MG 622. Advanced Business Plans for New Ventures. 3 semester hours.

This course focuses on the development of an entrepreneurial business plan for a new business venture or existing business. The student will develop an extensive business plan that may be used for presentation to venture capital personnel when searching for funding of new ventures or existing businesses.

MG 623. Corporate Entrepreneurship/Intrapreneurship.

3 semester hours.

This course focuses on the concepts and skills necessary to establish and sustain entrepreneurial and creative functions within the existing corporation. Major topics include identifying promising business ideas, overcoming resistance to corporate entrepreneurship, evaluation of the fit between the venture and the organization, acquisition of support and resources within the organization.

MG 624. **Organizational Behavior.** 3 semester hours.

This course is an advanced study of leadership, group dynamics and teamwork, management communications, motivation, organizational change, conflict management, and professional ethics.

MG 627. **Research and Report Writing.** 3 semester hours.

A critical review of research methods in the business disciplines. Subjects discussed include nature and sources of secondary data, primary data collection techniques, research design, sample selection, and/or model building. Further, students will explore and prepare various accounting, financial, and general business forms, statements, and reports applicable to business research. Also listed as AC 627, CIS 627, EC 627, FI 627, and MK 627 but creditable only in field for which registered.

MG 640. **Management Policy.** 3 semester hours.

Synthesis of the materials in the functional and managerial areas from the viewpoint of top management. Course objectives are accomplished through relevant case studies. Prerequisite: must have completed 15 hours of graduate work prior to this course, including AC 626 or FI 630.

MG 642. **Problems in Small Business Operations.** 3 semester hours.

Investigation of problems peculiar to small business firms in the functional areas of accounting personnel, finance, production, marketing, and general management. Actual business consultation required.

MG 645. **Employment Relations.** 3 semester hours.

A course designed to analyze, synthesize, and evaluate the major federal and state laws that impact the modern work environment. Students will draw upon new insights in the human resources management discipline to summarize and evaluate the legislation and laws regulating the employee/employer relationship.

MG 648. **Human Resources Management.** 3 semester hours.

An intensive study of the personnel functions: recruitment, selection, training and development, performance appraisal, compensation, and labor relations. Particular attention will be given to motivational consequences of HRM activities. The impact of employment laws on the organization will also be discussed.

MG 665. **Issues in Health Care Management.** 3 semester hours.

A forum to increase understanding of contemporary issues related to health care management. The course surveys selected current issues in health care management and policy at the regional, national and international levels. The course will also focus on current thinking and debate regarding health care reform in the U.S., using the course text and other readings as resource material. Also listed as MK 665 but creditable only in field for which registered.

MG 675. **Seminar in Negotiation and Conflict Resolution Strategies.** 3 semester hours.

This course will explore the concept of negotiation in numerous business environments. Attention will be paid to topics such as strategies and tactics, nonverbal communication, and ethical and cultural aspects. Other forms of conflict resolution used in business, such as mediation and arbitration will also be addressed, and the design of conflict management programs will be examined. Also listed as MK 675 but creditable only in field for which registered.

MG 680. **International Experience/Internship.** 3 semester hours.

Study abroad experience to include structured group visits to businesses and business centers; lectures delivered by managers involved in international trade, internship experiences, and/or structured participation in a university sponsored academic program. Also listed as AC 680, CIS 680, EC 680, FI 680, and MK 680, but creditable only in field for which registered. Prerequisite: approval of the department chair and internship coordinator.

MG 691. **International Business.** 3 semester hours.

Course provides the opportunity to examine the management practices of executives in multinational firms. Students will analyze the policies and strategies employed by successful international firms in an increasingly global marketplace. Also listed as MK 691 but creditable only in field for which registered.

MG 695. **Strategic Planning for Health Care Management.**

3 semester hours.

A capstone course integrating the functional areas of health care management. The role and techniques of strategic planning in the health care industry will be emphasized. Course objectives will be accomplished through lecture, reading, simulation, case analysis and case presentation.

MG 698. **Independent Study/Research.** 3 semester hours.

Guided independent study and/or research in an area related to business management. Prerequisite: approval of the department chair.

MK 615. **Marketing Seminar.** 3 semester hours.

A study of marketing theory and the contributions of various behavioral sciences to the area of marketing.

MK 616. **Survey of Marketing Issues and Problems.** 3 semester hours.

A survey course of significant influences of facing marketing management. Student will draw on current events and empirical data to discuss current marketing opportunities and problems stemming from the external environment.

MK 627. **Research and Report Writing.** 3 semester hours.

A critical review of research methods in the business disciplines. Subjects discussed include nature and sources of secondary data, primary data collection techniques, research design, sample selection, and/or model building. Further, students will explore and prepare various accounting, financial, and general business forms, statements, and reports applicable to business research. Also listed as AC 627, CIS 627, EC 627, FI 627, and MG 627 but creditable only in field for which registered.

MK 635. **Marketing in a Global Economy.** 3 semester hours.

A conceptual and analytic approach to the identification of international marketing opportunities and the development of action strategies.

MK 650. **Marketing Communications.** 3 semester hours.

A managerial perspective of the marketing communication process. Includes a study of relevant buyer behavior concepts, resources and budgets, media, creative aspects, and effectiveness measurements as they relate to the task of marketing communications.

MK 660. **Marketing Strategy.** 3 semester hours.

Study of the entrepreneurial role and the development and management of new marketing firms and products.

MK 662. **Nonprofit Marketing.** 3 semester hours.

A study of marketing elements and strategies and how they can be applied to help public and private nonprofit organizations achieve various objectives.

MK 665. **Issues in Health Care Management.** 3 semester hours.

A forum to increase understanding of contemporary issues related to health care management. The course surveys selected current issues in health care management and policy at the regional, national and international levels. The course will also focus on current thinking and debate regarding health care reform in the U.S., using the course text and other readings as resource material. Also listed as MG 665 but creditable only in field for which registered.

MK 670. **Service Marketing.** 3 semester hours.

Developing, pricing, distribution, and promoting the service, control of quality of customer encounters through service automation and/or employee selection and training; place of marketing in service organization structure; strategic implications of structure of service industries.

MK 671. **Marketing for Health Care Management.** 3 semester hours.

An integrated course that provides health care management students an opportunity to analyze the unique marketing problems and opportunities facing the health care industry. Strategic marketing planning will be emphasized via development of a generic marketing plan. Course objectives will be accomplished through lecture, reading, discussion, care analysis and marketing plan development.

MK 675. **Seminar in Negotiation and Conflict Resolution Strategies.** 3 semester hours.

This course will explore the concept of negotiation in numerous business environments. Attention will be paid to topics such as strategies and tactics, nonverbal communication, and ethical and cultural aspects. Other forms of conflict resolution used in business, such as mediation and arbitration will also be addressed, and the design of conflict management programs will be examined. Also listed as MG 675 but creditable only in field for which registered.

MK 680. **International Experience/Internship.** 3 semester hours.

Study abroad experience to include structured group visits to businesses and business centers; lectures delivered by managers involved in international trade, internship experiences, and/or structured participation in a university sponsored academic program. Also listed as AC 680, CIS 680, EC 680, FI 680, and MG 680, but creditable only in field for which registered. Prerequisite: approval of the department chair and internship coordinator.

MK 687. **E-Marketing.** 3 semester hours.

This course is designed to provide an overview of electronic commerce with an emphasis on e-retailing, consumer behavior online, Internet advertising, and online market research. Web business strategies, international electronic customer relations, electronic customer interface, Internet pricing, distribution challenges, Internet branding, customer information systems and framing the marketing opportunity.

MK 691. **International Business.** 3 semester hours.

Course provides the opportunity to examine the management practices of executives in multinational firms. Students will analyze the policies and strategies employed by successful international firms in an increasingly global marketplace. Also listed as MG 691 but creditable only in field for which registered.

MK 698. **Independent Study/Research.** 3 semester hours.

Guided independent study and/or research in an area related to business management. Prerequisite: approval of the department chair.

QM 580. **Regression and Time Series Analysis.** 3 semester hours.

Extensive analysis of simple and multiple regression in both linear and nonlinear forms. Techniques of instrumental variables and model building. Extensions of regression to time-series and econometrics. Emphasis is on application of models to actual business problems. Prerequisite: six hours of statistics or equivalent.

QM 590. **Experimental Design and Advanced Statistical Process Control.** 3 semester hours.

Basic experimental design and statistical process control methods, including randomized block, factorial, nested, repeated measures, and Shewhart, CUSUM, EWMA, and retrospective control charts. Emphasis is placed on techniques commonly used in industrial data analysis. Prerequisite: QM 292, or equivalent.

QM 669. **Quantitative Techniques in Business.** 3 semester hours.

Matrix algebra, differential calculus, optimization techniques for functions of several variables and integral calculus. Prerequisite: MA 112 or equivalent.

QM 670. **Decision Theory.** 3 semester hours.

Quantitative techniques for decision making and optimization in business and economics; use of Baysian Analysis; game theory; queuing theory; linear programming theory; inventory control and simulation. Prerequisite: QM 295 or equivalent.

QM 688. **Quantitative Finance.** 3 semester hours.

This course introduces the fundamental mathematical tools and financial concepts needed to understand quantitative finance, portfolio management and derivatives. Key topics include the random behavior of asset prices, the Black-Scholes model, the Black-Scholes formulae and the Greeks, early exercise and American options, how to delta hedge, fixed-income products and analysis: yield, duration and convexity, swaps, the binomial model and financial modeling in Excel VBA. It is expected that students will have significant experience using Excel spreadsheets. Also listed as CIS 688 and FI 688 but creditable only in field for which registered.

QM 698. **Independent Study/Research.** 3 semester hours.

Guided independent study and/or research in an area related to business management. Prerequisite: approval of the department chair.

COLLEGE OF EDUCATION

The College of Education offers the following degree and certification programs:

Master of Arts in Education degree in school counseling, elementary education K-6, secondary education including P-12 education, instructional leadership and special education collaborative teacher K-6 and/or 6-12. For persons who hold the appropriate Alabama Class B professional certificate and who have completed the teaching experience as specified, or who qualify under the Track 2 School counseling option, program completion may qualify them for recommendation for the Alabama Class A professional certificate.

Master of Arts in Education degree for alternative Class A candidates in P-12 education and secondary education.

CACREP accredited Master of Arts degree in Community Counseling is appropriate for persons who plan to counsel in community and agency settings and who may wish to become licensed Professional Counselors.

Master of Arts degree in Health Promotion and Human Performance program is individually tailored to the needs of the student. This program provides an opportunity for advanced study for those individuals whose careers or personal interests require additional knowledge or research skills. The Health Promotion and Human Performance major is designed for individuals interested in the Exercise and Health Science professions.

Education Specialist degree for persons seeking Class AA professional certificate in educational administration. Persons seeking the Class AA certificate must hold the Class A certificate in educational administration or instructional leadership.

Graduate degree programs and graduate courses of study in education are subject to change without further notice in order to follow federal or state guidelines for professional educator certification, accreditation standards or licensure requirements. Candidates should consult their advisor in education to obtain a description of the most current offerings.

Candidates will not be permitted to receive credit for a 500-level course if they have received credit for the comparable senior-level undergraduate course.

Candidates interested in using PRAXIS II test results for program admission should refer to the Alabama State Department of Education for appropriate codes and minimum score requirements (www.alsde.edu).

The College of Education has the responsibility to ensure all candidates admitted to the Teacher Education Program (TEP) remain in good standing throughout their program. Teacher education candidates may be placed on probation, suspended, or removed from TEP by the college for issues including but not limited to grade point average deficiencies, dispositions, academic dishonesty, or institutional sanctions. Teacher education candidates must be in good standing in TEP to enroll in restricted courses including the internship.

Students pursuing non-teacher education majors in the College of Education may be placed on probation, suspended, or removed from a program by the departmental faculty for issues including but not limited to grade point average deficiencies, dispositions, academic dishonesty, or institutional sanctions.

ADMISSION

In addition to the general requirements for admission to graduate studies (See General Regulations and Procedures), programs within the College of Education have the following specific requirements:

Master of Arts in Education

Elementary Education (K-6):

- Test scores: a score of 388 on the Miller Analogies Test, a score of 800 on the Verbal and Quantitative portions of the Graduate Record Examination, or a passing score on the appropriate PRAXIS II subject area test.
- 2. Scholastic achievement: minimum overall grade point average of 3.0 (4.0) scale) on undergraduate work.
- 3. For students with less than the recommended grade point average or test score, consideration will be given based on GPA and test scores.
- 4. Preparation: hold baccalaureate-level professional certification in elementary education and satisfy the requirements for the Alabama Class B professional certificate.

Special Education: Collaborative Teacher K-6 and/or 6-12

- Test scores: a score of 388 on the Miller Analogies Test, a score of 800 on the Verbal and Quantitative portions of the Graduate Record Examination, or a passing score on the appropriate PRAXIS II subject area test.
- 2. Scholastic achievement: minimum overall grade point average of 3.0 (4.0) scale) on undergraduate work.
- For candidates with less than the recommended grade point average or test score, consideration will be given based on GPA and test scores.
- 4. Preparation: hold valid baccalaureate-level professional educator certification in an appropriate teaching field and satisfy the requirements for the Alabama Class B professional certificate.

Secondary Education, including P-12 education:

 Test scores: submission of satisfactory scores prior to admission on the Graduate Record Examination, the Miller Analogies Test, or a passing score on the appropriate PRAXIS II subject area test; recommended minimum of 388 on the MAT or 800 on the combined Verbal and Quantitative portions of the Graduate Record Examination. Candidates with less than the recommended grade point average or test score may be admitted based upon a sliding scale which specifies particular grade point averages and corresponding test scores.

- 2. Scholastic achievement: minimum overall grade point average of 3.0 (4.0 scale) on undergraduate work.
- 3. Preparation: hold valid baccalaureate-level professional educator certification in the appropriate teaching field and satisfy the requirements for the Alabama Class B professional certificate.

School Counseling (P-12)

- Test scores: submission of satisfactory scores prior to admission on either the Graduate Record Examination or on the Miller Analogies Test; recommended minimum of 388 on the MAT or 800 on the combined Verbal and Quantitative portions of the Graduate Record Examination. (See web site for sliding scale of acceptable test scores and grades.)
- Scholastic achievement: minimum overall grade point average of 3.0
 (4.0 scale) is recommended on undergraduate work. (See web site for sliding scale of acceptable test scores and grades.)
- 3. Preparation: hold valid Class B or Class A professional educator certification in a teaching field and complete two full years of full-time, satisfactory education experience at the P-12 level. Candidates without teacher certification and/or teaching experience may be admitted to the School Counseling major under the Track 2 Option by meeting the following additional requirements: minimum 2.75 cumulative undergraduate grade point average, passing score on the Basic Skills Assessment of the Alabama Prospective Teacher Testing Program, successful comletion of the prerequisite course EEX 340, Introduction to Students with Disabilities or an equivalent course, with a grade of "A" or "B," successful completion of the fingerprinting and background check required of school personnel in Alabama.
- 4. References: submit three (3) Recommendation for Admission forms that are available by calling the Department of Counselor Education.
- 5. Interview: successfully complete an interview with members of the counselor education faculty. After submission of the items listed above, schedule an interview by calling the Department of Counselor Education.
- 6. For program certification, all School Counseling candidates must achieve a passing score on the PRAXIS II School Guidance and Counseling Examination. In addition, Track 2 candidates must pass the National Counselor Examination for Licensure and Certification.

Instructional Leadership (P-12) Degree Program

 Test Scores: submission of satisfactory scores prior to admission on either the Graduate Record Examination, the Miller Analogies Test, or

- a passing score on the appropriate PRAXIS II subject area test; recommended minimum of 388 on the MAT or 800 on the combined Verbal and Quantitative portions of the Graduate Record Examination. (See web site for sliding scale of acceptable test scores and grades)
- 2. Scholastic achievement: minimum overall grade point average of 3.0 (4.0 scale) is recommended on undergraduate work.
- 3. Preparation: hold valid Class B or Class A professional educator certification in a teaching field or instructional support area.
- 4. Preparation: have a minimum of three full-time, satisfactory educational experience in a P-12 setting which must include P-12 teaching experience.
- 5. Portfolio: submit an admission portfolio for committee review. (See web site for portfolio requirements)
- 6. Interview: successfully complete an individual interview with University faculty and partner school districts.

Educational Specialist - Educational Administration

- 1. General Admission Requirements
 - a. A grade point average of 3.25 (4.0 scale) on all master's level coursework.
 - b. Satisfactory test scores on GRE, MAT, or a passing score on the appropriate PRAXIS II subject area test.
 - c. For candidates with less than the recommended grade point average or test score, consideration will be given based on grade point average and test scores.
 - d. Hold valid master's level professional educator certificate in the appropriate instructional support field.

Alternative Class A Program (Secondary Education Majors only)

- Test scores: submission of at least a minimum score of 388 on the Miller Analogies Test, a minimum score of 800 on the Verbal and Quantitative portions of the Graduate Record Examination, or a passing score on the appropriate PRAXIS II subject area test prior to admission.
- 2. A bachelor's or higher degree from a regionally accredited university with a minimum grade point average overall of 2.5 (4.0 scale) on the official transcript from the degree granting institution.
- 3. Preparation: must have completed 64 hours of general studies as an undergraduate, including courses in the humanities, social sciences, science, and mathematics. Additional prerequisites may be required if the applicant did not major in the field of certification.
- 4. Must have departmental approval.

Master of Arts Degree

Community Counseling

- 1. Test scores: submission of satisfactory scores prior to admission on either the Graduate Record Examination or the Miller Analogies Test; recommended minimum score of 388 on the MAT or 800 on the combined Verbal and Quantitative portions of the Graduate Record Examination. (See web site for sliding scale of acceptable test scores and grades.)
- 2. Scholastic achievement: minimum overall grade point average of 3.0 (4.0 scale) is recommended on undergraduate work. (See web site for sliding scale of acceptable test scores and grades.)
- 3. Preparation: must hold a bachelor's degree from a regionally accredited institution.
- 4. References: submit three (3) Recommendation for Admission forms that are available by calling the Department of Counselor Education.
- Interview: successfully complete an interview with members of the counselor education faculty. After submission of the items listed above, schedule an interview by calling the Department of Counselor Education.

Health Promotion and Human Performance*

- 1. Test scores: submission of satisfactory scores of 388 on the Miller Analogies Test or 800 on the combined Verbal and Quantitative portions of the Graduate Record Examination. International students MUST submit satisfactory scores of 800 (combined Verbal and Quantitative) on the Graduate Record Examination AND scores of either 550 (paper-based), 213 (computer-based) or 79 (internet-based) on the TOEFL examination. Candidates with less than the recommended grade point average or test score may be admitted based upon a sliding scale which specifies particular grade point averages and corresponding test scores.
- 2. Scholastic achievement: minimum overall grade point average of 3.0 (4.0 scale) on undergraduate work.
- If candidate meets both standards (MAT/GRE score and undergraduate grade point average requirements), he/she may be unconditionally admitted.
- 4. If a candidate meets only one of the prescribed standards for admission he/she may be conditionally admitted as outlined in item number 1.
 - a. The candidate must then successfully complete 12 hours achieving a grade point average of 3.0 or above.

^{*}A program of study should be planned with the adviser and submitted to the Dean of the College of Education during the first year of enrollment in the program. The Health, Physical Education and Recreation Graduate Committee will determine any prerequisite courses that students must take prior to admittance to the Health Promotion and Human Performance program.

- 5. Preparation: must hold a bachelor's degree from a regionally accredited institution and have completed 64 hours of general studies as an undergraduate, including courses in the humanities, social sciences, science and mathematics. Additional prerequisites may be required if the applicant did not major in the field of study. NOTE: International students MUST submit either a WES or ECE evaluation to determine if any additional prerequisite courses are needed.
- 6. Must have departmental approval.

ADVISEMENT

Upon admission to programs in education, each candidate is assigned a major field adviser who will assist the candidate in planning the program of study, approve the program, and provide continuing supervision and guidance. Candidates admitted to secondary education programs are also assigned a teaching field adviser who will assist in planning the teaching field program.

CERTIFICATION

The issuance of professional certificates for teachers and other public school personnel is a function of the Alabama State Department of Education under the authority of and according to regulations and procedures approved by the Alabama State Board of Education and contained in the *Administrative Code*. The University of North Alabama cannot assume responsibility for changes in certification requirements due to the changes in the State Board of Education policy.

Students successfully completing the approved programs described in this catalog must also meet all Alabama State Department of Education regulations for the appropriate certificate including experience, background clearance and testing requirements.

Graduates are encouraged to apply for certification upon program completion. If graduates apply for certification at a later date, all certification requirements in place AT THE TIME THE APPLICATION IS FILED must be met, even if they are different from those in place at the time of program completion.

Application for certification is made through the Office of the Certification Officer and must be accompanied by a cashier's check or money order made payable to the State Department of Education in the amount of \$30.00. Students who intend to use graduate work at the University of North Alabama to apply for certification in another state should apprise themselves in advance of the requirements and procedures of the particular state.

If an individual admitted to a Class A program based on a bachelor's level professional educator certification from another state completes a Class A program and subsequently applies for Alabama certification at the Class A level, then the individual must earn Alabama Class B certification before applying for Class A certification.

EXAMINATIONS

In addition to other course and program requirements, satisfaction of requirements for a degree or certification program includes the passing of a final comprehensive College of Education assessment completed during the final term of the program. Secondary and P-12 candidates must also earn a passing score on a comprehensive assessment in the specific teaching field(s). Candidates should see the department chair in the teaching field to schedule the comprehensive assessment.

DEGREE AND PROGRAM PLANS

Master of Arts in Education Degree

The Master of Arts in Education degree is awarded in the following major fields: school counseling, instructional leadership, elementary education K-6, P-12 education, secondary education, and special education: collaborative teacher K-6 and/or 6-12. Programs range from 33-48 semester hours. See specific program requirements below.

1.

2.

-1	mester flours: see speeme program requirements below.					
	Ele	Elementary Education (K-6) (SBE/NCATE Approved)				
	Ele	Elementary Education				
	a.	a. Prerequisite: valid Class B professional certificate in the elementary field.				
	b.	Required courses:				
		(1) EED 000, ECE 603, ECE 604, ED 601, ED 605, ED 655, EED 611, EED 678				
		(2) EEX 605 (required if not previously completed) or an adviser-approved graduate-level elective				
		(3) Four courses from among EED 608, EED 612, EED 613, EED 615, ES 615, GE 601 or GE 602 or GE 603 or GE 604, MA 601				
		NOTE: Elementary education candidates may select a technology option. See academic advisor for specific requirements.				
,		Secondary Education (6-12) (SBE/NCATE Approved)				
		condary Education				
	a.	Prerequisite: valid Class B professional educator certificate in the field of study.				
	b.	Required courses:				
		 (1) ED 000, ED 601, ED 603, ED 605, ED 634, ED 655 15 (2) EEX 605 (if requirement has been satisfied, a three-hour education or teaching field elective is required) 3 (3) GUD 604 FD 643 FD 644 				
		(3) CHD 604 or ED 643 or ED 644				
	C.	Content for teaching specialty (six hours must be at the 600-level)				
		NOTE: Secondary education candidates may select a technology option. See academic advisor for specific requirements.				

Bio	logy (SBE/NCATE Approved)
a.	Prerequisite: valid Class B professional educator certificate in the field.
b.	Subject area adviser-approved graduate coursework in biology; six hours must be at the 600-level
Bus	siness/Marketing Education (SBE/NCATE Approved)
a.	Prerequisite: valid Class B professional educator certificate in the field.
b.	Required courses (12 hours): (1) CIS 575 or equivalent
Cho	emistry (SBE/NCATE Approved)
a.	Prerequisite: valid Class B professional educator certificate in the field.
b.	Subject area adviser-approved graduate coursework in chemistry; six hours must be at the 600-level
Eng	glish/Language Arts (SBE/NCATE Approved)
a.	Prerequisite: valid Class B professional educator certificate in the field.
b.	Adviser-approved graduate coursework from any two of the following fields: English, theatre, communications; six hours must be at the 600 level
Ge	neral Science (SBE/NCATE Approved)
a. b.	Prerequisite: Class B professional certificate in the field. Subject area adviser-approved graduate coursework in general science. Must select at least one course from two of the following areas: biology, chemistry, earth science, physics; six hours must be at the 600-level
Ge	ography (SBE/NCATE Approved)
a. b.	Prerequisite: Class B professional certificate in the field. Required coursework:
	 (1) GE 604
His	tory (SBE/NCATE Approved)
a.	Prerequisite: Class B professional certificate in the field.
b.	Subject area adviser-approved graduate coursework in history; six hours must be at the 600-level
Ma	thematics (SBE/NCATE Approved)
a.	Prerequisite: Class B professional certificate in the field.
b.	Subject area adviser-approved graduate coursework in mathematics: six hours must be at the 600-level:

Phy	ysics (SBE/NCATE Approved)
a.	Prerequisite: Class B professional certificate in the field.
b.	Subject area adviser-approved graduate coursework in
	physics; six hours must be at the 600-level
Soc	cial Science (SBE/NCATE Approved)
a.	Prerequisites: Class B professional certificate in the field.
b.	Subject area adviser-approved graduate coursework from
	among any two of the following fields: geography, history,
	political science, sociology; six hours must be at the 600-
	level
	glish to Speakers of Other Languages (ESOL) (P-12)(SBE/NCATE proved))
a.	Prerequisite: Class B professional certificate in any teaching field.
b.	Required courses:
	(1) ED 000, ED 601, ED 603, ED 605, ED 634, ED 655 15
	(2) CHD 604 or ED 644
	level)
	(4) *ED 515, ED 608, ED 610, ED 621, *EN 541, *EN 542, EN
	641
Mu	usic—Instrumental (P-12) and Choral (P-12) (SBE/NCATE Approved)
a.	Prerequisites: valid Class B professional educator certificate in the field and MU 383 or MU 384.
b.	Required courses:
	(1) ED 000, ED 601, ED 603, ED 605, ED 634, ED 655 15
	(2) CHD 604 or ED 643 or ED 644
	(3) EEX 605 (If requirement has been satisfied, a three-hour
	elective is required)
	(4) MU 641, MU 661, MU 681 6 (5) Subject area adviser-approved graduate coursework
	in music
Phy	ysical Education (P-12) (SBE/NCATE Approved)
a.	Prerequisite: valid Class B professional educator certificate in the field.
b.	Required professional education courses:
~.	(1) ED 000, ED 601, ED 603, ED 605, ED 655, HPE 634 15
	(2) CHD 604 or ED 643 or ED 644
	(3) EEX 605 (if requirement has been satisfied, a three-hour
	elective is required)3
	(4) Adviser approved graduate coursework related to
	physical education (HPE or SRM); six hours must be at
	the 600-level12

^{*}If EN 541, EN 542 and ED 515 were taken as undergraduate courses, adviser-approved electives must be taken to bring the total teaching field hours to a minimum of 15 hours.

3.	Special Education: Collaborative Teacher K-6 and/or 6-12 (SBE/NCATE Approved)				
	Spe	ecial Education			
	a.	Prerequisite: valid Class B professional educator certificate in any field or level.			
	b.	Required professional education courses for K-6 and/or 6-12: (1) EED 000, EEX 610, EEX 615, EEX 617, EEX 620, EEX 630, EEX 635, EEX 640, EEX 642, EEX 654, EEX 678			
4.	Ins	tructional Support Programs (P-12)			
		nool Counseling (P-12) (SBE Approved)			
	a.	Prerequisite: valid Class B professional educator certificate in any teaching field and two full years of full-time satisfactory educational experience at the P-12 level or qualify for the CACREP Track 2 option.			
	b.	Recommended for admission by the counselor education faculty.			
	C.	Required professional education courses: (1) ED 601			
5.	Ins	tructional Support Programs (P-12)			
		2 Instructional Leadership (Master's degree program) Prerequisite: valid Class B or Class A professional educator certi-			
	b.	fication in teaching field or instructional support area. Required professional education courses: (1) ED 601			

(4)	ED 655
(5)	EEX 605 (if not previously completed)0-3
(6)	IL 690, IL 691, IL 692, IL 693, IL 694, IL 695, IL 696 21

Master of Arts in Education Degree

(Alternative Plan) (SBE/NCATE Approved)

The alternative Class A program leading to the M.A.Ed. degree and Class A professional certification is offered to individuals who have completed a baccalaureate degree from a regionally accredited institution. Admission requirements are listed below.

1. General Admission Requirements

- a. A score of 388 on the Miller Analogies Test, a score of 800 on the verbal and quantitative portions of the Graduate Record Examination, or a passing score on the appropriate PRAXIS II subject area test prior to conditional admission.
- b. A bachelor's or higher degree from a regionally accredited university with a minimum grade point average overall of 2.5 (4.0) on the official transcript from the degree granting institution.
- c. A passing score on the three basic skills assessments in the Alabama Prospective Teacher Testing Program: Applied Mathematics, Reading for Information and Writing prior to unconditional admission.
- d. Admission to UNA teacher education program (TEP) is required before any field experience is permitted. Admission includes ABI/FBI background clearance (fingerprinting), a successful TEP interview, and documentation of a Spanish Experience (either coursework or experience in a Spanish-speaking country).
- Additional requirements applicable to persons who have completed at least a baccalaureate degree in a subject for which teacher certification exists.
 - a. Completion of a 64-semester-hour general studies requirement including humanities, social science, science, and mathematics courses.
 - b. Completion of a single or comprehensive teaching field major required for undergraduate certificate. (Varies depending upon the field of study.)
- Additional requirements to persons who have completed at least a
 baccalaureate degree in a field for which Alabama teacher certification does not exist and to persons who wish to earn teacher certification in a field which differs from their baccalaureate degree.
 - a. Completion of a 64-semester-hour general studies requirement including humanities, social science, science, and mathematics courses.

- b. Verification of competence at the undergraduate level in teaching field. Since the undergraduate requirements vary, students may be required to complete additional undergraduate coursework. Alternative A candidates should see the Coordinator of the Alternative A Program for the minimum number of hours required for each specific major.
- 4. Application forms for admission to student internship are to be secured from and filed with the Certification Officer in the semester prior to student teaching. A deadline will be posted in August for enrollment in the following spring term and in January for enrollment in the following fall term. Applications filed after the stated deadline must be accompanied by a late application fee of \$50. The intern shall not be enrolled in other courses during the internship. All required coursework must be completed before enrollment in the internship is permitted. A passing score on the PRAXIS II Subject Assessment is required before enrollment in internship is permitted. A grade point average of 3.0 or better on all graduate work is required to enroll in the internship.

The degree requirements include a grade point average of 3.0 on a 4.0 scale for all work completed on the degree program and successful completion of a comprehensive assessment.

The major areas of study include P-12 English for speakers of other languages (ESOL), instrumental music, P-12 choral music, and P-12 physical education; and secondary education programs in biology, business and marketing education, chemistry, English/Language arts, general science, history, mathematics, and social science.

Program course requirements are as follows:

Secondary Education, P-12 English for speakers of other languages (ESOL), Music and Physical Education. ED 382 and ED 401 (to be taken prior to graduate courses), ED 480W (to be taken prior to the internship semester), ED 000, ED 578, ED 581, ED 601, ED 603, ED 605, ED 634, ED 655, EEX 605; a minimum of 15 semester hours of major field, adviser-approved graduate courses of which at least six hours must be at the 600-level; 9 semester hours ED 582 (6-12 majors) or 6-9 semester hours ED 584 (P-12 majors).

Additional Requirements for English/Language Arts: A minimum of one course must be successfully completed in each of the following fields, with at least two fields represented at the graduate level: communication, English, journalism, and theatre.

Additional Requirements for General Science: A minimum of one course must be successfully completed in each of the following fields, with at least two fields represented at the graduate level: biology, chemistry, earth science, and physics.

Additional Requirements for Social Science: A minimum of one course must be successfully completed in each of the following fields, with at least two fields represented at the graduate level: economics, geography, history, and political science.

Master of Arts Degree

Community Counseling and Health Promotion and Human Performance programs leading to the M.A. degree are offered. These programs, which are individually tailored to the needs of the student, provide an opportunity for advanced study for those individuals whose careers or personal interests require additional knowledge or research skills. The CACREP accredited Master of Arts degree in Community Counseling is appropriate for persons who plan to counsel in community and agency settings and who may wish to become Licensed Professional Counselors. The Health Promotion and Human Performance major is designed for individuals interested in the Exercise and Health Science professions.

A minimum of 48 semester hours is required in the **Community Counseling Program**. The program requirements are as follows:

- a. Recommended for admission by counselor education faculty.
- b. Required professional education courses:

 - (2) CHD 000, CHD 600, CHD 602, CHD 604, CHD 606, CHD 608, CHD 615, CHD 621, CHD 631, CHD 655 CHD 656, CHD 678, CHD 688, CHD 689......42

A minimum of 33 semester hours is required in the **Health Promotion** and **Human Performance Program**. The program requirements are as follows:

HPE 502, HPE 510, HPE 530, HPE 594, HPE 600, HPE 660, HPE 670 and 12 hours of electives prescribed by the adviser.

The written program of study must be approved by the faculty adviser and the Dean of the College of Education.

All academic regulations for the degree and the program general requirements, including the maintenance of appropriate grade point averages and the completion of a comprehensive written examination for the degree, are applicable.

Education Specialist Degree

The Education Specialist degree is awarded in the field of Educational Administration. A minimum of 33 semester hours of credit is required for completion of this program.

Educational Administration — Class AA (SBE/NCATE Approved)

- 1. General Admission Requirements
 - a. A grade point average of 3.25 (4.0 scale) on all master's level coursework.
 - Satisfactory test scores on the GRE, MAT, or a passing score on the appropriate PRAXIS II subject area test. (See web site for Sliding Scale)
 - c. For students with less than the recommended grade point average or test score, consideration will be given based on GPA and test scores.

- d. A passing score on the PRAXIS II in Educational Administration. Candidates holding valid Alabama Class A certification who are upgrading in the same area should contact the Office of Teacher Certification to verify testing requirements for certification have been met.
- e. Hold valid master's level professional educator's certificate in the appropriate instructional support field.
- Required courses: ED 000, EDL 701, EDL 702, EDL 703, EDL 704, EDL 705, EDL 706, EDL 707, EDL 708, EDL 709, EDL 710, EDL 711, EEX 605 (if not previously completed)...33-36

COURSES OF INSTRUCTION Counseling Counseling and Human Development

CHD 000. **Counselor Education Orientation.** 0 semester hours.

All Counselor Education students are required to take this orientation as soon as possible following admission to the Counseling Program. The purpose of CHD 000 is to provide orientation to the library, the American Counseling Association Code of Ethics, and policies and procedures of the Counselor Education Program. A grade of S (satisfactory) is given to students who complete the orientation. No credit hours are given for the course. (Fall, Spring, Summer)

CHD 600. **Professional Identity and Ethics for Community Counselors.** 3 semester hours.

A study of the history and current trends in Community Counseling; ethical and legal issues; professional counselor roles, standards and functions; professional organizations and credentialing practices. (Fall)

CHD 602. **Fundamentals of Counseling.** 3 semester hours.

Counselor and consultant characteristics and behaviors that influence helping processes; practice and application of essential interviewing and counseling skills; facilitation of self-awareness; ethical and legal considerations. Characteristics of fully functioning individuals will be emphasized. (Fall, Spring)

CHD 604. **Human Growth and Development.** 3 semester hours.

An in-depth study of physical, mental, social, and emotional development from conception to death, with emphasis on age-levels generally encountered in school and community settings. (Fall)

CHD 606. **Theories and Techniques of Counseling.** 3 semester hours.

A study of major counseling theories and related techniques and procedures; basic skills for individual counseling, developmental issues, values, and behavior for various population segments; counseling materials and resources; consultation; ethical and professional practices in counseling. (Fall)

CHD 608. **Group Counseling.** 3 semester hours.

Introduction to group process and practice; forming and working with groups; group leadership skills; counseling special groups; group dynamics; ethical and professional issues in group counseling; laboratory experience in group techniques. Prerequisites: CHD 602 and 606. (Summer)

CHD 615. **Multicultural Counseling.** 3 semester hours.

Study of the issues and trends in a multicultural and diverse society and special counseling considerations for groups who differ on factors such as age, race, religious preference, physical disability, sexual orientation, ethnicity and culture, family patterns, gender, socioeconomic status and intellectual ability. (Spring)

CHD 621. **Fundamentals of Appraisal.** 3 semester hours.

Demonstration and practice in evaluating, selecting, administering, and interpreting standardized tests; introduction to various psychodiagnosis methods including the clinical interview, the DSM-IV, the MMPI, and other objective personality inventories. Study of principles and purposes of assessment and appraisal, origins and development of assessment, statistical concepts basic to appraisal, and responsible use of data. Develops the basic skills for presenting assessment information in a professional setting. Relevant theoretical testing approaches are discussed. (Spring)

CHD 625. Addictions Counseling. 3 semester hours.

An overview of substance and behavioral addictions; models, theories, assessment, and treatment of addictive behaviors are explored. Interviewing skills that assess the severity of addiction and the receptiveness to treatment will be reviewed and practiced. Effective recovery and relapse prevention programs will be considered.

CHD 631. **Counseling for Career Development.** 3 semester hours.

Career development and adjustment theories; the world of work; organization of career resources and information; counseling for career planning and placement; ethical and professional practices. (Spring)

CHD 641. **Development and Management of School Counseling Programs.** 3 semester hours.

An examination of the organization and implementation of the counseling and guidance functions of school counselors. This course integrates the role of the school counselor with that of other instructional and administrative personnel in the public and private schools. (Summer, odd numbered years)

CHD 642. **Professional Identity and Ethics for School Counselors.** 3 semester hours.

A study of the history of the school counseling profession; ethical and legal issues in school counseling; professional

school counselor roles, standards and functions; professional organizations and credentialing practices. (Summer, even numbered years)

CHD 645. **Child and Adolescent Counseling.** 3 semester hours.

A study of individual and group counseling approaches with children and adolescents, including play therapy, activity counseling, and peer helping; developmental issues/problems, (e.g. victims of abuse, ADD, substance abuse, eating disorders) affecting functioning of children and adolescents; and coordination, consultation, and referral practices. Prerequisites: CHD 602 and CHD 606. (Spring)

CHD 655. **Diagnosis and Treatment Planning in Counseling.** 3 semester hours.

A study and application of the principles of diagnostic approaches, emphasizing the multiaxial system of the current Diagnostic and Statistical Manual. Emphasis on diagnostic criteria, biopsychosocial assessment, case conceptualization, comprehensive treatment planning, diagnostic interviewing, developmental crises, and cultural considerations. Prerequisites: CHD 602 and 606. (Spring)

CHD 656. **Contemporary Practices in Community Counseling.** 3 semester hours.

Seminar designed to provide in-depth study of topics and modalities relevant to clientele served by community agencies and other human services organizations. Emphasis on serving individuals, couples, families, groups, and other systems with crisis, belief, intermediate, or long-term approaches. Assessment of community needs and agency resources to facilitate the development, implementation, and assessment of program development and service delivery. (Summer)

CHD 661. Family Counseling. 3 semester hours.

A study of family counseling models, including study of family systems and major family theoretical approaches; interactional patterns of the individual and the family through various stages of the life cycle; and contemporary individual and family issues. Prerequisites: CHD 602 and 606. (Fall)

CHD 678. **Practicum in Counseling.** 3 semester hours.

Supervised laboratory and field experiences for advanced majors. Emphasis placed upon the application of concepts, skills, and principles learned in previous coursework. Enrollment with permission of instructor. Prerequisites: CHD 600 and 608. (Fall, Spring, Summer)

CHD 688. **Internship in Counseling.** 3 semester hours.

Supervised experience in a school or community setting under the cooperative direction of a qualified counselor and the university instructor. Experiences to include individual and group counseling, consultation, assessment, and other typical counselor duties as practiced in the internship site. Prerequisite: CHD 678. (Enrollment with the approval of instructor only; Fall, Spring, Summer)

CHD 689. **Internship in Counseling.** 3 semester hours.

Supervised experience in a school or community setting under the cooperative direction of a qualified counselor and the university instructor. Experiences to include individual and group counseling, consultation, assessment, and other typical counselor duties as practiced in the internship site. Prerequisite: CHD 678. (Enrollment with the approval of instructor only; Fall, Spring, Summer)

CHD 691. **Special Topics in Counseling.** 3 semester hours.

Extensive research and writing project accomplished with the advanced approval and careful supervision of the faculty.

CHD 693. **Supervised Individual Study in Counseling.** 3 semester hours.

Provision of a thorough theoretical and practical foundation for the student pursuing an approved project or working in a specialized counseling context. Concurrent study and professional involvement in a position requiring substantial responsibility and innovation. Project individually arranged in conjunction with student, instructor, and on-site supervisor. May involve the writing of a proposal plan, evaluation instrument, and/or needs assessment.

Early Childhood Education

ECE 603. **Behavior of the Young Child.** 3 semester hours.

Basic presentation of research required to assess the needs, motivations, and capacities of children aged birth through eight. Methods of reading research literature and interpretation of the underlying dynamics of the research studies, as well as reporting summaries of studies in child behavior.

ECE 604. **Family Involvement in the Education of the Young Children.** 3 semester hours.

Study of the interrelationships which exist in the educational triad of parent-child-school and techniques for analyzing, planning, and otherwise facilitating effective family involvement in the educational process.

ECE 609. **Early Childhood Programs.** 3 semester hours.

Study of programs in early childhood education focusing on the historical and philosophical background of organization, management, and function of the many varied programs for young children. ECE 637. Current Trends and Issues in Early Childhood Education.
3 semester hours.

Extensive study of the development of trends and issues in the field of early childhood education. Analysis and evaluation will be utilized in determining possible future trends and in assessing strengths and weaknesses of existing programs.

ECE 673. **Methods and Materials in Early Childhood Education.** 3 semester hours.

Study of the principles and techniques of teaching the young child with attention given to learning activities and materials suitable for teaching at this level. Practicum experiences will be included.

Education

ED 000. All Graduate Education candidates are required to attend this orientation for admission to graduate programs in Education. Candidates should take ED 000 the first semester after admission to Graduate School. The purpose of ED 000 is to provide candidates with information concerning the College of Education Conceptual Framework and the use of technology. Policies and procedures for graduate programs will also be reviewed. A grade of **S** (satisfactory) is given to the candidates who complete the orientation. No academic credit is given for this course.

ED 515. Methodology and Assessment of Teaching English as a Second Language. 3 semester hours.

This course examines the best practices of teaching and assessing ESL/LEP candidates and allows opportunities to apply this knowledge. This course will also review and evaluate current ESL instructional materials and examine and apply ways to modify and adapt content materials to better serve candidates who have limited English proficiency.

ED 578. **Teaching Reading in the Content Areas.** 1 semester hour.

The identification and evaluation of reading skills with an emphasis on developing competencies and constructing reading exercies to improve skills using the content materials of secondary school subjects. (Fall, Spring, Summer)

ED 581. **Educational Technology.** 3 semester hours.

An introduction to the role of technology as a teaching, learning and management tool in today's classroom. The course will develop skills needed to integrate the current technology into the instructional process, with special emphasis on using instructional software in the secondary classrooms. (Fall, Spring, Summer)

ED 582. **Internship Grades 6-12.** 9 semester hours.

Supervised observation and teaching in Grades 6-12 classes; the study and use of materials of instruction, and the use of teaching methods. Special fee: \$60.00. (Fall, Spring)

ED 584. **Internship Grades P-12.** 6-9 semester hours.

Supervised observation and teaching in learning situations from the pre-school through the twelfth grade; the study and use of materials, and the use of appropriate teaching methods. Special fee: \$60.00. (Fall, Spring)

ED 601. **Methods of Educational Research.** 3 semester hours.

Study of the methods and techniques of research used in the education and social sciences. Attention is given to the theoretical and practical basis of research along with the fundamentals of problem identification, hypothesis, sampling, instrumentation, and data collection. Data analysis includes descriptive statistics, use of test scores, t test, and an introduction to ANOVA. NOTE: Recommended the first semester of graduate studies; required before the completion of nine semester hours.

ED 603. **Psychology of Learning.** 3 semester hours.

This course is a study of the assumptions about learning which underlie various educational practices. It is designed to acquaint students with different theories of learning and to provide students with an opportunity to explore some of the current trends in learning theory and research as they apply to education. Also listed as NU 600 but creditable only in field for which registered.

ED 605. **Curriculum Development.** 3 semester hours.

Curricular practices designed to produce intended outcomes with students enrolled in the various levels of the school organization will be examined. Current research, theory and practice for curriculum design and development will be analyzed and evaluated for application with the exponent of curricula preparation for a specific student population.

ED 608. **Advanced Topics in ESOL.** 3 semester hours.

This course will introduce and provide analysis of the main issues and theories in second language acquisition and analyze the instructional implication of the issues and theories of second language acquisition.

ED 610. **Multicultural Issues of Teaching ESOL.** 3 semester hours.

This course, Multicultural Issues of Teaching English Language Learners, is designed to provide the candidate who seeks Class A certification in English for Speakers of Other Languages with the knowledge and understanding of language acquisition and development, the nature and role of culture and cultural groups to construct learning environments that support the cultural identities, language and literacy development, and contentarea achievement of English language learners. Candidates will also gain knowledge of how cultural identities, both group and individual, affect language learning and school achievement, resulting in improved achievement for all candidates.

ED 621. **Practicum in ESOL (P-12).** 3 semester hours.

Supervised observation and teaching of English language learners. Within the internship, candidates will demonstrate the ability to apply methods of working with English language learners in the classroom. Candidates will be placed in a P-12 setting.

ED 634. Advanced Methods of Teaching in Grades 6-12.

3 semester hours.

Intensive study of current literature and analysis of research applied to classroom teaching.

ED 643. **History and Philosophy of Education.** 3 semester hours.

Development of education with emphasis on the accompanying political, economic, scientific, psychological, and philosophical movements. The chief principles of modern philosophies of education will be analyzed and evaluated, with particular emphasis on the democratic philosophy.

ED 644. **Ethics and Education.** 3 semester hours.

Examination of historical and modern ethical systems and the application to current problems and issues in education.

ED 655. **Evaluation in Modern Education.** 3 semester hours.

Principles and procedures for developing evaluation programs, including evaluation of pupils, programs, curricula, and teaching.

Educational Administration Class AA Certificate Ed.S. Degree

EDL 701. **Leadership Development.** 3 semester hours.

A comprehensive analysis of self for identification and assessment of strengths and potential of the emerging leader as a basis for personal leadership development.

EDL 702. Advanced Research and Evaluation in Education.

3 semester hours.

Research and evaluation for decision making and problem solving, including information gathering strategies and instruments, problem solving strategies and decision making strategies for development of school programs and functions, including organizational development and human resource development. Prerequisite: ED 601 or equivalent.

EDL 703. **Law, Policy & Governance.** 3 semester hours.

Knowledge and processes utilized in formulating, implementing, managing, maintaining, assessing, evaluating, and revising educational policy and governance.

EDL 704. **Organizational Behavior.** 3 semester hours.

The development of knowledge and skills in organizational behavior and development focusing on preparing the school leader to explain, predict and influence individual and group behavior for educational improvement in the context of the highly interpersonal, multi-public school institution.

EDL 705. **Fiscal & Physical Resource Management.** 3 semester hours. Knowledge, processes and procedures utilized in effec-

tive management of financial and physical resources of an educational operation.

EDL 706. **Social/Cultural Environment of Education.** 3 semester hours.

Strategies and processes to assess perceptions of society, understand diversity, develop networks and create an educational climate embodying high expectations of those involved and served.

EDL 707. Mentoring: Strategies for Workplace Learning.

3 semester hours.

The development of knowledge and skills related to a mentor-protégé relationship as a teaching/learning strategy for school leaders that focuses on the examination of mentor behavior and protégé development through research, observation and practice.

EDL 708. **Instruction and Learning Environment.** 3 semester hours.

The development of knowledge and skills in instructional leadership focusing on the evaluation of applied research and reflective thought to the practice of upgrading, expanding, and enhancing the quality of teaching and learning environment.

EDL 709. Advanced Curriculum Design and Evaluation.

3 semester hours.

The development of knowledge and skills in curricular leadership that focuses on acquiring and utilizing content knowledge, curriculum knowledge, and processes to support development of programs appropriate to varying school contexts.

EDL 710. **Problem Analysis in Educational Leadership I.**

3 semester hours.

Problem finding and development of procedures for undertaking a problem analysis project in a school setting. Prerequisite: 27 hours of 600-level Leadership courses.

EDL 711. Problem Analysis in Educational Leadership II.

3 semester hours.

The production of a major problem analysis project relevant to the need(s) of the student's school or school district through integration of theory and practice.

Education Technology

EDT 601. **Computer-Based Instructional Technologies.** 3 semester hours. This is the first course, in a series of three, to familiarize classroom teachers with computer-based instructional

technologies as they are applied in the educational environment. This course provides opportunities for teachers to become reflective decision makers as they explore ways to enhance their teaching strategies with computer-based technologies. Special fee: \$30.00.

EDT 602. Current and Emerging Instructional Technologies.

3 semester hours.

This is the second course, in a series of three, to familiarize classroom teachers with computer-based instructional technologies as they are applied in the educational environment. This course provides opportunities for teachers to become reflective decision makers as they explore opportunities to incorporate current and emerging technologies in the classroom. Special fee: \$30.00.

EDT 603. **Curriculum Integration of Technology.** 3 semester hours.

This is the third course, in a series of three, to familiarize classroom teachers with computer-based instructional technologies as they are applied in the educational environment. This course provides opportunities for teachers to become reflective decision makers as they develop the necessary skills to infuse technology into the curriculum. Special fee: \$30.00.

Education for Students with Disabilities

EEX 605. **Survey of Students with Disabilities.** 3 semester hours.

Introduction to the definitions, causes, characteristics and programs for students with cognitive, behavioral, social and physical disabilities.

EEX 610. Introduction to Students with Mild/Moderate Disabilities.

3 semester hours.

Introduction to literature, etiology, definitions, and characteristics of students with mild/moderate cognitive, learning, and behavioral disabilities.

EEX 615. Introduction to Students with Severe Disabilities.

3 semester hours.

Introduction to the literature, etiology, definitions, and characteristics of students with physical and multiple severe cognitive and behavioral disabilities.

EEX 617. Reading Instruction for Students with Disabilities.

3 semester hours.

Study of methods and techniques useful in the development and implementation of individualized reading programs for students with disabilities.

EEX 620. **Educational Assessment.** 3 semester hours.

Introduction to norm-referenced and curriculum-based evaluation instruments for assessing teaching and learning. Emphasis on techniques and methods for developing and monitoring individualized programs for students with disabilities.

EEX 630. **Collaborative Partnerships.** 3 semester hours.

Overview of philosophy and strategies for developing and fostering collaborative partnerships between school personnel and with parents. Emphasis on using a team approach to deliver support and instruction in natural environments.

EEX 635. **Applied Behavior Analysis.** 3 semester hours.

An overview of theory and practice in establishing and maintaining classroom environments that maximize the learning experience. Exploration of the application of applied behavior analysis techniques in accelerating learning and controlling individual behavior of students. Study of the application of data-based approaches to program design and individualization of instruction.

EEX 637. Collaborative Curriculum and Methods for Secondary Students with Disabilities. 3 semester hours.

Curriculum and methods from a strong collaborative point of view are investigated and examined for use in an effective universal design for learning in secondary settings that are functioning within standards based reform and research based parameters. (required for students seeking 6-12 Collaborative Special Education certification or may be used as a substitution or elective for graduate students majoring in secondary education)

EEX 640. Methods and Materials for Students with Mild/Moderate Disabilities. 3 semester hours.

Instructional strategies, materials, and curriculum useful in the effective instruction of students with mild/moderate cognitive and behavioral disabilities.

EEX 642. **Methods and Materials for Students with Severe Disabilities.** 3 semester hours.

Instructional strategies, materials, and curriculum useful in the effective instruction of students with physical and multiple severe cognitive and behavioral disabilities.

EEX 653. **Transition Methods in Special Education.** 3 semester hours.

Overview of principles and techniques for promoting successful movement to successively more complex environments by students with disabilities. Overview of various curricula designed to promote successful transition of students with varying degrees of severity of disability, with emphasis on life-skills oriented approaches.

EEX 654. Readings and Research in Special Education.

3 semester hours.

Survey of large and small-group research designs, basic statistical treatment of data, and in-depth reading of reports of research studies. Emphasis on study of published research reports relating to students with disabilities, comparing and contrasting those using large-group designs with those using small-group designs.

EEX 678. **Internship in Area of Specialty.** 3 semester hours.

Supervised observation and teaching of students with cognitive, behavioral, physical, and/or multiple disabilities. Emphasis on assessing levels of student function; planning for instruction; teaching in multiple settings; managing behavior; maintaining records; and interacting with parents, faculty, and administrators. Must preregister and have advisor approval. Prerequisite: completion of all course work and minimum PRAXIS score.

Elementary Education

EED 000. **Elementary Education Graduate Program Orientation.** 0 semester hours.

Required course for all graduate programs in the Department of Elementary Education. The purpose of EED 000 is to provide candidates with information concerning the College of Education Conceptual Framework and the use of technology. Policies and procedures for graduate programs will also be reviewed. A grade of **S** (satisfactory) is given to the candidates who complete the orientation. No credit is given for this course.

EED 608. Creative Growth Through Literature for Children and Adolescents. 3 semester hours.

Topics include language experience through literature, creative and aesthetic appeals of literature, sensory responses; visual, auditory, kinesthetic gustatory and olfactory, emotional and intellectual responses to literature; integration of children's literature with the content areas.

EED 611. **Issues in Elementary Education.** 3 semester hours.

Study of selected problems facing elementary school teachers and administrators as identified through professional literature, interviews with educators, and discussion. Students will select one or more actual problems confronted in their situation and develop a plan for its solution.

EED 612. Advanced Studies in Social Studies. 3 semester hours.

Study of the nature and purposes of the social studies curriculum, techniques and strategies for teaching the social studies, materials and resources for teaching elementary school social studies, skill development in elementary school social studies, evaluation of pupil achievement in social studies, and current research in elementary school social studies.

EED 613. Advanced Studies in Language Arts. 3 semester hours.

Study of theory and practice relating to reading and other language arts. Present practices in these areas will be evaluated in the light of theory as revealed through research. Emphasis will be given to making learning in these areas more effective by relating the work to meaningful experiences of children. The relationship of the language arts to the total school program will be stressed.

EED 615. Advanced Studies and Research in Developmental Reading. 3 semester hours.

The psychological and educational scope and sequence of a developmental reading program for learners from preschool experiences through the sixth grade, including diagnosis of reading abilities and disabilities of individual pupils; development of programs for small groups and individuals at different levels of readiness; and evaluation of progress in reading ability based on both psychological and emotional adjustment. Prerequisite: EED 377.

EED 678. **Practicum in Elementary Education K-6.** 3 semester hours.

Supervised laboratory and field experiences in diverse K-6 public school settings. Emphasis is placed on meeting the technology knowledge and skills and the diversity elements as defined by the State Board of Education and NCATE standards.

Instructional Leadership

Development of Educational Human Resources.

3 semester hours.

This course emphasizes the development of school personnel into learning communities designed to improve student achievement. Professional development is an integral tool for induction, mentoring and creating a culture for learning.

IL 691. **Financial and Material Resources for School Improvement.** 3 semester hours.

This course is designed to provide knowledge and understanding of the economic factors relative to public schools and how the effective leader must manage resources for school improvement.

IL 692. Planning and Management for School Improvement. 3 semester hours.

This course is designed to provide instructional leaders who will engage the school community in the following actions: developing and maintaining a shared vision; planning effectively; using critical thinking and problem-solving techniques; collecting, analyzing, and interpreting data; allocating resources; and evaluating results for the purpose of continuous school improvement.

IL 693. **The Effective Instructional Leader.** 3 semester hours.

This course focuses on teaching and learning with regard to effective instruction and supervisory techniques in the school environment for enhancing student learning achievement, growth and development.

IL 694. **Differentiated Instruction for Diverse Student Learning.**3 semester hours.

This course focuses on the role of schools in supporting improved social and educational opportunities for all children. Effective leaders must understand technology as an information management tool as well as the potential for teaching and learning for all students.

IL 695. **Legal and Ethical Responsibilities.** 3 semester hours.

This course is designed to provide knowledge and understanding of the legal framework and ethical considerations for leading and managing schools.

IL 696. Internship and Residency for Instructional Leadership. 3 semester hours.

This course is the culminating activity for successful completion of all standards required for the Alabama Class A certification in Instructional Leadership.

TEACHING FIELDS

Art

AR 501. **Advanced Photography.** 3 semester hours.

Selected in-depth study projects through independent study. May be repeated for three hours credit per semester. Prerequisite: AR 300. Special fee: \$30.00.

AR 503. **Commercial Photography.** 3 semester hours.

Print page advertising photographic techniques with emphasis on large format camera work and computer manipulation of imagery. Prerequisite: AR 300. Special fee: \$30.00.

AR 511. **Advanced Printmaking.** 3 semester hours.

Studies in mixed-media to achieve facility of individual expression. May be repeated for three hours credit per semester. Prerequisite: AR 411. Special fee: \$30.00.

AR 521. **Advanced Drawing.** 3 semester hours.

Studies to integrate formal issues, technical skills, and content in contemporary drawing. May be repeated for three hours credit per semester. Prerequisite: AR 421.

AR 542. **Advanced Painting.** 3 semester hours.

A concentrated investigation of contemporary painting leading to the development of a personal style and content. May be repeated for three hours credit per semester. Prerequisite: nine credit hours AR 442 or permission of the instructor.

AR 551. **Advanced Ceramics.** 3 semester hours.

Emphasis on perfecting throwing and handbuilding techniques, glaze formulation, and experimental firing. May be repeated for three hours credit per semester. Prerequisite: AR 352. Special fee: \$30.00.

AR 580. **Modern Art.** 3 semester hours.

An investigation and critical analysis of diverse modes, issues, and problems of 20th century visual art with an emphasis on independent research.

AR 581. **Modern Architecture.** 3 semester hours.

The theories and monuments of master architects in this century.

AR 582. **Italian Renaissance Art.** 3 semester hours.

Art and architecture in the 15th and 16th centuries in Italy.

AR 583. **American Art.** 3 semester hours.

Topics in the development of aesthetics and art in the United States.

AR 584. **History of Photography.** 3 semester hours.

European and American master photographers since 1839.

AR 585. **Theory and Criticism.** 3 semester hours.

Classical and current thought in art historical investigations.

AR 591. **Advanced Sculpture.** 3 semester hours.

Development of coherent sculptural works sustained in one or two mediums. May be repeated for three hours credit per semester. Prerequisite: AR 392. Special fee: \$30.00.

AR 599. **Independent Study-Practicum.** 3 semester hours.

Approval of the department chair to graduate students after the completion of 18 credit hours in art.

Biology

BI 521. **Ecology.** 4 semester hours.

Relationships between organisms and their environment, including the structure and function of populations, communities, and ecosystems. A research project and/or paper will be required. Special fee: \$30.00.

BI 523. **Aquatic Ecology.** 4 semester hours.

Freshwater habitats and their biotas. Qualitative and quantitative techniques for studying lakes, streams, and wetlands will be included. A research project and/or paper will be required. Special fee: \$30.00.

BI 533. **Embryology.** 4 semester hours.

The development of animals including the molecular and cellular basis for differentiation, with selected vertebrates used to illustrate the development of tissues, organs, organ systems, and body form. A research project and/or paper will be required. Special fee: \$30.00.

BI 541. **Biochemistry.** 3 semester hours.

Chemical interpretations of biological phenomena; compounds of biological significance as related to metabolism; carbohydrates, lipids, proteins, nucleic acids, and enzymes. A research project and/or paper will be required.

BI 551. **Ornithology.** 3 semester hours.

Biology and classification of birds with emphasis on field identification of local species. A research project and/or paper will be required. Special fee: \$30.00.

BI 552. **Entomology.** 3 semester hours.

Morphology, physiology, and taxonomy of insects, including collection, preservation, and identification of those occurring in the local area. A research project and/or paper will be required. Special fee: \$30.00.

BI 560. **Plant Physiology.** 3 semester hours.

Physiological processes in plants and their relationship to structure and environment with emphasis on vascular plants. A research project and/or paper will be required. Special fee: \$30.00.

BI 571. **Parasitology.** 4 semester hours.

Morphology, taxonomy, life history, and ecology of parasites of humans and other animals. A research project and/or paper will be required. Special fee: \$30.00.

BI 572. **Histology.** 4 semester hours.

Animal tissues and microscopic structure of the various organs of higher vertebrates. A research project and/or paper will be required. Special fee: \$30.00.

BI 599. **Special Topics in Biology.** 3 semester hours.

A detailed study of a particular topic of special interest. Topics will vary but will be listed in the Schedule of Classes when offered, and on the students' transcripts. A research project and/or paper will be required. Special fee: \$30.00.

BI 601. **Problems in Marine Biology.** 1-4 semester hours.

The University of North Alabama is a member of the Marine Environmental Sciences Consortium. The resident staff of the consortium offers various marine biology courses on the graduate level at the Sea Laboratory at Dauphin Island, Alabama. These graduate courses are available to eligible

students under this course number and title which may be repeated for different courses. Special requirements and prerequisites.

BI 602. **Modern Ideas in Biology.** 3 semester hours.

Survey of those most significant and unifying ideas in biology today. Recent advances in the study of genes and gene action, cell biology, development, phylogeny, and evolution are considered. The student is expected to make a survey of the literature bearing upon the various fields covered in the lectures. Three class periods per week.

BI 615. **Developmental Biology for Teachers.** 3 semester hours.

Designed for elementary and secondary teachers. Covers such topics as genetics, including appropriate hereditary and environmental influences; reproduction and development, including dysgenesis; and current biomedical ethical problems. Special fee: \$30.00.

BI 617. **Ecology for Teachers.** 3 semester hours.

The relationships of plants and animals with their environment, with emphasis on ecological principles most suitable for elementary and secondary teachers. Special fee: \$30.00.

BI 619. **Physiology for Teachers.** 3 semester hours.

The structure and fundamental physiological processes of animals beginning at the cellular level, with emphasis on human physiology appropriate for elementary and secondary teachers. Special fee: \$30.00.

BI 690. **Special Topics in Biology.** 2-4 semester hours.

Courses on a variety of topics are available to eligible graduate students under this course number and title as the need arises. Course number may be repeated as different topics in biology are offered. Special requirements and prerequisites. Special fee: \$30.00.

BI 696. **Directed Research.** 2 semester hours.

Research project in the student's area of interest and specialization supervised by the student's adviser. Encompasses the study and development of experimental techniques and methods, collection and evaluation of data, and writing the report. Conferences and laboratories as required. Special fee: \$30.00.

Business

Certain courses from the graduate offerings for the master of business administration degree program may be approved for particular programs in education. For course numbers and descriptions, see the "College of Business."

Business and Marketing Education (secondary education only)

BE 500. **Coordination of Career-Technical Cooperative Education Programs.** 3 semester hours.

Coordination, placement, and supervision of students in career-technical work experience programs are covered in this graduate course. Procedures are studied for conducting job opportunity surveys. An analysis of coordinators' duties is included as well as a study of federal and state laws pertaining to students' employment.

BE 611. Seminar in Business and Marketing Education.

3 semester hours.

Methods and techniques of evaluating significant research studies and literature to guide the practical school use.

BE 615. Workshop in Business and Marketing Education. 3 semester hours.

An in-depth investigation of selected current topics in business and marketing education and related areas. The course may be repeated with a change in content. The student should consult the Schedule of Classes to determine the current topics. (Not more than six hours of workshop courses in business education can be applied toward a master's degree.)

BE 617. **Issues and Trends in Business and Marketing Education.** 3 semester hours.

Issues and trends in education that pertain to business as well as those issues and trends that are inherent in business education itself.

BE 698. **Independent Study/Research.** 3 semester hours.

Guided independent study and/or research in an area related to business education. Prerequisite: approval of the Dean of the College of Business.

Chemistry

CH 634. **Advanced Inorganic Chemistry.** 3 semester hours.

Selected topics in inorganic chemistry. Three class periods per week. Prerequisites: CH 341, 341L.

CH 634L. **Advanced Inorganic Laboratory.** 1 semester hour.

Laboratory for CH 634. Selected experiments in inorganic chemistry utilizing modern preparative techniques and modern spectroscopic techniques. One 3-hour laboratory period per week. Must be taken concurrently with CH 634. Prerequisites: CH 341, 341L. Special fee: \$30.00.

CH 637. **Advanced Organic Chemistry.** 3 semester hours.

Study of the application of spectroscopic methods to the determination of organic structures. Review of selected organic mechanisms emphasizing classical reactive intermediates, stereochemistry, and orbital symmetry. Introduction to natural products chemistry. Three class periods per week. Prerequisites: CH 312, 312L, 341, 341L, or approval of instructor.

CH 637L. Advanced Organic Laboratory. 1 semester hour.

Laboratory for CH 637. Selected experiments in organic chemistry utilizing modern preparative techniques and modern spectroscopic techniques. One 3-hour laboratory period per week. Must be taken concurrently with CH 637. Prerequisites: CH 312, 312L, 341, 341L, or approval of instructor. Special fee: \$30.00.

CH 644. **Quantum Chemistry.** 3 semester hours.

The wave equation with interpretations, operation, eigenvalues, expectation values, one-dimensional motion, angular momentum, spin and approximate solutions to the wave equation with applications. Prerequisites: CH 381, 381L.

CH 655. **Studies in Teaching Secondary School Chemistry.** 3 semester hours.

Study of particular problems and teaching practices of the chemistry teacher. Appraisal of laboratory experiences, equipment selection, and utilization of current curriculum developments will be emphasized. The future of chemistry and chemistry teaching is considered. Prerequisite: undergraduate

CH 665. **Environmental Regulations for Teachers.** 3 semester hours.

A study of the fundamental environmental laws and regulations of the United States. Primary emphasis will be on the Safe Drinking Water Act, the Clean Water Act, the Clean Air Act and the Resource Conservation and Recovery Act, and how these relate to the teaching of secondary school chemistry. Prerequisites: CH 311, 311L, or approval of instructor.

CH 671. **Chemical Literature.** 1 semester hour.

major or minor in chemistry.

CH 690. **Special Topics in Chemistry.** 3-6 semester hours.

Courses on a variety of topics are available to eligible graduate students under this course number and title. Course number may be repeated as different topics in chemistry are offered. Departmental approval required. Special fee may be required depending on the topic.

CH 696. **Directed Research.** 1-3 semester hours.

Research project in the student's area of interest and specialization under the direction of departmental faculty. Conferences and laboratories as required. Departmental approval required. Special fee: \$30.00.

Communications

COM 500. **Communication Law and Ethics.** 3 semester hours.

Advanced study of the legal and ethical responsibilities related to communication in the United States. This course distinguishes between forms of communication that have constitutional protection and those which have limits (libel, privacy, copyright, intellectural property, censorship, commercial speech, broadcast licensing, access to information) on freedom on expression. (Fall, Spring)

COM 502. **Persuasion.** 3 semester hours.

Advanced study in the analysis of the principles and techniques used in all forms of persuasive communication. The course includes both theoretical and applied work concerning the use of communication to produce specific attitudes within receivers. A major project will be required. (Spring, even-numbered years)

COM 542. **Public Relations Campaigns.** 3 semester hours.

Research, planning, and evaluation of public relations campaigns. Additional major projects will be required. (Fall)

COM 555. Mass Media History. 3 semester hours.

A survey of the media and their influence from colonial times to the present, with attention to the personalities who shaped journalism and mass communication. Includes an introduction to historiography and historical research methods. Additional major projects will be required. (Fall, odd-numbered years)

COM 560. Advanced Radio-Television-Film Production.

3 semester hours.

Advanced studies in the theories and practice of the production of programs and films in the tele-communications industry. Additional major projects will be required. (Spring)

COM 565. Global Media Systems. 3 semester hours.

Advanced study of world mass media: history, development, economic and social influence, theories of control, international new agencies and new technologies. (Spring)

COM 572W. **Rhetoric: Argument and Style.** 3 semester hours.

Examination of the ideas in writing and speech from classical Greek origins to modern times, with focus on composition and on analysis of essays and speeches. Also listed as EN 572W but creditable only in the field for which registered.

COM 580. **Topics in Communication.** 3 semester hours.

Advanced studies in the examination of a specific topic in the field of communication. Topic will be announced prior to the scheduling of the class. May include a field trip. A major project will be required. (Offered on sufficient demand)

Computer Science

CS 510. **Programming Languages.** 3 semester hours.

Programming language concepts: syntax; characteristic of grammars such as context-free and ambiguous; Backus-Naur Form; organization of programming languages such as block structure, list processing, etc. Prerequisite: CS 255.

CS 521. Automata Theory and Compiler Construction.

3 semester hours.

Formal grammars, mathematical machines and their relationships. Compiler writing techniques and their application on a simple language. Prerequisite: CS 355.

CS 561. **Numerical Analysis.** 3 semester hours.

Error analysis for iterative methods; approximation theory; numerical differentiation and quadrature; initial-value problems for ordinary differential equations; iterative techniques in matrix algebra. Also listed as MA 561 but creditable only in the field for which registered. Prerequisites: CS 155 or 210; MA 227.

CS 587. **Computer Architecture.** 3 semester hours.

Boolean algebra and the elements of logic design. Study of the theory and design of register transfer, arithmetic unit, control unit, and memory. Micro, mini, and mainframe processors. Design options including array processors, stackbased processor, pipelining, and multiprocessing. Prerequisites: CS 310, 386.

CS 590. **Graduate Seminar.** 3 semester hours.

Computer science topics selected according to the needs of the students. Prerequisites: graduate classification and departmental approval.

Earth Science

ES 521. **Applied Paleontology.** 4 semester hours.

Taxonomic principles, biostratigraphy, paleoecology. Field trips may be required. Independent project and/or term paper required. Prerequisite: ES 132 or departmental approval. Special fee: \$30.00. (Offered on sufficient demand)

ES 525. **Introduction to Oceanography.** 4 semester hours.

The physics, chemistry, geology, and biology of the oceans. Prerequisites: BI 112; CH 112; PH 242 or 252. (Offered on sufficient demand)

ES 528. **Oceanology of the Gulf of Mexico.** 2 semester hours.

A detailed descriptive study of the coastal zone, continental shelf, and deep ocean of the Gulf of Mexico and adjacent waters. Prerequisite: ES 425 or ES 525. (Offered at Dauphin Island) (Offered on sufficient demand)

ES 531. **Structural Geology.** 3 semester hours.

The nature, classification, origin, and quantification of geologic structures, with emphasis on sedimentary rocks. Field trips may be required. Independent project and/or term paper required. Prerequisite: ES 132. (Offered on sufficient demand)

ES 531L. **Structural Geology Laboratory.** 1 semester hour.

Laboratory analysis, including computer mapping of folds, faults, and other structural features. Prerequisite: ES 431 or concurrent enrollment in ES 531. (Offered on sufficient demand)

ES 541. **Stratigraphy and Sedimentology.** 3 semester hours.

Stratified rocks and the processes involved in the formation of sedimentary rocks. Field trips may be required. Independent project and/or term paper required. Prerequisite: ES 132. (Offered on sufficient demand)

ES 580-581. **Topics in Earth Science.** 1-4 semester hours.

Field trip and/or term paper required. Departmental approval required. Special fee may be required depending on the topic. (Offered on sufficient demand)

ES 588. **Hydrogeology.** 3 semester hours.

The interrelationships between water and geologic materials and processes. Independent project and/or term paper required. Prerequisite: ES 131. (Offered on sufficient demand)

ES 605. **Astronomy for Teachers.** 3 semester hours.

Considers popular topics in astronomy. Emphasis is placed on observational aspects of astronomy including constellations, planets, and celestial motion. Prerequisite: PH 125. (Offered on sufficient demand)

ES 615. **Problems in Elementary School Science.** 3 semester hours.

Considers the problems of elementary school teachers in the area of science. Problems involving applications of both physical and biological science to the elementary school curriculum are considered. Recent programs and curriculum developments are emphasized. Provision is made for individual investigation in new curriculum programs. Prerequisite: 12 semester hours of science. Special fee: \$30.00. (Offered on sufficient demand)

ES 616. **Problems in Middle School Science.** 3 semester hours.

Considers the problems of teachers of science in the middle school grades. Emphasis is placed on middle school programs and new curriculum developments in science. Provision is made for investigation of ideas of relevance to middle school programs. Prerequisite: undergraduate major or minor in science. Special fee: \$30.00. (Offered on sufficient demand)

ES 617. **Problems in Secondary School Science.** 3 semester hours.

Considers the problems of teachers of science in the secondary grades. Emphasis is placed on recent secondary school programs and new curriculum developments in science. Provision is made for investigation in new curriculum programs. Prerequisite: undergraduate major or minor in science. Special fee: \$30.00. (Offered on sufficient demand)

ES 680-681. **Topics in Earth Science.** 1-3 semester hours.

Topics will be selected for earth science and geology disciplines at the graduate level. Departmental approval required when course is taken at UNA. Departmental and university approval required if course is taken at another institution. Field trip and/or term paper required. Special fees may be required. Prerequisites ES 131 and 132 plus six additional hours in earth science or geology. Must be a science major. Each course may be repeated up to a total of three hours for each course. (Fall, Spring, Summer) (Offered on sufficient demand)

Economics

EC 528. **History of Economic Thought.** 3 semester hours.

A survey of theories of the principle thinkers in economics. Classical liberalism and conservatism of Smith and Mill; critiques of capitalism by Marx and the socialists; Keynesianism; neo-classical thought; Schumpeter; Galbraith; Freidman.

EC 635. **Teaching Economic Principles in Elementary and Secondary Schools I.** 3 semester hours.

Analysis of macroeconomic principles and concepts such as employment, inflation, national income, recession, monetary and fiscal policy, and growth; means of employing economic concepts in the classroom; administration of economic education programs in the school curricula. No economics prerequisites.

EC 636. **Teaching Economic Principles in Elementary and Secondary Schools II.** 3 semester hours.

Analysis of the market price system and the economic variable affecting the firm; means of employing economic concepts in the classroom; administration of economic education programs in the school curricula. No economics prerequisites.

EC 698. **Independent Study/Research.** 3 semester hours.

Guided independent study and/or research in an area related to business management. Prerequisite: approval of the department chair.

Finance

FI 635. **Security and Portfolio Analysis.** 3 semester hours.

A study of basic investment instruments, markets for those instruments, and management of those instruments in a portfolio. Topics include portfolio theory, capital markets, equities, fixed-income securities, derivative assets, and portfolio management. Prerequisite: FI 393.

Geography

GE 502. **Problems in Political Geography.** 3 semester hours.

The role of geographic factors in influencing the political structure of nations. Also listed as PS 502 but creditable only in the field for which registered.

GE 503. **Nature and Society Interactions.** 3 semester hours.

This course involves a global analysis of human-environmental issues including human's impact on the environment and the environment's impact on humans. Topics addressed may include, but are not limited to, global warming, overpopulation, environmental degradation, environmental hazards and disasters, and effective natural resources use. Field work required.

GE 504. **Environmental Hazards.** 3 semester hours.

Natural and technological events continue to impact people and places across the globe. This course draws upon hazard and disaster experiences to address the nature, impact, and social responses to environmental hazards. Course focus is on the relationship between nature, society, and technology and analyzes how people and places experience, cope with, and recover from environmental hazards.

GE 510. **Integration of Geography and History.** 3 semester hours.

The integration of the spatial concepts of geography with the chronological concepts of history. Also listed as HI 510 but creditable only in the field for which registered.

GE 513. **Geography of Asia.** 3 semester hours.

An analysis of the distribution of resources and people of Asia, relationships to each other and to the rest of the world.

GE 520. **Principles of Urban and Regional Planning.** 3 semester hours.

The course focuses on planning both as a profession and as an important element of city, county, and regional government with primary emphasis on American planning. Both the general nature of planning and the specifics of how to plan will be covered.

GE 524. **Remote Sensing.** 3 semester hours.

This course expands upon concepts and methods of remote sensing through the digital interpretation of satellite imagery. The interpreted information (data and findings) will support the understanding of the processes involved in land use and land cover analysis, change detection, and the map update process. The course includes lecture and discussion related to remote sensing and image processing theory with associated practical laboratory exercises and applications for satellite image analysis and digital image processing.

GE 535. **Geomorphology.** 3 semester hours.

This course is designed to provide a deeper study of the regional landscapes of North America and other world regions and to provide an increased understanding of the geomorphic and tectonic processes that shape the landscape. Understanding the differences in landscape features and processes will be enhanced by direct contact and observation with the features and processes. Field trips are required. Prerequisite: GE 112 or ES 121.

GE 560. Advanced Cultural Geography. 3 semester hours.

A conceptual approach to the study of human environment systems, cultural landscape, ecological perspectives, environmental perception and behavior, and environmental stress. Prerequisite: GE 102 or departmental approval.

- GE 572. **Historical Geography of the United States.** 3 semester hours. The role of geographic conditions in the exploration, settlement, and development of the United States. Also listed as HI 572 but creditable only in the field for which registered.
- GE 584. **Projects in Geographic Information Systems.** 3 semester hours. The course encompasses advanced reading and discussion of state-of-the-art projects and techniques in Geographic Information Systems, remote sensing, computer cartography, and image processing. Projects required for this class include but are not limited to urban, environmental and human geography problems. Students will conduct a detailed database development project including database design, database population, data management, and the application of spatial modeling techniques. Special fee: \$30.00.
- GE 599. **Independent Study-Practicum.** 3 semester hours. Open to graduate students on approval of the department chair. Provides for independent study and research under departmental determination, supervision, and evaluation.
- GE 600. **Geographic Thought.** 3 semester hours.

 A study of the history and development of geographic thought, the evolution of the discipline of geography, and contemporary geographic philosophies, paradigms, and debates.
- GE 601. **Physical Geography for Teachers.** 3 semester hours. Considers the spatial aspects of climate, vegetation, soils, and landforms with special emphasis given to map use and map interpretation skills.

GE 602. **Cultural Geography for Teachers.** 3 semester hours.

Considers the spatial aspects of human culture including location, population, migration, economics, politics, and global interdependence with special emphasis on map and atlas interpretation skills.

GE 603. **Regional Geography for Teachers.** 3 semester hours.

An examination of the spatial distribution of physical and cultural attributes which give uniqueness and diversity to world regional patterns on the Earth's surface.

GE 604. **Methods and Materials of Geographic Education.** 3 semester hours.

The examination and application of instructional procedures and materials focusing upon current geographic objectives, concepts, and methods of learning appropriate to the needs of teachers of geography.

GE 605. **Field Experience in Geography.** 3 semester hours.

A field-oriented approach to the study of environmental concepts, including man-Earth relationships. Designed to be offered as a Saturday course during the regular school year or as a short summer course to allow for an adequate block of time to engage in field work.

GE 609. **Geographic Methods and Design.** 3 semester hours.

This course presents the core competencies required to perform professional level research in geography. The course will review methods of research design and methodology, with a focus on appropriate geographic and statistical techniques required.

GE 620. **Planning Theory and Process.** 3 semester hours.

This course is designed to provide an overview of the development of planning theory as it applies to the field of Urban and Regional Planning in the United States. The course will critically evaluate trends in planning theory with a focus on the evolution of main ideas and people who have influenced the field of planning in the U.S. To accomplish this goal, emphasis will be placed on normative conceptual, methodical issues and various roles planners play, and also the ethical dilemmas they face in practice.

GE 624. **Advanced Remote Sensing.** 3 semester hours.

This course provides students with advanced topics in remote sensing and image processing including change detection, image fusion, principle components analysis, spectral signatures, fuzzy classification, and pattern recognition. This course includes classroom instruction, videos, laboratory exercises, fieldwork, and state-of-the-art digital image processing techniques, all to support the interpretation of satellite imagery

for extraction of land use and land cover information. One field trip is required. Prerequisite: GE 524 or graduate image processing course.

GE 625. **Cartographic Design and Visualization.** 3 semester hours.

This course is concerned with advanced map communication concepts; cartographic visualization; designing graphic solutions to geographic situations and needs; illustrating spatial patterns; and considering cartographic representations in terms of aesthetics. Prerequisite: cartography or equivalent undergraduate cartography class.

GE 684. Spatial Modeling and Analysis in Geographic Information Science. 3 semester hours.

This course focuses on advanced problem solving in the spatial environment including GIS system planning, and design, error handling and quality control, decision support techniques, exploratory data analysis, and spatial statistics and geostatistical analysis. Course labs and projects will focus on current issues, events and opportunities in GIScience. Prerequisites: GE 524 and GE 584.

GE 689. **Seminar in Geospatial Science.** 3 semester hours.

Geospatial science delves into determining the correct data and technology to address today's issues related to humans and their environment. An understanding of geospatial science provides a distinct perspective on the world, a unique lens through which to examine and interpret events, patterns, and processes that operate on or near the surface of Earth. The Seminar in Geospatial Science builds upon students' progression through a series of techniques courses in Geographic Information Science, remote sensing, and applications in urban, environment, and nature and society interaction. Prerequisites: GE 524, GE 600, and GE 609; and either GE 624 or GE 684.

GE 692. **Research.** 3 semester hours.

Selection of a research topic, collection and analysis of primary and secondary sources, field work, and composition of research paper under faculty supervision. May be taken more than once. Prerequisite: permission of supervising faculty and graduate director.

GE 695. **Thesis.** 3-6 semester hours.

Selection of a thesis topic, collection and analysis of primary and secondary sources, field work, and composition of thesis and thesis defense under faculty supervision. May be taken more than once. Prerequisite: permission of supervising faculty and graduate director.

GE 697. **Advanced Topics.** 3 semester hours.

Selected topics in geospatial science offered by faculty. May be repeated for credit if the topic is different. Prerequisite: permission of instructor required in order to enroll.

Health and Physical Education

HPE 502. **Exercise Prescription and Fitness Appraisal in the Healthy Individual.** 3 semester hours.

Designed to develop competencies and practical skills used by the professional to evaluate health related components of physical fitness. General methodologies and procedures used in exercise testing, exercise prescription, risk factor identification and education for healthy individuals will be studied.

HPE 505. **Exercise Leadership.** 3 semester hours.

Designed to develop competencies, skills, methods and procedures used in exercise and fitness program design. Emphasis will be placed on exercise leadership skills, instructional techniques and oral communication during a variety of exercise settings.

HPE 506. **Human Sexuality.** 3 semester hours.

This course is designed for instruction, development, and understanding of the physical, mental, social, emotional, and psychological dimensions of human relations. Special emphasis will be placed on the understanding of human sexuality as a health entity.

HPE 508. **Consumer Health.** 3 semester hours.

Students will examine and analyze consumer behavior and use of various health-related products and services in the market place.

HPE 510. **Health Promotion.** 3 semester hours.

This course will examine the development of health promotion programs in community, corporate and school settings, including assessment of program development, selection of personnel, administrative procedures, evaluation procedures, marketing techniques and legal issues.

HPE 522. **Public Health.** 3 semester hours.

A critical examination of the American public health care system at all levels of government. The course includes an examination of the role of voluntary and governmental health agencies, epidemiology, environmental health programs and the accessibility of public health services.

HPE 524. **Drugs in American Society.** 3 semester hours.

In-depth study and analysis of the medical, psychological, social, and legal dimensions of drug use and abuse in the United States.

HPE 530. **Behavioral Modification Interventions.** 3 semester hours.

Detailed analysis of an array of behavioral change techniques and their application to relevant health problems in prevention/intervention programs. Special emphasis will be placed on exercise adherence, dietary changes, weight control management, smoking cessation and stress management.

HPE 551. **Tests and Measurements in Health and Physical Education.** 3 semester hours.

Students will study the methods and techniques of measurement, evaluation, and analysis of specific physical and intellectual behavioral and performance variables.

HPE 594. **Exercise Prescription for Moderate Risk and Known Disease Individuals.** 3 semester hours.

Competencies and skills for evaluating and prescribing safe and effective therapeutic exercise for individuals with multiple cardiovascular risk factors and/or diagnosed diseases such as heart and lung disease, diabetes and obesity.

HPE 596. **Cardiopulmonary Rehabilitation.** 3 semester hours.

Application of physiological principles for clinical exercise evaluation and therapeutic exercise modalities for the individual with controlled cardiovascular, respiratory or metabolic disease such as diabetes. Emphasis will be placed on following American College of Sports Medicine Exercise Guidelines for determining risk stratification, developing appropriate exercise prescriptions and recommended exercise progressions.

HPE 600. **Introduction to Research.** 3 semester hours.

Study of the methods and techniques of research used in physical education as well as exercise and health sciences. Special attention will be given to the theoretical and practical basis of research including the fundamentals of problem identification, hypothesis, sampling, instrumentation and data collection. Data analysis will include descriptive statistics, Pearson r correlation, t-tests, ANOVA and ANCOVA. Each student will also prepare and present a research proposal.

HPE 601. **Advanced Coaching Techniques.** 3 semester hours.

Fundamentals and strategy explained, as well as modern methods of training and scouting, new and/or innovative trends, organizations, and ethics.

HPE 603. **Sport in American Life.** 3 semester hours.

Roles of American sports emphasizing social-cultural values; application of principles from sociology and related fields; discussion of changing patterns, current trends, problems, and issues.

HPE 634. Advanced Methods of Teaching in Physical Education or Health Education. 3 semester hours.

Intensive study of current literature and analysis of research application to classroom teaching, including application in a field setting.

HPE 638. **Stress Management.** 3 semester hours.

A holistic examination of stress in today's society including the physical and mental aspects of stress, short and long term effects of stress on the body, identifying stressors, coping strategies, and stress management planning and implementation.

HPE 640. **Epidemiology and Prevention of Chronic Diseases – A Global Perspective.** 3 semester hours.

An in-depth study of chronic diseases through a global perspective, examining incidence, prevalence, distribution, and control. This course will focus on global approaches to disease prevention and control through primary, secondary and tertiary health promotion efforts.

HPE 651. **Special Topics.** 3 semester hours.

Detailed examination of a specific topic in the field of health and physial education or related disciplines. Topic will be announced prior to the scheduling of the course. May include field trips.

HPE 660. **Scientific Basis of Health and Human Performance.** 3 semester hours.

Designed to provide an opportunity for teachers and coaches to gain in-depth knowledge of certain aspects of health and human performances through research.

HPE 665. Critical Analysis of Research and Professional Literature. 3 semester hours.

Analysis and critical evaluation of current research and professional literature in health, physical education, recreation, exercise science, sport management, and other related fields. Candidates will be directly involved in the thorough review, presentation, discussion, and critical evaluation of the most recent published, peer-reviewed literature.

HPE 670. **Legal Issues and the Health and Physical Education Profession.** 3 semester hours.

Emphasis on legal issues and concepts related to areas of the health and physical education industry. Areas covered will include negligence, intentional torts, contracts, constitutional law, personnel issues, and risk management from a legal perspective.

HPE 675. Administration of Health and Physical Education Related Programs. 3 semester hours.

Emphasis on administrative procedures applicable to operation of health and physical education related programs.

Areas covered will include development of mission statements and organizational goals, personnel and budgeting issues, facilities and equipment management, programming and event management, and liability and risk management.

HPE 680. Seminar in Health, Physical Education and Related Disciplines. 3 semester hours.

Lectures, discussions, and the literary analysis of individualized critical issues in health and physical education will be utilized.

HPE 685. **Internship.** 3 semester hours.

Candidates will be assigned to an appropriate professional agency or organization for a minimum of 200 hours for the purpose of experiencing practical application of professional theory. Placement will be arranged with the candidate by the course instructor and approved by the department chair.

HPE 690. **Independent Study.** 3 semester hours.

Allows a graduate student, on approval of the department chair, to select a problem of interest and pursue a solution through research, library study, or other methods of investigation with departmental supervision and evaluation.

HPE 693. **Comprehensive Examination.** 0 semester hours.

A non-credit course required of all candidates enrolled in the non-thesis program of study. Administration of a written comprehensive examination covering courses required as part of the graduate program of study in the core and concentration areas. This course may be taken during the term in which the candidate expects to complete all remaining program of study requirements or during the term immediately following completion of all program of study requirements. The grade for this course will be "S" indicating satisfactory completion of all comprehensive exams or "U" indicating unsatisfactory performance on all or part of the comprehensive exam. Candidates receiving a grade of "U" may repeat the course once; a grade of "S" is required for completion of a candidate's program of study.

HPE 695. **Thesis.** 6 semester hours.

Selection of a research problem, review of pertinent literature, collection and analysis of data, and composition and public defense of thesis.

Mathematics

MA 537. **Modern Algebra 1.** 3 semester hours.

Sets, relations, and functions; elementary number theory; group theory including subgroups, cyclic groups, cosets, and LaGrange's theorem. Prerequisite: MA 126.

MA 538. **Modern Algebra II.** 3 semester hours.

Theory of rings; integral domains; fields; group theory II; Galois theory. Prerequisite: MA 437 or 537.

MA 545 **Applied Statistics II.** 3 semester hours.

An advanced course in statistical methods with applications including statistical computing utilizing the Statistical Analysis System (SAS). Prerequisite: MA 345.

MA 547. **Mathematical Statistics 1.** 3 semester hours.

Probability and combinatorial methods, discrete probability functions; probability density functions for continuous variates; mathematical expectation; moment generating functions; appropriate applications. Prerequisite: MA 227.

MA 548. **Mathematical Statistics II.** 3 semester hours.

Sampling distributions; confidence intervals; tests of hypothesis; regression analysis; analysis of variance; appropriate applications. Prerequisite: MA 447 or 547.

MA 551. **Introduction to Analysis.** 3 semester hours.

Logic and point set theory; real number system; limits; continuity; derivatives. Prerequisite: MA 227.

MA 552. **Advanced Calculus.** 3 semester hours.

Functions of several variables; mapping; partial derivatives; power series; uniform convergence; line and surface integrals; vector analysis. Prerequisite: MA 451 or 551.

MA 555. **Complex Analysis.** 3 semester hours.

Algebra and geometry of complex numbers; elementary functions and their mappings; analytic functions; integration in the complex plane; Cauchy's integral theorem; Taylor and Laurent expansions; calculus of residues. Prerequisite: MA 451 or 551.

MA 561. **Numerical Analysis.** 3 semester hours.

Error analysis for iterative methods, approximation theory; numerical differentiation and quadrature; initial-value problems for ordinary differential equations; iterative techniques in matrix algebra. Also listed as CS 561 but creditable only in the field for which registered. Prerequisites: CS 155 or 210; MA 227.

MA 571. **Applied Mathematics.** 3 semester hours.

Mathematical model and modeling techniques in the field of engineering, ecology, economics, medicine, chemistry, traffic engineering, and simulation of experiments. Prerequisite: MA 227.

MA 575. **Introduction to Operations Research.** 3 semester hours.

The nature of operations research; modeling problems using operations research techniques; linear programming; the Simplex Method, theory and practice, special problems; network analysis; dynamic programming; theory of games.

Prerequisites: MA 126 and one of CS 110, 155, 210. Corequisite: MA 431.

MA 591. **Graduate Seminar.** 3 semester hours.

Mathematics topics selected according to the interest and needs of the individual student, with study at the graduate level. Prerequisites: graduate classification and approval of the chair of the department.

MA 601. **Fundamental Concepts in Mathematics for the Elementary School Teacher.** 3 semester hours.

Mathematics as a language and a tool for thinking. Emphasis is placed on teaching with meaning and on seeing arithmetic as a unified system of correlated ideas, facts, and principles. Includes fundamental notions of number, measure, logic, proof, and function.

MA 611. **Applied Mathematics for the Secondary School Teacher.** 3 semester hours.

Process approach to problem solving. Emphasis placed on fundamental steps in the solution of problems.

MA 612. **Selected Topics in Mathematics for the Secondary Teacher.** 3 semester hours.

Selected topics suitable for laboratory mathematics; mathematics modeling; secondary school mathematics from an advanced point of view.

MA 615. **History and Philosophy of Mathematics.** 3 semester hours.

Development of mathematics in algebra, geometry, and analysis. Impact of science and philosophy made by Euclid, Descartes, Newton, Euler, Gauss, Weierstrass, Cantor, Hamilton, Boole, and Galois.

MA 617. **Symbolic Logic.** 3 semester hours.

Concept of a logistic system and the propositional calculus. Truthtables and their applications to problems. Syllogistic inference and rules. Class membership and inclusion, the algebra of classes.

MA 621. **Foundations in Algebra for the Secondary Teacher.** 3 semester hours.

Elementary number theory. Groups, fields, systems of linear equations and transformations. Vector algebra.

MA 623. **Foundations in Analysis for the Secondary Teacher.** 3 semester hours.

Development of the real number system, limits and continuity, and basic point set theory.

MA 625. **Foundations in Geometry for the Secondary Teacher.** 3 semester hours.

Development of Euclidean geometry in two and three dimensions using the axiomatic methods. Introduction to non-Euclidean geometries.

Music and Theatre

MU 504. **Vocal Jazz Ensemble.** 1 semester hour.

Study and performance of vocal jazz music. May be repeated once with departmental approval.

MU 505. **University Band.** 1 semester hour.

Study and performance of literature for the band. May be repeated once with departmental approval.

MU 506. **Jazz Band.** 1 semester hour.

Study and performance of popular music. May be repeated once with departmental approval.

MU 508. **Opera/Musical Theater Workshop.** 1 semester hour.

Study and performance of opera/musical theater literature. May be repeated once with departmental approval.

MU 510. **Collegiate Singers.** 1 semester hour.

Specialized study and performance of choral music. May be repeated once with departmental approval.

MU 611. **Choral Literature.** 3 semester hours.

Styles, forms, and performance practices of the choral music from the Baroque, Classic, Romantic, and Modern periods.

MU 612. **Band Literature.** 3 semester hours.

Styles, forms, and performance practices of instrumental music for wind and percussion instruments from the Baroque, Classic, Romantic, and Modern periods.

MU 618. **Choral Techniques.** 3 semester hours.

Organization and procedures, choral tone production, and diction.

MU 631. **Marching Band Techniques.** 2 semester hours.

Methods and procedures of the marching band.

MU 635. **Care and Repair of Instruments.** 1 semester hour.

Practice in repairs and adjustments normally made by instrumental directors.

MU 641. **Conducting and Rehearsal Technique.** 2 semester hours.

Study of advanced baton technique and rehearsal procedures. Prerequisite: MU 382.

MU 642. **Pedagogy of Voice.** 1 semester hour.

Study of vocal problems at all stages of development. Taught in conjunction with Class Voice (MU 121) plus one seminar each week.

MU 654. **Pedagogy of Brass Instruments.** 1 semester hour.

Course designed to work out specific problems with graduate students in furthering their knowledge of and skill in teaching brass instruments. Taught in conjunction with Class Brass (MU 141) plus one seminar each week.

MU 657. **Pedagogy of Woodwind Instruments.** 1 semester hour.

Designed to work out specific problems with graduate students in furthering their knowledge of and skill in teaching woodwind instruments. Taught in conjunction with Class Woodwinds (MU 171) plus one seminar each week.

MU 661. **Methods and Materials in Music Education.** 3 semester hours. Concepts, methods, and materials in music education N-12.

MU 675. Master Concert. 1 semester hour.

The master concert will be performed by the graduate student's own group in its normal place of performance. Planning, performance, and evaluation of the concert will be under the guidance of the music faculty.

- MU 681- **Applied Music (any instrument or voice).** 1-2 semester hours. Approval of department chair required. Special fee: \$60.00 per credit hour.
- TH 502. **Dramatic Literature and Criticism I.** 3 semester hours.

 Advanced study of the works of major playwrights and critical theorists of western theatre from Greece through the Romantic period. There will be extensive reading of both dramatic and critical literature. A major project will be required. (Fall, odd-numbered years)
- TH 505. **Dramatic Literature and Criticism II.** 3 semester hours.

 Advanced study of the works of major playwrights and critical theorists of western theatre from the 19th and 20th centuries. There will be extensive reading of both dramatic and critical literature. A major project will be required. (Spring, odd-numbered years)
- TH 530. **Theatre History I.** 3 semester hours.

Advanced study and research of specific plays and staging practices of the Greek, Roman, Medieval, and Renaissance periods with an emphasis on the unique methods and problems associated with theatre history research. (Fall, even-numbered years)

TH 540. **Theatre History II.** 3 semester hours.

Advanced study and research of specific plays and staging practices of the Restoration, Eighteenth Century, Romantic, and Modern Periods; study and research of non-Western theatre practice. (Spring, even-numbered years)

TH 560. **Arts Management.** 3 semester hours.

Advanced study of the various approaches used in theatre management. Emphasis will include box office management, marketing strategies, funding challenges, promotion, and public relations activities specific to arts organizations. A major project will be required. (Spring, odd-numbered years)

TH 570. **Directing.** 3 semester hours.

Advanced study of the art and practice of stage direction; study of the work and theories of influential directors; intensive research of the work of a chosen playwright culminating in the production of a one-act play or cutting from a full-length play. Prerequisite: previous production experience or departmental approval. (Spring, even-numbered years)

TH 580. **Topics in Theatre.** 3 semester hours.

A detailed study of a particular topic of special interest. Topics will vary but will be listed in the schedule of classes offered, and on the students' transcripts. May include a field trip. May be repeated one time. A major project will be required. (Offered on sufficient demand)

Physics

PH 502. **Biophysics.** 3 semester hours.

Physical processes in biological systems and sub-systems. Independent project and/or term paper required. Prerequisites: BI 111 and two semesters of physics. (Offered on sufficient demand)

PH 520. **Optics.** 3 semester hours.

Physical and geometric optics. Independent project and/ or term paper required. Prerequisite: PH 252. (Offered on sufficient demand)

PH 547. **Electricity and Magnetism.** 3 semester hours.

Electric and magnetic fields in vacuum and in matter. Computer project, independent project and/or term paper required. Prerequisites: MA 126, PH 252. (Offered on sufficient demand)

PH 548. **Electromagnetic Fields.** 3 semester hours.

Maxwell's equations, multipole fields, the wave equation with boundary conditions. Computer project, independent project and/or term paper required. Prerequisite: PH 447 or PH 547. (Offered on sufficient demand)

PH 556. **Statistical Mechanics.** 3 semester hours.

Classical statistical mechanics and thermodynamics, with an introduction to quantum statistical mechanics. Prerequisites: MA 126, PH 252. (Offered on sufficient demand)

PH 571. **Mechanics I.** 3 semester hours.

Statics and kinematics of particles and rigid bodies including periodic motion. Computer project, independent project, and/or term paper required. Prerequisites: MA 126, PH 252. (Offered on sufficient demand)

PH 572. **Mechanics II.** 3 semester hours.

Moving coordinate systems, LaGrange's and Hamilton's equations, rotation of rigid bodies, fluid mechanics. Computer project, independent project and/or term paper required. Prerequisite: PH 471 or PH 571. (Offered on sufficient demand)

PH 580- **Topics in Physics.** 3 semester hours.

581. Topics selected from various branches of physics. Departmental approval required. Special fee may be required depending on the topic. (Offered on sufficient demand)

PH 595. **Directed Research.** 1-3 semester hours.

Experimental, theoretical, or computational investigation of problems in physics under the direction of departmental faculty. Departmental approval required. Prerequisite: undergraduate physics major or minor, or equivalent experience. (Offered on sufficient demand)

PH 601. **Teaching Physics in the Secondary School.** 3 semester hours.

Considers the problems of what to teach in physics at the secondary level and how to teach it. Discussions cover the relevance of physics in today's world and how to use this to motivate students to learn. Independent project and/or term paper required. Prerequisite: PH 252. Special fee: \$30.00. (Offered on sufficient demand)

PH 603. **Modern Physics for Teachers.** 3 semester hours.

Considers physics developed in this century, including relativity, particle-wave nature of matter, uncertainty, and topics from nuclear physics. Independent project and/or term paper required. Prerequisite: PH 343. (Offered on sufficient demand)

PH 605. **Electronics for Teachers.** 3 semester hours.

Considers the basic components in electronics and the function of each. Complete but simple circuits are analyzed and functions discussed. Modern developments are surveyed. Prerequisite: PH 252. Special fee: \$30.00. (Offered on sufficient demand)

PH 644. **Quantum Mechanics.** 3 semester hours.

The wave equation with interpretations, operation, eigenvalues, expectation values, one-dimensional motion, angular momentum, spin and approximate solutions to the wave equation with applications. Prerequisites: MA 126, PH 343. (Offered on sufficient demand)

Political Science

PS 502. **Problems in Political Geography.** 3 semester hours.

The role of geographic factors in influencing the political structure of nations. Also listed as GE 502 but creditable only in the field for which registered.

PS 530. **English Constitutional History.** 3 semester hours.

A study of the development of the English Constitution from the Anglo-Saxon period to the present. Also listed as HI 530 but creditable only in the field for which registered.

PS 531. **International Relations.** 3 semester hours.

The nature of international relations.

PS 533. **Comparative Government and Politics.** 3 semester hours.

The systems of government of major countries of the world.

PS 535. **International Organization.** 3 semester hours.

The development problems and role of international organizations.

PS 544. **The Middle East Past and Present.** 3 semester hours.

Multidisciplinary study of the history, cultures, and contemporary politics of the Middle East.

PS 577. **Constitutional History of the United States.** 3 semester hours.

The principles of the American constitutional system. The leading decisions of the Supreme Court with reference to federal-state governmental relationship, citizenship, police power, eminent domain, and to the commerce, contract, and due process clauses of the Federal Constitution. Also listed as HI 577 but creditable only in the field for which registered.

PS 578. **The Diplomatic History of the United States.** 3 semester hours.

A study of the United States diplomatic relations with foreign nations since 1778 with special emphasis on American growth and development. Also listed as HI 578 but creditable only in the field for which registered.

PS 581. **Contemporary United States Foreign Policy.**

3 semester hours.

United States foreign policy from World War II to the present. Also listed as HI 581 but creditable only in the field for which registered.

PS 595. **Government Internship Practicum.** 3 semester hours.

Professional work situations in government under departmental supervision.

PS 599. **Independent Study-Practicum.** 3 semester hours.

Independent study, research, or special field experience under departmental supervision.

Religion

RE 570. **History of Asian Religions.** 3 semester hours.

This course examines both the historical development and current content of the religious and philosophical traditions of Asia with special emphasis on Confucianism, Daoism, Shintoism, Buddhism, Sikhism, and Hinduism. The course covers Japan, China, India, Tibet, and other parts of Southeast Asia and East Asia. For each of these traditions, we will consider its history and mythology, the great themes and ideas which has shaped the worlds of meaning for the followers, and the ways of worshipping and achieving the good life, individually and socially. Also listed as HI 570 but creditable only in field for which registered. (Summer)

Sociology

SO 500. **Theories of Deviance.** 3 semester hours.

The major theoretical perspectives, both past and present, in the study of deviance in society.

SO 503. **Gerontology.** 3 semester hours.

An advanced focus on the biological, psychological, and social aspects of aging in American society.

SO 510. **Social Change.** 3 semester hours.

Change focusing on related economic, psychological, and sociological variables.

SO 523. **History of Social Thought.** 3 semester hours.

Theory and methodology in social thought from ancient times to the present.

SO 524. **Ethnic and Minority Groups.** 3 semester hours.

The factors influencing minority status as well as the various cultural, ethnic, and racial groups in the United States.

SO 528. **Modern Sociological Theory.** 3 semester hours.

Analysis of the major theoretical perspectives within sociology since the 1920s.

SO 530. **Social Organization.** 3 semester hours.

The basic principles of social organization focusing on the structure and function of the elements of society.

SO 535. **Social Stratification.** 3 semester hours.

The processes of differentiation within societies focusing on social class, status and power in American Society.

SO 542. **Social Psychology.** 3 semester hours.

The psychology of groups and their influences on the individual.

SO 599. **Independent Study-Practicum.** 3 semester hours.

Independent study, research or practice experiences under departmental determinations, supervision and evaluation. Enrollment by permission of chair of the department.

SO 601. **Indians of North America.** 3 semester hours.

Study of the aboriginal cultures of North America from the Arctic to Meso America. Special emphasis placed on their origins, on cultures prior to extensive acculturation, and on their contemporary situations.

SO 603. **Sociology of Education.** 3 semester hours.

Theoretical, conceptual, and descriptive contributions of sociology to education; structural analysis of education as a social system; and education as an instrument of change from sociological perspective.

SO 605. **Contemporary Social Issues.** 3 semester hours.

Exploration of the full range of contemporary social issues in America in an interdisciplinary setting.

SO 607. **Urban Sociology.** 3 semester hours.

Historical and contemporary causes, trends, and patterns of urbanization throughout the world. Various approaches to studying the process of urbanization, including ecological, social organization, and political perspective. Current developments and problems in urban planning.

SO 609. **Principles of Sociological Analysis.** 3 semester hours.

Advanced course in general sociology designed to give a systematic conception of social order, focusing on its structural components and the functions they serve.

Sport and Recreation Management

SRM 541. **Outdoor Education.** 3 semester hours.

This course will discuss the principles of environmental use, group, family, and individual camping and will include outdoor teaching of environmental relationships, sports, crafts, and living skills plus a weekend outdoor living experience. Special fee: \$30.00.

SRM 544. **Recreation for Special Populations.** 3 semester hours.

Theoretical and philosophical foundations of therapeutic recreation, history of therapeutic recreation, concepts of illness and disability role of the professional recreation therapist, and survey of therapeutic recreation services and settings.

COLLEGE OF NURSING AND ALLIED HEALTH

The mission of the College of Nursing and Allied Health (CONAH) is to prepare graduates to deliver competent nursing care, assume professional nursing roles and promote healthy lifestyles in local, regional, and global communities. The CONAH reflects the mission of the University in providing a quality foundation of nursing education that is facilitated by highly qualified and diverse faculty who demonstrate excellence in teaching, leadership, service and scholarly activity.

The College of Nursing and Allied Health (CONAH) offers a Master of Science in Nursing (MSN) degree with two options for registered nurses:

- Students in the Nursing in Teaching-Learning Environments option will receive preparation in advanced teaching methodologies that provide graduates with tools necessary to facilitate the education of nursing students, health care clients, and health care colleagues.
- 2. Students in the Nursing Leadership in Organizational Environments option receive educational preparation that will enable them to function at an advanced level in the health care environment concerning politics and legislation, budgeting and economics, leadership and management, such that these nurses may positively influence the management aspects of nursing and health care in society.

Both options are available online via the Internet and each course is asynchronous in nature. There is no mandatory campus-based component to either curriculum.

The MSN program has two overarching objectives. The fulfillment of these objectives will provide a positive impact on the well-being and health of the society:

- 1. education of nurses in advanced teaching methodologies to provide the tools necessary to facilitate the education of nursing students, health care clients, and health care colleagues;
- 2. preparation of nurses who will function at an advanced level in the health care environment with regards to politics and legislation, budgeting arid economics, leadership and management, such that they may positively impact the management aspects of nursing and health care in society.

The College of Nursing and Allied Health retains the right to make modifications in its program/policies based on recommendations and mandates from the Alabama Board of Nursing and the Commission of Collegiate Nursing Education. Students currently enrolled in the nursing program will be required to adhere to any modifications made during their enrollment as a nursing major.

PROGRAM GOALS FOR COLLEGE OF NURSING AND ALLIED HEALTH (CONAH) TRADITIONAL (TD) AND ONLINE (OD) DEPARTMENTS

- 1. CONAH Provide high quality, innovative education nursing progrms
 TD Offer a high quality traditional baccalaureate nursing degree program
 - OD Offer high quality online BSN and MSN nursing degree programs
- 2. CONAH To build and maintain a student-centered nursing program TD/OD Graduate nurses who are prepared to practice nursing in global healthcare environments.
- 3. CONAH Provide a culturally diverse environment for students, faculty and staff
 - TD/OD Promote a culturally diverse learning environment designed to eliminate barriers to learning
- 4. CONAH Develop partnerships with community agencies to expand healthcare to the community
 - TD/OD Develop and nurture a strong relationship with community health facilities and health professionals
- 5. CONAH Promote research and scholarly activities that advance nursing knowledge
 - TD/OD Foster scholarly activities, research, teaching, service, and practice that advance the knowledge base of nursing

PROGRAM OUTCOMES

Nursing in Teaching-Learning Environments

At the end of the Nursing in Teaching-Learning Environments course of study, the graduate will be able to:

- 1. Assess the learning needs of students, health care clients, health care colleagues, and others in need of health education.
- 2. Design and implement teaching-learning experiences for individuals, families, groups, and communities based on assessed learning needs.
- 3. Design and implement teaching-learning experiences that are culturally relevant.
- 4. Distinguish between pedagogy and andragogy and the related teaching methodologies.
- 5. Evaluate the effectiveness of various teaching approaches.
- 6. Compare and contrast specific teaching-learning theories.
- 7. Incorporate teaching-learning theories into plans of instruction.
- 8. Serve as an advocate for improved education for students and clients.
- 9. Participate in interdisciplinary collaboration to meet the health care educational needs of individuals, families, groups, and communities.

- 10. Develop, participate in, or utilize nursing and related research to add to the bodies of knowledge of both nursing and education.
- 11. Incorporate technological advances into educational programs and curricula.
- 12. Participate in the development of curricula for undergraduate nurses.
- 13. Identify and analyze legal, cultural, and ethical issues that affect the health care environment.

Nursing Leadership in Organizational Environments

At the end of the Nursing Leadership in Organizational Environments course of study, the graduate will be able to:

- 1. Identify the knowledge base necessary for functioning as a nursing manager/executive in the health care environment.
- 2. Analyze the roles and characteristics of effective leaders, managers, and role models.
- 3. Discuss the role of the nurse in health care economics.
- 4. Apply economic principles to the health care environment.
- 5. Identify various political and legislative forces affecting health care.
- 6. Develop a health care budget based on sound economic principles.
- 7. Demonstrate effective leadership and managerial styles.
- 8. Develop and implement effective problem-solving methods based on theory and research in an evolving health care delivery system.
- 9. Create leadership/management strategies based on theory and research that are culturally appropriate.
- 10. Communicate effectively with a diverse audience.
- 11. Identify and analyze legal, cultural, and ethical issues that affect the health care environment.

ADMISSION

All students admitted to the MSN program must meet all UNA graduate admission requirements (see General Regulations and Procedures). All required admission material must be submitted by the deadline date. Additional requirements for admission to the MSN program are:

- 1. A completed application to the CONAH graduate program (available online at https://www.applyweb.com/apply/unan/
- 2. A cumulative undergraduate grade point average (GPA) of at least 3.0.
- 3. A Bachelor of Science in Nursing degree from a professionally accredited nursing program in the United States.
- 4. A written statement of professional goals and the role of graduate education in achieving those goals.

- 5. A current unencumbered license to practice as a registered nurse in the United States.
- 6. Three references from professional sources.
- 7. An applicant to the Teaching-Learning alternative must have one year of clinical practice as a registered nurse. There is no experience requirement for Leadership applicants.

Conditional admission will be considered for those applicants who meet the admission criteria in part. A student admitted conditionally must have three years of full time clinical experience as a registered nurse and must take the Graduate Record Examination (GRE) or Miller Analogies Test (MAT). If an applicant earns a cumulative score of 1000 or greater on the verbal and quantitative sections of the GRE or a score of 410 or greater on the MAT, the applicant qualifies for unconditional admission regardless of GPA. Conditionally admitted students must earn a grade point average of 3.0 or greater after the first nine hours of study. Conditionally admitted students who fall below 3.0 after nine hours of study may not continue in the program.

International students must meet all University and CONAH graduate admission requirements and must have a minimum score of 550 on the paper-based Test of English as a Foreign Language (TOEFL) or a minimum score of 213 on the computer-based TOEFL.

All applications for admission undergo review by the graduate nursing faculty. Admission decisions will be made by the CONAH graduate administration and faculty.

PROGRESSION AND RETENTION

All students must maintain an overall GPA 3.0 on all valid work attempted in the MSN program with not more than six semester hours at C or below. Students who fall below a 3.0 will be placed on academic probation. Students on academic probation must earn a GPA of 3.0 or above upon the subsequent completion of nine additional hours. Students who do not earn a 3.0 after this time will not be able to continue in the program. A student whose final GPA is less than 3.0 is not qualified for graduation.

A student may repeat a course in which the earned grade was "F" with special permission from the Director of the MSN program. Students may not repeat a course in which any other grade was earned. A student may repeat only one course. Repeating a course does not delete the previous grade.

A student must complete all coursework within seven years. Exceptions may be made for extenuating circumstances. A written request for extension should be sent to the director of the MSN program explaining the reason for the extension. If granted, the extension will be for one calendar year.

UNCLASSIFIED STUDENTS

Students who wish to take courses without enrolling in the MSN program of study may take a maximum of six hours as an unclassified (non-degree seeking) student with permission from the Director of the MSN Program. Students must complete the MSN application form and have transcripts sent to UNA. Permission will be granted only if space is available in the requested course(s). Students must be enrolled in the MSN program in order to take more than six hours.

No assurance is given that credit earned while in unclassified status may subsequently be applied to the MSN degree program or be transferable to another institution. Satisfactory completion of MSN courses while in unclassified status does not assure the student of admission to the MSN program.

TRANSFER CREDIT

See *Special Regulations* in the General Regulations and Procedures section of the catalog. Any course submitted for transfer credit will undergo evaluation by the graduate nursing faculty who will determine the granting of transfer credit. The maximum number of transfer hours is six and only grades of B or above will receive transfer credit.

ADVISEMENT

All students will receive advisement from graduate nursing faculty or the Coordinator of Online Nursing Enrollment. Students must seek to confer with his or her advisor prior to preregistration each semester.

CLINICAL REQUIREMENTS

All students are to have a physical examination, proof of required immunizations or titres, current tuberculosis screening, a current Basic Life Support card, health insurance, a notarized Felony Affidavit, and current individual student liability insurance prior to beginning clinical courses. Students must also hold current licensure (unencumbered) in the state(s) in which they complete clinical experiences. The submission of the appropriate forms with these items documented must meet the specified deadline date.

READMISSION

Students who desire reinstatement to the graduate nursing program must write a letter of petition to the College of Nursing and Allied Health. The letter is to be sent to the Chair of the Online Nursing Program and must include any extenuating circumstances that may have contributed to the failure to be successful in the previous attempt in the MSN program. The letter must also include a plan for successfully completing the program, including specific strategies to ensure success. Readmission decisions will be made by the Dean of CONAH.

ASSUMPTIONS

The UNA CONAH Master of Science in Nursing degree builds on the preparation of students at the BSN level with the following assumptions:

- students have experience in professional nursing practice
- students have background knowledge of nursing theory and research
- students understand and use the nursing process
- students are able to communicate effectively
- students are involved in professional activities
- students have leadership abilities
- students can use technology effectively

The concept of communication is expanded to include participation in the leadership/instructor/researcher role. The concept of functioning as a "professional" is expanded to functioning in management/leadership/executive roles. The concept of research is expanded from the knowledge level to the performance level. The concept of collaboration with members of the health team is expanded to the role of collaboration with academic, legislative, and economic officials, as well as leaders in other disciplines.

DEGREE AND PROGRAM PLANS

The Master of Science in Nursing degree requires 42 hours of credit for completion. The curriculum consists of 18 hours of core courses for students in both options. There are 21 additional hours of courses specific to each option. Additionally, all students must complete a culminating three-hour Capstone Project.

Through a partnership with Jacksonville State University (JSU), one core course NU 604 two "Teaching-Learning" courses (ED 605; ED 655), and one "Leadership" course (NU 506) will be taught through JSU's online nursing program. In addition to these courses, students may transfer a maximum of six hours from another university (See "Transfer Credit").

Nursing in Teaching-Learning Environments	
Core Courses: NU 501, NU 503, NU 601 NU 602, NU 603, NU64	21
Discipline Specific Course ED 605, ED 655, NU 600/ED 603,	
Capstone Project: NU 699	3
Total	42
Nursing Leadership in Organizational Environments	
	18
	Core Courses: NU 501, NU 503, NU 601 NU 602, NU 603, NU64

Total	42
Capstone Project: NU 699	3
NU 613	21
Discipline Specific Courses: NU 504, NU 505, NU 612,	

Please note that NU 604 will be taught at JSU as NU 542; ED 605 will be taught at JSU as NU 550; NU 506 will be taught at JSU as NU 544; and ED 655 will be taught at JSU as NU 551.

All courses are online.

COURSES OF INSTRUCTION

NU 501. **Advanced Nursing Research.** 3 semester hours.

A concentrated study of the examination and utilization of the research process in furthering the body of knowledge in nursing to improve health outcomes for patients. The course focuses on problem identification and the use of appropriate research methodology to solve problems in the health care system. Evaluation and critique of various types of research are done and research findings are applied to nursing practice. The steps of a theoretically-based research proposal are examined. Prerequisite: admission to College of Nursing and Allied Health Graduate Studies.

NU 503. **Advanced Nursing Theory.** 3 semester hours.

The exploration of the nature of knowledge and theory through the study of selected nursing theories, as well as the study of theories in other disciplines. The focus of this course is to apply and utilize theory to promote the understanding of information for improving health. Theoretical foundations of advanced nursing practice are examined including the evolution of nursing knowledge by examining theoretical structures from other disciplines. Students will critique selected theories for their applicability to nursing practice and nursing knowledge development. Prerequisite: admission to College of Nursing and Allied Health Graduate Studies.

NU 504. **Business Concepts for Nurses.** 3 semester hours.

The course is designed for nurse leaders and focuses on economics and finance of health care systems. Using real-world examples drawn from hospitals, home care agencies, and long term care facilities, the student will study forecasting, budgeting and everyday financial management responsibilities. The analysis of health care economics will be explored in the context of describing the economic dimensions of health care while explaining and evaluating a number of health care issues.

NU 505. **Strategic Planning and Communication in Health Care Environments.** 3 semester hours.

This course integrates theoretical, technological, communication and leadership concepts to apply a holistic approach to interactions of the internal and external health care agency environment and to explore and define agency missions, objectives and goals. Students will identify an agency's mission and vision and use SWOT analysis to evaluate the internal and external environment. The course also emphasizes the importance of effective and professional communication in today's global environment.

NU 506. **Statistical Concepts for Nurses.** 3 semester hours.

This course addresses quantitative methods and statistics with applications to nursing and health care. Topics include descriptive statistics, measures of central tendency, sampling, hypothesis testing, probability distributions, correlation analysis, and analysis of variance.

NU 600. **Psychology of Learning in Nursing.** 3 semester hours.

This course is a study of the assumptions about learning which underlie various educational practices. It is designed to acquaint students with different learning theories and to provide students with opportunities to explore current trends in theory and research as they apply to education and nursing. Also listed as ED 603 but creditable only in field for which registered.

NU 601. **Health Policy and Social Issues.** 3 semester hours.

The analysis of the development of health care policy and the political, ethical, and financial factors that influence the challenges and opportunities in current nursing practice. One of the course's major foci is on assessment of community health care systems and the impact that various legal, governmental, and fiscal factors have on these systems. Students will examine current social issues and their effect on the health care arena. Prerequisite: admission to College of Nursing and Allied Health Graduate Studies.

NU 602. Advanced Role Development. 3 semester hours.

A study of the functions and activities of various roles in professional nursing practice. This course focuses on advocacy as a responsibility of the leadership role as well as the use of collaboration as a tool for building interdisciplinary relationships. The course also highlights the role of the nurse in project management. Prerequisite: admission to College of Nursing and Allied Health Graduate Studies.

NU 603. **Health Promotion Across the Lifespan.** 3 semester hours.

A snythesis of selected theories and principles that permit individuals and groups of various ages to function at high levels of well being. The focus of this course is on cost effective health promotion, prevention of illness, and maintenance of high-level functioning in an evolving health care delivery system. Prerequisite: admission to College of Nursing and Allied Health Graduate Studies.

NU 604. **Human Diversity and Ethics.** 3 semester hours.

The identification and analysis of how culture and value systems impact the health practices of various human groups in a sociopolitical and legal environment. An assessment and analysis of selected cultures and the relationship of those cultures to health. Students will examine ethics and ethical decision-making and their influence on health care. Prerequisite: admission to College of Nursing and Allied Health Graduate Studies.

NU 610. **Teaching the Health Care Consumer.** 6 semester hours.

A clinical course that assesses the learning needs of selected health care populations. Students will use these assessed learning needs to plan, implement, and evaluate a culturally, age-appropriate teaching project. The focus of this course is to prepare the nurse to expand the knowledge base of health care consumers—individuals, groups, or communities—in areas of health. The clinical portion of this course will consist of a 90-hour internship with an educator in a health care facility. The student is to select a clinical area of concentration (e.g. Adult Health, Pediatrics, etc.). Prerequisite or corequisite: NU 600.

NU 611. **Teaching the Health Care Provider.** 6 semester hours.

A clinical course in which the learning needs of health care providers are assessed in higher education. Students design, implement and evaluate courses of study and curricula based on assessed learning needs. These activities will enhance the teaching and learning activities of health care providers. Teaching-learning theories guide the performance of health care providers in the educator role. The clinical portion of this course will consist of a 90-hour internship with a nurse educator preceptor in a higher education institution. The student is to select a clinical area of concentration (e.g. Adult Health, Pediatrics, etc). This clinical area must be the same as in NU 610. Prerequisite or corequisite: ED 605, NU 600.

NU 612. **The Nurse Manager.** 6 semester hours.

A clinical course that focuses on the identification of management problems in an organizational environment and the development, implementation, and evaluation of outcomes based on scientific evidence. Emphasis is on advanced nursing leadership and influences including political, legal, social, cultural, ethical, and economic forces within the health care system. Students will analyze various types of organizational and management styles. A clinical internship provides the student with opportunities to integrate management/leadership theories, operations, and research in a variety of health care settings in order to positively influence patient health outcomes. Prerequisite or corequisite: NU 504, NU 505.

NU 613. **The Nurse Executive.** 6 semester hours.

A clinical course that builds on concepts in NU 612. Students participate in an executive-level internship with a nursing administrator/executive preceptor using a theory-based management/leadership style (90-hours). Problem-solving methods are demonstrated using actions that are legally, ethically, and culturally appropriate and that exhibit advanced management/leadership competencies. Prerequisite: NU 612.

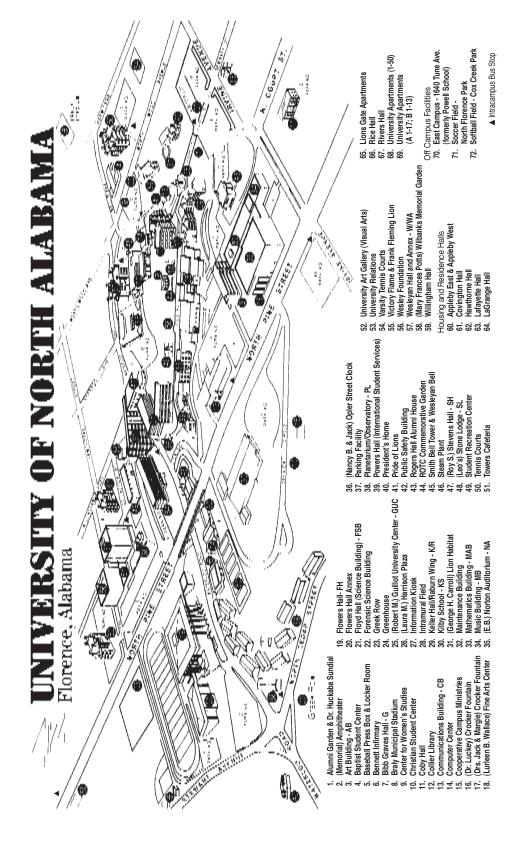

NU 698. **Independent Study.** 1-3 semester hours.

Guided independent study or research in an area related to nursing education or leadership. Prerequisite: approval of program director.

NU 699. **Capstone Project.** 3 semester hours.

A clinically-based synthesis of knowledge and skills acquired in the program. Projects emphasize problem solving, critical thinking, communication skills, management skills, and strategic planning. Students making satisfactory progress but who do not complete the project in one semester will receive an S grade but will receive no credit hours. Students must reregister for the course in the following semester in order to complete the project. Upon successful completion of the project, students will earn the P grade and receive three credit hours. Students may reregister for the course one time only. For those in the Teaching-Learning option, the clinical focus will be in a specific area of nursing practice. This clinical area must be the same as in NU 610 and NU 611. Grading is **P** (Pass) or **F** (Fail). Prerequisite: satisfactory completion of 30 hours in the MSN program.

NOTES

UNIVERSITY of NORTH ALABAMA ACADEMIC CALENDAR

(See Page 7 for Complete Calendar)

2010 FALL SEMESTER

August 21 Saturday—Residence halls open for occupancy after 1:00 p.m.

August 25 Wednesday—Regular classes begin

September 6 Monday—University closed for Labor Day holiday
