Vol. XCII August, 2010
An Invitation

The University of North Alabama cordially invites prospective students, parents, and other interested persons individually or in groups to visit the university campus. Guided tours are available daily Mondays through Fridays from 10:00 a.m. to 2:00 p.m. during the fall and spring semesters. Tours are not available during holiday weekends, recess periods, summer terms, or between terms. To schedule a campus tour, contact the Office of Admission, University of North Alabama, Florence, Alabama 35632-0001. Telephone: Area Code 256-765-4608.

This catalog is the official announcement of the facilities, programs, requirements, and regulations of the University, and students enrolling in the University are subject to the provisions stated therein. Statements regarding fees and other charges, courses, when courses are offered, requirements, and other conditions are subject to change without advance notice. The University reserves the right to cancel any class or section in which fewer than ten students are enrolled.

Nondiscrimination Policies

It is the policy of the University of North Alabama to afford equal opportunities in education and in employment to qualified persons regardless of age, color, creed, disability, national origin, race, religion, or sex, in accordance with all laws, including Title IX of Education Amendments of 1972, Title VII of the Civil Rights Act of 1991, and Executive Order 11246. The coordinator for non-discrimination policies for students is Irons Law Firm, 219 N. Court Street, Florence, AL, 35630. The coordinator for employees is the Director of Human Resources and Affirmative Action, Room 222, Bibb Graves Hall or telephone 256-765-4291.

*UNIVERSITY ACADEMIC CALENDAR

2010 FALL SEMESTER
August 21  Saturday—Residence halls open for occupancy after 1:00 p.m.
August 23  Monday—Required assembly for orientation of beginning freshmen who did not attend Summer Orientation and Advanced Registration (SOAR) and new transfer students who did not attend Transfer SOAR
August 25  Wednesday—Regular classes begin
September 6 Monday—University closed for Labor Day holiday
October 15  Friday—Midterm; last day to apply for graduation for 2011 Summer Term
October 22-24  University closed for Fall Break
November 24-28  University closed for Thanksgiving holidays (Nine month residence halls close at 6:00 p.m. on November 24 and will reopen after 1:00 p.m. on November 28)
December 9  Thursday—Study Day
December 10-16  Friday 8:00 a.m. through Thursday noon—Semester examinations
December 17  Friday—Close of term; midyear commencement program, Flowers Hall
December 18  Saturday—Nine month residence halls close for Christmas break at 6:00 p.m.

2011 SPRING SEMESTER
January 9  Sunday—Residence halls open for occupancy after 1:00 p.m.
January 10  Monday—Required assembly for orientation of beginning freshmen and new transfer students
January 12  Wednesday—Regular classes begin
January 17  Monday—University closed for Dr. Martin Luther King, Jr. Day holiday
February 18-20  University closed for Winter Break
March 4  Friday—Midterm; last day to apply for graduation for 2011 Fall Semester
March 25  Friday—Nine month residence halls close for spring holidays at 6:00 p.m.
March 28-April 3  University closed for spring holidays (Nine month residence halls reopen after 1:00 p.m. on April 3)
April 22  Friday—University closed
May 5  Thursday—Study Day
May 6-12  Friday 8:00 a.m. through Thursday noon—Semester examinations
May 14  Saturday—Close of term; commencement program, Flowers Hall
May 15  Sunday—Nine month residence halls close for end of spring semester at 6:00 p.m.

*All dates contained in this calendar are tentative and subject to change without prior notice.
INTERSESSION PERIOD
The intersession period runs from May 16 through June 3, 2011.

May 30  Monday—University closed for Memorial Day holiday

2011 SUMMER TERM

SESSION ONE
June 5  Sunday—Residence halls open for occupancy after 1:00 p.m.
June 6  Monday—Required assembly for orientation of beginning freshmen and new transfer students
June 7  Tuesday—Regular classes begin
June 30  Thursday—Last day of classes; last day to apply for graduation for 2012 Spring Semester
July 1  Friday—Final examinations and close of session one (Nine month residence halls close for Session I at 6:00 p.m.)

SESSION TWO
July 4  Monday—University closed for Independence Day holiday; residence halls open for occupancy after 1:00 p.m.
July 6  Wednesday—Regular classes begin
July 9  Saturday—Classes in session
July 28  Thursday—Last day of classes
July 29  Friday—Final examinations and close of session two (Nine month residence halls close for Session II at 6:00 p.m.)

SESSION ONE & TWO COMBINED (EVENING PROGRAM AND SPECIAL COURSES)
June 5  Sunday—Residence halls open for occupancy after 1:00 p.m.
June 6  Monday—Required assembly for orientation of beginning freshmen and new transfer students
June 7  Tuesday—Regular classes begin
June 30  Thursday—Last day to apply for graduation for 2012 Spring Semester
July 4  Monday—University closed for Independence Day holiday
July 28  Thursday—Last day of classes
July 29  Friday—Final examinations and close of summer term (Nine month residence halls close for summer term at 6:00 p.m.)

*All dates contained in this calendar are tentative and subject to change without prior notice.
DESCRIPTION OF THE UNIVERSITY

MISSION AND VISION

As a regional, state-assisted institution of higher education, the University of North Alabama pursues its Mission of engaging in teaching, research, and service in order to provide educational opportunities for students, an environment for discovery and creative accomplishment, and a variety of outreach activities meeting the professional, civic, social, cultural, and economic development needs of our region in the context of a global community.

The Vision of the University of North Alabama builds upon nearly two centuries of academic excellence. We commit ourselves to design and offer a rich undergraduate experience; to respond to the many educational and outreach needs of our region, including the provision of high quality graduate programs in selected disciplines; to provide an extracurricular environment that supports and enhances learning; to provide a global education and participate in global outreach through distance learning programs; and to foster a diverse and inclusive academic community. We promote global awareness by offering a curriculum that advances understanding of global interdependence, by encouraging international travel, and by building a multinational student population. We pledge to support and encourage intellectual growth by offering primarily small, interactive classes taught by highly educated professionals, and through mentoring, internships, and other out-of-class educational opportunities.

UNIVERSITY VALUES

The members of the University of North Alabama community maintain a culture that:

• Adheres to personal academic and intellectual integrity;

• Embraces the diversity of cultural backgrounds, personal characteristics, and life situations represented in this community;

• Values an environment for the free expression of ideas, opinions, thoughts, and differences in people; and

• Respects the rights, dignity and property of all.

UNIVERSITY GOALS

The University of North Alabama has identified five broad university goals that guide planning and resource allocation throughout the University. These goals are intended to be aspirations in that they are assumed to inspire, to guide, and to be on-going. Each university goal should result in a number of long-term and annual initiatives that support progress toward accomplishing the broader aspiration. The five university goals are:

• To offer high quality programs;
• To build and maintain a student-centered university;
• To promote and celebrate diversity;
• To foster a strong university community; and
• To enhance and support regional development and outreach.

HISTORY AND LOCATION

The University occupies the beautiful campus of over 130 acres in a residential section of Florence, Alabama. Florence is located just north of the Tennessee River and is the largest city in a four-city area that includes Tuscumbia, Sheffield and Muscle Shoals. The entire metropolitan area has a combined population of approximately 140,000 people. The University of North Alabama, established in 1830 as LaGrange College, became in 1872 the first state-supported teachers' college south of the Ohio River and one of the first coed colleges in the nation. The University of North Alabama has developed into a comprehensive regional university providing quality educational opportunities for students, with majors in four colleges—arts and sciences, business, education, and nursing and allied health.

Graduate studies were introduced in 1957 with the establishment of master's degree programs in education, and have been characterized by continued expansion: a sixth-year program in education (1971), a master of business administration degree program (1975), a master of science in criminal justice degree program (1994), a master of arts in English degree program (1999), and a master of science in nursing (2006).

LITERARY LANDMARK

The University was designated as a Literary Landmark by Friends of Libraries U.S.A. in 2006. UNA is the first site in the State of Alabama to receive this honor. The designation is based upon the role of the University in the life and writing of Pulitzer Prize winning author T.S. Stribling. Stribling, a 1903 graduate of the institution, was awarded the Pulitzer for Literature in 1933 for THE STORE. THE STORE was the second work in his epic trilogy portraying the lives of a fictional family in Lauderdale County, Alabama, as they dealt with the Civil War, Reconstruction, and the boom period of the 1920s. The University library houses an extensive collection of Stribling writings, research materials, and memorabilia.

ORGANIZATION

The governing control of the University is vested in a Board of Trustees established by action of the State Legislature (HB 650, Act No. 773, September 9, 1967). The board is composed of the Governor as president ex officio, the State Superintendent of Education as a member ex officio, and nine members—six from within the area comprising the Fourth and Fifth Congressional Districts and three from the state at large—appointed by the Governor by and with the advice and consent of the State Senate. The chief administrative officer of the University is the President.
President is assisted and advised by an administrative staff, by members of the faculty and faculty agencies such as the Faculty Senate and the Graduate Council, and by various university committees. Each college of the University is administered by a dean, and each department by a chair.

The academic programs and courses of instruction of the University are organized under colleges and departments, as follows:

**College of Arts and Sciences**

- Department of Nursing – Traditional (includes accelerated alternative)
- Department of Nursing – Online (RN-to-BSN, RN-to-MSN, & MSN)

**ACADEMIC FUNCTIONS AND PROGRAMS**

The University operates on the semester system. Credit is based on the semester hour and each course of instruction carries a specific number of semester hours of credit. The school year is composed of two semesters, two 4-week summer sessions, and/or an eight-week summer term. The first semester begins in late August and ends in December; the second semester begins in January and ends in May; summer session I begins in June...
and ends in late June, summer session II begins in July and ends in late July, and the eight-week summer term begins in June and ends in late July. In the first or second semester the normal schedule will include from 15 to 18 semester hours of credit. The summer sessions and term provide for the equivalent of a full semester’s work on a normal schedule of from 12 to 14 semester hours of credit. Classes meet Mondays through Fridays each term, with evening and Saturday classes also offered as an extension of the regular day schedule. The University provides for special short courses, conferences, institutes, and workshops, and for regular courses offered in off-campus locations and interim sessions and through distance learning. The University does not offer courses by correspondence.

Through its Colleges of Arts and Sciences, Business, Education, and Nursing and Allied Health, the University offers the following programs and educational opportunities:

1. The Bachelor of Arts or Science degree with major field options from art, biology (cellular and molecular, environmental, general, professional), chemistry (general, professional), communication arts with options in broadcast journalism, entertainment media production, entertainment publicity-promotion, film and digital media, journalism, public communication, public relations, radio-television-film and theatre, computer science, criminal justice, English with options in English, language arts, and professional writing, foreign language with options in commerce, foreign language, and professional, geography with options in general and geographic information science, history, industrial hygiene, marine biology, mathematics, music with options in commercial music, instrumental music, performance, vocal/choral music, physics with options in professional physics, general physics, and general science, political science, psychology, social science, and sociology. Successful completion of a Bachelor of Arts or Science degree in an Alabama State Board of Education approved program qualifies graduates for recommendation for the Alabama Class B Professional Certificate. See College of Education for approved teaching fields.

2. The Bachelor of Business Administration degree with major field options from accounting, computer information systems (enterprise information systems, end-user computing systems), economics, finance (professional, banking and financial services), management (human resource, professional, entertainment industry, hospitality), and marketing.

3. The Bachelor of Science degree with major field concentrations from health-physical education-recreation (exercise science, fitness management, health promotion, recreation, and sport management), and human environmental sciences (merchandising, interior design, foods and nutrition, culinary arts, child development).

4. The Bachelor of Science in Education degree and qualification for recommendation for the Alabama Class B Professional Certificate in elementary K-6, P-12 Education in Physical Education, 6-12 Family and Consumer Sciences Education and 6-12 Business/Marketing Education.
5. Bachelor of Science with a dual major in Secondary Education or P-12 education and selected subject fields, and qualification for recommendation for the Alabama Class B Professional Certificate.

6. The Bachelor of Science in Nursing degree.

7. The Bachelor of Social Work degree.

8. The Bachelor of Fine Arts degree.

9. The Bachelor of General Studies degree.

10. Courses of study leading to the Bachelor of Arts or Bachelor of Science degrees based upon satisfactory completion of prescribed three-year curricula and the first year's work at a professional school of medicine, dentistry, or law.

11. Preprofessional preparation for programs in agriculture, architecture, dentistry, engineering, forestry, health sciences, law, medicine, medical technology, optometry, pharmacy, podiatry, veterinary medicine, and other fields for which from one to four years of undergraduate university coursework is appropriate to the program of the professional school or field.

12. Other programs, including the Senior Reserved Officers Training Corps program, and individual courses through which students may satisfy opportunities for personal interest or vocational advancement on credit or noncredit bases.

13. Minor fields of concentration are offered in most of the subjects listed for the majors. Please check specific departments for their offerings.

14. Graduate programs: See Graduate Catalog.

**SPECIAL PROGRAMS**

**Center for Academic Advising and Retention Services.** The Center for Academic Advising and Retention Services (CAARS) provides advising assistance for students in transition from one major to another and academic counseling for conditionally admitted and probationary students. In addition, CAARS coordinates academic advising university-wide and offers academic programming for all entering students during orientation sessions. Students are welcome to stop by the CAARS office in Keller Hall 110 or for assistance, they may call 765-4722.

**Dauphin Island Sea Laboratory.** The University, along with 21 other colleges and universities in the State, is a member of the Marine Environmental Sciences Consortium (MESC) with the instructional and laboratory facilities located at the Dauphin Island Sea Lab. Summer instruction in marine science courses is available to eligible University of North Alabama students, and constitutes a part of the university's programs in biology, earth science, and geology, as outlined in the sections for the Departments of Biology and Physics and Earth Science.

**Foreign Travel and Study.** From time to time the University sponsors special student tours to foreign countries, usually in interim sessions and for
periods of from one to three weeks. Academic credit in the general elective area may be earned through studies in conjunction with such tours under the designations and requirements prescribed for the Intercultural Experience (See “Colleges and Programs,” College of Arts and Sciences: Special Courses). Arrangements also may be made for students from this University to participate in appropriate foreign study programs sponsored by other accredited universities and recognized agencies. The Magellan Exchange program offers students the opportunity to study or intern for four-to-six month periods through an exchange program with several European universities. For more information, contact the Office of International Affairs. Students who have attended institutions outside the United States must have their transcripts evaluated by the World Education Services, Inc. (WES). (See “International Students,” Admission to the University)

**University Honors Program.** The Honors Program is a distinguished degree option for outstanding students at UNA. The program is open primarily to entering first year students; second year and transfer students may be admitted on a case by case basis. The deadline for application for first year students is February 1. Transfer and current students should contact the Honors Program. Admission is selective. The Honors Program is open to students in all majors and colleges. The Honors Program curriculum consists of 27 credit hours of honors coursework. There are no additional credit hours beyond the hours required for a typical degree. Honors courses replace required courses in the university curriculum and in individual majors. To remain in the Honors Program students must maintain a 3.25 GPA, adhere to university policies, participate in program activities, and make satisfactory progress toward completion of the academic requirements. Students who complete the program graduate with the distinction “University Honors.”

**Honors Program Curriculum:**
- Honors 101: required of all first year students
- Honors 201: required of all second year students
- Honors 301: required of all third year students
- Honors Capstone Project: 3-6 hour individual project in the respective major
- 27 total hours of honors coursework
- Completion of Civic Engagement Component

Students in the Honors Program may take and apply any honors course toward completion of the program’s 27 hour requirement. The list of honors courses varies by semester. Students may also contract regular courses for honors credit. The Capstone Project is developed by the student in consultation with a faculty advisor and is normally completed in the final year. To complete the civic engagement component, students engage in 10-15 hours of approved community service per semester beginning in the second year. For more information, contact the Honors Program by e-mail at honors@una.edu or visit the Honors Program web site at [http://www.una.edu/honors/](http://www.una.edu/honors/).
**Honors Program in English.** Any student with exceptional aptitude in English and literature as indicated by ACT/SAT scores may enter the Honors Program in English. The program includes special courses of study in First-Year Composition (121–122) and Honors Studies in Western Literature (233–234), and eligibility for the Honors Seminar in Literature (304). Students who complete the 15-hour honors sequence with a 3.0 average or higher on the last nine hours will be designated in commencement programs as graduating with “honors in English” and a notation will be made on their transcripts. Students who commit an act of academic dishonesty (as defined in English department policy) in any English course will become ineligible to complete the sequence or to graduate with “honors in English.”

**Learning Communities.** Learning communities are open to all entering freshmen. Students may choose a learning community as part of their regularly scheduled classes. Learning communities in their simplest form are pairings of courses from the general education curriculum connected by a third one-hour course. Different subjects are paired together, such as English and History, with a one-hour course where students will have the opportunity to interact with their professors and with students who they will see in both of the classes. This one-hour course (Learning Community Seminar) is taught by the faculty who teach the general education courses that are connected and focuses on information pertinent to new students. All of the courses selected are courses that a college student would take during their freshman year. Because students are in all three classes together they tend to adjust to the expectations of college life faster. It has been shown that by organizing students and faculty into smaller groups there is an opportunity for students to establish support networks and an increased focus on student learning and achievement.

**Women’s Studies.** A minor program in women’s studies is administered by the Women’s Center.

Women’s studies is an interdisciplinary program that places women at the center of inquiry encouraging students to examine and critique the experiences of women and the assumptions about women’s lives. The program also highlights the contributions of women in all fields of study.

**REQUIREMENTS FOR A MINOR IN WOMEN’S STUDIES**

Students will complete eighteen hours in women’s studies including WS 100, Introduction to Women’s Studies, and WS 495, Senior Seminar in Women’s Achievement and Theory. At least six hours of the twelve hours of women’s studies electives must be taken outside of the student’s major.

Army ROTC. The Department of Military Science is a cooperative venture between the United States Army and the University of North Alabama. The program provides a Reserve Officer Training Corps (ROTC) program with a mission of commissioning students as officers in the Army upon completion of a baccalaureate degree. Satisfactory completion of the program may lead to a Minor in Military Science. The program provides students an opportunity to learn and practice leadership skills necessary in the Army and in society. The emphasis of the program is on leadership development. Students are challenged to apply accepted leadership theory to practical situations. A theoretic basis of knowledge is developed through attendance in military science classes and courses offered in colleges throughout the University. The program is only available to full-time students.

There are two program options: a four-year program and a two-year program. These two programs are addressed below. Under some circumstances, it is possible to complete the program in less than two years. Students can obtain information on alternative programs by contacting the ROTC Department at 256-765-4271 / 4458.

The four-year program is divided into two phases, the Basic Course and the Advanced Course.

Basic: The Basic Course is taken during the freshman and sophomore years. These courses are open to all students on an elective basis. The courses, taught to meet the requirements to enter into the Advanced Program, incur no military obligation and are open to all registered full-time students. Basic Course curriculum focuses on introductory leadership theory, basic military knowledge and skills, and the Army's role in national security policy and practices.

Advanced: The Advanced Course is taken during the junior and senior year of the four-year program. Students in this program must have completed the Basic Course, have two years remaining in college* and enter into a contract with the United States Army to serve as an officer in the active or reserve forces upon graduation.

Advanced Course students take classes in advanced leadership and participate in leadership laboratories where they apply theories of leadership in practical situations. Enrollment in the Advanced Course requires the approval of the Professor of Military Science.

The two-year program is designed for students who did not take Army ROTC during their first two years of college and for students entering or progressing in a two-year postgraduate course of study.* Students can qualify for the Advanced Course in a number of ways. Prior enlisted personnel and members of the National Guard and Army Reserve receive Basic Course credit for successful completion of Basic Training. Successful completion of the four-week ROTC Leader Training Course (LTC) also qualifies students for the Advanced Course. The Professor of Military Science may also award Basic Course credit for satisfactory participation in Junior ROTC or for completion of an approved alternative course.

* It is possible to compress the Advanced Course into three semesters of study if the student's academic program allows.
of study within the Department of Military Science. Students must meet the following requirements in order to attend the Leader Training Course: overall GPA of 2.0 or higher on a 4.0 scale, have junior standing and meet medical and physical fitness standards. Approval for attendance is required from the Professor of Military Science.

The Office of Continuing Studies and Outreach. The University offers a wide variety of continuing education courses ranging from general interest topics to credit courses. The Office of Continuing Studies and Outreach also conducts training courses for area businesses and industries. Other programs help professionals keep pace with rapidly changing developments in their respective fields. For additional information, please contact the Office of Continuing Studies and Outreach.

Distance Learning Program. The University offers an ever-expanding array of courses and programs via the Distance Learning Program. Classes are taught primarily online, with supplemental video available for selected classes. Distance Learning makes higher education available to students who experience scheduling conflicts caused by geographic distances, employment, family responsibilities, and other variables. For additional information, please contact the Coordinator of Distance Learning. Information may also be obtained from the dean’s office or academic department offering the program.

Cooperative Education Program. Cooperative Education provides the student an opportunity to explore careers and gain work experience while attending college. The program includes numerous majors but is geared towards the technical fields such as geography and geographic information systems, industrial hygiene and chemistry, computer science and computer information systems, and environmental biology. After the freshman year, students spend alternate terms in classes and paid employment. The program normally requires one to three years and involves a minimum of two full-time work terms. Inquiries concerning the program, standards of selection, and procedures for application should be directed to Career Planning and Development.

Planetarium-Observatory. Among the special facilities at the University is a planetarium-observatory. The planetarium contains a Spitz projector and provides seating for 65. The connecting observatory includes a 14-inch Newtonian telescope, an 8-inch Schmidt-Cassegrain telescope, and a rotating dome. This facility serves regular university classes in astronomy and earth science. In addition, special showings may be scheduled for the general public and for school, college, civic, and other groups at minimal charges. Groups who wish to schedule showings should contact the Department of Physics and Earth Science.

Testing Services. National testing programs including the ACT, SAT, CLEP, GED, GRE, and MCAT are given through the Center for Academic Advising and Retention Services. The CAAP examination is required for graduation. Information about the MAT and Alabama Prospective Teacher Testing Program may be obtained in the Office of the Dean of the College of Education.
LIBRARIES

The university libraries include Collier Library (the main library), the Learning Resources Center located in Stevens Hall, the Music Library located in the Music Building and the Kilby School Library. With combined holdings of one million items the libraries provide users with access to literature from a wide range of disciplines. Materials not found in the libraries are available through interlibrary loan. Library instruction sessions tailored to meet the needs of individual classes may be scheduled through the library. Common topics include locating books and articles, searching the Internet, and evaluating information sources.

The library website provides access to the online catalog and to many electronic resources. The address of the UNA website for library resources is <http://www.una.edu/library>.

ALUMNI RELATIONS

The Office of Alumni Relations, in conjunction with the National Alumni Association, strives to promote fellowship and positive communication among and between its members and University as well as to support institutional growth and development. Two major goals of these entities are to raise scholarship support for students and to help graduates with job placement and career networking.

THE UNIVERSITY OF NORTH ALABAMA FOUNDATION

The Foundation is a 501(c)(3) corporation that has an Affiliation Agreement with the University. Its purpose is to raise, invest, and disburse funds to benefit the statement of purpose, role, and goals of the University. Gifts solicited by the Foundation are for a variety of purposes including scholarships, professorships, eminent scholar chairs, program support, library acquisitions, capital construction, and renovation.

STUDENTS WITH DISABILITIES

In accordance with the Americans with Disabilities Act, the University makes provisions to accommodate students with qualified physical, learning, and/or psychological disabilities. Complete guidelines and UNA documentation requirements can be found on the web pages of the Office of Disability Support Services at www.una.edu/disability-support. For questions or to request accommodations, students with disabilities should contact the Office of Disability Support Services.

ACADEMIC FREEDOM AND RESPONSIBILITY

The University is firmly committed to the principle of freedom of thought, inquiry, and expression. No member of the university community may, in the exercise of academic freedom, deny the corresponding right of any other member of the university community, nor interfere with the legal and proper functions of the University.
Description of the University

STUDENT RIGHT-TO-KNOW

The University of North Alabama is in compliance with the Campus Security Act. Interested individuals may obtain a copy of the most recent university “Crime Awareness and Campus Security Report” from the Office of Research or view it on the University Police web page at www.una.edu/police under Clery Act Information.

UNIVERSITY OF NORTH ALABAMA POLICY STATEMENT
FAMILY EDUCATION RIGHTS AND PRIVACY ACT OF 1974

In accordance with the Family Education Rights and Privacy Act (FERPA) (See 513 of PL 93-380, Education Amendments of 1974, which amends the General Education Provisions Act, Sec 438) students of the University of North Alabama are hereby informed of their right to access their official records as described in the Act.

A student may examine his/her official academic record during working hours in the Registrar’s Office upon presentation of appropriate PICTURE identification.

The following is a list of directory information that may be made available regarding students of the University without their prior consent and is considered part of the public record of their attendance. Students who wish to withhold DIRECTORY INFORMATION should file such a request in the Office of the Registrar prior to the end of the registration period for any given term.

1. Name;
2. Permanent and local addresses;
3. Telephone listing;
4. Major fields of study;
5. Dates of attendance;
6. Degrees and awards received;
7. High school and other colleges and universities attended;
8. Participation in officially recognized organizations, activities, and sports;
9. Weight and height of members of athletic teams;
10. Photographs; and
11. E-mail addresses.
ADMISSION TO THE UNIVERSITY

Students who are seeking admission or readmission to the University must file appropriate documents with the Office of Admission located in Bibb Graves Hall, Room 122. Regardless of intended major, all applications are processed in this office. High school and (if applicable) college transcripts are evaluated in this office, along with standardized test scores and other required admission-related items. In the case of transfer students, academic records are examined to determine eligibility for transfer credit.

Inasmuch as the academic programs in teacher education and nursing have special admission requirements in addition to the general admission requirements, acceptance to UNA does not necessarily constitute admission to either of these programs. Students who desire to enter teacher education or nursing should refer to those sections in this catalog and/or consult with the deans of those colleges for specific admission criteria.

POLICY OF NONDISCRIMINATION

The University of North Alabama is an equal opportunity institution and does not discriminate in the admission policy on the basis of race, color, sex, religion, disability, age, or national origin.

The University of North Alabama reserves the right to refuse admission to any applicant whose presence is deemed detrimental to the institution or its students.

PROCEDURES FOR ADMISSION

Each student must file a standard application for admission form accompanied by a nonrefundable $25.00 application fee to cover processing costs. Application forms are available in most guidance and counseling offices of high schools and junior or community colleges in Alabama and the surrounding region. Otherwise, they may be obtained by contacting the UNA Office of Admission, UNA Box 5011, Florence, AL 35632-0001, or by calling (256) 765-4608. Outside of the local calling area, applicants may call 1-800-TALK-UNA (1-800-825-5862).

Students may seek admission to the University of North Alabama in any of the following categories:

Beginning Freshmen. Beginning freshmen are students who have never attended another college or university. Students who have attended another institution(s) during the summer immediately after high school graduation are also considered to be beginning freshmen. To support the application process, they are to ask that ACT (or SAT) scores and high school transcripts be sent directly to the UNA Office of Admission. Transcripts are typically sent by designated guidance counselors upon request by the students. If application is made while still enrolled in high school, the transcripts should show the latest available grades at least
through the junior year, and ACT or SAT scores. Subsequently, final transcripts must be sent showing confirmation of graduation and the graduation date. **Having these documents sent to UNA is the applicant’s responsibility,** and it should be clearly understood that application procedures are incomplete until all items are on file. Failure to complete this process will jeopardize students’ admission to the University. Students seeking admission on the basis of General Education Development (GED) tests must have official copies of those scores sent.

**Transfer Students.** Applicants who have attended other colleges or universities will be considered as transfer students. Transfer student applicants must have transcripts sent from all previously attended institutions regardless of whether or not credit was actually earned. The application process requires that students list all institutions attended. Failure to do so may result in denial of admission or subsequent cancellation of admission. Transfer students who have earned fewer than 24 semester hours of credit must also submit high school transcripts and ACT (or SAT) scores, and must meet admission standards which are applied to beginning freshmen.

**Former Students.** UNA students who wish to reenroll after an absence of one or more fall or spring semesters must apply for readmission as former students. Summer terms have no effect on this category. Readmission forms are available in the Office of Admission. Former students should refer to the readmission requirements described later in this section under Former Students.

**Transient Students.** Students in good standing who are enrolled in a degree program at another college or university may, with the written approval of the parent institution, enroll at UNA as transient students. Such enrollment typically occurs during the summer months. Transient approval forms are available in the academic deans’ offices. This form should be filed instead of a transcript.

**Early Scholars.** Outstanding academic achieving high school students may enroll at UNA as Early Scholars and take a limited number of college courses if they receive permission from their high schools. Forms are available in the UNA Office of Admission or on the UNA website, and must be completed by the high school principal or guidance counselor. An official copy of the high school transcript should be sent by the high school directly to the UNA Office of Admissions. For application deadlines, please refer to www.una.edu/admissions.

**Special Students.** Under certain circumstances, students may enroll at UNA as special students. These are not considered to be degree-seeking students. Admission as a special student requires approval by the Dean of Enrollment Management. Additional information is available in this section under Special Students.
REQUIREMENTS FOR ADMISSION

Beginning Freshmen

High school students should apply for admission as early as possible during the senior year. An official copy of the high school transcript, showing grades at least through the junior year and ACT or SAT scores, should be sent by the high school directly to the UNA Office of Admission. Transcript requests must be made by applicants.

A preliminary admission decision will be made on the basis of ACT (or SAT) scores and the high school record through the junior year. Confirmation of graduation and an official transcript of work completed in the senior year must be submitted before a final admission status will be determined.

Unconditional Admission. Graduates of approved high schools who meet the specified general aptitude and academic competency requirements may be granted unconditional admission to the freshman class at the University of North Alabama.

General Aptitude. Applicants must demonstrate general aptitude by:
(1) obtaining a composite score of 18 or higher on the American College Test (ACT) or 870 or higher on the Scholastic Aptitude Test (SAT); or (2) ranking in the top 50 percent of their high school graduating class (proof of ranking should be furnished by the applicant to the Office of Admission).

Basic Competencies. Applicants must demonstrate academic competency by achieving a grade point average (GPA) of at least 2.0 (4.0 scale) on a core of at least 13 high school units distributed as follows:

- **English:** (4 approved units)*
- **Mathematics:** algebra I, algebra II, geometry, trigonometry, statistics, or calculus (2 units)
- **Natural or Physical Science:** one biological and one physical science (2 units)
- **Social Studies:** one unit American history and at least 1/2 unit in government, with the balance from world history, state history, economics, geography, psychology, political science, or anthropology (3 units)
- **Other:** foreign languages, computer sciences, or any of the courses listed in the above areas which are not used to meet requirements in those areas (2 units)

Conditional Admission. High school graduates who do not meet the standards for unconditional admission may be granted conditional admission if they meet all of the following conditions: (1) the ACT composite score is 16 or above (SAT of 770 or above); (2) at least 11 approved units have been earned from among the high school academic core; and (3) the GPA on the high school academic core is at least 1.75.

Students admitted conditionally must present the UNA Office of Admissions with a final high school transcript before classes begin the semester for which they are admitted. These students will be restricted to carrying a maximum course load of 13 hours (six hours during the summer term) for the first semester or term of coursework under the supervision of

* For approved units, contact the Office of Admissions.
an assigned adviser. Such students will follow prescribed courses of study designed to strengthen their basic skills in areas where weaknesses are apparent.

Conditionally admitted students who have completed one semester or term and who have earned a minimum cumulative grade point average of 1.60 will be granted unconditional admission status. Credit earned during the conditional period will apply, if appropriate, toward a regular undergraduate degree program. Students who earn less than a 1.60 cumulative grade point average at the end of the first semester or term will be placed on academic warning for the following semester. (See Scholastic Standards section in this catalog for further information)

**Admission Exceptions.** Special consideration will be given to certain categories of applicants. Exceptions will be made under the following conditions:

1. New freshmen that are discharged veterans must meet the admission requirements for unconditional or conditional admission. New freshmen that are honorably discharged veterans and eligible for admission may be granted unconditional admission.

2. Applicants who have successfully passed the General Education Development (GED) test and can present a copy of the Certificate of High School Equivalency (GED certificate) may be granted admission to the University if the high school class of which they were a member has graduated. ACT scores must be submitted if the student is under the age of 25 or if the high school class for which they were to graduate has been out less than five years. Students with an ACT score of 18 or higher will be granted unconditional admission to the University. Students not meeting this educational requirement may enroll only by obtaining special permission from the Dean of Enrollment Services.

3. High school graduates who have never attended college and who have been out of high school for five or more years, as well as those who are more than 25 years old, must comply only with the basic competencies requirement, and are exempt from the general aptitude standards.

4. Home-schooled applicants must meet the ACT/SAT and grade point average (GPA) requirements of unconditional admission if they present certified transcripts at the completion of their program. Applicants who do not present certified transcripts must take the General Education Development (GED) test and meet the admission requirements as outlined in item (2) listed above. Students not meeting this educational requirement may enroll only by obtaining special permission from the Dean of Enrollment Services.

**Orientation.** All freshmen should attend an orientation session prior to the beginning of the initial term of enrollment. For those students beginning in the fall semester, Student Orientation, Advising, and Registration (SOAR) sessions will be scheduled. The two-day sessions, which are offered during June and July, include orientation, academic advisement, and preregistration for the fall semester.
Transfer Students

Students transferring to UNA must have all institutions previously attended send official transcripts directly to the Office of Admission. Student records will be incomplete and final admission status cannot be determined until all documents are placed on file.

Eligibility. To enroll at the University of North Alabama, a transfer student must be eligible to return to the last institution attended. Ineligibility to return to the last school attended for academic, disciplinary, financial, or other reasons will normally make the student ineligible for admission to UNA. Students transferring fewer than 24 hours of acceptable coursework must meet ACT (SAT) scores and high school core minima required of beginning freshmen.

Transfer students who are on warning or probation at the last institution attended will continue to be on warning or probation at the University of North Alabama and will be subject to all regulations governing warning, probation, suspension, and dismissal. All transfer students are subject to UNA's Scholastic Standards. If these standards are not met, further academic action will be necessary.

Upper-Division Credit Requirement. Students transferring work from a junior or community college must earn a minimum of 64 semester hours from UNA and/or other senior institutions in addition to meeting UNA residence requirements.

Orientation. All transfer students should attend an orientation session prior to the beginning of the initial term of enrollment. For those transfer students beginning in the fall semester, Student Orientation, Advising, and Registration sessions will be scheduled. The one-day sessions, which are offered during June and July, include orientation, academic advisement, and preregistration for the fall semester.

Former Students

Students who remain continuously enrolled (summer term excluded) are approved for registration each semester or term as long as they maintain the required academic standards. Students who have not been enrolled for one or more semesters, however, must file applications for readmission. These applications are available from the Office of Admission. Students who apply for readmission are subject to all published application deadlines.

Former students who apply for readmission after attending other institutions will be evaluated as transfer students and must meet the transfer student admission requirements. Transcripts must be requested from other institutions and will be evaluated and considered as a part of the readmission process. This policy also applies to students who attend other institutions during the summer term. Students may avoid this process by getting advance approval to take courses elsewhere as transient students. (See Transient Students earlier in this section for further information.)

Students who have been suspended are eligible to return to UNA after one full semester following such academic action. A summer term will not
fulfill a suspension period. Students who have been suspended are eligible to return to UNA after one calendar year. Subsequent academic suspension will result in a student being ineligible to enroll for a period of five years. Appropriate appeal forms are available from the Office of Admission. (See Scholastic Standards section in this catalog for further information)

**Early Scholars**

**High School Sophomores, Juniors and Seniors.** Students who are considered to be high academic achievers may, upon the written recommendation of their principals or guidance counselors, be admitted for approved coursework. Early scholars who are high school juniors or seniors are allowed to enroll in up to five hours per semester at no cost, on a first-come, first-served space-available basis. Cost definition includes tuition only. Early scholars are still subject to any special fees such as applied music fees, technology fees, health fees, etc. For those students in grades 7-10, the tuition/fees payment is the responsibility of the student. Early Scholars are not allowed to take remedial courses. Only Math 110 or higher level mathematics courses are allowed. For application deadlines, please refer to www.una.edu/admissions.

**Students in Grades 7-9.** Students certified in writing as gifted by their principal and local superintendent of education may be admitted for approved coursework.

**Senior Scholars**

Senior adults (those of age 60 and over) may enroll in one course per semester at no cost, on a space available basis. Cost definition includes tuition only. Senior Scholars are still subject to any special fees such as applied music fees, technology fees, health fees, etc. Senior Scholars must also meet admissions requirements according to their admission classification.

**Special Students**

**Eligibility.** Special students must be at least 18 years of age and must hold a high school diploma or equivalency. Students not meeting this educational requirement may enroll only by obtaining special permission from the Dean of Enrollment Management.

**Transcripts.** Special students who have attended another college or university must have an official transcript from the last school attended sent to the Office of Admissions. Students who have attended another college or university and who have earned a bachelor’s degree must also have an official transcript verifying that degree sent to the Office of Admissions. Students seeking teacher certification, MBA prerequisites or nontraditional fifth-year prerequisites must also have official transcripts from all previously attended institutions sent to the Office of Admissions. Students who have not attended another college or university must have their high school send an official transcript (or their testing agency send an official copy of the GED test scores).
Limitations. Special students cannot become candidates for a degree or be eligible for honors or offices unless and until they reapply and are admitted as regular degree seeking students. Up to 32 semester hours earned during special student status may be applied toward a degree program.

Office of International Affairs
Dr. Chunsheng Zhang
Vice Provost for International Affairs
212 Powers Hall
765-4898

The Office of International Affairs provides specialized services and support in achieving the international education mission of the University. The service areas include international recruitment and admissions, ESL instruction, international student and scholar services, international alumni, study abroad, faculty and staff international development, curriculum internationalization, and international linkages.

International Recruitment. To build a multinational and multicultural learning environment, UNA is committed to recruiting high quality international students from around the world. To achieve the international student enrollment goal, the University will actively develop strategic partnerships such as joint-degree partners at the college and university level, feeder schools such as International Baccalaureate (IB) schools at the high school level, government sponsored program organizations such as American Councils for International Students (ACTR), Academy for Educational Development (AED), America-Mideast Educational and Training Services (AMIDEAST), and International Research & Exchange (IREX). In addition, the University will engage in quality services from international recruiting agencies in targeted regions of the world.

International Admissions. The University welcomes international students to pursue undergraduate and graduate studies at UNA. International students, defined as individuals who are not U.S. citizens, permanent residents or refugees, may apply for admission under the following categories:

- ESL: English as a Second Language Program (non-degree)
- Undergraduate Freshmen: International students who earned a high school diploma and bring no college transfer credit to UNA.
- Undergraduate Transfer: International students with earned college credits from another college or university in the US or abroad may apply as a transfer student to UNA.
- Pre-MBA: International students with a BA or BS degree may apply for UNA GABA certificate program (Graduate Academy for Business for Business Administration) before meeting the MBA requirement. While the GABA program does not grant academic credits toward a degree, students may enroll in the MBA program after successful completion of the GABA program provided that all other university and College of Business admission requirements are met.
• **Pre-MBA Bridge Certificate Program:** International students with a 3-year college diploma or academic credit certificate (90 semester hours) but without an American equivalent bachelor’s degree may enroll in the Pre-MBA Bridge Certificate Program which includes 30 semester hours of prescribed UNA undergraduate business courses. Upon successful completion of this certificate program, the students will satisfy all MBA prerequisites and may enroll in the MBA program at UNA, provided they meet all other established graduate admission requirements.

• **Graduate:** International students with a BA or BS degree may apply for UNA graduate programs. Additional admission criteria are required for the graduate nursing and education programs.

• **Graduate Transfer:** International students with earned graduate courses credit from another college or university may apply to UNA as a transfer graduate student. Only 6 hours of graduate credit will transfer to UNA.

• **On-line Students:** International students meeting minimum program admission requirements may enroll in on-line degree or certificate programs offered by UNA. Additional admission criteria are required for the online nursing programs.

  *Note: For program specific requirements, please see information listed under College/Department in the Undergraduate Catalog and Graduate Catalog respectively.*

International students must meet all established university admission requirements to be admitted. In addition, international students must submit the following:

**Proof of Financial Support**

All international students must furnish official evidence (e.g., bank statements) of sufficient funds (US$18,000 or equivalent currency) to cover educational and living expenses. Sponsored applicants should have their sponsor(s) execute and send an Affidavit of Support (USCIS Form I-134) which is legally binding.

**Insurance**

To be in compliance with U.S. Federal Regulations regarding international students, all UNA international students must have UNA approved health insurance coverage while enrolled at UNA.

**Evaluation of International Transcripts**

International students who have attended a college or university outside the United States must have their transcripts evaluated by a university-approved international credentials evaluator such as World Education Services (WES), Educational Credential Evaluators (ECE), etc.

Education Majors: An applicant for certification on the basis of study outside the United States shall obtain an evaluation of the foreign credentials from a foreign-credential evaluation service recognized by the Teacher Education and Certification Office of the Alabama State Department of Education as follows:
Certification requirements are subject to change in order to comply with state and/or federal guidelines. Candidates should consult with the College of Education to ensure compliance with all current regulations including approved foreign credential evaluation services.

**English Language Proficiency**

International students whose native language is not English must present an official score report of the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). For undergraduate admission, one of the following score reports is required:

- Paper-Based TOEFL: 500.
- Computer-Based TOEFL: 173
- Internet-Based TOEFL: 61
- IELTS: 5.5

For graduate admission, one of the following score reports is required:

- Paper-Based TOEFL: 550.
- Computer-Based TOEFL: 213
- Internet-Based TOEFL: 79
- IELTS: 6

In addition to the above English language proficiency requirement, graduate applicants must also provide one of the following test score reports:

- GRE: 800
- GMAT: 400-450
- MAT: 388 or combined Verbal/Quantitative 800 (Arts and Sciences)

**Bridge Class (IEP 200)**

To help new international students become acclimated to American culture, American higher education systems, and UNA academic and administrative policies, procedures, and resources, all freshmen international students are required to take the Bridge Class. Transfer or GABA international students are recommended to take this class.

**English as a Second Language (ESL)**

The ESL program at UNA is accredited by the Commission on English Language Program Accreditation. Its primary goals are to prepare international students in the area of language proficiency to meet the English language requirement for admission to undergraduate and graduate programs.
at UNA and to equip them with cultural knowledge and skills to excel in achieving their academic goals and personal growth in an American university setting. Provided that all other university admission requirements are met, ESL students may enroll in academic programs at UNA after successfully completing all Level 5 ESL courses.

**International Student and Scholar Services.** The University values the presence of international students and scholars at UNA. They not only help diversify the student and staff population, but also enhance the campus learning environment and enrich the local community. Their generous sharing of their cultures in and outside the classroom, on and off campus, creates broad and rich learning opportunities for Alabamians to experience and appreciate international cultures and customs without traveling afar.

To better serve the international students and scholars at UNA, the Office of International Affairs (OIA) collaborates with all offices and student organizations across the campus in providing welcoming and one-stop services to meet their special needs. OIA offers a mandatory orientation program at the beginning of each semester and term for all new international students. Special cultural events and field trips are organized for international students throughout the year. OIA also administers a Community Friends Program to help international students become more integrated with the local community through personal interactions. The University and its local community endeavor to provide “a home away from home” for international students at UNA.

**International Alumni.** As more and more international students graduate from UNA, the Office of International Affairs (OIA) strives to keep close contact with international alumni and continue to engage them in campus life. In collaboration with the Office of Alumni Relations, OIA will help develop strategies to better engage all UNA international alumni (i.e., international student alumni, study abroad alumni, and expatriate alumni), to help support existing UNA alumni chapters abroad, and to build new chapters.

**Study Abroad.** To provide a global education for UNA students, all undergraduate and graduate students are strongly encouraged to study abroad as part of their education experience at UNA. All financial aid scholarships, grants and loans may be used on all UNA approved study abroad programs. In addition, UNA awards Study Abroad Scholarships annually to UNA full-time students on a competitive basis.

Given the academic nature and rigor of study abroad programs, students must remain in good academic standing at the time of application and departure. Students interested in study abroad should plan early academically, culturally, and financially. If planned early and well, a study abroad experience should help students partially fulfill their general education credits, major and/or minor credits, or university elective credits. UNA strongly encourages all students to continue with their study of the foreign language they chose in high school or to learn a new foreign language that may better fit their academic and career goals. This is especially important for students who are planning to study abroad in a non-English speaking country and who aspire

to pursue a career path where proficiency in an international language could make a significant difference.

For more information or advice on planning for study abroad, students are welcome to visit the Office of International Affairs to explore study abroad opportunities in general and to visit with their faculty advisor regarding academic credit approvals. To receive UNA credits, all study abroad participants must use the Academic Approval Form for Study Abroad and obtain approval signatures from a faculty advisor and the department chair. Students may enroll in sections of SA 499 for a maximum of 15 credit hours at UNA partner universities abroad.

The following are existing study abroad programs available at UNA. To meet UNA students’ study abroad interests and demands, new opportunities for study abroad, internship abroad, and service-learning abroad are explored on an on-going basis.

**The Magellan Exchange Programs**

UNA is a member of the Magellan Exchange Programs which consist of 11 universities in Europe, 1 university in Mexico, and 13 universities in the United States. Exchange students pay tuition at the home institution only, and pay no tuition at the host institution. Students normally spend one semester or one academic year at the host institution. U.S. students may also attend the Magellan Summer Program as exchange participants. Exchange students are responsible for their international airfare, room and board, and personal expenses. Students who are interested in a cultural immersion experience at an affordable price will find the Magellan Exchange Programs great opportunities.

- Austria: Vorarlberg University of Applied Sciences
- Belgium: HEC Management School - University of Liege, Provinciale Hogeschool Limburg
- Denmark: International Business Academy
- England: Coventry University
- Finland: Rovaniemi University of Applied Sciences, Satakunta University of Applied Sciences
- France: ESC Rennes School of Business
- Germany: Aachen University of Applied Sciences, Schmalkalden University of Applied Sciences
- Mexico: University of Monterrey
- The Netherlands: Zuyd University
- Spain: Valencia Polytechnic University

**Faculty-Led Short-Term Study Abroad Programs**

To fulfill UNA’s international education mission, faculty are encouraged to develop and lead short-term study abroad programs during the spring break, the inter-session and summer terms as one effective way to introduce international learning and living to UNA students. These programs are especially suited for students who have never traveled abroad and who want to explore their international interests with the guidance of a faculty member and in the company of classmates and friends from UNA.
The following are examples of such programs. The program offerings may vary from year to year. Students are welcome to visit the Office of International Affairs or the sponsoring departments for information.

- Brazil (Nursing)
- Quebec, Canada (Foreign Languages)
- Costa Rica (Foreign Languages and Geography)
- England (English)
- France (Foreign Languages)
- Ghana (Nursing)
- Greece (History)
- Scotland (History)
- Spain (Foreign Languages)

Non-UNA Programs

In addition to the UNA sponsored programs, students may also study abroad through non-UNA programs sponsored by other accredited U.S. colleges and universities, or through direct enrollment at a foreign university which is recognized by the Ministry of Education of the host country.

Curriculum Internationalization and Faculty International Development. Curriculum internationalization is essential in fulfilling the international educational mission of UNA and in achieving global learning outcomes for UNA students. The University recognizes that faculty international experience and expertise are critical in internationalizing the university curriculum and that international learning and/or a study abroad experience needs to be integrated into the curriculum design in order to provide a global education for all students.

The Office of International Affairs (OIA) provides support and services to colleges and departments in their internationalization efforts. It strives to provide faculty with international professional development opportunities such as teaching abroad by leading UNA short-term study abroad programs, by participating in Fulbright teaching or research abroad, or by taking a sabbatical abroad at UNA partner institutions.

International University Affiliations. In addition to the 12 Magellan partners in Europe and Mexico, UNA has recently established institutional affiliations with 12 universities in China, Korea, Japan, and Turkey. More strategic partnerships will be established in Chile, Morocco, Vietnam, and in other selected countries to meet the UNA internationalization needs and goals.

ADMISSION TO GRADUATE STUDIES

Application for admission and supporting credentials should be filed with the Office of Admission with the exception of the master of nursing application whereby supporting credentials should be filed with the College of Nursing. See Graduate Catalog.

A senior student at the University of North Alabama who is within 10 semester hours or less of graduation may request approval to take grad-
graduate classes from the dean of the college. The acceptability of graduate credit earned in this manner is conditional upon:
1. satisfactory completion of undergraduate requirements;
2. satisfactory work on the graduate course(s) for which enrolled; and
3. application to graduate studies and acceptance into a graduate program for a semester following graduation from the undergraduate program.

ADVANCED STANDING CREDIT

Credit by Transfer

A student who has attended other institutions prior to transferring to the University of North Alabama must request each institution attended to submit an official transcript. When the student applies for admission and sends all final transcripts, the transcripts are evaluated for advanced standing credit. Copies of the evaluation are sent to the student and to the student’s academic adviser. The initial evaluation becomes the basis for the awarding of transfer credit and is not subject to reevaluation thereafter except by reason of error.

All transcripts sent to the Office of Admission become part of the student’s permanent record. In accordance with the Family Rights and Privacy Act of 1974, the transcripts may not be released to a third party.

It is the policy of the University of North Alabama to award fair equivalent credit for work done at other accredited colleges and universities. In evaluating transfer work, the following policies are applied:
1. Credit is accepted only from institutions accredited by a regional accrediting agency.
2. No credit is awarded for courses which the University of North Alabama considers remedial, vocational/technical, or sectarian in nature. No credit will be transferred for cooperative education or other work experience.
3. Courses in which a grade of D has been earned will transfer only if the student’s cumulative grade point average on transferable work from each institution is at least a 2.0. The grade point average from each institution is computed separately. Credits accepted from other institutions by reason of transfer, transient, correspondence, or extension will be for credit hours only provided an average of C or better is earned on each separate enrollment. Grades earned at other institutions will not affect the student’s grade point average at UNA.
4. A course from a junior college will transfer as the equivalent of a UNA course only if the UNA course is lower division (100-200 level). Junior college courses similar to upper-division courses (300-400 level) will transfer as lower-division electives only. Students transferring credits from junior colleges must take a minimum of 64 semester hours from UNA or other senior institutions.
5. No courses in professional nursing, professional education, or industrial hygiene can be accepted from a junior college or a nonaccredited
senior institution because the accrediting agencies of the Colleges of Nursing and Allied Health, Education, and the Industrial Hygiene Program, respectively, prohibit their acceptance. Furthermore, no courses will be accepted from any other teacher education program without prior authorization through standard transient study arrangement. The transfer of safety or occupational health/industrial courses can only be from other ABET-accredited institutions and will be accepted only if they are equivalent in content to the UNA Industrial Hygiene Program requirements they are intended to replace.

6. The University operates on the semester system. Credits earned in quarter hours will be evaluated in terms of semester hours on the basis with one quarter hour equaling two-thirds of a semester hour; e.g., a five quarter hour course equals three and one-third semester hours.

7. Students who have received academic suspension and/or dismissal at other institutions will have this fact noted on their UNA records and will be treated as if the academic suspension and/or dismissal had been earned at UNA. Students transferring on warning or probation will have that warning or probation transferred and in effect during the first term at UNA. All UNA policies regarding suspension and dismissal will apply to those transferring warnings, probations, suspensions, or dismissals.

Credit from Transient Student Status

A student who wishes to enroll temporarily at another institution to take coursework for transfer of credit back to the University must secure advance approval from the dean of the college in which the course(s) is/are taught.

In addition to the following regulations, the policies for transfer of courses taken while on transient status are the same as the transfer policies listed above:

1. No student on academic probation, academic warning, or conditional admission at the University of North Alabama may be approved for transient work. Students may not receive transient approval for courses failed in residence at UNA.

2. Inasmuch as the residence requirements for graduation stipulate that the last work done for the degree must be done at the University of North Alabama unless the work remaining is six hours or less, transient approval should be requested on the final courses needed for graduation only if the credit to be earned is six hours or less. See Graduation Requirements for further information.

3. A student enrolled at UNA may not enroll concurrently in courses at another institution unless extreme extenuating circumstances exist and only when the courses are not being offered at UNA. Special advanced approval is required.

4. Transcripts of transient work to be applied toward meeting graduation requirements must be received by the Office of the Registrar within the next semester after credit is earned, and at least four weeks prior to the date of graduation.
5. Credit for the course(s) will be accepted in partial fulfillment of degree requirements provided a grade of C or better is earned.

6. Students who enroll elsewhere without receiving advanced approval for transient credit will be considered as transfer students upon returning to UNA. They must file a readmission application and submit transcripts for evaluation. Transfer credit may not be approved.

**Credit from Nontraditional Sources**

The University will consider for advanced placement or advanced standing credit, appropriate service, coursework, and examinations from such nontraditional sources as active military service and service schools (based on the recommendation of the American Council on Education’s Guide to the Evaluation of Educational Experiences in the Armed Services and the particular program for which enrolled), the United States Forces Institute (USFI), the College Entrance Examination Board’s Advanced Placement Program, the College Level Examination Program (CLEP), the Defense Activity for Nontraditional Education Support (DANTES) program, and correspondence examinations (subject to a credit maximum from all such courses separately or in combination of 34 semester hours) and to additional limitations described below:

1. **Armed Forces Service Members, Reservists, and Veterans.** The University of North Alabama (UNA) is a member of the Service-members Opportunity Colleges (SOC) and participates in the Concurrent Admissions Program (ConAP) of the Army, Army Reserve, and Army National Guard. Through membership in SOC and participation in ConAP the University promotes educational opportunities for active duty service members, reservists and veterans. UNA provides programs and protections important to the needs of servicemembers in four specific areas, (1) transfer of credit; (2) academic residency requirements; (3) crediting learning from military training and experience; and (4) crediting extra institutional learning. Armed Forces Service members, Reservists, and Veterans should consult with the Office of Admission to determine the service credits they are eligible to receive under the provisions of the SOC programs. Army, Army Reserve, and Army National Guard enlistees interested in the ConAP program should address inquiries and applications to their respective military recruiters and UNA’s Office of Admission.

2. **Advanced Placement Examinations.** High school students who take Advanced Placement courses and the accompanying CEEB Advanced Placement Examinations may receive credit for the examinations listed below if the required minimum score is earned. Students seeking advanced standing credit through AP examinations should have the Educational Testing Service forward official School and Examination reports directly to the Office of Admission prior to initial enrollment.

* Maximum credit awarded in English is six semester hours (for either test but not both). Students who receive AP credit for English 121-122 are required to enroll in English 233-234, Honors Studies in Western Literature.
3. **College Level Examination Program.** The CEEB-CLEP program advanced standing credit may be earned only through the Subject Examinations. No credit may be earned through the General Examinations. CLEP scores must be submitted to the Office of Admission on the official transcript form directly from the College Entrance Examination Board. Acceptable minimum scores are subject to change according to norming revisions by CEEB. A six months’ waiting period is required before repeating a CLEP test.

Advanced standing credit may be earned for the specific subject examinations on the minimum scores and for the university course equivalencies indicated below. Credit through subject examinations may not be earned for courses in which previously or currently enrolled, including courses failed in residence, for courses in which credit already has been earned in coursework at a higher level with the exception of foreign language courses, or for both subject examination and its equivalent course. Also with the exception of foreign languages, credit may not be earned through a CLEP subject examination for one or both of a sequence of courses, e.g., general biology, if one of the courses has been attempted in residence. Final decision regarding award of credit for EN 111 (3) or EN 111-112 (6) will be based on evaluation of the Optional Essay. Satisfactory score on the objective portion of the examination does **not** guarantee awarding of credit.

CLEP subject examinations may be taken for credit only with the written approval of the dean of the college in which enrolled. Official application forms for CLEP testing should be obtained from the Center for Academic Advising and Retention Services.

4. **American Council on the Teaching of Foreign Languages Oral Proficiency Interview Exam (ACTFL OPI Exam).** The ACTFL OPI Exam, administered by Language Testing International and endorsed by the American Council on Education, allows students to receive academic credit for their demonstrated spoken language abilities in over 50 languages. Official ACTFL OPI Exams are currently available in the following languages: Albanian, Arabic, Cambodian, Cantonese, Croatian, Czech, Dutch, Egyptian, English, Farsi, Flemish, French, German, Greek, Haitian Creole, Hebrew, Hindi, Hmong, Indonesian, Italian, Japanese, Khmer, Korean, Lao, Malay, Mandarin Chinese, Norwegian, Polish, Portuguese, Punjabi, Russian, Serbian, Slovak, Spanish, Swahili, Tagalog, Thai, Ukrainian, Urdu, and Vietnamese. OPI scores must be submitted to the Office of Administration on the official transcript form directly from the ACTFL Language Testing International center. Information regarding taking an ACTFL OPI Exam is available online and in the Department of Foreign Languages. Credit will be assigned as detailed in the chart below:

**LEGEND**

*English is treated as a foreign language.*

**Serbian and Croatian have been combined to Serbo-Croatian.**

Credit recommendations are based on a semester hour.

LD = Lower division baccalaureate/associate degree category.

UD = Upper division baccalaureate degree category.

The 10 ACTFL OPI language proficiency ratings are: Superior, Advanced High, Advanced Mid, Advanced Low, Intermediate High, Intermediate Mid, Intermediate Low, Novice High, Novice Mid, Novice Low.
5. **Defense Activity for Nontraditional Education Support (DANTES) Program.** Advanced standing credit may be earned through the Subject Examinations of the DANTES Program. DANTES examination scores must be submitted to the Office of Admission on an official transcript form sent directly from the Educational Testing Service (ETS). Acceptable minimum scores are subject to change according to norming revisions by ETS.

   Advanced standing credit may be earned by making the minimum scores required for the university course equivalencies indicated below. Credit through DANTES examinations may not be earned for courses in which previously or currently enrolled, including courses failed in residence, for courses in which credit already has been earned in coursework at a higher level with the exception of foreign language course, or for both the DANTES examination and its equivalent course. Also with the exception of foreign languages, credit may not be earned through a DANTES examination for one or both of a sequence of courses if one of the courses has been attempted in residence.

   DANTES examinations may be taken for credit only with the written approval of the dean of the college in which enrolled. Official application forms for DANTES testing should be obtained from the Center for Academic Advising and Retention Services.

6. **Correspondence.** The University does not offer courses by correspondence. Appropriate credit earned through correspondence from other accredited colleges or universities with a grade of C or higher will be accepted, subject to the following provisions: (a) after initial enrollment at the University, students who wish to take work through correspondence must have the prior written approval of the dean of the college in which enrolled; (b) students who are on academic probation may not be approved for correspondence courses; (c) students may not be approved for correspondence work while concurrently enrolled in residence work, except under extraordinary circumstances; (d) when approved, work through correspondence normally will be limited to one course in any term and must be completed within that term; (e) courses failed in residence may not be retaken by correspondence; (f) acceptance of credit earned by correspondence while in prior attendance at another institution is subject to the above limitations.

7. **Certified Professional Secretary (CPS).** Anyone attaining the CPS rating will be granted nine semester hours of general business elective credit toward completion of any UNA degree upon proper verification to the dean of the college in which enrolled. All credit accepted from the above nontraditional sources will be considered as transfer credit for semester hours credit only. Grade-quality points are not given, and the student's grade point average on coursework taken at this University is not affected thereby.

**Retention And Disposal Of Admission Files**

Admission records, including the original application for admission, transcripts, and the supporting credentials, are forwarded to the Registrar’s Office when students enroll at the University. All other files are retained in the Office of Admission as inactive records for a period of two years from the beginning of the semester or term for which application was made.

The inactive records include those for applicants (1) who were admitted but did not enroll; (2) who were rejected; (3) who cancelled their applications; and (4) whose files were incomplete. All records will be destroyed after remaining in the inactive files for two years.
EXPENSES

ESTIMATED EXPENSES AND PAYMENT POLICIES

A summary of estimated expenses for students who are Alabama residents for fee purposes, as determined by the University, and who take a course load of 12 hours may be found on the University’s website (www.una.edu) under Tuition Payment link or in the current semester Schedule of Classes. Residents of Alcorn, Itawamba, Prentiss, and Tishomingo counties in Mississippi and residents of Decatur, Giles, Hardin, Lawrence, Lewis, McNairy, and Wayne counties in Tennessee will be allowed to attend the University at the same tuition rate assessed in-state residents. To appeal a non-resident status, please contact the Office of Admissions.

Estimated tuition and fees are subject to adjustment without notice and should be used only as a guide for planning. These expenses must be paid in full at the time the student registers for class each term or, in the case of preregistration, as directed on the invoice. Any check dishonored or returned by the payee’s bank is not considered payment.

Students are expected to meet all financial obligations when they fall due. It is each student’s responsibility to be informed of all payment due dates, deadlines, and other requirements by referring to official sources of university information such as the official Schedule of Classes, announcements in the Flor-Ala, or information that is disseminated by other means from time to time. Delinquent accounts are subject to a late charge and cancellation of schedule. A charge may apply to reinstate a cancelled schedule. Students owing charges for prior terms will not be allowed to register for future terms until all prior charges are paid.

Collection costs or charges along with all attorney fees necessary for collection of any debt to the University will be charged to and paid by the debtor.

Any Federal Title IV financial aid recipients who withdraw on or after the official class begin date will be liable for any funds the University of North Alabama repays to the applicable federal program as a result of the withdrawal. These amounts will be charged back to the student’s financial account. University collection procedures will apply to recover these funds.

UNDERGRADUATE SPECIAL COURSE FEES:
1. A special fee of $10.00 is charged for each of the following courses:
   College of Education
   HPE: 202, 203.
2. A special fee of $15.00 is charged for each of the following courses:
   College of Education
   HPE: 233, 371.
3. A special fee of $30.00 is charged for each of the following courses:

**College of Arts and Sciences**

- **AR:** 302, 311, 312, 335, 351, 352, 391, 392, 411, 451, 491.
- **COM:** 240, 241, 242, 380, 430, 460, 480.
- **ENT:** 235, 300, 335, 425, 426, 430.
- **ES:** 121H, 121L, 131, 142, 245, 308, 380, 455W, 480, 481, 482, 483.
- **FR:** 111, 112, 201, 202.
- **GE:** 111, 112, 224, 225, 323, 324, 325, 424, 435, 484.
- **GR:** 111, 112, 201, 202.
- **IH:** 310L, 422L, 444L, 490, 495.
- **PH:** 101, 121, 125, 241, 242, 251, 252, 380, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489.
- **SO:** 311.
- **SP:** 103, 111, 112, 201, 202.
- **TH:** 340, 350, 360, 480.

Critical language courses carry a special fee of $30.00 per course.

**College of Education**

- **ECE:** 312.
- **HPE:** 109, 175, 353W, 498.
- **SRM:** 498.

**College of Nursing and Allied Health**

4. A special fee of $45.00 is charged for each of the following courses:

**College of Education**

- **HPE:** 108, 118.
- **SRM:** 441

5. A special fee of $50.00 is charged for each of the following courses:

**College of Arts and Sciences**

- **AR:** 200, 300, 347, 401, 404, 405, 447, 449.

6. A special fee of $60.00 for each credit hour is charged for the following courses:

**College of Arts and Sciences**

7. A special fee of $60.00 is charged for each of the following courses:

College of Education

ECE: 472.
ED: 482, 484.
EED: 472.

HOUSING APPLICATION FEE AND APARTMENT DEPOSIT

Residence Hall: Housing applications will be processed upon receipt of a contract and nonrefundable application fee which must be a check or money order for $100.00 made payable to the University of North Alabama. The housing application fee is considered a continuing fee for subsequent assignments as long as the student remains in campus housing. Admission to the University of North Alabama is required prior to applying for housing accommodations.

Apartment Deposits: An application for an apartment rental must be accompanied by a deposit. The apartment deposit is $200.00 for all units per single adult tenant or married couple. Upon occupancy, the deposit becomes an apartment security deposit retained by the University as a credit against any charges for property damage or loss or for cleaning if the apartment is not left in good order. Damages, losses, or cleaning costs in excess of deposits must be paid immediately and before a student registers or receives any services from the University. If the tenant does not properly check out with the housing staff, the deposit is forfeited and will not be refunded or cannot be used as a credit against any additional charges such as damages or cleaning costs. The deposit is refundable if the tenant has met conditions in the lease. The Physical Plant Department and the Department of Housing will assess the apartment for damages at the time the apartment is vacated by the tenant. Any refund of the deposit is subject to other charges that the tenant may owe the University.

WITHDRAWAL REFUND POLICY

Fall and Spring Semesters

• The 100% refund period is effective through the close of business on the 8th calendar day from the date classes begin.

• No tuition refunds are granted beginning on the 9th calendar day from the date classes begin, except in certain cases with medical, military, or other extenuating circumstances.

Summer Term

• The 100% refund is effective only on the day classes begin.

• A 50% refund period is effective only on the 2nd day from the date classes begin.

• No tuition refunds are granted beginning on the 3rd day from the date classes begin, except in certain cases with medical, military, or other extenuating circumstances.
Intersession Term

- No tuition refunds are granted due to the shortened schedule of the course (two weeks), except in certain cases with medical, military, or other extenuating circumstances.

If a student has received a residual check and will (or has) withdrawn from any course(s), a portion or all of the residual amount may be owed back to the University. Residual check amounts paid to a student in excess of the amount due the student must be repaid to the University BEFORE a complete withdrawal will be processed. Students should consult with the Office of Student Financial Services to determine the effect(s) of withdrawing from any course(s) if financial aid has been applied to the student’s account. Refer to the Schedule of Classes for more information regarding withdrawals.

Room rent and meal plan charges are refundable on a prorated basis only upon official withdrawal from the University. If a student is dismissed from a residence hall for disciplinary reasons, there is no refund of room rent. No apartment rental refund is made for the month in which the apartment is vacated.

RESIDUAL PROCEDURES

The UNA Business Office will process and distribute residual checks to those students who have received more financial aid than is needed to pay their total charges. Students should allow five (5) business days from the date classes begin for the first mailing of residual checks. Thereafter, residual checks will be disbursed approximately five (5) business days from the date the funds are posted to the student’s account.

First-time, beginning FRESHMAN students should note that there is a 30-day delay on the delivery of student loan funds for their first semester due to federal regulations. Any residual amount due will be distributed approximately five (5) business days from the date the funds are posted to the student’s account.

All residual checks will be mailed to the student’s campus mailbox (if the student has a campus mailbox) or to the student’s permanent mailing address (if the student has no campus mailbox). Each student is responsible for updating his/her permanent mailing address by contacting the Registrar’s Office. The Business Office does not hold checks for pickup.

BILLING INFORMATION

Electronic billing (e-bill) is the official means of providing student account statements to all UNA students. A notification of statement availability will be sent to student UNA Portal e-mail accounts and to the e-mail address of each of the authorized users the student has identified. Students and authorized users can access the student account by going to the UNA homepage and selecting UNA Portal or by selecting Tuition Payment. It is each student’s responsibility to be informed of all payment deadlines.
FINANCIAL HOLD

A financial hold will be placed on the student’s academic record when there is any past due financial obligation to the University. When there is a financial hold, the student will not be permitted to reenroll or receive transcripts or any other service from the University.

MONTHLY PAYMENT OPTIONS FOR STUDENTS AND FAMILIES

The University of North Alabama provides through a commercial payment plan a Monthly Payment Option which enable students and families to spread all or part of annual expenses over equal monthly payments eliminating the need for lump sum payments at the beginning of each term.

- **Interest-Free Monthly Payment Option** is designed for students and families who do *not* want or need a loan to pay for tuition and other educational expenses, but who are interested in spreading payments out prior to and during each semester. This Interest-Free Monthly Payment Option is available to all students and families for a small annual up-front service fee.

Additional information about Monthly Payment Options for students and families is available from the Business Office at (256) 765-4441 or 1-800-TALK UNA, ext. 4441.
STUDENT FINANCIAL SERVICES

The Office of Student Financial Services provides information, publications, and counseling related to the comprehensive financial assistance program offered by the University. Students and prospective students are encouraged to inquire and seek other financial aid information in person, by telephone, or by email.

Federal Programs

The University participates in Federal Title IV Student Aid Programs, including the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (SEOG), Academic Competitiveness Grant (ACG), National SMART Grant (SMART), Federal Work Study, Student Loan Program, and Federal PLUS Loans.

Application. Students may apply for all federal student aid programs at UNA by filing the Free Application for Federal Student Aid (FAFSA) and requesting that the federal processor make application data available to UNA. UNA’s federal school code is 001016. Students are encouraged to file the FAFSA on-line at www.fafsa.ed.gov. You must have a PIN to sign your FAFSA on-line. If a parent is required to sign your FAFSA, your parent will need a PIN to sign on-line. You may apply for a PIN at www.pin.ed.gov. The Office of Student Financial Services is not able to offer the student a paper FAFSA. If the student desires a paper FAFSA, the student may call 1-800-4FED-AID and request up to three (3) copies of the 2010-2011 FAFSA.

Eligible Classifications. A student must be enrolled in an eligible degree-seeking program or certificate program and must be a U.S. citizen or eligible non-citizen in order to receive federal student aid. Special students, transient students, early scholars, and unclassified students ARE NOT ELIGIBLE for federal student aid, including FFEL loans and PLUS loans.

Return of Title IV Funds. A student who receives federal student aid (except Federal Work Study) and subsequently withdraws from all course hours during the semester is subject to federal regulations regarding complete withdrawal. A student who has not completed at least 60% of the semester may have to return a portion of the federal student aid to the University.

Satisfactory Academic Progress. A student must maintain satisfactory academic progress toward a degree program or certificate program in order to be eligible for federal student aid. A student’s academic progress will be checked at the end of each academic semester. The student must meet the following standards of academic progress:

1. Grade Point Average (GPA). The student must meet the University’s minimum academic GPA requirement for the student’s respective academic class level.
2. **Percentage of Course Hours Completed.** A student must complete at least 75% of all course hours attempted at UNA. All course hours attempted at UNA, including any course hours which may have been dropped or for which the student did not receive a passing grade, are included in this calculation. There is no academic forgiveness of course hours attempted for federal calculation purposes even though the student may apply for and receive the benefit of the University’s repeat/recompute policy or Second Chance provision.

3. **Maximum Time Frame:** A student is allowed a maximum of 172 course hours to complete undergraduate degree requirements for a 1st degree and a maximum of 216 course hours to complete the requirements for a 2nd undergraduate degree.

Complete details on the University’s Satisfactory Academic Progress Policy, including reinstatement and appeal options, are available at [www.una.edu/financial-aid/](http://www.una.edu/financial-aid/) or upon request from Student Financial Services.

### State Student Aid Programs

The University participates in financial assistance programs sponsored by the State of Alabama, including the Alabama Student Assistance Program (ASAP). No separate or additional application is required for consideration of the student’s eligibility for ASAP funds. Eligibility is based on FAFSA data. ASAP funding is very limited and is awarded only to students determined to have the greatest financial need based on FAFSA data.

### University Programs

**Scholarships.** The University of North Alabama offers a comprehensive scholarship program, including excellence (academic and leadership), service, performance (music and athletic), and talent scholarships. High school seniors desiring consideration for excellence scholarships must submit an application for admission to the University, an ACT score and resume by February 1. The Office of Admissions will notify the student of acceptance to the University and of any offer to the student for an excellence scholarship. The student may receive ONLY one (1) excellence scholarship from UNA. Students from two-year community colleges transferring at least 45 credit hours and a 3.000 GPA who apply for admission before April 1 may be eligible for a Transfer Academic Scholarship. The student should contact the Office of Admissions. In addition, generous benefactors have endowed numerous scholarships over the years. Information about endowed scholarships is available at [www.una.edu/financial-aid/](http://www.una.edu/financial-aid/).

**Student Employment.** The University offers part-time employment opportunities through the University Work Study program. There are almost five hundred (500) student employment positions available in almost every office or department on the UNA campus. It is the responsibility of the student to find the job and get hired for all University employment positions. Details on finding a campus job may be found at [www.una.edu/financial-aid/](http://www.una.edu/financial-aid/) or assistance is available upon request from Student Financial Services.
STUDENT AFFAIRS

OBJECTIVES OF THE DIVISION OF STUDENT AFFAIRS

The Division of Student Affairs is dedicated to providing appropriate services and experiences which contribute to the total development of each student. To facilitate the student development process, the Division of Student Affairs offers programs, activities, and services which complement and enhance the student’s collegiate experience. Programs provided by the Office of Student Engagement, the Department of Housing, Career Planning and Development, Recreational Sports and Fitness, Residence Life, University Events, University Health Services, and University Police serve to implement student development.

STUDENT SERVICES

Disability Support Services. In accordance with the Americans with Disabilities Amendment Act of 2009 and Section 504 of the Rehabilitation Act, the University makes provisions to facilitate classroom accommodations for students with qualified disabilities. Complete guidelines and requirements for documentation can be found on the DSS web pages at http://www.una.edu/disability-support. For more information and to request accommodations, the student should contact the DSS office.

Academic Resource Center. The Academic Resource Center (ARC) provides services for all UNA students, including tutoring, faculty mentoring and Study Skills Workshops. It offers a single focal point for coordinating academic enrichment programs and activities for students and individualized and self-paced programs that stress personalized assistance as well as multimedia resources, including a wide variety of software applications.

Greek Life – www.una.edu/greeklife. UNA supports an active Greek system. It includes nine fraternities and seven sororities and features a fraternity row and Panhellenic housing for sororities. Through Greek life, students may experience close bonds of brotherhood and sisterhood that tie chapters together at UNA and throughout the world. Student involvement enhances their leadership skills and engages them in civic service.

Judicial Affairs. The Office of Judicial Affairs strengthens personal responsibility and accountability through investigation and resolution of alleged violations of the University Student Code of Conduct. The office is committed to providing a fair and educational process that fosters the highest standards of behavior, student learning, and civic responsibility while promoting a safe environment that respects the rights of all students. Judicial Affairs strives to adjudicate cases of alleged misconduct in a fair, responsible and timely manner emphasizing respect, trust and integrity. Additionally, Judicial Affairs serves as an advocate for and resource to student victims of crime, illness, harassment, or other crises.

Student Activities and Programming. The University provides diverse programming for students, staff, and faculty featuring noted lecturers, artists, and actors. Special programs, recitals, plays, art exhibitions, and
concerts are provided through the fine arts departments and the Student Government Association’s University Program Council (UPC), including the traditional events for the campus, such as the Miss UNA Pageant, Spring Fling, Step Sing, Step Show, Homecoming and “Welcome Week.” UNA students also participate in various activities from athletics, recreational sports and fitness, cheerleading, publications, student governance and Greek Life. The students also have the opportunity to participate in community service projects. Students may learn more about programming through the Office of Student Engagement website at www.una.edu/student-engagement or by calling (256) 765-4248. The office is located in GUC 107.

**Student Affairs Assessment.** The Office of Student Affairs Assessment promotes rigorous self-regulation and continuous improvement within the Division of Student Affairs. The office supports, coordinates, and advances empirically-based efforts to demonstrate that the division is fulfilling its mission and enhancing the quality of the co-curricular educational experience within the university community. The Assessment Office facilitates assessment, planning, and improvement initiatives and serves as the clearing house for data collection and evaluation.

**Recreational Sports and Fitness.** The Recreational Sports and Fitness Program is located in the Student Recreation Center and provides opportunities for students, faculty, and staff to engage in competitive and non-competitive recreational activities such as intramural sports, fitness, aquatics, outdoor adventures, drop-in recreation, and club sports. Exciting and beneficial leadership opportunities are also available for students.

**Residence Life.** The primary goal of the Residence Life program is the development of an environment conducive to the academic and personal growth of students living in residence halls. This is accomplished through the Resident Assistant student position, the Residence Hall Association and the ongoing programming and educational activities that are presented in the residence halls.

**Student Organizations.** UNA recognizes over 140 student organizations that respond to a broad variety of interests, providing learning opportunities in the areas of scholarship, recreation, leadership, and service. The Office of Student Engagement has a list of Recognized Student Organizations (RSO) and requirements for forming new groups on the website at www.una.edu/student-engagement.

**Leadership Development.** UNA provides ample opportunities for leadership development through various organizations such as Freshman Forum, Leadership UNA program, Student Government Association, University Program Council, Student Orientation, Advisement, and Registration (SOAR) Counselors and Greek Life. The Office of Student Engagement provides volunteerism opportunities and connections to local service projects.

**University Police.** The University’s Police Department is committed to providing a safe and secure environment for its faculty, staff, students, and guests. In addition to law enforcement and community education, the UNA
PD is responsible for parking regulations, the shuttle bus service, and a crime watch program that allows individuals to report suspicious activities anonymously. For additional information, please visit www.una.edu/police.

**Housing.** Some residence halls and all student apartments are available for year-round accommodation. Nine-month residence halls are closed during Thanksgiving, Christmas, Spring Break, the period after spring classes, and the period after summer classes. Extended housing is offered for Thanksgiving and Spring Break at an additional cost.

**Dining.** Dining services are provided by Sodexho, Inc. and are located in the Guillot University Center and Towers Cafeteria.

**Career Planning and Development.** Career advising is available to assist students in making educational and career decisions. Services are also offered to aid students in job search efforts through a variety of programs and workshops including on-campus interview opportunities, online career registration (full and part-time job listings) and career events.

**Health Services.** UNA's Bennett Health and Wellness Center, located in Bennett Infirmary, is an outpatient, acute care clinic on campus. It is designed to meet the basic health care needs of UNA students and employees. Services available include treatment of short-term illnesses and minor injuries; basic physical exams; allergy injections; select immunizations and vaccines; wellness screenings; and health education offerings. The Clinic is staffed with a full-time nurse practitioner, RN's, and administrative staff, along with other contract physician and nurse practitioner support. The student health fee covers the office visit with a physician or nurse practitioner. Students can find more detailed information for Health Services online at http://www.una.edu/healthservices/. There is a minimum cost recovery fee for medications, lab tests, and some medical supplies. Health Services does not file insurance claims. The UNA Mane Card is accepted, along with credit or debit cards, cash or checks.

**Student Counseling Services.** Offices for Student Counseling Services are located in the Bennett Health and Wellness Center (Bennett Infirmary). Counselors are available for assessment of student needs/problems, crisis intervention, referrals, short-term counseling, and group therapies. Consultations are available to faculty and staff who are concerned about a student. Payment of the Student Health Fee entitles a student to participate in counseling. Appointments are preferred. For more information visit our web pages at http://www.una.edu/counseling.

**STUDENT EXPECTATIONS, GRIEVANCE AND DISCIPLINARY PROCESSES**

**Disciplinary Processes.** The University is concerned with maintaining an environment that protects the rights of all members of the campus community while they pursue their educational objectives. Students are obligated at all times to assume responsibility for their actions; therefore, it is important that each student becomes aware of and abides by the
University Code of Conduct and applicable university regulations. Violations may result in disciplinary action. The Code of Conduct and detailed information about the disciplinary process is set forth in the Student Handbook and is available in the Office of Judicial Affairs and on the website at www.una.edu/judicial-affairs.

**Grievance Processes.** Grievance procedures are available to all members of the university community for resolution of disputes that do not fall within the jurisdiction of the University Student Discipline System. A grievance is a complaint directed against another member or organization of the university community or against the University. Information about the grievance procedures can be obtained through the Office of Judicial Affairs. Additionally, the University Ombudsman provides an avenue for grievances and complaints.

**Sexual Harassment.** University policy prohibits sexual harassment. It is the responsibility of all students and employees to assure that our community is free from sexual harassment. Accordingly, all members of the university community must avoid any conduct that is or has the appearance of being sexual harassment. The University Ombudsman and the Office of Student Affairs have information about the University’s sexual harassment policy. To see the full policy, as well as the University’s policy on consensual relationships, visit www.una.edu/humanresources.

**Academic Honesty.** All members of the university community are expected to be honorable and observe standards of conduct appropriate to a community of scholars. Students are expected to behave in an ethical manner. Individuals who disregard the core values of truth and honesty bring disrespect to themselves and the University. A university community that allows academic dishonesty will suffer harm to the reputation of students, faculty, and graduates.

It is in the best interest of the entire university community to sanction any individual who chooses not to accept the principles of academic honesty by committing acts such as cheating, plagiarism, or misrepresentation. Offenses are reported to the Vice President for Academic Affairs and Provost for referral to the University Student Discipline System for disposition.

**Campus Speech Policy.** The University of North Alabama is committed to fostering a learning environment where free inquiry and expression are encouraged. The University is a diverse community based on free exchange of ideas and devoted to the use of reason and thought in the resolution of differences. In exercising its responsibility to provide and maintain an atmosphere of free inquiry and expression, the University may establish reasonable time, place, and manner restrictions for the purpose of avoiding disruption to, or substantial interference with, its regular and essential operations and activities. The University will not base decisions regarding time, place and manner upon the content of the message, except as permitted in those narrow areas of expression devoid of federal or state constitutional protection.
Enforcement and interpretation of the policy shall be the responsibility of the Vice President for Student Affairs through the Office of University Events. Requests for use of university space for the purpose of free inquiry and expression should be directed to the Director of University of Events, Guillot University Center, Room 202. For more information, visit www.una.edu/studentaffairs/speech.html.
ACADEMIC PROCEDURES AND REQUIREMENTS

REGISTRATION

All students must be formally accepted for admission and properly registered each term with all appropriate fees paid before being admitted to classes. Included in the Schedule of Classes are procedures for registration, class offerings, and information concerning academic advisement.

Student Advisement. The Center for Academic Advising and Retention Services (CAARS) coordinates advising for new students at all orientations. During the initial semester of attendance, new students are assigned to a faculty advisor in the department of their major. Students that are undecided about their major are assigned to the Coordinator of Academic Advising in the College of Arts and Sciences.

Prior to registration each semester, students must meet with their advisor. Courses to be taken the next semester are discussed as well as student academic progress. Students are then able to register for classes.

Class Schedules. The student is responsible for the correctness of the schedule and for meeting the classes as scheduled. Once approved no changes may be made in the schedule except as provided for below.

Class Load. The normal or average class load for a regular semester is 16 semester hours. Students may take a maximum of 14 hours distributed over the summer (Session I, Session II and/or the regular summer term). A maximum of seven hours may be taken per four-week session (Session I or Session II). Students who earned a grade point average of 2.6 or higher in their last term of full-time study at this institution may register for a maximum of 20 semester hours in a regular semester or 14 semester hours in a full summer term. Students who have a grade point average of less than 2.6 and who are not on academic warning and academic probation may register for a maximum of 18 semester hours while students on academic warning and academic probation may not register for more than 13 semester hours during a regular semester. During a full summer term, students on academic warning and academic probation will be allowed to register for no more than six semester hours per four-week session (Session I and Session II) or 12 semester hours for the entire summer. Interim courses are to be included in these hour load calculations if they occur in any part during a regular academic year or summer term semester. Graduating seniors, with the written approval of the dean of the college in which enrolled, may take up to a maximum of 21 semester hours provided their academic record and other considerations justify the overload. In computing the class load, noncredit and audit courses count as equivalent hours.

Full-Time and Part-Time Students. To be classified as full-time, a student must schedule no fewer than 12 semester hours in a semester and no fewer than six semester hours in a summer term. Students scheduling fewer than these minimal are classified as part-time students and are not eligible for athletics, honors, offices, or benefits requiring full-time status.
Audit. A student who wishes to enroll in a course as an auditor must obtain permission of the dean of the college in which enrolled. Students enrolling as auditors follow regular admission and registration procedures, and are governed by the same regulations applied to regular students. An auditor pays the regular course fees, but does not take examinations or receive a grade. Audit counts as equivalent credit in determining total schedule load. Courses which are audited do not count toward the minimum load required for eligibility for financial aid, athletics, and veterans' benefits. A course may be audited and then repeated for credit.

Course Changes. After initial registration any changes in the student's class schedule must first be officially approved, recorded, and the appropriate fees paid. Approval for change must be secured from the instructor and the dean of the college in which enrolled. No course changes are permitted after the close of the registration period except in the event of approved withdrawals, as provided for under "General Regulations" in this section.

Late Registration. After the initial registration, the time in which a student may enroll extends to the date designated in the University Calendar. Enrollment during this period is considered as late enrollment for which an additional charge is made. Students should also recognize that late enrollment may result in a limited selection of courses or a reduced load, and that initial absences from classes may prejudice the student's academic standing. No student may register after the close of registration.

BASIC PROGRAMS OF STUDY

All university academic programs include a component of general education. The area, course, and sequence requirements outlined below represent the minimum core common to all general education components, and constitute the basic program of study for all regularly admitted undergraduate students. For specific program requirements, the student should refer to the particular degree and major field in "Colleges and Programs."

Declaration of a Major. Students must declare a major as soon as possible but not later than following completion of 80 semester hours.

GENERAL EDUCATION COMPONENT

Statement of Purpose

The University of North Alabama educates students in an environment of discovery and creative accomplishment. Integral to this endeavor is the UNA General Education Program, which consists of carefully selected courses in written composition; humanities and fine arts; natural sciences and mathematics; and history, social, and behavioral sciences. All courses in the General Education Program are collegiate-credit courses at the freshman and sophomore level (that is, 100 or 200 level). They are broad in scope, present major intellectual or aesthetic ideas, and are not specialized or vocational in purpose. In addition, they encourage students to consider
the subject matter in its relation to their disciplines and its application to human concerns in a dynamic world. More particularly, the General Education Program is essential to students’ attainment of the following five Core Competencies at UNA:

1. **Effective Communication** - the ability to communicate orally, aurally, and/or in writing in a variety of contexts;
2. **Critical Thinking** - the ability to state, understand, and evaluate arguments and evidence;
3. **Use of Existing and New Technologies** - the ability to incorporate and use cutting-edge/modern tools of the discipline;
4. **Analysis and Reasoning** - the ability to understand and evaluate complex data, information, or arguments; and
5. **Seeking Out and Acquiring Knowledge** - the ability to understand and employ various discipline-appropriate methodologies for the purpose of seeking out and acquiring knowledge.

To achieve these goals, General Education Program courses present the essential characteristics and basic processes of inquiry and analysis in the discipline, encourage the development of critical thinking and communication skills, and require students to analyze, synthesize, and evaluate knowledge. This broad intellectual experience, common to all students earning baccalaureate degrees from the University, provides a foundation for success in the major programs and assures that graduates possess a breadth of knowledge and competencies necessary for success in their careers; for participation in the civic life of their community, state, and nation; and for an ability to continue the process of learning throughout their lifetimes.

The General Education Program is fully compatible with the Alabama Articulation and General Studies Committee (AGSC) agreement, and UNA welcomes transfer students who have completed all or part of the General Education Program in other institutions whose courses are compatible with those at UNA.

**Students should refer to each major for specified course requirements for Areas I-IV**

**For the Bachelor of Science Degree:**

**Area I.** Written Composition ........................................6 semester hours

- EN 111 (3) First-Year Composition I
- EN 112 (3) First-Year Composition II

or

- EN 121 (3) First-Year Composition Honors
- EN 122 (3) First-Year Composition Honors II

**Area II.** Humanities and Fine Arts ......................12 semester hours

- COM 201 (3) Fundamentals of Speech

6 semester hours selected from the following:

- EN 211 (3) Survey of English Literature
- EN 212 (3) Survey of English Literature

or
EN 221 (3) American Literature through Whitman
EN 222 (3) American Literature from Whitman to the Present
or
EN 231 (3) Literature of the Western World
EN 232 (3) Literature of the Western World
or
EN 233 (3) Honor Studies in Western Literature I
EN 234 (3) Honor Studies in Western Literature II

3 semester hours selected from the following:

AR 170 (3) Art Appreciation
AR 180 (3) Introduction to Art History
AR 281 (3) Art History Survey I
AR 282 (3) Art History Survey II
FR 101 (3) Introductory French
FR 102 (3) Introductory French
FR 111 (1) Language Laboratory
FR 112 (1) Language Laboratory
FR 201 (3) Intermediate French
FR 202 (3) Intermediate French
GR 101 (3) Introductory German
GR 102 (3) Introductory German
GR 111 (1) Language Laboratory
GR 112 (1) Language Laboratory
GR 201 (3) Intermediate German

Area III. Natural Sciences and Mathematics

3 semester hours selected from the following:

MA 110 (3) Finite Mathematics
MA 112 (3) Pre-calculus Algebra
MA 113 (3) Pre-calculus Trigonometry
MA 115 (4) Pre-calculus Algebra and Trigonometry
MA 125 (4) Calculus I

8 semester hours selected from the following:

BI 101 (4) Introductory Biology
BI 102 (4) Introductory Biology
BI 111 (4) Principles of Biology
BI 112 (4) Principles of Biology
CH 101 (3) Introductory Chemistry
CH 101L (1) Introductory Chemistry Laboratory
CH 102 (3) Introductory Organic Chemistry
CH 102L (1) Introductory Organic Chemistry Laboratory
CH 111 (3) General Chemistry
CH 111L (1) General Chemistry Laboratory
CH 112 (3) General Chemistry
CH 112L (1) General Chemistry Laboratory

ES 121 (4) Earth Science
ES 121L (0) Earth Science Laboratory
ES 131 (4) Physical Geology
ES 132 (4) Historical Geology
GE 111 (4) Principles of Physical Geography I
GE 112 (4) Principles of Physical Geography II
PH 101 (4) Interactive Physics
PH 121 (4) Introductory Physics
PH 125 (4) Descriptive Astronomy
PH 241 (4) General Physics I
PH 242 (4) General Physics II
PH 251 (5) Technical Physics I
PH 252 (5) Technical Physics II

MA 126 (4) Calculus II
MA 227 (4) Calculus III
MA 237 (3) Linear Algebra
MA 238 (3) Applied Differential Equations I

MU 222 (3) Music Appreciation I
PHL 201 (3) Introduction to Philosophy

PRI 111 (1) Language Laboratory
PRI 112 (1) Language Laboratory
PRI 201 (3) Intermediate Spanish
PRI 202 (3) Intermediate Spanish
PRI 210 (3) Introduction to Theatre
Area IV. History, Social and Behavioral Sciences ..........12 semester hours
HI 101 (3) Survey of World Civilization To 1500
HI 102 (3) Survey of World Civilization Since 1500
or
HI 201 (3) United States History To 1877
HI 202 (3) United States History Since 1877
6 semester hours selected from the following:
EC 251 (3) Principles of Macroeconomics
    GE 260 (3) Human Geography
    PS 241 (3) United States
EC 252 (3) Principles of Microeconomics
    Government and Politics
    PY 201 (3) General Psychology
ED 299 (3) Human Growth and Development
    SO 221 (3) Introductory Sociology
    SO 222 (3) Social Problems
GE 102 (3) World Regional Geography

Area V. For complete Area V requirements, the student should refer to the particular degree and major field.
If allowed within the major, up to four (4) semester hours of elective credit in Area V may be taken from among activity courses in health, military science, and physical education.

Additional general requirements for UNA students:
General Education English Courses.
All students are required to schedule Freshman and Sophomore required English courses in sequence every semester until all English requirements are satisfied.

Writing Emphasis Course (taken within major field).
All students are required to pass one writing emphasis course in their major fields of study. These courses, offered at the junior and senior level, are designated in the catalog by a W following the course number. A student with more than one major will be required to pass a writing emphasis course in each major.

Computer Instruction.
All students are required to attain computer literacy through discipline-based instruction within their major fields or through an additional three-semester-hour computer course.

For the Bachelor of Arts Degree:
Areas I-IV are the same as for the Bachelor of Science degree.
V. Required foreign language at the intermediate level (201, 202) ....6
Additional general requirements for UNA students are the same as required for the Bachelor of Science degree.

GRADUATION REQUIREMENTS
General requirements for graduation with a bachelor’s degree include:
1. Hour Requirements: A minimum of 128 semester hours of credit. At least 36 semester hours must be junior-senior level courses (numbered 300-400). At least one-half of the minimum hour requirements
for the major and minor fields must be in junior-senior level courses (numbered 300-400), except in the mathematics minor which will include at least 12 hours of courses numbered 200 or above. At least 64 semester hours must be earned from UNA or other senior institutions. Credit earned from nontraditional sources as accepted by UNA will apply toward this 64-hour requirement.

2. **Program:** Completion of the course of study, including the general studies component, major and minor fields (where required), and individual courses, as prescribed by the college for the degree program elected.

3. **Quality:** A minimum grade point average of 2.0 (C) is required at this University in each major and each minor and on all work attempted. For graduation in programs in teacher education, the student must have a minimum grade point average of 2.50 on all work attempted, and on all coursework in the specific teaching field. In addition, teacher education students must have a GPA of 3.0 in the professional studies coursework. *(For teacher certification requirements which are in addition to graduation requirements, see “Colleges and Programs,” College of Education.)* For graduation in the program in nursing, the student must present a minimum grade point average of 2.0 (C) on all work attempted at the University and in the professional nursing component and present a grade of C or above in each course in the professional nursing component. Credits accepted from other institutions by reason of transfer, transient, correspondence, or extension will be for credit hours only provided an average of C or better is earned on each separate enrollment. Grades earned at other institutions will not affect the student’s grade point average at UNA. Students who plan to earn credit through transient, correspondence, or extension courses are required to secure prior approval. Credits to be transferred from other institutions cannot be applied toward meeting requirements for graduation unless filed with the Office of the Registrar at least four weeks prior to the date of graduation.

4. **Residence:** A candidate for graduation must have earned a minimum of 32 semester hours of upper division credit (courses at the 300-400 levels) at the University of North Alabama. Within these 32 hours, at least 12 hours must have been earned in the major field, and six hours in the minor field. A student enrolled in a program which requires no minor must have earned at least six hours in required ancillary courses along with the 12 hours in the major.

The last consecutive 16 semester hours of the 32-hour residence requirement must be completed at the University of North Alabama. An exception is allowed which will enable the student to take the final six hours or less at another institution, provided that the previous consecutive 16 hours have been earned at the University of North Alabama.

5. **General Studies Examination:** Satisfactory completion of the Collegiate Assessment of Academic Proficiency (CAAP).
6. **Procedures:** Compliance with the procedures for official check sheets/degree audits as follows:

   a. **Official Degree Evaluation:** On completion of 45 semester credit hours, **Second Degree students and students who have degree credit hours prior to fall 1994** are required to secure an official degree evaluation from the Office of the Registrar. **All other students** may obtain an official degree evaluation by logging into UNA Portal and accessing degree evaluation, the on-line degree audit system. The degree evaluation includes the remaining course and credit requirements for graduation in the program specified by the student. The degree evaluation provides a useful guide to the student in preparing subsequent class schedules, but also becomes the official check list for graduation. After a degree evaluation has been obtained, a student desiring a change of program must secure a new degree evaluation as soon as possible, but not later than the period of registration for the term for which graduation is planned.

   b. **Degree Application:** Candidates for a degree must file a formal application for graduation with the Office of the Registrar two semesters prior to graduation according to the date published in the University Calendar. Applications received after the deadline **may not** be accepted.

7. **Catalog Requirements and Time Limits:** Each *University Catalog* is in effect for seven years. Degree requirements and other university regulations are established by the catalog current at the time a student matriculates as a regular degree seeking student at a post-secondary institution. If the student does not complete requirements for graduation during the seven-year period, the catalog expires and the student must elect and satisfy requirements of a more recent catalog in effect while enrolled. Students, whose seven-year catalog entitlement expires as a result of discontinued enrollment or from having transferred to another university, are subject to the requirements of the catalog current at the time of reenrollment. All industrial hygiene majors graduating after the regular summer term of 2010 are required to complete IH 496, **Capstone Project in Industrial Hygiene**, in addition to all other degree requirements established in their respective catalogs. This exemption is needed to meet established ASAC-ABET accreditation criteria. The College of Nursing and Allied Health retains the right to make modifications in its program/policies as deemed necessary by its faculty based on recommendations and mandates from the Alabama Board of Nursing and the Commission of Collegiate Nursing Education. Students currently enrolled in the nursing program will be required to adhere to any modifications made during their enrollment as a nursing major.

8. **ADDITIONAL MAJOR:** To meet requirements for an additional major, UNA graduates must complete any additional MAJOR courses and PRESCRIBED SUPPORTING courses not completed in first degree as well as any GENERAL STUDIES courses particular to that major. Transfer students must meet the above requirements to include resi-
dence requirements of 12 hours of 300/400 level courses in the MAJOR. (Supporting courses will not meet residence requirements.)

9. **SECOND DEGREE**: A student may earn a second bachelor’s degree by completing in residence at least 32 additional semester hours of 300/400 level coursework over and above the total hours completed for the first degree. All Area V general studies requirements, major core and other requirements for the major, and minor if applicable, must be satisfied.

**SCHOLASTIC STANDARDS**

**Academic Warning.** A student with a GPA of less than 1.60 who has attempted less than 18 semester hours will be placed on academic warning for the following semester. If at the end of the semester of academic warning the student does not reach the minimum cumulative GPA listed below, the student will be placed on academic probation.

**Academic Probation.** A student will be placed on academic probation at the end of any term in which the student’s cumulative GPA falls below the following:

<table>
<thead>
<tr>
<th>Cumulative Hours Earned</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 — 31</td>
<td>1.60</td>
</tr>
<tr>
<td>32 — 63</td>
<td>1.85</td>
</tr>
<tr>
<td>64 — 95</td>
<td>1.95</td>
</tr>
<tr>
<td>96 — or above</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Probationary status may be removed by achieving the minimum cumulative GPA for the student’s classification. If on the work for which enrolled in the probationary term the student achieves a grade point average of 2.0 (C) or better but remains below the minimum GPA required for the student’s classification, probation is continued.

**Academic Suspension.** A student on academic probation is placed on academic suspension for one semester at the end of any semester or term in which the student fails to maintain a 2.0 (C) GPA on the work attempted during that period. After one fall or spring semester on suspension, a suspended student will be automatically eligible for reenrollment but will be required to file readmission forms (available in the Office of Admission). A summer term will not fulfill a suspension period.

Upon readmission following a period of academic suspension, a student who again fails to meet minimum probationary standards (a 2.0 GPA on the work attempted during the period) will be suspended for one calendar year (12 months). After fulfilling the requirement of a year’s suspension period, a student may enroll without appearing before the Readmissions Committee, but will be required to file readmission forms (available in the Office of Admission). Reenrollment during this suspension period will require an appeal to the Readmissions Committee and is subject to special conditions that may be imposed by the Readmissions Committee.
Subsequent academic suspension of a student will result in a student’s ineligibility to enroll for a period of three calendar years. No appeals will be considered during the first year of the three-year suspension period. Reenrollment following the first year of the three-year suspension period will require an appeal to the Readmissions Committee and is subject to special conditions that may be imposed by the Readmissions Committee. After fulfilling the requirement of the three-year academic suspension period, the student may enroll without appearing before the Readmissions Committee, but will be required to file readmission forms (available in the Office of Admission).

Any student reenrolling after academic suspension, whether by the completion of the suspension period or a successful appeal to the Readmissions Committee, will remain on academic probation until that status is removed by earning at least the minimum cumulative GPA for removal of probationary status.

**Procedure for Academic Suspension and Appeal.** Academic suspension is mandatory and automatic based on the student’s GPA. Notification of academic suspension will be printed on the end of the semester grade report. With the exception of a one semester suspension or the first year of a three-year suspension, any student placed on academic suspension status has the right to file an appeal of that status and to request the Readmissions Committee to hear the case. Appeal forms must be obtained and filed through the Office of Admission. Because the Readmissions Committee conducts readmission hearings only at the beginning of each semester or term, a written appeal for a hearing must be received by the Office of Admission no later than five days before the date of the opening of the residence halls as listed in the University Calendar for the semester or term for which readmission is sought. The Readmissions Committee, upon hearing the case, has the authority to permit readmission of an academically suspended student before the expiration of the period of suspension. However, the Readmissions Committee exercises that authority only when the appealing student can present substantial evidence of unusual mitigating or extenuating circumstances which led to the student’s academic difficulties or when the appealing student can present substantial evidence of changed circumstances supporting the likelihood of the student’s future academic success. An academically suspended student without such evidence should not appeal his or her suspension, since without such evidence the appeal will be denied.

Students may not, upon readmission, apply or utilize credit earned elsewhere during a period of suspension for progress toward graduation. Additional information regarding the readmission process may be found in the admission section of the undergraduate catalog under the heading, *Former Students.*

**SECOND CHANCE PROVISION**

Any student who has been readmitted to the University after an absence of five or more years can earn second chance status, which provides an opportunity to eliminate from computation of the grade point average any grades of D, F, or WF received before readmission.
To earn second chance status, the student must achieve a grade point average of at least 2.50 for each term during the first 24 credit hours of completed coursework following readmission. If registered as a full-time student, the student must complete at least 12 credit hours each semester or at least six credit hours in a summer term; if registered as a part-time student, the student must complete at least six credit hours each semester or at least three credit hours in a summer term.

Students meeting these standards must file a formal application in the Office of the Registrar to eliminate from computation in the grade point average any grades of D, F, or WF received before readmission. Education majors should contact the Dean of the College of Education concerning restrictions that apply. All credit hours associated with such grades shall be eliminated from satisfaction of degree requirements. Within one year after successful completion of the above requirements, students must exercise the option of eliminating any grades of D, F, or WF by filing a formal application with the Office of the Registrar. All grades shall remain on the student's transcript, however, with an explanation of this Second Chance Provision. Nursing majors should contact the Dean of the College of Nursing concerning restrictions that apply.

Students failing to meet these standards during the first 24 credit hours of completed coursework following readmission shall not be eligible for second chance status again.

Any student readmitted to the University after an absence of five years or more will be informed of the Second Chance Provision in the letter of readmission.

**REPETITION OF COURSES**

Students should be aware that course repeats, for any reason, may not be looked upon favorably by some employers, by professional schools, and by honor societies. This policy applies only to courses taken and repeated at the University of North Alabama. Each student should read the policy carefully and seek help from his or her departmental academic advisor, or from the appropriate dean’s office and the Office of the Registrar to determine if the following policies are appropriate to his/her degree program. All hours duplicated will be deducted from the hours passed on the academic record and may result in a change in student classification. In the College of Nursing and Allied Health, no student will be permitted to repeat a nursing course more than once.

**Repetition of Courses.** A student may repeat any course in which a grade of C, D or F was received. For each course repeated, the highest grade will be used in determining progress, but the previous grade(s) will remain on the transcript record and all grades will be counted as work attempted in determining the grade point average (GPA). Credit in a repeated course may be used only one time toward meeting the 128 semester hour graduation requirements. Also, all courses attempted at UNA will be counted in determining a student's eligibility for Federal Student Aid. (See Student Financial Services for more details.)
Repeat/Recompute Policy. A student who has repeated courses in which a grade of C, D or F was received may identify three of those courses (up to 11 hours) for the purpose of recomputing the GPA. For each course identified, only the most recent grade will be used in determining progress and in recomputing the GPA; however, the previous grade will remain on the transcript. Credit in each course may be used only one time toward meeting the 128-semester hour graduation requirement. A student will request the recomputing by completing a form which lists the courses with the Office of the Registrar at any time prior to or on the last day of drop/add of the semester of anticipated graduation. The Repeat/Recompute Policy applies to courses repeated beginning with the summer 2002. This policy applies only to courses taken and repeated at UNA. Each student should seek help from his or her departmental academic advisor, or from the appropriate dean’s office and the Office of the Registrar, to determine if this policy is appropriate to his/her degree program. In the College of Nursing and Allied Health, no student will be permitted to use the Repeat/Recompute Policy or Second Chance Provision for any nursing course (NU designation). Students should be aware that utilizing the Repeat/Recompute Policy may not be looked upon favorably by some employers, by professional schools and by honor societies. Also, all courses attempted at UNA will be counted in determining a student’s eligibility for Federal Student Aid. (See Student Financial Services for more details.)

GENERAL REGULATIONS

Class Attendance. Regular and punctual attendance at all scheduled classes and activities is expected of all students and is regarded as integral to course credit.

Each student is directly responsible to the individual professor for absences and for making up work missed. Particular policies and procedures on absences and makeup work are established in writing for each class, are announced by the professor at the beginning of the term, and for excessive absences, may provide for appropriate penalties including reduction in grades or professor-initiated withdrawal from class. Official written excuses for absences are issued only for absences incurred in connection with university-sponsored activities. For all other types of group or individual absences, including illness, authorization or excuse is the province of the individual professor.

Withdrawal from a Course. A student may withdraw from a course with a grade of W up to and including the Friday that falls one week after the designated midterm date by bringing a completed withdrawal slip (signed by the instructor) to the Registrar’s Office or sending an email to Registrar@una.edu. This email must be sent from the student’s UNA Portal account. After that deadline and up to the Wednesday that falls two weeks prior to the last day of class, a student may withdraw from a course with a grade of WP (withdraw passing) or WF (withdraw failing) assigned by the instructor. During the final two weeks of class, withdrawal is not permitted except in extraordinary circumstances. Permission of both the instructor
Academic Procedures and Requirements

and department chair is required, and the grade of WP or WF will be assigned by the instructor. *(See notes and exceptions below)*

**Withdrawal during Summer Sessions.** During any summer session, a student may withdraw from individual courses with a grade of W through the Friday preceding the last class day. After that deadline, withdrawal requires permission of the instructor and department chair attached to any course from which withdrawal is contemplated, and a grade of WP or WF will be assigned by the instructor(s). *(See notes and exceptions below)*

**Withdrawal from the University.** Students who wish to withdraw from the University up to and including the Friday that falls one week after the designated midterm date **must first notify the Office of the Registrar and follow official procedures.** The grade of W will be recorded for each registered course.

Withdrawal from the University after the Friday that falls one week after the designated midterm date requires consultation with the Office of the Dean of Enrollment Services. In cases where withdrawal from the University is unavoidable, such as a medical emergency, the grade of W will be uniformly recorded. In cases where withdrawal from the University is optional, the student will receive grades of WP (withdraw passing) or WF (withdraw failing) assigned by the instructor(s).

Note: Failure to comply with these requirements seriously prejudices the student’s academic standing as well as future readmission. *(See notes and exceptions below)*

**Notes and Exceptions:**

1. In determining the scholastic standing of a student who has officially withdrawn from the University or from one or more courses, grades of W, WP, or WF are not charged as work attempted and are not awarded quality point credit. Incomplete work must be made up in the following semester or term. An I which has not been removed within the period prescribed automatically becomes an F.

2. Students should be aware that withdrawing from one or more courses may have substantial adverse effects on, including but not limited to, financial aid, scholarship award, health insurance, and athletic eligibility.

3. The policy does not apply to clinical courses taken in the College of Nursing. Students who are failing clinical in the College of Nursing at the time they withdraw from the class will receive an F for that class.

4. The policy does not apply to students who have committed academic dishonesty in the course in question. A student will not be allowed to withdraw from a course in which he or she has committed academic dishonesty. If a student is accused of academic dishonesty, he or she will not be allowed to withdraw from the course while the case is pending.

5. A student may not withdraw from a class if he or she has exceeded the allowed number of absences for a particular course without consent from the instructor. A faculty member’s attendance policy supersedes the Withdrawal from a Course policy.
6. Students who are called to active military service during an academic term may choose one of the following options:
   a. The student may request retroactive withdrawal to the beginning of the semester with a full refund of tuition and fees.
   b. If at least 75% of the term has been completed, the student may request that the faculty member assign a grade for the course based on the work completed, but the final grading decision is left to the faculty member.
   c. A student may be assigned a grade of I and will be subject to university policies regarding the disposition of the Incomplete.

7. Students with a grade of WF will be ineligible for recognition on the Dean’s List for the semester in which the WF was assigned.

Transfer, Transient, Correspondence, and Extension Credit. Students who wish to take coursework at another institution in temporary transient status for transfer of credits back to the University must secure advance approval from the dean of the college in which the course(s) is/are taught for both the enrollment and the specific courses to be taken. Students on academic probation, academic warning, or conditional admission cannot be approved for transient work. Students may not receive transient approval for courses failed in residence at UNA. Credits accepted from other institutions by reason of transfer, transient, correspondence, or extension will be for credit hours only provided an average of C or better is earned on each separate enrollment. Grades earned at other institutions will not affect the student's grade point average at UNA. Credits to be transferred from other institutions cannot be applied toward meeting requirements for graduation unless filed with the Office of the Registrar at least four weeks prior to the date of graduation. Transcripts of transient work to be applied toward meeting graduation requirements must be received by the Office of the Registrar within the next semester after credit is earned, and at least four weeks prior to the date of graduation.

Freshman Orientation Program. All beginning freshmen are required to participate in an orientation program preceding or at the beginning of the first term of residence. The program is designed to help orient the student to university life and includes scheduled sessions on registration procedures, academic programs and requirements, campus life, etc., in addition to academic advisement and registration for classes. Student Orientation, Advising, and Registration (SOAR) sessions are held in June and July (see www.una.edu/orientation) or students may attend New Student Advising and Registration, which is held each semester on the Monday of the week classes begin as listed in the Schedule of Classes for that semester (see www.una.edu/admissions).

Mathematics Placement. See Department of Mathematics.

English Placement. See Department of English.
General Studies Examination. All students at the University of North Alabama are required to successfully complete the Collegiate Assessment of Academic Proficiency (CAAP) after completing 44 semester hours of coursework and prior to beginning the 70th hour of coursework. Additionally, by this point the student must have completed ALL of the following components of the General Studies Curriculum:

- English 111 and English 112
- At least one semester of the literature requirement
- Math 110 or Math 112 or higher level math course as appropriate
- At least one semester of the laboratory science requirement
- At least one semester of the history requirement

Transfer students transferring in more than 70 hours of coursework must register for the CAAP course during their first semester at UNA. The purpose of the examination is to measure what students learn during the basic program of study. Scores on the CAAP exam are compared nationally and a grade of “S” or “U” will be received for the course. A grade of “S” in the CAAP course is required for graduation. For further information, contact the Center for Academic Advising and Retention Services.

Teacher Education and Nursing. Students who enroll in teacher education or nursing programs must satisfy requirements for admission to, retention in, and graduation from such programs in addition to other university requirements. The standards and procedures are described under the College of Education and the College of Nursing and Allied Health.

CLASSIFICATION, GRADING SYSTEM, CREDITS, AND HONORS

Classification. Students are classified as freshmen, sophomores, juniors, or seniors according to credit hours, as follows:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0-31</td>
</tr>
<tr>
<td>Sophomore</td>
<td>32-63</td>
</tr>
<tr>
<td>Junior</td>
<td>64-95</td>
</tr>
<tr>
<td>Senior</td>
<td>96-128</td>
</tr>
</tbody>
</table>

The Grading System used in the University is as follows:

A is the grade of highest distinction given for work of a superior quality.
B is the grade given for work considered as good or above average.
C is the grade given for work of fair or average quality.
D is the grade given for work considered poor or below average but passing.
F on a final report indicates unconditional failure. No quality or quantity credits are earned with a grade of F.
NC indicates No Credit. NC is the grade given for EN 111, 112, 121, 122 for any student that has earned less than a C average.
I is used to designate an Incomplete resulting from the failure of the student to complete final coursework because of illness or other circumstances beyond the student’s control. Incomplete work must be made up in the following semester or term (fall, spring, summer). When the work is completed the appropriate grade is substituted on the permanent record. An I which is not removed within the period prescribed automatically becomes an F. It is the student’s responsibility to follow-up with the appropriate instructor to complete the required work. No quality or quantity credits are earned with a grade of I. Once entered on the permanent records, no grades other than I may be changed except by reason of clerical error.

IP indicates work in progress. IP is used to designate coursework which is not scheduled to be completed within a given semester, i.e. Dauphin Island, Study Abroad credit, etc. The grade of IP should not be assigned in lieu of a grade of I. In progress work must be completed in the following semester or term (fall, spring, summer). An IP which is not removed within the period prescribed automatically becomes an F unless an extension of time has been granted by the appropriate college dean.

S indicates satisfactory work and is used only on noncredit courses.

U indicates unsatisfactory work and is used only on noncredit courses.

W indicates withdrawal from a course between the close of registration for a school term and a specific date set by the University during which time no judgment is made on the quality of a student’s work in the course.

WD indicates administrative withdrawal.

WP indicates official withdrawal passing

WF indicates official withdrawal failing

WS indicates withdrawal satisfactory (complete withdrawal only).

WU indicates withdrawal unsatisfactory (complete withdrawal only).

The Unit of Credit is the semester hour and is based upon one hour of class and two hours of preparation per week for one semester. Two hours of laboratory work generally are considered the equivalent of one hour of regular class.

Quality Points are based on the grade received for each regular course completed. The University of North Alabama converted to the 4.0 grading system in the fall of 1989. At the end of the 1992-93 school year, the records of all students remaining on the 3.0 scale were converted to the 4.0 system. On the 4.0 system, each semester hour of credit is equal to four quality points if passed with a grade of A, to three quality points if passed with a grade of B, to two quality points if passed with a grade of C, and to one quality point if passed with a grade of D. No quality points are given for grades of F or for noncredit courses. The student must earn a minimum grade point average of 2.0 (C) on all work attempted at this University and on all work attempted in the major and minor fields (when required).
The Grade Point Average is obtained by dividing the total of quality points accumulated by a student by the total of credit hours attempted. For example, if a student has earned 96 quality points for 48 credit hours attempted, the grade point average is 2.0.

A Dean's List for each college in the University is published at the end of each fall and spring semester. To be considered for the Dean's List, a student must be classified as a degree-seeking student in full-time residence and have no grade of F, WF, I, IP during that semester. Any student with a 3.70 grade point average or higher on all work carried during that semester will be eligible for the Dean's List.

Degrees with Honors are conferred in accordance with the following index numbers which represent the grade point average for all work—but not less than 44 semester hours—completed in residence at this institution:

- Cum Laude .................................................. 3.50-3.69
- Magna Cum Laude ......................................... 3.70-3.89
- Summa Cum Laude ........................................ 3.90-4.00

Students who have met the Second Chance Provision are not eligible to graduate with honors.

Turris Fidelis Award. The Turris Fidelis key may be awarded to not more than two graduating seniors at spring commencement. Students who have graduated since the previous spring semester as well as those planning to graduate in the spring will be considered candidates for the award. The award is made on the basis of outstanding service to the University and scholastic achievement. This honor is the highest that can be conferred upon a graduating senior, and recipients are selected by a joint committee of faculty and students.

Keller Key. The Keller Key award was established as a memorial to the late President James Albert and Mrs. Mariglen Keller. A Keller Key is presented at each commencement to the honor graduate who, on the basis of having earned all credits for the bachelor's degree at this University, has made the highest grade point average. The recipient of the Keller Key will be identified by the Registrar's Office in accordance with established guidelines. For this purpose, all academic work ever attempted at UNA will be included in the calculation of the GPA. A student may receive the award only once even though more than one degree may be earned.

Distinguished Academic Achievement Award. The Distinguished Academic Achievement Award is presented to the UNA graduate with the highest grade point average who has completed at least 32 semester hours at UNA and is not eligible for the Keller Key Award. The grade point average is based on all work attempted. This award is presented annually at the Awards Gala.
COLLEGES AND PROGRAMS

COLLEGE OF ARTS AND SCIENCES

Dr. Vagn K. Hansen, Dean
129 Wesleyan Hall
765-4288

The College of Arts and Sciences contains the following departments:

Art History and Political Science
Biology Mathematics and Computer Science
Chemistry and Industrial Hygiene Military Science
Communications Music and Theatre
Criminal Justice Physics and Earth Science
English Psychology
Entertainment Industry Social Work
Foreign Languages Sociology
Geography

Through its departments the College of Arts and Sciences offers programs of study leading to the Bachelor of Arts and Bachelor of Science degrees, the Bachelor of Social Work degree, the Bachelor of Fine Arts degree, and the Bachelor of General Studies degree; provides preprofessional preparation for a variety of special fields; provides many of the subject fields approved for the degree program in secondary education offered by the College of Education; offers the senior ROTC program; and supplies most of the coursework common to the basic undergraduate program and to the general education components in all university bachelor’s degree programs. The college also provides special coursework in philosophy and religion, and in conjunction with foreign travel.

Degree Programs

The Bachelor of Arts or Bachelor of Science degree with majors in

Art Communication Arts, Film and Media Production option
Biology, Cellular and Molecular option Digital Media Production option
Biology, Environmental option Communication Arts, Journalism option

Geography, Geographic Information Science option  Political Science
Social Science
Sociology

The Bachelor of Social Work degree.

The Bachelor of Fine Arts degree with a concentration in ceramics, digital media, painting, photography, and sculpture.

The Bachelor of General Studies degree.

The Bachelor of Arts or Bachelor of Science degree based on completion of prescribed three-year curricula at this University and completion of the first year of the professional college of dentistry, medicine, or law.

Degree Requirements

In degree programs offered by the College of Arts and Sciences, the student may elect either the Bachelor of Arts degree program or the Bachelor of Science degree program with any major field listed for these degrees on fulfillment of the minimum requirements prescribed for each below. For the University’s basic program of study, course sequences, general requirements and procedures for graduation, reference should be made to Academic Procedures and Requirements. Reference also should be made to the major field program selected for specific hour and course requirements. Courses taken to satisfy requirements in the general education components are applicable for satisfying major and minor field requirements for the same courses, and the total credit hour requirements for the major and minor fields may be reduced thereby. Specific courses required for the fulfillment of major and/or minor field requirements may be applied to the fulfillment of requirements for both or for another major or minor; however, these courses count only once toward the 128 semester hours required for graduation.

Courses Meeting Area V Requirements in the College of Arts and Sciences

Where Arts and Sciences department curricula describing General Education Area V requirements refer to additional courses from approved Area V elective courses, the student may select from among any of the following courses not already taken elsewhere.

Bachelor of General Studies Degree

The Bachelor of General Studies degree is provided by the College of Arts and Sciences as a service to nontraditional (beyond normal college age of 18-24 and to graduates of community college technical programs) students who may prefer an alternative to the traditional degree program and to other non-traditional adult students seeking a flexible degree completion opportunity. It is a nontraditional degree for the nontraditional student. The purpose of the Bachelor of General Studies program is to provide a meaningful academic alternative for the atypical student whose special circumstances are not met by the traditional degree program. This category of students, termed the “new emerging majority” in higher education, includes those already involved with jobs, women who choose both family and education, individuals needing additional training for new careers, people who choose not to go directly to college but now want further education, and those who find the traditional degree programs unsuited to their particular needs. The general studies program provides the flexibility needed to enable the student, with careful advisement, to develop an individualized program of study that is meaningful and appropriate to the nontraditional student. The program is structured in such a way as to ensure that each student receives a strong general education foundation, which is traditionally believed to be the purpose of a baccalaureate degree. The degree offers two options. Option 1 is a broad liberal studies major and Option 2 is an applied studies major.

Program Entrance Requirements

Option 1 requires a minimum of seven years since high school graduation or its equivalent must have elapsed before the nontraditional student is eligible to apply to the University General Studies Degree Committee for acceptance in this program. Students who apply must have completed a minimum of 20 semester hours of coursework as a special student at the University of North Alabama and must have at least a 2.0 grade point average on all coursework. Contact the College of Arts and Sciences for additional information.

Option 2 is open to graduates of community college two-year vocational-technical programs as well as adult students (25 years of age or older or someone whose principal identity is other than that of a full-time student) with at least 30 hours of existing college coursework who seek a flexible and convenient degree completion option that allows them to reach their personal and career objectives without interfering with existing career or family obligations. The majority of coursework in this program can be completed online. Contact the Dean of the College of Business for additional information or for assignment of a program advisor.

Technical college graduates may receive up to 30 semester hours of block credit for technical courses completed in their associate degree program at a regionally accredited community college. Credit for technical coursework may not be applied to any other degree program offered by the University.
Degree Requirements for Option 1

1. A total of 128 semester hours is required as a minimum for graduation with 36 semester hours of this total coming from courses numbered 300 or 400.

2. General Studies Requirements (41-47 semester hours)
   a. Same General Studies Component required of all students if approved by the student’s advisory committee.
   b. May follow either requirements for Bachelor of Arts or Bachelor of Science degree.

3. Eighteen semester hours must be earned from each of three of the following four groups. An additional 12 semester hours must be taken in one of the three groups (except Group IV) selected to complete the area concentration. In the area concentration, 15 semester hours must be taken in courses numbered 300 or 400. (Courses taken to satisfy the general studies requirement cannot be counted twice.)

   Areas of Concentration:

   Group I—Liberal Arts: Art, Communication Arts, English, French, German, Music, Philosophy, Religion, Spanish.

   Group II—Social and Behavioral Sciences: Criminal Justice, Physical Geography, History, Political Science, Psychology, Sociology.

4. The remainder of the 128 hours may be elected by the student.

5. Students must meet prerequisites before taking any given course.

6. An average of C (2.0) is required for all hours attempted toward the degree, hours counted in the area concentration, and all hours taken at the 300-400 level.

7. No more than 30 semester hours of courses offered by the College of Business can be counted toward graduation in this degree.

8. All other university policies (i.e., residence requirements) relating to requirements that must be met for all degree programs apply to the degree in general studies.

Degree Requirements for Option 2

1. A total of 128 semester hours is required as a minimum for graduation with 36 semester hours of this total coming from courses numbered 300 or 400.

2. General Studies Requirements: 41 semester hours as required of all students at the University.

3. Vocational-Technical Studies: The student may transfer a maximum of 30 semester hours of vocational-technical courses from a regionally
accredited community college as ‘block credit’. The 30 hours of credit is not used in determining grade point average. Further, this block credit is not transferable into any other degree program offered by the University.

4. Applied Professional Studies: (24-30 semester hours)  
A concentration of 24-30 semester hours in applied professional studies is jointly developed by the student and the program advisor and approved by the advisor. The concentration may not include more than 15 semester hours from a single discipline; no more than 30 semester hours of coursework in this degree can be taken in the College of Business. Students must maintain a 2.0 grade point average overall and in the concentration.

5. Minor: Students must complete a minor of between 18 and 21 semester hours in the College of Arts and Sciences or the College of Education. Specific requirements for various minors are identified in the university catalog.

6. Electives: Students must choose electives sufficient to complete 128 semester hours for graduation. This will typically entail an additional 18-21 semester hours.

7. No more than 64 of the 128 hours required for graduation may be transferred from a community college (including the 30 hours block of technical course credit). At least 32 semester hours must be completed at UNA.

**Minor Fields**

The College of Arts and Sciences offers minor field concentrations in

**Secondary Certification**

Although the regular programs for the preparation of secondary teachers for the public schools are offered in the College of Education, students taking degree programs in the College of Arts and Sciences may also qualify for the Alabama Class B Professional Certificate by taking subject fields approved for secondary certification and (1) by satisfying the requirements for admission to and retention in programs of teacher education as
prescribed by the College of Education, (2) by completing the additional prescribed coursework in both general education and professional education as prescribed by the College of Education, and (3) by satisfying the State Board of Education grade point average and test score requirements (see College of Education).

**Preprofessional Programs**

The College of Arts and Sciences provides undergraduate work of from one to four years required for admission to professional schools in the areas listed below. For preprofessional programs in the health and allied health professions, a Health Professions Advisory Committee provides special advisory and informational services to interested students.

**DEPARTMENT OF ART**

**Chair:** Ms. Chiong-Yiao Chen, 217 Visual Arts Building, 765-4384

**Faculty:** Mr. Hensley, Dr. Kirch, Mr. Shady, Mr. Sides, Mr. Turner, Dr. Zurinsky

The University of North Alabama is an accredited institutional member of the National Association of Schools of Art and Design (NASAD).

The Department of Art offers major programs leading to the Bachelor of Fine Arts, Bachelor of Arts and Bachelor of Science degrees; minor programs in art, art history, and photography; and coursework applicable to partial satisfaction of general education components in all programs. No minor field is required for the BFA, BA and BS in Art. Subject programs for the preparation of art teachers are offered as a double major in Art and Education.

The Bachelor of Fine Arts program is designed for students with a professional interest in art, and five areas of concentration are offered: ceramics, digital media, painting, photography, and sculpture. Candidacy for the Bachelor of Fine Arts Degree requires successfully passing a portfolio review following the completion of 45-96 credit hours of university coursework. The Bachelor of Arts and Bachelor of Science degrees are designed for students with a personal or academic interest in art. Students in the BA and BS programs may choose to specialize by devoting their general elective hours to coursework in ceramics, digital media, drawing, painting, pho-
tography, printmaking, or sculpture. Successful faculty review of an exit portfolio submitted by the graduating senior is a requirement for graduation. AR493, Senior Exhibition, is required for the BFA but is optional for the BA/BS. As part of the Senior Exhibition requirement, graduating students will submit a digital portfolio of 15-20 images and a current curriculum vita to be retained in the departmental archive.

The Art Department maintains two galleries. The University Art Gallery offers exhibition of state, regional, and national artists each year for members of the university community and the general public. The student gallery is available for AR493, Senior Exhibitions, display of current coursework and special program exhibitions. Meritorious student works may be retained in the Art Department Collection for a period of two years.

REQUIREMENTS FOR A BACHELOR OF FINE ARTS, BACHELOR OF ARTS OR BACHELOR OF SCIENCE DEGREE WITH A MAJOR IN ART

<table>
<thead>
<tr>
<th>Course</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>A. General Education Component (BFA, BA, BS)</td>
<td>41</td>
</tr>
</tbody>
</table>

For general education requirements and additional requirements for UNA students, refer to Academic Procedures and Requirements.

Art majors should complete:

**Area IV:** Geography 102 (3)
History 101 and 102 (6)
Psychology 201 (3)

**Area V:** Additional Requirements (23)
Art 221 Drawing I (3)
Art 222 Drawing II (3)
Art 231 Design I (3)
Art 232 Design II (3)
Art 281 Art History Survey I (3)
Art 282 Art History Survey II (3)

Students may take up to 5 hours in any course listed for Arts and Sciences Area V elective courses or any UNA elective course to bring the total to 23 hours.

For only the Bachelor of Arts degree the student must satisfy the following requirement: 6 hours of a required foreign language at the intermediate level. The student may elect to count up to 6 hours of foreign language at the intermediate level (201, 202) towards the 23 hours in this area.

64

B. Major Core Requirements:

*Art Appreciation (170) (3)
Photography I (200) (3)
Drawing I (221) (3)
Drawing II (222) (3)
Design I (231) (3)

*Required for Art/Education double majors only.
Course                        Credit
Design II (232)               3
**Art History Survey I (281)  3
**Art History Survey II (282) 3
**Art History Survey III (283) 3

***Digital Media I (347)       3
Ceramics I (351)              3
**Critical and Applied Art Theory (385W)  3
Sculpture I (391)             3
****Senior Exhibition (493) or
*****Studio Elective (300-400 level) or
*Methodology and Materials in Art (470)  3
Six hours from the following advanced art history courses:
Modern Art (480W)              3
Modern Architecture (481W)     3
Italian Renaissance Art (482W) 3
American Art (483W)            3
History of Photography (484)   3
Women, Art, and Society (486W) 6
51/54

C. Bachelor of Fine Arts:
Concentration (BFA only) from one of the following studio areas:
Ceramics:
Ceramics II (352)              3
Advanced Ceramics (451)        3
Total                         6

Digital Media:
Semiotics in Art (446)         3
Digital Media II (447)         3
Advanced Digital Media (449)   3
Total                         9

Painting:
Painting II (343)              3
Advanced Painting (442)        3
Total                         6

** Required for Art/Education double majors only.
** These courses are required in these majors if not completed as a part of the General Education Component.
*** Fulfills computer literacy requirement.
**** Bachelor of Fine Arts only.
***** B.A./B.S. requires 3 hours and B.F.A. requires 9 hours. B.F.A. requires a total of 15 hours of studio electives.

DEPARTMENT OF BIOLOGY

Chair: Dr. Paul D. Kittle, 428 Floyd Hall, 765-4394
Faculty: Ms. Bruce, Dr. Crews, Dr. Daly, Dr. Davison, Dr. Haggerty, Dr. Hubler, Dr. Marvin, Dr. Menapace, Dr. Ray, Dr. Richardson, Dr. Roush, Dr. Whitekiller

The Department of Biology offers major programs in biology and marine biology leading to the Bachelor of Arts or Bachelor of Science degree; a minor in biology; courses and programs applicable to preprofessional curricula in the medical and related health fields; basic coursework applicable to the general education component for all degree programs; and the subject field for secondary teachers of biology offered through the College of Education. The department has a prominent role in the program of the Marine Environmental Sciences Consortium.

The professional biology option is designed especially for students who wish to prepare for positions in biology through graduate study or through research and technical areas at the baccalaureate level. This major prescribes a minor in chemistry and ancillary coursework in computer science, mathematics, and physics.

The general biology option is designed for students who wish to prepare for fields requiring a general background in biology or to follow preprofessional curricula for which general preparation in biology is required or recommended. This major requires ancillary coursework in chemistry, computer science, and mathematics. A minor in chemistry is recommended.

The marine biology major is designed for students who wish to prepare for positions in the area of marine or aquatic biology or who plan graduate study in these fields. The standard courses for the major are offered on the university campus, with the specialized courses being taken through the Marine Environmental Sciences Consortium (MESC) Sea Laboratory at Dauphin Island near Mobile, Alabama. Students interested in this major should consult early with the chair of the department concerning courses, prerequisites, special arrangements, and costs. Requirements include a prescribed minor in chemistry and ancillary coursework in computer science, mathematics, and physics.
The environmental biology option is designed for students who wish to prepare for positions requiring a general background in biology, with ancillary work in computer science, chemistry, physics and earth science, and mathematics; a student must also choose a block of courses from either geography or industrial hygiene. This program should prepare the student for positions in natural resource utilization, environmental research, and environmental education; or for graduate work in environmental biology. No minor field is required in this major; however, a minor field may be added by taking more than the minimum hours required for the degree. Students should obtain departmental advisement early in the program.

The cellular and molecular biology option is designed for students who wish to prepare for positions in biotechnology, biochemistry or medical research at the entry level or to pursue graduate study in these fields. This major prescribes ancillary coursework in chemistry, computer science, mathematics and physics. A minor in chemistry or additional prescribed coursework in biology is required.

In all major programs in biology the electives are determined through advisement, and students are encouraged to take additional hours beyond the minimum major requirements in the field.

Students with majors in biology, marine biology, or biology as a teaching field for education certification are required to take exit examinations for graduation. All courses may require field trips.

REQUIREMENTS FOR A BACHELOR OF ARTS OR BACHELOR OF SCIENCE DEGREE WITH A MAJOR IN BIOLOGY

### Option I: Professional Biology

**Organismal Biology (Protists, Fungi, Plants):**

One course from Biology 362, 363, 429, 460, 463  3-4

**Organismal Biology (Protists, Animals):**

Two courses from Biology 310, 311, 340, 341, 403, 408, 433, 451, 452, 471, 472 6-8

**Population Biology:**

Evolution (312)  3

One course from Biology 411, 412, 413, 421, 423  4

**Prescribed Supporting Courses:**

Introduction to Computers (CS 110) or higher level

- computer science course  3

- *Mathematics 112 or 113 or 115 or 125  3-4

- Calculus for Business and Life Sciences I and II (MA 121, 122)

- or *Calculus I (MA 125)  6-4

- *Applied Statistics I (MA 345)  3

- General Physics (PH 241, 242) or

- Technical Physics (PH 251, 252)  8-10

**Total**  6-26

### Option II: General Biology

**Organismal Biology (Protists, Fungi, Plants):**

One course from Biology 362, 363, 429, 460, 463  3-4

**Organismal Biology (Protists, Animals):**

Two courses from Biology 310, 311, 340, 341, 403, 408, 433, 451, 452, 471, 472 6-8

**Population Biology:**

Evolution (312)  3

One course from Biology 411, 412, 413, 421, 423  4

**Prescribed Supporting Courses:**

- *General Chemistry (CH 111, 111L, 112, 112L)  8

- Introduction to Computers (CS 110) or higher level

- computer science course  3

- *Mathematics 112 or 113 or 115 or 125  3-4

**Total**  3-15

*These courses are required in the major or minor if not completed as a part of the General Education Component.*

Prescribed Supporting Courses: |

*General Chemistry (CH 111, 111L, 112, 112L) | 8 |
Organic Chemistry (CH 311, 311L) | 5 |
Quantitative or Instrumental Analysis | |
(CH 321, 321LW or 322, 322LW) | 5 |
Environmental Regulations (CH 465) | 3 |
Intro to Computers (CS 110) or higher level computer science course | 3 |
Physical Geology (ES 131) | 4 |
Hydrogeology (ES 488) | 3 |
*Mathematics (MA 112 or 113 or 115 or 125) | 3-4 |
Applied Statistics (MA 345) | 3 |
*General Physics (PH 241, 242) | 8 |
Choose one block of courses from among either Geography or Industrial Hygiene: |
Maps and Map Interpretation (GE 225) | 3 |
Use and Interpretation of Aerial Photographs (GE 323) | 3 |
Geographic Information Systems (GE 424) | 3 |
**OR** |
Occupational Safety and Health (IH 301) | 3 |
Choose two courses from IH 322, 333, 422, or 444 | 6-7 |
**35-56** |

**Option IV: Cellular and Molecular Biology** |

Organismal Biology (Plants): |
One course from Biology 460, 463 | 3 |
Organismal Biology (Protists, Animals): |
One course from Biology 311, 433, 471, 472 | 4 |
Parenthesis Biology: |
Evolution (312) | 3 |
One course from Biology 411, 412, 413, 421, 423 | 4 |
Cellular/Molecular Biology: |
Molecular Biology (415) | 4 |
Biochemistry (441) | 3 |

*These courses are required in the major or minor if not completed as a part of the General Education Component.*
Biology

Course Credit
Choose a minimum of 8 hours from the following:
Applied Bacteriology (407) ........................................... 4
Immunology (409) ................................................... 3
Research/Internship (495) ........................................... 1-4
Instrumental Analysis/Instrumental Analysis Laboratory
(CH 322/CH 322L) ............................................. 5

Prescribed Supporting Courses:
Introduction to Computers (CS 110) or higher level
computer science course ........................................... 3
*Mathematics (MA 112/121/122 or MA 112/113/125
or MA 115/125) ................................................... 8-10
Applied Statistics (MA 345) ........................................... 3
*General Physics (PH 241, 242) or
Technical Physics (PH 251, 252) ......................... 8-10
*General Chemistry (CH 111, 111L, 112, 112L) .............. 8
Organic Chemistry (CH 311, 311L, 312, 312L) ............. 10

40-44

D. Minor:
A minor in chemistry is required for Option I:
*General Chemistry (CH 111, 111L, 112, 112L) .............. 8
Organic Chemistry (CH 311, 311L, 312, 312L) ............. 10
Elective from among Chemistry 321, 321LW, 322, 322LW,
341, 341L ..................................................... 4-5

14-23

A minor or second major in some field is required for Option II.
A minor or second major in chemistry, earth science, geography,
geology, mathematics/computer science, physics, or
psychology is recommended ................................. 18-26
A minor is not required for Option III or Option IV.

E. General Elective hours, if required, to bring total to 128.

REQUIREMENTS FOR A BACHELOR OF ARTS OR BACHELOR OF
SCIENCE DEGREE WITH A MAJOR IN MARINE BIOLOGY

Course Credit
A. General Education Component .................................. 41
For general education requirements and additional requirements for
UNA students, refer to Academic Procedures and Requirements.

Marine biology majors must complete:
Area III:  Biology 111 and 112 .................................. (8)
          Mathematics 112 or 115 or 125 ..................... (3-4)

*These courses are required in the major or minor if not completed as a part of the General
Education Component.
**Biology**

### Area V: Additional Requirements

DEPARTMENT OF CHEMISTRY AND INDUSTRIAL HYGIENE

Chair:  Dr. Brentley S. Olive, 203A Floyd Hall, 765-4622
Faculty: Dr. Diaz, Dr. Figueroa, Dr. Gren, Dr. Hofacker, Mr. Huffman,
         Dr. Moeller

The Department of Chemistry and Industrial Hygiene offers major
programs in chemistry and in industrial hygiene leading to the Bachelor of Arts
or Bachelor of Science degree, a minor program in chemistry, supporting
coursework for other major programs and preprofessional curricula,
coursework applicable to physical science requirements in the general
studies components, and the special cooperative program described
below. The department also provides the subject field for the preparation of
secondary teachers of chemistry offered through the College of Education.
Students with majors in chemistry, industrial hygiene, or chemistry as a
teaching field for education certification are required to take an exit exam-
ination for graduation.

*These courses are required in the major or minor if not completed as a part of the General
Education Component.
The professional chemistry option was approved by the American Chemical Society in 1973 and is designed especially for students who wish to prepare for industrial chemistry or for graduate study in chemistry. Requirements for the professional chemistry option include prescribed ancillary courses in computer science, mathematics and physics.

The general chemistry option is designed for students who wish to take a general major in chemistry or to satisfy preprofessional requirements for medicine, dentistry, medical technology, and similar programs. Requirements for the general chemistry option include prescribed ancillary coursework in computer science, mathematics, and physics.

The environmental chemistry option is designed to prepare students for direct entry into environmental laboratories in the private sector or government and for entry into graduate programs in environmental science. Requirements for the environmental chemistry option include prescribed ancillary courses in computer science, mathematics and physics.

The major in industrial hygiene is designed to prepare students for direct entry into positions in industry, government, and other organizations as industrial hygienists and for entry into graduate programs in industrial hygiene. Major field preparation is directed to the recognition, evaluation, and control of health hazards in the workplace from biological, chemical, and physical sources and combines primary study in chemistry and in industrial hygiene with supporting coursework from biology, mathematics, and physics.

The basic sequences in chemistry are Introductory Chemistry 101-101L and 102-102L or General Chemistry 111-111L and 112-112L as determined by the particular program to be followed. Students who do not have a high school preparation in chemistry must take Introductory Chemistry 101-101L as the first courses, to be followed either by Introductory Chemistry 102-102L for students whose programs require these courses or only a year of physical science, or by General Chemistry 111-111L for students whose programs call for General Chemistry 112-112L. For programs requiring General Chemistry 112-112L, students with one or more units of high school chemistry enter General Chemistry 111-111L as the first courses. Credit in Introductory Chemistry 101-101L and 102-102L may not be applied to the minimum hour requirements for major or minor programs in chemistry. Special provision is made for advanced placement in chemistry through CEEB Advanced Placement Examinations or through CLEP testing. (See Advanced Placement Examinations and CLEP)

The Cooperative Program in Chemistry. In conjunction with several area industries and governmental laboratories, the University provides a cooperative program in chemistry and industrial hygiene. The program involves teams of two students each in alternate terms of coursework at the University and paid employment with the company. The program leads to the bachelor’s degree in professional chemistry, environmental chemistry, or industrial hygiene over a period of five calendar years which includes six terms of employment and eight or nine terms of coursework. Selections are made from among interested students who have completed at least one
academic year in the professional chemistry or industrial hygiene program at this institution and whose academic standing and personal characteristics offer satisfactory potential for degree completion and productive employment. Interested students should consult the department chair for detailed information and applications.

DEPARTMENT OF COMMUNICATIONS

Chair: Dr. Gregory G. Pitts, 105 Communications Building, 765-4247
Faculty: Ms. Darnell, Mr. Flynn, Ms. Garfrerick, Ms. Hardin, Mr. Hendren, Dr. Huddleston, Dr. Martin, Dr. McMullen, Ms. Montgomery, Dr. Sanders

The department offers a major program in communication arts with individual options in broadcast journalism, entertainment media production, entertainment publicity-promotion, film and digital media production, journalism, public communication, public relations, radio-television-film and theatre. This major program may lead to the Bachelor of Arts or the Bachelor of Science degree. The department offers minor fields in broadcast journalism, journalism, public communication, public relations, radio-television-film, and theatre as well as basic coursework required in the general education component in all degree programs.

All degree options in the Department of Communications provide students with skills to pursue careers in the option areas. The areas of study are also well suited for students wishing to pursue additional post-graduate study.

The broadcast journalism option combines theory and news gathering skills with electronic media production for broadcast media.

The entertainment media production option is designed for students who desire careers in audio, video or multi-media production that are based in the entertainment industry.

The entertainment publicity-promotion option allows students who desire careers in the entertainment industry to focus their studies on publicity, public relations or media promotions.

The film and digital media production option allows students to engage in artistic growth while developing professional film and digital production qualifications.

The journalism option provides theory, news gathering skills and news preparation for print and online media.

The public communication option emphasizes the applied and theoretical aspects of human communication as a social science.

The public relations option provides preprofessional training for careers in information services or further study in applied communications.

The radio-television-film option provides students with theoretical and production skills necessary for careers in broadcasting and cable.

The theatre option is designed for students who wish to pursue a professional career in acting or theatre operations or for those who seek advanced study.

Students are assisted in their career entry with Portfolio Preparation (COM/TH 420); topics include job hunting, resume preparation, and preparation of a portfolio of student work. This class will include the university required exit examination.

Communication majors participate in journalism, public relations, film and media production, theatrical productions, and radio or television activities through course credit or extracurricular activities.
REQUIREMENTS FOR A BACHELOR OF ARTS OR BACHELOR OF SCIENCE DEGREE WITH A MAJOR IN COMMUNICATION ARTS

Course Credit

A. General Education Component ........................................... 41
For general education requirements and additional requirements for UNA students, refer to Academic Procedures and Requirements.

Area V: Additional Requirements ........................................... 23

Students selecting **Option I: Broadcast Journalism** should take:
COM 120, COM 200, COM 201, COM 220, COM 241, COM 242
Either CIS 125, CS 110, or CS 120
4 hours from any course listed in Arts & Sciences Area V elective courses or any UNA elective courses to bring total to 23 hours.

Students selecting **Option II: Entertainment Media Production** should take:
COM 120, COM 200, COM 201, COM 240, ENT 225
Either CIS 125, CS 110, or CS 120
7 hours from any course listed in Arts & Sciences Area V elective courses or any UNA elective course to bring total to 23 hours.

Students selecting **Option III: Entertainment Publicity-Promotion** should take:
COM 120, COM 200, COM 201, COM 220, COM 230, COM 240, ENT 225
Either CIS 125, CS 110, or CS 120
1 hour from any course listed in Arts & Sciences Area V elective courses or any UNA elective course to bring total to 23 hours.

Students selecting **Option IV: Film and Digital Media Production** should take:
COM 120, COM 200, COM 201
Either CIS 125, CS 110, or CS 120
13 hours from any course listed in Arts & Sciences Area V elective courses or any UNA elective course to bring total to 23 hours.

Students selecting **Option V: Journalism** should take:
COM 120, COM 200, COM 201, COM 220
Either CIS 125, CS 110, or CS 120
10 hours from any course listed in Arts & Sciences Area V elective courses or any UNA elective course to bring total to 23 hours.

Students selecting **Option VI: Public Communication** should take:
COM 120, COM 200, COM 201, COM 210, COM 230
Either CIS 125, CS 110, or CS 120
7 hours from any course listed in Arts & Sciences Area V elective courses or any UNA elective course to bring total to 23 hours.

DEPARTMENT OF CRIMINAL JUSTICE

**Chair:** Dr. Phillip B. Bridgmon, 7 Willingham Hall, 765-5045  
**Faculty:** Dr. Carter

The Department of Criminal Justice offers the B.S. and B.A. options in criminal justice that emphasize the global context of crime and justice, as well as an emphasis on professional ethics. Criminal justice majors are required to take an exit exam in their last semester of study. Students are to come for mandatory advisement with their assigned faculty advisor at designated times during the academic year.

The criminal justice program offers coursework leading to both undergraduate and graduate degrees, and a certificate for law enforcement professionals. The undergraduate program offers coursework leading to the Bachelor of Arts or Bachelor of Science degree and is designed to serve the professional and advanced educational needs of its students. The program consists of the criminal justice curriculum, general education requirements, cognate course requirements, and general elective courses. In addition, a minor is required. Potential areas of employment include, but are not limited to, such areas as law enforcement, corrections, juvenile justice, court administration, and other law-related and human service areas within federal, state, and local government agencies, including private organizations. The program also prepares its students for graduate study leading to teaching and research at the collegiate level or to careers requiring advanced study. The graduate program offers coursework leading to the Master of Science in Criminal Justice. The certificate program offers police-related coursework leading to the Law Enforcement Academic Certificate.

REQUIREMENTS FOR A LAW ENFORCEMENT ACADEMIC CERTIFICATE
(refer to section on SPECIAL PROGRAMS AND ACTIVITIES)
DEPARTMENT OF ENGLISH

Chair: Dr. Ronald E. Smith, 113A Willingham Hall, 765-4238
Faculty: Dr. Adams, Dr. Atkinson, Dr. Brewton, Mr. Brown, Ms. Burkhead, Ms. Dodson, Mrs. Garner, Ms. Graham, Ms. Howell, Mrs. Kingsbury, Dr. Koch, Dr. Latchaw, Dr. Lott, Dr. Mauriello, Dr. Minor, Ms. Patterson, Dr. Peterson, Ms. Raney, Dr. Riser, Dr. Verrone

The Department of English offers a major program in English with options in English, Language Arts, and Professional Writing leading to the Bachelor of Arts or Bachelor of Science degree. The department also offers a master’s degree in English as well as minor programs in English and Professional Writing and basic courses required in the general education components in all degree programs.

The option in English is designed for students who wish to concentrate in this field or to continue to graduate study in English. The option in Language Arts is designed for students who wish to teach English/Language Arts in grades 6-12. A second major in education is required for teacher certification. The option in Professional Writing is designed to accommodate students who may wish to develop composition skills as preparation for future employment.

Successful completion of an exit examination is required of all students choosing the English option or the Professional Writing option.

The minor concentration in English, with its emphasis on communicative and interpretive skills, provides strong support to practically any major in the curriculum.

The regular sequence of English courses is English 111-112, First-Year Composition, and English 231-232, Literature of the World I-II, for a total of 12 credit hours. Grades in all First-Year Composition courses (EN 111, EN 112, EN 121, EN 122) are awarded as A, B, C, or NC (no credit). Students who receive a grade of NC must repeat the course consecutively until they have earned a grade of C or better. Students with a minimum score of 28 on the ACT English Subtest or a minimum of 630 on the SAT English Subtest may choose to enroll in the Honors Program in English, in which the sequence is 121-122, First-Year Composition-Honors, and 233-234, Honors Studies Literature of the World, I-II. Students completing the honors sequence may choose to enroll in 304, Honors Seminar-Literature as an elective course of study. (1) Students who receive the score of 4 or 5 on the Advanced Placement exam in English may receive credit for EN 121. (2) EN 111 students who are recommended by their EN 111 professors may enter the honors program by enrolling in EN 122. Students from categories 1 and 2 completing the honors sequence (including EN 304) with a 3.2 average or higher on the last 9 hours will be designated in commencement programs as graduating with “honors in English” and a notation will be designated on their transcripts. CLEP credit will be for EN 111-112 and will not apply toward graduating with honors in English. Students receiving a grade of NC in English 121 must return to the sequence begin-
ning with English 111. Students who receive a grade of NC in English 122 must complete the sequence by enrolling in English 112. Students who successfully complete English 122 enter the sophomore English sequence with English 233, Honors Studies Literature of the World I, and proceed to English 234, Honors Studies Literature of the World II. Students receiving a grade of F in English 233 must reenter the sequence beginning with English 231; students receiving a grade of D in English 233 may choose to complete the sequence by enrolling in English 232 or in English 234. Students receiving a grade of F in English 234 must complete the sequence by enrolling in English 232.

All students with a score of 15 or below on the ACT English Subtest or 410 or below on the SAT English Subtest are required to enroll in English 099, Basic English, as the first course in English. English 099 is a noncredit course which counts for the equivalent of three credit hours on the schedule load and for which only grades of S (Satisfactory) and U ( Unsatisfactory) are reported. A student receiving a grade of S advances to the credit sequence beginning with English 111. A student receiving a grade of U may repeat the course. After the second term in English 099 the student, no matter what the grade, must proceed to the credit sequence beginning with English 111.

Regularly scheduled personal conferences with the instructor are required of all students taking First-Year Composition; however, any students having difficulty in their written work are urged to confer with any members of the departmental faculty who are available for assistance.

Requirements for the Bachelor of Arts degree or the Bachelor of Science degree with a major in English include completion of the general education component for the Bachelor of Arts degree, the major field, an approved minor field, and remaining general electives to bring the total to 128 credit hours.

Students with major course concentrations in English and those who choose language arts as a teaching field concentration in a program in education certification are required to take a standardized exit examination in English for graduation. For students majoring in professional writing, the exit examination will consist of a portfolio evaluation.

DEPARTMENT OF ENTERTAINMENT INDUSTRY

Chair: Dr. Robert A. Garfrierick, 222 Guillot University Center, 765-4342
Faculty: Mr. Hearn, Ms. Malone

The Department of Entertainment Industry (DEI) is part of the College of Arts and Sciences, and aims to prepare students for professional careers in the increasingly diverse entertainment industry. The department is an outgrowth of the interdisciplinary Entertainment Industry Center and was formed in 2009 to address increasing diversity and serve students better.

The mission of the Department of Entertainment Industry (DEI) is to prepare students for professional careers in the entertainment industry through quality instruction, development and mentoring. A cornerstone in this mission is to give students a broad background to enter the diverse, global workplace of private industry, entrepreneurship and independent contracting. The department values hands-on learning, and developing well trained industry practitioners, in addition to broader conceptual approaches leading to professional or graduate school.

PROGRAM OBJECTIVES
To support and deliver quality coursework in entertainment industry giving students a broad background to enter the diverse workplace of private industry, entrepreneurship and independent contracting.
To prepare students to communicate effectively as an entertainment industry professional.
To prepare students for leadership in the entertainment industry and the ability to work effectively in teams.
To provide students with an understanding of law and ethics as they apply to the entertainment industry.
To develop opportunities for public service in support of the local and regional community and regional cultural heritage.

The Department of Entertainment Industry (DEI) recording studio, located in room 220 of the University Guillot Center, is a fully equipped recording studio available to all students having completed Survey of Audio Recording. The studio features the latest version of Digidesign’s ProTools and Steinberg’s Cubase, a multi-stationed MIDI lab with full sampling and editing capabilities, and analog recording gear as well as a collection of microphones and outboard gear.

The University of North Alabama entered into a partnership with Noiseblock Studios in January 2007. This partnership allows for a certain number of recording studio hours per week for students in Entertainment Industry programs. The state of the art facility, located just two blocks from campus, was recently completed and is expected to be one of the finest and most modern in the south.

Degree programs are pending Alabama Commission on Higher Education (ACHE) approval at this writing.
DEPARTMENT OF FOREIGN LANGUAGES

Chair: Dr. T. Craig Christy, 204 Wesleyan Hall, 765-4390
Faculty: Dr. Adler, Dr. Infanger, Dr. Lindley, Dr. Vance

The Department of Foreign Languages provides a major in Foreign Languages and Foreign Languages for Commerce, both of which offer concentrations in French, German, or Spanish. The department also offers a major in foreign languages, professional option, with concentrations in French, German, or Spanish. A minor is available. From 6 to 14 credit hours in the same foreign language are required in the general education component of all Bachelor of Arts degree programs. It is strongly recommended that coursework through the intermediate level be taken by all students who plan to continue their studies at the graduate level.

For the general education component, students who have successfully completed two or more years of high school French, German or Spanish may enroll in intermediate courses with instructor approval after making a sufficient score on the computerized and oral proficiency placement exams. Those who place into the intermediate level may fulfill the language requirement with six hours. Students choosing the intermediate level who desire/require credit for the introductory courses may take the CLEP examination or an official ACTFL Oral Proficiency Interview (OPI). Students with three or more years of a foreign language in high school or who have native competency may satisfy the requirement by making a sufficient score on the Level II CLEP examination or an Intermediate High rating in the ACTFL OPI to gain credit and to qualify for placement in 300 and 400 level courses.

Introductory and intermediate level courses in Foreign Languages are mainly offered in first and second semester sequences, which requires students to begin either level in the fall semester. Since advanced courses are offered only in alternate years, those planning to major or minor in Foreign Languages should begin their study as a freshman.

Students with a major concentration in Foreign Languages are required to take the exit exam for graduation.

REQUIREMENTS FOR A BACHELOR OF ARTS DEGREE
IN FOREIGN LANGUAGES

<table>
<thead>
<tr>
<th>Course</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>A. General Education Component.</td>
<td>41</td>
</tr>
</tbody>
</table>

For general education requirements and additional requirements for UNA students, refer to Academic Procedures and Requirements.

Foreign Language majors must complete:
- Area II: Art 170 (3)
- Area III: Mathematics 110 or higher (3)
- Area IV: Geography 102 (3)
  History 101 and 102 (6)
### Foreign Languages

<table>
<thead>
<tr>
<th>Course</th>

</tr>
<tr>
<td>History 101 and 102</td>
<td>(6)</td>
</tr>
<tr>
<td>Mathematics 110 or higher</td>
<td>(3)</td>
</tr>
</tbody>
</table>

To bring the total Area V hours to 23, students must select any course listed in Arts and Sciences Area V elective courses. Students who have not satisfied the Introductory and Intermediate course sequences through placement exams, CLEP, or OPI exam should do so within Area V. Students who have fulfilled the courses stipulated in Areas I-IV must take 23 hours from among courses in the Arts and Sciences list or any UNA elective course.

B. Major Core Requirements:

- Introduction to Languages (FL 100) ........................................ 3
- Cross Cultural Interaction (FL 302) ........................................ 3
- *Senior Seminar (FL 498) ...................................................... 1

Choose 14 hours from the following (up to 8 hours may be taken in a second foreign language):

- Introduction to International Studies (FL 101 or FL 101H) .......... 3
- Selected Topics in Latino History, Culture and Geography (FL 203H) . 3
- Introduction to Latin American Studies (FL 204) ......................... 3
- Culture through Cinema (FL 301) ........................................... 3
- Special Topics in International Studies (FL 490) ......................... 3
- FR/GR/SP 101/111 ..................................................................... 4
- FR/GR/SP 102/112 ..................................................................... 4
- ARB/CE/IT/JP/PT/RU/SWA/TU 101 .............................................. 4
- ARB/CE/IT/JP/PT/RU/SWA/TU 102 .............................................. 4

C. **Option I: Foreign Language**

9 hours from 300-level courses .............................................. 9
12 hours from 400-level courses ............................................ 12

A minor in a second foreign language is required for Option I.

**Option II: Foreign Language for Commerce**

9 hours from 300-level courses, including 353. ....................... 9
12 hours from 400-level courses, including 403. ....................... 12

For Option II, a minor is required in one of the following areas:

- Accounting, Business Administration, Computer Information Systems, Economics, International Studies, Management, or Marketing 18-24

*Fulfills computer literacy requirement.*
Course | Credit
---|---
Recommended Supporting Courses:  
Accounting Concepts I (AC 291)  
Business Applications of Microcomputer Software (CIS 125)  
Principles of Macroeconomics (EC 251)  
International Trade and Finance (EC/FI 463)  
International Business (MK 491)  

**Option III: Foreign Languages, Professional**  
9 hours from 300-level courses ........................................... 9  
12 hours from 400-level courses ........................................... 12  
21

For Option III, a second major is required in consultation with the department.

**D. General Elective hours, if required, to bring the total to 128.**

**MINOR IN FOREIGN LANGUAGES**  
*Courses must be chosen from a single concentration.*

**CRITICAL LANGUAGES PROGRAM**

The knowledge of foreign languages and cultures is considered critical to our national, economic and military interests. In association with the National Association of Self-Instructional Language Programs, the Department of Foreign Languages offers self-instructional/tutorial language study in the less commonly taught languages such as Arabic, Chinese, Italian, Japanese, Russian, Turkish, and other languages. The courses primarily emphasize the development of audio-lingual skills. Participants prepare independently and meet with a tutor twice each week in the late afternoon or evening. Only highly motivated students who can work independently are encouraged to enroll. The introductory courses are for four hours credit each semester. Prerequisite: previous study of a foreign language or by permission of the department chair. Special fee: $30.00.

**INTERCULTURAL EXPERIENCE (IE)**

With department approval, students participating in a study abroad or other relevant international experience may earn from one to three hours of general elective credit through independent study projects developed and evaluated by university faculty and designed to accord with the individual student’s areas of special interest and preparation. IE credit may fulfill major requirements provided that the experience abroad relates directly to the language of the specified major. IE 499 may be repeated for up to a maximum of 6 credits.

*These courses are required if not completed as a part of the General Education Component.
MINOR IN INTERNATIONAL STUDIES

The minor in International Studies is a rigorous interdisciplinary program which offers students an excellent opportunity to prepare themselves for the many and diverse challenges of our increasingly interconnected world. By complementing their major area of study with the minor in International Studies, students will gain a broad understanding of the interrelations among the countries, cultures and citizens of the world. The minor in International Studies, which brings together courses that have an international focus, is an excellent complement to traditional majors in both the humanities and in business, and provides a substantial foundation for such professional careers as international business, teaching, and government service. It is also excellent preparation for graduate study in such disciplines as business, international management, law, and the humanities.

All students pursuing the minor in International Studies are required to complete 21 semester credit hours, at least half of which must be in junior-senior level courses (numbered 300-400), as stipulated below. Of the 18 credit hours required in sections II and III, at least nine credit hours must be taken outside the student’s major.

All students pursuing the minor in International Studies must complete four college semesters, or the equivalent, in a single foreign language. Students already prepared to enter intermediate-level language courses should take the CLEP or ACTFL OPI examination to receive credit for the introductory courses. Students with three or more years of a foreign language in high school or who have native competency may satisfy the requirement, and receive credit, by making a sufficient score on the Level II CLEP examination or by receiving an Intermediate High rating on the OPI. Students considering the minor in International Studies should select the following courses to fulfill General Education requirements: GE 102, HI 102, AR 282.

MINOR IN LATIN AMERICAN STUDIES

The minor in Latin American Studies provides students a solid foundation in the histories and cultures of Latin American countries. By combining coursework from a variety of disciplines, students will gain a broad-based understanding of Latin America from the perspective of history, society, pol-
itics, language, literature, business, environment, and culture. The minor in Latin American Studies is an excellent complement to traditional majors in both the humanities and business, and provides a substantial foundation for such professional careers as international business, law, teaching, social work, nursing, criminal justice, and government service. It is also excellent preparation for graduate study in such disciplines as business, international management, law, and the humanities.

All students pursuing the minor in Latin American Studies are required to complete 18 semester credit hours. At least nine of the 18 hours must be taken outside the student’s major.

All students pursuing the minor in Latin American Studies must complete Spanish (SP) 101/111, 102/112, 201/202, or the equivalent. Students already prepared to enter SP 201 and SP 202 should take the CLEP examination to receive credit for SP 101/111 and SP 102/112.

Study abroad in a Latin American country is highly recommended.

DEPARTMENT OF GEOGRAPHY

Chair: Dr. William R. Strong, 120 Wesleyan Hall, 765-4218

Faculty: Dr. Gaston, Mr. Karigomba, Dr. Keys-Mathews, Dr. Koti, Dr. Pretes

The Department of Geography offers a major program with three options in geography leading to the Bachelor of Arts or Bachelor of Science degree, a minor program in geography, and in Geographic Information Science, a certificate in Geographic Information Systems, coursework applicable to general education components in all programs, and coursework contributory to other curricula, including the programs for the preparation of elementary and secondary teachers offered through the College of Education.
Option I: General geography is designed to serve students interested in careers in government, business, and industry as geographers and cartographers or in teaching geography or social studies in the elementary, middle, junior or high school. General geography students must complete a minor or second major in a field of their interest. This program prepares students for graduate studies within geography and education.

Option II: Geographic Information Science is designed to serve students who wish to prepare for careers in the more technical aspects of applied geography, including the fields of geographic information systems (GIS), remote sensing, computer cartography, city and/or regional planning, economic geography, resource utilization, and land use analysis. The option in Geographic Information Science also provides preparation for graduate study in geography leading to careers in applied geography or for research and teaching at the collegiate level.

Option III: Business Geography is designed to serve students who wish to combine the complementary spatial and economic perspectives of geography with the concepts and practices from business. This combination forms a conceptual foundation on which to employ geospatial analyses and technologies for solutions to business problems in the geographic context. The option in business geography provides preparation for an academic or professional career in the business environment. Potential careers include market analysis, real estate, locational analysis and decision making with government and private organizations both nationally and internationally.

The Certificate in Geographic Information Systems is designed for professionals wishing to increase job skills and geography majors wanting their skills recognized through a certificate program.

Students majoring in geography are required to take the exit examinations for graduation. All geography courses may require a field trip.

DEPARTMENT OF HISTORY AND POLITICAL SCIENCE

Chair: Dr. Christopher Maynard, 109 Willingham Hall, 765-4306
Faculty: Dr. Aguado, Dr. Bibbee, Dr. Burton, Dr. Collins, Dr. Fitzsimmons, Dr. Hart, Dr. Makowski, Dr. Nelson, Dr. Osborne, Dr. Rieff, Dr. Saeki, Dr. Schoenbachler

The Department of History and Political Science offers majors in history, political science, and social science. These programs lead to a Bachelor of Arts or a Bachelor of Science degree. Minors are offered in history and political science. The department also offers a minor in women’s studies and a joint minor in religion and philosophy. Also, in cooperation with the College of Education, the department offers the academic coursework appropriate for the preparation and certification of secondary teachers in the fields of history and social science.

The history program is designed to serve students who wish to prepare for graduate study in history, for teaching history and social studies in the high schools, for entry into professional schools such as law, library science, journalism, seminary training, and for careers in business, educational institutions, and other areas which require a broad general education.

Students with a minimum score of 28 on the ACT Reading subtest or a minimum score of 630 on the SAT Reading Comprehension subtest or with special approval from the department may choose to enroll in the honors history courses.

The political science program is designed to serve students who wish to prepare for graduate study leading toward teaching and research at the collegiate level or to careers requiring advanced study; for careers in federal, state, and local government, including municipal and private planning agencies; and for teaching social studies in the high schools. Programs in political science are also appropriate to preprofessional preparation for law.

The social science program is designed to serve students who wish to prepare for teaching social sciences in high schools as well as for careers in business, educational institutions, and other areas which require a broad general education.

Students with majors in history, political science or social science and those who choose history or social science as a teaching field for education certification are required to take exit examinations for graduation.

REQUIREMENTS FOR A BACHELOR OF ARTS OR BACHELOR OF SCIENCE DEGREE WITH A MAJOR IN HISTORY

<table>
<thead>
<tr>
<th>Course</th>
<th>Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>A. General Education Component</td>
<td>41</td>
</tr>
</tbody>
</table>

For general education requirements and additional requirements for UNA students, refer to Academic Procedures and Requirements.

Area V: Additional Requirements | 23

23 hours from among any course listed in Arts and Sciences Area V elective courses or any UNA elective course to bring total to 23 hours.
Course Credit
For the Bachelor of Arts degree the student must satisfy the following requirement: 6 hours of a required foreign language at the intermediate level. The student may elect to count up to 6 hours of foreign language at the intermediate level (201, 202) towards the 23 hours in this area.

B. Major Core Requirements:
*World Civilization (101, 102) ................................. 6
*United States History (201, 202) ............................... 6
History and Historical Research (301W) ....................... 3
History Electives (300-400 level) with at least nine hours in non-United States history ........................................... 21
Prescribed Supporting Course:
Business Applications of Microcomputer Software (CIS 125) or Introduction to Computers (CS 110) or a higher numbered Computer Information Systems or Computer Science course or Educational Technology (ED 481) ....................... 3

C. Minor:
A minor or a second major is required for this major.

D. General Elective hours, if required, to bring total to 128.

REQUIREMENTS FOR A BACHELOR OF ARTS OR BACHELOR OF SCIENCE DEGREE WITH A MAJOR IN POLITICAL SCIENCE

Course Credit
A. General Education Component .................................................. 41
For general education requirements and additional requirements for UNA students, refer to Academic Procedures and Requirements.
Political Science majors must complete:
Area IV: Political Science 241 (3)
Area V: Additional Requirements .................................................. 23
23 hours from among any course listed in Arts and Sciences Area V elective courses or any UNA elective course to bring total to 23 hours.

For the Bachelor of Arts degree the student must satisfy the following requirement: 6 hours of a required foreign language at the intermediate level. The student may elect to count up to 6 hours of foreign language at the intermediate level towards the 23 hours in this area.

B. Major Core Requirements:
*United States Government and Politics (241) ............................ 3
Introduction to Public Administration (244) ............................ 3
Political Science Research Methods (301W) ........................... 3
Comparative Government (302) ................................................. 3
World Politics (303) ............................................................. 3

*These courses are required in the major if not completed as a part of the General Education Component.

three hours in religion and three hours in philosophy ........... 9

Total  .................................. 24

*Required if not taken in Area III, IV, or V.
DEPARTMENT OF MATHEMATICS AND COMPUTER SCIENCE

**Chair:** Dr. H. David Muse, 101 Mathematics Building, 765-4286

**Faculty:** Dr. Bowie, Dr. Brackin, Dr. Briley, Mr. Center, Mr. Cope, Ms. Driskell, Dr. Henderson, Mr. Jackson, Dr. Jenkins, Mr. Jerkins, Ms. Laubenthal, Ms. Motlow, Ms. Prude, Dr. Robinson, Dr. Roden, Mr. Shull, Dr. Stenger

The Department of Mathematics and Computer Science offers major programs in mathematics and in computer science leading to the Bachelor of Arts or Bachelor of Science degree, minor programs in mathematics and in computer science, and provides coursework in mathematics and computer science applicable to degree and preprofessional programs in other departments and to partial satisfaction of the general education component requirement in all programs. In cooperation with the College of Education, the department provides additional coursework for mathematics majors who are pursuing certification to teach secondary mathematics. Departmental faculty members serve as advisers for pre-engineering students.

Mathematics majors should obtain departmental advice on planning their sequence of mathematics courses. Students who major in mathematics are required to include computer science in their program of study. All students who major in mathematics or who major in education with mathematics as a teaching field must take an exit examination in mathematics.

The major in computer science requires several supporting courses in mathematics. The student may wish to extend these courses to a minor or a second major. Because of applications in science and business, students are also encouraged to broaden their background in one of these fields. All students who major in computer science must take an exit examination in computer science.

The minor in mathematics must include at least 12 hours of courses numbered 200 or above.

High school graduates are strongly advised to present a minimum of three and one-half units of high school mathematics, including two in algebra, one in geometry, and one-half in advanced secondary mathematics.

The appropriate beginning course in mathematics is determined by advisory placement based on ACT (or SAT) test scores, high school preparation, and the particular program selected. Students with a Mathematics ACT score of 28 (SAT 690) or above and high school credit in Algebra I, Algebra II, Geometry, and Trigonometry may begin with Calculus I (125). Students whose chosen program of study requires calculus and who have a Mathematics ACT score of 22 (SAT 570) or above and high school credit in Algebra I, Algebra II, and Geometry may begin with Pre-calculus Algebra and Trigonometry (115), Pre-calculus Trigonometry (113), or Pre-calculus Algebra (112). Students in programs not requiring calculus and who have a Mathematics ACT score of 22 (SAT 570) or above and high school credit in Algebra I, Algebra II, and Geometry may also begin with Finite
Mathematics (110). Students with a Mathematics ACT score of 16-21 (SAT 410-560) and at least one unit of high school algebra should begin with Intermediate Algebra (100) or Mathematics for Liberal Arts (105).

All students with scores of 15 or below on the ACT Mathematics Subtest (SAT 400 or below) are required to enroll in Mathematics 099, Beginning Algebra, as their first course in mathematics. Mathematics 099 is a non-credit course in elementary algebra and counts as the equivalent of three semester hours in load determination and toward the minimum load required for eligibility for financial aid, athletics, and veterans’ benefits. A grade of Satisfactory in Mathematics 099 is prerequisite to enrollment in other mathematics courses. This course may also serve as a refresher or beginning course in mathematics for other students. Students may be exempted only by approval of the Department of Mathematics and Computer Science.

*These courses are required if not completed as a part of the General Education Component.*
DEPARTMENT OF MILITARY SCIENCE

Chair: Lieutenant Colonel Wayne P. Bergeron, 136 Wesleyan Annex, 765-4271  
Faculty: Colonel Atencio, Major Smith

The Department of Military Science offers a program of leadership study in the U. S. Army Senior ROTC Program through which students may earn a commission as a second lieutenant in the United States Army, the Army National Guard, or the Army Reserve upon graduation. The program consists of a two-year Basic Course Program and a two-year Advanced Course Program. Credit for the Basic Course Program may be accomplished by completion of the four-week Leader’s Training Course (LTC) prior to enrollment in the Advanced Course Program. Students with prior military training who wish to enroll in the Advanced Course may have part or all of the Basic Course requirements waived by the professor of military science. Nursing students who have not completed the Basic Course Program may enter the Advanced Program via the Alternate Entry Option. Advanced Course students must complete university requirements and United States Military History (HI 474) prior to commissioning.

The department provides the basic ROTC coursework for a minor in military science and up to four hours of elective credit in Area V requirements in the general education component. Enrollment in the Basic Course Program does not commit the student to continue in the Advanced ROTC program or incur a military obligation. Students selected for the advanced course learn leadership and decision-making skills. They may elect to pursue a minor in military science in satisfaction of requirements for a minor field in regular degree (non-teaching) programs. Up to four credit hours of the Basic Course requirements for the minor (MS 111, 112, 211, 212) may be granted by virtue of prior military training or completion of the Leader’s Training Course (a summer internship).

In appropriate circumstances and subject to the approval of the chair of the department, students may be permitted to compress the courses MS I and II through concurrent enrollment. The compression of leadership laboratories through concurrent enrollment will be supplemented by additional instruction.

QUALIFICATIONS FOR ADVANCED COURSE

The requirements for entrance to the advanced course are as follows:
1. Be a citizen of the United States.
2. Successfully pass the prescribed physical examination.
3. Successfully complete such survey and general screening tests as may be presented.
4. Be able to qualify for a commission prior to the age of 30.
5. Have at least two academic years to complete for graduation.
6. Be approved by the Professor of Military Science.
7. Execute a written agreement with the government to complete the
two-year advanced course training and to attend Leader Develop-
ment and Assessment Course internship (LDAC) preferably at
the end of the first year of the advanced course, and to accept a reserve
commission if tendered.
8. Have completed two years basic ROTC training, Leader’s Training
Course internship, or have prior military service.
9. Have and maintain a minimum GPA of 2.0 (based on a 4.0 scale).
10. Have junior academic standing (64 hours). Graduate students, or stu-
dents seeking additional degrees, may also qualify.

PAYMENT AND ALLOWANCES
Advanced course students receive a monthly allowance of not less than
$450 from ROTC.

When attending the Leader Development and Assessment Course
(LDAC) or Leader’s Training Course (LTC), the student is paid at the same
rate as a United States Military Academy cadet and receives transportation
reimbursement. Uniforms, housing, and food are furnished by the govern-
ment during the summer internship period.

SIMULTANEOUS MEMBERSHIP PROGRAM
The Simultaneous Membership Program (SMP) allows qualified stu-
dents the opportunity to participate in the ROTC Advanced Program and
the Army National Guard or Army Reserve simultaneously. SMP partici-
pants receive a monthly stipend from ROTC, Sergeant (E-5) pay for attend-
ing monthly Guard or Reserve training assemblies, and GI Bill benefits
upon completion of eligibility requirements.

ROTC SCHOLARSHIP
ROTC scholarships are awarded under the provisions of Public Law 88-
647. These scholarships provide for books, tuition and laboratory fees, and
payment of a monthly stipend allowance, not to exceed 10 months per year,
or 40 months for four-year scholarships. Subsistence allowance is not paid
during the time cadets are attending summer camp. Scholarships are for a
minimum of two years and a maximum of four years. Applications for four-
year scholarships must be forwarded to Headquarters, U. S. Army Cadet
Command, Fort Monroe, Virginia 23651. It is recommended that applica-
tions be submitted by January 31 of the year in which the student is to grad-
uate from high school. Applications for two- and three-year scholarships
must be filed with the professor of military science during the student’s first
or second year in college. For complete scholarship information contact the
Enrollment Officer at 256-765-4458 or visit http://www.goarmy.com/rotc/.
DISTINGUISHED MILITARY STUDENTS AND
DISTINGUISHED MILITARY GRADUATES

The Professor of Military Science may designate as distinguished military students persons who
1. possess outstanding qualities of military leadership, high moral character, and definite aptitude for military service;
2. have attained a military science standing in the upper third of their ROTC class;
3. have attained an overall academic standing in the upper half of their university class;
4. have demonstrated initiative and leadership capacities through participation and achievements in campus and civic activities.

The Army may designate as distinguished military graduates persons who
1. are distinguished military students;
2. have completed the advanced course, senior division, ROTC;
3. have been graduated from college with a baccalaureate degree; and
4. have maintained to the date of graduation from college the high standards required for designation as distinguished military students.

UNIFORMS

Designated ROTC students obtain the prescribed uniform from the Department of Military Science. The uniform is the property of the United States Government and is lent to the student for wear at such times as the Professor of Military Science may direct. It must be returned to the department when called for or when the student withdraws from or completes the course in which enrolled.

*Up to four credit hours may be granted for prior military training or completion of Leader’s Training Course.
DEPARTMENT OF MUSIC AND THEATRE

Chair: Dr. David M. McCullough, 142 Music Building, 765-4375
Faculty: Dr. Cai, Dr. Elsey, Mr. Flowers, Mr. James, Mr. E. Jones, Dr. L. Jones, Dr. Loeppky, Dr. Moore, Mr. Moyer, Dr. Ruebhausen, Mr. Weimann

The University of North Alabama is an accredited institutional member of the National Association of Schools of Music.

The Department of Music and Theatre offers options in commercial music, performance, vocal/choral music, and instrumental music leading to the Bachelor of Arts or the Bachelor of Science degree with a major in music. The department also offers a minor in music and coursework which is applicable to the general education component in all programs. The department also provides the subject fields for preparation of P-12 teachers of music offered through the College of Education.

For information on the degree program leading to a major in Theatre, please refer to the Department of Communications.

Programs in the Department of Music and Theatre are designed
1. for students who wish to pursue personal or professional interests in their applied areas or to help them prepare for advanced study in graduate school. (Bachelor of Arts in Music and Bachelor of Science in Music degree)
2. for students who desire to enter the teaching profession through preparation in their chosen area of specialization—vocal/choral music P-12 or instrumental music P-12. (Bachelor of Arts in Music and Bachelor of Science in Music degree)
3. for students who wish to pursue a career in the music industry. The option in commercial music is designed to permit students to specialize in coursework with direct application to the music industry and recording technology. (Bachelor of Arts in Music and Bachelor of Science in Music degree)
4. for the general student through offerings in fundamental music courses, performing ensembles, and applied music.
5. to provide a minor field of concentration in the College of Arts and Sciences. The minor in music, in addition to specific course requirements, also requires demonstration of reasonable proficiency in music performance, reasonable competence in musical understanding, and ensemble participation. (Music programs should be planned in consultation with the chair of the department.)

*All students majoring or minoring in music must take a live performance audition and a theory and aural skills placement examination prior to their acceptance into the music program.

*This includes transfer students.
All applied music courses are numbered from the 100- to the 400-level with each successive level representing a higher level of competency. Syllabi are on file for each level of competency. Each applied level is a prerequisite for the next level.

Students with an option in commercial music, a minor in music, and other majors may take a one-credit-hour lesson each semester unless they have obtained prior approval from their applied instructor to take additional hours. Performance (Option II), Vocal/Choral (Option III) and Instrumental (Option IV) majors are expected to take a two-credit-hour lesson each semester until they have completed the requirements for Senior Recital (MU 419).

Performance (Option II), Vocal/Choral (Option III) and Instrumental (Option IV) majors are required to participate in a major performing ensemble (University Band, Collegiate Singers, University Chorale, Shoals Symphony at UNA) in the student’s area of specialization each semester of enrollment at the University as full-time students. Students are not required to participate during the term in which they are enrolled in student teaching.

All music majors are required to take a sophomore examination which includes proficiency in performance on the student’s major applied instrument or voice. To satisfy this requirement, students must:

1. have completed or be currently enrolled in their seventh credit hour of applied music; and
2. be currently enrolled in the 200–level applied music course and, with the approval of their instructors, perform in their major applied music areas before the appropriate designated panel of music faculty.

The faculty will advise the student at that time concerning continuation in the music program.

Performance (Option II), Vocal/Choral (Option III) and Instrumental (Option IV) majors are required to give a senior year demonstration of proficiency in the student’s chosen area or areas of music performance by one of the following means: an individual public recital or a joint public recital with another student. Students must be enrolled in applied music during the semester of their senior recitals. Music education majors must complete their MU 419 recital and piano proficiency requirements prior to their student internship.*

Special fees are charged for work in applied music (individual instruction). For organ, piano, voice, and orchestral or band instruments, the fee is $60.00 per credit hour which provides for one half-hour lesson per week in a semester and one one-hour lesson per week in a summer term. Where such instruction may be approved for groups of four the fee is $30.00 per credit hour. No special fees are charged for recordings, materials, or for using university-owned instruments in the university band. Some special financial aids are available for eligible students who play in the university band or serve as accompanists (see “Expenses” and “Student Financial Services”). Financial Aid may also be available for students in chorus, piano, strings and voice.

*Performance and music education majors are required to have a pre-recital review.
REQUIREMENTS FOR A BACHELOR OF ARTS OR BACHELOR OF SCIENCE DEGREE WITH A MAJOR IN MUSIC

DEPARTMENT OF PHYSICS AND EARTH SCIENCE

Chair: Dr. Brenda H. Webb, 207 Floyd Hall, 765-4334
Faculty: Dr. Blake, Dr. Dolmatov, Mrs. Driskell, Dr. Puckett, Dr. Statom, Dr. Thompson

The Department of Physics and Earth Science offers a major program in physics. This program leads to the Bachelor of Arts or the Bachelor of Science degree. The physics program has three options, Professional Physics, General Physics, and General Science. The department offers minor programs in physics and geology, supporting coursework for other major and preprofessional programs, and coursework applicable to the physical science requirements in the general education component in all programs. The department also provides the subject field preparation in physics and in areas of general science for secondary school teachers.

The Professional Physics option of the physics major is designed especially for students who anticipate pursuing further studies in physics beyond the bachelor’s degree. It is a rigorous program that aims at preparing the student to meet the challenges of graduate studies in physics.
The General Physics option of the physics major is designed for students who anticipate seeking employment after receiving the bachelor's degree or who intend to pursue graduate studies in a field other than physics. This option provides a more flexible program, which may be tailored to better suit the particular needs and goals of individual students.

The General Science option of the Physics major is primarily designed for students who wish to teach science at the secondary level. The curriculum provides the student with courses in physics, geology, biology, and chemistry, and prepares the graduate who completes all teacher certification requirements to teach courses from each field at the secondary level.

In selecting electives in the physics major, the student should consult with the chair of the department for advisement. The required Directed Research project (PH 495) will be chosen so as to complement the student's program and goals.

Students with a major concentration in professional physics or general physics, and those who choose physics as a teaching field for education certification, are required to take exit examinations for graduation.

DEPARTMENT OF PSYCHOLOGY

Chair: Dr. Charles E. Joubert, 209 Wesleyan Hall, 765-4390  
Faculty: Dr. Bates, Dr. Carrasco, Dr. Hudiburg

The Department of Psychology offers a major program in psychology leading to the Bachelor of Arts or Bachelor of Science degree; a minor program in psychology; service coursework for the program for the preparation of secondary teachers offered through the College of Education; coursework applicable to general education component requirements in all university programs; and a variety of courses required or recommended in other programs.

*Fulfills computer literacy requirement.  
**One course with a "W" designation (such as ES 455W, PH 356W, or CH 322 and 322LW) must be chosen in order to fulfill the university's writing requirement.
Programs in the department are designed to serve students who wish to prepare for graduate study in psychology and in related fields calling for supporting concentrations or courses in psychology.

For majors, a modern foreign language through the intermediate level and additional coursework in biology, chemistry, computer science, mathematics, and physics are strongly recommended. Prospective majors should consult with the chair of the department in the selection of advanced psychology electives.

Students with majors in psychology are required to take exit examinations for graduation.

DEPARTMENT OF SOCIAL WORK

**Chair:** Dr. Joy Borah, 543 Stevens Hall, 765-4391  
**Faculty:** Ms. Coleman-Reed, Mrs. Crisler, Mrs. Winston

The Department of Social Work is nationally accredited by the Council on Social Work Education and offers the Bachelor of Social Work (B.S.W.) degree. Social work is a challenging and enriching profession that is committed to the advancement of social and economic justice and human well-being.

Graduates are eligible to apply for advanced standing when seeking admission to graduate schools of social work. The B.S.W. graduate qualifies for immediate application to become a licensed professional social worker. The B.S.W. degree equips students to begin professional social work practice in public and private social service agencies at the local, state, and federal levels which provide a variety of services to diverse populations. Potential areas of employment include family and children's services, mental health, juvenile court programs, school-based social work, aging programs, healthcare/hospice settings, case management services, rehabilitation services, legal services, corrections, group work, social planning and administration, social research, community development and organization, as well as other emerging opportunities in social work.

The department offers coursework primarily in the classroom with some courses available online. Opportunities for hands-on experience in community service learning settings are provided throughout the curriculum. A supervised field internship in a professional local, state or regional social services agency is required. The official Social Work Student Handbook contains the departmental academic guidelines to acquire the B.S.W. degree. No minor is required for this program. Required General Education courses in Areas I - IV should be completed prior to enrolling in SW 305 and/or SW 315. All social work courses must be satisfactorily completed (must earn a C or better) in the appropriate sequence before advancing to the next sequence of required major courses. An exit exam is required for graduation. More information on the B.S.W. Program is available at http://www.una.edu/socialwork.

**DEPARTMENT OF SOCIOLOGY**

**Chair:** Dr. Craig T. Robertson, 558 Stevens Hall, 765-4200  
**Faculty:** Dr. Bullard, Dr. A. Takeuchi, Dr. M. Takeuchi

The Department of Sociology offers an academic major leading to a Bachelor of Arts or Bachelor of Science degree. The department offers concentrations in Gerontological and Criminological studies, a Certificate in Gerontology, minor programs in sociology and family studies, and coursework applicable to the General Education Component.

The Department of Sociology aims to prepare students for the many occupations in government, the justice system, health care, personnel management and human services for which preparation in sociology, criminology, family studies, and gerontology are appropriate; or for advanced study in graduate and professional schools leading to teaching and research posi-
tions. The gerontology concentration and interdisciplinary certificate program are designed to provide a broad base of knowledge and skills to advance the careers of those who work with our growing elderly population. Students should consult the department chair concerning personal educational objectives, programs, career objectives and options for online/distance learning education. Information about sociology, this department and on-line/distance learning education are available at www.una.edu/sociology.

Sociology majors must pursue at least one academic minor. The following minors are recommended: criminal justice, foreign languages, geography, geographic information science, international studies, management, marketing, political science, psychology and public relations. Exit examinations are required of all sociology majors.

REQUIREMENTS FOR THE CERTIFICATE IN GERONTOLOGY
(refer to section on SPECIAL PROGRAMS AND ACTIVITIES)

PHILOSOPHY AND RELIGION

Scholarly coursework in philosophy and religion are offered each semester for students wishing to become acquainted with the beliefs, questions, and methods of one or more philosophical or religious traditions.

A minor program in religion and philosophy is offered by the Department of History and Political Science.
PREPROFESSIONAL PROGRAMS

The University offers extended opportunities for students to prepare for professions requiring the added specialized preparation of the professional school. Admission to the professional school for some fields requires or gives preference to applicants who already have earned the bachelor's degree; for other fields the University can provide from one to three years of the preparation required for admission or transfer to the professional school. In select programs students may earn the bachelor's degree from this University on three years' preprofessional work and satisfactory completion of the first year of professional school. Students should recognize that admission to professional schools is based on qualitative standards as well as curricular requirements and remains the prerogative of the particular school.

Students interested in preprofessional programs should seek detailed information, recommended courses of study, and continued program guidance from the advisory sources indicated in the following descriptions:

Agriculture and Forestry. Students interested in such fields as agricultural education, animal or poultry husbandry, dairying, farm management, horticulture, forestry, and related fields may obtain from one to two years of the basic coursework at this University before transferring to the school offering a degree program in the field. Interested students should contact the Office of the Dean of the College of Arts and Sciences.

Architecture. Students interested in studying architecture may obtain up to two years of basic coursework at the University before transferring to a school offering a degree program in architecture. Architecture is a profession combining both rational and intuitive thinking skills. As such, a student should exhibit abilities to understand and appreciate technical knowledge, social insight, and the discipline of artistic creativity. Interested students should contact the Office of the Dean of the College of Arts and Sciences for program information.

**Engineering.** Program requirements vary among the professional schools of engineering and among the fields of engineering. At this University students may complete from one to two years of the pre-engineering coursework common to most professional schools.

Certain courses are common to most, particularly in the first year's work. Through the program outlined below students may complete from one to two years of pre-engineering coursework at the University of North Alabama before transferring to the professional school. The choice of professional school and particular field of engineering will determine the appropriate options in the program and the most appropriate time for transfer. Consequently, students should seek continuing advisement prior to registration each term. Students not qualified for the appropriate beginning level in mathematics must expect to spend more time in satisfying basic requirements.

The University of Alabama Cooperative Education Office offers assistance to prospective transfer students in engineering while at this University. This assistance is in the form of work placement, program guidance, and continuity in transferring between universities in the student's cooperative work/study arrangement. Students should contact the Office of the Dean of the College of Arts and Sciences for program information.

*Students not eligible for Mathematics 125 follow the appropriate sequences beginning with Mathematics 112 and/or 113 or 115.

**To be chosen from EC 251, EN 232, GE 102, PS 241, PY 201, SO 221.

***Students not eligible for Computer Science 155 should take Computer Science 110 or 120.
**Health and Allied Health Professions.** The University provides a special Health Professions Advisory Committee to oversee and to advise students interested in programs in these fields. For advisors in specific areas, see the Dean of the College of Arts and Sciences.

1. **Medicine, Dentistry, Optometry, and Podiatry.** Most professional schools in these fields require a bachelor’s degree for admission, and even schools permitting early admission give preference to applicants with four years of preparatory college work. The common general requirements for admission to schools in each field are listed below. However, the requirements may vary somewhat depending upon the specific school. Suitable major areas include the social and behavior sciences, humanities, and biological and physical sciences. In addition to the required coursework, admission to a health professions school requires high scholastic achievement and acceptable scores on the appropriate admissions test. Students interested in these fields should make early contact with the pre-health professions advisor for assistance in scheduling the appropriate coursework and admissions test and for information regarding application to the professional schools.

* Work with the advisor in selecting the appropriate math courses. Calculus is recommended by many medical schools.
2. **Physician Assistant.** Requirements for admission to a physician assistant program vary among professional schools. Both bachelor’s and master’s degree programs are available. Students interested in this field should contact the pre-health professions advisor at this University and consult the catalog of the school offering the physician assistant program. No specific major is usually required. The following courses are usually required before acceptance into a physician assistant program. These courses may be taken as part of your undergraduate degree program or in addition to it. In addition to the required coursework, admission to a physician assistant school requires high scholastic achievement and acceptable scores on the Graduate Record Exam.

3. **Pharmacy.** Students who plan to pursue a program to meet requirements for admission to a school of pharmacy can do so at this University. Although early admission after three years of prepharmacy preparation at this university is possible, applicants with a baccalaureate degree are given preference. Prepharmacy students may major in biology with a chemistry minor or major in chemistry with a biology minor. In addition to the required coursework, admission to a school of pharmacy requires high scholastic achievement and acceptable scores on the Pharmacy College Admission Test. Since each pharmacy school may require different supporting coursework, students interested in this field should make contact with the prepharmacy advisor for assistance in scheduling the appropriate coursework and for information regarding other application requirements.

**Major and minor:** Biology major, chemistry minor; or chemistry major, biology minor

4. **Veterinary Medicine.** Students who plan to pursue a program to meet requirements for admission to a school of veterinary medicine can do so at this University. Although early admission is possible, applicants with a baccalaureate degree are given preference. A major in professional biology with a chemistry minor is required. In addition to the required coursework, admission to a school of veterinary medicine requires high scholastic achievement and acceptable scores on the appropriate admission test. Students interested in this field should make contact with the preveterinary advisor for assistance in scheduling the appropriate coursework and for information regarding other application requirements.

6. **Physical Therapy.** Requirements for admission to a graduate program in physical therapy vary among professional schools. Students interested in this field should contact the pre-physical therapy advisor at this University and consult the catalog and web site of the graduate school offering the physical therapy program. No specific major is required. Students applying to graduate programs must have a bachelor’s degree from a regionally accredited college or university. The following courses are usually required before acceptance into a physical therapy graduate program. These courses may be taken as part of your undergraduate degree program or in addition to it.

7. **Occupational Therapy.** Students who plan to pursue a program to meet requirements for admission to a program of occupational therapy can do so at this University. Applicants must have a baccalaureate degree with a major in biology. In addition to the required coursework, admission to a school of occupational therapy requires high scholastic achievement and acceptable scores on the appropriate admission test. Since each occupational therapy school may require different supporting coursework, students interested in this field should make contact with the pre-occupational therapy advisor for assistance in scheduling the appropriate coursework and for information regarding other application requirements.

**Major and minor:** Biology major with a minor in a field that supports occupational therapy (psychology is recommended).

8. **Allied Health.** Students may complete the one to three years of preparatory coursework required by schools of allied health at this University. Some allied health programs give preference to applicants having a baccalaureate degree with a major in biology. In addition to required coursework, admission to a school of allied health requires high scholastic achievement and acceptable scores on the appropriate admission test. Students interested in this field should make early contact with the allied health advisor for assistance in scheduling the appropriate coursework and for information regarding other application requirements.
Law. Admission to accredited schools of law requires from three to four years of college preparatory work, with preference given to applicants with a bachelor's degree even where the degree itself is not a requirement for admission. Law schools are not specific as to preparatory coursework, but applicants will be expected to present a broad preparation, a good scholastic record, and acceptable scores on the Law School Admission Test, which should be taken nine months prior to the term for which admission is sought. For students planning to prepare for law, suggested programs include those leading to a Bachelor of Arts degree with major-minor concentrations emphasizing fields such as history, political science, or English, or those leading to a Bachelor of Business Administration degree from the College of Business. Prelaw students who may be admitted to an accredited school of law prior to graduation may qualify for a bachelor's degree from this University through satisfaction of three years of the approved undergraduate curriculum and of the freshman year of law school. For details on prelaw requirements and programs the student should consult the dean of the college.

Other Preprofessional Programs. The University's undergraduate courses of study and degree programs provide preparation for admission to professional or graduate schools for a number of other professional and vocational fields, including those in theology, religious education, library science, music, and others. For additional information and recommended courses of study, the student should contact the Office of the Dean of the College of Arts and Sciences.
SPECIAL PROGRAMS AND ACTIVITIES

Certificate in Geographic Information Systems. The Department of Geography offers a Certificate in Geographic Information Systems designed for professionals wishing to increase their job skills, geography majors wishing to have their skills recognized through a certification program, and students from other disciplines interested in broadening their knowledge of the use of Geographic Information Systems. Courses focus on the application of GIS technology to a variety of fields including biology, forestry, geology, city and regional planning, transportation planning, marketing and software development within the GIS industry. The courses are offered on weekends and during interim periods. Admission requires current enrollment at UNA, a 4 year university degree, or 5 years experience in a related field and consultation with the director of the program. Regular students may apply to the department chair and seek the certificate by substituting GE 225 and GE 325 for GE 226 and GE 326. The program is offered in conjunction with the Office of Continuing Education.

Certificate in Gerontology. The Department of Sociology offers a Certificate in Gerontology. This certificate is offered to both degree seeking students as well as community persons seeking professional/personal advancement. Non-degree seeking students will be admitted to the University via established admission guidelines. The certificate is designed to provide a broad base of knowledge related to the social, psychological and physiological aspects of aging. The certificate is comprised of 21 hours of coursework and 3 hours of field practice. The program is offered in conjunction with the Office of Continuing Education and the College of Nursing and Allied Health.

* Nine hours of prerequisite work are required (EN 111/112 and a general biology course) prior to the student entering any upper-level course for certificate credit.
Law Enforcement Academic Certificate. The Department of Criminal Justice offers a Law Enforcement Academic Certificate for practicing professionals in the criminal justice system. The certificate serves to enhance professional skills and maximize promotional opportunities while also satisfying state-mandated training requirements. The certificate is comprised of six advanced courses designed to broaden knowledge of the organizational, investigative and legal components of law enforcement work (all credits count toward the requirements for a degree in criminal justice at UNA). One night course is offered each fall and spring semester at an off-campus site selected for professional convenience. Persons enrolled in certificate courses must be employed by a criminal justice agency, possess a high school diploma or GED, and be admitted to the University.

Center for Critical Languages Research and Acquisition. Through the services of the National Association of Self-Instructional Language Programs, the Department of Foreign Languages offers foundation courses in languages other than French, German and Spanish. The Center provides a location for the listening and recording activities as well as the production and storing of materials and equipment needed for self-instructional courses.

Entertainment Industry Center. The Entertainment Industry Center (EIC) prepares students for professional careers in the entertainment industry. The EIC is part of the College of Arts and Sciences. The center is a service learning center for the nationally accredited Department of Music, the Department of Communications and Theatre, and the Department of Management and Marketing (within the College of Business). The EIC coordinates all the degrees and houses the student recording studio and MIDI lab.

Geographic Research Center. The Center, a research, teaching and public service unit of the Department of Geography, has a three-fold purpose. It enhances the instructional programs of the University, creates research opportunities for students and faculty, and extends benefits of the technology and research to potential users.

*CJ 250—Introduction to Criminal Justice is a prerequisite to all certificate courses. Professionals who submit evidence of the completion of a state-certified police academy may gain credit for this course by passing a challenge examination.
Herbarium and Plant Resources Research Laboratory. The focus of the Laboratory is to maintain in the Department of Biology a complete plant collection for use by students and faculty as an instructional and research resource. It also serves as a historical record of the plant species that occur in northwestern Alabama, northeastern Mississippi and southcentral Tennessee. The Laboratory functions in the identification and/or verification of unknown plant material, promotes public awareness of rare and/or endangered species, and conducts environmental impact studies and floristic surveys. In addition, continuing education courses and workshops in plant studies may be offered to the public.

Occupational and Environmental Health Laboratory. The Laboratory offers unparalleled opportunities for student participation in actual industrial hygiene case studies and other relevant health and environmental studies. Opportunities exist for faculty and students to participate in cooperative education programs with federal agencies and local industries as a public service of the Department of Chemistry and Industrial Hygiene.
The College of Business contains the following departments:
Department of Accounting and Business Law
Department of Computer Information Systems
Department of Economics and Finance
Department of Management and Marketing

Through its departments the College of Business offers the Bachelor of Business Administration degree with majors in several areas; minor programs; coursework applicable to general studies components in all university degree programs; curricula for the preparation of secondary teachers of business and marketing subjects in degree programs offered through the College of Education; and courses suitable for general electives or for personal and vocational interests. The College of Business also offers a Master of Business Administration (MBA) degree with several concentrations available. The College of Business is accredited by the Association of Collegiate Business Schools and Programs (ACBSP). In addition, the Computer Information Systems program is accredited by the Computing Accreditation Commission (CAC) of ABET.

The programs, courses, and functions of the College of Business are designed to serve students who wish to prepare for positions in the business, commercial, financial, and industrial fields, and in governmental agencies at the national, state, and local levels; for graduate study leading to professional positions in these areas and in teaching and research; for preparation for admission to professional schools of law; and for the development of knowledge, skills, and understanding for application in the business world and in society at large. The major program in accounting also includes coursework appropriate to the criteria and examinations leading to qualification as a Certified Public Accountant and a Certified Management Accountant. Anyone wishing to sit for the CPA Examination in Alabama must have completed at least 150 semester hours including a bachelor’s degree. The “MBA with an Accounting Concentration” offered through our graduate program will satisfy those requirements.

In its curricula the College of Business provides special opportunities for credit through supervised field experiences. A number of courses are also offered online and in the evening hours for convenience.

Degree Programs

The College of Business offers the Bachelor of Business Administration degree with major options in
Accounting
Computer Information Systems (enterprise information systems, end-user computing systems)
Economics
Finance (professional, banking and financial services)  
Management (human resource, professional, entertainment industry management, hospitality management)  
Marketing

A Master of Business Administration degree program (several concentrations available)

**Minor Fields**

The College of Business provides minor programs in accounting, business administration, computer information systems, economics, entrepreneurship, management, marketing, quantitative methods, and real estate and insurance. Students pursuing majors in business disciplines are not required to have a minor, but they may declare minors offered by the College of Business (except the Business Administration minor) or by other colleges. Minors offered by the College of Business may be applied for minor field requirements in programs offered in other colleges of the University.

**Admission and Retention in the College of Business**

1. Admission to the University.
   a. Admission to the University does not assure admission to major programs in the College of Business. Formal application for admission to the College of Business should be made upon completion of 45 semester hours (students will declare a business major when applying for admission to the University and will be classified as “pre-BBA” prior to being admitted into the College of Business). Also required for admission is a **2.00** grade point average on all work attempted.
   b. Students who are not admitted into the College of Business cannot enroll in junior/senior level business courses (an exception will be made for students declaring a business minor while completing a major other than business, if they have completed 45 semester hours and have met course prerequisites).
   c. Students must have completed or be currently enrolled in each of the following (or equivalent) before COB admission is granted: AC 291, 292; BL 240; CIS 125; COM 201 or 210; EC 251, 252; EN 111, 112, 231, 232; history (3 hours); MA 112; QM 291; and science (4 hours).
   d. Students must complete all remaining general studies courses and sophomore level business course requirements within the first 30 hours following admission into their business major (i.e., another science [4 hours]; second history course to complete sequence; QM 292, 295; and an elective from Humanities/Fine Arts [see Area II for choices]). Failure to complete these courses during the first 30 hours of admission into the business major program will result in **suspension** from the College of Business until all required general studies and sophomore level business courses are successfully completed.

2. Applications for College of Business admission may be submitted online from the COB website (business.una.edu) and should be completed after the student has completed or is currently enrolled in the specified
45 semester hours listed in section 1.c. Online applications must be submitted to the COB Student Services Office NO LATER than 30 days prior to the planned registration for the junior year of business studies.

For general education requirements for Areas I and II and additional requirements for UNA students, refer to *Academic Procedures and Requirements*. Business majors have the following options:

Business majors must complete:

**Area II.** Humanities and Fine Arts
- COM 201 or COM 210 (3)

**Area III.** Natural Sciences and Mathematics
- 3 semester hours selected from the following:
  - Mathematics 112 (3) Mathematics 126 (4)
  - Mathematics 113 (3) Mathematics 227 (4)
  - Mathematics 115 (4) Mathematics 237 (3)
  - Mathematics 125 (4) Mathematics 238 (3)

- 8 semester hours selected from the following:
  - Biology 101 (4) Earth Science 121 (4)
  - Biology 102 (4) Earth Science 121L (0)
  - Biology 111 (4) Earth Science 131 (4)
  - Biology 112 (4) Earth Science 132 (4)
  - Chemistry 101 (3) Geography 111 (4)
  - Chemistry 101L (1) Geography 112 (4)
  - Chemistry 102 (3) Physics 101 (4)
  - Chemistry 102L (1) Physics 121 (4)
  - Chemistry 111 (3) Physics 125 (4)
  - Chemistry 111L (1) Physics 241 (4)
  - Chemistry 112 (3) Physics 242 (4)
  - Chemistry 112L (1) Physics 251 (5)
  - Physics 252 (5)

**Area IV.** History, Social and Behavioral Sciences
- Economics 251-252 (6)
- History 101-102 (6) or History 201-202 (6)

**Area V.** Additional Requirements
- Accounting 291-292 (6)
- Business Law 240 (3)
- Computer Information Systems 125 (3)
- Quantitative Methods 291-292 (6)
- Quantitative Methods 295 or Mathematics 121 (3)
- *Non-business General Education Elective (2)*

SPECIAL PROGRAMS AND ACTIVITIES

SMALL BUSINESS DEVELOPMENT CENTER

The College of Business Small Business Development Center addresses the needs of the community. The UNA SBDC provides information, counseling and assistance to individuals planning to start a small business and to existing small businesses. In addition, the center provides the entrepreneur with education and training opportunities which cover a wide range of business topics. Government contracting is yet another service the UNA SBDC provides to small businesses.
COLLEGE OF EDUCATION
Dr. Donna P. Jacobs, Dean
549 Stevens Hall
765-4252

The College of Education contains the following departments:
Department of Elementary Education
Department of Secondary Education
Department of Counselor Education
Department of Health, Physical Education, and Recreation
Department of Human Environmental Sciences

The College of Education offers undergraduate teacher education programs in the Departments of Elementary Education, Secondary Education, Human Environmental Sciences (HES), and Health, Physical Education and Recreation (HPER). Non-teacher education majors and minors are offered in the Departments of HES and HPER. In addition, the College of Education oversees the Kilby Laboratory School (child development center, kindergarten through sixth grade), the Education Research and Inservice Center (ERIC), and the Human Performance Laboratory. The undergraduate degree programs and courses of study provided through the College of Education include the following academic programs:

1. Bachelor of Science in Education degree, and qualification for recommendation for the Alabama Class B Professional Certificate in
   - K-6 Elementary Education
   - P-12 Education in Physical Education
   - 6-12 Business/Marketing Education
   - 6-12 Family and Consumer Science

2. Bachelor of Science with a dual major in P-12 Art, Secondary Education and selected subject fields, and qualification for recommendation for the Alabama Class B Professional Certificate.

3. Bachelor of Arts or Bachelor of Science degree with majors in Instrumental Music P-12 and Choral Music P-12.

4. Bachelor of Science degree (nonteaching) with majors in
   - Health, Physical Education, and Recreation (Concentrations in Exercise Science, Fitness Management, Health Promotion, Recreation and Sport Management)
   - Human Environmental Sciences (Concentrations in Merchandising, Interior Design, Foods and Nutrition, Culinary Arts, and Child Development)

5. Minor Field Programs in
   - Coaching and Officiating
   - Community Recreation
   - Exercise Science
   - Fitness Management
   - Foods and Nutrition
   - Health
   - Health Promotion
   - Human Environmental Sciences
   - Outdoor Recreation
   - Retailing and Clothing
   - Sport Management
6. Courses of study appropriate to initial qualification or reinstatement of professional certification for public school personnel.

7. The College of Education offers graduate programs at the master’s and education specialist levels. See Graduate Catalog.

All teacher certification programs are approved by the Alabama State Board of Education. The Conceptual Framework is designed to reflect current research-based knowledge and effective practices through professionalism, assessment, collaboration, technology, diversity, and reflection. The UNA College of Education prepares knowledgeable practicing professionals by “engaging learners, inspiring leaders, and transforming lives”. The programs are accredited by the National Council for Accreditation of Teacher Education (NCATE), 2010 Massachusetts Ave., NW, Suite 500, Washington D.C. 20036; phone (202)466-7496. This accreditation covers initial teacher preparation programs and advanced educator preparation programs. NCATE is recognized by the U.S. Department of Education and the Council for Higher Education Accreditation to accredit programs for the preparation of teachers and other professional school personnel. Degree requirements are subject to change in order to comply with state and/or federal guidelines. Students/candidates should consult with their academic advisor throughout their program to ensure all requirements are met.

The College of Education has the responsibility to ensure all candidates admitted to the Teacher Education Program (TEP) remain in good standing throughout the program. Teacher Education candidates may be placed on probation, suspended, or removed from TEP by the College for issues including but not limited to grade point average deficiencies, dispositions, academic dishonesty, or institutional sanctions. Teacher Education candidates must be in good standing in TEP to enroll in restricted courses including the internship.

Students pursuing non-teacher education majors in the College of Education may be placed on probation, suspended, or removed from a program by thedepartmental faculty for issues including but not limited to grade point average deficiencies, dispositions, academic dishonesty, or institutional sanctions.

Teacher Education Requirements

1. Admission to the University.
   Admission to the University does not assure admission to programs in teacher education.

2. Declaration of a Major.
   Students may select education as a major upon admission to UNA, but are not classified as teacher education candidates until they have been formally admitted to the UNA Teacher Education Program (TEP). Prior to formal admission:
   a. Students are assigned a faculty advisor in their major. Secondary and P-12 students will be assigned a faculty advisor in the College of Education and an advisor in their major/teaching field.
b. Secondary and P-12 students who are classified as second-semester sophomores may enroll in the following education courses prior to formal admission to TEP: ED 292, ED 299, ED 331 and ED 381.

c. Elementary education students may enroll in the following education courses prior to formal admission to TEP: ECE 306, ECE 309, ECE 312, ED 292, ED 299, EED 305, ES 308, and MA 306.

d. Students who have attended institutions outside the United States must have their transcripts evaluated by the World Education Services, Inc. (WES).

3. Admission to the Teacher Education Program (TEP).
To be considered a candidate in a teacher education program students must meet the following requirements and be formally admitted to the UNA Teacher Education Program:

   a. Completion of the required general education courses with a grade of “C” or better in COM 201, EN 111, and EN 112.
   b. A grade point average of 2.50 or better on all work attempted.
   c. A grade point average of 2.50 or better on all work attempted at the University of North Alabama
   d. A grade point average of 2.50 or better on all work attempted in the teaching field.
   e. A grade point average of 3.00 or better on all work attempted in the professional studies component with a grade of “C” or better in each course.
   f. A grade point average of 3.00 or better on all work combined in the teaching field and the professional studies component for elementary and early childhood teacher candidates with a grade of “C” or better in each course.
   g. Successful completion of the TEP Interview, which occurs during the semester the student is enrolled in ED 292. The interview includes assessments of oral communication, written communication, and professional dispositions.
   h. Successful completion of ED 292.
   i. A passing score on all three parts of the Basic Skills Test in the Alabama Prospective Teacher Testing Program.
   j. Successful background clearance by the ABI and FBI (fingerprinting).
   k. Submission of formal application to TEP. The deadline to apply for admission to TEP is posted each semester. A late application must be accompanied by a $50 late fee.
   l. Notification of formal admission to TEP by the Certification Officer.

4. Retention in Programs.
Candidates must maintain:
   a. The required GPA in each category (overall, teaching field(s), professional studies) to remain in TEP.
   b. ABI/FBI background clearance.
   c. Satisfactory knowledge, skills and dispositions.
d. A grade of “C” or better in all education courses with a prefix of ECE, ED, EED, and EEX and all courses in the professional studies component.

5. Admission to Internship.
   Candidates must:
   a. Maintain all requirements listed under Admission to TEP.
   b. Submit formal application no later than the posted deadline (four weeks after the first day of classes) at least one semester prior to the beginning of the expected internship. Applications filed after the posted deadlines must be accompanied by a non-refundable late fee of $50.00. Submission of a late application may delay admission to the internship and does not guarantee the candidate an internship placement for the following semester. Late applications filed eight weeks after the first day of classes will not be considered for internship placement the following semester. Submission of an application for admission to internship during the summer term will not be considered for fall semester placement. Candidates denied admission to teacher education must reapply to the Certification Office by the posted deadline to be considered for admission in a subsequent semester. Candidates who do not reapply by the posted deadline will be assessed a $50 late application fee.
   c. Complete all required coursework.
   d. Submit a passing score on each of the required Praxis II examination(s). Score report must be on file in the Certification Office, and must reflect the passing score(s) set by the Alabama State Department of Education. Candidates who have not submitted passing scores will not be placed in an internship.
   e. Submit a negative result on a current tuberculin test.
   f. Document acceptable Spanish language experience.
   g. Candidates applying for internship must meet all eligibility requirements for internship placement by the posted deadline. Candidates submitting documentation after the posted deadline will result in a delay of internship and will not be considered for internship placement for the following semester.

6. Graduation
   Teacher Education candidates must meet the following requirements prior to graduation:
   a. Have an overall GPA of 2.50 or higher on all college work attempted, on all work attempted at the University of North Alabama, on all work attempted in the teaching field(s), and a GPA of 3.0 or higher with no grade lower than a “C” in the professional studies component. For elementary and early childhood teacher candidates, a grade point average of 3.00 or Better on all work combined in the teaching field and the professional studies component with a grade of “C” or better in each course.
   b. Completion of the CAAP Examination.
c. Successful completion of an exit examination covering professional education.

d. Satisfactory completion of all coursework and the internship. Specific Internship requirements are listed below.

**Internship Requirements**

Internships for candidates seeking professional educator certification are offered in the fall and spring semesters only. Candidates are assigned to a single or dual internship placement that consists of a full-time assignment in an approved school setting or settings for a full semester. The University reserves the right to assign an intern to any school setting in the greater Shoals area. The intern must comply with all codes, policies and regulations of UNA and the assigned school(s). The intern is responsible for transportation to and from the placement(s), and may not be enrolled in other courses during the internship semester.

Undergraduate internship experiences must occur in the appropriate grade level(s) and subject(s) and are supervised by an approved certified classroom teacher who is the teacher of record for the class. Interns may not complete an internship in a classroom in a long-term substitute teacher position.

For candidates seeking certification in two or more distinct teaching fields an additional full semester of internship shall be required (e.g., mathematics and biology or elementary and Spanish). For candidates seeking certification in two or more related fields the internship may be divided between the two teaching fields during a single semester (e.g., physics and chemistry or early childhood and elementary). For elementary education, the internship shall include upper and lower elementary placements. For P-12 programs the internship shall be divided between early childhood/elementary and middle/secondary grades.

**Alabama Class B Professional Certificates**

Candidates seeking a recommendation for Alabama Class B Professional Educator certification must complete all requirements set forth by the Alabama State Board of Education (ASBE) at the time the application is submitted.

Certification regulations are established by the ASBE and are subject to change without prior notification. Candidate eligibility must be verified at the time the application is submitted. Currently, eligibility for recommendation for an Alabama Professional Educator certificate includes successful completion of a state-approved certification program, review of ABI/FBI background clearance, acceptable test score results on the Alabama Prospective Teacher Testing Program (Basic Skills Test and Praxis II), and proof of graduation from a regionally accredited institution with the required GPA and graduation date posted on the official transcript.
Candidates who hold a bachelor’s degree and are seeking initial certification or certification in a second teaching field must meet all current program requirements including an additional internship and testing requirements. All transferred coursework and UNA coursework will be reviewed to ensure compliance with institutional, state, federal and accreditation regulations. Candidates may be required to repeat coursework or provide additional evidence that all regulations are met. Only candidates who have met all current regulations will be eligible for a recommendation for a professional certificate.

Certification in Other States

Candidates who seek certification in states other than Alabama should contact the appropriate State Department of Education to determine specific certification requirements in that state.

Organized Activities

Kilby Laboratory School. Operated under the administration of the College of Education, Kilby Laboratory School is located on the University campus and includes a kindergarten and grades one through six. It also serves as a student internship station for students in elementary education, as a laboratory school for teacher training, and for observation by students and faculty. Inquiries on the enrollment of children in Kilby Laboratory School should be addressed to the Office of the Director. The application process is separate from and is in no way connected to those governing the Child Development Center.

Kilby Child Development Center has a program for three-and four-year-old children. The Pre-K four-year-old program is presently state funded, free to participants, and operates from 8 a.m. to 3 p.m. five days a week. The program for three-year-olds is half-day and children may attend two (2), three (3), or five (5) days a week. Information about the program is available online at http://www.una.edu or by calling the Kilby Child Development Center. Admission to Kilby Laboratory School is a separate process. Children enrolled at the CDC do not automatically continue to the Kilby kindergarten.

Education Research and Inservice Center (ERIC). The center serves as a professional development center for excellence in education for area teachers currently in the classroom. The center provides workshops, single-visit seminars, and consultants for individual teachers, board members, and administrators in a six-county region consisting of Colbert, Franklin, Lauderdale, Marion, Walker, and Winston Counties. Kilby Laboratory School and the inservice center collaboratively serve as a demonstrational laboratory where teachers and school administrators may observe innovative educational practices. The Alabama Math, Science and Technology Initiative/Alabama Science in Motion (AMSTI/ASIM), The Alabama Technology in Motion (TIM), The Alabama Reading Initiative (ARI) and The Alabama Mentoring Program (ATM) are under the umbrella of the ERIC and are located at the UNA East Campus at 1640 Tune Avenue.
Human Performance Laboratory. Located in Flowers Hall, Room 401, the laboratory serves as a physical education teaching and research center that benefits university personnel, their spouses, and the community. Students have the opportunity to acquire practical skills such as evaluation of the major components of health and physical fitness and the design of exercise prescriptions. Utilizing computer technology, students also learn to administer and evaluate health risk appraisals. Lab personnel and students regularly collect and analyze data for various research projects.

DEPARTMENT OF ELEMENTARY EDUCATION

Chair: Dr. Linda Armstrong, 501 Stevens Hall, 765-4251
Faculty: Dr. Fernstrom Chaney, Dr. Clayton, Dr. Dillon, Dr. Dumas, Dr. Goodnite, Dr. Hulsey, Dr. Kinney, Dr. Myhan, Dr. Risner, Dr. Young

The Department of Elementary Education offers programs in Early Childhood Education (ECE) and Elementary Education (EED). Successful completion of the ECE or EED program qualifies the candidate for recommendation for the appropriate Alabama Class B Certificate.

REQUIREMENTS FOR THE BACHELOR OF SCIENCE IN EDUCATION DEGREE

ELEMENTARY EDUCATION

Requirements for the Bachelor of Science in Education degree with a major in elementary education include the prescribed general education component, the major concentration, the professional education courses, and general electives for a total of 134 semester hours. A minor is not required. See section on Teacher Education Requirements for a description of the grade point requirements for admission and completion of a program that will enable the candidate to be recommended for a Class B Professional Certificate.

**** Meets computer literacy requirement.

#### K-6 CERTIFICATION WITH P-3

A recommendation for P-3 certification can be earned by successfully completing the K-6 certification program above with two additional courses, HES 362(3), and ECE 474 (3)**, and an internship ECE 472 (6)** in either pre-kindergarten or kindergarten.

Candidates who hold valid K-6 certification and wish to add P-3 must complete all coursework, testing, and an additional internship in either pre-kindergarten or kindergarten.

Total ................................................. 140
DEPARTMENT OF SECONDARY EDUCATION

Chair: Dr. B. Lee Hurren, 515 Stevens Hall, 765-4686
Faculty: Dr. Blount, Dr. Brown, Dr. Campbell, Dr. Davidson, Dr. Johnson, Dr. Lewis, Dr. Lovett, Dr. Stokes, Dr. Wakefield

The Department of Secondary Education offers teacher education programs for grades 6-12 in the following areas: biology, business and marketing education, chemistry, English/language arts, English for Speakers of Other Languages (ESOL), family and consumer science, French, general science, geography, German, history, mathematics, physics, social science, and Spanish. In addition, P-12 teacher programs are offered in visual arts, instrumental music, choral music and physical education. To qualify for a recommendation for teacher certification, candidates must complete the approved major in the teaching field and must complete a second major in education in lieu of a minor. See Section on Teacher Education Requirements for a description of the grade point requirements for admission and completion of a program that will enable the candidate to be recommended for a Class B certificate.

Candidates taking subject field majors in art, music, or physical education may qualify for recommendation for the Alabama Class B P-12 Professional Certificate by completing the program as outlined herein.

NOTE: Candidates may take only seven hours of professional education courses prior to formal admission to teacher education: ED 292, ED 331 and ED 381.

Courses that are taken to fulfill general education requirements which are also included in a teaching field may count in both areas.

Candidates who plan to seek certification in another state should contact the State Department of Education in that state to find out whether or not a comparable certificate exists.

### Secondary Education

#### German
(SBE/NCATE Approved)

**Course** | **Credit**
--- | ---
A. General Education Component: | 41

For general education requirements and additional requirements for UNA students, refer to *Academic Procedures and Requirements.*

Education majors must complete:

Area II.
- AR 170 (3)
- COM 201 (3)
- EN 231 and 232 or EN 233 and 234 (6)

Area III.
- MA 112 (3)
- 8 hours of approved science

Area IV.
- †ED 299 (3)
- HI 101-102 (6)
- GE 102 (3)

Area V.
- FL 100 (3), GR 101/111 (4), GR 102/112 (4), GR 201 (3), GR 202 (3)
- 6-8 hours from the following:
  - FL 101, FL 203H, FL 204, SP 103 (3)
  - SP/FR 101/111 (4), SP/FR 102/112 (4)
  - ARB/CE/IT/JP/PT/RU/SWA/TU 101 (4)
  - ARB/CE/IT/JP/PT/RU/SWA/TU 102 (4)

**TEACHING FIELD — GERMAN** .................................................. 33-53

Core requirements (21 hour, 9 of which may be completed in Area V):
- FL 100 (3), FL 302 (3), FL 498 (1)
- 14 hours from the following:
  - FL 101, FL 203H, FL 204, FL 301, IE 499 (3)
  - SP/FR 101/111, SP/FR 102/112 (4)
  - ARB/CE/IT/JP/PT/RU/SWA/TU 101 (4)
  - ARB/CE/IT/JP/PT/RU/SWA/TU 102 (4)
  - GR 350 (3), GR 351 (3), GR 352 (3)
- 9 hours 400-level German electives

---

**NOTE:** Candidates who have attended institutions outside the United States must have their transcripts evaluated by the World Education Services, Inc. (WES). (See “International Students,” Admission to the University)

† The CLEP examination may be taken for this course.

* Required if not taken in Area IV or V.
DEPARTMENT OF COUNSELOR EDUCATION

Chair: Dr. Paul Baird, 412 Stevens Hall, 765-4763  
Faculty: Dr. Loew, Dr. Pearson, Dr. Townsend

The Department of Counselor Education offers master’s degree programs for students who have completed bachelor’s degrees and are preparing themselves for employment as school or community counselors. The Community Counseling (M.A.) and the School Counseling (M.A.Ed.) graduate programs in the Department of Counselor Education are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP) under the 2001 Standards. The School Counseling Program prepares students to serve effectively as elementary and secondary school counselors and meets the requirements for School Counselor certification/licensure in Alabama and/or other states. The Community Counseling Program qualifies students for a variety of counseling positions in the community and meets the coursework requirements for Licensed Professional Counselor status in Alabama. Please consult the UNA Graduate Catalog, the UNA website or the Department of Counselor Education for additional information regarding the degree programs in counseling.

DEPARTMENT OF HEALTH, PHYSICAL EDUCATION, AND RECREATION

Chair: Dr. Thomas E. Coates, 310 Flowers Hall, 765-4377  
Faculty: Dr. Green, Dr. Hall, Mr. Long, Dr. McIntosh, Dr. Renfroe, Dr. Teaff, Ms. Underwood

The Department of Health, Physical Education, and Recreation offers two Bachelor of Science degrees: Physical Education, Teaching and Physical Education, Non-Teaching. The Physical Education, Teaching degree leads to the Bachelor of Science degree and qualification for recommendation for the Alabama Class B Professional Certificate at the P-12 level in Physical Education. The Physical Education, Non-Teaching degree offers five concentrations from which the student may choose: Exercise Science, Fitness Management, Health Promotion, Recreation, and Sport Management.

The department also offers minors in Exercise Science, Fitness Management, Health, Health Promotion, Outdoor Education, Community Recreation, Coaching and Officiating and Sports Management, which may be applicable to other majors requiring a supportive minor. In addition, the Department of Health, Physical Education and Recreation offers physical education activity courses which are available as elective credit to all students who wish to develop skills for personal pleasure or lifelong physical activity.
All students majoring in Health, Physical Education, and Recreation in both the teaching and the non-teaching programs are required to successfully complete an exit examination prior to graduation. The date for the exit examination will be announced each semester.

DEPARTMENT OF HUMAN ENVIRONMENTAL SCIENCES

Chair: Ms. Jane N. Wilson, 111 Floyd Hall, 765-4313
Faculty: Mr. Bunn, Ms. Englett, Mr. Ogun, Mr. Patel

The Department of Human Environmental Sciences offers concentrations in five areas of study. These concentrations are merchandising, interior design, foods and nutrition, culinary arts, and child development. The department also offers a subject field major in family and consumer science leading to the Bachelor of Science degree and qualification for recommendation for the Alabama Class B Secondary Professional Certificate at the 6-12 level. The department provides minor programs in human environmental sciences, foods and nutrition and retailing and clothing which may be applied for minor field requirements in programs offered in other departments of the University.

The programs of the department are designed to serve students who desire to prepare for advanced study in graduate school leading to teaching, research, and professional positions; or for positions for which preparation in human environmental sciences is appropriate.

The concentration in merchandising provides preprofessional preparation for careers in management, marketing, and purchasing in many areas of the fashion business.
The concentration in interior design provides theory and application in meeting diverse design needs. The National Kitchen and Bath Association (NKBA) endorses the kitchen and bathroom design program.

The concentration in foods and nutrition is designed for students who wish to emphasize the applied and theoretical aspects of human nutrition and food production.

The concentration in culinary arts provides students the knowledge and skills to be successful in the foods industry. Students will be equipped to be managing chefs with the qualifications to manage the required business interests in the food and beverage segment in the hospitality management industry.

The concentration in child development is designed for students who wish to pursue study in the areas of child development as it relates to quality childhood care and guidance of young children.

In its curricula, the Department of Human Environmental Sciences provides numerous opportunities for credit through supervised field experiences.

All students majoring in Human Environmental Sciences in both the certification and non-certification programs are required to take the departmental exit exam.

COLLEGE OF NURSING AND ALLIED HEALTH
Dr. Birdie I. Bailey, Dean
210 Stevens Hall
765-4311

The College of Nursing and Allied Health (CONAH) is structured into two departments: the Traditional Nursing Department (TD) consisting of an on-campus baccalaureate (BSN) program and the accelerated baccalaureate (BSN) alternative, and the Online Nursing Department (OD) consisting of two complete online programs. The first online program is the Flex-Track RN-BSN program designed specifically for Registered Nurses seeking the baccalaureate degree. The second online program is the Master of Science in Nursing (MSN) which offers two options for registered nurses:

1. Students in the Nursing in Teaching-Learning Environments option will receive preparation in advanced teaching methodologies that provide graduates with tools necessary to facilitate the education of nursing students, health care clients, and health care colleagues.

2. Students in the Nursing Leadership in Organization Environments option receive education preparation that will enable them to function at an advanced level in the health care environment concerning politics and legislation, budgeting and economics, leadership and management, such that these nurses may positively influence the management aspects of nursing and health care in society (see the Graduate Catalog for additional information on the MSN program).

PHILOSOPHY AND MISSION:

The CONAH believes that learning takes place best in a supportive, stimulating and challenging environment where students are held to the highest professional nursing, ethical and legal standards. The CONAH strives to improve health in the community by assuming leadership roles to effect change in systems and policies, and to promote research and scholarly activities that advance nursing knowledge. The CONAH partners with community agencies to expand affordable, acceptable, assessable healthcare to the community as well as provide an excellent teaching/learning environment for faculty and students. The CONAH’s mission is to graduate professional nurses who are prepared to competently assume nursing roles in diverse health care environments.

PROGRAM GOALS FOR COLLEGE OF NURSING AND ALLIED HEALTH (CONAH) – TRADITIONAL (TD) AND ONLINE (OD) DEPARTMENTS:

1. CONAH TD
   - Provide high quality, innovative educational nursing programs
   - Offer a high quality, traditional baccalaureate nursing degree program

2. CONAH OD
   - Offer high quality online BSN and MSN nursing degree programs
2. CONAH  TD/OD  To build and maintain a student-centered nursing program Graduate nurses who are prepared to practice nursing in global healthcare environments

3. CONAH  TD/OD  Provide a culturally diverse environment for students, faculty and staff Promote a culturally diverse learning environment designed to eliminate barriers to learning

4. CONAH  TD/OD  Develop partnerships with community agencies to expand healthcare to the community Develop and nurture a strong relationship with community health facilities and health professionals.

5. CONAH  TD/OD  Promote research and scholarly activities that advance nursing knowledge Foster scholarly activities, research, teaching, service, and practice that advance the knowledge base of nursing

APPROVAL AND ACCREDITATION:

The College of Nursing and Allied Health is approved by the Alabama Board of Nursing and accredited by the Commission of Collegiate Nursing Education.

POLICIES:

• The College of Nursing and Allied Health retains the right to make modifications in its program/policies as deemed necessary by its faculty based on recommendations and mandates from the Alabama Board of Nursing and the Commission of Collegiate Nursing Education. Students currently enrolled in the nursing program will be required to adhere to any modifications made during their enrollment as a nursing major.

• Students may be denied approval for an Alabama Board of Nursing license as identified in the “Grounds for denial” statements by the Board (Refer to: Code of Alabama, 1975, Section 34-21-25; Alabama Board of Nursing Administrative Code 610-X-8-.01 and 610-X-8-.05). www.abn.state.al.us

• Following admission to the CONAH, students must:
  ◦ Provide proof of physical examination
• Present current immunization records (including Hepatitis B series). (An administrative clinical “unsatisfactory” grade will be issued to any student who fails to submit these requirements on time).

• Demonstrate annual proof of CPR certification, nursing student liability insurance (purchased through the nursing office at UNA), tuberculosis testing (PPD) results, and OSHA updates.

• Undergo an initial drug screening prior to beginning classes. Additional drug screenings may be required at any time while the student is in the nursing program.

• The CONAH strongly encourages students to have personal health insurance as students are responsible for health related costs incurred when clinical accidents (i.e., needle sticks) occur.

• Standard achievement exams are given at various intervals throughout the nursing program at the student’s expense.

**ADMISSION FOR TRADITIONAL OPTION:**

Initial admission is based on requirements for admission to the University; however, admission to the University does not assure admission to the program in nursing. Requirements for admission to nursing courses are:

• Submit a formal application to the College of Nursing. Applications are available on the College of Nursing website February 1 for the fall admissions and must be submitted by March 1, September 1 for spring admissions and must be submitted by October 1. Decisions for the fall and spring classes will be made and applicants will be notified by April 1 and November 1, respectively, and depends on the College of Nursing Admission Committee’s recommendation and space availability.

• Possess a UNA grade point average and/or a minimum cumulative grade point average of 2.5 (4.0 scale) or better in required BSN courses, including a “C” or better in all required prerequisite courses as listed in the General Studies Component for nursing majors. An admission cumulative index based on ACT, assessment exam scores, UNA and/or transfer GPA, completed coursework at UNA and entry status is used to determine admission to the upper-division nursing major. Admission to the College of Nursing and Allied Health is competitive, and meeting all admission requirements does not guarantee admission.

• Complete a criminal background check as specified on the application for admission.

**ADMISSION FOR ACCELERATED ALTERNATIVE:**

The accelerated BSN alternative is available for students who have previously completed a baccalaureate degree. Applicants will be admitted to
the accelerated BSN alternative after completion of the BSN traditional program prerequisites as listed in the General Education Component. Applicants must have been admitted to UNA and have all transcripts submitted to the Admissions Office by the application deadline. In addition, international applicants must have met all University requirements regarding TOEFL/English proficiency by the application deadline. A baccalaureate degree from another country is acceptable, provided a WES evaluation has deemed the courses as acceptable and the applicant is given credit for the degree through the University’s Office of Admissions. There is no time limit on prerequisite courses. The student must be aware, however, that they are responsible for the information in the prerequisite courses as the nursing curriculum builds on prior learning.

Applications will be accepted January 10 through 31 of each year for admission to the May intersession. Applications are available on the CONAH website during this time. Decisions will be made and students notified by March 1 of each year.

In addition to the current traditional BSN admissions requirement, the following admission criteria will be applied:

- ACT composite score of 18 or above
- Completion of baccalaureate degree in another field
- Completion of required prerequisites prior to entering
- Minimum 3.0 GPA for first degree

It is suggested that applicants have the following:

- Willingness to limit or cease working during this period, as necessary
- Flexible schedule for class and clinical
- Literacy in computer applications and a functional home computer
- Transportation to clinical site

**ADMISSION FOR RN-TO-BSN OPTION:**

Initial admission is based on requirements for admission to the University; however, admission to the University does not assure admission to the program in nursing. Requirements for admission to nursing courses are:

- Submit a formal application to the College of Nursing. Applications should be submitted by August 1 for fall admission, December 1 for spring admission, and May 1 for summer admission. Applications are available on the College of Nursing website.
- Registered nurses must submit official proof of a current license and be in good standing with the Board of Nursing. RNs may be admitted with advanced standing based on official transcripts of acceptable college work, evidence of graduation from a state-approved College of Nursing and official licensure verification. Admission to the College of Nursing and Allied Health is competitive, and meeting all admission requirements does not guarantee admission.
ADMISSION FOR RN-TO-MSN ALTERNATIVE:

The RN-to-MSN alternative allows the substitution of nine semester hours of graduate nursing courses for nine hours of undergraduate nursing courses. Students who are enrolled in the RN-to-BSN option may opt to follow the RN-to-MSN alternative provided they meet the following requirements:

- A minimum 3.0 GPA after completing 12 credit hours of undergraduate nursing courses at UNA.
- Advisor permission to register for graduate nursing courses.

Students who meet the requirements for the RN-to-MSN alternative will take NU 501 Advanced Nursing Research (3 hrs) in lieu of NU 303 Nursing Research (3 hrs) and both NU 503 Advanced Theory (3 hrs) and NU 601 Health Policy and Social Issues in lieu of NU 418 Concepts, Theory and Issues in Nursing (6 hrs). Following successful completion of NU 501 and NU 503, students may apply for acceptance to the RN-to-MSN alternative and must meet all additional requirements as described in the Graduate Catalog.

PROGRESSION/RETENTION:

Retention of students in the program is based on:

- Appropriate academic progress with a grade of C (73) or better in each professional nursing course and satisfactory in the clinical component of the course to receive a C (73) or better;
- Satisfactory completion of nursing courses in sequence. When a student receives a grade of less than C (73) or a clinical unsatisfactory, the student may not progress to any course until the failing grade is removed and/or the clinical is satisfactorily completed. A student who has failed a nursing course may repeat the failed course only once. A student in the nursing program can receive no more than one course failure throughout the nursing program.
- Students in the College of Nursing and Allied Health who fail clinical at anytime during the semester, including the University’s withdrawal (W) period, will receive a course failure (F) and may not attend clinical for the remainder of the semester.
- Students eligible to return to a nursing course after a withdrawal (W) or course failure (D/F) from a required nursing (NU) course will be re-admitted to the course on a “space available” basis.
- Any student who completely withdraws from the College of Nursing must reapply for admission to the College of Nursing (See Nursing Student Handbook).
- Maintenance of 2.0 GPA throughout the nursing program.
- Once the student is “out of sync”, he/she must adjust to any curriculum changes occurring at that time.

DISMISSAL:

After two course failures, the student is dismissed from the program.
READMISSION:
The student who has failed two nursing courses may petition the College of Nursing for readmission after a one-year period has passed since receiving the failing grades. Any readmitted student who earns a grade below C in a nursing course will be permanently dismissed from the program. Guidelines for readmission may be requested from the College of Nursing. Completed letters of petition for readmission must be received by March 15 and October 15 for fall and spring, respectively.

DEGREE PROGRAM:
The College of Nursing and Allied Health offers:
BSN: Traditional Option
     Accelerated Alternative
     RN-to-BSN Option
     RN-to-MSN Alternative
MSN: Complete information concerning graduate work is contained in the *Graduate Catalog*. Inquiries and requests for the catalog should be directed to the Office of Admissions.

GRADUATE STUDIES

The programs in graduate studies are organized under the Office of the Vice President for Academic Affairs and Provost, and are administered by the deans of the colleges in which the programs are offered under policies and procedures recommended by the Graduate Council and approved by the administration.

The following degree and certification programs are offered:

Master of Arts in Education degree and qualification for recommendation for the Alabama Class A Professional Certificate in the following areas:
- Counseling
- Instructional Leadership
- K-6 Elementary Education
- P-12 Education
- Secondary Education
- Special Education: Collaborative Teacher

Master of Arts in Education for alternative Class A secondary education programs

Master of Arts in English

Master of Arts in History

Master of Business Administration degree (several concentrations available)

Master of Science in Criminal Justice degree

Master of Science in Nursing

Education Specialist degree in the field of Educational Administration

In addition to specific degree and certification programs, the schools also administer graduate studies through which qualified students may take special coursework for personal or professional development or for application to certification renewals.

The College of Education also offers the Master of Arts degree in the following areas:

The Community Counseling and Health Promotion and Human Performance programs, which are individually tailored to the needs of the student, provide an opportunity for advanced study for those individuals whose careers or personal interests require additional knowledge or research skills.

The community counseling major is appropriate for persons who plan to counsel in nonelementary and nonsecondary sites.

The Health Promotion and Human Performance major provides extended opportunities for individuals interested in health-related careers.

All admissions to programs and courses of graduate study are processed through the Office of Admission, with the exception of the Master of Science in Nursing and international applicants, who must apply through the Center for International Programs. Complete information on admissions, programs, policies, and procedures are contained in the Graduate Catalog, copies of which are available on request. Inquiries should be directed to the Dean of the College of Arts and Sciences, the Dean of the College of Business, the Dean of the College of Education, the Dean of the College Nursing and Allied Health, or to the Office of Admission.
COURSES OF INSTRUCTION

ACCOUNTING (AC)
Business majors must be admitted to the College of Business before enrolling in junior/senior level courses.

AC 260. (3) **Personal Income Taxes.** A brief study of federal and state income tax regulations that apply to individuals. The course deals with taxable income, personal exemptions, itemized and business deductions, and credits against tax liability. Emphasis is on tax return preparation. Not open to accounting majors. (Offered on sufficient demand)

AC 291. (3) **Accounting Concepts I.** An introduction to the concepts, procedures, and ethical aspects of accounting and financial reporting as a basis for decision making. Financial accounting fundamentals including the accounting cycle, the elements of financial statements, and financial statement presentation are emphasized for service and merchandising organizations. Prerequisite or co-requisite: MA 112 or any Area III math included in the General Education Component listed under *Academic Procedures and Requirements.* (Fall, Spring, Summer)

AC 292. (3) **Accounting Concepts II.** A continuation of AC 291 with emphasis on the analysis and interpretation of accounting information, including cash flows. Coverage of financial accounting for manufacturing organizations, as well as basic managerial accounting decision making concepts consisting of cost-volume-profit analysis and budgetary control. Prerequisite: AC 291. (Fall, Spring, Summer)

AC 390. (3) **Accounting Information Systems.** Fundamentals of both manual and computerized accounting systems with emphasis on transaction processing, internal controls, information retrieval, and design considerations. Prerequisites: AC 292; CIS 125 or equivalent with a minimum grade of C in both courses. (Fall, Spring)

AC 391. (3) **Intermediate Accounting I.** Corporation accounting with emphasis on the accounting process, the preparation of financial statements and related schedules, and the accounting for fixed assets, inventories, and receivables. Prerequisite or co-requisite: AC 390. (Fall, Spring)

AC 392. (3) **Intermediate Accounting II.** Intangible assets, liabilities, capital stock, retained earnings, analysis of statements, and statement of cash flows. Prerequisite: AC 391 with a minimum grade of C. (Fall, Spring)

AC 395. (3) **Accounting for Nonbusiness Organizations.** Concepts and accounting standards for governmental and nonprofit organizations with emphasis on the design and operation of a fund accounting system. Prerequisite: AC 391 with a minimum grade of C. (Spring)

AC 396. (3) **Managerial Accounting.** Study, interpretation, and analysis of accounting data as used in the decision making process of business organizations. Not open to accounting majors. Prerequisite: AC 292. (Offered on sufficient demand)

AC 471. (3) **Cost Accounting.** Techniques of cost accounting. Methods of accounting for materials, labor, and indirect costs in job order, processing, and activity based costing. Production and cash budgeting. Prerequisite: AC 390 with a minimum grade of C. (Fall, Spring)
AC 472. (3) **Tax Accounting.** The study of federal income taxation of individuals and business entities from both a tax compliance and a tax planning perspective. Prerequisite: AC 391 with a minimum grade of C. (Fall, Spring)

AC 473. (3) **Auditing.** Conceptual foundations of auditing practice. Basic auditing concepts including professional ethics, legal liability, independence, and competence. Emphasis is on independent auditors and their techniques and standards. Prerequisites: AC 390, 392, 471. (Fall, Spring)

AC 480. (3) **Accounting Internship.** A work related experience in a private, public, or governmental organization enhancing the applications of accounting theories and concepts. Must be a junior or senior. Prerequisites: AC 392 and approval of the department chair.

AC 481. (3) **Financial Statement Analysis.** The study of the analysis of financial statement information, focusing on financial decisions including loan decisions, equity investments, mergers and acquisitions, and other valuation related issues. Also listed as FI 481 but creditable only in field for which registered. Prerequisite: AC 392 with a minimum grade of C or FL 394 with a minimum grade of C. (Spring)

AC 488. (1-3) **Special Topics.** Open to accounting majors. Provides for the study or application of contemporary accounting topics and development of professional skills. Topics will vary and will be listed on the students’ transcripts. May be repeated once for credit, but may not exceed four semester hours of credit in total. Prerequisite: will be specified for each special topic offering. Departmental approval required.

AC 493. (3) **Advanced Accounting.** Advanced study of partnerships, installment sales, consignment sales, agency and branch accounting, and fiduciaries. Prerequisite: AC 391. (Offered on sufficient demand)

AC 495. (3) **Advanced Cost Accounting.** Managerial applications of cost data. Decision-making relative to cost behavior, cost-volume-profit analysis, distribution costs, standard costs, capital expenditures, and operations research. Prerequisite: AC 471 with a minimum grade of C. (Fall)

AC 496. (3) **Information Systems Auditing.** This course will cover a variety of facets related to Information Systems (IS) auditing—from simple to complex computer systems. The course will present tools, concepts, and techniques necessary to properly audit IS. Prerequisite: AC 390. (Offered on sufficient demand)

AC 497. (3) **Fraud Examination.** This course will cover the basic concepts of forensic accounting. Course content includes examining documents, using sources of information, testifying in court as an expert, writing reports, identifying high-risk signs, and how to prevent fraud. In general, help to prepare students for some of the material covered in the Certified Fraud Examiner (CFE) certification exam. Prerequisite: AC 496. (Offered on sufficient demand)

AC 499. (3) **Independent Study-Practicum.** Open to senior majors on approval of the department chair. Provides for study, research, or special field experience on departmental determination, supervision, and evaluation.
ART (AR)

AR 170. (3) Art Appreciation. A broad study of the contemporary visual arts by means of illustrated lectures, gallery visits, and studio demonstrations. Credit may not be applied toward requirements for an art minor. (Fall, Spring)

AR 200. (3) Photography I. Students will learn how to use 35mm film cameras, process black and white film, and develop prints in the darkroom. A 35mm film SLR camera with manual capabilities is required. Special fee: $50.00. (Fall, Spring)

AR 221. (3) Drawing I. Representational drawing. The study of line, light, shade, texture, and form in dry media. Three 2-hour studio periods per week. (Fall, Spring)

AR 222. (3) Drawing II. Interpretive drawing. Expression gained through media and form exploitation. Three 2-hour studio periods per week. Prerequisites: AR 221, 231. (Spring)

AR 231. (3) Design I. Design theory applied to two-dimensional composition. Two 3-hour studio periods per week. (Fall, Spring)

AR 232. (3) Design II. Design theory applied to three-dimensional composition. Three 2-hour studio periods per week. Prerequisites: AR 221, 231. (Spring)

AR 235. (3) Lettering I. Study and practice of basic techniques necessary for proficiency in the use of various alphabets. Principal tool will be the pen. Three 2-hour studio periods per week. (Fall)

AR 281. (3) Art History Survey I. A study of major monuments in western art from the paleolithic through the medieval periods. (Fall)

AR 282. (3) Art History Survey II. An illustrated lecture course that introduces students to art in the Western tradition from the Middle Ages to the modern period, roughly 1300-1800. Students will learn the chronology and development of art in this critical period. Discussions in class, written assignments, and examinations will test students' knowledge, as well as their ability to apply concepts and terms. (Spring)

AR 283. (3) Art History Survey III. Survey III, an illustrated lecture course, introduces students to art in the Western tradition from 1800 to the present. Students will learn the chronology and development of art in a period that has seen the almost complete overthrow of artistic tradition, the expanding definition of art, and the extension of the art world's borders beyond Europe and North America. Discussions in class, written assignments, and examinations will test students' knowledge, as well as their ability to apply concepts and terms. (Fall)

AR 300. (3) Photography II. Intermediate darkroom techniques will be introduced with a focus on the mastery of printing skills. Students will conduct research on historical and contemporary photographers, study the aesthetic elements in photography, and explore the concept of portfolio. Prerequisites: AR 200, 221, 231. Special fee: $50.00. (Fall, Spring)

AR 302. (3) Studio Photography. In this course students will examine the creative control that comes with working in the photographic studio. Students will construct/arrange their images and learn to manipulate light and shadow to evoke different emotive qualities in their work. Prerequisites: AR 200, 221, 231. Special fee: $30.00. (Fall)
AR 311. (3) **Printmaking I.** Basic techniques of relief, intaglio, and serigraphy. Two 3-hour studio periods per week. Special fee: $30.00. (Fall)

AR 312. (3) **Printmaking II.** Continuation of Printmaking I. Two 3-hour studio periods per week. Prerequisites: AR 221, 231, 311. Special fee: $30.00. (Fall)

AR 323. (3) **Advanced Design.** A concentrated study of design theory and application with emphasis on professional competency. Three 2-hour studio periods per week. Prerequisites: AR 221, 231. (Offered on sufficient demand)

AR 335. (3) **Selected Studies in Studio Art.** Concentrated study in narrow areas of studio art designed to provide access to specialized techniques and materials. Prerequisites: AR 221, 231. A $30.00 lab fee may be required according to topic. (Offered on sufficient demand)

AR 340. (3) **Watercolor I.** Study of basic techniques of watercolor painting and basic composition. Three 2-hour studio periods per week. (Spring)

AR 341. (3) **Watercolor II.** Continuation of Watercolor I; advanced techniques, composition, and design. Three 2-hour studio periods per week. Prerequisites: AR 221, 231. (Spring)

AR 342. (3) **Painting I.** Study of an experimentation with basic techniques of painting media, preparation of grounds, and other general mechanics of beginning painting. Problems in basic pictorial design. Two 3-hour studio periods per week. (Fall, Spring)

AR 343. (3) **Painting II.** Continuation of Painting I with greater attention to pictorial design and production of quality work. Two 3-hour studio periods per week. Prerequisites: AR 221, 231, 342. (Fall, Spring)

AR 347. (3) **Digital Media I.** Computer technology, procedures, and vocabulary applied to art with an emphasis on original design and composition. Two 3-hour studio periods per week. Prerequisites: AR 221, 231. Special fee: $50.00. (Fall, Spring, Summer)

AR 351. (3) **Ceramics I.** Hand building and wheel throwing, glazing, and firing. Two 3-hour studio periods per week. Special fee: $30.00. (Fall, Spring, Summer)

AR 352. (3) **Ceramics II.** Continuation of Ceramics I. Two 3-hour studio periods per week. Prerequisites: AR 221, 231, 351. Special fee $30.00. (Fall, Spring, Summer)

AR 385W. (3) **Critical and Applied Art Theory.** This course introduces students to ancient, medieval, modern, and contemporary art theory. It includes philosophical theories about images, image-making, and how viewers approach images, as well as theories developed for practical use by artists, such as systems of perspective, proportion, and color. Prerequisites: AR 281, AR 282, and AR 283. Required of all art majors. (Fall, odd-numbered years; Spring, even-numbered years)

AR 391. (3) **Sculpture I.** Study of three-dimensional techniques using temporary and permanent materials suitable for sculpture form. Two 3-hour studio periods per week. Special fee: $30.00. (Fall)
AR 392. (3) **Sculpture II.** Continuation of Sculpture I. Student will work toward developing sculptural form in mixed media. Two 3-hour studio periods per week. Prerequisites: AR 221, 231, 391. Special fee: $30.00. (Fall)

AR 401. (3) **Advanced Photography.** Students will develop their technical skills to combine the medium of photography with a conceptual exploration of artistic ideas. Students will be guided as they develop their own artistic style and realize their creative potential. This course will culminate in the creation of a cohesive final portfolio. Students need a manually adjustable film or digital camera for this course. May be repeated for three or six hours credit per semester. Prerequisites: AR 221, 231, 300. Special fee: $50.00. (Spring)

AR 404. (3) **Narrative Photography.** Students will be introduced to artists working in narrative forms. Topics may include documentary photography, photojournalism, constructed realities, artists' books, and multi-media projects. Students may use a manually adjustable film or digital camera for this course. Prerequisites: AR 221, 231, 300. Special fee: $50.00. (Fall)

AR 405. (3) **Alternative Processes in Photography.** Students will experiment with alternative techniques in photography. Topics may include hand-coloring, print toning, paper negatives, liquid emulsion, cyanotype, Van Dyke Brown, and recent experimental processes in transfer, altered books, and sculptural projects. Prerequisites: AR 221, 231, 300. Special fee: $50.00. (Spring, alternate years)

AR 411. (3) **Advanced Printmaking.** Concentration on one of two graphic processes and individualized techniques; history of printmaking through assigned reading. Two 3-hour studio periods per week. May be repeated for three or six hours credit per semester. Prerequisites: AR 221, 231, 312. Special fee: $30.00. (Fall)

AR 421. (3) **Advanced Drawing.** Student will be expected to work competently and expressively. Student will be required to be familiar with current and traditional graphic styles. Three 2-hour studio periods per week. May be repeated for three or six hours credit per semester. Prerequisites: AR 221, 222, 231. (Spring)

AR 442. (3) **Advanced Painting.** Students will be expected to develop a mature and painterly expression. Two 3-hour studio periods per week. May be repeated for three or six hours credit per semester. Prerequisites: AR 221, 231, 343. (Fall)

AR 446. (3) **Semiotics in Art.** Theory and application of signs and symbols in the development and functioning of visual imagery. Two 3-hour studio periods per week. Prerequisites: AR 180, 221, 231, or permission of instructor. (Spring)

AR 447. (3) **Digital Media II.** Continuation of computer technology, procedures, and vocabulary applied to art. Two 3-hour studio periods per week. May be repeated for three hours credit per semester. Prerequisites: AR 221, 231, 347. Special fee: $50.00. (Fall, Spring, Summer)

AR 449. (3) **Advanced Digital Media.** In this course students will concentrate on a focused investigation into the use of digital media for the expression and production of their artistic ideas. Course content varies and
Courses of Instruction

will be listed by semester. Topics include 2-D Digital Media, Multi Media (image, text, sound, interactivity), Video Art, and the web as a venue for conceptual art. This course is repeatable for up to 15 credit hours total. A portfolio review with the instructor will be required before students register for this course their first time. Prerequisites: AR 446 and 447; AR 200 is highly recommended. Special fee: $50.00. (Fall, Spring)

AR 451. (3) Advanced Ceramics. Emphasis on perfecting throwing and hand building techniques. Glaze formulation and experimental firing. Two 3-hour studio periods per week. May be repeated for three or six hours credit per semester. Prerequisites: AR 221, 231, 352. Special fee: $30.00. (Fall, Spring, Summer)

AR 470. (3) Methodology and Materials in Art. Practical aspects of teaching art education at pre-kindergarten, primary, middle and secondary levels. Topics covered include current methodology in art education, art education curricula, the preparation and presentation of lesson material, classroom management, professional organizations, discovery and use of resources, technology, and professional behaviors. Coursework includes on-site observations, practical exercises, and integration of art into the total school curriculum with exhibition of student artwork. Prerequisites: ED 292, 381. (Spring)

AR 480W. (3) Modern Art. An investigation and critical analysis of diverse modes, issues, and problems of twentieth century painting and sculpture. (Fall, odd-numbered years)

AR 481W. (3) Modern Architecture. Major monuments and master architects of the twentieth century emphasizing concepts of modernism and post-modernism. (Offered on sufficient demand)

AR 482W. (3) Italian Renaissance Art. The historical development of Italian painting and sculpture from the late thirteenth to the mid-sixteenth centuries. (Fall, even-numbered years)

AR 483W. (3) American Art. An exploration of the motivations and the aesthetics involved in the evolution of art in America with an emphasis on student analysis of works of art and of independent research. (Fall, odd-numbered years)

AR 484. (3) History of Photography. A survey of the history of photography, with emphasis on its evolution from and relationship to painting, and an analysis of the work of significant photographers. (Spring, even-numbered years)

AR 486W. (3) Women, Art, and Society. This course surveys a selective number of prominent women artists throughout history and offers an understanding of women as art makers and issues relevant to their art. Students will develop critical abilities and gain insight relative to their own work experience and specific theoretical concerns. Also listed as WS 486W but creditable only in the field for which registered. (Offered on sufficient demand)

AR 491. (3) Advanced Sculpture. The student will work in a sustained program involving one or two mediums. Two 3-hour periods per week. May be repeated for three or six hours credit per semester. Prerequisites: AR 221, 231, 392. Special fee: $30.00. (Fall)
AR 493. (3) **Senior Exhibition.** A representative exhibition of the student's work to be undertaken in the senior year. Prerequisite: senior classification. (Fall, Spring, Summer)

AR 499. (3) **Independent Study-Practicum.** Open to senior art majors, upon approval of the chair of the department. Provides for independent study, projects, or experiences under departmental determination, supervision, and evaluation. (Fall, Spring, Summer)

**BIOLOGY (BI)***

BI 100. (1) **Pre-Health Professions Orientation.** An introduction to the health professions for freshman and transfer students planning to seek admission to health professions schools such as medicine, dentistry, optometry, podiatry, pharmacy, and physical therapy. Not applicable for credit toward a major or minor in biology; may be used as a general elective. (Fall)

BI 101. (4) **Introductory Biology.** Cell biology, genetics, evolution, diversity, and ecology, with emphasis on examples that relate to humans. This course may not be used to satisfy the requirements for a major or minor in biology. Three class periods; one 2-hour laboratory period per week. Special fee: $30.00. (Fall, Spring, Summer)

BI 102. (4) **Introductory Biology.** Biology of plants and animals, including humans, via a comparative study of body systems. This course may not be used to satisfy the requirements for a major or minor in biology. Three class periods; one 2-hour laboratory period per week. Prerequisite: BI 101. Special fee: $30.00. (Fall, Spring, Summer)

BI 111. (4) **Principles of Biology.** The chemical basis of life, cell structure and function, metabolism, and genetics. Designed for biology and other science majors or minors. Three class periods; one 2-hour laboratory period per week. Special fee: $30.00. (Fall, Spring)

BI 112. (4) **Principles of Biology.** Evolution, diversity, and ecology of organisms. Designed for biology and other science majors or minors. Three class periods; one 2-hour laboratory period per week. Prerequisite: BI 111. Special fee: $30.00. (Fall, Spring)

BI 241. (4) **Human Anatomy and Physiology I.** Structure and physiology of the human body, with emphasis on the integumentary, skeletal, muscular, endocrine, and nervous systems. This course may not be used to satisfy the requirements for a major or minor in biology. Three class periods; one 2-hour laboratory period per week. Prerequisite: BI 101 or BI 111. Additional coursework in biology and/or chemistry and sophomore standing are strongly recommended. Special fee: $30.00. (Fall, Spring, Summer)

BI 242. (4) **Human Anatomy and Physiology II.** A continuation of Biology 241, with emphasis on the digestive, circulatory, excretory, respiratory, and reproductive systems. This course may not be used to satisfy the requirements for a major or minor in biology. Three class periods; one 2-hour laboratory period per week. Prerequisite: BI 241. Special fee: $30.00. (Fall, Spring, Summer)

BI 300W. (1) **Biological Literature.** Training in locating and utilizing biological information in the technical literature and in writing a scientific paper. One class period per week plus additional library assignments. Prerequisite: BI 112. (Fall, Spring, Summer)
BI 305. (4) **Cell Biology.** Molecular biology of eukaryotic cells, with emphasis on origins, ultrastructure, energetics, growth and division, and mechanisms of heredity. Three class periods; one 3-hour laboratory period per week. Prerequisites: BI 112; CH 111; CH 311/311L is recommended. Special fee: $30.00. (Fall, Spring)

BI 306. (4) **Genetics.** The basic principles of heredity and their significance in the development and function of organisms. Three class periods; one 3-hour laboratory period per week, plus additional assignments. Prerequisites: BI 112; CH 111; CH 311/311L is recommended. Special fee: $30.00. (Fall, Spring; Summer, odd-numbered years)

BI 307. (4) **Microbiology.** Fundamentals of microbiology including a study of the history of microbiology, cell structure and chemical composition, physiology and growth, clinical significance, taxonomy, genetics, and ecology of microorganisms and their effects on humans and their environment. Emphasis will be placed on the bacteria, but viruses, fungi, protists, and protozoans will also be discussed. Three class periods; one 2-hour laboratory period per week. Prerequisites: BI 111 or 241; CH 101 or 111; CH 311/311L is recommended. Special fee: $30.00. (Fall, Spring, Summer)

BI 310. (4) **Comparative Vertebrate Morphology.** Anatomy of selected vertebrates with emphasis on the functional aspects of homologous structures. Two class periods; two 2-hour laboratory periods per week. Prerequisite: BI 112. Special fee: $30.00. (Fall)

BI 311. (4) **Animal Physiology.** The basic physiological processes of animals. Three class periods; one 3-hour laboratory period per week. Prerequisites: BI 112; CH 112, 112L; BI 310 is recommended. Special fee: $30.00. (Spring)

BI 312. (3) **Evolution.** Principles of evolution, including natural selection, speciation, adaptation, and phylogeny. Three class periods per week. Prerequisite: BI 306. (Fall, Spring)

BI 340. (4) **Invertebrate Zoology.** The morphology, phylogeny, ecology, and adaptive diversity of invertebrates. Two class periods; two 2-hour laboratory periods per week. Prerequisite: BI 112. Special fee: $30.00. (Fall)

BI 341. (4) **Natural History of the Vertebrates.** A survey of chordates, with emphasis on their phylogeny, classification, general characteristics, life histories, behavior, and distribution. Laboratory will include field work, collection, and identification of local vertebrates. Three class periods; one 3-hour laboratory period per week. Prerequisite: BI 112. Special fee: $30.00. (Spring)

BI 362. (4) **Non-Vascular Plants.** A survey of algae, fungi, and bryophytes, with emphasis on reproduction, morphology, taxonomy, and evolution. Three class periods; one 3-hour laboratory period per week. Prerequisite: BI 112. Special fee: $30.00. (Spring)

BI 363. (4) **Vascular Plants.** A survey of ferns, fern allies, gymnosperms, and flowering plants, with emphasis on reproduction, morphology, taxonomy, and evolution. Three class periods; one 2-hour laboratory period per week. Prerequisite: BI 112. Special fee: $30.00. (Fall)

BI 380. (3) **Teaching Science in the Secondary Schools.** Examines the problems of teachers in secondary science in integrating laboratory activities into the science curriculum. Provides experiences in plan-
ning, preparation, teaching and evaluation of laboratory activities. Considers the use of technology, safety, hazardous waste, teaching resources, student textbooks, and the Alabama Course of Study. Two class periods; one 2-hour laboratory period per week. Field trip and/or term project may be required. This course cannot be used as a 300-level elective in any major or minor other than secondary education. Also listed as CH 380, ES 380, and PH 380 but creditable only in the field for which registered. Special fee: $30.00. (Fall)

BI 407. **Applied Bacteriology.** Principles and procedures used in the study of the microbiology of diseases, water, foods, air, soil, sewage, and industrial processes. The bacteria will be emphasized. Three class periods; one 2-hour laboratory period per week. Prerequisite: BI 307. Special fee: $30.00. (Spring, odd-numbered years)

BI 409. **Immunology.** The immune response, including the chemical nature of antigens and antibodies, the humoral and cellular response to antigens, and the cells of the immune system and their relationship to each other. Two class periods; one 2–hour laboratory period per week. Prerequisite: BI 307; CH 311/311L is recommended. Special fee: $30.00. (Spring, even-numbered years)

BI 415. **Molecular Biology.** The molecular basis for gene structure, function and regulation of gene expression. Emphasis on understanding current molecular biology methods, performing laboratory techniques, and data interpretation. Two class periods; two 2-hour laboratory periods per week. Prerequisites: BI 305, BI 306, BI 307. Special fee $30.00. (Summer)

BI 421. **Ecology.** Relationships between organisms and their environment, including the structure and function of populations, communities, and ecosystems. Three class periods; one 3-hour laboratory period per week. Extended laboratory periods, overnight, or weekend field trips may be required. Prerequisite: BI 112, and junior or senior standing recommended. Special fee: $30.00. (Fall, Spring)

BI 423. **Aquatic Ecology.** Freshwater habitats and their biotas. Qualitative and quantitative techniques for studying lakes, streams, and wetlands will be included. Three class periods; one 3-hour laboratory period per week. Extended laboratory periods, overnight, or weekend field trips may be required. Prerequisites: BI 112; CH 112, and junior or senior standing. Special fee: $30.00. (Fall)

BI 433. **Embyrology.** Principles of the development of animals including the molecular and cellular basis for differentiation, with selected vertebrates used to illustrate the development of tissues, organs, organ systems, and body form. Two class periods; two 2-hour laboratory periods per week. Prerequisite: BI 112, and junior or senior standing. Special fee: $30.00. (Summer, odd–numbered years)

BI 441. **Biochemistry.** Chemical interpretations of biological phenomena; compounds of biological significance as related to metabolism; carbohydrates, lipids, proteins, nucleic acids, and enzymes. Also listed as CH 441 but creditable only in field for which registered. Prerequisites: CH 312, 312L. (Fall)
BI 451.  (3) Ornithology. Biology and classification of birds with emphasis on field identification of local species. Two class periods; one 3-hour laboratory period per week. Prerequisite: BI 112. Special fee: $30.00. (Summer, even-numbered years)

BI 452.  (3) Entomology. Morphology, physiology, and taxonomy of insects, including collection, preservation, and identification of those occurring in the local area. Two class periods; one 3-hour laboratory period per week. Prerequisite: BI 112. Special fee: $30.00. (Summer, odd-numbered years)

BI 455W.  (4) Paleobiology. Fundamental biological problems, including speciation, systematics, evolution, extinction, functional morphology, paleoecology, and biogeography will be addressed from the perspective of the fossil record. Three class periods; one 2-hour laboratory per week. Field trips and/or term projects may be required. Also listed as ES 455W but creditable only in the field for which registered. Prerequisite: ES 132 or departmental approval. Special fee: $30.00. (Fall, even-numbered years)

BI 460.  (3) Plant Physiology. Physiological processes in plants and their relationship to structure and environment with emphasis on vascular plants. Two class periods; one 2-hour laboratory period per week. Prerequisite: BI 112. Special fee: $30.00. (Spring, even-numbered years)

BI 463.  (3) Plant Taxonomy. Plant morphology and taxonomic methods for the identification, classification, nomenclature, and phylogeny of higher vascular plants and their distribution and ecology, utilizing all elements of local flora. Two class periods; one 3-hour laboratory period per week. Prerequisite: BI 112. Special fee: $30.00. (Spring)

BI 471.  (4) Parasitology. Morphology, taxonomy, life history, and ecology of parasites of humans and other animals. Three class periods; one 2-hour laboratory period per week. Prerequisite: BI 112, and junior or senior standing recommended. Special fee: $30.00. (Spring, odd-numbered years)

BI 472.  (4) Histology. Animal tissues and a survey of the microscopic structure of the various organs of higher vertebrates. Two class periods; two 2-hour laboratory periods per week. Prerequisite: BI 305. Special fee: $30.00. (Offered on sufficient demand)

BI 480.  (1) Pre-Health Professions Internship. Designed to provide pre-health professions (pre-medicine, pre-dentistry, pre-optometry, pre-pharmacy, pre-physical therapy, pre-occupational, pre-podiatry, and pre-veterinary) students direct contact with the health professions and the variety of aspects of health care delivery through supervised observation and instruction at an approved area hospital and/or private practice. Open to junior and senior pre-health professions students with a GPA not less than 3.0 and with approval of the pre-health professions advisor. Not applicable for credit toward a major or minor in biology; may be used as a general elective. Also listed as CH 480 but creditable only in field for which registered. (Fall, Spring)

BI 495.  (1-4) Research/Internship. Independent research or internship on individual projects under faculty supervision for selected biology majors. Scheduled work and conferences require a minimum average of four hours per week per credit hour. Research or internship may be off campus at a preapproved site with credit depending on scope of project. May be
repeated for a maximum of four credit hours. Prerequisite: departmental approval. Special fee: $30.00 for on-campus projects. (Fall, Spring, Summer)

BI 499. (1-4) **Special Topics in Biology.** A detailed study of a particular topic of special interest. Topics will vary but will be listed in the schedule of classes when offered, and on the students’ transcripts. Prerequisite: departmental approval. A $30.00 laboratory fee may be required according to topic. (Offered on sufficient demand)

The following biology courses are offered at the Sea Laboratory of the Marine Environmental Sciences Consortium which is located on Dauphin Island. Special fees and frequency of offering for each course are determined by the consortium. Number of class periods and laboratories varies according to the course.

BI 205. (2) **Marine Technical Methods.** An introduction to the hardware of marine science, sampling procedures, processing, station location and field equipment maintenance and operation. Prerequisite: basic science major.

BI 228. (4) **Ocean Science.** An introduction to the study of oceans, their physical and chemical parameters, the life within them, and their relationship to man.

BI 308. (4) **Marine Biology.** A general survey of marine plants, invertebrates and vertebrates, the communities they form, and the physical and chemical factors which influence them. Prerequisite: BI 112.

BI 345. (2) **Dolphins and Whales.** Lectures, audiovisual presentations, and practical exercises to guide students to further study of the classification, anatomy, and ecology of the cetaceans. Prerequisite: BI 310 or 408.

BI 403. (4) **Marine Invertebrate Zoology.** A study of the natural history, systematics and morphology of marine invertebrates from a variety of habitats in the Gulf of Mexico, oriented toward a field and laboratory approach. Prerequisite: BI 112.

BI 408. (4) **Marine Vertebrate Zoology.** Biology of marine vertebrates emphasizing systematics, behavior, physiology, and ecology of local forms. Prerequisite: BI 112.

BI 411. (4) **Marsh Ecology.** A study of the floral and faunal elements of various marsh communities.

BI 412. (4) **Marine Ecology.** Lecture and laboratory studies of bioenergetics, community structure, population dynamics, predation, competition and speciation in marine ecosystems. Prerequisite: BI 112.

BI 413. (4) **Marine Behavioral Ecology.** Principles of animal behavior as applied to marine organisms. Prerequisite: BI 112; MA 345 recommended.

BI 425. (4) **Introduction to Oceanography.** A general introduction to the physics, chemistry, geology and biology of the ocean. Prerequisite: general biology, marine biology, or graduate standing.

BI 429. (4) **Marine Botany.** A general survey of marine algae (microscopic and macroscopic), as well as salt marsh vegetation mangroves, seagrasses and maritime forest communities. Prerequisite: BI 112.

BI 430. (1-3) **Research on Special Topics.**

BI 440. (1-4) **Special Topics in Marine Science.**
BUSINESS LAW (BL)

Business majors must be admitted to the College of Business before enrolling in junior/senior level courses.

BL 240. (3) The Legal Environment of Business. The study of public and private law impacting business, including the sources of US law and its system of jurisprudence, the US constitution, criminal law, international transactions, business ethics, contracts, business organizations, agency and employment law, consumer protection, real property and land use, torts, and product liability. (Fall, Spring, Summer)

BL 381. (3) Business Law for Entrepreneurs. This course covers the essentials of forms of organization including partnerships, corporations and limited liability companies. Surveys recent laws that affect small business owners as employers and as traders in international transactions. Also includes an emphasis on intellectual property, business ethics, and law in cyberspace, as such impact entrepreneurial ventures. (Fall, Spring, Summer)

BL 455. (3) International Law of Commerce. A study of the prevailing principles and contemporary issues of the law relevant to international business, including contracts, commercial transactions, agency, insurance, shipping and transportation of goods, business organizations, and business ethics; and the national and international regulation of commerce such as treaties, taxation, customs and tariffs. Prerequisite: BL 240. (Offered on sufficient demand)

BL 456. (3) Estate Law and Planning. Planning the use of life insurance, lifetime gifts, life estates, trusts, and different types of bequests in relation to income, gift, and estate taxes; study of the legal, tax, and human factor surrounding efficient transferral of property. Prerequisite: approval of instructor. (Offered on sufficient demand)

BL 480. (3) Contemporary Business Law. A comprehensive review of law subjects, including commercial transactions (sales, commercial paper, and secured transactions) under the UCC, real and personal property, contracts, governmental regulation, estates and trusts, business ethics, and business organizations. Special emphasis is placed on the law topics in the CPA examination. Prerequisite: BL 240. (Offered on sufficient demand)

CAP (CAAP ADMINISTRATION)

CAP 299. (0) CAAP Administration. Preparation for and administration of the Collegiate Assessment of Academic Proficiency (CAAP) Examination. A non-credit course required of all students to be taken during the junior year. Consists of 2 one-hour test review sessions and successful completion of the examination. This is a pass/fail course with a numerical score recorded on student transcripts. Prerequisites: must enroll after completing 44 hours of coursework but prior to the beginning of the 70th hour of coursework AND must have completed all of the following: English 111, English 112, at least one semester of the literature requirement, Mathematics 110 or Mathematics 112 or higher level mathematics course as appropriate, at least one semester of the laboratory science requirement, and at least one semester of the history requirement. (Fall, Spring, Summer)
CHEMISTRY (CH)

Lecture courses annotated with an asterisk (*) and their corresponding laboratory courses (L) must be taken concurrently unless either the lecture course or the corresponding laboratory course was passed previously. If a student passes only one course of the combination and elects not to repeat the course that was failed, elective credit—not major, minor, or general studies credit—shall be given for the course passed.

*CH 101. (3) **Introductory Chemistry.** A course in the fundamental principles of chemistry designed for students who have not had high school chemistry or students whose curriculum requires only one year of chemistry. Acceptable for credit toward general studies and certain majors including fashion merchandising and nursing. Not applicable for credit toward a chemistry major or minor. No prerequisite. (Fall, Spring, Summer)

CH 101L. (1) **Introductory Chemistry Laboratory.** Laboratory for Chemistry 101 consisting of basic laboratory operations and techniques used in measuring physical and chemical properties. One 3-hour laboratory period per week. Special fee: $30.00. (Fall, Spring, Summer)

*CH 102. (3) **Introductory Chemistry.** Continuation of Chemistry 101. Includes an introduction to organic chemistry and biochemistry. Acceptable for credit toward general studies or a major in nursing. Not applicable for credit toward a chemistry major or minor. Prerequisite: CH 101 or 111. (Spring, Summer)

CH 102L. (1) **Introductory Chemistry Laboratory.** Laboratory for Chemistry 102 provides further experience for developing laboratory skills and illustrating concepts presented in CH 102 lecture. One 3-hour laboratory period per week. Special fee: $30.00. (Spring, Summer)

*CH 111. (3) **General Chemistry.** The fundamental principles and laws governing inorganic substances. Introductory materials, subatomic and atomic theory and structure, chemical bonding, molecular structure, chemical equations and calculations, thermochemistry, kinetic theory of matter and gas laws, and the periodic table. Prerequisites: one unit of high school chemistry or CH 101; three units of high school mathematics through Algebra II, or MA 100 as a corequisite. (Fall, Spring)

CH 111L. (1) **General Chemistry Laboratory.** Laboratory for Chemistry 111 consisting of the determination of densities, chemical formulas, combining ratios, molar masses, molecular structure, group reactivities, ion identities, and specific heats and heats of solution. One 3-hour laboratory period per week. Special fee: $30.00. (Fall, Spring)

*CH 112. (3) **General Chemistry.** Continuation of Chemistry 111. A study of chemical reactions in solution including solutions, spontaneity of reactions, free energy change, entropy change, equilibrium systems, rates of reaction, precipitation reactions, acids and bases, oxidation and reduction, and coordination compounds. The laboratory work consists of classical qualitative and quantitative procedures. A student must have a grade of C or better in CH 111 and 112 before enrolling in more advanced chemistry courses. Prerequisites: CH 111, 111L, or advanced placement. (Fall, Spring, Summer)
CH 112L. (1) **General Chemistry Laboratory.** Laboratory for Chemistry 112 consisting of the qualitative and quantitative analysis of selected chemicals; the determination of rates of reaction and equilibrium constants; and the measurement of pH and acid-base titrations. One 3-hour laboratory period per week. Special fee: $30.00. (Fall, Spring, Summer)

CH 299H. (1) **Honors Science Symposium.** A cultural, historical, and technical exploration of natural science surveying a selection of major discoveries, failed paradigms, and unresolved questions. CH 299H is open to Honors Program students having more than 48 hours' credit or by permission of the instructor. (Spring)

*CH 311. (4) **Organic Chemistry.** Basic principles of organic chemistry with reference to an integrated study of aliphatic and aromatic compounds, nomenclature, classification, reactions, mechanisms, and spectroscopy. Prerequisites: Grades of C or better in CH 111, 111L, 112 and 112L. (Fall, Spring)

CH 311L. (1) **Organic Chemistry Laboratory.** Laboratory for Chemistry 311. Illustrates organic chemistry laboratory techniques and preparations of selected organic compounds. One 3-hour laboratory period per week. Prerequisites: CH 112, 112L. Special fee: $30.00. (Fall, Spring)

*CH 312. (4) **Organic Chemistry.** A continuation of Chemistry 311, with consideration given to heterocyclic compounds, photochemistry, polymers, and natural products. Prerequisites: CH 311, 311L. (Spring, Summer)

CH 312L. (1) **Organic Chemistry Laboratory.** Laboratory for Chemistry 312. A continuation of CH 311L. One 3-hour laboratory period per week. Prerequisite: CH 311L. Special fee: $30.00. (Spring, Summer)

*CH 321. (3) **Quantitative Analysis.** Principles and techniques of gravimetric and volumetric chemical analysis. Prerequisite: grades of C or better in CH 111, 111L, 112 and 112L. (Fall)

CH 321LW. (2) **Quantitative Analysis Laboratory.** Laboratory for Chemistry 321 illustrating the principles and techniques of gravimetric and volumetric chemical analysis. Includes training in the preparation of technical reports. Two 3-hour laboratory periods per week. Prerequisites: CH 112, 112L. Special fee: $30.00. (Fall)

*CH 322. (3) **Instrumental Analysis.** Principles of operation and application of instrumental methods of chemical analysis involving spectrophotometry, spectroscopy, electroanalytical methods, and chromatography. Not applicable for credit for students taking the professional chemistry major or who may otherwise have credit for CH 432. Prerequisites: CH 311 and CH 311L. (Spring)

CH 322LW. (2) **Instrumental Analysis Laboratory.** Laboratory for Chemistry 322 consisting of experiments illustrating the calibration and operation of and use of data from instruments discussed in CH 322. Includes training in the preparation of technical reports. Two 3-hour laboratory periods per week. Prerequisites: CH 311 and CH 311L. Special fee: $30.00. (Spring)
*CH 341.  (3) **Applied Physical Chemistry.** A survey course of physical chemistry studying equilibrium thermodynamics and chemical kinetics with a focus on environmental health and life science applications. Prerequisites: grades of C or better in CH 111, 111L, 112, 112L; MA 122 or 125.  (Fall)

CH 341L.  (1) **Applied Physical Chemistry Laboratory.** Laboratory for Chemistry 341 presents diverse experimental methods for determining properties for chemical systems. Topics covered include data reduction techniques and precision analysis. One 3-hour laboratory period per week. Special fee: $30.00.  (Fall)

CH 371L.  (1) **Laboratory Arts.** Construction and repair of glass apparatus. One 3-hour laboratory period per week. Prerequisite: two years of chemistry or consent of department. Special fee: $30.00.  (Offered on sufficient demand)

CH 380.  (3) **Teaching Science in the Secondary Schools.** Examines the problems of teachers in secondary science in integrating laboratory activities into the science curriculum. Provides experiences in planning, preparation, teaching and evaluation of laboratory activities. Considers the use of technology, safety, hazardous waste, teaching resources, student textbooks, and the Alabama Course of Study. Two class periods; one 2-hour laboratory period per week. Field trip and/or term project may be required. This course cannot be used as a 300-level elective in any major or minor other than secondary education. Also listed as BI 380, ES 380, and PH 380 but creditable only in the field for which registered. Special fee: $30.00.  (Fall)

*CH 381.  (4) **Physical Chemistry.** Equations of state, equilibrium thermodynamics, and ideal and nonideal solutions. Prerequisites: Grades of C or better in CH 111, 111L, 112 and 112L; MA 126 or concurrently; PH 251.  (Fall)

CH 381L.  (1) **Physical Chemistry Laboratory.** Laboratory for Chemistry 381 consisting of experimental techniques for measuring properties of physicochemical systems. One 3-hour laboratory period per week. Special fee: $30.00.  (Fall)

*CH 382.  (4) **Physical Chemistry.** A continuation of Chemistry 381 covering multicomponent phase equilibrium, electrochemistry, physical and chemical kinetics, quantum mechanics, atomic and molecular theory, and statistical mechanics. Prerequisites: CH 381, 381L.  (Spring)

CH 382L.  (2) **Physical Chemistry Laboratory.** Laboratory for Chemistry 382 consisting of experiments in atomic and molecular spectroscopy, thermodynamics, electrochemistry, and chemical kinetics. Two 3-hour laboratory periods per week. Special fee: $30.00.  (Spring)

*CH 432.  (3) **Chemical Instrumentation.** Principles of operation and application of instrumental methods of chemical analysis requiring calculus and physical chemistry in selected problems relating to spectrophotometry, spectroscopy, electroanalytical methods, and chromatography. Prerequisites: CH 311, CH 311L, 381, 381L.  (Spring)

CH 432LW.  (2) **Chemical Instrumentation Laboratory.** Laboratory for Chemistry 432 consisting of the calibration, operation and use of data from instruments discussed in CH 432. Includes training in the preparation of technical reports. Two 3-hour laboratory periods per week. Prerequisites: CH 381, 381L. Special fee: $30.00.  (Spring)
*CH 434. (3) Advanced Inorganic Chemistry. An intensive study of selected topics of inorganic chemistry including atomic structure, acid base systems, selected groups of elements, group theory, and crystal field and ligand field theory as applied to coordination compounds. Prerequisites: CH 381, CH 381L, or concurrently or by permission of instructor. (Spring)

CH 434L. (1) Advanced Inorganic Chemistry Laboratory. Laboratory for Chemistry 434 including modern methods of synthesizing, characterizing, and measuring kinetic and thermodynamics properties of inorganic and organometallic compounds. One 3-hour laboratory period per week. Prerequisites: CH 381, CH 381L, or concurrently or by permission of instructor. Special fee: $30.00. (Spring)

*CH 437. (3) Advanced Organic Chemistry. A study of the application of spectroscopic methods to the determination of organic structures. A review of selected organic mechanisms emphasizing classical reactive intermediates, stereochemistry, photochemistry, and orbital symmetry. Introduction to natural products chemistry. Prerequisites: CH 312, 312L, 381, 381L, or by permission of instructor. (Fall)

CH 437L. (1) Advanced Organic Chemistry Laboratory. Laboratory for Chemistry 437 emphasizing the application of spectroscopic techniques such as FT-NMR (1H and 13C) and FT-IR to the characterization of organic and organometallic compounds, and requiring completion of a complex multi-step synthesis. One 3-hour laboratory period per week. Prerequisites: CH 312, 312L, 381, 381L, or by permission of the instructor. Special fee: $30.00. (Fall)

CH 441. (3) Biochemistry. Chemical interpretations of biological phenomena; compounds of biological significance as related to metabolism; carbohydrates, lipids, proteins, nucleic acids, and enzymes. Also listed as BI 441 but creditable only in field for which registered. Prerequisites: CH 312, 312L. (Fall)

CH 444. (3) Quantum Mechanics. An introduction to quantum mechanics studying the postulates, the wave equation, operator techniques, atomic and molecular structure, and spectroscopy. Also listed as PH 444 but creditable only in field for which registered. Prerequisites: CH 382, 382L, or MA 126, PH 343. (Spring)

CH 456. (3) Thermodynamics and Statistical Mechanics. Elements of classical statistical mechanics and thermodynamics with an introduction to quantum statistical mechanics. Also listed as PH 456 but creditable only in field for which registered. Prerequisites: CH 381, 381L. (Fall, even-numbered years)

CH 465. (3) Environmental Regulations. A study of the fundamental environmental laws and regulations of the United States. Primary emphasis will be on the Safe Drinking Water Act, the Clean Water Act, the Clean Air Act and the Resource Conservation and Recovery Act. Prerequisites: CH 311, 311L. (Spring)

CH 471. (1) Chemical Literature. Training in the use of chemical literature as found in technical libraries. One class period per week plus additional library assignments. Prerequisites: CH 312, 312L, 322, 322LW. (Offered on sufficient demand)
CH 480. (1) **Pre-Health Professions Internship.** Designed to provide pre-health professions (pre-medicine, pre-dentistry, pre-optometry, pre-pharmacy, pre-physical therapy, pre-occupational therapy, pre-podiatry, and pre-veterinary) students direct contact with the health professions and the variety of aspects of health care delivery through supervised observation and instruction at an approved area hospital and/or private practice. Open to junior and senior pre-health professions students with a GPA not less than 3.0 and with approval of the pre-health professions advisor. Not applicable for credit toward a major or minor in biology; may be used as a general elective. Also listed as BI 480 but creditable only in field for which registered. (Fall, Spring)

CH 495. (1-3) **Senior Research/Internship.** Independent research or internship on individual projects under faculty supervision for selected chemistry majors who have completed at least 84 credit hours with a minimum 3.0 overall scholastic average. Scheduled work and conferences require a minimum average of four hours per week per credit hour. Research or internship may be off campus at a preapproved site with credit depending on scope of project. May be repeated for a maximum of three credit hours. Students must receive departmental approval during the semester prior to enrolling in this course. Special fee: $30.00 for on-campus projects. (Fall, Spring, Summer)

**COMPUTER INFORMATION SYSTEMS (CIS)**

*Business majors must be admitted to the College of Business before enrolling in junior/senior level courses.*

CIS 125. (3) **Business Applications of Microcomputer Software.** A study of the application of microcomputer software to the business environment. Included are word processing, data management, presentation, and spreadsheet software programs. (Fall, Spring)

CIS 125H. (3) **Honors Business Applications of Microcomputer Software.** An in-depth study of the application of microcomputer software to the business environment in a non-traditional setting that encourages active student participation, critical reflection, and innovative teaching methods. (Fall, Spring)

CIS 225. (3) **Introduction to Programming with Visual BASIC.NET.** A study of programming syntax and logic and the fundamental features of current programming languages. Using Visual Basic.Net, students will learn to analyze, program, test, document, and maintain a variety of information systems solutions to business problems. Prerequisites: CIS 125 and MA 112 or any Area III math included in the General Education Component listed under *Academic Procedures and Requirements.*

CIS 236. (3) **Information Systems in Organizations.** A survey of information systems applications to support business processes, including operational, tactical, and strategic applications. Emerging and pervasive hardware, software, telecommunications, and data resource management technologies are emphasized. Security, ethics, global/international aspects, and systems integration issues are considered using the information systems (IS) framework. Prerequisites: CIS 125 and MA 112 or any Area III math included in the General Studies Component listed under *Academic Procedures and Requirements.*
CIS 315. (3) **Advanced Object Oriented Programming.** An advanced programming course with emphasis on object-oriented methodologies and concepts for solving complex business problems. This in-depth study of program control structures and best practices in software development includes advanced elements from object-oriented languages such as JAVA EE, cloud computing, client-server and service-oriented architectures and multi-tier systems. Prerequisites: CIS 225, 236 (with a grade of C or higher in both).

CIS 330. (3) **Systems Analysis and Design.** An introduction to the strategies and technologies for developing information systems (IS) within organizations. Emphasis is placed on the concepts, methodologies, and tools associated with the analysis, design, and implementation of successful systems. Prerequisites: CIS 225, 236 (with a grade of C or higher in both).

CIS 350. (3) **Multimedia in Business Reports and Meetings.** A study of the media formats and access technologies necessary to prepare and deliver business presentations enhanced by data from digital media sources. Emphasis is placed on the theoretical and practical aspects of design and implementation of digital multimedia presentations. Exposure to interactive multimedia and virtual meeting formats is included. Prerequisite: CIS 236 (with a grade of C or higher). (Fall, Summer)

CIS 366. (3) **Database Development and Management.** An introduction to the theory and practice of database design and processing within the information systems (IS) framework. This includes fundamental design concepts, technical aspects, and components of relational databases and database management systems (DBMS), and use of specific DBMS software. Also covered is the automation of tasks by writing Visual Basic for Applications (VBA) code for databases. Emphasis is placed on the importance of the management and effective use of the data resource within an organization. Prerequisites: CIS 225, 236 (with a grade of C or higher in both).

CIS 376. (3) **Web Development.** Introduction to Web development (design and creation) using current standards for client-side content delivery (e.g., XHTML and CSS). Students will learn to create and publish a multi-page, static-content website using associated applications. Special focus is given to user interface design, data presentation, and data organization. Prerequisites: CIS 225, 236 (with a grade of C or higher in both).

CIS 406. (3) **Data Communications.** A study of data communications and networking including terminology, components, and models. Communication protocols, network architectures, network security, and network operating systems are included. The management of communications networks is examined. Prerequisite: CIS 330.

CIS 420. (3) **Information Systems Seminar.** Current problems in information systems through the reading of periodicals, government publications, books, and Web pages which have had a profound effect on the rapidly changing technology. Prerequisite: 12 hours in CIS or approval of instructor.

CIS 430. (3) **Special Topics.** Select topics varying according to the need and interest of students. Prerequisite: approval of instructor.
CIS 445. (3) **Advanced Database Management Systems.** An intensive examination of organizational databases, including data validity, reliability, security, and privacy. Structured query languages and report generators will be emphasized. Distributed databases, data mining, and data warehousing are introduced. The roles of database administrator and data administrator will be explored. A current enterprise DBMS like ORACLE will be used. Prerequisites: CIS 330, 366.

CIS 446. (3) **Decision Support Using Spreadsheets.** A study of the use of spreadsheet software to analyze and summarize business data. The integration of spreadsheets with other business software and internet applications is explored. Also includes automation of tasks by writing Visual Basic for Applications (VBA) code for spreadsheets. Emphasis is placed on the importance of the management and effective use of the data resource within organizations. Prerequisite: CIS 236 (with a grade of C or higher). (Fall, Spring)

CIS 456. (3) **Desktop and Web Publishing for Business.** Applications course concentrating on the use of advanced applications for preparing promotional periodical, informational, and specialty publications with a business emphasis, including desktop publishing concepts. Study of web site creation and management, using current technologies, and the integration of databases. Includes sound, photo editing, animation, digital cameras, digital video and scanning techniques as they relate to business. Prerequisites: CIS 350, 376.

CIS 466. (3) **E-Business Technologies and Applications.** A study of the standards, tools, and techniques associated with the development of systems to support electronic business. Various aspects of security, ethics, trans-border data flows, and interoperability will be studied. Included will be technologies, such as PHP, J2EE, and other languages, data management and data communications in an e-commerce environment. Prerequisites: CIS 376, 406, 445.

CIS 475. (3) **Teaching Career-Technical Business and Marketing Education.** Techniques involved in carrying out the functions of secondary business and marketing education programs. A study of the functions of the classroom teacher/coordinator to include the appraisal of selected experiences, methods, materials, and use of multimedia resources; business/marketing lesson plans based on state courses of study and national standards; and sponsoring youth organizations. Coordination procedures are studied for conducting job opportunity surveys; problems and procedures in organizing and operating a cooperative education program; and methods of relating class instruction to on-the-job training. The philosophical foundations of career-technical education are covered, including local, state, and federal relationships in the administration of career-technical education. Research and analysis of business and marketing occupations and skill standards will be included. Prerequisite: CIS 125.

CIS 480. (3) **CIS Internship.** A work related experience in the University or other public or private organization where the student will have hands-on experience in the day-to-day operation and management of computer systems. Must be a junior or senior. Prerequisites: CIS 125 or equivalent and CIS 225 or equivalent and approval of instructor.
CIS 486. (3) Projects in Information Systems. This course integrates theoretical concepts and practical skills gained in previous information systems courses into a capstone information systems project. This course presents real-world problems through case studies and projects while emphasizing the student's communication, collaboration, technical, and problem solving skills. Prerequisites: CIS 330, 366, 406, and senior standing.

CIS 499. (3) Independent Study-Practicum. Open to senior majors on approval of the department chair. Provides for study, research, or special field experience on departmental determination, supervision, and evaluation.

CRIMINAL JUSTICE (CJ)

For criminal justice majors and minors, Criminal Justice 250 is prerequisite to all advanced criminal justice courses except Criminal Justice 390. For non-majors and minors, there are no prerequisites.

CJ 250. (3) Introduction to Criminal Justice. A survey of the elements of the criminal justice system including the nature and definition of criminal law, the functions of the police, courts and corrections as subsystems and their interrelationship within the total system. (Fall, Spring, Summer)

CJ 255. (3) Police Organization and Community Relations. A study of the organization and functions of police agencies, with special reference to state and local agencies and community relations. (Spring)

CJ 285. (3) Corrections. A survey of the historical, sociological, and philosophical development of corrections; analysis of institutional operations, programming, and management. (Summer, Fall)

CJ 295. (3) Criminal Law. A study of the historical and philosophical concepts of law, preserving life and property, offense against person and property, and common offense and defense to criminal acts. (Fall)

CJ 306. (3) Juvenile Delinquency. An analysis of the nature, causes, and extent of juvenile delinquency; and an evaluation of preventive programs. Also listed as SO 306 but creditable only in field for which registered. (Spring)

CJ 323. (3) Criminology. A study of crime and criminal behavior in American society, with special emphasis on the individual, group trends, and theories concerning treatment. Also listed as SO 323 but creditable only in field for which registered. (Fall)

CJ 326. (3) Professional Ethics and Legal Liabilities. An examination of standards and principles through which "professional misconduct" is recognized in an emerging system of ethics and law applicable to criminal justice practitioners. (Spring)

CJ 330. (3) Domestic Violence. An examination of intrafamily physical, sexual, and emotional abuse: its causes, its consequences, its extent and the manner in which social control agencies have responded to it. Also listed as WS 330 but creditable only in field for which registered. (Spring)

CJ 336. (3) Community-Based Corrections. Organization of systems of aftercare treatment of juvenile and adult offenders released under probation and parole. (Spring, Summer)
CJ 390. (3) **Substance Abuse.** A comprehensive study concerning the historical, social, and legal aspects of substance abuse. This course explores the impact of substance abuse on criminal behavior, criminal justice personnel, and the community. (Fall)

CJ 405. (3) **Criminal Investigation.** Investigation, methodology, relations of the detective with other police divisions, modus operandi, evidence development, source of information, interview, interrogation, surveillance, and courtroom testimony. (Fall)

CJ 406. (3) **Forensic Investigation.** An examination of modern forensic science principles and techniques as applied to the detection, collection, preservation and analysis of crime scene evidence. Course topics will include but are not limited to fingerprints, serological evidence, trace evidence, and other evidentiary items. (Spring, Summer)

CJ 430. (3) **Criminal Evidence.** An examination of the basic principles of evidence including but not limited to testimonial and physical evidence used in the prosecution of criminal cases. (Fall)

CJ 434. (3) **Criminal Procedure.** Examines the procedural requirements for judicial processing of criminal offenders. Topics include the concepts of evidence sufficiency, standards of proof, due process, and constitutional safeguards. (Spring)

CJ 440W. (3) **Methods and Statistics in Criminal Justice.** Examines the methodologies and statistical techniques employed by criminal justice researchers and professionals. (Fall)

CJ 450. (3) **Theory and Control of Crime.** An examination of the major theories of criminal behavior and their implications for crime control policies. (Fall)

CJ 480. (3) **Psychological Dimensions of Criminal Justice Practice.** Examines the psychological dimensions of criminal justice practice. Topics include the psychology of criminal conduct, the science of forensic profiling, the interviewing and interrogation of suspects, witnesses and victims, the interpersonal relationships among criminal justice professionals and members of the public, and other timely selected topics. (Spring)

CJ 491. (3) **Special Topics.** This course surveys a contemporary justice issue. Topics will be treated by developing a theoretical understanding of the issue, and will foster both writing and critical inquiry skills. Course may be substituted for one upper-level elective in criminal justice. (Offered upon sufficient demand)

CJ 495. (3) **Internship in Criminal Justice.** Supervised work experience with a criminal justice agency in which the student spends a minimum of 150 hours during the term under joint supervision of the agency and the University. There will be four meeting sessions during the internship period held on campus designed to evaluate and discuss the internship experience. Prerequisites: senior criminal justice majors and department chair approval. (Fall, Spring)

CJ 499. (3) **Independent Study-Practicum.** Open to senior majors on approval of the department chair. Provides for independent study, research, or practical experiences under departmental determination, supervision, and evaluation. (Fall, Spring, Summer)
COMMUNICATION (COM)

COM 120. (1) Orientation to Communications and Theatre. Description of basic academic terminology, professional opportunities, and requirements for the individual in the diverse areas of communications and theatre. Should be completed by all departmental majors as soon as possible after the major is declared. Also listed as TH 120 but creditable only in field for which registered. (Fall, Spring)

COM 200. (3) Voice and Diction. Practice in the development of a good speaking voice, with individual help in the correction of faulty speech habits. Also listed as TH 200 but creditable only in field for which registered. (Fall, Spring, Summer)

COM 201. (3) Fundamentals of Speech. Practical training in speech, with emphasis on social and professional needs. (Fall, Spring, Summer)

COM 201H. (3) Fundamentals of Speech, Honors. Accelerated training in public speaking, with emphasis on the evolution of rhetoric and speaking to a variety of audiences. This course utilizes class discussion and written responses to further encourage critical thinking skills. This course is open to students in the Honors Program and other students with departmental approval. (Fall, Spring)

COM 210. (3) Business and Professional Speech. Preparation and performance of specific speech forms appropriate to business and professional forums, including conferences and interviews. (Spring)

COM 220. (3) Basic Reporting. Fundamentals of news gathering and news writing. Two class periods; one 2-hour laboratory per week. (Fall, Spring)

COM 230. (3) Introduction to Public Relations. The history, development, and professional practices of public relations in society, including the public relations process and standards. (Fall)

COM 233. (1) Multimedia Communication. Through representative samples and demonstrations, multiple modes of communication techniques and strategies will be examined in preparing students for the optimal use of related and relevant media in their field. Must be completed by all departmental majors. (Fall, Spring)

COM 240. (3) Introduction to Radio-Television-Film Production. The basic techniques of equipment operation and production of motion picture, visual, and sound messages in the appropriate format for cable, broadcasting, and film distribution. Students will learn the primary responsibilities of operations personnel in all three areas and select one format type in which to concentrate for the production of a final class project. Students completing COM 241 and COM 242 cannot apply this class to meet UNA graduation requirements. Special fee: $30.00. (Fall, Spring)

COM 241. (3) Introduction to Radio Production and Performance. The basic techniques of operation, production, and performance of radio and audio media. Special fee: $30.00. (Fall)

COM 242. (3) Introduction to Television Production and Performance. The basic techniques of equipment operation, production, and performance of television and visual media. Special fee: $30.00. (Spring)
COM 250. (3) **Communication Writing.** Introduction to writing applicable to communications study and professionals, including scripts and advertising. Examination of representative samples. Prerequisites: EN 111, 112, or EN 121, 122. (Offered on sufficient demand)

COM 300. (3) **History of Film.** The historical development of the motion picture and television film as an art form from earliest stages to the present, including the technical, social, economic, and cultural factors influencing development, and using films from the periods and genres. Also listed as EN 315/TH 300 but creditable only in field for which registered. (Spring)

COM 306. (3) **Interpersonal Communication.** Provides a functional interpretation of interpersonal communication in societal, educational, and vocational relationships. Appropriate readings and research regarding the influence of communication between two individuals is a primary focus of the course. (Fall, Spring, Summer)

COM 308. (3) **Nonverbal Communication.** This course studies the use of symbolic transmissions outside verbal contexts. Specific topics include the influences of gestures, dress, posture, and facial expressions on both senders and receivers. (Fall)

COM 310. (3) **Foundations and Ethics.** Classical foundations of communication study, including study of representative Philosophers and Sophists. Examination of the ethical responsibilities of the communicator. (Spring, Summer)

COM 314. (3) **Mass Communication Theory.** Modern theories of mass communication messages and effects. (Fall, Summer)

COM 316. (3) **Fundamentals of Electronic Media.** A lecture course emphasizing the functions and responsibilities of electronic and film communication systems, including such areas as history, operations, regulation, economics, programming, and social responsibilities and effects. (Fall)

COM 317. (3) **Multimedia and Internet Authoring.** An introductory course in the process of creating and distributing Multimedia productions and Internet web pages. Prerequisite: COM 240 or 241 and 242. (Offered on sufficient demand)

COM 320. (3) **Political Communication.** Current topics in political communication and political campaign, including appropriate research and readings. (Fall, even-numbered years)

COM 328. (3) **Program Research.** An introduction to the research methods and findings used to evaluate telecommunication programs, with emphasis on the application of the research in decisions on program use and placement; techniques of rating services, program and commercial testing, profiling, and economic measure for both immediate and delayed feedback. Prerequisite: COM 316. (Fall)

COM 330. (3) **Group Communication.** Deals with communication theory and its applications to small groups within a variety of settings. Attention is given to the roles of the discussants and the emergence of group leaders as well as the influence communication variables have on each. (Fall, Spring)
COM 333. (3) **Film and Digital Media Production Projects.** Accentuated understanding of industry areas such as history, existing/emerging technologies, structure, regulation, operation, management, economics, social implications, or other anterior and posterior interests corresponding to film and digital media productions. (Fall, Summer)

COM 335. (3) **Television Appreciation: Programs and Perspectives.** Examination of the development of television programming content from 1948 to present. Students must have access to cable or satellite services for home viewing of classic television programs. (Offered on sufficient demand)

COM 340. (4) **Television Criticism.** Fundamentals of television criticism with emphasis on television content, visual literacy, programming genres, and social impact. Coursework will involve viewing and analysis of various types of television content including commercials, news, and some home programming. Three class periods; one 2-hour laboratory period. Prerequisite: COM 316. (Spring, even-numbered years)

COM 350. (3) **Argumentation and Debate.** An introduction to the theory and practice of argumentation and debate as they are employed by our society. This course includes a study of basic argumentative theory, burden of proof, and reasoning within both public address and debate contents. (Fall, odd-numbered years)

COM 356. (3) **Advanced Reporting.** A continuation of COM 220 with emphasis on the development of repertorial skills necessary for advanced news gathering and news writing. May include field trip. Two class periods; one 2-hour laboratory per week. Prerequisite: COM 220. (Spring)

COM 360. (2) **Speech Criticism and Analysis.** Methods of critiquing formal speeches, description of forms and styles. Permission of department and completion of COM 201 are required prior to enrollment. (Offered on sufficient demand)

COM 368. (3) **Editing.** The processes of copy editing, proofreading, headline writing, and newspaper layout. Two class periods; one 2-hour laboratory per week. Prerequisite: COM 220. (Fall)

COM 370. (3) **Feature Writing.** Theories, techniques, and practice in writing feature articles for newspapers and magazines. Two class periods; one 2-hour laboratory per week. Prerequisite: COM 220. (Fall)

COM 373. (3) **Fundamentals of Aural-Visual Production.** Hands-on experience in familiarizing students with the foundations of aesthetic values, current professional standards, and technical tools of creation. Introduction to individual elements of all three phases of production. (Fall, Spring)

COM 374. (3) **Public Relations Cases.** Study of individual cases in the practice of public relations. May include field trip. Prerequisite: COM 230. (Spring)

COM 380. (3) **Announcing.** A lecture-demonstration-performance course in effective oral and visual communications for radio and television, including techniques for delivering commercials, news, sports, interviews, features, and dramatic presentations. May include field trip. Prerequisites: COM 200, 240 or 241 and 242, 316. Special fee: $30.00. (Offered on sufficient demand)
COM 386. (3) **Gender Communication.** Examines multiple relationships between communication and gender. Emphasizes how communication creates gender and power roles and how communicative patterns reflect, sustain, and alter social conceptions of gender. Also listed as WS 386 but creditable only in field for which registered. (Fall)

COM 390. (3) **Public Relations Writing and Research.** Theories, techniques, and practice in research and writing for public relations. Coursework will involve research for and writing of news releases, public service announcements, video news releases, feature stories for a variety of mediums and brochures. Prerequisites: COM 220, 230. (Fall, even-numbered years)

COM 393W. (3) **Short Screenplay Writing.** Workshops in the craft’s most effective conventions and an introduction to constructing affective visual narratives. Exercises guide to mastery of essentials, which culminate in conceptualizing and composing an authentic work. (Fall, Spring)

COM 400. (3) **Communication Law and Regulation.** An introduction to laws and regulations affecting the media in the United States. Topics include constitutional rights including speech, press, and privacy, relevant court decisions, and current regulation of electronic media. Prerequisites: COM 310, 314. (Spring)

COM 402. (3) **Persuasion.** An analysis of the principles and techniques used in all forms of persuasive communication. The course includes both theoretical and applied work concerning the use of communication to produce specific attitudes within receivers. (Spring, even-numbered years)

COM 410. (3) **Desk-Top Publishing in Communications.** Preparation of newsletters, brochures, and small publications using current desktop publishing software. Two class periods; one 2-hour laboratory period per week. (Fall)

COM 420. (1) **Portfolio Preparation.** Issues faced by graduates upon entering graduate school or the professional world. Topics include preparation of the professional portfolio, current market trends, and long-term professional prospects. Should be completed by all departmental majors in the last semester prior to graduation. Also listed as TH 420 but creditable only in field for which registered. (Fall, Spring)

COM 430. (3) **Advanced Radio-Television-Film Production I.** Theories and practice of the production of programs and films in the communications industry. A final product suitable to the focus of the course will be required. Prerequisites: COM 240 or 241 and 242, 316, 340. Special fee: $30.00. (Offered on sufficient demand)

COM 433. (3) **Advanced Production Techniques.** Competent and consistent application of theoretical concept comprehension and principles of professional standards to the individual elements of all three phases of production through utilization of current tools in projects. Must be repeated one time for a total of six credit hours. Track One: Conventional Documentary. Track Two: Conventional Narrative. Prerequisite: COM 353. (Fall, Spring)
COM 440. (4) **Organizational Communication.** An analysis of communication within complex organizations. Areas covered include communication auditing, interviews, decision-making, communication networks, and problem solving. Three class periods; one 2-hour laboratory period per week. (Spring, odd-numbered years)

COM 442. (3) **Public Relations Campaigns.** Research, planning, management, and evaluation of public relations campaigns. Prerequisites: COM 220, 374. (Fall)

COM 450W. (3) **Senior Seminar.** Discussion of a particular topic in the field of communications and theatre and preparation of an academic paper on a subject relevant to the topic. Also listed as TH 450 but creditable only in field for which registered. (Fall, Spring)

COM 453W. (3) **Feature Screenwriting Artistry I.** In a symposium atmosphere, students familiar with the screenwriting processes will develop and refine a foundation for a successful feature length screenplay by completing a step outline and first act. Prerequisite: COM 393W. (Spring)

COM 460. (3) **Advanced Radio-Television-Film Production II.** A continuation of Radio-Television-Film 430. Prerequisite: COM 430. Special fee: $30.00. (Spring)

COM 470. (3) **Electronic Media Management and Operations.** Problems of operating a facility involved in electronic media operations, including the social, legal, and economic responsibilities of the professional manager. May include field trip. Prerequisite: COM 316. (Fall)

COM 472W. (3) **Rhetoric: Argument and Style.** An examination of the ideas in writing and speech from classical Greek origins to modern times, with a focus on composition and on analysis of essays and speeches. Also listed as EN 472W but creditable only in field for which registered. (Spring, odd-numbered years)

COM 473W. (3) **Feature Screenwriting Artistry II.** An intensive online workshop designed for students with a solid step outline and a complete first act that are dedicated to competently writing to conclude with a proficient feature length screenplay. Prerequisites: COM 393W, 453W. (Summer)

COM 480. (3) **Topics in Communication.** Detailed examination of a specific topic in the field of communication. Topic will be announced prior to scheduling of the class. May include field trip. A $30.00 special fee may be required according to the topic. (Fall, Spring)

COM 485. (3) **Agency Public Relations.** Accelerated training in agency public relations. This course will utilize class discussion and written responses to further encourage critical thinking skills. May require a field trip. Prerequisite: departmental approval required. (Offered on sufficient demand)

COM 499. (3) **Independent Study-Internship.** Independent study and research under departmental supervision or special field experience under departmental determination and evaluation. Prerequisite: departmental approval required prior to registration. (Offered on sufficient demand)
COMPUTER SCIENCE (CS)

CS 110. (3) Introduction to Computers. Introduction to the elementary concepts of computers and their uses; common microcomputer applications including word processors, spreadsheets, database systems; introduction to the Internet. (Fall, Spring, Summer)

CS 120. (3) Intermediate Computer Topics. Topics include system configuration, installation of software and hardware, advanced use of applications (macros) and an introduction to programming. Prerequisite: CS 110 or departmental approval. (Offered on sufficient demand)

CS 155. (3) Computer Science I. An introduction to the theoretical foundations of computer science, the components of algorithms and the representation of these components using a high-level programming language. Special emphasis on software development and an introduction to object-oriented programming. Prerequisites: CS 120 and MA 112 or departmental approval. (Fall, Spring)

CS 245. (3) Introduction to Discrete Structures. Sets, functions and relations, basic logic, proof techniques, basics of counting, graphs and trees, discrete probability and number systems with applications to various areas of computer science. Prerequisites: CS 155 and MA 112. (Spring)

CS 255. (3) Computer Science II. Continuation of CS 155 with emphasis on advanced programming techniques, including recursion and pointers. Introduction to elementary data structures such as queues, stacks, lists, strings, and trees. Discussion of professional ethics. Programming methodology with emphasis on object-oriented programming. Prerequisite: C or better in CS 155. (Fall, Spring)

CS 310. (3) Computer Organization and Assembly Language Programming. Overview of computer hardware organization, machine representation of numbers and characters, memory system organization and architecture. Overview of system software. Programming experience in assembly language. Prerequisite: CS 245. (Fall)

CS 311. (3) Computer Architecture. Review of Boolean algebra and the elements of logic design including a laboratory experience. Study of the theory and design of register transfer, bus structure, arithmetic unit, control unit and memory. Consideration of design options including array processors, stack-based processors, pipelining, multiprocessing and distributed systems. Prerequisite: CS 310. (Spring)

CS 315. (3) Graphical User Interface Programming. Introduction to programming for modern graphical user interfaces using a visual programming tool. Topics include integrated development environments, object-oriented design, use of components and rapid application development. Prerequisite: CS 255.

CS 335. (3) New Developments in Programming. An introduction to a topic of current interest in the field of Computer Science. Prerequisite: CS 255.
CS 355. (3) Data Structures and Algorithms. Introduction to the analysis of algorithms with regard to time and space. Methods of sorting and searching. Basic design techniques like divide and conquer, dynamic programming and backtracking. Algorithms for manipulating trees and graphs with platform independent implementation. Prerequisite: C or better in CS 255. (Fall)

CS 360. (3) Computer Networking. Introduction to computer networking including basic networking concepts and components, architecture, protocols, server types, network operating systems and network security. Prerequisites: CS 245 and CS 255. (Fall)

CS 390. (3) Software Development in Ada. A study of software development techniques with the use of the programming language Ada. Emphasis on abstraction, generic subprograms and packages. Prerequisite: CS 255. (Offered on sufficient demand)

CS 410W. (3) Programming Languages. Formal study of programming language concepts: syntax; characteristics of grammars such as context-free and ambiguous; Backus-Naur Form; organization of programming languages such as block structure, list processing, etc. Prerequisite: CS 255. (Fall)

CS 420. (3) Operating Systems. History, overview, and principles of operating systems with emphasis on process, memory and device management, concurrency, system performance, file systems, and security. Contemporary operating systems will be investigated. Multi-processors, real-time and embedded systems, and distributed processing will also be presented. Prerequisites: CS 310, Prerequisite/Corequisite: CS 355. (Fall)

CS 421. (3) Automata Theory and Compiler Construction. Definition of formal grammars, mathematical machines and their relationships. Description of compiler writing techniques and their application on a simple language. Prerequisite: CS 355. (Spring)

CS 447. (3) Theory and Applications of Database Systems. Introduction to database systems, including the history of the development and basic concepts of the major types of database systems, inquiry systems and experience with a database model. Prerequisite: CS 255. (Fall)

CS 455. (3) Software Engineering. A study of all the phases in a software system's life cycle including analysis, specification, design, implementation, testing, and maintenance. A continued emphasis on problem solving concepts integrated within the treatment of the software life cycle, requirements specifications, and verification and validation issues. Prerequisite: CS 355. (Spring)

CS 470. (3) Artificial Intelligence. A survey of topics including knowledge representation and reasoning, expert systems, informed and uninformed search algorithms, search and constraint satisfaction, and the use of artificial intelligence languages. Prerequisite: CS 355. (Spring)

CS 490. (3) Senior Seminar. Computer science topics selected according to the needs of the students. Prerequisite: departmental approval. (Offered on sufficient demand)
ECONOMICS (EC)

Business majors must be admitted to the College of Business before enrolling in junior/senior level courses.

EC 251. (3) **Principles of Macroeconomics.** An introduction to basic macroeconomic principles. Analysis of the determination of national income, employment, output, and prices. (Fall, Spring, Summer)

EC 251H. (3) **Honors Principles of Macroeconomics.** An in-depth introduction to basic macroeconomic principles, including linkages to philosophy and political systems. Analysis of the determination of national income, employment, output, prices, and philosophical underpinnings, comparative economic systems, and political/economic issues. (Spring)

EC 252. (3) **Principles of Microeconomics.** An introduction to the price system and theory of the firm. Application of microeconomic theory to current economic issues. (Fall, Spring, Summer)

EC 320. (3) **Economic Growth and Development.** An analysis of the major causes and effects of economic underdevelopment. Specific problems and their possible solutions will be studied. Prerequisites: EC 251, 252. (Offered on sufficient demand)

EC 321. (3) **Economic Geography.** A study of the basic concept of natural resources, their relationship to world economics with the emphasis on primary production. Also listed as GE 321 but creditable only in field for which registered. (Fall)

EC 322. (3) **Business Geography.** An empirical and theoretical spatial analysis of the various economic, population and social facets of local, regional and global economics. In addition, this course covers concepts such as business site selection, market analysis, and product distribution through the analysis of imports and exports. Also listed as GE 322 but creditable only in field for which registered. (Offered on sufficient demand)

EC 330. (3) **Comparative Economic Systems.** An analysis of capitalistic, socialistic, and communistic economies. Specific nations operating within the guidelines of each type of system will be examined with respect to pertinent theoretical concepts, historical trends, and current operational procedures. Prerequisites: EC 251, 252. (Offered on sufficient demand)

EC 340. (3) **Economics of the Firm.** Intermediate level microeconomic theory including demand theory and estimation, production theory, cost theory and estimation, market structure, and pricing. Prerequisites: EC 251, 252. (Fall, Summer)

EC 341. (3) **Intermediate Macroeconomic Theory.** A survey of contemporary macroeconomic theory, with emphasis on the determination of employment, national income, and an examination of monetary and fiscal policies. Prerequisites: EC 251, 252. (Spring)

EC 371. (3) **Labor Issues and Legislation.** A study of economic principles relating to labor, including the historical development of unionism, collective bargaining, labor disputes, the labor force, the labor market, labor legislation, and wage determination. Prerequisites: EC 251, 252.
EC 391.  

(3) **Money and Banking.** The relation of money to prices, employment and business activity. Analysis of money and capital markets, interest rate determination, and Federal Reserve control of the money supply. Also listed as FI 391 but creditable only in field for which registered. Prerequisites: EC 251, 252. (Fall, Spring)

EC 415.  

(3) **Regional and Urban Economics.** Analysis of problems and variables affecting development, growth, and industrialization of regional and urban areas. Prerequisites: EC 251, 252. (Offered on sufficient demand)

EC 425.  

(3) **Contemporary Economics and Finance Problems.** Application of economic and financial theory to problems or issues in economics and finance. Also listed as FI 425 but creditable only in field for which registered. Prerequisite: approval of department chair. (Fall)

EC 428.  

(3) **History of Economic Thought.** A survey of the theories developed by the principal economic thinkers of history. The Greeks; scholastics; Malthus and Ricardo, Socialism and Marx; the marginal school; Neoclassical economics, Keynesian and contemporary thought. Prerequisites: EC 251, 252. (Fall)

EC 453.  

(3) **Public Finance.** Economic activities of the public sector. The nature of public goods; principles of taxation; effects of policy on economic stabilization and growth; intergovernmental fiscal relations. Also listed as FI 453 but creditable only in field for which registered. Prerequisites: EC 251, 252. (Spring)

EC 454.  

(3) **Business and Government Relations.** Application of economic principles to the relationship between the government and the private sector of the economy. Statutory and administrative regulation of business, social responsibility of business. Prerequisites: EC 251, 252. (Offered on sufficient demand)

EC 463.  

(3) **International Trade and Finance.** The international exchange of goods and services with particular attention to the bases of international trade; procedures in importing and exporting; commercial policies and treaties; foreign investments; balance of payments; tariffs, quotas, and other exchange controls. Also listed as FI 463 but creditable only in field for which registered. Prerequisites: EC 251, 252. (Fall, Spring)

EC 473.  

(3) **United States Economic History.** The economic forces in agriculture, manufacturing, commerce, finance, transportation, and labor. The colonial age, the agricultural era, and the industrial state in America. Also listed as HI 473 but creditable only in field for which registered. (Fall)

EC 480.  

(3) **Economics Internship.** A work related experience in a private, public, or governmental organization enhancing the applications of economic theories and concepts. Must be a junior or senior. Prerequisites: EC 340, 341, and approval of department chair.

EC 499.  

(3) **Independent Study-Practicum.** Open to senior majors on approval of the department chair. Provides for study, research, or special field experience under departmental determination, supervision, and evaluation.
EARLY CHILDHOOD EDUCATION (ECE)

ECE 306. (3) Arithmetic for Early Childhood Education. Practical techniques and methods of guiding the learning experiences of the young child in arithmetic. The development and use of teaching materials and equipment in the early childhood education program, with emphasis on informal explanation and experimentation in Grades K-2.

ECE 309. (3) An Introduction to Elementary Education. An introduction to elementary education; its importance to the total education sequence and curriculum.

ECE 312. (3) Creative Arts for Children. To help the teacher of children develop an understanding of process and product in the creative arts. The learning setting, activities, and techniques for helping children explore, discover, and practically apply creative problem-solving through the creative arts will be studied. Special fee: $30.00.

ECE 410W. (6) Reading and the Language Arts in Early Childhood Education. Prepares teachers to help children learn how to communicate well, to communicate to their fullest potential, and to enjoy the process of communication in the areas of listening, speaking, reading, and writing during their early school years. Practical techniques, theory, materials, and methods for guiding the young child in initial reading and language arts instruction are presented. Prerequisite: admission to teacher education.

ECE 472. (6) Early Childhood Internship. Supervised observation, the study of learners, the study and use of desirable teaching methods in learning situations, grades preschool through grade three. The internship is a full day experience. Prerequisite: completion of all professional education courses, including ECE 474, HES 362. Special fee: $60.00. (Fall, Spring)

ECE 474. (3) Early Childhood Programs. Practical techniques for the teacher of pre-kindergarten and kindergarten children. Emphasis is placed on developmentally appropriate curriculum and program development as well as the needs of the pre-kindergarten and kindergarten child. Prerequisite: admission to teacher education.

ECE 497. (1-3) Special Topics in Early Childhood Education. Detailed examination of a specific topic in the field of early childhood education. Topic will be announced prior to the scheduling of the class. A special fee may be required according to the topic and course content. This course may be taken a maximum of two times for credit. Prerequisite: departmental approval. (Offered on sufficient demand)

EDUCATION (ED)

See enrollment restrictions.

ED 292. (1) Preprofessional Seminar and Laboratory Experience. Observation, participation, and orientation to the realities of the public school classroom. On-campus seminars supplemented by off-campus experience in public school classes. Available only to students with at least 45 hours. (Fall, Spring)
ED 299. (3) **Human Growth and Development.** Characteristics of and interrelationships among the physical, mental, social, and emotional aspects of human growth and development. Not applicable for credit toward a psychology major or minor. (Fall, Spring, Summer)

ED 299H. (3) **Honors Human Growth and Development.** Detailed study of the characteristics of and interrelationships of the physical, mental, social and emotional aspects of human growth and development. This course is an in-depth study of the process of human development across the life span. It is designed to thoroughly acquaint the honors student with the facts of physical growth and the accompanying intellectual, emotional, and social changes throughout a person's development.

ED 331. (3) **Historical and Philosophical Foundations of American Education.** The historical development of the major education movements and philosophies which underlie present-day American education. (Fall, Spring, Summer)

ED 333W. (3) **Educational Psychology.** Individual differences, the principles of learning and the maintenance of a good learning atmosphere in the classroom. Prerequisite: admission to teacher education. (Fall, Spring, Summer)

ED 340. (3) **Introduction to Teaching English as a Second Language.** This course is designed to introduce the history, principles, philosophy, laws pertaining to and best practices of teaching English as a Second Language (ESL). Additionally, it is designed to create an awareness and appreciation of the challenges and rewards inherent in working with limited English proficiency students and parents in schools and in the community.

*ED 381. (3) **Instructional Technology for the High School.** An introduction to the role of technology as a teaching, learning and management tool in today's classroom. The course will develop skills needed to integrate the current technology into the instructional process, with special emphasis on using instructional software in the secondary classrooms. (Fall, Spring, Summer)

ED 382. (3) **Principles of High School Education.** The scope, function, organization, curriculum, and principles and practices in high schools. Prerequisites for undergraduate students: ED 333, 481. (Fall, Spring, Summer)

ED 401. (3) **Evaluation of Teaching and Learning.** The construction of classroom tests, elementary statistical treatment of test scores, and the critical evaluation of various educational measurement devices. Prerequisites for undergraduate students: ED 333, 481. (Fall, Spring, Summer)

ED 402. (3) **Teaching in the Middle School.** Philosophy and organization of middle schools, characteristics of middle school students, organization of materials, teaching methods appropriate for grades 5-8. (Spring, every other year on sufficient demand)

---

*Fulfills computer literacy requirement.
ED 415. (3) **Methodology and Assessment of Teaching English as a Second Language.** This course examines the best practices of teaching and assessing ESL/LEP students and allows opportunities to apply this knowledge. This course will also review and evaluate current ESL instructional materials and examine and apply ways to modify and adapt content materials to better serve students who have limited English proficiency.

ED 478. (1) **Teaching Reading in the Content Areas.** The identification and evaluation of reading skills with an emphasis on developing competencies and constructing reading exercises to improve skills using the content materials of secondary school subjects. (Fall, Spring, Summer)

ED 480W. (3) **Materials and Methods of High School Teaching.** Unit organization of materials and lesson planning; general methods of teaching and classroom management; teaching methods in major fields. Prerequisite for undergraduate student: ED 382. (Fall, Spring)

ED 482. (3-12) **High School Student Internship.** Supervised observation and teaching in high school classes; the study and use of materials of instruction, and the use of desirable teaching methods in learning situations. Prerequisite: completion of all professional education courses. Special fee: $60.00. (Fall, Spring)

ED 484. (3-12) **Multilevel Student Internship.** Supervised observation and teaching in learning situations from the nursery school through the twelfth grade; the study and use of materials of instruction, and the use of appropriate teaching methods. Prerequisite: completion of all professional education courses. Special fee: $60.00. (Fall, Spring)

ED 497. (1-3) **Special Topics in Education.** Detailed examination of a specific topic in the field of education. Topic will be announced prior to the scheduling of the class. A special fee may be required according to the topic and course content. This course may be taken a maximum of two times for credit. Prerequisite: departmental approval. (Offered on sufficient demand).

**ELEMENTARY EDUCATION (EED)**

EED 305. (3) **Social Studies for the Elementary School Teacher.** Background for social studies instruction. Attention also will be given to teaching methods and aids.

*EED 324. (3) **Instructional Technology.** An introduction to the theory and practice of integrating technology in the instructional process. Prerequisite: admission to teacher education.

EED 373W. (3) **Teaching the Language Arts — Grades 3-6.** Designed to develop an understanding of the content, organization, and procedures for teaching the language arts skills in the elementary school. Prerequisite: admission to teacher education.

EED 374. (3) **First Year Teacher.** A practical study of the realities and complexities of teaching in today's elementary schools with emphasis on knowledge/skills necessary for a successful initial teaching experience. Special focus on the unique experiences associated with the first year including professional responsibilities, teacher-evaluation, and self-improvement. Prerequisite: admission to teacher education.
Courses of Instruction 235

EED 401. (3) Evaluation of Teaching and Learning. The construction of classroom tests, elementary statistical treatment of test scores, and the critical evaluation of various educational measurement devices. Prerequisite: admission to teacher education.

EED 405. (3) Evaluation and Remediation of Reading Problems. An analysis of reading disabilities in elementary children, with an emphasis on evaluating these reading difficulties and planning appropriate interventions. Prerequisites: EED 401 and admission to teacher education.

EED 415. (3) Teaching Reading in the Middle/Upper Elementary Grades (3-6). A study of research-based instructional practices for middle and upper elementary students (grades 3-6). Emphasis on cognitive strategies used by proficient readers to achieve comprehension. Prerequisite: admission to teacher education.

EED 472. (6-12) Elementary Education Internship. Supervised observation, the study of learners, the study and use of desirable teaching methods in learning situations, grades kindergarten through six. Each intern will have two grade placements during the semester. One placement will be in a lower elementary grade and one placement will be in an upper elementary grade. The student internship experience is a full day, full semester experience. Prerequisite: completion of all professional education courses. Special fee: $60.00. (Fall, Spring)

EED 497. (1-3) Special Topics in Education. Detailed examination of a specific topic in the field of elementary education. Topic will be announced prior to the scheduling of the class. A special fee may be required according to the topic and course content. This course may be taken a maximum of two times for credit. Prerequisite: departmental approval. (Offered on sufficient demand).

SPECIAL EDUCATION (EEX)

EEX 340. (3) Introduction to Students with Disabilities. A survey course in the education of students with disabilities. This course provides information on the various disabilities and facilitates an understanding of the basic special education services and adaptations provided to individuals with disabilities and students who are culturally different. Prerequisite: admission to teacher education.

EEX 341. (3) Accommodating Student Diversity in K-6 Classrooms. Providing for student diversity in the regular classroom with emphasis on students with disabilities. Prerequisites: EEX 340 and admission to teacher education.

EEX 350. (3) Classroom Management. An overview of theory and practice in establishing and maintaining classroom environments that maximize the learning experience. Overview of popular approaches to maintaining discipline and managing the classroom experience. Survey of data-based approaches to program design and individualization of instruction. Emphasis on applied behavior analysis techniques for control of classroom behavior and for accelerating academic learning. Prerequisite: admission to teacher education.
ENGLISH (EN)

Completion of one sophomore literature course and concurrent enrollment in the second sophomore literature course is prerequisite to all courses in English numbered 300 and above.

EN 099. (0) **Basic English.** A noncredit course in basic grammar and composition required of all students with scores of 15 or below on the ACT English Subtest. Counts as three semester hours in determining hour load. Grading is S (Satisfactory) or U (Unsatisfactory). On a grade of U the student may repeat the course; on a grade of S the student proceeds to enrollment in English 111. English 099 may be repeated only once; after the second term in English 099 the student, no matter what the grade, must proceed to enrollment in English 111. (Fall, Spring)

EN 101. (2-4) **English as a Second Language I.** An introduction to spoken and written English for students who are not native speakers of the language. Placement by TOEFL examination and/or by departmental recommendation only.

EN 102. (2-4) **English as a Second Language II.** A continuation of training in spoken and written English for students who are not native speakers of the language. Prerequisite: EN 101 or departmental placement.

EN 111. (3) **First-Year Composition I.** An introduction to expository writing, rhetoric, and reading. The acquisition of the basic skills in standard English is stressed. Grades in EN 111 are A, B, C, NC (no credit). Students receiving a grade of NC must repeat the course. (See Department of English narrative) (Fall, Spring, Summer)

EN 112. (3) **First-Year Composition II.** A continuation of training in expository writing and reading, stressing the acquisition of higher-level skills in standard English and the introduction to the basic tools and processes of academic research. Grades in EN 112 are A, B, C, NC (no credit). Students receiving a grade of NC must repeat the course. (see Department of English narrative) Prerequisite: EN 111. (Fall, Spring, Summer)

EN 121. (3) **First-Year Composition Honors.** Accelerated training in expository writing and reading taken in lieu of English 111 by superior freshman students selected on the basis of placement tests. Grades in EN 121 are A, B, C, NC (no credit). (See Department of English narrative) Students receiving a grade of NC in English 121 must enroll in the regular Freshman English sequence, beginning with English 111. (Fall)

EN 122. (3) **First-Year Composition Honors II.** A continuation of the accelerated training begun in English 121, stressing the development of advanced skills in several modes of composition as well as the acquisition and development of skills in academic research. Grades in EN 122 are A, B, C, NC (no credit). (See Department of English narrative) Students receiving a grade of NC in English 122 complete the sequence by enrolling in English 112. Prerequisite: EN 121. (Spring)

EN 211. (3) **Survey of English Literature.** The development of English literature as an expression of English culture from Beowulf through Neoclassicism. (Fall, odd-numbered years; Summer, odd-numbered years)
EN 212. (3) **Survey of English Literature.** A continuation of English 211 from the Pre-Romantics to the present. Recommended in sequence. (Spring, even-numbered years; Summer, even-numbered years)

EN 221. (3) **American Literature through Whitman.** Major American poets and prose writers of the period. (Fall, odd-numbered years; Summer, even-numbered years)

EN 222. (3) **American Literature from Whitman to the Present.** Major American poets and prose writers of the period. Recommended in sequence. (Spring, even-numbered years; Summer, odd-numbered years)

EN 231. (3) **Literature of the World I.** A survey of selections from the great literature of the world, covering major writers of the Ancient World to 1650. Prerequisite: EN 112 or 122. (Fall, Spring, Summer)

EN 232. (3) **Literature of the World II.** A study of the great works of world literature, covering major writers from 1650 to the modern era. Prerequisite: EN 112 or 122. (Fall, Spring, Summer)

EN 233. (3) **Honors Literature of the World I.** An intensive survey of the literature of the world from antiquity to 1650. In-depth reading in the works of selected authors will be required and written reports and/or research projects will be expected of each student. Prerequisite: EN 122 or departmental approval. (Fall)

EN 234. (3) **Honors Literature of the World II.** An intensive study of the literature of the world from 1650 to the modern age. In-depth reading of the works of selected authors will be required and written reports and/or research projects will be expected of each student. (Spring)

EN 300W. (3) **Technical Writing.** Training in such writing as may be necessary in certain professional and scientific fields. Emphasis is placed on writing of memoranda, letters, technical reports, and research reports. (Spring, odd-numbered years; Summer, even-numbered years)

EN 301. (3) **Romantic Poetry.** Extensive reading in Wordsworth, Coleridge, Byron, Shelley, and Keats. (Fall, even-numbered years)

EN 302. (3) **Romantic and Victorian Poetry.** Extensive reading in the works of major poets of two important literary periods. (Fall, odd-numbered years)

EN 303. (3) **Restoration and Eighteenth-Century British Literature.** Extensive reading in Restoration and Eighteenth-Century British Literature. (Spring, odd-numbered years)

EN 304. (3) **Honors Seminar–Literature.** A seminar for students in the honors sequence in English. Concentrated study in specific narrow areas of literature. Prerequisite: 12 hours of honors courses in English or departmental approval. (Fall)

EN 305. (3) **African-American Women Writers.** An examination of the writings of African-American women beginning with the slave narrative and ending with contemporary poetry, fiction, and drama. Also listed as WS 305 but creditable only in field for which registered. (Offered on sufficient demand)

EN 306. (3) **Introduction to English Linguistics.** Introduction to concepts of English linguistics such as phonology, morphology, syntax, acquisition, and variation. (Fall, even-numbered years)
EN 307. (3) **Approaches to Film Studies.** An introduction to the study of cinema, including analysis of film language (cinematography, editing, sound, and mise-en-scene) as well as narrative construction. Films and clips are drawn from various national cinemas, representing diverse styles, periods, and genres. (Fall, Spring)

EN 309. (3) **Film Theory and Criticism.** An introduction to film theory and criticism, focusing on the theorists, movements, and critical practices in film studies. (Spring)

EN 315. (3) **History of Film.** The historical development of the motion picture and television film as an art form from earliest stages to the present, including the technical, social, economic, and cultural factors influencing development, and using films from the periods and genres. Also listed as COM 300/TH 300 but creditable only in field for which registered. (Spring)

EN 323. (3) **Literature for Young Adults.** Literature suitable for instructional and recreational use by middle school/junior high school and high school students. Open to English Language Arts majors only. (Spring, even-numbered years; Fall, odd-numbered years)

EN 324. (3) **The Oral Tradition.** An examination of the structure, genres, and differing attitudes of written and oral literature as well as those periods in literary history in which oral literature has flourished. (Spring, odd-numbered years; Summer even-numbered years)

EN 331. (3) **Studies in Contemporary Global Literature.** Concentrated study of one aspect of contemporary literature written outside of Britain and the US. The course may be focused by geographical region, by genre, or by topic. Texts not originally written in English will be studied in translation. Variable content course which may be repeated once. (Spring, odd-numbered years)

EN 333. (3) **Images of Women in Literature.** An examination of images of women in literature drawn primarily from the works of women writers in English and American literature of the nineteenth and twentieth centuries; an introduction to feminist criticism. Also listed as WS 333 but creditable only in field for which registered. (Spring, even-numbered years)

EN 341W. (3) **Advanced Composition.** Practice in expository writing beyond that offered by Freshman Composition. (Fall; Spring, odd-numbered years)

EN 360. (3) **Literary Criticism.** Major critical trends in literary theory, with emphasis on criticism since 1965, including feminist, Marxist, structuralist and deconstructive approaches to literature. Exploration on these theories and analysis of selected works of literature. (Spring, odd-numbered years)

EN 371. (3) **English Drama.** English Drama from its sources through the nineteenth century, excluding Shakespeare. (Offered on sufficient demand)

EN 391. (3) **Film Authors.** An intense study of the films of a major filmmaker or group of filmmakers, with an emphasis on how their work contributed to the development of the art of film. Students will become
engaged with directors from around the world who, based on their body of work, help one see the cultural, historical, and social significance of their works in cinematic history. (Spring, even-numbered years)

EN 392. (3) Film Genres. The course focuses on a particular film style or genre with particular emphasis on genre study. Sample topics might include Film Comedy, Science Fiction, The Western, Avant-Garde Film, Documentary Film, German Expressionism, Neorealism. (Fall, odd-numbered years)

EN 393W. (3) Short Screenplay Writing. Workshops in the craft’s most effective conventions and an introduction to constructing affective visual narratives. Exercises guide to mastery of essentials, which culminate in conceptualizing and composing an authentic work. (Fall, Spring)

EN 394. (3) Perspectives in European Film. A survey of selected or individual European cinemas with a focus on major narrative films and the cultural and historical contexts from which they derive. (Fall, even-numbered years)

EN 395. (3) World Cinema. A survey of key tendencies in international cinema from the silent era to the present day. (Offered on sufficient demand)

EN 396W. (3) Writing about Film. An introduction to the instruction and practice in the techniques of writing essays about film. Writing assignments might include reviews, research papers, theoretical inquiries, scholarly articles, or critical analyses. (Fall, odd-numbered years)

EN 401. (3) Chaucer. The Canterbury Tales, Troilus and Criseyde, and most of the minor poems. (Fall, even-numbered years)

EN 402. (3) Milton. Although some prose works are studied, the emphasis is upon Milton as a poet. (Fall, odd-numbered years)

EN 403. (3) Shakespeare. Major plays for understanding and appreciation. (Fall)

EN 405. (3) African-American Literature. An investigation of the development of African-American literature and an examination of selected writers of poetry, drama, fiction, and nonfiction. (Fall, odd-numbered years)

EN 439W. (3) Technical Editing. Training in copy editing and practice in substantive editing skills in content, organization, and format. Students will focus on using typographic conventions, scientific symbols, style manuals, and publication guides. (Fall, even-numbered years)

EN 441. (3) History of the English Language. Development of the English language and of modern English usage. (Offered on sufficient demand)

EN 442. (3) Survey of Grammar. A study of contemporary English grammar comprising primarily morphology and syntax, with discussion of register and dialect. (Spring, odd-numbered years)

EN 443. (3) Instruction of Composition. Approaches to and practice in the instruction of English composition. Open to English Language Arts majors only. (Fall, odd-numbered years; Spring)

EN 445W. (3) New Media Writing. A combination of theory and application of new media writing - electronic, interactive, and multi-media text. (Spring, even-numbered years)
EN 450. (3) **Studies in American Folklore.** A study of the sources, backgrounds, and forms of American folklore. Introduction to the field. Emphasis is given to research methods and to field work. (Spring, even-numbered years)

EN 451. (3) **The American Novel.** From the beginning of the American novel to the twentieth century. (Spring, even-numbered years)

EN 452. (3) **The American Novel.** Intensive study of the works of selected American authors. (Offered on sufficient demand)

EN 453. (3) **The English Novel.** Representative works in the development of the English novel. (Spring, even-numbered years)

EN 454. (3) **The English Novel.** Intensive study of selected English authors. (Spring, odd-numbered years)

EN 455W. (3) **Creative Writing.** A practical approach to learning literary techniques through lecture, discussion, and conference with the instructor on individual student works. (Fall)

EN 456W. (3) **Advanced Creative Writing.** A practical approach to literary techniques and writing for publication, with special emphasis on structure, theme, and characterization. Class discussion will be supplemented by conferences with the instructor. Prerequisite: EN 455. (Spring, even-numbered years)

EN 460. (3) **Literature of the American Frontier.** Designed to expose students to works representative of a specific genre (frontier literature) and to a specific type of character (the frontier hero). Beginning with a look at the ancestral background with authors such as James Fenimore Cooper, and moving forward to such modern writers as Cormac McCarthy, the course will examine those traits that have served to mythologize the frontier hero, making him/her one of the most popular and enduring of American literary figures. (Offered on sufficient demand)

EN 463. (3) **Contemporary World Literature.** A study of the changing forms and themes of recent world literature from 1950 to the present. (Fall, odd-numbered years)

EN 464. (3) **The Contemporary American Novel.** A study of the changing forms and emerging themes of the American novel since 1950. (Fall, even-numbered years)

EN 465. (3) **Contemporary Poetry.** Extensive reading in the works of contemporary British and American poets, with emphasis on their relationship to the literary traditions of the past and their innovations and experiments in matter and form. (Spring, even-numbered years)

EN 472W. (3) **Rhetoric: Argument and Style.** An examination of the ideas in writing and speech from classical Greek origins to modern times, with a focus on composition and on analysis of essays and speeches. Also listed as COM 472W but creditable only in field for which registered. (Spring, odd-numbered years)

EN 489W. (3) **Professional Writing Portfolio Workshop.** This three-credit writing workshop is the capstone course for those English majors pursuing the option in Professional Writing. Each student will create a Professional Writing Portfolio to be submitted for departmental assess-
ment. Each portfolio will be evaluated on a pass/fail basis by three English Department faculty members. Students who successfully complete EN 489W will have their Professional Writing Portfolio Hold released so that they can file for graduation; students who fail EN 489W must subsequently register for an Independent Study to revise their portfolios for another pass/fail assessment. (Spring, odd-numbered years)

EN 490. (3) **English Internship/Practicum.** Special problems and projects emphasizing practical experience in professional job situations in writing through field assignments under departmental supervision. Prerequisite: written permission of the chair of the department. (Fall, Spring, Summer)

EN 494. (3) **Special Topics in Film Studies.** A study of a selected period or subject in film. Topics might include censorship in cinema; women in film; avant-garde cinema; national cinemas; film movements; spirituality in film; race and cinema; film rhetoric; or adaptation. (Spring, odd-numbered years or on sufficient demand)

EN 495. (3) **Selected Topics in Writing.** Designed to provide concentrated study in specific areas of written composition. (Offered on sufficient demand)

EN 496. (3) **Selected Topics in English Literature.** Concentrated study in narrow areas of English literature. (Spring, odd-numbered years, if demand sufficient)

EN 497. (3) **Selected Topics in American Literature.** Concentrated study in narrow areas of American literature. (Fall, even-numbered years, if demand sufficient)

EN 498. (3) **Selected Topics in Literature.** Concentrated study in specific narrow areas of world literature. (Spring, even-numbered years, if demand sufficient)

EN 499. (3) **Independent Study.** Open to senior majors on approval of department head. Provides for independent study or research under departmental determination, supervision, and evaluation. Prerequisite: written permission of the chair of the department. (Fall, Spring, Summer)

**ENTERTAINMENT INDUSTRY MANAGEMENT (ENT)***

ENT 225. (3) **Survey of the Music Industry.** Various aspects of the music industry are covered including music publishing, the record company, studio techniques, and production. (Fall, Spring)

ENT 235. (3) **Audio in a Multimedia Environment.** Examines the what, how, and why of sound and related technologies. Students will gain an understanding of the aural world around them and will examine the histories, methods, and practices that surround audio. Special fee: $30.00. (Spring)

ENT 300. (3) **Songwriting and Analysis.** The art, craft, and business of writing contemporary popular songs is studied through analysis of popular songs on the music trade publication charts, practical original song composition, and participation in listening workshop experiences. Prerequisite: MU 100 or equivalent, or departmental approval. Special fee: $30.00. (Spring)
ENT 325. (3) **Music Publishing.** Covers publishers’ and writers’ obligations, different forms and laws of copyright protection, royalties, and foreign publishing. Prerequisite: ENT 225. (Fall)

ENT 329. (3) **Record Company Operations.** How a record company operates. Association between recording company and artists, managers, bookers, publishers, and studios. Prerequisite: ENT 225. (Spring)

ENT 335. (3) **Survey of Audio Recording.** Audio recording techniques of professional studio recording are studied including basic audio electronics, analog and digital tape machines and related outboard recording gear, microphones, studio set-up; and recording, mixing, editing, and engineering functions of studio recording. The relative place and significance of recording studio operations is presented. Departmental approval required. Special fee: $30.00. (Fall, Spring)

ENT 345. (3) **Artist Management and Touring.** An analysis of the performing artist’s management team and income streams associated with personal appearances, including discussions of contractual considerations. Topics include representation, talent agencies, and touring. Prerequisite: ENT 225. (Spring)

ENT 425. (3) **Recording Techniques.** The technical characteristics, appropriate functioning, and skill-development associated with all components of the recording studio will be studied including such topics as digital and analog recording, studio maintenance, mixing, overdubbing, editing, tape machine alignment, recording session engineering and control room tuning. Prerequisite: ENT 335. Special fee: $30.00. (Fall)

ENT 426. (3) **Production.** Production roles, artist roles, and financial roles from conception to the finished recording. Students are responsible for finding recording artists and completing the pre-production, in-studio, and post-production phases of the recording process. Prerequisite: ENT 335. Special fee: $30.00. (Spring)

ENT 430. (3) **Music Technology and Midi.** Musical Instrument Digital Interface (MIDI) instrumentation and their application to practical recording use will be studied including sampling, synthesized sound generation, computers and orchestral instrument sound generators. Practical recording exercises will follow student creative project preparation. Prerequisite: ENT 335. Special fee: $30.00. (Fall)

ENT 435. (3) **History of Recorded Music.** Study of commercial music recording from early American popular music and ballads through the various popular music styles of blues, jazz, rock and other significant genres of recorded music through the present day. Selected examples from the various commercial music charts will be studied, analyzed, and evaluated to discover significant emerging and continuing patterns of recorded styles. (Fall)

ENT 470W. (3) **Entertainment Industry Law.** A study of procedures, principles, and practices of law and management in the entertainment industry including such areas as intellectual property rights, artists, contracts and negotiations, and other legal and managerial issues associated with the performing arts. Preparation of papers on related issues. Prerequisite: ENT 225. (Spring)
ENT 480. (3) **Senior Seminar.** This course has three major components. Focus on preparation, review, and completion of an exit exam. Extensive preparation and counseling for internship experience and placement. Completion of entertainment industry related capstone project or paper. Prerequisites: ENT core and senior standing. (Fall, Spring)

ENT 490. (1-3) **Special Topics.** Topics selected for investigation and reports from the field of entertainment with departmental approval. May be repeated, but may not exceed a total of three semester hours. (Fall, Spring, Summer)

ENT 492. (1-3) **Singing River Records.** Training and practical experience in the making and marketing of recordings. Students run the record company as a business with actual profits and/or losses. Prerequisite: departmental approval. (Fall, Spring)

ENT 495. (3) **Entertainment Internship/Practicum.** Selected problems and practice emphasizing actual professional work situations in the field of entertainment through special study, projects or field experience under departmental supervision and evaluation. May be repeated once. Prerequisites: completion of all entertainment course work and at least 100 semester hours toward the degree plus departmental approval. (Fall, Spring, Summer)

**EARTH SCIENCE (ES)**

ES 121. (4) **Earth Science.** Major concepts of astronomy, geology, oceanography, and meteorology with selected examples of interrelationships. The laboratory will consist of exercises in astronomy, meteorology, oceanography, and geology (rocks, minerals, maps). Three class periods; one 2-hour laboratory period each week. Saturday field trip may be offered. (Fall, Spring, Summer)

ES 121H. (4) **Honors Earth Science.** This course presents students with the opportunity to understand the four components of the Earth systems (atmosphere, biosphere, lithosphere and hydrosphere) and how they interact through feedback mechanisms to maintain conditions favorable for the continuing support of life. Students will demonstrate understanding through a series of written assignments, presentations and laboratory exercises designed to promote critical thinking through analysis of assigned readings drawn from scientific journals and textbooks, Internet reading assignments, construction of animations and other visualizations for presentation, interactive software, and research reports. Open to students in the Honors Program or by permission of the Department of Physics and Earth Science. Three class periods; one two-hour laboratory period per week. Prerequisite: minimum ACT Mathematics score of 22 or MA 112. Special fee: $30.00. (Spring)

ES 131. (4) **Physical Geology.** Basic principles governing the dynamic earth including earthquakes, volcanism, plate tectonics, and erosion. Special attention given to the origin and identification of rocks and minerals. Three class periods; one 2-hour laboratory period per week. Field trips and/or term projects may be required. Special fee: $30.00. (Fall, Spring)
ES 132. (4) **Historical Geology.** The development of the earth as deduced from the examination and interpretation of rocks. Special attention given to the identification and significance of fossils. Three class periods; one 2-hour laboratory period per week. Field trips and/or term projects may be required. Prerequisites: ES 121 and ES 121L, or ES 131, or departmental approval. Special fee: $30.00. (Spring)

ES 245. (4) **Mineralogy.** Crystal chemistry, crystallography; physical properties of minerals; mineral stability, identification, and occurrence. Three class periods; one 2-hour laboratory per week. Field trips and/or term projects may be required. Prerequisite: ES 131. Special fee: $30.00. (Spring, odd numbered years)

ES 308. (3) **Science for the Elementary School Teacher.** Selected topics from elementary school science teaching units, including biology, chemistry, physics, geology, astronomy, and meteorology; practical techniques in the development and use of teaching materials and science equipment, the collection and preservation of specimens, and demonstration; consideration of the role of science in the elementary school; study of new curricula. This course cannot be used as a 300-level elective in any major or minor other than Elementary Education. Prerequisites: BI 101, 102; ES 121 and ES 121L; PH 101. Special fee: $30.00. (Fall, Spring)

ES 330. (3) **Meteorology.** Components of weather systems; atmospheric temperature, pressure, and humidity; interpretation of weather maps and elements of forecasting. Also listed as GE 330 but creditable only in field for which registered. Field trips and/or term projects may be required. Prerequisite: ES 121 or ES 131 or GE 111 or GE 112 or departmental approval. (Fall)

ES 375. (3) **Technology and the Environment.** A course designed to acquaint the student with the dynamic state of our technological world; interrelationships of pollution, energy, natural resources, food, and populations, with emphasis on human health issues. Field trips and/or term projects may be required. Prerequisite: advanced standing or departmental approval. (Spring, odd-numbered years)

ES 380. (3) **Teaching Science in the Secondary Schools.** Examines the problems of teachers in secondary science in integrating laboratory activities into the science curriculum. Provides experiences in planning, preparation, teaching and evaluation of laboratory activities. Considers the use of technology, safety, hazardous waste, teaching resources, student textbooks, and the Alabama Course of Study. Two class periods; one 2-hour laboratory period per week. Field trip and/or term project may be required. This course cannot be used as a 300-level elective in any major or minor other than secondary education. Also listed as BI 380, CH 380, and PH 380 but creditable only in the field for which registered. Special fee: $30.00. (Fall)

ES 431. (3) **Structural Geology.** The nature, classification, origin, and quantification of geologic structures, with emphasis on sedimentary rocks. Field trips and/or term projects may be required. Prerequisite: ES 131. (Fall, odd-numbered years)
ES 431L. (1) Structural Geology Laboratory. Laboratory analysis, including computer mapping of folds, faults, and other structural features. Laboratory exercises are designed to develop computer skills. Required for geology major. One 2-hour laboratory period per week. Prerequisite: concurrent enrollment in ES 431. (Fall, odd-numbered years)

ES 455W. (4) Paleobiology. Fundamental biological problems, including speciation, systematics, evolution, extinction, functional morphology, paleoecology, and biogeography will be addressed from the perspective of the fossil record. Three class periods; one 2-hour laboratory per week. Field trips and/or term projects may be required. Also listed as BI 455W but creditable only in the field for which registered. Prerequisite: ES 132 or departmental approval. Special fee: $30.00. (Fall, even-numbered years)

ES 480-481. (1-4) Topics in Earth Science. Topics will be selected from astronomy, environmental science, geology, marine geology, meteorology, and oceanography. Departmental approval required. Special fee: $30.00 (may be required depending on the topic). (Offered on sufficient demand)

ES 488. (3) Hydrogeology. The interrelationships between water and geologic materials and processes, primarily subsurface water. Prerequisite: ES 131. (Spring, even-numbered years)

EXIT EXAMINATION (EXIT)

EXIT 000. (0) Exit Examination. A non-credit comprehensive examination required in specific majors.

FILM AND DIGITAL MEDIA PRODUCTION (FIL)

FIL 493. (1-3) Film and Digital Media Production Practicum. Under the supervision and direction of the instructor, specialized field experience in production roles and the communication of community initiated projects through the integration of personal performance and collaborative contributions. Prerequisite: departmental approval required. (Offered on sufficient demand)

FINANCE (FI)

Business majors must be admitted to the College of Business before enrolling in junior/senior level courses.

FI 105. (3) Personal Finance. Personal financial management: study of personal financial records and planning, investments, insurance, home ownership, interest rates and borrowing, tax preparation, and trends in consumer legislation. (Fall, Spring)

FI 325. (3) Principles of Real Estate I. A study of real estate fundamentals including problems and law. (Fall, Spring)

FI 326. (3) Principles of Real Estate II. Principles of property utilization; the law dealing with ownership, titles, liens, leases, and contracts; introduction to property appraisal. (Offered on sufficient demand)

FI 327. (1) Real Estate Practicum. An intensive study of Alabama Real Estate Law including a study of requirements for obtaining and keeping a real estate license. With FI 325, satisfies the 60 hours of formal education required prior to taking the examination for a Alabama real estate sales person’s license. (Fall, Spring)
FL 335. (3) **Real Estate Cases.** A study of practical real estate problems and law with emphasis placed on actual cases which practitioners might face. (Offered on sufficient demand)

FL 335. (3) **Principles of Insurance.** A study of risk management and provisions of basic insurance contracts, including life, property, liability, and health insurance. (Offered on sufficient demand)

FL 365. (3) **Property and Casualty Insurance.** Coverages, policy provisions, and concepts in property and casualty insurance. (Offered on sufficient demand)

FL 375. (3) **Life and Health Insurance.** An introductory study of life and health insurance. (Offered on sufficient demand)

FL 385. (3) **Entrepreneurial Finance.** Focusing on the basic principles of financial management, topics covered include working capital management, including management of cash, receivables and inventory; financial statement analysis, including ratios, benchmarking, and cash flow; sources of financing, including venture capital, the initial public offering, and the continuing need to raise debt or equity. Prerequisites: AC 291, 292. (Offered on sufficient demand)

FL 391. (3) **Money and Banking.** The relation of money to prices, employment and business activity. Analysis of money and capital markets, interest rate determination, and Federal Reserve control of the money supply. Also listed as EC 391 but creditable only in field for which registered. Prerequisites: EC 251, 252. (Fall, Spring)

FL 393. (3) **Financial Management.** Valuation of stocks and bonds; risk and rates of return; topics in capital budgeting, cost capital, working capital management, and ratio analysis. Prerequisites: AC 291, 292; EC 251, 252; QM 291. (Fall, Spring, Summer)

FL 394. (3) **Intermediate Financial Management.** An in-depth study of day to day problems of corporate financial management with emphasis on financial planning and management of current assets, short and intermediate term financing. Also examines dividend policy, capital expenditures, acquisitions, mergers, and reorganization. Prerequisites: AC 291, 292; EC 251, 252; FL 393; QM 292. (Fall)

FL 423. (3) **Financial Institutions Management.** A study of the operations of financial institutions with emphasis on organization, sources and allocation of funds including asset, liability, and capital structure management, and government regulation. Prerequisite: FL 393 or approval of the department chair. (Offered on sufficient demand)

FL 425. (3) **Contemporary Economic and Finance Problems.** Application of economic and financial theory to problems or issues in economics and finance. Also listed as EC 425 but creditable only in field for which registered. Prerequisite: approval of department chair. (Fall)

FL 430. (3) **Real Estate Appraisal.** Methods of appraisal and theories of value as applied to income and residential properties. (Spring)

FL 440. (3) **Real Estate Finance.** An in-depth study of methods of financing real estate, with particular attention to traditional and alternative methods, secondary mortgage markets, and government financing of real estate including FHA, FNMA, and VA programs. (Offered on sufficient demand)
FI 445. (3) **Real Estate Investments.** Ownership of real estate as an investment; residential, business, and industrial real estate from the standpoint of investment risk, taxation, and profit; income and cash flow analysis. (Offered on sufficient demand)

FI 446. (3) **Real Estate Development and Management.** Analysis of the real estate development process and the functions performed by the real estate developer. Emphasis on residential and retail development and the management of developed properties after construction. Examines the relationships between the developer and others involved in the development process such as lenders, local governments, builders, and others. Prerequisite: FI 393. (Offered on sufficient demand)

FI 453. (3) **Public Finance.** Economic activities of the public sector. The nature of public goods; principles of taxation; effects of policy on economic stabilization and growth; intergovernmental fiscal relations. Also listed as EC 453 but creditable only in the field for which registered. Prerequisites: EC 251, 252. (Spring)

FI 463. (3) **International Trade and Finance.** The international exchange of goods and services with particular attention to the bases of international trade; procedure in importing and exporting; commercial policies and treaties; foreign investments; balance of payments; tariffs, quotas, and other exchange controls. Also listed as EC 463 but creditable only in the field for which registered. Prerequisites: EC 251, 252. (Fall, Spring)

FI 470. (3) **TVA Investment Challenge.** The TVA Investment Challenge is a remarkable opportunity to offer students a real-world learning experience in investment management. The Tennessee Valley Authority (TVA), through the TVA Nuclear Decommissioning Trust Fund, has created a program for students to manage a $100,000 portfolio. The students will design a long-term management strategy and actively manage the funds. The students are required to conduct economic, industry, and company analysis. May be repeated with approval of department chair. Prerequisites: FI 393 and approval of committee; junior or senior standing. (Fall, Spring)

FI 480. (3) **Finance Internship.** A work related experience in a private, public, or governmental organization enhancing the applications of finance theories and concepts. Must be a junior or senior. Prerequisites: FI 391, 393, and approval of department chair.

FI 481. (3) **Financial Statement Analysis.** The study of the analysis of financial statement information, focusing on financial decisions including loan decisions, equity investments, mergers and acquisitions, and other valuation related issues. Also listed as AC 481 but creditable only in field for which registered. Prerequisite: AC 392 with a minimum grade of C or FI 394 with a minimum grade of C. (Spring)

FI 486. (3) **Risk Management.** Risk management techniques. Identification and analysis of loss exposures and selecting risk management alternatives for various types of losses. Prerequisite: FI 393. (Spring)

FI 492. (3) **Investments.** Investors; the forms of institutions; corporate securities and speculation; uncertainty, liquidity, and taxability; security analysis; and government controls. Prerequisites: AC 291, 292; EC 251, 252. (Fall)
FI 494. (3) **Capital Budgeting.** Advanced topics in capital budgeting including the capital assets pricing model, cost of capital, risk and certainty equivalents. Prerequisites: FI 393 and approval of the department chair. (Offered on sufficient demand)

FI 495. (3) **Security Analysis and Portfolio Theory.** Methods of security analysis, portfolio selection and capital market theory. Prerequisites: FI 393, 492. (Spring)

FI 498. (3) **Cases in Finance.** A study of financial problems of business, applying financial theory to actual cases with the use of simulation techniques. Prerequisites: FI 393 and approval of the department chair. (Spring)

FI 499. (3-6)**Independent Study-Practicum.** Open to senior majors on approval of the department chair. Provides for study, research, or special field experience under departmental determination, supervision, and evaluation.

**FOREIGN LANGUAGES (FL)**

FL 100. (3) **Introduction to Language.** A summary, for all undergraduates, of what is known about human language; social and regional dialects; origins of words; diversity and universality in language structure; phonetics; changes in language; language acquisition; the relation of language to other aspects of human inquiry and knowledge. (Fall, Spring, Summer)

FL 101. (3) **Introduction to International Studies.** Introduction to the analysis of issues which cut across countries and cultures. Lectures, classroom discussions, readings and films will explore culture shock, aspects of cultural and national identity, cultural relativity, cross-cultural interaction and conflicts, American and foreign values, and language issues as these relate to international and inter-cultural relationships and understanding. The course will focus on developing an ability to analyze subtle interactions of politics, economics, and culture within the global systems. (Spring)

FL 101H. (3) **Honors Introduction to International Studies.** Introduction to the analysis of issues which cut across countries and cultures. Lectures, classroom discussions, readings and films will explore culture shock, aspects of cultural and national identity, cultural relativity, cross-cultural interaction and conflicts, American and foreign values, and language issues as these relate to international and inter-cultural relationships and understanding. The course will focus on developing an ability to analyze subtle interactions of politics, economics, and culture within the global systems. Students will write an in-depth research paper on a selected topic dealing with international issues, and will also present their research results in a class presentation. Open to students in the Honors Program and other students with departmental approval. No prerequisites. (Spring)

FL 203H. (3) **Selected Topics in Latino History, Culture and Geography.** This course encompasses and synthesizes cultural, geographical, and historical elements and fosters critical thinking through an interdisciplinary perspective. Also listed as GE 203-H and HI 203-H but
Courses of Instruction

creditable only in field for which registered. Maximum of three semester
hours credit. This course, open to students in the Honors Program, is, with
departmental approval, also open to other qualified students. (Offered on
sufficient demand)

FL 204. (3) Introduction to Latin American Studies. This intro-
ductive course gives an overview of the whole of Latin American studies.
Covering topics such as colonial cultures and identity to contemporary U.S.
Latino culture, this course situates Latin America in its historical, linguistic
and cultural context. (Spring)

FL 301. (3) Culture through Cinema. Using the medium of film
accompanied by cultural readings and research, this course provides for
the study of various aspects of the culture and civilization, primarily of
French, German and Spanish speaking countries. Open to all students. No
foreign language experience required. (Fall, Spring, Summer)

FL 302. (3) Cross-Cultural Interaction. A study of the ways in
which differences in languages, perceptions, behaviors, social norms and
traditions influence how people from different cultures interact; analysis
and discussion of various social and business situations to identify and
address the consequences of linguistic and cultural differences, and the
need for multicultural education, including the roles of language and eth-
nicity in a multicultural society. (Fall, Summer)

FL 490. (3) Special Topics in International Studies. A detailed
study of a particular international studies topic of special interest. Topics
will vary and will be listed in the Schedule of Classes and on the student's
transcript. May be repeated once for credit with change of topic. (Offered
on sufficient demand)

FL 496. (1-3) Foreign Languages Internship. Open to seniors
majoring or minoring in a foreign language; contingent on availability of
internship. Students gain special field experience by working in coopera-
tion with a public or private agency approved by the department for a min-
imum average of twelve hours per week (for 3 credit hours), nine hours (for
2 credit hours), and six hours (for 1 credit hour). In addition, bi-weekly sem-
inars will be held to evaluate the student's performance. The student will
be required to maintain a daily journal regarding work assignments,
accomplishments and daily experiences. A written report must be provided
to the supervising departmental faculty at the end of the semester.
Students may earn a maximum of 3 credit hours. Prerequisites: FR 350,
GR 350 or SP 350; FR 353, GR 353 or SP 353; an Oral Proficiency
Interview rating in the target language of at least Intermediate-Mid; depart-
mental approval. May be used in satisfaction of a 400-level course require-
ment for Options I and III of the Foreign Language Major, and in
satisfaction of the 300 or 400-level requirement in the Minor. For Option II,
it may be used only in satisfaction of a 300-level course requirement. (Fall,
Spring, Summer)

FL 497. (3) Methods in Foreign Language Instruction. Practical
aspects of teaching and learning foreign languages at the middle and sec-
ondary levels. Topics covered include foreign language curricula, prepara-
tion and presentation of lesson material, classroom management, profes-
sional organizations, discovery and use of resources and technolo-
gy and professional behaviors. Coursework includes on-site class observations and practice exercises. Does not satisfy requirements for foreign language major, minor or general studies component. (Fall, Spring)

FL 498. (1) **Senior Seminar.** Complete review of the grammar of the option language in preparation for the department exit exam. To be taken during the final semester of instruction. FL 498 can be substituted for FR 498, GR 498, and SP 498. Prerequisite: 18 hours of selected option language at the 300 and 400 level. (Fall, Spring)

**FRENCH (FR)**

FR 101. (3) **Introductory French.** Emphasizes listening, speaking, reading and writing skills. Basic concepts of grammar are introduced. Course is enhanced with audio, video, software and Internet components. No prior knowledge of the language is required. (Fall)

FR 102. (3) **Introductory French.** A continuation of French 101. Prerequisite: FR 101 or equivalent. (Spring)

FR 111. (1) **Language Laboratory.** Required of all students enrolled in Introductory French 101. Two 1-hour laboratory periods per week. Special fee: $30.00. (Fall)

FR 112. (1) **Language Laboratory.** Required of all students enrolled in Introductory French 102. Two 1-hour laboratory periods per week. Special fee: $30.00. (Spring)

FR 201. (3) **Intermediate French.** Review and expansion of grammar and vocabulary. Speaking, listening, reading, and writing skills further developed. Prerequisite: two years of high school French or FR 102. Special fee: $30.00. (Fall)

FR 202. (3) **Intermediate French.** A continuation of French 201. Prerequisite: FR 201 or equivalent. Special fee: $30.00. (Spring)

FR 350. (3) **Conversation and Pronunciation.** Thematic approach to improvement of conversational skills in French combined with limited study of corrective phonetics for accuracy in pronunciation. Prerequisite: FR 201 or departmental approval. (Fall, even-numbered years)

FR 351. (3) **Written Expression in French.** Development of writing skills with an emphasis on vocabulary-building, grammatical accuracy, and the mastery of a variety of styles. Prerequisite: FR 201 or departmental approval. (Spring, odd-numbered years)

FR 352. (3) **Civilization and Culture.** Study of the history of French speaking civilization with emphasis on contemporary cultural patterns. Prerequisite: FR 201 or departmental approval. (Spring, even-numbered years)

FR 353. (3) **Commercial French.** Introduction to commercial language by means of oral and written practice. Prerequisite: FR 201 or departmental approval. (Fall, odd-numbered years)

FR 403W. (3) **Advanced Commercial French.** A study of commercial language used in French language business transactions and correspondence. Prerequisite: FR 353. (Spring, even-numbered years)
FR 410W. (3) **Survey of French Literature I.** This course provides an overview of French Medieval, Renaissance, and Classical literature and culture, and acquaints students with major literary, intellectual and historical trends through the study of representative works from each period. Special emphasis is placed on close reading of texts in order to train students to read critically and to familiarize them with major authors, genres and their interpretation. (Fall, even-numbered years)

FR 411W. (3) **Survey of French Literature II.** This course provides an overview of French Enlightenment, 19th-century, and 20th century literature and culture, and acquaints students with major literary, intellectual and historical trends through the study of representative works from each period. Special emphasis is placed on close reading of texts in order to train students to read critically and to familiarize them with major authors, genres and their interpretation. (Spring, odd-numbered years)

FR 420. (3) **Advanced French Grammar.** Advanced French Grammar provides a deeper understanding of the basic principles guiding French grammar, in part by introducing new grammar rules, but primarily by reviewing and explaining in depth the grammar rules that were learned on the 100 level and reinforced in FR 201, Intermediate French I and FR 202, Intermediate French II. (Offered on sufficient demand)

FR 498. (1) **Senior Seminar.** Complete review of the grammar of the option language in preparation for the department exit exam. To be taken during the final semester of instruction. FR 498 can be substituted for FL 498. Prerequisite: 18 hours of selected option language at the 300 and 400 level. (Fall, Spring)

FR 499. (1-3) **Independent Study.** Open to majors on approval of the chair of the department. Provides for independent study and/or research under departmental supervision and evaluation. May be repeated for credit. (Fall, Spring, Summer)

**GEOGRAPHY (GE)**

GE 102. (3) **World Regional Geography.** The geographic method of inquiry is used to examine, describe, explain, and analyze the human and physical environments of the major regions of the world. (Fall, Spring, Summer)

GE 111. (4) **Principles of Physical Geography I.** Study of the physical features of the earth's environment pertaining to weather, climate, biomes, and major water bodies with an emphasis on the interrelated processes that shape these features and the resulting distributions and global patterns that occur. Three class periods; one 2-hour laboratory period per week. Field trips may be a part of laboratory activities. Special fee: $30.00. (Fall, Spring, Summer)

GE 112. (4) **Principles of Physical Geography II.** Study of the physical features of the earth's environment pertaining to landforms, physiographic regions, and soils with an emphasis on the interrelated processes that shape these features and the resulting distributions and global patterns that occur. Three class periods; one 2-hour laboratory period per week. Field trips may be a part of laboratory activities. Special fee: $30.00. (Fall, Spring)
GE 203H. (3) **Selected Topics in Latino History, Culture and Geography.** This course encompasses and synthesizes cultural, geographical, and historical elements and fosters critical thinking through an interdisciplinary perspective. Also listed as FL 203-H and HI 203-H but creditable only in field for which registered. Maximum of three semester hours credit. This course, open to students in the Honors Program, is, with departmental approval, also open to other qualified students. (Offered on sufficient demand)

GE 224. (3) **Field Methods and Technology in Geography.** This course will prepare students for upper division classes by providing instruction in research methodology; field work design; data collection; data input through scanning and digital cameras; and data presentation and presentation methods. Special fee: $30.00. (Spring)

GE 225. (3) **Maps and Map Interpretation.** A study of the history of maps and mapping; types and uses; chief sources; reading and interpretation; care and handling. Special fee: $30.00. (Fall, Spring)

GE 226. (3) **Maps and Image Analysis.** Reading, analysis and interpretation of maps, aerial photos, and satellite imagery, including types, sources and applications. Credit may be applied only to the Certificate in Geographic Information Systems program.

GE 260. (3) **Human Geography.** A conceptual approach to the study of humans, their distribution, economic systems, behavior patterns, value systems, and environmental perceptions, with emphasis given to the resulting patterns of cultural landscapes that characterize the earth. (Fall, Spring)

GE 300W. (3) **History and Philosophy of Geography.** An historical approach to the origin and development of geographical thought and methods defined by the laws, principles, and concepts that furnish rational explanations of the spatial character of the discipline. Prerequisite: nine hours of coursework in geography. (Fall)

GE 301. (3) **Geography of Europe.** Major European countries as types of the entire region. (Offered on sufficient demand)

GE 302. (3) **Geography of Russia and Associated States.** The character of and bases for the regional diversity of physical resources, population, economic, cultural, and political resources in Russia, the Ukraine, Belarus, Moldova, Georgia, and Armenia. (Offered on sufficient demand)

GE 303. (3) **Geography of the South.** The interrelationship between the southern environment and its people. (Offered on sufficient demand)

GE 304. (3) **Geography of the United States and Canada.** The geographic factors of North America; the regional characteristics and regional interdependence. The goals of this course are to increase and better integrate knowledge of geographic patterns in the U.S. and Canada, and understand the regional variations and spatial differentiation in the U.S. and Canada. (Offered on sufficient demand)

GE 305. (3) **Geography of Latin America.** The geographic factors of Latin America; emphasis on certain regions and areas as a basis of comparison with other regions in Latin America and with North America. (Offered on sufficient demand)
GE 310. (3) **Principles of Planning.** Principles of urban and regional planning including the history of planning, planning theory, and the planning processes. (Spring)

GE 321. (3) **Economic Geography.** A study of the basic concept of natural resources, their relationship to world economies with the emphasis on primary production. Also listed as EC 321 but creditable only in field for which registered. (Fall)

GE 322. (3) **Business Geography.** An empirical and theoretical spatial analysis of the various economic, population and social facets of local, regional and global economies. In addition, this course covers concepts such as business site selection, market analysis, and product distribution through the analysis of imports and exports. Also listed as EC 322 but creditable only in field for which registered. (Offered on sufficient demand)

GE 323. (3) **Use and Interpretation of Aerial Photographs.** Concepts and methods in the use of aerial photographs for mapping, land use analysis, planning and terrain and vegetation identification. Training in the use of basic photogrammetric equipment. Prerequisite: GE 225. Special fee: $30.00. (Fall and other times upon sufficient demand)

GE 324. (3) **Remote Sensing.** Principles and applications of remote sensing of the geographic environment. Instruction in interpretation of aerial photography, multispectral satellite imagery and hyperspectral imagery with emphasis on use of computers in numerical analysis and image processing. Prerequisites: GE 225, GE 323. Special fee: $30.00. (Spring)

GE 325. (3) **Cartography.** An introduction to the elements of cartography, with emphasis on map construction, properties of map projections, and practice in the techniques of map-making including computer generated maps. Prerequisite: GE 225 or departmental approval. Special fee: $30.00. (Spring)

GE 326. (3) **Computer Mapping.** Design and presentation of computer generated maps with emphasis on data input, projections, grid systems, and final product output. Credit may be applied only to the Certificate in Geographic Information Systems program.

GE 330. (3) **Meteorology.** Components of weather systems, atmospheric temperature, pressure, and humidity; interpretation of weather maps; elements of forecasting. Also listed as ES 330 but creditable only in the field for which registered. Field trips and/or term projects may be required. Prerequisite: ES 121 or ES 131 or GE 111 or GE 112 or departmental approval. (Fall)

GE 331. (3) **Climatology.** The physics of the air; the climatic classification of the earth’s surface; and the relationship of climatological factors to man. Prerequisite: ES 121 and ES 121L, or GE 111 or departmental approval. (Spring, even-numbered years)

GE 350. (3) **Geography of Africa.** A study of the physical and cultural resources of Africa, with emphasis on the problems of developing nations. (Offered on sufficient demand)

GE 390. (3) **Urban Geography.** A study of the character and distribution of cities of the present day, their internal structure, and causes for changing differentiations of areas. (Fall)
GE 402. (3) Problems in Political Geography. The place of geographic factors in conditioning the basic political structure of major nations. Also listed as PS 402 but creditable only in field for which registered. (Fall)

GE 403. (3) Nature and Society Interactions. This course involves a global analysis of human-environment issues including human's impact on the environment and the environment's impact on humans. Topics addressed may include, but are not limited to global warning, overpopulation, environmental degradation, environmental hazards and disasters, and effective natural resource use. One field trip required. (Spring)

GE 410. (3) Integration of Geography and History. The integration of the spatial concepts of geography with the chronological concepts of history. Also listed as HI 410 but creditable only in field for which registered. (Offered on sufficient demand)

GE 412. (3) Geography of the Middle East. An analysis of the distribution of resources and peoples of the Middle East, their relationships to each other and to the rest of the world. (Offered on sufficient demand)

GE 413. (3) Geography of Asia. An analysis of the distribution of resources and peoples of Asia, relationships to each other and to the rest of the world. (Offered on sufficient demand)

GE 424. (3) Geographic Information Systems. The study and application of concepts and technologies in geographic information systems and geographic information science including data conceptualization, database design and management, analysis operations, spatial problem solving, and professional system management. Analysis will be conducted in a commercial state-of-the-art Geographic Information Systems software suite. Prerequisite: GE 225. Special fee: $30.00. (Fall)

GE 435. (3) Geomorphology. A study of the origin and development of land forms and the processes involved; the configurations of the earth as a whole and the shape and disposition of its larger units. Two class periods; one 2-hour laboratory period per week and one required field trip per semester. Prerequisite: ES 121 and ES 121L, or ES 231 or GE 112. Special fee: $30.00. (Offered on sufficient demand)

GE 460. (3) Advanced Cultural Geography. A conceptual approach to the study of human-environment systems within the frameworks of cultural geography including cultural landscape, ecological perspectives, environmental perception and behavior, and environmental stress. Prerequisite: GE 102 or departmental approval. (Offered on sufficient demand)

GE 472. (3) Historical Geography of the United States. The role of geographic conditions in the settlement and subsequent development of the United States. Also listed as HI 472 but creditable only in field for which registered. (Offered on sufficient demand)

GE 484. (3) Advanced Digital Techniques in Geography. This course encompasses advanced reading and discussion of state-of-the-art projects and techniques in Geographic Information Systems, remote sensing, computer cartography, and image processing. Students will conduct a detailed database development project including database design, database population, data management, and the application of spatial modeling techniques. Four class periods per week. A field trip is required.
Prerequisites: GE 324, 424 (GE 324 may be taken simultaneously if necessary). Special fee: $30.00. (Spring)

GE 487. (3) Geography Capstone Project. The objective of the course is to allow the student to design a research project by formulating a geography research question, acquiring and analyzing geographic data and answering the geographic question. Offered primarily to seniors under the direction of a geography professor. The activities of the student, the timeline for completion, and evaluation for the research agenda will be determined by consultation with the professor of record for the course. (Fall, Spring, Summer)

GE 494, 495, 496. (1-3, 1-3, 1-3) Geography Internship. Open to majors or minors in geography. Provides for special field experience by working in cooperation with a public or private agency for a minimum average of twelve hours per week for three credit hours, nine hours for two credit hours and six hours for one credit hour. In addition, bi-weekly seminars will be held to evaluate the student’s progress. The student will be required to maintain a daily journal regarding their work assignments, accomplishments and daily experiences. A written report must be provided to the departmental faculty at the end of the semester. Departmental approval required. (Fall, Spring, Summer)

GE 497. (1-4) Special Topics. A study of one or more selected topics in applied geography. Topics vary according to the needs of the student and the current professional environment.

GE 499. (3) Independent Study-Practicum. Open to senior majors on approval of the department head. Provides for independent study and research under departmental determination, supervision, and evaluation. (Fall, Spring, Summer)

**GERMAN (GR)**

GR 101. (3) Introductory German. Emphasizes listening, speaking, reading and writing skills. Basic concepts of grammar are introduced. Course is enhanced with audio, video, software and Internet components. No prior knowledge of the language is required. (Fall)

GR 102. (3) Introductory German. A continuation of German 101. Prerequisite: GR 101 or equivalent. (Spring)

GR 111. (1) Language Laboratory. Required of all students enrolled in Introductory German 101. Two 1-hour laboratory periods per week. Special fee: $30.00. (Fall)

GR 112. (1) Language Laboratory. Required of all students enrolled in Introductory German 102. Two 1-hour laboratory periods per week. Special fee: $30.00. (Spring)

GR 201. (3) Intermediate German. Review of grammar and pronunciation; introduction to German literature and scientific German. Prerequisite: two years of high school German or GR 102. Special fee: $30.00. (Fall)

GR 202. (3) Intermediate German. A continuation of German 201. Prerequisite: GR 201 or equivalent. Special fee: $30.00. (Spring)

GR 350. (3) Conversation and Phonetics. Oral practice in practical German conversational language. Prerequisite: GR 201 or departmental approval. (Spring, odd-numbered years)
GR 351. (3) **Conversation and Composition.** Practice in conversation as well as study of advanced grammar by practice in written composition. Prerequisite: GR 201 or departmental approval. (Fall, odd-numbered years)

GR 352. (3) **Civilization and Culture.** Survey of German civilization with emphasis on contemporary culture. Prerequisite: GR 201 or departmental approval. (Spring, even-numbered years)

GR 353. (3) **Commercial German.** Introduction to commercial language by means of oral and written practice. Prerequisite: GR 201 or departmental approval. (Fall, even-numbered years)

GR 400W. (3) **Pre-Romantic Literature.** Survey of German literature from its beginning up to Romanticism. Prerequisite: GR 202. (Fall, even-numbered years)

GR 401W. (3) **Nineteenth-Century Literature.** Survey of German literature during the nineteenth century. Prerequisite: GR 202. (Fall, odd-numbered years)

GR 402W. (3) **Contemporary Literature.** Survey of contemporary German literature. Prerequisite: GR 202. (Spring, even-numbered years)

GR 403W. (3) **Advanced Commercial German.** Study of practical commercial language used in business transactions and correspondence. Prerequisite: GR 353. (Spring, odd-numbered years)

GR 420. (3) **Advanced German Grammar.** Advanced German Grammar provides a deeper understanding of the basic principles guiding German grammar, in part by introducing new grammar rules, but primarily by reviewing and explaining in depth the grammar rules that were learned on the 100 level and reinforced in GR 201, Intermediate German I and GR 202, Intermediate German II. (Offered on sufficient demand)

GR 498. (1) **Senior Seminar.** Complete review of the grammar of the option language in preparation for the department exit exam. To be taken during the final semester of instruction. GR 498 can be substituted for FL 498. Prerequisite: 18 hours of selected option language at the 300 and 400 level. (Fall, Spring)

GR 499. (1-3) **Independent Study.** Open to majors on approval of the chair of the department. Provides for independent study and/or research under departmental supervision and evaluation. May be repeated for credit. (Fall, Spring, Summer)

**HUMAN ENVIRONMENTAL SCIENCES (HES)**

HES 100. (3) **Introduction to Human Environmental Sciences.** Human environmental sciences as an area of study integrating concepts from family development, resource management, foods and nutrition, clothing, and design and housing. The history and philosophy of human environmental sciences are explored with implications for current issues. Career opportunities are identified.

HES 221. (3) **Basic Baking.** Fundamental principles and practice of baking, working with a variety of dough and batters. Foundational knowledge of techniques used in bread making, including stimulating blend of interactive and laboratory demonstrations of technology, ingredients, formula conversion, weights and measures, mixing methods and presenta-
Courses of Instruction

Two class periods; one 2-hour laboratory period per week.
Prerequisite: HES 230. Special fee: $30.00.

HES 222. (3) **Hospitality Facilities Management.** Discuss the principles of management in the areas of planning, organizing, and staffing in hospitality industry. Field trips and special projects will also be explored. Special fee: $30.00.

HES 230. (3) **Culinary Math.** Introduction to principles of culinary computations. Foundational knowledge of principles and techniques for calculating the cost of producing and serving food items and pricing to be profitable.

HES 241. (3) **Textile Product Analysis.** Units on basic construction techniques; wardrobe analysis, pattern selection, and garment construction; selection of ready-to-wear, from a buyer’s viewpoint; pattern alteration and fitting. Two class periods; one 2-hour laboratory period per week. Special fee: $30.00.

HES 242. (3) **Food Science.** Relation of food composition and structure to the preparation and service of food. Two class periods; one 2-hour laboratory period per week. Special fee: $30.00.

HES 261. (3) **Introduction to Interior Design.** An overview of the profession of interior design; professional organizations, industry leaders, and the history and practice of interior design, introduction to color theory and to the principles and elements of design. Two class periods; one 2-hour studio per week.

HES 264. (3) **Technical Drawing for Interior Documentation.** Introduction to the principles of technical drawing for the creation of interior construction documents. Introduction to computer aided design. Three 2-hour studios or two 3-hour studios per week. Special fee: $30.00.

HES 274. (3) **Space Planning for Interior Design.** Principles and application of space planning for residential and non-residential design. Three 2-hour studios or two 3-hour studios per week. Special fee: $30.00.

HES 320. (3) **Historic Costume.** The development of costume from Ancient Egypt to present. Emphasis will be on knowledge of fashion influences of past and present as a tool for making fashion predictions.

HES 321. (3) **Merchandising.** Principles, practices, and organization of fashion merchandising; job descriptions and responsibilities at the management level; financial and control functions; process of fashion innovation, variables of fashion affecting production, and distribution of consumer goals.

HES 322. (3) **Visual Presentation I.** Development of visual communication skills in the promotion of products for both the interiors and merchandising industries. Emphasis on visual display and selling techniques, special events, and other promotional activities.

HES 324. (3) **Visual Presentation I for Interior Design.** Development of communication and presentation skills utilizing various visual presentation techniques. Application of computer aided design software for creation of interior design projects. Prerequisite: HES 265. Special fee: $30.00.

HES 325. (3) **Social and Cultural Aspects of Clothing.** An exploration of the sociological, economical, psychological, and cultural aspects of dress.
HES 330. (3) **Food Preparation I.** Introduction to principles of food production. Foundational knowledge of principles and techniques used in a professional kitchen, including stimulating blend of interactive and laboratory demonstrations of kitchen sanitation, knife handling, pantry maintenance, and basic cooking skills. Two class periods; one 2-hour laboratory period per week. Prerequisites: HES 230 and HES 242. Special fee: $30.00.

HES 331. (3) **Food Preparation II.** Advanced principles of food production. Advanced knowledge of principles and techniques used in a professional kitchen, including stimulating blend of interactive and laboratory demonstrations of kitchen sanitation, knife handling, advanced cooking skills, techniques and procedures. Supervisory skills of training, planning, delegating and maintaining records. Two class periods; one 2-hour laboratory period per week. Prerequisite: HES 330. Special fee: $30.00.

HES 332. (3) **Pastries and Desserts.** Advanced practices of baking and pastry. Advanced knowledge of baking pastry techniques used in pastry and dessert production, including advanced pastry preparation, classical dessert making and presentation. Two class periods; one 2-hour laboratory period per week. Prerequisites: HES 221 and HES 230. Special fee: $30.00.

HES 340. (3) **Textile Fiber Theory.** A merchandiser oriented study of textiles emphasizing the basic knowledge of textile fibers including history, sources, characteristics and properties, and performance of natural and manmade fibers.

HES 342. (3) **Nutrition.** Food requirements for different individuals, nutritive values of food, diet planning, and the relation of food to positive health.

HES 343. (3) **Visual Presentation II for Interior Design.** Development of presentation techniques for interior design, plan and elevation studies, three-dimensional drawings, and renderings. Application of computer aided design software for interior design documentation creation. Three 2-hour studios or two 3-hour studios per week. Prerequisites: HES 264, HES 274 and HES 324. Special fee: $30.00.

HES 353. (3) **Cultural Foods.** Planning of meals and food preparation demonstrations with emphasis on cultural foods, aesthetic values, and management of time and the food budget on various economic levels. Two class periods; one 2-hour laboratory period per week. Special fee: $30.00.

HES 354. (3) **Lighting and Mechanical Systems.** Analysis and application of lighting and mechanical systems to both residential and non-residential codes, legislation, specification and product review. Two 2-hour studios per week. Prerequisites: HES 264, HES 274 and HES 324. Special fee: $30.00.

HES 355. (3) **Food Service Planning.** The class will cover space allocation, flow of work layout, environmental planning, and understanding the principles for equipment selection. Special fee: $30.00.
HES 362. (3) **Child Development.** Human development from the pre-
natal to kindergarten stage. Consideration of nursery school materials and
experiences to foster development. Supervised experiences including par-
ticipation and home visits. Two class periods, two scheduled participation
hours, and one free observation hour per week. Prerequisite: PY 201.

HES 364. (3) **Interior Design I.** Planning and design of interior
spaces for residential applications. Technical document creation, project
management, design and specification of interior architectural materials
and furnishings. One class period; three 2-hour or two 3-hour studios per
week. Prerequisites: HES 324 and HES 343. Special fee: $30.00.

HES 365. (3) **Interior Design II.** Planning and design of interior
spaces for non-residential applications. Technical document creation, proj-
et management, design and specification of interior architectural materials
and furnishings. One class period; three 2-hour studios or two 3-hour stu-
dios per week. Prerequisites: HES 324 and HES 343. Special fee: $30.00.

HES 366. (3) **History of Interiors and Furnishings.** Selected periods
of interiors and furnishings with emphasis on the development of interior
spaces, furniture, fabrics, and accessories from pre-Renaissance to date.

HES 367. (3) **Interior Design III.** A comprehensive study of complex
residential interior design problems, including advanced space planning,
specification, budgets, and presentation techniques. Three 2-hour or two 3-
hour studios per week. Prerequisites: HES 364 and HES 365. Special fee:
$30.00.

HES 375. (3) **Management and Economic Problems of the Con-
sumer.** Increased consumer competence through management of family
resources, including standards and labeling in buying, advertising, credit,
savings, investment, insurance, and taxes; emphasis on governmental pro-
tection and consumer values.

HES 400. (3) **Senior Seminar.** Human Environmental Sciences top-
ics selected according to the interest and needs of the individual student,
with study at advanced undergraduate level. Prerequisite: senior classifi-
cation. (Offered on sufficient demand)

HES 422. (3) **Professional Dress and Image Development.**
Analysis of the individual’s figure type as the basis for personal profes-
sional image development and wardrobe planning. Emphasis will be
placed on career preparation and job application.

HES 427. (6) **Internship.** Approved off-campus experience with select
businesses or studios under joint faculty and management supervision.
Prerequisite: must be a junior or senior; approval of instructor. (Summer)

HES 430. (3) **Food and Beverage, Cost Control.** Exploring the
financial areas of hospitality operations in the area of budgeting, forecast-
ing, profit and loss reporting, food, labor, and beverage cost control. Two
class periods; one 2-hour laboratory period per week. Special fee: $30.00.

HES 431. (3) **Dining Room Service.** Techniques and procedures of
front-of-the-house operations. Basic skills in table and banquet service, cus-
tomer care and cash handling. Supervisory skills of training, planning, dele-
gating and maintaining records. Two class periods; one 2-hour laboratory
period per week. Prerequisites: HES 230 and HES 430. Special fee: $30.00.
HES 432. (3) **Menu Planning.** Review of basic principles and functions of purchasing, along with discussion and analysis of pricing strategy and purchasing techniques. Two class periods; one 2-hour laboratory period per week. Prerequisite: HES 230. Special fee: $30.00.

HES 433. (3) **Food Safety and Sanitation.** Analysis and application of the principles of food preservation, including drying, canning, freezing, pickling, and preserving with sugar; study of microbiological aspects, with emphasis on food safety. Two class periods; one 2-hour laboratory period per week. Special fee: $30.00. (Offered on sufficient demand)

HES 441. (3) **Advanced Clothing.** Couture techniques and problem fabrics; construction of a designer garment; commercial skills such as mass production, and managing a sewing laboratory. Two class periods; one 2-hour laboratory period per week. Prerequisite: HES 241. Special fee: $30.00.

HES 442. (3) **Therapeutic Dietetics.** The role of nutrition and food throughout the life cycle in relationship to the maintenance of health, prevention of diseases, and correction of disorders due to nutritional imbalance; physiology and etiology of disease states and their nutritional management. Prerequisite: HES 342.

HES 443. (3) **Family Development.** The structure and function of the family, its interaction with other societal institutions, and the effect on all family members; student assessment of special concerns of all aspects of parenthood related to the care, development, and discipline of children. (Fall)

HES 455. (3) **Quantity Food Production.** Principles and methods of procuring, producing, and serving food in quantity, including organization, management, sanitation, safety, analysis, and design of jobs. Two class periods; one 2-hour laboratory period per week. Prerequisite: HES 355. Special fee: $30.00.

HES 461. (3) **Interior Design Business Practices, Codes and Accessibility.** Review of business practices in the profession of interior design. Examination of life, safety, and building codes affecting the built environment. Review of universal design and barrier-free design principles for interiors.

HES 462. (3) **Family and Consumer Sciences in the School and Community.** The relationship of family and consumer sciences to the school and community, including the underlying philosophies and objectives of teaching family and consumer sciences; development and organization of family and consumer sciences, with emphasis on the Alabama program; exploration and development of materials and methods for implementing the family and consumer sciences program.

HES 463. (3) **Home and Family Management.** Management of time, energy, money, and other resources to meet needs in individual and family living; application through supervised laboratory, personal, and community experiences including helping families meet the needs of the elderly. Two class periods; one 2-hour laboratory period per week. Prerequisites: HES 343, 353, 375. Special fee: $30.00.

HES 464. (3) **Interior Design IV.** Advanced concepts of specialized commercial interior design projects, with emphasis on hospitality, health care, and institutional or other specialized commercial design projects, contract documents, and building codes. Three 2-hour or two 3-hour studios per week. Prerequisites: HES 364 and HES 365. Special fee: $30.00.
HES 465. (3) **Senior Interior Design Studio.** Research, analysis and execution of an advanced design problem defined by the student designer and directed by design faculty. Three 2-hour studios or two 3-hour studios per week. Prerequisites: HES 364 and 365. Special fee: $30.00.

HES 468. (3) **Practicum in Infant-Toddler Development.** Observation of infants and toddlers and design of a learning environment for this age group, including theories of infant development, description of appropriate learning activities, and development of parent education materials. Four class periods; two 1-hour laboratory periods per week at Kilby Nursery School. Prerequisite: HES 362.

HES 497. (1-3) **Special Topics in Human Environmental Sciences.** Detailed examination of a specific topic in the field of human environmental sciences. Topic will be announced prior to the scheduling of the class. A special fee may be required according to the topic and course content. This course may be taken a maximum of two times for credit. Prerequisite: departmental approval. (Offered on sufficient demand)

HES 499. (1-3) **Independent Study-Practicum.** Independent study, projects, or field experiences under departmental determination, supervision, and evaluation. Open to majors on approval of department chair.

**HISTORY (HI)**

*Survey of World Civilization (101, 102) or United States History (201, 202) is prerequisite to all advanced history courses. Majors and minors should enroll in History 301W during the second semester of the junior year.*

HI 101. (3) **Survey of World Civilization to 1500.** A survey of major world civilizations from the earliest times to 1500. (Fall, Spring, Summer)

HI 101H. (3) **Honors Survey of World Civilization to 1500.** An in-depth survey of major world civilizations from the earliest times to 1500 in a seminar setting. (Fall)

HI 102. (3) **Survey of World Civilization since 1500.** A survey of major world civilizations from 1500 to present. (Fall, Spring, Summer)

HI 102H. (3) **Honors Survey of World Civilization since 1500.** An in-depth survey of major world civilizations since 1500 in a seminar setting. (Spring)

HI 201. (3) **United States History to 1877.** The European background, colonial developments, establishment of the Nation, the Federalist and Jeffersonian periods, the westward movement, sectionalism, and the Civil War and Reconstruction. (Fall, Spring, Summer)

HI 201H. (3) **Honors United States History to 1877.** A survey of American history that will examine the European background, colonial developments, establishment of the nation, the Federalist and Jeffersonian periods, westward movement, sectionalism, and the Civil War and Reconstruction. This course will also introduce students to historiographical issues in American history and emphasize the analysis of written argumentation in the historical discipline. (Fall)
HI 202. (3) **United States History since 1877.** A continuation of the survey course, emphasizing industrial development, urbanization, labor and agrarian movements, the progressive era, imperialism, World War I, the 1920’s, the New Deal, World War II, and the period after the second World War. (Fall, Spring, Summer)

HI 202H. (3) **United States History since 1877.** A survey course of American history from the end of Reconstruction until the contemporary age, emphasizing regional development, industrialization, urbanization, imperialism, World War I, the 1920s, the New Deal, World War II, and the period after the Second World War. This course will also introduce students to historiographical issues in American history and emphasize the analysis of written argumentation in the historical discipline. (Spring)

HI 203H. (3) **Selected Topics in Latino History, Culture and Geography.** This course encompasses and synthesizes cultural, geographical, and historical elements and fosters critical thinking through an interdisciplinary perspective. Also listed as FL 203-H and GE 203-H but creditable only in field for which registered. Maximum of three semester hours credit. This course, open to students in the Honors Program, is, with departmental approval, also open to other qualified students. (Offered on sufficient demand)

HI 301W. (3) **History and Historical Research.** The nature, basic concepts, and methods of history as a profession, historical thinking, research and writing skills, and historiography. This course is intended for history and social science majors and history minors. (Spring, Summer)

HI 303. (3) **History and Social Sciences.** A study of history and the social science disciplines, emphasizing their relationship, basic concepts, methods and skills, their historical development as professions and careers. This course is intended for students majoring in professional secondary education (grades 6-12) and history or social science. (Fall, Spring)

HI 331. (3) **History of Western Philosophy I.** A survey of major philosophers and philosophical concepts from the ancient Greeks to the Renaissance. Also listed as PHL 331 but creditable only in the field for which registered. (Offered on sufficient demand)

HI 332. (3) **History of Western Philosophy II.** A survey of major philosophers and philosophical concepts from the Renaissance to the present. Also listed as PHL 332 but creditable only in the field for which registered. (Offered on sufficient demand)

HI 361. (3) **History of Alabama.** The social, economic, cultural, and political history of Alabama from the days of settlement to the present. (Fall, Spring)

HI 365. (3) **Black Americans in United States History.** A survey of the role of Black Americans in the United States from the beginning of the slave trade in Africa to the present. (Offered on sufficient demand)

HI 366. (3) **History of Women in the United States.** Survey of women's experiences in the United States from the colonial period to the present that examines social, political, economic, and legal developments that shaped women's roles and status in American society. Also listed as WS 366 but creditable only in field for which registered. (Spring, even-numbered years)
HI 370. (3) **Women In American Politics.** An overview of the role of women in American politics and the role of government in defining the status of women in society. Examines the political behavior of American women and public policies which specifically impact women. Also listed as PS 370 and WS 370 but creditable only in field for which registered. (Spring, odd-numbered years)

HI 410. (3) **Integration of Geography and History.** The integration of the spatial concepts of geography with the chronological concepts of history. Also listed as GE 410 but creditable only in field for which registered. (Offered on sufficient demand)

HI 418. (3) **Medieval Europe I, 476-1099.** A survey of Medieval History from the collapse of Rome to the 1st Crusade. Emphasis on social, cultural and religious movements, including such topics as the barbarian “invasions,” Huns, King Arthur, the rise of the papacy, monasticism, St. Augustine, Islam, Vikings, Charlemagne, the Norman Conquest, and the early Crusades. (Fall, odd-numbered years)

HI 419. (3) **Medieval Europe II, 1100-1500.** A survey of Medieval History from the 1st Crusade to the end of the Middle Ages. Emphasis on social, cultural and religious movements, including such topics as the Knights, Courtly Love, Becket, the first Universities, Castles, Cathedrals, Church and State, Heresies, Inquisition, Black Death, Peasant Revolts, Hundred Years War, Joan of Arc. (Spring, even-numbered years)

HI 421. (3) **Renaissance and Reformation.** A balanced survey of Early Modern Europe, 1450-1648, with emphasis on the Italian and Northern Renaissance, the Protestant and Catholic Reformations, overseas expansion, rise of royal absolutism, and the scientific revolution. (Offered on sufficient demand)

HI 422. (3) **European Imperialism Since 1500.** A study of the expansion of European dominance in the world after 1500 and the impact of the West on non-western civilizations. (Offered on sufficient demand)

HI 423. (3) **Early Modern Europe, 1648-1789.** The triumph and collapse of absolute monarchy, the evolution of the modern state system, the emergence of modern scientific thought and the Enlightenment, and the onset of an age of Age of Revolution in America, France, and much of the western world. (Fall, even-numbered years)

HI 424. (3) **European Popular Culture, 1500-1800.** This course explores the lives of common people during the early-modern period. It focuses on how ordinary people made sense of their world — what people thought, how they thought, and how they expressed such thought in behavior. Topics of study include family and community structure, poverty, criminality and violence, oral traditions, popular religion and beliefs, rituals, popular protest and rebellion, witchcraft and vampires, the development of manners, as well as the impact that the political, economic, social, and intellectual changes of the period had on popular culture. (Summer)

HI 425. (3) **French Revolution and the Napoleonic Period.** The origin and course of the French Revolution, the European reaction, the Napoleonic period in Europe and the Western Hemisphere, the rise of industrialism and Romanticism. (Spring, even-numbered years)
HI 427. (3) Nineteenth Century European History (1815 to 1914). The rise of modern Europe 1815 to 1914. The spread of liberalism, nationalism, and democratic forces; the industrial revolution and the resulting imperialistic and democratic rivalries among the great powers. (Fall, odd-numbered years)

HI 429. (3) Twentieth Century European History (1914 to Present). Recent and contemporary Europe 1914 to present. The two world wars, decline of colonialism, the rise of new great powers, and conflicting ideologies. (Spring, even-numbered years)

HI 430. (3) English Constitutional History. A study of the development of the English Constitution from the Anglo-Saxon period to the present. Also listed as PS 430 but creditable only in field for which registered. (Fall, even-numbered years)

HI 431. (3) History of England to 1688. A survey of English History from prehistoric times to 1688. The course focuses on the evolution of social, economic, and political structures. (Fall, odd-numbered years)

HI 432. (3) History of England since 1688. A continuation of History 431, emphasizing the growth of democratic process in England and the changes of the last century. (Spring, even-numbered years)

HI 433. (3) History of the Balkans. A survey of Balkan history from the middle ages to the present with emphasis on the place of the Balkans in the international systems of the Mediterranean and European regions, the rise of modern national movements, ethnic cultures and cooperation, and the life of the modern Balkan states. (Fall, even-numbered years)

HI 434. (3) Russian History to 1801. The history of Russia from its beginning to 1801 concentrating on Russia's place among the states and peoples surrounding it, the growth of the Russian state, and Russia's rise as a European power. (Fall, odd-numbered years)

HI 435. (3) Russian History since 1801. The history of modern Russia with attention to Russia as a European power, problems of internal development, the revolutions of 1917, the Soviet system, and the end of the Soviet empire. (Spring, even-numbered years)

HI 436. (3) Latin American Colonial History. The high aboriginal cultures; European expansion with emphasis on Portuguese and Spanish colonial institutions; exploration, conquest, settlement, and cultural development; the wars for independence. (Offered on sufficient demand)

HI 437. (3) Latin American History since 1824. The major countries of Latin America from 1824 to the present with emphasis on diplomatic, political, social, cultural, and economic developments and problems. (Offered on sufficient demand)

HI 438. (3) History of the Caribbean. An in-depth study of the major Caribbean countries and of the Lesser Antillian colonies from the colonial period to the present, with special emphasis on the institution of slavery, cultural differentials, dictatorship, the role of the United States, nationalism, and communism. (Offered on sufficient demand)

HI 439. (3) Tourism Development in Global Context. An interdisciplinary course combining a socially and economically contextualized examination of the tourism industry with a case study consideration of
tourism development and its social, economic, and environmental problems throughout the world, with especial consideration of the Caribbean. The course will also relate these trends to local tourism development, drawing parallels and contrasts between local and global models. This course is designed to meet the needs of hospitality management majors as well as students interested in the historical problems associated with tourism development. (Offered on sufficient demand)

HI 440. (3) **East Asia to 1300.** This course deals with East Asian civilization with a primary focus on the history and cultures of China, Korea, Vietnam and Japan. The course examines general trends in the political, economic, social, intellectual and cultural history of East Asia. (Fall, odd-numbered years)

HI 441. (3) **East Asia since 1300.** This course deals with East Asian civilization with a primary focus on the history and cultures of China, Korea, Vietnam, and Japan. The course examines general trends in the political, economic, social, intellectual and cultural history of East Asia. (Spring, even-numbered years)

HI 444. (3) **The Middle East Past and Present.** A study of the history, cultures, and contemporary problems of the Middle East. (Offered on sufficient demand)

HI 446. (3) **History of Africa.** Traces the history of Africa from earliest times to the present, with emphasis on the period since the mid-nineteenth century. (Offered on sufficient demand)

HI 448. (3) **The History of World War II.** A study of the origins, course, and consequences of the Second World War. (Offered on sufficient demand)

HI 450. (3) **American Colonial History.** A study of the political, economic, social, and religious development of the American colonies, with particular attention paid to the British mainland colonies. (Offered on sufficient demand)

HI 451. (3) **American Revolution, 1763-1789.** A study of the origins, nature, and consequences of the American Revolution from the middle of the 18th century to the ratification of the federal Constitution. (Offered on sufficient demand)

HI 452. (3) **History of the Early Republic, 1789-1848.** A study of the beginnings of the American Republic, its formative years, and its development up to the beginnings of the nation’s sectional crisis. (Offered on sufficient demand)

HI 453. (3) **Civil War and Reconstruction.** An intensive study of the development of sectionalism and of the period of the Civil War and Reconstruction. (Fall)

HI 454. (3) **United States History, 1877-1919.** A study of United States history from the end of Reconstruction through World War I. (Offered on sufficient demand)

HI 455. (3) **United States History, 1920-1945.** A study of United States history from 1920 through World War II. (Offered on sufficient demand)
HI 456. (3) Recent United States History. The United States since 1945. A study of the United States history from the end of World War II to the present with major emphasis being placed on domestic and international trends and problems. (Spring)

HI 461. (3) History of the South. An institutional approach to the political, economic, and social developments of the region, looking toward an understanding of present conditions and problems of the South. (Fall, odd-numbered years)

HI 467. (3) History of the West. Relation of westward movement to the development of the United States; factors responsible for and composition of various segments of the general movements; problems of frontier and the influence of the frontier on American institutions. (Offered on sufficient demand)

HI 470. (3) History of Asian Religions. This course examines both the historical development and current content of the religious and philosophical traditions of Asia with special emphasis on Confucianism, Daoism, Shintoism, Buddhism, Sikhism and Hinduism. The course covers Japan, China, India, Tibet, other parts of Southeast Asia and East Asia. For each of these traditions, we will consider its history and mythology, the great themes and ideas which have shaped the worlds of meaning for the followers, and the ways of worshiping and achieving the good life, individually and socially. Also listed as RE 470 but creditable only in field for which registered. (Summer)

HI 472. (3) Historical Geography of the United States. The role of geographic conditions in the settlement and subsequent development of the United States. Also listed as GE 472 but creditable only in field for which registered. (Offered on sufficient demand)

HI 473. (3) United States Economic History. The economic forces in agriculture, manufacturing, commerce, finance, transportation, and labor. The colonial age, the agricultural era, and the industrial state in America. Also listed as EC 473 but creditable only in field for which registered. (Fall)

HI 474. (3) United States Military History. A study of military in the history of the United States and the role of the military institutions and professionals in the society they serve. (Spring)

HI 475. (3) Social and Cultural History of the United States. Topics in social and cultural history of the United States. (Offered on sufficient demand)

HI 477. (3) Constitutional History of the United States. The principles of the American constitutional system. The leading decisions of the Supreme Court with reference to federal-state governmental relationship, citizenship, police power, eminent domain, and to the commerce, contract, and due process clauses of the Federal Constitution. Also listed as PS 477 but creditable only in field for which registered. (Spring, Summer)

HI 478. (3) The Diplomatic History of the United States. A study of the United States diplomatic relations with foreign nations since 1778 with special emphasis on American growth and development. Also listed as PS 478 but creditable only in field for which registered. (Offered on sufficient demand)
HI 479. (3) History of Religion in the United States. A nonsectarian study of the role of religion in American history. Also listed as RE 479 but creditable only in the field for which registered. (Offered on sufficient demand)

HI 481. (3) Contemporary United States Foreign Policy. A study of the United States foreign policy from World War II to the present. Also listed as PS 481 but creditable only in the field for which registered. (Fall)

HI 482. (3) Science & Technology I, to 1687. Part one of a survey of the History of Science and Technology, from Neanderthals to Newton. Emphasis on social and cultural factors, including such topics as the Pyramid Building, Stonehenge, Greek Science and Technology, Medieval Science and Technology, the Scientific Revolution, the Trial of Galileo, and the Newtonian World. (Offered on sufficient demand)

HI 483. (3) Science and Technology II, 1687 to Present. Part two of a survey of the History of Science and Technology from Newton to the Nuclear Age. Emphasis on social and cultural factors, including such topics as the Industrial Revolution, the Darwinian Revolution, Germ Theory, Technological Imperialism (Western weaponry), Transportation, Relativity, the A-Bomb, and the Human Genome Project. (Offered on sufficient demand)

HI 484. (3) Philosophical Borderlands of Science and Religion. An interdisciplinary course concerning the “Demarcation Question”—where do the borders of science end and religion begin? Both critical reasoning and historical analysis of those areas that have been perceived on the fringes of science, including Alchemy, Astrology, Atlantis, Galileo and the Church, Mesmerism, Spiritualism, Theosophy, ESP, Near-Death Experiences, UFO’s and Alien Abductions, Eugenics, the New Age Movements, and the Tao of Physics. A strong philosophical component is included, particularly the application of logical fallacies. Also listed as PHL 484 and RE 484 but creditable only in the field for which registered. (Offered on sufficient demand)

HI 490. (1-3) Special Topics. A study of one or more carefully selected historical topics. The length of time and amount of study will determine amount of credit earned. (Offered on sufficient demand)

HI 491. (3) History Internship Practicum. (Open only to senior majors in history and with departmental approval.) Professional work situations in which the knowledge and skills appropriate to the historical profession can be practiced under departmental supervision and evaluation. Departmental approval required. (Fall, Spring, Summer)

HI 499. (3) Independent Study-Practicum. Open to senior majors on approval of the department chair. Provides for independent study, research, or special field experience under departmental determination, supervision, and evaluation. (Fall, Spring, Summer)

HONORS (HON)

HON 101. (1) Honors Forum. A required introductory course in the UNA Honors Program. The course will cover a variety of interdisciplinary subjects, including lectures, presentations, and creative performance. Open only to students accepted into the Honors Program. (Fall)
HON 201. (1) **Honors Forum II.** The second semester of a required introductory component of the UNA Honors Program. Designed for students in the second year of the program. The course will cover a variety of interdisciplinary subjects, including lectures, presentations, and creative performances. Special emphasis on service learning. Special emphasis on technological applications across a number of disciplines. Open only to students accepted into the Honors Program. (Fall)

HON 301. (1) **Global Issues Forum.** The third semester of a required introductory component of the UNA Honors Program. Primarily for students in the third year of the program. The course will cover global issues on a general or thematic level. The course will consist of weekly speakers from relevant campus disciplines and written assignments. Open only to students accepted into the Honors Program or by permission of the instructor. (Spring)

HON 496. (1) **Special Topics in Honors.** Advanced concentrations in specific disciplinary areas within an honors framework. Prerequisite: satisfactory academic standing in the Honors Program. (Offered on sufficient demand)

HON 499. (1-6) **Honors Capstone Project.** Honors final project in major area of study. Prerequisite: satisfactory academic standing in the Honors Program. Repeatable for credit with permission of Director of Honors Program. (Offered on sufficient demand)

**HEALTH AND PHYSICAL EDUCATION (HPE)**

HPE 102. (1) **Weight Training and Conditioning.** Scientific application of anatomy, kinesiology, physiology, and psychology principles in designing a program in keeping with the individual's age, body type, physical condition, and personal needs and goals. Two class periods per week. (Fall, Spring, Summer)

HPE 105. (1) **Walking/Jogging/Running.** Encompasses all aspects of walking, jogging and running from pre-stretching warm-up routines to actual walking, jogging and running. Students may select any one of the three activities. Designed to improve the cardiovascular system. Two class periods per week. (Fall, Spring, Summer)

HPE 106. (1) **Tennis.** Basic strokes, movement, rules, and play techniques for the beginner. Two class periods per week. (Fall, Spring, Summer)

HPE 108. (1) **Golf.** Basic skills of golf with practical application on the golf course. Two class periods per week. Special fee: $45.00. (Fall, Spring)

HPE 109. (1) **Bowling.** Basic skills of bowling with practical skills in a class league. Two class periods per week. Special fee: $30.00. (Fall, Spring, Summer)

HPE 110. (1) **Badminton.** Basic skills and strategy of badminton with practical application in a class tournament. Two class periods per week. (Fall)

HPE 118. (1) **Advanced Golf.** Improvement and refinement of the golf swing, with primary emphasis on individual instruction and playing. Two class periods per week. Prerequisite: HPE 108 or acceptable skill. Special fee: $45.00.
HPE 119. (1) **Beginning Self-Defense and Karate.** Basic history, culture, and theories of the fighting arts. Various skills and techniques used to defend oneself with practical application in class. Students are required to purchase their own uniform. Two class periods per week. (Fall, Spring)

HPE 120. (1) **Advanced Self-Defense and Karate.** Improvement and refinement of basic skills of self-defense, with primary emphasis on self-defense strategies and advanced skill development. Students are required to purchase their own uniform. Two class periods per week. Prerequisite: HPE 119 or permission of instructor. (Offered on sufficient demand)

HPE 123. (1) **Volleyball.** Basic skills, rules, and strategies of volleyball. Two class periods per week. (Spring)

HPE 125. (1) **Basketball.** Basic skills, rules, and strategy of basketball. Two class periods per week. (Fall)

HPE 130. (1) **Beginning Swimming.** Basic skills for non-swimmers as suggested by the American Red Cross. Two class periods per week. (Fall, Spring)

HPE 131. (1) **Intermediate Swimming.** Emphasis on the five basic swimming styles as suggested by the American Red Cross. Additional emphasis will be placed on personal safety and self-rescue. Two class periods per week. Prerequisite: HPE 130 or equivalent skill. (Fall, Spring)

HPE 140. (1) **Aerobic Dance.** Designed to provide a physical fitness program that offers complete and effective conditioning. Emphasis on moving for fitness and fun. Two class periods per week. (Fall, Spring, Summer)

HPE 142. (1) **Square Dance.** Introduction to a variety of Eastern and Western style square dances. Two class periods per week. (Spring)

HPE 175. (3) **Essentials of Healthy Living.** This course provides the student with instruction and experiences relative to the basic concepts of optimal health and wellness. Emphasis will be given to the emotional, psychological, sociological, and physiological factors within the environment that influence an individual's health and well-being. Part of the course will include laboratory experiences dealing with personalized individual assessments regarding wellness-related issues and application of these results in a behavioral change plan. Special fee: $30.00. (Fall, Spring, Summer)

HPE 202. (3) **Lifeguard Training.** Emphasis on water rescue skills required for American Red Cross lifeguarding certification. Two class periods per week. Prerequisites: HPE 131 or permission of instructor and successful completion of pre-test. Special fee: $10.00. (Offered on sufficient demand)

HPE 203. (3) **Methods of Teaching Aquatics.** Emphasis on refinement of five basic styles of swimming as suggested by the American Red Cross and development of instructional techniques for teaching swimming. Students who qualify may receive certification as an ARC Water Safety Instructor. Two class periods per week. Prerequisites: HPE 131 or permission of instructor and completion of pre-test. Special fee: $10.00. (Offered on sufficient demand)
HPE 213. (3) **Foundations of Health.** This course explores personal and community health problems, including nutrition, mental health, safety, stress management, prevention of disease, mood modifiers, medical and dental services, and degenerative diseases. (Fall, Spring)

HPE 216. (3) **Introduction to Individual and Dual Sports.** This course is designed to teach individual/dual sport activities (i.e., tennis, pickleball, badminton, etc.) basic to physical education programs. Emphasis will be placed on skill development and methods and techniques for teaching these sport skills. Evaluation techniques for measuring knowledge and skill in these activities will also be stressed. (Spring)

HPE 221. (3) **Introduction to Health and Physical Education.** An introduction to the health and physical education profession including professional organizations, career opportunities, historical development, basic principles underlying contemporary theory and practice, and the development of a sound professional philosophy. (Fall, Spring)

HPE 225. (3) **Nutrition and Human Performance.** An introduction to the influence and relationship of basic nutrients to optimal healthy living as well as fitness and athletic performance. Prerequisite: HPE 175 or HPE 213. (Fall, Spring, Summer)

HPE 226. (3) **Introduction to Team Sports.** This course is designed to teach team sport activities (i.e., basketball, volleyball, softball, soccer, etc.) basic to physical education programs. Emphasis will be placed on skill development and methods and techniques for teaching these sport skills. Evaluation techniques for measuring knowledge and skill in these activities will also be stressed. (Fall)

HPE 233. (3) **First Aid.** The study of first aid and safety as recommended by the American Red Cross combined with methods of prevention and care of injuries in physical education and athletics. CPR will also be covered during this course. Two class periods and one 1-hour laboratory period per week. Special fee: $15.00. (Fall, Spring, Summer)

HPE 235. (1) **Medical Terminology.** This course is designed to familiarize the student with medical terminology relevant to the profession of exercise science. Emphasis is on the spelling, definition, and usage of medical terms for effective communication. (Spring)

HPE 270. (1) **Practical Experiences in Health, Physical Education, Recreation, and Sport Management.** Introductory field experience for students with concentrations in health, physical education, recreation, or sport management. Students will be required to complete a minimum of 30 hours as directed by the course instructor. Prerequisites: HPE 221 or HPE 233 and SRM 222. (Fall, Spring)

HPE 275. (3) **Officiating Sports.** Theory and practice of officiating team, individual, and duel sports. Two class sessions per week and a minimum of 30 field experience hours involving sport officiating. (Fall, Spring)

HPE 300. (3) **Methods of Teaching Physical Education, Grades 6-12.** Methods of teaching physical education in grades 6-12. Emphasis on factors of purpose, growth and development, motor learning, program planning, and evaluation. Students will be required to complete a minimum
of 24 field experience hours observing and assisting in a school based physical education program. Prerequisites: HPE 221 or HPE 233 and SRM 222. (Fall, Spring)

HPE 304. (3) **Methods of Teaching Physical Education, Grades P-6.** Emphasis on student growth and development, selecting age appropriate activities including games, stunts, relays and rhythms, and sequential skill introduction. Additional emphasis will be given to motor learning, program planning, and evaluation for these grade levels. Students will be required to complete a minimum of 24 field experience hours observing and assisting in a school based physical education program. Recommended preparation: ED 299. (Fall)

HPE 342. (3) **School Health Education for the Elementary Grades.** Information and skills related to the total school health program with an emphasis on health instruction. Additional components of the Comprehensive School Health Program will be addressed including school health services, healthful school environment, nutrition services, counseling and social support services, parent/community involvement, and health promotion for staff. Prerequisite: admission to Teacher Education. (Fall, Spring, Summer)

HPE 350. (3) **Applied Nutrition for the Lifespan.** Building on basic nutritional concepts, this course will address nutritional needs across the lifespan including infancy, childhood, adolescence, childbearing/pregnancy, middle age, and seniors. Knowledge, skills and behavior impacting nutrition at the personal level will be addressed as well as skill application to initiate permanent behavior change. Prerequisite: HPE 175 or HPE 213. (Fall)

HPE 351. (3) **Chronic Disease and Health Promotion.** A detailed examination of common chronic diseases and their impact on today’s society. An in-depth epidemiological study of arthritis, cancer, CVD, diabetes, and osteoporosis; treatment options, and preventive strategies; and health promotion in reducing morbidity and mortality rates. Prerequisite: HPE 175 or HPE 213. (Spring)

HPE 352. (3) **Kinesiology.** Emphasis on human movement, muscular growth and development, physiology of muscular contraction, motor learning, and scientific application of kinesiological principles. Prerequisite: BI 241 or BI 242. (Fall, Spring, Summer)

HPE 353W. (3) **Physiology of Exercise.** Emphasis on the effects of exercise on the anatomical structures and physiological functions in humans during acute and chronic physical activity. In addition to exercise responses, the impact of environmental conditions, dietary and nutritional ergogenics, basic energy system and its regulation, and training responses, considerations for specific populations including children, females, and the active aging adult will be covered. Prerequisite: BI 241 or BI 242. Special fee: $30.00. (Fall, Spring)

HPE 360 (3) **Introduction to Fitness Testing.** A professional preparation course dealing with the theory, competencies and practical skills used for conducting various health fitness and athletic performance tests. Results and normative values of tests performed will consider age, gender, and sport specific abilities. Special emphasis will be placed on the ability to administer
test protocols for evaluating the health-related components as well as performance of skill-related components of physical fitness necessary for sports participation. Prerequisite: HPE 175. (Fall)

HPE 370. (3) **Theory and Practice in Coaching Sports.** Emphasis on identifying, analyzing and evaluating recent developments and issues in the coaching profession. Prerequisites: HPE 221 or HPE 275 and SRM 222. (Fall)

HPE 371. (3) **Coaching Practicum.** Students will be assigned to field experiences as student coaches in schools qualified to provide coaching experiences. Students will be required to complete a minimum of 100 field experience hours observing and assisting as student coaches. Special fee: $15.00. Prerequisites: HPE 221 or SRM 222; HPE 233, HPE 370.

HPE 378. (3) **Athletic Training and Conditioning.** Application of athletic training principles and techniques necessary for the care and prevention of athletic injuries. Two class periods and one 1-hour laboratory period per week. Prerequisites: HPE 223, HPE 352, (Fall, Spring)

HPE 401. (3) **Adaptive Physical Education.** Study of the atypical child as related to understanding both physical and mental disabilities and the development of sound physical education programs for various disabling conditions. Students will be required to complete a minimum of 30 field experience hours in an assigned adaptive physical education setting. Two class periods and one 1-hour laboratory period per week. Recommended preparation: EEX 340. (Fall, Spring)

HPE 402. (3) **Exercise Prescription and Fitness Appraisal in the Healthy Individual.** Emphasis on development of professional competencies and skills used to evaluate health related components of physical fitness. General methodologies and procedures used in exercise testing, exercise prescription, risk factor identification, and education for healthy individuals will be studied. Students required to complete a minimum of 24 hours assisting in the Human Performance Laboratory. Prerequisites: HPE 233, HPE 352, HPE 353W, HPE 360. (Fall, Spring)

HPE 403. (3) **Essentials of Prescribing Resistance Training.** A professional preparation course addressing the theory and practical skills necessary to design and implement a variety of resistance training programs across the age spectrum. The use of different resistance modalities typically used to improve muscular endurance or muscular strength will be considered as well as the physiological, biomechanical, and safety aspects of resistance training. Prerequisites: HPE 352, HPE 353W. (Spring)

HPE 404. (3) **Exercise Prescription/Fitness Assessments for Individuals with Disabilities.** Provides in-depth knowledge regarding exercise and physical activity as it applies to people with chronic diseases and disabilities across the life span. Topics addressed will include fitness assessments, fitness programming, and physiological responses to exercise, adaptations, and accessibility issues. Prerequisites: HPE 402, HPE 403. (Fall)

HPE 405. (3) **Exercise Leadership.** Professional competencies, skills, methods, and procedures for use in exercise and fitness program design. Emphasis will be placed on exercise leadership skills, instructional techniques and oral communication suitable for a variety of exercise settings. Prerequisite: HPE 402. (Summer)
Courses of Instruction

HPE 406. (3) Human Sexuality. Emphasis on development of an understanding of the physical, mental, social, emotional, and psychological phases of human relationships as they are affected by male and female roles. Additional emphasis will be placed on understanding human sexuality as a healthy entity and as a source of creative energy in total life development. (Fall)

HPE 408. (3) Consumer Health. Designed to provide the student with experience in critical analysis and evaluation of advertising claims related to a broad range of health-related products and services in the market place, health care delivery systems, and health practitioners. (Spring)

HPE 410. (3) Health Promotion. An examination of the development of health promotion programs in community, corporate and school settings, including assessment of program development, selection of personnel, administration procedures, evaluation procedures, marketing techniques, and legal issues. Prerequisite: HPE 175 or HPE 213. (Fall)

HPE 420. (3) Health and Aging. An interdisciplinary course with a clinical component that focuses on the physiological, mental and emotional changes experienced by individuals as they age. Students will be required to complete a minimum of 12 clinical hours as part of this course. This course may be applied toward the gerontology certification. Also listed as NU 420 but creditable only in field for which registered. (Summer)

HPE 421. (3) Psychology of Coaching. Application of psychological principles and theories to coaching and sports. Emphasis will be placed on the relationship of emotional states to performance, the role of coaching in the formation of values, the emotional reaction of crowds in sports situations, and the athlete and his/her personality and social environment. Prerequisite: HPE 370. (Spring)

HPE 422. (3) Public Health. A critical examination of public health at all levels of government, from local agencies to international efforts. The course includes an examination of epidemiology, the role of voluntary and governmental agencies, and the accessibility of public health services to the population. Grant writing and fund raising in the public health sector will also be addressed. Prerequisite: HPE 213.

HPE 424. (3) Drugs in American Society. Analysis of the medical, psychological, social, and legal dimensions of drug use and abuse in the United States; prevalence of drug abuse and roles played by school and community in dealing with the health problem. (Full, Summer)

HPE 430. (3) Behavioral Modification Interventions. Detailed analysis of an array of behavioral change techniques and their application to relevant health problems in prevention/intervention programs. Special emphasis will be placed on exercise adherence, dietary changes, weight control management, smoking cessation, and stress management. Prerequisite: HPE 175. (Fall)

HPE 443. (3) Management of Health, Physical Education and Athletics. Emphasis on organization and administration of health, physical education and athletic programs in schools; curriculum planning; budgeting; selection, care and maintenance of equipment and facilities; personnel issues. Prerequisite: HPE 221. (Fall, Spring)
HPE 450. (3) **Motor Learning.** This course is designed to prepare teachers, coaches and fitness instructors to teach motor skills in an effective and efficient manner. Prerequisite: HPE 221 or SRM 222. (Fall, Spring, Summer)

HPE 451. (3) **Tests and Measurement in Health and Physical Education.** This course will consider the selection, administration, scoring, and use of evaluative techniques which are unique to the field of health, physical education and athletics. Special emphasis will be placed on evaluative techniques with respect to sport skills, physical and motor performance, psychology and social development and knowledge tests. Prerequisites: HPE 175; MA 110 or MA 112. (Fall, Spring, Summer)

HPE 466. (3) **Legal Issues and Risk Management in Sport and Leisure Activities.** This course is intended to aid health, physical education, recreation, and sport management professionals in understanding major legal concepts affecting the practices and procedures followed in their professions. Additional emphasis will be given to procedures of reinitiating an active program of risk and liability management that will help ensure the safety of participants in these programs. Prerequisite: HPE 221 or SRM 222. (Fall, Spring, Summer)

HPE 494. (3) **Exercise Prescription for Moderate Risk and Known Disease Individuals.** Professional competencies and skills for evaluating and prescribing safe and effective therapeutic exercise for individuals with multiple cardiovascular risk factors and/or diagnosed diseases such as heart and lung disease, diabetes and obesity. Prerequisite: HPE 402. (Spring)

HPE 495. (3) **Principles of Electrocardiogram and Cardiopulmonary Assessment.** Introduction to basic principles and interpretation of the electrocardiogram (ECG) as it relates to fitness programs involving people who are apparently healthy and people who qualify for cardiac or pulmonary rehabilitation. Includes cardiac assessments and emphasizes intervention for various cardiac problems. Prerequisites: HPE 402, HPE 404. (Fall)

HPE 496. (3) **Cardiopulmonary Rehabilitation.** Application of physiological principles for clinical exercise evaluation and therapeutic exercise modalities for individuals with controlled cardiovascular, respiratory or metabolic disease such as diabetes. Emphasis will be placed on following American College of Sports Medicine (ACSM) Exercise Guidelines for determining risk stratification, development of appropriate exercise prescriptions and recommended exercise progressions. Prerequisite: HPE 494. (Spring)

HPE 497. (1-3) **Special Topics.** Detailed examination of a specific topic in the field of health and physical education. Topic will be announced prior to the scheduling of the class. May include field trips. A special fee may be required according to the topic and course content. (Fall, Spring, Summer)

HPE 498. (6) **Internship.** Students will be assigned to an appropriate health, exercise science, recreation or sport management agency for the purpose of experiencing a minimum of 200 hours of extended field experience. These 200 hours of field experience may be equally split between
two separate agencies at the discretion of the program coordinator. Students will be consulted as to the agency with which they would desire to intern. At the completion of the internship, each student will provide a portfolio describing and providing examples of work completed and make an oral presentation to peers and departmental faculty. For students in the recreation and sport management concentration, this course will be taken concurrently with SRM 497, Internship. Prerequisites: completion of all other programs of study requirements and approval of the department chair. Special fee: $30.00. (Fall, Spring, Summer)

HPE 499. (1-3) Independent Study. Open to senior departmental majors upon submission of request and approval by the department chair. Provides opportunity for study, research or special field experiences in health and physical education based on appropriateness as determined by the department chair and faculty supervision. Prerequisite: senior status in departmental major. (Fall, Spring, Summer)

INTERCULTURAL EXPERIENCE (IE)

IE 499. (1-6) Intercultural Experience. Analysis of cultural features observed by students during their experiences abroad. In this directed independent study course, students will focus in their written analysis on ways in which the culture they experienced abroad differs from their native culture. Depending on the nature of the project and/or length of time/trip(s) abroad, this course may be taken for one, two, or three credits: IE 499 (01) 1 credit hour; IE 499 (02) 2 credit hours; IE 499 (03) 3 credit hours. May be taken for a maximum of six credits. Departmental approval required. (Fall, Spring, Summer)

INDUSTRIAL HYGIENE (IH)

Lecture courses annotated with an asterisk (*) and their corresponding laboratory courses (L) must be taken concurrently unless either the lecture course or the corresponding laboratory was passed previously. If a student passes only one course of the combination and elects not to repeat the course that was failed, elective credit – not major or minor credit – shall be given for the course passed.

IH 301. (3) Occupational Safety and Health. Principles of occupational health and safety covering standard techniques for the recognition, evaluation and control of workplace and environmental health hazards with emphasis on the role of regulatory agencies, the Occupational Safety and Health Act of 1970, and workplace safety and health regulations. (Fall, Spring)

*IH 310. (2) Industrial Ergonomics and Physical Agents. This course studies the role of industrial ergonomics in preventing cumulative trauma and improving occupational safety and health and the recognition/evaluation of physical agents including microwaves, electromagnetic fields, optical and ionizing radiation. Topics in industrial ergonomics include cumulative trauma, physical and cognitive ergonomics, work physiology, biomechanics and principles of workstation design. Prerequisites: BI 242, IH 301. (Spring)
IH 310L. (1) **Industrial Ergonomics and Physical Agents Laboratory.** This laboratory presents techniques for assessing ergonomics risk factors, physical work demands, biomechanical and manual handling loads, and exposure to electromagnetic fields, UV and ionizing radiation. The design of workstations including office ergonomics is also included. One 3-hour laboratory period per week. Field trips may be required. Prerequisites: BI 242, IH 301. Special fee: $30.00. (Spring)

IH 311. (3) **Industrial Safety.** Review of the voluntary compliance outreach program (OSHA 501) for general industry. This program includes a review of the OSHAAct; recordkeeping and recording requirements; the use of the Code of Federal Regulations and the application of safety standards. General principles of occupational safety are discussed along with the regulatory issues. Term projects may be required. Prerequisites: CH 311, 311L; IH 301. (Fall)

IH 322. (3) **Industrial Hygiene Problems.** Case studies of known industrial hygiene hazards: disease symptoms, analyses and developments leading to hazard recognition; legal and scientific efforts necessary to correction. Typical case studies will include hazards associated with silica, radium, asbestos, coal, vinyl chloride, lead, inorganic acids, and others. Field trips and/or terms projects may be required. Prerequisites: CH 112, 112L; IH 301. (Summer)

IH 333. (3) **Industrial Toxicology.** Review of human physiology and recognition of physiological effects of toxic agents; TLV and LD concepts; use of medical technology; modes of contact and entry of toxic agents and dosage, time, and concentration effects; recognition of toxic agents, occupational diseases, and epidemiology. Term projects may be required. Prerequisites: BI 242; MA 147. (Spring)

IH 401. (3) **Health and Safety Applied to Business Operations.** A study of laws, guidelines, and standard practices concerning occupational health and safety as applied to business operations. Topics included in this course are the administration of occupational health and safety programs, recordkeeping of injuries and illnesses, measures of safety performance, exposure assessment processes, control interventions, emergency preparedness and contingency planning, and ergonomics programs. This course is not applicable for credit toward a degree in industrial hygiene. Prerequisite: IH 301. (Spring)

IH 422. (3) **Control of Airborne Hazards.** This course presents principles for hazard analysis and control of industrial airborne contaminants. Emphasis is given to general ventilation, local exhaust ventilation, and noise control. A term paper may be required. Prerequisites: IH 322, 411. (Fall)

IH 422L. (1) **Control of Airborne Hazards Laboratory.** This laboratory presents principles of design and methods for the evaluation of controls with emphasis given to general and local exhaust ventilation. The use of band frequency analysis for noise characterization and fit testing techniques for personal respirators are also illustrated. One 3-hour laboratory period per week. Fields trips may be required. Prerequisites: IH 322, 411. Special fee: $30.00. (Fall)
IH 444.  (3) **Sampling Methods in Industrial Hygiene.** This course presents air sampling techniques used for the evaluation of airborne gases, vapors, aerosols and biological agents found in the workplace. Quantitative methods of frequent use in occupational hygiene are illustrated following an integrated approach that includes components of sampling strategies, collection techniques, data analyses, and exposure assessment principles. A term paper may be required. Prerequisites: IH 333, 411. (Spring)

IH 444L. (1) **Sampling Methods in Industrial Hygiene Laboratory.** This course presents techniques and equipment used for collection of airborne contaminants, including integrated and real time methods. Experiments also focus on quality control including calibration techniques, preparation of test atmospheres, and statistical methods of data analysis. One 3-hour laboratory period per week. Field trips may be required. Prerequisites: IH 333, 411. Special fee: $30.00. (Spring)

IH 490. (3) **Special Topics in Occupational Health and Safety.** An in-depth study of a particular topic of current interest in the field of industrial hygiene. Topics will vary but will be listed in the Schedule of Classes when offered and on students’ transcripts. A $30 laboratory fee or field trips may be required according to topic. Prerequisite: departmental approval. (Fall)

IH 495. (1-3) **Senior Research/Internship.** Independent research or internship on individual projects under faculty supervision for selected industrial hygiene majors who have completed at least 84 credit hours with a minimum 3.0 overall scholastic average. Scheduled work and conferences require a minimum average of four hours per week per credit hour. Research or internship may be off campus at a preapproved site with credit depending on scope of project. May be repeated for a maximum of three credit hours. Departmental approval required. Special fee: $30.00 for on-campus projects. (Fall, Spring, Summer)

IH 496. (3) **Capstone Project in Industrial Hygiene.** This course requires the application of comprehensive and cumulative knowledge acquired in industrial hygiene and supporting courses to an assigned case study or industrial operation. Students will be required to complete three reports during the semester addressing, in succession, the areas of recognition, evaluation and control. In addition, students will be given a comprehensive exit exam. Open to industrial hygiene majors in their last semester of studies. Departmental approval required. (Fall, Spring)

**JOURNALISM (JN)**

JN 495. (3) **Journalism Internship.** Selected problems and practice emphasizing actual professional work situations in journalism through special study, projects, or field experience under departmental supervision and evaluation. Prerequisite: departmental approval required. (Fall, Spring, Summer)

JN 496. (3) **Journalism Practicum.** Special projects in journalism under departmental supervision. Journalism majors may not apply off-campus internships toward requirements of JN 496. Prerequisite: departmental approval required. (Fall, Spring, Summer)
JN 499. (3) **Independent Study.** Completion of a supervised individual project in journalism. Prerequisite: departmental approval. (Offered on sufficient demand)

**LEARNING COMMUNITIES (LC)**

LC 100. (1) **Learning Communities Seminar.** Designed to help the new student develop essential survival skills and adapt to university level studies and the unique environment of the campus community. Students will gain an overall perspective of the expectations and benefits of a university education. The one hour credit course includes one regularly-scheduled class period per week. This course may be applied only one time toward a degree.

**MATHEMATICS (MA)**

MA 099. (0) **Beginning Algebra.** A noncredit course in basic mathematics and introductory algebra required of all students with scores of 15 or below on the ACT Mathematics Subtest. Except as noted below, no other mathematics course may be taken until a grade of S is earned in MA 099. May also serve as a refresher or beginning course in mathematics for other students. Counts as three semester hours in determining hour load. Grading is S (Satisfactory) or U (Unsatisfactory). Students may be exempted only by approval of the Department of Mathematics and Computer Science. A student receiving a grade of U must repeat the course. After the second term in MA 099 the student, no matter what the grade, must proceed to the credit sequence beginning with MA 100. Students will not be allowed to withdraw from non-credit courses unless they are completely withdrawing from school. In the case of a complete withdrawal, a grade of WS, Withdrawal Satisfactory, or WU, Withdrawal Unsatisfactory, will be assigned. Grades of WS or WU have no effect on the student’s scholastic standing. (Fall, Spring)

MA 100. (3) **Intermediate Algebra.** Principles and techniques of elementary algebra; products, factors, and quotients of polynomials; operations with rational expressions; ratio and proportion; rectangular coordinate system; systems of equations and inequalities; roots and radicals; second-degree equations; the quadratic formula. Prerequisite: minimum ACT mathematics score of 16 and one unit of high school algebra, or satisfactory completion of MA 099 (Fall, Spring, Summer)

MA 105. (3) **Mathematics for Liberal Arts.** (Formerly MA 115). This course emphasizes the breadth of application of contemporary mathematics to modern society. It is intended primarily for the liberal arts major. Topics covered include charts, graphs, compound interest, problem solving, sets, logic, probability, and statistics. Prerequisite: minimum ACT mathematics score of 16 and one unit of high school algebra, or satisfactory completion of MA 099. Not open to students with credit in MA 115 (prior to fall 1998). (Fall, Spring)

MA 110. (3) **Finite Mathematics.** This course is intended to give an overview of topics in finite mathematics together with their applications and is taken primarily by students who are not majoring in science, engineer-
ing, commerce, or mathematics (i.e., students who are not required to take calculus). The course includes sets, counting, permutations, combinations, basic probability (including Bayes’ Theorem), an introduction to statistics (including work with Binomial Distributions and Normal Distributions), matrices and their applications to Markov chains and decision theory. Additional topics may include symbolic logic, linear models, linear programming, the simplex method and applications. Prerequisite: minimum mathematics ACT score of 22 and credit in high school Algebra I, Algebra II, and Geometry; or grade of C or better in Intermediate Algebra; or Mathematics for Liberal Arts. (Fall, Spring, Summer)

MA 112. (3) **Pre-calculus Algebra.** This course emphasizes the algebra of functions— including polynomial, rational, exponential, and logarithmic functions. The course also covers systems of equations and inequalities, quadratic inequalities, and the binomial theorem. Additional topics may include matrices, Cramer’s rule, and mathematical induction. Prerequisite: minimum mathematics ACT score of 22 and credit in high school Algebra I, Algebra II, and Geometry; or grade of C or better in Intermediate Algebra. Not open to students with credit in MA 101. (Fall, Spring, Summer)

MA 113. (3) **Pre-calculus Trigonometry.** This course is a continuation of Pre-Calculus Algebra. It includes the study of trigonometric and inverse trigonometric functions and includes extensive work with trigonometric identities and trigonometric equations. The course also covers vectors, complex numbers, DeMoivre’s Theorem, and polar coordinates. Additional topics may include conic sections, sequences, and using matrices to solve linear systems. Prerequisite: MA 112; or permission of the Chair of the Department of Mathematics and Computer Science. Not open to students with credit in MA 103. (Fall, Spring, Summer)

MA 115. (4) **Pre-calculus Algebra and Trigonometry.** This course is a one semester combination of Pre-calculus Algebra and Pre-calculus Trigonometry intended for superior students. The course covers the following topics: algebra of functions (including polynomial, rational, exponential, and logarithmic functions); systems of equations and inequalities; quadratic inequalities; the binomial theorem; the study of trigonometric and inverse trigonometric functions including extensive work with trigonometric identities and trigonometric equations; vectors; complex numbers; DeMoivre’s Theorem; polar coordinates. Prerequisite: minimum mathematics ACT score of 22 and credit in high school Algebra I, Algebra II, and Geometry; or grade of C or better in Intermediate Algebra. Not open to students with credit in MA 151. (Fall, Spring)

MA 121. (3) **Calculus for Business and Life Sciences I.** Algebraic and some transcendental functions; limits; continuity; derivatives; maxima and minima; applications. Prerequisite: MA 112 or equivalent. Not open to students with credit in MA 221. (Fall)

MA 122. (3) **Calculus for Business and Life Sciences II.** Antiderivatives; the definite integral; applications of the definite integral; functions of two or more variables; partial derivatives; maxima and minima; applications. Prerequisite: MA 121. Not open to students with credit in MA 222. (Spring)
MA 125. (4) **Calculus I.** This is the first of three courses in the basic calculus sequence taken primarily by students in science, engineering and mathematics. Topics include the limit of a function; the derivative of algebraic, trigonometric, exponential, and logarithmic functions; and the definite integral and its basic applications to area problems. Applications of the derivatives are covered in detail, including approximations of error using differentials, maximum and minimum problems, and curve sketching using calculus. Prerequisite: Mathematics ACT score of 28 or higher; or MA 115; or both MA 112 and MA 113. Not open to students with credit in MA 251. (Fall, Spring)

MA 126. (4) **Calculus II.** This is the second of three courses in the basic calculus sequence. Topics include vectors in the plane and in space, lines and planes in space, applications of integration (such as volume, arc length, work and average value), techniques of integration, infinite series, polar coordinates, and parametric equations. Prerequisite: MA 125. Not open to students with credit in MA 252. (Fall, Spring)

MA 147. (3) **Elementary Statistics.** Descriptive statistics; probability; confidence intervals; tests of hypothesis; appropriate applications. Not open to students with credit in MA 190. Prerequisite: MA 100, 110, or 112 or equivalent. (Fall, Spring)

MA 181H. (1) **Freshman Honors Seminar.** A survey of the impact of mathematical thought on the evolution of modern society. (Offered on sufficient demand)

MA 227. (4) **Calculus III.** This is the third of three courses in the basic calculus sequence. Topics include vector functions, functions of two or more variables, partial derivatives (including applications), quadratic surfaces, multiple integration, and vector calculus including Green's Theorem, Curl and Divergence, surface integrals, and Stoke's Theorem. Prerequisite: MA 126. Not open to students with credit in MA 353. (Fall, Spring)

MA 237. (3) **Linear Algebra.** This course introduces the basic theory of linear equations and matrices, real vector spaces, bases and dimensions, linear transformations and matrices, determinants, eigenvalues and eigenvectors, inner product spaces, and the diagonalization of symmetric matrices. Additional topics may include quadratic forms and the use of matrix methods to solve systems of linear differential equations. Prerequisite: MA 126. (Offered on sufficient demand)

MA 238. (3) **Applied Differential Equations I.** An introduction to numerical methods, qualitative behavior of first-order differential equations, techniques for solving separable and linear equations analytically, and applications to various models (e.g., population, motion, chemical mixtures, etc.); techniques for solving higher-order linear differential equations with constant coefficients (general theory, undetermined coefficients, reduction of order, and the method of variation of parameters), with emphasis on interpreting the behavior of the solutions, and applications to physical models whose governing equations are of higher order; the Laplace transform as a tool for the solution of initial-value problems whose inhomogeneous terms are discontinuous. Prerequisite: MA 126. Not open to students with credit in MA 355. (Offered on sufficient demand)
MA 306.  (3) Mathematics for the Elementary School Teacher. The number system; the number line; sentences and statements; logic; sets; relations and functions; modern trends in mathematics education. Does not satisfy requirements for mathematics major, minor, or general studies component. (Fall, Spring)

MA 325.  (3) Introduction to Discrete Mathematics. Elementary propositional logic, proof techniques (including induction and contradiction), sets, functions, algorithms, combinatorial counting techniques, Boolean algebra, and graph theory. Prerequisite: MA 115 or both MA 112 and 113. (Fall)

MA 345.  (3) Applied Statistics I. A course in statistical methods with applications. Descriptive statistics, probability, statistical inference including one- and two-sample problems, Chi-Square applications, one-way analysis of variance, linear correlation and regression analysis, and nonparametric statistics. Prerequisite: MA 112 or equivalent. (Fall, Spring)

MA 355.  (3) Differential Equations. A survey of techniques for solving differential equations in which the unknown function depends upon one independent variable; emphasis on analytical techniques, with extensive use of integration methods from calculus; solving higher-order linear differential equations both with constant and with variable coefficients; constructing mathematical models using first-order equations; using the Laplace transform for solving initial-value problems with constant coefficients, both with continuous and discontinuous driving functions. Prerequisite: MA 126. Not open to students with credit in MA 238. (Spring)

MA 356.  (3) Applied Differential Equations II. A study of the techniques for solving ordinary differential equations by the use of infinite series; numerical methods of solutions; partial differential equations. Prerequisites: MA 227; 238 or 355. (Offered on sufficient demand)

MA 421.  (3) College Geometry. Euclidean and non-Euclidean geometry including the topics of congruence, convexity, and plane and space separation. Prerequisite: MA 126. (Fall)

MA 425.  (3) Methods and Materials for Teaching Secondary Mathematics. Practical aspects of teaching and learning mathematics at the secondary level. Topics covered include secondary mathematics curricula, preparation and presentation of lesson material, classroom management, and professional behaviors. Does not satisfy requirements for mathematics major, minor, or general studies component. Prerequisite: credit or concurrent enrollment in MA 421. (Fall)

MA 431.  (3) Advanced Linear Algebra I. Systems of linear equations; matrices; determinants; vector spaces; linear transformations. Prerequisites: MA 126; CS 245 or MA 325. (Fall; Spring, odd-numbered years)

MA 432.  (3) Advanced Linear Algebra II. Eigenvalues and eigenvectors; linear programming; Markov processes; numerical linear algebra; game theory and other applications. Prerequisite: MA 431. (Offered on sufficient demand)

MA 437.  (3) Modern Algebra I. Sets, relations, and functions; elementary number theory; group theory including subgroups, cyclic groups, cosets, and LaGrange’s theorem; introduction to rings. Prerequisites: MA 126 and MA 325. (Fall, odd-numbered years; Summer, even-numbered years)
MA 438. (3) **Modern Algebra II.** Theory of rings; integral domains; fields; group theory II; introduction to Galois theory. Prerequisite: MA 437. (Offered on sufficient demand)

MA 447. (3) **Mathematical Statistics I.** Probability and combinatorial methods; discrete probability functions; probability density functions for continuous variates; mathematical expectation; moment generating functions; appropriate applications. Prerequisite: MA 227. (Fall)

MA 448. (3) **Mathematical Statistics II.** Sampling distributions; confidence intervals; tests of hypothesis; regression analysis; analysis of variance; appropriate applications. Prerequisite: MA 447. (Offered on sufficient demand)

MA 451. (3) **Introduction to Analysis.** Logic and point set theory; real number system; limits; continuity; derivatives. Prerequisites: MA 227 and MA 325. (Spring)

MA 452. (3) **Advanced Calculus.** Functions of several variables; mapping; partial derivatives; power series; uniform convergence; line and surface integrals; vector analysis. Prerequisite: MA 451. (Offered on sufficient demand)

MA 455. (3) **Complex Analysis.** Algebra and geometry of complex numbers; elementary functions and their mappings; analytic functions; integration in the complex plane; Cauchy’s integral theorem; Taylor and Laurent expansions; calculus of residues. Prerequisite: MA 451. (Offered on sufficient demand)

MA 461. (3) **Numerical Analysis.** Error analysis for iterative methods; approximation theory; numerical differentiation and quadrature; initial-value problems for ordinary differential equations; iterative techniques in matrix algebra. Prerequisites: CS 155; MA 227. (Offered on sufficient demand)

MA 471W. (3) **Applied Mathematics.** Mathematical models and modeling techniques in the fields of engineering, ecology, economics, medicine, chemistry, traffic engineering, and simulation of experiments. Prerequisites: MA 227 and MA 325. (Fall)

MA 475W. (3) **Introduction to Operations Research.** The nature of operations research; modeling problems using operations research techniques; linear programming; the Simplex Method, theory and practice; special problems; network analysis; dynamic programming; theory of games. Prerequisites: MA 126 and CS 110 or 155. Corequisite: MA 431. (Offered on sufficient demand)

MA 491. (3) **Senior Seminar.** Mathematics topics selected according to the interest and needs of the individual student, with study at advanced undergraduate level. Prerequisite: senior classification, approval of the chair of the department. (Offered on sufficient demand)
MANAGEMENT (MG)

Business majors must be admitted to the College of Business before enrolling in junior/senior level courses.

MG 100. (3) Introduction to Business. A survey course to acquaint students with the major institutions and practices in the business world, to provide the elementary concepts of business, to act as an orientation course for selecting a major, and to provide information on business career opportunities. Not open to business majors beyond the freshman year. (Fall, Spring, Summer)

MG 330. (3) Principles of Management. A basic course in general management designed to acquaint the student with the theories and principles of organization as they are developing in modern society. (Fall, Spring, Summer)

MG 331. (3) Leadership and Organizational Behavior. An analysis of administrative practices as applied to the business and industrial environment, with emphasis on an integration of behavioral science concepts through the study of individual and group interactions, particularly those dealing with motivation, conflict, and communication in organizations. Prerequisite: MG 330. (Fall, Spring, Summer)

MG 340. (3) Negotiation and Conflict Resolution. This course will explore the concept of negotiation in numerous business environments. Attention will be paid to topics such as strategies and tactics, nonverbal communication, and ethical and cultural aspects. Other forms of conflict resolution used in business, such as mediation and arbitration will also be addressed, and the design of conflict management programs will be examined. Also listed as MK 340 but creditable only in field for which registered. Prerequisites: MG 330; MK 360. (Fall, Spring, Summer)

MG 345. (3) Hotel Management and Operations. A study of the major departments of a hotel from a systems approach including historical background, theoretical concepts and practical approach. The management of these departments in regards to departmental structure, responsibilities, guest satisfaction and interrelations with all other departments. Prerequisite: junior standing or permission of instructor. (Fall)

MG 350. (3) Hospitality Accounting and Finance. A study of concepts, terminology, and procedures used to process accounting information leading to the preparation of financial numbers and managerial reports that will help the hospitality facility to be a profitable operation. Prerequisites: MG 330; MK 360; or permission of instructor. (Spring)

MG 362. (3) Human Resources Management. Evaluation of criteria for personnel programs with analysis of acquisition, development, motivation, and compensation of human resources. Prerequisite: MG 330. (Fall, Spring, Summer)

MG 371. (3) Labor Issues and Legislation. A study of problems relating to labor, including the historical development of unionism, collective bargaining, labor disputes, the labor force, the labor market, labor legislation, and wage determination. Prerequisites: EC 252; MG 330. (Fall, Spring, Summer)
MG 382W. (3) Managerial Communications. The study of communication theory and its application to business is the main focus of this course. Emphasis is placed on planning and preparing effective written and electronic communication as well as nonverbal and oral presentation skills. Other course components include teamwork, global and ethical communication, and employment document preparation. Prerequisite: EN 112 or 122. (Fall, Spring, Summer)

MG 391. (3) Entrepreneurship. This course focuses on the introductory topics of entrepreneurship and the development of new and emerging ventures. Specific areas covered include identifying business opportunities, conducting feasibility studies, developing the business plan, evaluating alternative ways to finance new ventures, and identifying the appropriate form of legal organization. Also includes an examination of the characteristics of successful entrepreneurs and methods for development of entrepreneurial creativity. Also listed as MK 391 but creditable only in field for which registered. Prerequisite: junior standing or consent of instructor. (Fall, Spring, Summer)

MG 420. (3) Operations Management. A survey of production-oper-ations functions; basic procedures and techniques in the design and analysis of operating systems. Prerequisites: MG 330; MK 360; QM 292. (Fall, Spring, Summer)

MG 425. (4) Transportation and Logistics. An introductory course which examines transportation and logistical services which includes customer service, purchasing, distribution operations, procurement, carrier selection, negotiation and transportation cost evaluation. Also listed as MK 425 but creditable only in field for which registered. Prerequisite: MG 420. (Fall, Spring, Summer)

MG 440. (3) Applied Managerial Decision Making and Analysis. This course will utilize focus on managerial decision making across functional areas of business (accounting, finance, management and marketing) with an emphasis on the techniques available to interpret and utilize information. Topics include CVP analysis, inventory management, budgeting, forecasting, cost models and financial analysis. Also listed as MK 440 but creditable only in field for which registered. Prerequisites: FI 393; MG 420. (Fall, Spring, Summer)

MG 462. (3) Performance Appraisals and Compensation. Systematic examination of administration of wage and salary as a tool of management; use of job descriptions, job analysis, and job evaluation methods, instruction in techniques of rationalizing wage structures; analyses are made of some outstanding considerations that must be taken into account in installing and administering wage programs. Prerequisite: MG 362. (Fall, Spring, Summer)

MG 471. (3) Employment Relations. A course designed to analyze, synthesize, and evaluate the major federal and state laws that impinge on the modern work environment. Students will draw upon new insights in the human resource management discipline to abstract, summarize, and evaluate the impact of the ever growing field of legislation and laws regulating the employee/employer relationship. Case work will provide students with a qualitative approach to the topic. Prerequisite: MG 362. (Fall, Spring)
MG 475. (3) **Strategic Human Resources Management.** This course focuses on the role of human resource planning in the support of the larger corporate strategic framework. This course approaches strategic human resource management from two perspectives: (1) consideration of the systematic and strategic aspects of managing the organization’s human assets, and (2) implementation of human resource policies needed to achieve a sustainable competitive advantage. Traditional human resource management topics such as reward systems, performance management, high-performance work systems, training and development, recruitment, and retention are discussed in this course from a strategic perspective. Prerequisites: MG 362, 462. (Fall, Spring, Summer)

MG 480. (3) **Management Internship.** A work related experience in a private, public, or governmental organization enhancing the applications of management theories and concepts. Must be a junior or senior. Prerequisite: approval of department chair. (Fall, Spring, Summer)

MG 485. (3) **Project Management.** This course is an in-depth study of the planning, organizing, leading and controlling of projects. Students will learn how to manage both small and large projects using project management techniques. Also included in the course will be the use of the student version of a Microsoft Project software. Prerequisites: MG 362, 420. (Fall, Spring, Summer)

MG 491. (3) **International Business.** An advanced survey of management practices and styles in developed and developing nations along with a study of the growing opportunities and potential risks in the marketing of goods and services across international boundaries. Also listed as MK 491 but creditable only in field for which registered. Prerequisites: MG 330; MK 360. (Fall, Spring, Summer)

MG 494. (3) **Entrepreneurial Business Plan Writing.** This course is an in-depth study of the steps required to plan, develop, write, defend and execute a comprehensive business plan for an entrepreneurial business venture. This course serves as the capstone course for students majoring in Professional Management with a concentration in Entrepreneurship. Also listed as MK 494 but creditable only in field for which registered. Prerequisites: BL 381; MG 330; MG/MK 391; MK 360. (Fall, Spring, Summer)

MG 496H. (3) **Honors Symposium in Leadership.** A seminar and directed experience course for selected business honor students. Readings, lectures and experiences will be developed to explore all facets of personal and organizational leadership. Potential topics to be explored include transactional leadership, transformational leadership, personal leadership, “followership,” business etiquette for leaders, and civic and community leadership. Enrollment is by invitation only. Students are selected each fall and will attend one program per month throughout the academic year, enrolling for credit during the spring semester only. (Spring)

MG 498. (3) **Strategic Management.** Capstone course for all business majors; integrates concepts of accounting, economics, finance, human resources, production management, and marketing disciplines. Emphasis on strategic management processes, analytic tools, and decision making practice in a business simulation environment. Open only to senior business majors. Prerequisites: FI 393; MG 382W, 420. (Fall, Spring, Summer)
MG 499. (1-3) Independent Study-Practicum. Open to senior majors on approval of the department chair. Provides for study, research or special field experience on departmental determination, supervision, and evaluation. (Fall, Spring, Summer)

MARKETING (MK)

Business majors must be admitted to the College of Business before enrolling in junior/senior level courses.

MK 340. (3) Negotiation and Conflict Resolution. This course will explore the concept of negotiation in numerous business environments. Attention will be paid to topics such as strategies and tactics, nonverbal communication, and ethical and cultural aspects. Other forms of conflict resolution used in business, such as mediation and arbitration will also be addressed, and the design of conflict management programs will be examined. Also listed as MG 340 but creditable only in field for which registered. Prerequisites: MG 330; MK 360. (Fall, Spring, Summer)

MK 360. (3) Principles of Marketing. The course is an introduction to the language and issues of marketing. The course focuses on basic marketing concepts, the role of marketing in the organization, and the role of marketing in society. Major topics include targeting, positioning, market segmentation, product development, promotion, distribution, and pricing. Other topics include marketing research, international marketing, ethics, consumer behavior, B2B marketing and services. (Fall, Spring, Summer)

MK 363. (3) Integrated Marketing Communications. A study of the role of promotion as a part of marketing communication. Provides a behavioral foundation for the study of advertising, reseller stimulation, personal selling, and other communication tools as a part of an overall promotion mix. Prerequisite: MK 360. (Fall, Spring, Summer)

MK 391. (3) Entrepreneurship. This course focuses on the introductory topics of entrepreneurship and the development of new and emerging ventures. Specific areas covered include identifying business opportunities, conducting feasibility studies, developing the business plan, evaluating alternative ways to finance new ventures, and identifying the appropriate form of legal organization. Also includes an examination of the characteristics of successful entrepreneurs and methods for development of entrepreneurial creativity. Also listed as MG 391 but creditable only in field for which registered. Prerequisite: junior standing or consent of instructor. (Fall, Spring, Summer)

MK 395. (3) Entrepreneurial Marketing. This course focuses on the marketing function of entrepreneurship and intrapreneurship in new and existing ventures. Specific emphasis is placed on establishing a strategic marketing plan within the framework of limited funds and market experience as typically experienced in new ventures and small business organizations. Includes development of strategic planning in the areas of the price, customer service, business image development, location analysis, distribution, product selection and quality and promotional analysis. Prerequisite: MK 360. (Fall, Spring, Summer)
MK 425. (4) **Transportation and Logistics.** An introductory course which examines transportation and logistical services which includes customer service, purchasing, distribution operations, procurement, carrier selection, negotiation and transportation cost evaluation. Also listed as MG 425 but creditable only in field for which registered. Prerequisite: MG 420. (Fall, Spring, Summer)

MK 440. (3) **Applied Managerial Decision Making and Analysis.** This course will utilize focus on managerial decision making across functional areas of business (accounting, finance, management and marketing) with an emphasis on the techniques available to interpret and utilize information. Topics include CVP analysis, inventory management, budgeting, forecasting, cost models and financial statement analysis. Also listed as MG 440 but creditable only in field for which registered. Prerequisites: FI 393; MG 420. (Fall, Spring, Summer)

MK 455. (3) **Hospitality and Tourism Marketing.** Covers the field of Hospitality and Tourism Marketing using an integrative approach to examine and analyze the major marketing decisions faced each day in this dynamic environment. Involves a detailed study of how marketing impacts every member of the hospitality and tourism team from revenue management to social networking to database marketing to strategy development. Topics include the service environment, market research, the four P’s of services: marketing, service, quality, and customer satisfaction. Prerequisites: MG 330; MK 360; or permission of instructor. (Summer)

MK 461. (3) **Sales and Sales Management.** Covers the field of selling as it relates to marketing. Involves a detailed study and application of the basic steps in selling: prospecting, preapproach, approach, presentation, handling objections, close, and follow-up. Prerequisite: MK 360. (Fall, Spring, Summer)

MK 476. (3) **Consumer and Market Behavior.** A study of the buying habits and preferences of consumers; models for explaining and predicting consumer and marketing behavior; consumer movements and attitudes with implications for marketing management policies and the business economy. Prerequisite: MK 360. (Fall, Spring, Summer)

MK 479. (3) **Marketing Research.** Methods and techniques employed in business and economic research. Emphasizes sources of information, analysis, interpretation and presentation of data and reporting. Open to senior business majors only. Prerequisites: MG/MK 440; MK 360; QM 292. (Fall, Spring, Summer)

MK 480. (3) **Marketing Internship.** A work related experience in a private, public, or governmental organization enhancing the applications of marketing theories and concepts. Must be a junior or senior. Prerequisite: approval of department chair. (Fall, Spring, Summer)

MK 487. (3) **E-Marketing.** This course is designed to provide an overview of electronic commerce with an emphasis on e-retailing, consumer behavior online, Internet advertising, and online market research. Prerequisite: MK 360. (Fall, Spring, Summer)
MK 491. (3) **International Business.** An advanced survey of management practices and styles in developed and developing nations along with a study of the growing opportunities and potential risks in the marketing of goods and services across international boundaries. Also listed as MG 491 but creditable only in field for which registered. Prerequisites: MG 330; MK 360. (Fall, Spring, Summer)

MK 492. (3) **Retailing.** The structure, policies and practices followed in the operation of chain stores, franchises, cooperatives, and independent retailers. Course covers store location, layout, buying, selling, pricing, merchandising, promotional strategies, and retail trends. Prerequisite: MK 360. (Fall, Spring, Summer)

MK 494. (3) **Entrepreneurial Business Plan Writing.** This course is an in-depth study of the steps required to plan, develop, write, defend and execute a comprehensive business plan for an entrepreneurial business venture. This course serves as the capstone course for students majoring in Professional Management with a concentration in Entrepreneurship. Also listed as MG 494 but creditable only in field for which registered. Prerequisites: BL 381; MG 330; MG/MK 391; MK 360. (Fall, Spring, Summer)

MK 498. (3) **Marketing Management.** An integrated course that provides advanced students an opportunity to apply marketing strategies to the solution of marketing problems. Uses simulations, cases, and outside projects. Open to senior business majors only. Prerequisites: MK 363, 479. (Fall, Spring, Summer)

MK 499. (1-3) **Independent Study-Practicum.** Open to senior majors on approval of the department chair. Provides for study, research, or special field experience on departmental determination, supervision, and evaluation. (Fall, Spring, Summer)

**MILITARY SCIENCE (MS)**

MS 111. (1) **Fundamental Concepts of Leadership.** Organization of the Army, National Guard, and Army Reserve; basic marksmanship (22 caliber); traits and principles of leadership; first aid. One class period; one 1-hour laboratory period per week. (Fall)

MS 112. (1) **Basic Leadership.** Basic map reading and terrain recognition; leadership development and effective communication skills; benefits of an Army career. One class period; one 1-hour laboratory period per week. (Spring)

MS 211. (1) **Advanced Leadership.** Map reading; squad and platoon organization; selected weapons; customs and traditions of the service. One class period; one 1-hour laboratory period per week. (Fall)

MS 212. (1) **Tactics and Officership.** Military communications system; threat and equipment recognition; leadership development; branches of the Army. One class period; one 1-hour laboratory period per week. (Spring)

MS 311. (3) **Small Organization Leadership.** Leadership development; military teaching principles; map reading; field training exercise. Two class periods; two laboratory hours per week. (Fall)

MS 312. (3) **Small Organization Operations.** The leader’s role in directing and coordinating the efforts of individuals and small units; small unit
tactics; military equipment; communications; physical training; and field training exercises. Two class periods; two laboratory hours per week. (Spring)

MS 313. (3) **Advanced Leadership Internship.** Leadership Development and Assessment Course. Leadership practical exercises; oral and written communication; planning and organizing; administration of small units; delegation of authority; and problem solving. Prerequisite: department chair approval required. (Fall, Summer)

MS 411. (3) **Leadership, Management, and Ethics.** The theory and dynamics of the military team, with emphasis on the planning and coordination between elements of the team; military correspondence; logistics; counseling; training management; ethics and professionalism; leadership development. Two class periods; three laboratory hours per week. (Fall)

MS 412. (3) **Transition to Lieutenant.** A seminar in management, including analysis of problems in unit administration; military justice; the obligations and responsibilities of an officer on active duty; ethics and professionalism; leadership development. Two class periods; three laboratory hours per week. (Fall)

MS 497. (1-3) **Special Topics.** A study of one or more military topics in military history, army readiness, leadership assessment or a topic selected by the Professor of Military Science. Credit hours earned are based on oral presentation, written tests and research papers. Open only to contracted ROTC cadets enrolled in the advanced program (300-400 level) or who have completed all advanced Military Science courses. (Fall, Spring)

**MUSIC (MU)**

*MUSICAL ACTIVITIES*

**Vocal Jazz Ensemble.** Study and performance of vocal jazz music. Investigates the popular idiom of jazz and its evolution into the vocal setting with experiences in ensemble and solo singing (improvisation and scat singing). Students are selected by audition from Collegiate Singers or by departmental approval. Two rehearsal periods per week. Each number may be repeated once with the exception of 404 which may be repeated more than once with departmental approval. (Fall, Spring)

MU 104. (1) Vocal Jazz Ensemble.

MU 204. (1) Vocal Jazz Ensemble.

MU 304. (1) Vocal Jazz Ensemble.

MU 404. (1) Vocal Jazz Ensemble.

**University Band.** The study and performance of literature for the band. Five class periods of rehearsal per week. Each number may be repeated only once with the exception of 405 which may be repeated more than once with departmental approval. Prerequisite: assignment by departmental approval. (Fall, Spring)

MU 105. (1) University Band.

MU 205. (1) University Band.

MU 305. (1) University Band.

MU 405. (1) University Band.

* Members of musical activities and students who are enrolled in applied music will occasionally be required to go on field trips to represent the University of North Alabama and the UNA Department of Music.
Jazz Band. The study and performance of popular music. Students are selected for the Jazz Band by audition and have two rehearsals per week. Each number may be repeated only once with the exception of 406 which may be repeated more than once with departmental approval. Prerequisite: assignment by departmental approval. (Fall, Spring)

MU 106. (1) Jazz Band.
MU 206. (1) Jazz Band.
MU 306. (1) Jazz Band.
MU 406. (1) Jazz Band.

University Chorale. The study and performance of choral music. Three rehearsal periods per week. Each number may be repeated only once with the exception of 407 which may be repeated more than once with departmental approval. (Fall, Spring)

MU 107. (1) University Chorale
MU 207. (1) University Chorale
MU 307. (1) University Chorale
MU 407. (1) University Chorale

Opera/Music Theater Workshop. The study and performance of opera and musical theater literature. One 2-hour rehearsal per week. Each number may be repeated only once with the exception of 408 which may be repeated more than once with departmental approval. Admission by audition only. (Offered on sufficient demand)

MU 108. (1) Opera/Music Theater Workshop.
MU 208. (1) Opera/Music Theater Workshop.
MU 308. (1) Opera/Music Theater Workshop.
MU 408. (1) Opera/Music Theater Workshop.

Shoals Symphony at UNA. The study and performance of orchestral music. Two class periods of rehearsal per week. Each number may be repeated only once with the exception of 409 which may be repeated more than once with departmental approval. (Fall, Spring)

MU 109. (1) Shoals Symphony at UNA.
MU 209. (1) Shoals Symphony at UNA.
MU 309. (1) Shoals Symphony at UNA.
MU 409. (1) Shoals Symphony at UNA.

Collegiate Singers. Specialized study and performance of choral music. Students are selected for the Collegiate Singers by audition and have four rehearsal periods per week. Each number may be repeated only once with the exception of 410 which may be repeated more than once with departmental approval. Prerequisite: assignment by departmental approval. (Fall, Spring)

MU 110. (1) Collegiate Singers.
MU 210. (1) Collegiate Singers.
MU 310. (1) Collegiate Singers.
MU 410. (1) Collegiate Singers.
Ensemble. The study and performance of chamber music on various instruments. Each class has one rehearsal period per week for one credit hour. Each course in each area represents a sequence of progression in level of competency. Admission by departmental approval. Prerequisite: assignment by departmental approval. (Fall, Spring)

MU 127, 128, 227, 228, 327, 328, 427, 428. Chamber Choir.
MU 167, 168, 267, 268, 367, 368, 467, 468. String Ensemble.

CLASS AND APPLIED MUSIC

Applied Music. *Individual instruction in voice, instruments and composition by arrangement. One credit hour for each half-hour lesson per week, with five hours preparation required for each lesson; may be taken for one or two credit hours; and may be repeated in each area with departmental approval. Prerequisite: departmental approval for 100-level courses; the directly preceding level courses for 200, 300 and 400-level courses. Special fee per credit hour: $60.00. In some instances may be taught in groups of four at half fee. (Fall, Spring, Summer)

MU 111, 211, 311, 411. Voice.
MU 112, 212, 312, 412. Piano.
MU 113, 213, 313, 413. Organ.
MU 116, 216, 316, 416. Strings.
MU 118, 218, 318, 418. Guitar.
MU 123, 223, 323, 423. Composition.
MU 419. Senior Recital. (1–2) No fee.

Class Music. Basic instruction in voice and instruments in a class situation. Each class meets two periods per week for one credit hour. Prerequisite: assignment by departmental approval. (Fall, Spring, Summer)

MU 121, 122. Class Voice.
MU 131, 132, 133. Class Piano. I, II, III.
MU 134, 135. Class Accompanying.
MU 141, 142. Class Brass.
MU 151, 152. Class Percussion.
MU 161, 162. Class Strings.
MU 171, 172. Class Woodwinds.
MU 181, 182. Class Guitar.

* Members of musical activities and students who are enrolled in applied music will occasionally be required to go on field trips to represent the University of North Alabama and the UNA Department of Music and Theatre.
Note: Please see Entertainment Industry Management for Commercial Music and Entertainment Industry courses.

MU 011. (0) **Performance Attendance.** The purpose of this course is to provide a formal vehicle for organizing, monitoring and evaluating music students' learning experiences through attendance at performances, such as recitals and concerts. Students seeking to complete a major in music or a minor in music must register for and successfully complete the requirements for this course a total of six times and two times, respectively. A list of events that qualify for performance attendance credit is published each semester by the Department of Music and Theatre. (Fall, Spring)

MU 100. (3) **Fundamentals of Music.** Basic fundamentals of music, including basic terms, notation, key and time signatures, and rhythm. (Fall, Spring, Summer)

MU 101. (3) **Music Theory I.** The melodic, harmonic, rhythmic, and structural elements of music; written harmonization and dictation; and musical analysis. Must be taken concurrently with MU 190, or may be taken separately if previous credit for Sight Singing and Ear Training has been awarded. Prerequisite: MU 100 or departmental approval. (Fall)

MU 102. (3) **Music Theory II.** A continuation of Music 101. Must be taken concurrently with MU 191 or may be taken separately if previous credit for Sight Singing and Ear Training has been awarded. Prerequisite: MU 101. (Spring)

MU 190. (1) **Sight Singing and Ear Training.** The development of vocal skills through music reading (singing); and aural skills through melodic, rhythmic and harmonic dictation and keyboard harmonization. Two class periods per week. Must be taken concurrently with MU 101, or may be taken separately if previous credit for Music Theory has been awarded. (Fall)

MU 191. (1) **Sight Singing and Ear Training.** A continuation of MU 190. Two class periods per week. Prerequisite: must be taken concurrently with MU 102, or may be taken separately if previous credit for Music Theory has been awarded. (Spring)

MU 201. (3) **Music Theory III.** Same as MU 301. Complex musical forms of music. Nineteenth and twentieth-century treatment of melodic, harmonic, rhythmic, and structural materials, with emphasis on chromatic harmony. Prerequisites: MU 101, 102. (Fall)

MU 202. (3) **Music Theory IV.** Same as MU 302. A continuation of MU 201. (Spring)

MU 222. (3) **Music Appreciation.** The materials of music terminologies, styles, literature, and forms covered chronologically from Baroque to twentieth century. Lecture and listening designed to enhance a better understanding and enjoyment of music. (Fall, Spring, Summer)

MU 222H. (3) **Honors Music Appreciation.** Directed independent study of text followed by class listening and discussion. Music literature from the Renaissance through the 20th Century studied critically with special emphasis on how the various musical styles were affected by the parallel movements in the visual arts and the socio-economic and political conditions of the time periods. Emphasis on written examinations. Students must be members of the Honors Program or have departmental approval to enroll in this course. (Fall, Spring)
MU 244. (3) **Survey of Music Literature.** A general survey of the forms and styles of music. (Spring)

MU 301. (3) **Advanced Music Theory.** Same as MU 201. Complex musical forms of music. Nineteenth and twentieth century treatment of melodic, harmonic, rhythmic, and structural materials, with emphasis on chromatic harmony. Prerequisites: MU 101, 102. (Fall)

MU 302. (3) **Advanced Music Theory.** Same as MU 202. A continuation of Music 201. Prerequisite: MU 201. (Spring)

MU 345W. (3) **History of Music I.** The development of musical thought, tendencies, styles, and influences; the relationships and coordinations among the fine arts up to 1750. The background and setting of social and political history. (Fall)

MU 346. (3) **History of Music II.** The development of musical thought, tendencies, styles, and influences; the relationships and coordinations among the fine arts from 1750 to the present. The background and setting of social and political history. (Spring)

MU 361. (2) **Orchestration and Arranging.** The study of the skills of instrumental scoring and arranging for various small and large groups. Transpositions, tone colors, blends, and techniques of instrumentation and arranging are learned, as well as computer notation programs. Prerequisite: MU 302. (Fall)

MU 363. (3) **Form and Analysis.** Music of various periods is analyzed formally, harmonically, and contrapuntally. Prerequisite: MU 302. (Fall)

MU 381. (3) **Elementary School Music Methods.** Basic music experiences in the elementary and middle schools, including listening, singing, playing, moving, creating, and reading activities, and Kodaly and Orff techniques. (Spring)

MU 383. (2) **Instrumental Conducting.** Emphasis on the problems of obtaining nuance, rhythmic precision, and subtle accentuation through one’s baton technique as related to instrumental ensembles. (Spring)

MU 384. (2) **Choral Conducting.** Emphasis on the problems of obtaining nuance, rhythmic precision, and subtle accentuation through one’s conducting technique, as related to choral ensembles. Students must attend one rehearsal each week of the University Chorale. (Fall)

MU 392. (2) **Instrumental Literature and Pedagogy.** A study of instrumental literature from the pre-Baroque to the twentieth century including analysis, performance techniques, teaching techniques, materials, practices and theories for the student’s major instrument. Prerequisite: assignment by departmental approval. (Offered on sufficient demand)

MU 393. (2) **Instrumental Techniques.** Techniques of developing successful marching and concert bands. (Fall)

MU 394. (2) **Choral Techniques.** Organization and administration of choral activities in middle and secondary schools. Must be taken concurrently with MU 107, 207, 307, or 407. (Spring)

MU 395. (2) **Vocal Diction I.** The study of phonetic sounds for singing in Italian and German with no attempt to develop grammar. Prerequisite: MU 111 or departmental approval. (Fall, odd-numbered years)
MU 396. (2) **Vocal Diction II.** The study of phonetic sounds for singing in French and English with no attempt to develop grammar. Prerequisite: Vocal Diction I. (Spring, even-numbered years)

MU 397. (2) **Vocal Pedagogy.** Study of respiration, phonation, articulation, registration, and resonance; concepts and techniques of singing. Includes listening to recordings, viewing videotapes, and studio observation. Prerequisite: MU 111 or departmental approval. (Fall, even-numbered years)

MU 398. (2) **Vocal Literature.** Study of the major American, English, French, and German composers of solo vocal literature from the Baroque to the present, their style characteristics, and overall contributions to the body of vocal literature known as art song. Includes listening to recordings and general survey of literature for all voice classifications. Prerequisite: departmental approval. (Spring, odd numbered years)

MU 403. (2) **Music of the Twentieth Century.** A survey of contemporary composers, their products, and their stylistic tendencies. (Offered on sufficient demand)

MU 442. (3) **Organ Literature and Materials.** An examination of an extensive amount of music for organ, and of the composers and their backgrounds. Two class periods per week. (Offered on sufficient demand)

MU 443. (3) **Organ Pedagogy.** Principles, philosophy, psychology, and professional ethics of the private organ teacher; materials, standards, and studio recitals, parental school and community relationships. (Offered on sufficient demand)

MU 444. (3) **Secondary School Music Methods.** A practical comprehensive course designed to help the prospective music teacher in the secondary school; includes curriculum, evaluation, and teaching methods. (Fall)

MU 445. (3) **Piano Literature and Materials.** An examination of an extensive amount of music for piano, and of the composers and their backgrounds. Two class periods per week. (Offered on sufficient demand)

MU 446. (3) **Piano Pedagogy.** Principles, philosophy, psychology, and professional ethics of the private piano teacher; materials, musical standards, and studio recitals, parental, school, and community relationships. (Offered on sufficient demand)

MU 490. (1-3) **Special Topics.** Topics selected with the approval of the department head. May be repeated but not to exceed a total of three semester hours. (Offered on sufficient demand)

MU 495. (3) **Music Practicum.** Selected problems and practice emphasizing actual professional work situations in commercial music, sacred music, performance, and music education through special study, projects or field experience under departmental supervision and evaluation. May be repeated once. Prerequisite: departmental approval. (Fall, Spring, Summer)

**NURSING RN-to-BSN FLEX-TRACK ON-LINE**

Nursing on-line courses (NU) 302R, 303R, 305R, 411R, 416R, and 418R are required to complete the BSN degree. Nursing students in the RN-to-BSN Flex-Track curriculum have preference to on-line courses. A distance learning fee is required. Courses are offered on sufficient demand.
NU 302R. (6) **Community Health Nursing On-Line.** An asynchronous online course that introduces students to the theoretical concepts of community and population based community health nursing practice with an emphasis on health promotion, health education and community assessment as applied to nursing practice in a community-based health care setting. Includes clinical components. Prerequisites: admission to the online nursing major, active RN licensure.

NU 303R. (3) **Research in Nursing On-Line.** An asynchronous online course that introduces the research process in nursing. Focuses on the use of research in nursing practice. Prerequisite: departmental approval required.

NU 305R. (3) **Health and Physical Assessment On-Line.** This asynchronous online course is designed for RN-BSN students. It focuses on techniques of physical assessment, normal assessment findings, selected abnormal findings, and changes in assessment findings across the life span. Prerequisite: departmental approval required.

NU 310R. (3) **Cultural Diversity in Healthcare On-Line.** An asynchronous online course in which students will focus on the importance of obtaining knowledge and understanding essential to appreciating individuals from diverse cultural groups. Concepts and principles will be used to compare and analyze cultural beliefs, customs, lifestyles, and behaviors impacting health care practices in selected cultural groups. Issues and trends will be explored. Exercises and scenarios to promote an appreciation of cultural richness will be presented.

NU 322R. (2) **Stress Management.** An asynchronous online course that explores the causes, stages and signs of personal and professional stress. Emphasis will be placed on preventing and controlling anxiety associated with stress in self and others through general life management skills and specific stress reduction techniques.

NU 323R. (3) **Women’s Health On-Line.** This asynchronous online course discusses issues in health promotion and disease prevention in women from young adulthood through senescence. Prerequisite: departmental approval required.

NU 326R. (3) **Pharmacology On-Line.** This asynchronous online course discusses the use of pharmacological agents in the care of patients across the lifespan. The pharmacodynamic and pharmacotherapeutic properties of major classifications of drugs are discussed. Prerequisite: departmental approval required.

NU 411R. (6) **Leadership and Management in Nursing On-Line.** An asynchronous online course that focuses on leadership/management theories and concepts basic to the planning, organizing, directing, and delivering of nursing services in health care settings. Includes clinical components. Prerequisite: admission to the online nursing major, active RN licensure.

NU 413R. (3) **The Young Child and Health Care.** An asynchronous online course that focuses on the health problems and needs of young children (ages 4-8) with emphasis on school health assessment and referral methods.
NU 415R. (1-3) Independent Study On-Line. An independent study project for investigation of some aspect of nursing in which the student has developed special interest, and using guidelines developed by the student with appropriate faculty guidance, supervision and evaluation. Prerequisite: departmental approval required.

NU 416R. (6) Role/Theory On-Line. An asynchronous online course that introduces the concepts of expanded nurse roles related to the diverse needs of present day society. Includes clinical components. Prerequisite: admission to the online nursing major, active RN licensure.

NU 418R. (6) Nursing Concepts, Issues and Theories. An asynchronous online course, which explores issues and concepts that affect and influence nursing practice and the delivery of nursing care. This course examines the history of nursing from its origins to the present, including the development and use of nursing knowledge and its application to the practice arena. Nursing theories and related theories are examined as well as other types of nursing knowledge. Prerequisite: admission to the online nursing major, active RN licensure.

NURSING (NU)

NU 200. (3) Introduction to the Role of the Professional Nurse. This course introduces the student to nursing as a profession and presents the basic concepts which form the foundation of nursing practice. Open to all students. Required course for all traditional BSN majors. Prerequisite for NU 301. (Fall, Spring – Summer on sufficient demand)

NU 201. (1) Managing Stress. A course which will study the causes, stages, and signs of personal and professional stress. Emphasis will be placed on preventing and controlling the anxiety associated with stress through general life management skills and individualized holistic stress-management program based on person insights, needs, and abilities. This course is applicable for general elective credit only. Open to all students. (Offered on sufficient demand)

NU 202. (3) Computations for Health Care Personnel. Focuses on calculations utilized for the safe administration of medications and intravenous solutions. Basic mathematical operations will be reviewed as they relate to dosage calculations. The course will progress from simple dosage calculations to complex calculations such as units/hour, milligrams/hour, and micrograms/kilogram/hour. Calculations of dosages for all age groups will be included. Open to all students. (Offered on sufficient demand)

NU 210. (3) Health in Diverse Communities. Course focuses on health practices and cultural beliefs in diverse socio cultural communities. Understanding of concepts and principles to increase awareness of dimensions and complexities of various cultural beliefs, issues, and traditions will be discussed. Health care related to cultural practices, concepts, and principles will be explored. Heritage assessment tools, exercises, and scenarios will be used to enhance knowledge, appreciation and awareness of cultural richness in communities/groups. (Presidential Mentors Academy (PMA) students only)
NU 301. (6) **Fundamentals of Professional Nursing.** Teaches basic concepts of professional nursing care with emphasis on physical assessment and nursing skills. Three class hours; six laboratory hours per week. Prerequisites: admission to the upper-division nursing major; first semester junior standing. Special fee: $30.00. (Fall, Spring)

NU 302. (6) **Community Health Nursing.** Introduces wellness theory in promoting health behaviors of families, groups, and communities, while appropriately networking with community resources. Three class hours; six laboratory hours per week. Prerequisites: admission to the upper-division nursing major; first semester junior standing. Special fee: $30.00. (Fall, Spring)

NU 304. (6) **Adult Health Nursing I.** Introduces the nursing process including a study of basic adaptive/maladaptive human behaviors and mechanisms. Focuses on commonly occurring health deviations. Three class hours; six laboratory hours per week. Prerequisite: completion of Level I. Special fee: $30.00. (Fall, Spring)

NU 305. (3) **Health and Physical Assessment.** A clinical practicum/seminar course which utilizes the nursing process to focus on physical assessment findings across the lifespan. Three laboratory hours; two class hours per week. Prerequisites: admission to the upper-division nursing major; first semester junior standing. Special fee: $30.00. (Fall, Spring)

NU 306. (6) **Mental Health Nursing.** Focuses on concepts of psychiatric-mental health with emphasis on therapeutic care of adults with common psychiatric problems. Three class hours; six laboratory hours per week. Prerequisite: completion of Level I. Special fee: $30.00. (Fall, Spring)

NU 307. (3-6)**Nursing for Intraoperative Patients.** A clinical course enabling students to learn entry level nursing roles in operating room settings. Course content will include theoretical and clinical experiences with patients during intraoperative periods. Clinical experiences will be conducted with preceptors as role models and demonstrators of the use of nursing process with patients in surgery. Prerequisite: completion of Level I. (Offered on sufficient demand)

NU 308. (3) **Pharmacology in Nursing.** Designed for undergraduate nursing students. It focuses on principles of pharmacology and will provide current and clinically relevant information organized by body systems. It will be primarily delivered online with on campus lab components. Prerequisite: completion of Level I. Special fee: $30.00. (Fall, Spring)

NU 310. (3) **Cultural Diversity in Health Care: Concepts, Issues, and Trends.** Focus will be placed on the importance of knowledge, skills, and understanding essential to appreciate individuals from diverse cultural groups. Concepts and principles will be used to compare and analyze cultural beliefs, customs, lifestyles, and behaviors impacting health care practices in selected cultural groups. Issues and trends will be explored. Exercises and scenarios to promote an appreciation of cultural richness will be presented. This course is applicable for general elective credit only. Open to all students. (Offered on sufficient demand)

NU 323. (1-3) **Women’s Health.** Study of health promotion and disease prevention for women from adolescence through senescence. Students and faculty will determine topics from the following areas: repro-
ducive anatomy and physiology, sexuality, family planning, fertility and infertility, infectious diseases, gynecological disorders, violence against women, and other issues which are determined by the class such as management of body weight, nutrition, stress, and women’s roles in the workplace. Open to all students. Also listed as WS 323 but creditable only in field for which registered. (Offered on sufficient demand)

NU 324. (3) Abusive Behaviors. A study of any activity which is currently designated as abusive to self or others. Students and faculty will determine topics for each semester from the following areas: alcohol and drug abuse, eating disorders, harassment in society and in the workplace, incest, rape, use of weapons, and violence in the home, neighborhood, and community. The effect of abusive behaviors on the abuser, the abused, and others will be addressed. Open to all students. (Offered on sufficient demand)

NU 325. (1) Health Care Lecture Series. Use of guest lecturers to explore various topics designed to promote awareness of the interdisciplinary approach to health care. (Fall, Spring)

NU 327. (1-3) Health in Childbearing. Study of healthy childbearing. Topics will include preparation for conception, pregnancy, and the entire childbearing cycle. Students enrolled in the course may negotiate with the professor(s) to include students’ specifically desired topics and hours of credit. Methods of teaching may include seminars, demonstrations and return demonstrations, group work, and lecture/discussions by professor(s) and guest lecturers. Open to all students. Also listed as WS 327 but creditable only in field for which registered. (Offered on sufficient demand)

NU 403. (3) Gerontology. The primary focus is on the biological, psychological, and sociological aspects of aging with an emphasis on community services available to the aging population. Also listed as SO 403 and SW 403 but creditable only in field for which registered. (Fall, Spring, Summer)

NU 406W. (3) Research in Nursing. Introduces the research process in nursing. Focuses on the use of research in nursing practice. Three class hours per week. Prerequisites: admission to the upper division nursing major; third semester senior standing. (Fall, Spring)

NU 407. (6) Adult Health Nursing II. A continuation of the study of nursing process with adults having commonly occurring health deviations. Three class hours; six laboratory hours per week. Prerequisite: completion of Level II. Special fee: $30.00. (Fall, Spring)

NU 409. (6) Maternity Nursing. Introduces nursing process with childbearing families during the prenatal, intrapartal, postpartal, and neonatal periods. Three class hours; six laboratory hours per week. Prerequisite: completion of Level II. Special fee: $30.00 (Fall, Spring)

NU 410. (6) Pediatric Nursing. Introduces nursing process with childbearing families having children in various stages of development and with commonly occurring health deviations. Three class hours; six laboratory hours per week. Prerequisite: completion of Level III. Special fee: $30.00. (Fall, Spring)

NU 411. (6) Leadership and Management in Nursing. Teaches concepts for leadership roles in nursing. Three class hours; six laboratory hours per week. Prerequisite: completion of Level III. Special fee: $30.00. (Fall, Spring)
NU 413. (3) The Young Child and Health Care. A study of the health problems and needs of young children (ages 4-8), with emphasis on health assessment and referral methods. Not applicable for credit in the nursing major. (Offered on sufficient demand)

NU 414. (3) Senior Internship and Review. Designed as an internship, which allows students to focus on selected specialty areas in which to enhance clinical skills. An exit exam is required to validate mastery of nursing content and related skills. One-hour class per week; minimum of forty-eight hours per semester-lab/clinical. Prerequisite: completion of Level III and concurrent enrollment or completion of Level IV courses. Special fee: $30.00. (Fall, Spring)

NU 415. (1-3) Guided Study in Professional Inquiry. An independent study project for investigation of some aspect of nursing in which the student has developed special interest, and using guidelines developed by the student with appropriate faculty guidance, supervision, and evaluation. Departmental approval required. (Fall, Spring)

NU 420. (3) Health and Aging. An interdisciplinary course with a clinical component which focuses on the physiological changes experienced by individuals as they age. This course may be applied toward the gerontology certificate. Also listed as HPE 420 but creditable only in field for which registered. (Summer)

NU 499. (1-3) Healthcare Systems and Nursing in Other Countries. Designed to give nursing students an opportunity to gain first-hand knowledge and experience of health, health care delivery, nursing education and cultural aspects in a country outside the United States. Students must, at a minimum, have successfully completed first semester nursing courses: NU 301, NU 302, and NU 305. Preference will be given to students who have successfully completed second semester nursing courses: NU 304, NU 306, and NU 308. (Summer)

PHYSICS (PH)

PH 101. (4) Interactive Physics. A survey of basic physics principles presented in workshop format: students discover the fundamental principles of physics through hands-on activities, cooperative group learning, and guided explorations of phenomena in Motion, Conservation Laws, Gravity, Oscillations, and Heat and Temperature. Computers and electronic sensors are used in some of the activities, but no previous experience with computers is necessary. Not applicable for credit toward a physics major or minor. Three class periods; one 2-hour laboratory period per week. No prerequisite. Special fee: $30.00. (Fall, Spring)

PH 121. (4) Introductory Physics. An introduction to the physical principles of motion, waves, sound, electricity, magnetism, and light. Computers and electronic sensors are used in some of the activities, but no previous experience with computers is necessary. Not applicable for credit toward a physics major or minor. Three class periods; one two-hour laboratory period per week. No prerequisite. Special fee: $30.00. (Fall, Spring)
PH 125. (4) **Descriptive Astronomy.** The extraterrestrial environment including the solar system, stars, and galaxies. Cosmology and the development of astronomy is also considered along with topics of current interest. Instruction in the use of astronomical instrumentation is carried out in the observatory and planetarium. Three class periods; one 2-hour laboratory period per week. Special fee: $30.00. (Fall, Spring)

PH 241. (4) **General Physics I.** A basic physics course covering mechanics, heat, and sound. Designed for students in premedical, pre-dental, prepharmacy, and other programs not requiring calculus-based physics. Not applicable for credit toward major or minor requirements in physics or in curricula specifically requiring PH 251 and 252. Three class periods; one 2-hour laboratory period per week. Prerequisites: MA 112; 113 or 115. Special fee: $30.00. (Fall, Summer)

PH 242. (4) **General Physics II.** A continuation of Physics 241, covering electricity, magnetism, optics, and topics in modern physics. Three class periods; one 2-hour laboratory period per week. Prerequisite: PH 241. Special fee: $30.00. (Spring, Summer)

PH 251. (5) **Technical Physics I.** A calculus-based physics course covering mechanics, heat, and sound. Required in preengineering, physics, general and professional chemistry, and industrial hygiene programs. Four class periods; one 2-hour laboratory period per week. Prerequisite or concurrently: MA 122 or 125. Special fee: $30.00. (Fall, Summer)

PH 252. (5) **Technical Physics II.** A continuation of Physics 251, covering electricity, magnetism, optics, and topics in modern physics. Four class periods; one 2-hour laboratory period per week. Prerequisites: MA 122 or 125; PH 251. Special fee: $30.00. (Spring, Summer)

PH 343. (4) **Modern Physics.** Special theory of relativity, origin of the quantum theory, the nuclear atom, emission spectra, nuclear forces, structures, and reactions. Prerequisite: PH 252. (Fall)

PH 356W. (4) **Intermediate Laboratory.** Measurements involving the fields of mechanics, electricity, magnetism, heat, sound, optics, and modern physics. Some data analysis by computer will be required. Formal laboratory reports will be graded for scientific content and grammatical correctness. Two class periods; two 2-hour laboratory periods per week. Prerequisite: PH 252. (Spring, even-numbered years)

PH 380. (3) **Teaching Science in the Secondary Schools.** Examines the problems of teachers in secondary science in integrating laboratory activities into the science curriculum. Provides experiences in planning, preparation, teaching and evaluation of laboratory activities. Considers the use of technology, safety, hazardous waste, teaching resources, student textbooks, and the Alabama Course of Study. Two class periods; one 2-hour laboratory period per week. Field trip and/or term project may be required. This course cannot be used as a 300-level elective in any major or minor other than secondary education. Also listed as BI 380, CH 380, and ES 380 but creditable only in the field for which registered. Special fee: $30.00. (Fall)

PH 444. (3) **Quantum Mechanics.** An introduction to quantum mechanics studying the postulates, the wave equation, operator techniques, atomic and molecular structure, and spectroscopy. Also listed as CH 444 but creditable only in the field for which registered. Prerequisites: PH 343; MA 126 or CH 282, 282L. (Spring)
PH 447. (3) Electricity and Magnetism. Elements of electric and magnetic fields. Prerequisites: PH 252, MA 122 or 126 or concurrently. (Fall, even-numbered years)

PH 448. (3) Electromagnetic Fields. Maxwell’s equations, multipole fields, the wave equation with boundary conditions, and selected topics from relativistic electrodynamics. Prerequisite: PH 447. (Spring, odd-numbered years)

PH 456. (3) Thermodynamics and Statistical Mechanics. Elements of classical statistical mechanics and thermodynamics, with an introduction to quantum statistical mechanics. Also listed as CH 456 but creditable only in field for which registered. Prerequisites: MA 122 or 126 or concurrently, PH 252. (Fall, even-numbered years)

PH 471. (3) Classical Dynamics I. Statics and kinematics of particles and rigid bodies including periodic motion. Prerequisites: PH 252, MA 122 or 126 or concurrently. (Fall, odd-numbered years)

PH 480-489. (6) Topics in Physics. Topics will be selected from electronic instrumentation, optics, spectroscopy, nuclear physics, solid state physics, statistical mechanics, advanced quantum mechanics, and mathematical physics. Departmental approval required. A $30.00 laboratory fee may be required according to topic. (Offered on sufficient demand)

PH 495. (1-3) Directed Research. Experimental, theoretical, or computational investigation of problems in physics under the direction of departmental faculty, with enrollment and projects subject to prior approval of the department. Formal reports of research progress will be required for credit. Scheduled work and conferences require a minimum average of three hours per week per credit hour. May be repeated to a maximum of four credit hours. A maximum of 2 credit hours will be offered during the summer term. Prerequisite: departmental approval required. (Fall, Spring, Summer)

PH 498. (1) Senior Assessment Seminar. In this course, students prepare for national standardized instruments, such as the MFT-Physics and GRE-Physics exams, that use multiple choice questions. In other physics major courses, students do not encounter these type questions. Students will practice solving such questions by depending upon far fewer calculations than are required in other courses. This course requires students to complete the MFT-Physics exam as a pre-test at the beginning of the semester, and as a post-test at the end of the semester. This course is graded Pass/Fail with the pass grade dependent upon completion of the pre- and post-tests and attendance during the weekly seminar. Open to professional physics and general physics majors in their last year of studies. Department approval required. (Fall, Spring)

PHILOSOPHY (PHL)

PHL 201. (3) Introduction to Philosophy. An examination of humanity’s quest for wisdom. Emphasis is placed on the ideas, methodologies, and problems of classic and contemporary philosophy. Topics of study may include the nature of human agency and freedom, how meaning and value are derived and justified, threats to a meaningful life, and how these threats might be ameliorated. (Fall, Spring, Summer)
PHL 201H. (3) **Introduction to Philosophy – Honors.** This course is an introduction to philosophy that provides a rigorous intellectual environment for honors students. The course balances a generally historical approach to the philosophical tradition of the West with a topical treatment of important aspects of philosophy such as logic, metaphysics, epistemology, ethics, politics, esthetics, and religion. (Offered on sufficient demand)

PHL 202. (3) **Logic.** A study of the methodology of reasoning. Special attention given to understanding argument structure, recognizing various fallacies, and constructing good arguments. (Fall)

PHL 205. (3) **Ethics.** A study of the nature of morality. Emphasis is placed on the analysis of traditional ethical theories and their application to contemporary moral problems. (Fall, Spring, Summer)

PHL 303. (3) **Philosophy of Religion.** A philosophical examination of religion. Topics covered may include arguments for and against the existence of God, the nature of religious experiences, the problem of evil, characteristics of divine nature religious belief and moral justification, and the relationship between faith and knowledge. Also listed as RE 303 but creditable only in the field for which registered. (Spring)

PHL 331. (3) **History of Western Philosophy I.** A survey of major philosophers and philosophical concepts from the ancient Greeks to the Renaissance. Also listed as HI 331 but creditable only in the field for which registered. (Offered on sufficient demand)

PHL 332. (3) **History of Western Philosophy II.** A survey of major philosophers and philosophical concepts from the Renaissance to the present. Also listed as HI 332 but creditable only in the field for which registered. (Offered on sufficient demand)

PHL 402. (3) **Religion and Ethics.** A study of ethics in their relation to the personal, moral, and social problems of today. Also listed as RE 402 but creditable only in the field for which registered. (Offered on sufficient demand)

PHL 415. (3) **Ethics in Administrative Leadership.** This course examines major ethical issues that arise in public administration. Theoretical justification and application for ethical problems that arise in leadership positions will be explored. Also listed as PS 415 but creditable only in field for which registered. (Spring, even-numbered years)

PHL 484. (3) **Philosophical Borderlands of Science and Religion.** An interdisciplinary course concerning the “Demarcation Question”—where do the borders of science end and religion begin? Both critical reasoning and historical analysis of those areas that have been perceived on the fringes of science, including: Alchemy, Astrology, Atlantis, Galileo and the Church, Mesmerism, Spiritualism, Theosophy, ESP, Near-Death Experiences, UFO’s and Alien Abductions, Eugenics, the New Age Movements, and the Tao of Physics. A strong philosophical component is included, particularly the application of logical fallacies. Also listed as HI 484 and RE 484 but creditable only in field for which registered. (Offered on sufficient demand)

PHL 490. (1-3) **Special Topics.** A study of one or more carefully selected topics in philosophy. The length of time and amount of study will determine the amount of credit earned. (Offered on sufficient demand)
PUBLIC RELATIONS (PR)

PR 495. (3) **Public Relations Internship.** Field experience in public relations. Recommended only for senior public relations majors. Prerequisites: COM 230; departmental approval required. (Fall, Spring, Summer)

PR 496. (3) **Practicum.** Special projects in public relations under departmental supervision. Departmental majors may not apply off-campus internships toward requirements of PR 496. Prerequisite: departmental approval. (Fall, Spring, Summer)

PR 499. (3) **Independent Study.** Completion of a supervised individual project in public relations. Prerequisite: departmental approval. (Offered on sufficient demand)

POLITICAL SCIENCE (PS)

**PS 241 or departmental approval is prerequisite to all advanced political science courses.**

PS 241. (3) **United States Government and Politics.** A study of the institutions and processes of government, federalism, electoral behavior, interest groups, and the role of the mass media. (Fall, Spring, Summer)

PS 242. (3) **Contemporary Issues in United States Politics.** An examination of current major domestic and foreign policy issues. (Fall, Spring)

PS 243. (3) **State and Local Government and Politics.** A study of United States federalism with an emphasis on Alabama state and local government and politics. (Fall, Spring, Summer)

PS 244. (3) **Public Policy and Administration.** An introduction to public policy and administration at all levels of government, federal, state, and local. (Spring)

PS 301W. (3) **Political Science Scope and Methods.** A study of the development of political science, its relation to the other social sciences, and the current research methodologies employed by political scientists. (Spring)

PS 302. (3) **Comparative Government and Politics.** A comparative study of the political forces, processes, institutions and performances of foreign political systems. (Fall)

PS 303. (3) **World Politics.** A general examination of many of the forces and practices that influence contemporary world politics. (Spring)

PS 304. (3) **Political Theory.** An introduction to political theory from the Pre-Modern period to the present. (Spring)

PS 311. (3) **Public Administration.** This course is a study of the public administration literature. The course examines the evolution of the fields; the politics and environment under which governance occurs; and the constraints that face public administrators in serving the public good. (Fall, odd-numbered years)

PS 342. (3) **Parties, Elections and Voting Behavior.** A study of the development and functions of political parties, the role of elections, public opinion, interest groups, modern political campaigns and theories of individual and group voting behavior. (Offered on sufficient demand)
PS 344. (3) **Judicial Process and Behavior.** A study of the organization and structure of courts in the United States, how cases reach the courts, the judicial decision-making process, issues surrounding judicial power, interpretation and decision implementation. (Fall)

PS 345. (3) **Congress and the Presidency.** A study of the development and organization of the legislative and executive branches with particular attention to the committee system, parties in Congress, and the Presidency. (Offered on sufficient demand)

PS 351. (3) **Ancient and Medieval Political Theory.** A study of the political thought of prominent political philosophers from Socrates to Machiavelli. (Fall)

PS 352. (3) **Modern Political Theory.** A study of the political thought of prominent political philosophers from Hobbes to the present. (Spring)

PS 370. (3) **Women in American Politics.** An overview of the role of women in American politics and the role of government in defining the status of women in society. Examines the political behavior of American women and public policies which specifically impact women. Also listed as HI 370 and WS 370 but creditable only in field for which registered. (Spring, odd-numbered years)

PS 402. (3) **Problems in Political Geography.** The place of geographic factors in conditioning the basic political structure of major nations. Also listed as GE 402 but creditable only in field for which registered. (Fall)

PS 412. (3) **Introduction to Public Policy.** This course is a study of how public policy is made in the United States. An emphasis will be placed on the role that constitutional structures and government agencies play at each stage of the policy process, as well as the individual and collective actions of lawmakers, interest groups, and bureaucrats. (Spring, even-numbered years)

PS 413. (3) **Public Organization and Theory.** This course is a study of the many theories that attempt to explain how organizations and the people in them will behave in varying organizational structures, cultures, and environments. Special attention is given the role of democratic accountability, justice, and fairness. (Offered on sufficient demand)

PS 414. (3) **Urban Politics.** This course examines major issues in urban politics, related trends, and problems unique to metropolitan areas. (Offered on sufficient demand)

PS 415. (3) **Ethics in Administrative Leadership.** This course examines major ethical issues that arise in public administration. Theoretical justification and application for ethical problems that arise in leadership positions will be explored. Also listed as PHL 415 but creditable only in field for which registered. (Spring, even-numbered years)

PS 430. (3) **English Constitutional History.** A study of the development of the English Constitution from the Anglo-Saxon period to the present. Also listed as HI 430 but creditable only in field for which registered. (Fall, even-numbered years)

PS 435. (3) **International Organization.** A study of the development, problems, and role of international organizations, with special emphasis on the United Nations and its agencies. (Offered on sufficient demand)
PS 477.  (3) **Constitutional History of the United States.** The principles of the American constitutional system. The leading decisions of the Supreme Court with reference to federal-state governmental relationship, citizenship, police power, eminent domain, and to the commerce, contract, and due process clauses of the Federal Constitution. Also listed as HI 477 but creditable only in field for which registered. (Spring, Summer)

PS 478.  (3) **The Diplomatic History of the United States.** A study of the United States diplomatic relations with foreign nations since 1778 with special emphasis on American growth and development. Also listed as HI 478 but creditable only in field for which registered. (Offered on sufficient demand)

PS 481.  (3) **Contemporary United States Foreign Policy.** A study of the United States foreign policy from World War II to the present. Also listed as HI 481 but creditable only in field for which registered. (Summer)

PS 489.  (3) **American Political Thought.** A study focusing on American political thought from the Federalists/Anti-Federalists debates to contemporary thinkers. (Spring)

PS 490.  (1-3) **Special Topics.** A study of one or more major political science topics. The length of time and the amount of study on each topic will determine the amount of credit earned. (Offered on sufficient demand)

PS 495.  (3) **Government Internship Practicum.** (Open only to senior majors in political science.) Professional work situations in government through special internship programs under departmental supervision and evaluation. Departmental approval required. (Fall, Spring, Summer)

PS 499.  (3) **Independent Study-Practicum.** Open to senior majors in political science. Provides for independent study, research, or special field experience under departmental determination, supervision, and evaluation. (Fall, Spring, Summer)

**PSYCHOLOGY (PY)**

*Psychology 201 is prerequisite to all other courses in psychology.*

PY 201.  (3) **General Psychology.** An introductory survey of major content areas in psychology: learning, sensory and perceptual processes, motivation, physiological bases of behavior, social behavior, abnormal behavior, and methods of psychology. (Fall, Spring, Summer)

PY 201H.  (3) **Honors General Psychology.** An in-depth survey of the major content areas in psychology: learning, memory, sensory and perceptual process, motivation and emotion, the physiological bases of behavior, social behavior, abnormal behavior, and methods of psychology. Prerequisite: open to students in the Honors Program and other students with prior approval of the Department of Psychology. (Fall)

PY 242.  (3) **Psychology of Adjustment.** The concept of adjustment and factors which influence social and emotional behavior. The applications of adjustment to schools, industries, social agencies, family groups, and to psychiatric and penal institutions. (Fall, even-numbered years)

PY 302.  (3) **Abnormal Psychology.** The origins, developments, and possible outcomes of extremely deviate behavior. (Fall, Spring)
PY 321.  (3) **Learning.** A study of the basic problems, theories, concepts, and research in the areas of human and animal learning. (Spring)

PY 344.  (3) **Developmental Psychology.** The study of the behavioral, perceptual, cognitive, and personality changes that occur in humans as a function of maturation and aging. (Spring)

PY 350.  (3) **Psychology of Adult Development and Aging.** A survey of the sensory, cognitive, personality, and interpersonal characteristics of older individuals and the factors that relate to them. (Fall, even-numbered years)

PY 361.  (3) **Physiological Psychology.** A study of the anatomy and physiology of the nervous, sensory, and glandular systems as related to psychological function. Prerequisite: BI 101, BI 111, or BI 141. (Fall)

PY 365W.  (3) **Experimental Psychology.** Experimental methods, techniques, and apparatus involved in the study of behavior with emphasis on learning and perception; laboratory work designed to demonstrate basic scientific principles and processes in psychology. Prerequisite: MA 112 or equivalent. (Fall, Spring)

PY 375.  (3) **Psychological Statistics.** Descriptive and inferential statistics; survey of intermediate statistics and experimental design, with emphasis on application and interpretation. Prerequisite: MA 147. (Spring)

PY 385.  (3) **Cognitive Psychology.** A survey of the major principles and theories of cognitive psychology including memory, attention, reasoning, problem solving, language, creativity, and artificial intelligence. (Fall)

PY 415.  (3) **Personality.** A survey of the major theories of personality, with some emphasis on development, description, assessment, and the experimental study of personality. Recommended: MA 147. (Fall, even-numbered years)

PY 424.  (3) **Evolutionary Psychology.** This course presents the major theories and findings regarding the relationship of natural selection to morphology and behavior. Among the topics to be covered are the processes of evolution and genetics, the prehistorical evolutionary environment, survival, mate selection and retention, parenting, kinship, social behavior, aggression, conflict, and other topics. (Offered on sufficient demand)

PY 425.  (3) **History and Systems of Psychology.** An historical introduction to the ideas and contributions to psychological thought and knowledge. (Offered on sufficient demand)

PY 435.  (3) **Industrial and Organizational Psychology.** Application of psychological principles to problems of personnel selection and placement, industrial training, and human relations in business and industry. (Offered on sufficient demand)

PY 442.  (3) **Social Psychology.** The psychology of groups and their influences on the individual. Also listed as SO 442 but creditable only in field for which registered. (Spring)

PY 444.  (3) **Psychology of Religion.** A survey of the history and development of the psychology of religion with an emphasis on the empirical research within the field. Prerequisite: PY 201. (Offered on sufficient demand)
PY 450. (3) **Psychology of Close Relationships.** This course is designed as an overview to the field of close relationships. It will include psychological research techniques used in the study of close relationships, the current theories of close relationships, including examinations of attachment, interdependence, cognitive, and evolutionary approaches. It will also address experimental and other research on topics such as interpersonal attraction, how relationships are developed and maintained, infidelity, violence and jealousy in relationships, and how relations impact on health. (Offered on sufficient demand)

PY 451. (3) **Introduction to Psychological Tests.** A course designed to introduce the essential characteristics of psychological tests, including types, development, and standardization, validation, uses, and interpretation. Recommended: MA 147. (Offered on sufficient demand)

PY 460. (3) **Introduction to Clinical Psychology.** A survey of the models, methods, and professional areas of clinical psychology including an overview of the field, ethical and legal considerations, assessment, intervention, and specialties. Prerequisite: PY 201. Recommended: PY 302, PY 451. (Offered on sufficient demand)

PY 470. (3) **Health Psychology.** This course examines how biopsychosocial factors influence various aspects of health. Topics to be covered: theories of health behavior, stress, coping with health and stress, substance use and abuse, body weight issues, coping and management of pain as well as biopsychosocial aspects of pain and disease. Other topics to be covered are biopsychosocial factors in the promotion and maintenance of health, types of health care interactions, and compliance with health care recommendations. Some attention will be paid to topics in behavioral medicine. (Offered on sufficient demand)

PY 490. (3) **Topics in Psychology.** A detailed study of a particular topic of special interest. Topics will vary but will be listed in the schedule of classes and on the student's transcripts. May be repeated for credit with change of topic. (Offered on sufficient demand)

PY 499. (1-3) **Independent Study or Research.** Open to junior or senior level psychology majors on approval of the department chair. Provides for independent study or research projects under departmental determination, supervision, and evaluation. May be repeated to a maximum of three credit hours. (Fall, Spring, Summer)

**QUANTITATIVE METHODS (QM)**

*Business majors must be admitted to the College of Business before enrolling in junior/senior level courses.*

QM 291. (3) **Statistical Process Control.** Theory and application of statistical process control including experimental design, X-Bar, R and P charts, and acceptance sampling. Prerequisite: MA 112. (Fall, Spring, Summer)

QM 292. (3) **Statistical Analysis for Business.** Application of statistical analysis to problems in business and economics. Simple and multiple regression and correlation analysis, decision making under uncertainty, time series, and nonparametric statistics. Prerequisite: QM 291. (Fall, Spring, Summer)
QM 295. (3) **Quantitative Methods in Business and Economics.** A survey of mathematical tools used in business and economics, including calculus, matrix algebra, and linear programming. Prerequisites: EC 251, 252; MA 112. (Fall, Spring, Summer)

QM 395. (3) **Decision-Making Techniques for Business.** Decision-making techniques available to management, including linear programming, integer programming, game theory, simulation, Markovian Chains, and queuing theory. Prerequisite: QM 292. (Offered on sufficient demand)

QM 480. (3) **Regression and Time-Series Analysis.** Extensive analysis of simple and multiple regression in both linear and nonlinear forms. Techniques of instrumental variables and model building. Extensions of regression to time-series and econometrics. Emphasis is on application of models to actual business problems. Prerequisite: QM 292. (Offered on sufficient demand)

QM 490. (3) **Experimental Design and Advanced Statistical Process Control.** Basic experimental design and statistical process control methods, including randomized block, factorial, nested, repeated measures, and alias structure designs, and Shewhart, CUSUM, EWMA, and retrospective control charts. Emphasis is placed on techniques commonly used in industrial data analysis. Prerequisite: QM 292. (Offered on sufficient demand)

QM 499. (3) **Independent Study-Practicum.** Open to senior majors on approval of the department chair. Provides for study, research, or special field experience under departmental determination, supervision, and evaluation.

**RELIGION (RE)**

RE 221. (3) **Old Testament Introduction.** Study of the writings of the Old Testament with special attention to the methods, principles, and tools for such study and to the historical, literary, and theological aspects and significance of these writings. (Offered on sufficient demand)

RE 231. (3) **New Testament Introduction.** Study of the writings of the New Testament with special attention to the methods, principles, and tools for such study and to the historical, literary, and theological aspects and significance to these writings. (Offered on sufficient demand)

RE 303. (3) **Philosophy of Religion.** A philosophical examination of religion. Topics covered include arguments for and against the existence of God, the nature of religious experiences, the problem of evil, characteristics of divine nature, religious belief and moral justification, and the relationship between faith and knowledge. Also listed as PHL 303 but creditable only in the field for which registered. (Spring)

RE 321. (3) **Life of Jesus.** The life and teachings of Jesus based primarily on the four Gospels with practical applications in relation to our current personal and social problems. (Offered on sufficient demand)

RE 331. (3) **Life and Letters of Paul.** The life and teachings of Paul based on The Acts and The Epistles of Paul. (Offered on sufficient demand)
RE 401. (3) **Religions of the World.** An introduction to the major religious traditions of today's world. Attention will be given to the origins, founders, and basic teachings of these religions and to the interrelation of the religions and the cultures of peoples. (Offered on sufficient demand)

RE 402. (3) **Religion and Ethics.** A study of ethics in their relation to the personal, moral, and social problems of today. Also listed as PHL 402 but creditable only in the field for which registered. (Offered on sufficient demand)

RE 470. (3) **History of Asian Religions.** This course examines both the historical development and current content of the religious and philosophical traditions of Asia with special emphasis on Confucianism, Daoism, Shintoism, Buddhism, Sikhism and Hinduism. The course covers Japan, China, India, Tibet, other parts of Southeast Asia and East Asia. For each of these traditions, we will consider its history and mythology, the great themes and ideas which have shaped the worlds of meaning for the followers, and the ways of worshiping and achieving the good life, individually and socially. Also listed as HI 470 but creditable only in field for which registered. (Summer)

RE 479. (3) **History of Religion in the United States.** A nonsectarian study of the role of religion in American history. Also listed as HI 479 but creditable only in field for which registered. (Offered on sufficient demand)

RE 484. (3) **Philosophical Borderlands of Science and Religion.** An interdisciplinary course concerning the "Demarcation Question"—where do the borders of science end and religion begin? Both critical reasoning and historical analysis of those areas that have been perceived on the fringes of science, including: Alchemy, Astrology, Atlantis, Galileo and the Church, Mesmerism, Spiritualism, Theosophy, ESP, Near-Death Experiences, UFO's and Alien Abductions, Eugenics, the New Age Movements, and the Tao of Physics. A strong philosophical component is included, particularly the application of logical fallacies. Also listed as HI 484 and PHL 484 but creditable only in field for which registered. (Offered on sufficient demand)

RE 490. (1-3) **Special Topics.** A study of one or more carefully selected religion topics. The length of time and amount of study will determine amount of credit earned. (Offered on sufficient demand)

**RADIO-TELEVISION-FILM (RTF)**

RTF 493. (3) **Broadcast Journalism Newsroom Practicum.** Special newsroom experience designed to familiarize students with various operations, responsibilities and skills required in a radio or television newsroom. Prerequisites: COM 220, 241, 242, and 316. The course may be taken only once and requires departmental approval. (Fall, Spring, Summer)

RTF 495. (3) **Radio-Television-Film Internship.** With departmental assistance students will arrange for full- or part-time professional job assignments in area or regional cable systems, radio and television stations, or film production houses. Prerequisite: departmental approval required. (Fall, Spring, Summer)
RTF 496. (3) **Radio-Television-Film Practicum.** Special projects in radio-television-film under departmental supervision. Radio-television-film majors may not apply off-campus internships toward requirements of RTF 496. Prerequisite: departmental approval required. (Fall, Spring, Summer)

RTF 499. (3) **Independent Study.** Completion of a supervised individual project in radio-television-film. Prerequisite: departmental approval. (Offered on sufficient demand)

**STUDY ABROAD (SA)**

SA 498. (0) **Study Abroad Experience.** Students who have completed a learning experience abroad for which academic credit has been awarded by the University or another accredited institution of higher education (either within or outside the United States) may enroll under this non-credit-bearing rubric in order to have their study abroad experience recorded on their transcript. In addition to this rubric indication of the study abroad experience, each course taken abroad will be so annotated on the transcript. May be repeated to reflect additional study abroad experiences. Approval from the student’s faculty advisor is required for registration. (Fall, Spring, Summer)

SA 499. (1-5) **Study Abroad.** Students planning to pursue a course of study outside the United States at an institution with a standing arrangement with the University of North Alabama may enroll in sections of SA 499 for a combined total not to exceed 15 credit hours. SA 499 is a temporary course registration designation. Upon the student’s return to UNA and receipt of all documentation from the partner institution, courses taken abroad will be matched with equivalent UNA courses for the assignment of credit. Returning students will receive general elective credit only for courses suitable for university credit but without an equivalent UNA course. Prerequisite: permission of the instructor. (Fall, Spring, Summer)

**SERVICE LEARNING (SL)**

SL 101. (3) **Service Learning.** This course is designed to introduce students to Service Learning through the integration of academic learning about local, national, and global issues with service work addressing those concerns. Approval of supervising department required. (Offered on sufficient demand)

SL 499. (1-6) **Departmental Service Learning.** This course is designed to provide students the opportunity to integrate academic learning about vital service issues within a specific discipline with service work addressing those issues. This course may be repeated for a maximum of six credits. Approval of supervising department required. (Offered on sufficient demand)

**SOCIOLOGY (SO)**

*Sociology 221 is prerequisite to all other courses in sociology except Sociology 222 and Sociology 223.*
SO 221.  (3) **Introductory Sociology.** This course examines how social forces shape our behaviors and how we in turn affect the society in which we live. Students learn to apply for sociological perspective through an analysis of culture, socialization, crime and deviance, social inequality, and the primary institutions such as family, religion, government, and education. (Fall, Spring)

SO 221H. (3) **Honors Introductory Sociology.** This course presents students with an opportunity to learn sociological concepts, theory and methodology through analysis of assigned readings drawn from academic journals and brief but topically specific texts. Students are expected to demonstrate understanding through a series of written assignments designed to promote critical thinking as well as inter-disciplinary application of the sociological imagination as such is applied to those areas central to the discipline (e.g., culture, social structure, social stratification and inequality, socialization, deviance, crime and crime management, social groups and group dynamics, community and population, social institutions and social change). This course is open to students in the Honors Program and other students with prior departmental approval.

SO 222.  (3) **Current Social Problems.** A study in social issues; contemporary social problems and their consequences, with special emphasis on American society. (Fall, Spring)

SO 223.  (3) **Marriage and the Family.** A study of origin and evolution of the family as a social institution; the relationships of family structure to social organization; theories, functions, forms, and processes of the family in selected cultures. Also listed as WS 223 but creditable only in field for which registered. (Fall)

SO 231.  (3) **Introduction to Anthropology.** An introductory survey of the field of anthropology, with emphasis on the prehistoric development of man and cultures. (Offered on sufficient demand)

SO 300.  (3) **Sociology of Sex Roles.** Analysis of social, psychological, and physiological approaches to the development of sex identity and sex roles; effect of differential socialization methods from infancy through adulthood; impact on both men and women of contemporary changes in sex roles. Also listed as WS 300 but creditable only in field for which registered. (Fall, even-numbered years)

SO 301.  (3) **Parenting and Socialization.** Sociological analysis of the dynamics of the parent-child relationship and examination of macro-and micro-structural influences on child socialization. Prerequisite: SO 221 or WS/SO 223. (Spring)

SO 306.  (3) **Juvenile Delinquency.** An analysis of the nature, causes, and extent of juvenile delinquency; and an evaluation of preventive programs. Also listed as CJ 306 but creditable only in field for which registered. (Spring, even-numbered years)

SO 307.  (3) **Medical Sociology.** Application of sociological concepts and principles to the study of health professions, medical institutions, community medical organization, and definition and distribution of illnesses. (Fall, odd-numbered years)
SO 308. (3) **Aging and Society.** Designed to examine the relationship between the various structures and institutions in society and aging. Emphasis will be placed on the relationship between the family, religion, education, the government and the economic system and individuals as they age. (Fall, odd-numbered years)

SO 309. (3) **Death and Dying.** Provides an understanding of dying, death and bereavement that will assist individuals to better cope with their own deaths and with the deaths of others. (Fall, even-numbered years)

SO 310W. (3) **Methods of Social Research.** An introduction to the selection and formulation of research problems; project design and sampling procedures; data collection and preparation of reports. (Fall, Spring)

SO 311. (3) **Computer Applications in the Social Sciences.** This course is designed to expose students to computer applications with the social sciences and provide them with hands-on experience managing, transforming, analyzing, and displaying social science data. It is recommended that students take SO 310, Research Methods, before taking this course. Special fee: $30.00. (Spring)

SO 320. (3) **Sociology of Leisure and Recreation.** Sociocultural analysis of the nature and social organization of nonwork activity in modern societies, with emphasis on the structure and dynamics of recreation and their relationship to the major social institutions. (Fall, odd-numbered years)

SO 322. (3) **The Community.** Designed to acquaint the student with contemporary urban and rural communities, with emphasis on basic social institutions and vital processes. (Offered on sufficient demand)

SO 323. (3) **Criminology.** A study of crime and criminal behavior in American society, with special emphasis on the individual, group trends, and theories concerning treatment. Also listed as CJ 323 but creditable only in field for which registered. (Fall)

SO 324. (3) **Population Studies.** A study of population distribution, composition, growth, migration, and vital processes. (Offered on sufficient demand)

SO 342. (3) **The Self and Social Interaction.** Analysis of the social origin, development and maintenance of the Self, and how the Self and identities affect construction of shared social reality in larger contexts. The course is taught from a micro-sociological perspective and focuses on the symbolic nature of culture, its influence on the socialization of individuals, role-taking and role-making in negotiation of shared expectations and in construction of social reality and structures. (Fall, even-numbered years)

SO 350. (3) **Cultural Anthropology.** Methods and theories of cultural anthropology; ethnographic study of divergent societies throughout the world. (Spring)

SO 395. (3) **Selected Topics.** Selection of contemporary issues designed to provide the student with analysis of present trends and problems as they relate to the human experience. (Offered on sufficient demand)

SO 400. (3) **Theories of Deviance.** A survey of the major explanations of deviance which have historically influenced both study and practice within the sociological tradition. (Spring)
SO 403. (3) **Gerontology.** The primary focus is on the biological, psychological, and sociological aspects of aging with an emphasis on community services available to the aging population. Also listed as NU 403 and SW 403 but creditable only in field for which registered. (Fall, Spring, Summer)

SO 410. (3) **Social Change.** The historical aspect of sociocultural change; relationship among economic, psychological, and sociological variables; concepts, processes, and theories; comparative analysis of sociocultural changes in developed and developing societies. (Fall, even-numbered years)

SO 421. (3) **Divided Cultures: A Study of Minority Groups.** This course examines how race, ethnic, and gender differences influence the distribution of and access to opportunity structures in society. Characteristics of global stratification systems, processes of differentiation and ranking and how these processes influence minority groups are explored. (Spring)

SO 423. (3) **History of Social Thought.** Theory and methodology in social thought from ancient times to the present. (Fall)

SO 428. (3) **Modern Sociological Theory.** A systematic analysis of trends and developments in sociological theory since the 1920’s, with emphasis on current theory and its relationship to research. (Spring)

SO 430. (3) **Law and Society.** Analysis of the creation and functioning of law as an element of culture and how law, in its many cultural forms, affects the structure of social institutions and human behavior. (Fall, even-numbered years)

SO 442. (3) **Social Psychology.** The psychology of groups and their influences on the individual. Also listed as PY 442 but creditable only in the field for which registered. (Spring)

SO 443. (3) **Social Psychology of Intimate Relationships.** Social psychological analysis of the development, maintenance, and dissolution of intimate relationships such as friendship, courtship and marriage. Theoretical and empirical examinations of structural, cultural and personal factors affecting attraction, bonding, negotiations of power and gender roles, and conflict, as well as social implications and ramifications of intimacy are discussed. Also listed as WS 443 but creditable only in field for which registered. Prerequisite: SO 221 or SO/WS 223. (Fall, odd-numbered years)

SO 495. (3) **Internship in Sociological Practice.** The internship affords sociology majors the opportunity to put concepts, theory and methods into practice through direct involvement with supervisory personnel in professional work environments related to sociology. Internships involve 150 hours of direct contact work and must be completed during one regular semester or a regular summer term. Prerequisites: completion of general core curriculum; minimum cumulative GPA of 2.80; senior status as defined by hours completed (i.e., 96-128 credit hours); approval of the Sociology Department Chair. (Fall, Spring, Summer)

SO 499. (3) **Independent Study-Practicum.** Open to senior majors on approval of the department chair. Provides for independent study, research, or practical experiences under departmental determination, supervision, and evaluation. (Fall, Spring, Summer)
SPANISH (SP)

SP 101. (3) **Introductory Spanish.** Emphasizes listening, speaking, reading and writing skills. Basic concepts of grammar are introduced. Course is enhanced with audio, video, software and Internet components. No prior knowledge of the language is required. (Fall)

SP 102. (3) **Introductory Spanish.** A continuation of Spanish 101. Prerequisite: SP 101 or equivalent. (Spring)

SP 103. (3) **Spanish for Professionals.** Through various specialized sections the course will teach basic communication skills in Spanish for those pursuing careers in education, social work, criminal justice, business or health care. May be repeated once. May substitute for SP 101 with departmental approval, to allow exceptionally prepared students to proceed to SP 102 [SP 111(1) Language Laboratory must also be completed]. SP 103 cannot be substituted for SP 101 in Area II of the General Studies Component. No prerequisites. Special fee: $30.00. (Fall, Spring, Summer)

SP 111. (1) **Language Laboratory.** Required of all students enrolled in Introductory Spanish 101. Two 1-hour laboratory periods per week. Special fee: $30.00. (Fall)

SP 112. (1) **Language Laboratory.** Required of all students enrolled in Introductory Spanish 102. Two 1-hour laboratory periods per week. Special fee: $30.00. (Spring)

SP 201. (3) **Intermediate Spanish.** Grammar review, pronunciation, conversation, diction, composition, and introduction to Spanish literature. Prerequisite: two years of high school Spanish or SP 102. Special fee: $30.00. (Fall)

SP 202. (3) **Intermediate Spanish.** A continuation of Spanish 201. Prerequisite: SP 201 or equivalent. Special fee: $30.00. (Spring)

SP 350. (3) **Conversation and Composition.** Practice in oral and written Spanish with development of grammatical usage. Prerequisite: SP 202 or departmental approval. (Fall)

SP 351. (3) **Spanish Civilization.** Survey of Spanish civilization with emphasis on contemporary culture. Prerequisite: SP 202 or departmental approval. (Spring)

SP 352. (3) **Latin American Civilization.** Survey of Latin American civilization with emphasis on contemporary culture. Prerequisite: SP 202 or departmental approval. (Fall, odd-numbered years)

SP 353. (3) **Commercial Spanish.** Introduction to commercial language by means of oral and written practice. Prerequisite: SP 202 or departmental approval. (Fall, even-numbered years)

SP 400W. (3) **Medieval and Renaissance Literature.** Survey of Spanish literature from its origins through the Siglo de Oro. Prerequisite: SP 202 and SP 350 or equivalent. (Spring, even-numbered years)

SP 401W. (3) **Modern Literature.** Survey of Spanish literature from romanticism to contemporary emphasizing the Generation of 98. Prerequisite: SP 350. (Fall, even-numbered years)

SP 402W. (3) **Latin American Literature.** Survey of Latin American literary masterpieces. Prerequisite: SP 350. (Fall, odd-numbered years)
SP 403W. (3) **Advanced Commercial Spanish.** Study of practical commercial language used in business transactions and correspondence. Prerequisite: SP 350. (Spring, odd-numbered years)

SP 420. (3) **Advanced Spanish Grammar.** Advanced Spanish Grammar provides a deeper understanding of the basic principles guiding Spanish grammar, in part by introducing new grammar rules, but primarily by reviewing and explaining in depth the grammar rules that were learned on the 100 level and reinforced in SP 201, Intermediate Spanish I and SP 202, Intermediate Spanish II. (Offered on sufficient demand)

SP 498. (1) **Senior Seminar.** Complete review of the grammar of the option language in preparation for the department exit exam. To be taken during the final semester of instruction. SP 498 can be substituted for FL 498. Prerequisite: 18 hours of selected option language at the 300 and 400 level. (Fall, Spring)

SP 499. (1-3) **Independent Study.** Open to majors on approval of the chair of the department. Provides for independent study and/or research under departmental supervision and evaluation. May be repeated for credit. (Fall, Spring, Summer)

**SPORT AND RECREATION MANAGEMENT (SRM)**

SRM 222. (3) **Introduction to Sport and Recreation Management.** An introduction to the sport and recreation industries including professional organizations, career opportunities, historical development, basic principles underlying contemporary theory and practice, and the development of a sound professional philosophy. (Spring)

SRM 230. (3) **Sociology of Sport.** An introductory course devoted to an examination of sport and its relationship to society and to other social institutions. Emphasis will be given to such topics as how social phenomenon affects sport participation and behavior and how the dynamic nature and diverse parameters of society affect the sport industry. Principal emphasis is given to sport in American society. (Spring, even-numbered years)

SRM 240. (3) **Economics of Sport.** This course will focus on the use of economic concepts to explain the world of sport and the economic impact of sport on our society. Specific emphasis will be given to supply and demand, market structures, government and privately sponsored sport, cost and benefits of franchises, profit maximization, labor market and competitive balance, labor relations, and the economics of amateur and college sport. (Fall, even-numbered years)

SRM 250. (3) **Wilderness First Responder.** This course will focus on the preparation of outdoor leaders to respond to medical emergencies in remote locations. Emphasis will be placed on prevention of medical emergencies and decision-making when emergencies occur. Also covered will be extended care and prolonged transport and improvised equipment. Additional course cost will be involved to cover the cost of supplies, certification, and instructor. (Summer)

SRM 300. (3) **Sport Finance.** This course examines the fundamental concepts and theories of finance applicable to the field of sport management. Emphasis will be identifying a variety of financial resources and using marketing and promotional skills to yield optimum benefits. Prerequisite: SRM 222. (Spring, odd-numbered years)
SRM 305. (3) **Marketing of Sport and Recreational Activities.** This course is designed to provide students with a practical application of marketing science and public relations as they relate to the sport and recreation industries. Prerequisite: SRM 222. (Fall)

SRM 310. (3) **Sport Facilities and Events Management.** This course addresses the principles and procedures involved in sport facility and event management. Emphasis will be given to planning new sport facilities and events, operation of facilities and attracting events, and event planning, production and evaluation. (Fall, odd-numbered years)

SRM 315. (3) **Governance and Leadership of Sport.** This course introduces the student to the power and politics of sport organizations and principles and practices of their governance in amateur and professional sports at the community, state, national, and international levels. Emphasis will be given to concepts of governance, economic, political and social factors impacting sport governance, leadership, ethics, and governance trends and challenges. (Fall)

SRM 320. (3) **Sport Communication.** This course will provide a framework for understanding the connection between the informational and commercial sides of sport information management. Emphasis will be placed on allowing sport managers to acquire and refine effective ways of communicating, both internally and externally, with all their constituencies. (Spring)

SRM 330. (3) **Camp Leadership.** A study of organized camping with emphasis on leadership, programming, and camp administration. This course will follow the American Camping Association course content for the Basic Camp Director program. (Fall, odd-numbered years)

SRM 335. (3) **Interpretation of Cultural and Natural Resources.** This course will focus on the study and practice of interpretative techniques of cultural and natural resources. Emphasis will be placed on the development of skills in designing, producing, and presenting interpretative materials and programs in a recreational setting to all segments of the population. (Spring, odd-numbered years)

SRM 340. (3) **Commercial Recreation and Tourism.** This course is designed to introduce students to the scope, characteristics and management aspects of the diverse commercial recreation and tourism industry. (Fall, even-numbered years)

SRM 341. (3) **Recreational Programming and Leadership.** Methods of and leadership in organizing and conducting recreational programs for all age and ability groups. Emphasis on programming principles, planning goals and objectives, and program organization and evaluation. Emphasis will also be given to leadership techniques, group dynamics, and communication skills. Prerequisite: SRM 222.

SRM 345. (3) **Natural Resource Management.** A course of study focusing on the administration of recreational lands by state and federal agencies with emphasis on management policies and procedures. This course will include service-learning experiences involving travel to and volunteer work with federal and state land management agencies. (Spring, even-numbered years)
SRM 410. (3) Management of Sport and Recreation Organizations. This course provides the student with knowledge of management procedures applicable to sport and recreation operations. Emphasis will be given to management theories, organizations structure, and managerial roles and responsibilities. Prerequisite: SRM 222. (Spring)

SRM 420. (3) Seminar in Sport Management. The purpose of this course is to identify and analyze current factors affecting the field of Sport Management. The primary thrust of the course will be directed toward the modern day duties and responsibilities of a sports manager. Current trends in the Sport Management field will be researched and discussed. Specific course content will vary with the evolution of the field of Sport Management. Prerequisites: SRM 222, SRM 410. (Spring)

SRM 441. (3) Outdoor Education. Principles of environmental use, group, family, and individual camping. Outdoor teaching of environmental relationships, sports, crafts, and living skills. Weekend outdoor living experience required as part of this course. Three class periods per week. Special fee: $45.00 (Fall)

SRM 444. (3) Recreation for Special Populations. This course is an introduction to the area of therapeutic recreation and providing recreational services to special populations. Components of this course will include background information on the development of therapeutic recreation, environmental barriers and recreation opportunities, characteristics of selected populations, and program planning considerations for special populations. This is a field based course requiring students to complete a minimum of 75 clinical hours at Camp ASCCA. Special fee required. (Summer)

SRM 450. (3) Outdoor Leadership. This course is based on the student contract format and will provide students an opportunity to enroll in specialized outdoor leadership training with outdoor leadership organizations such as the National Outdoor Leadership School (NOLS), Outward Bound (OB), and Wilderness Education Association (WEA). Course requirements will be established on an individual basis and the course grade assigned according to the established contract. Prerequisite: permission of instructor. (Fall, Spring, Summer)

SRM 451. (3) Expedition Leadership. This course is designed to provide students interested in leading groups on extended outdoor experiences with essential information relative to expedition success. Emphasis will be placed on leader judgement and leadership styles, identifying expedition outcomes and creating positive group environment, group processing, decision-making and consentience building, logistics, trip planning, and risk management. A review of basic outdoor living skills will also be part of this course. This course will involve extended field experiences and travel by van. Additional costs associated with transportation, food purchase, equipment rental, and camp fees will be assumed by each student. Prerequisite: permission of instructor. (Summer)

SRM 480. (3) Recreational Leadership. Development of skills and techniques necessary for successful leadership in recreation and park settings. Students will be required to complete a minimum of 100 clinical hours as part of this course. Prerequisites: HPE 446, SRM 350. (Spring)
SRM 497. (1-3) **Special Topics.** Detailed examination of a specific topic in the field of sport and recreation management. Topic will be announced prior to the scheduling of the class. May include field trips. A special fee may be required according to the topic and course content. (Fall, Spring, Summer)

SRM 498. (6) **Internship.** Students will be assigned to an appropriate sport or recreation program or agency for the purpose of experiencing a minimum of 200 hours of extended field experience during the semester. Students will be consulted as to the program or agency with which they would desire to intern. At the completion of the internship, each student will provide a portfolio describing and providing examples of work completed and make an oral presentation to peers and departmental faculty. This course is intended to be taken concurrently with HPE 498, Internship, to create a semester long internship experience totaling a minimum of 400 hours. Prerequisites: completion of all other programs of study requirements and approval of the department chair. Special fee: $30.00. (Fall, Spring, Summer)

SRM 499. (1-3) **Independent Study.** Open to senior departmental majors upon submission of request and approval by the department chair. Provides opportunity for study, research or special field experiences in sport and recreation management based on appropriateness as determined by the department chair and faculty supervision. Prerequisite: senior status in departmental major. (Fall, Spring, Summer)

**SOCIAL WORK (SW)**

*Social Work 230 is the prerequisite to all other courses in social work.*

SW 230. (3) **Introduction to Social Work.** A comprehensive study of the field of social work including current social problems and related national/state/local issues with emphasis on the historical development of social services, the profession of social work, professional values and ethics, economic and social issues relevant to diverse populations, and employment opportunities in the field. (Fall, Spring, Summer)

SW 305. (3) **Social Welfare: Policies and Services.** The political, philosophical, and historical perspectives of social welfare policies and services. A study of basic criteria for analysis and formulation of social welfare policies and their implications for diverse populations. Prerequisite: SW 230. (Fall, Spring)

SW 315. (3) **Human Behavior and Social Environment I.** A study of the life span of the individual from infancy to young adulthood from a systems perspective with emphasis on interactions with families, groups, organizations, and communities. Special attention is given to the biological, social, psychological, and cultural forces that affect human behavior with emphasis on values and ethical issues, and the significance of human diversity on behavior in a pluralistic society. A community field experience is required. Prerequisite: SW 230. (Fall, Spring)

SW 316. (3) **Human Behavior and Social Environment II.** A study of the life span of the individual from middle adulthood to later adulthood from a systems perspective with emphasis on interactions with families,
Courses of Instruction

319

groups, organizations, and communities. Special attention is given to the biological, social, psychological, and cultural forces that affect human behavior with emphasis on values and ethical issues, and the significance of human diversity on behavior in a pluralistic society. Prerequisites: SW 305 and 315. (Fall, Spring)

SW 324. (3) **Diversity Issues in Social Work.** A study of the cultural differences and similarities of diverse populations with emphasis on the dynamics and consequences of discrimination, and social and economic injustice. Issues relevant to ethical social work practice will be explored. Prerequisites: SW 305 and 315. (Fall, Spring)

SW 360W. (3) **Methods of Social Work Practice I. Basic** knowledge, values, and skills that conceptualize the core of social work practice. Emphasis is on the generalist approach to practice, including philosophical foundation and professional ethics, the professional relationship, and theoretical and practice approaches to problem solving. Prerequisites: majors only and SW 305 and 315. (Fall, Spring)

SW 361. (3) **Methods of Social Work Practice II.** The focus is on the integration of practice theory, skills and professional ethics in working with individuals and families, examining the strengths and coping mechanism utilized by client systems. A community field experience is required. Prerequisites: majors only and SW 360W. (Fall, Spring)

SW 362. (3) **Methods of Social Work Practice III.** A study of practice theory and skills with small groups, communities, organizations, planning and development, and administration. Approaches and interventions recognizing the ethical responsibility to promote social and economic justice will be emphasized. A community field experience is required. Prerequisites: majors only and SW 360W. (Fall, Spring)

SW 370. (3) **Methods of Social Work Research.** Fundamental research principles and skills as applied in social work practice. Course content includes an exploration of quantitative and qualitative research methods employed in social work research and the review of ethical standards of scientific research and technological advances. Emphasis is on the relationship between social work research and practice. A survey of research designs, sampling procedures, data collection, data analysis, and interpretation is included in the curriculum. Participation in a community research project is required. Prerequisites: MA 147 and SW 360W. (Fall, Spring)

SW 403. (3) **Gerontology.** The primary focus is on the biological, psychological, and sociological aspects of aging with an emphasis on community services available to the aging population. Also listed as NU 403 and SO 403 but creditable only in field for which registered. (Fall, Spring, Summer)

SW 415. (3) **Ethical Decision-Making in Social Work Practice.** The primary focus is on the complexity of the ethical decision-making process in social work practice. This course explores ethical dilemmas relative to social work values, a variety of social issues, and populations-at-risk. (Summer)

SW 420. (3) **Services to Families and Children.** A study of the development and implementation of social service programs pertaining to child welfare and family systems. (Summer)
SW 432. (6) **Field Instruction in Social Work I.** Primary focus is on the integration of classroom learning with social work practice. Students are required to do a 250-hour field internship in an assigned social service agency under joint supervision of an agency field instructor and social work faculty liaison. A two-hour seminar is held weekly to evaluate the integration of the student’s classroom learning with field practice experiences. Must be taken concurrently with SW 433. Student professional liability insurance is available for student members of the National Association of Social Workers and is a requirement for Field Instruction. Prerequisite: completion of all coursework. (Fall, Spring)

SW 433. (6) **Field Instruction in Social Work II.** Continuation of Social Work 432 involving an additional 250 hours of field instruction in a human service agency. Weekly seminar. Prerequisite: completion of all coursework. (Fall, Spring)

SW 491. (3) **Selected Topics.** Topic selection according to student interest and need. Designed to provide concentrated study in specific and emerging trends, policies, and social issues as they affect the human experience. (Offered on sufficient demand)

SW 499. (1-3) **Independent Study.** Open to senior majors on approval of the department head. Provides for independent study, research, or practice experiences under departmental determination, supervision, and evaluation. (Fall, Spring, Summer)

**THEATRE (TH)**

TH 100. (3) **Elements of Theatre.** Orientation and instruction in all aspects of a major university production, including acting, directing, design, construction, stage and house management. Course includes classroom lectures and participation in dramatic production of campus plays. Laboratory periods by arrangement. May be repeated for credit for a maximum of 12 semester hours. (Fall, Spring)

TH 110. (1) **Stage Make-Up.** Study and practice in the techniques and materials of make-up and the relation of make-up to stage and television production. (Fall, odd-numbered years)

TH 120. (1) **Orientation to Communications and Theatre.** Description of basic academic terminology, professional opportunities, and requirements for the individual in the diverse areas of communications and theatre. Should be completed by all departmental majors as soon as possible after the major is declared. Also listed as COM 120 but creditable only in field for which registered. (Fall, Spring)

TH 200. (3) **Voice and Diction.** Practice in the development of a good speaking voice, with individual help in the correction of faulty speech habits. Also listed as COM 200 but creditable only in field for which registered. (Fall, Spring, Summer)

TH 210. (3) **Introduction to Theatre.** A comprehensive study of theatre as an art form, including the history, technical, and production components of theatrical theory and practice. Appreciation of theatre by the playgoer. (Fall, Spring)

TH 220. (3) **Acting I.** A study of acting techniques. (Fall, Summer)
TH 250. (3) Theatrical Design. Class provides an overview and rudimentary study of the general areas of theatre design. The course includes the study of rendering and drawing of design elements as well as the materials and construction techniques required to implement designs in major productions. (Fall, even-numbered years)

TH 300. (3) History of Film. The historical development of the motion picture and television film as the art form from earliest stages to the present, including the technical, social, economic, and cultural factors influencing development, and using films from the periods and genres. Also listed as COM 300/EN 315 but creditable only in field for which registered. (Spring)

TH 320. (3) Movement for the Stage. This class is designed to provide study in movement, with emphasis on dance, used in stage performance. Students will study basic ballet, jazz, musical theatre, tap, ballroom and folk dance that would be encountered in musical and non-musical theatre. Students will also be exposed to Alexander Technique and Renaissance stage movement. (Spring, even-numbered years)

TH 330. (3) Oral Interpretation. Oral reading of prose, poetry, and drama; study and practice in reader’s theatre. Prerequisite: COM 200 or TH 200. (Spring, odd-numbered years)

TH 340. (3) Scene Design. Basic principles of design including the study of styles, techniques, and methods of design. Special fee: $30.00. (Spring, odd-numbered years)

TH 350. (3) Lighting Design. The study of lighting hardware and methods of lighting different events. Special fee: $30.00. (Fall, odd-numbered years)

TH 360. (3) Costume Design. Study of costuming as an essential element of all theatre activity. The class will provide a study of styles, techniques, and methods of performance. Special fee: $30.00. (Spring, even-numbered years)

TH 370. (3) Directing I. The nature of stage direction; a study of basic directorial concepts and their application to short scenes and plays. Prerequisites: TH 220 and TH 250; or permission of the instructor. (Fall)

TH 400. (3) Acting II. Continuation of TH 220. May include field trip. Prerequisite: TH 220. (Spring, odd-numbered years)

TH 402. (3) Dramatic Literature and Criticism I. An intensive study of the works of major playwrights and critical theorists of western theatre from Greece through the Romantic period. Extensive reading of both dramatic and critical literature will be required. (Fall, odd-numbered years)

TH 405. (3) Dramatic Literature & Criticism II. An intensive study of the works of major playwrights and critical theorists of western theatre from the 19th and 20th centuries. Extensive reading of both dramatic and critical literature will be required. (Spring, even-numbered years)

TH 420. (1) Portfolio Preparation. Issues faced by graduates upon entering graduate school or the professional world. Topics include preparation of the professional portfolio, current market trends, and long-term professional prospects. Should be completed by all departmental majors in the last semester prior to graduation. Also listed as COM 420 but creditable only in field for which registered. (Fall, Spring)
TH 430. (3) **History of the Theatre I.** The development of the theatre from its beginnings through the Renaissance. (Fall, even-numbered years)

TH 440. (3) **History of the Theatre II.** A continuation of Theatre 430; the development of theatre from the Elizabethan period to the present. Recommended in sequence. (Spring, odd-numbered years)

TH 450W. (3) **Senior Seminar.** Discussion of a particular topic in the field of communications and theatre and preparation of an academic paper on a subject relevant to the topic. Also listed as COM 450 but creditable only in field for which registered. (Fall, Spring)

TH 460. (3) **Arts Management.** Study of theatre management. Emphases will include box office management, marketing strategies, funding challenges, promotion, and public relations activities specific to arts organizations. (Spring, odd-numbered years)

TH 470. (3) **Directing II.** A continuation of TH 370. The class focus is on more advanced directing practices, covering the theories and techniques of traditional and non-traditional approaches to directing. Students will be required to produce a student directed one-act play in this course. Prerequisite: TH 370 or permission of the instructor. (Spring, even-numbered years)

TH 480. (3) **Topics in Theatre.** A detailed study of a particular topic of special interest. Topics will vary but will be listed in the schedule of classes and on the students’ transcripts. May include a field trip. May be repeated one time. A $30.00 special fee may be required according to the topic. (Offered on sufficient demand)

TH 499. (3) **Independent Study-Internship.** Independent study and research under departmental supervision or special field experience under departmental determination and evaluation. Requires written permission of the department chair prior to registration. (Fall, Spring)

**UNIVERSITY EXPERIENCE (UNA)**

UNA 102. (1) **Leadership Edge.** This course is designed to help the new student develop essential survival skills and adapt to university-level studies and the unique environment of the campus community. Students will gain an overall perspective of the expectations and benefits of the university education. Enrollment is limited to Presidential Mentors Academy students.

**WOMEN’S STUDIES (WS)**

WS 100. (3) **Introduction to Women’s Studies.** An interdisciplinary course that examines American women’s roles from the viewpoints of the humanities, social sciences, and sciences. Various disciplinary approaches will be used to analyze how gender affects identity, social institutions, and interpersonal relationships and will also introduce students to women in other cultures. (Fall)

WS 223. (3) **Marriage and the Family.** A study of origin and evolution of the family as a social institution; the relationships of family structure to social organization; theories, functions, forms, and processes of the family in selected cultures. Also listed as SO 223 but creditable only in field for which registered. (Fall)
WS 300. (3) **Sociology of Sex Roles.** Analysis of social, psychological, and physiological approaches to the development of sex identity and sex roles; effect of differential socialization methods from infancy through adulthood; impact on both men and women of contemporary changes in sex roles. Also listed as SO 300 but creditable only in field for which registered. (Fall, even-numbered years)

WS 305. (3) **African American Women Writers.** An examination of the writings of African American women beginning with the slave narrative and ending with contemporary poetry, fiction, and drama. Also listed as EN 305 but creditable only in field for which registered. (Offered on sufficient demand)

WS 323. (3) **Women’s Health.** Study of health promotion and disease prevention for women from adolescence through senescence. Students and faculty will determine topics from the following areas: reproductive anatomy and physiology, sexuality, family planning, fertility and infertility, infectious diseases, gynecological disorders, violence against women, and other issues which are determined by the class such as management of body weight, nutrition, stress, and women’s roles in the workplace. Also listed as NU 323 but creditable only in field for which registered. (Offered on sufficient demand)

WS 327. (3) **Health in Childbearing.** Study of healthy childbearing. Topics will include preparation for conception, pregnancy, and the entire childbearing cycle. Students enrolled in the course may negotiate with the professor(s) to include students’ specifically desired topics. Methods of teaching may include seminars, demonstrations and return demonstrations, group work, and lecture/discussions by professor(s) and guest lecturers. Also listed as NU 327 but creditable only in field for which registered. (Offered on sufficient demand)

WS 330. (3) **Domestic Violence.** An examination of intrafamily physical, sexual, and emotional abuse: its causes, its consequences, its extent and the manner in which social control agencies have responded to it. Also listed as CJ 330 but creditable only in field for which registered. (Spring)

WS 333. (3) **Images of Women in Literature.** An examination of images of women in literature drawn primarily from the works of women writers in English and American literature of the nineteenth and twentieth centuries; an introduction to feminist criticism. Also listed as EN 333 but creditable only in field for which registered. (Spring, even-numbered years)

WS 354. (3) **Global Women’s Issues.** Students will consider from a global perspective the effects of customary practices and socio-economic factors that affect women. These issues may include educational issues such as illiteracy, the education of girl children, and educational opportunities; customary practices such as arranged marriages, dowry, and circumcision; structural violence, both governmental and non-governmental; socio-economic issues such as sex traffic in women and children; and economic issues such as economic empowerment. The course will address the issues of women’s rights as human rights with the goals that students will gain a cross-cultural perspective. (Spring, even-numbered years)
WS 366. (3) **History of Women in the United States.** Survey of women’s experiences in the United States from the colonial period to the present that examines social, political, economic, and legal developments that shaped women’s roles and status in American society. Also listed as HI 366 but creditable only in field for which registered. (Spring, even-numbered years)

WS 370. (3) **Women in American Politics.** An overview of the role of women in American politics and the role of government in defining the status of women in society. Examines the political behavior of American women and public policies which specifically impact women. Also listed as HI 370 and PS 370 but creditable only in field for which registered. (Spring, odd-numbered years)

WS 386. (3) **Gender Communication.** Examines multiple relationships between communication and gender. Emphasizes how communication creates gender and power roles and how communicative patterns reflect, sustain, and alter social conceptions of gender. Also listed as COM 386 but creditable only in field for which registered. (Fall)

WS 443. (3) **Social Psychology of Intimate Relationships.** Social psychological analysis of the development, maintenance, and dissolution of intimate relationships such as friendship, courtship, and marriage. Theoretical and empirical examinations of structural, cultural and personal factors, implications and ramifications of intimacy are discussed. Also listed as SO 443 but creditable only in field for which registered. Prerequisite: SO 221 or SO/WS 223. (Fall, odd-numbered years)

WS 486W. (3) **Women, Art, and Society.** This course surveys a selective number of prominent women artists throughout history and offers an understanding of women as art makers and issues relevant to their art. Students will develop critical abilities and gain insight relative to their own work experience and specific theoretical concerns. Also listed as AR 486W but creditable only in field for which registered. (Offered on sufficient demand)

WS 490. (3) **Women’s Studies Internship/Practicum.** Open to women’s studies minors upon approval of the coordinators. Offers practical experiences under direction and supervision. Prerequisite: WS 100. (Offered on sufficient demand)

WS 495. (3) **Senior Seminar in Women’s Achievement and Theory.** To be taken at or near the completion of the women’s studies minor. By reading and discussing texts and by volunteering at various civic organizations, students will develop a deeper understanding of the variety of challenges facing women. Prerequisite: WS 100. (Spring)

WS 496. (3) **Special Topics in Women’s Studies.** Concentrated study in specific areas of Women’s Studies. Topic varies by semester. Prerequisite: WS 100. (Offered on sufficient demand)

WS 499. (3) **Independent Study.** Open to Women’s Studies minors on approval of the Women’s Studies coordinators. Provides for independent study or research under the coordinators’ determination, supervision, and evaluation. Prerequisite: WS 100. (Fall, Spring, Summer)

OFFICERS OF ADMINISTRATION

William G. Cale, Jr. .......................................................President
John G. Thornell .........................................................Vice President for Academic Affairs and Provost
W. Steven Smith .........................................................Vice President for Business and Financial Affairs
David P. Shields ..........................................................Vice President for Student Affairs
Alan G. Medders .........................................................Vice President for University Advancement
Birdie I. Bailey ..........................................................Dean of the College of Nursing and Allied Health
Kerry P. Gatlin ..........................................................Dean of the College of Business
Vagn K. Hansen ..........................................................Dean of the College of Arts and Sciences
Donna P. Jacobs ..........................................................Dean of the College of Education
Sue J. Wilson ............................................................Dean of Enrollment Services, Registrar
Chunsheng Zhang .........................................................Vice Provost for International Affairs

FACULTY FOR 2009-2010

The names of the faculty as of October 1, 2009, are listed below. The date in parentheses indicates the year that person joined the faculty.

LARRY W. ADAMS (1994) ....................................................Associate Professor of English

ROBERT L. ADLER (1994) .................................................Associate Professor of Modern Foreign Languages

NOE A. AGUADO (2003) ..................................................Assistant Professor of Political Science

PAULETTE S. ALEXANDER (1981) ..................Associate Dean of Accreditation and Information Technology,
Chair of the Department of Computer Information Systems,
Professor of Computer Information Systems
LYNN AQUADRO (2001) .......................................................... Associate Professor of Nursing
B.S.N., 1995, University of North Alabama; M.S.N., 1996, The University of Alabama in Huntsville;
Ph.D., 2005, Capella University; CRNP.

LINDA J. ARMSTRONG (2005) ................................................ Chair of the Department of Elementary Education,
Professor of Elementary Education
B.S., 1973, Baker University; M.S., 1988, Emporia State University; Ph.D., 2004, University of Iowa.

ROBERT W. ARMSTRONG (2001) .............................................. Professor of Marketing

J. RAFAEL ATENCIO III, COL (2000) ........................................ Assistant Professor of Military Science
B.S., 1978, University of North Alabama; M.S.S., 2006, United States Army War College.

NANCY E. ATKINSON (1999) ......................................................... Associate Professor of English

LINDA AUSTIN (2002) ............................................................... Assistant Professor of Nursing

BIRDIE I. BAILEY (1994) ......................................................... Dean of the College of Nursing and
Allied Health, Professor of Nursing
University.

ROBERT B. BAILEY (1999) ...................................................... Assistant Professor of Computer Information Systems

J. PAUL BAIRD (1986) ............................................................. Chair of the Department of Counselor Education,
Professor of Counselor Education
B.A., 1970, Carson-Newman College; M.S., 1972, The University of Tennessee; Ph.D., 1979, The
University of Alabama.

DENNIS R. BALCH (2007) ......................................................... Assistant Professor of Management
B.A., 1971, Florence State University; M.A., 1972, Ph.D., 1977, University of Arizona; M.B.A.,
2007, University of North Alabama.

J. DOUGLAS BARRETT (1997) .................................................... Chair of the Department of Economics and Finance,
Professor of Quantitative Methods

LARRY W. BATES (1999) ........................................................ Associate Professor of Psychology

JANA P. BEAVER (2007) ............................................................ Assistant Professor of Management
Alabama.

IDENA R. BECKWITH (2008) .................................................... Assistant Professor of Nursing

WAYNE P. BERGERON, LTC (2007) ....................................... Chair of the Department of Military Science,
Professor of Military Science
B.A., 1988, Nicholls State University; M.S., 1996, Troy State University.

DIANE C. BERRY (2006) ........................................................ Instructor, Supervising Teacher

JEFFREY R. BIBBEE (2008) ....................................................... Assistant Professor of History

DAVID L. BLACK (2001) ........................................................ Instructor in Economics

TANJA F. BLACKSTONE (2007) .............................................. Associate Professor of Economics

RONALD M. BLAKE (2008) ..................................................... Assistant Professor of Physics and Astronomy,
Planetarium Director

LINDA J. BLOUNT (2005) ....................................................... Professor of Education
B.A., 1974, Louisiana College; M.S., 1991, University of Houston-Clear Lake; Ph.D., 1997,
Mississippi State University.
JOYLASMI S. BORAH (1999) ..................................................Chair of the Department of Social Work, Associate Professor of Social Work

SANTANU BORAH (1992) ..................................................Professor of Management

MIRANDA R. BOWIE (2008) ..................................................Assistant Professor of Mathematics

EDDY JOE BRACKIN (1969) ..................................................Professor of Mathematics

WANDA Q. BRADFORD (1993) .........................................Chair of the Department of Nursing - Online Option; Professor of Nursing, Coordinator of the RN-to-BSN Flex-Track Program

VINCENT J. BREWTON (2001) ...............................................Associate Professor of English, Director of the UNA Honors Program

PHILLIP B. BRIDGMON (2004) ............................................Chair of the Department of Criminal Justice, Associate Professor of Criminal Justice

JASON S. BRILEY (2000) ....................................................Assistant Professor of Mathematics

ALYCE D. BROWN (1973) ...................................................Professor of Nursing
B.S., 1956, Tuskegee Institute; M.S.N., 1975, Medical College of Georgia; Ed.D., 1993, Nova University.

DARYL W. BROWN (1999) ..................................................Associate Professor of English

JOY M. BROWN (2002) ......................................................Associate Professor of Education

EVELYN K. BRUCE (2002) ...............................................Instructor in Biology

BEVERY M. BRYANT (2007) ...............................................Assistant Professor of Nursing
B.S.N., 1968, Emory University; M.S.N., 1981, Mississippi University for Women.

JERRI H. BULLARD (1992) ..................................................Professor of Sociology
A.B., 1977, University of North Alabama; M.S., 1979, Auburn University; Ph.D., 1983, Virginia Polytechnic Institute and State University.

E. DWIGHT BUNN (1999-2001, 2003) ..................Associate Professor of Human Environmental Sciences

CYNTHIA A. BURKHEAD (2000) .................................Instructor in English

DANNY E. BURTON (1999) ..................................................Professor of History

AMY G. BUTLER (1998) ..................Interim Director of Library Services; Assistant Professor, Librarian

YI-MIN CAI (1999) ......................................................Associate Professor of Music

WILLIAM G. CALE, JR. (2005) ...........................................President
B.S., 1969, Pennsylvania State University; Ph.D., 1975, University of Georgia.
PEGGY C. CAMPBELL (2002) ................................................................. Professor of Education

SHARON N. CAMPBELL (1996) ........................................ Chair of the Department of Accounting and Business Law,
Professor of Accounting

WALTER M. CAMPBELL III (1994) ................................. Professor of Accounting
B.S., 1968, M.B.A., 1976, Delta State University; Ph.D., 1982, University of North Texas; CPA.

GREGORY A. CARNE (2007) ......................................................... Professor of Accounting,
Raburn Eminent Scholar of Accounting
B.S., 1984, Lipscomb University; M.S., 1986, University of Memphis; Ph.D., 1991, Georgia State University; CPA.

GABRIELA CARRASCO (2006) .......................................................... Assistant Professor of Psychology
B.A., 2000, Our Lady of the Lake University; Ph.D., 2007, Texas Tech University.

TIMOTHY S. CARTER (2007) .................................................. Associate Professor of Criminal Justice

VIVIAN CARY (1987) ................................................................. Assistant Professor of Nursing

THOMAS W. CENTER (1988) .................................................. Assistant Professor of Computer Science
B.S., 1976, M.S., 1987, Middle Tennessee State University.

DEBBIE CHAFFIN (1994) ................................................... Director of Educational Technology Services, Professor, Librarian

PAMELA F. CHANEY (1991) ..................................................... Professor of Special Education
B.A.E., 1976, University of Mississippi; M.S., 1977, Ph.D., 1992, George Peabody College for Teachers of Vanderbilt University.

CHONG-YIAO CHEN (1992) ..................................................... Chair of the Department of Art, Professor of Art

DEBBIE S. CHRISTOPHER (2007) .................................................. Instructor, Supervising Teacher

T. CRAIG CHRISTY (1988) .................................................. Chair of the Department of Foreign Languages,
Professor of Modern Foreign Languages

MELISSA N. CLARK (2006) .................................................. Assistant Professor of Marketing

LISA H. CLAYTON (2007) .................................................. Assistant Professor of Elementary Education

THOMAS E. COATES (2007) .................................................. Chair of the Department of Health,
Physical Education and Recreation, Professor of Health, Physical Education, and Recreation

FREDA COLEMAN-REED (2007) .................................................. Instructor in Social Work
B.S., 1980, Towson State University; M.S.W., 1987, The University of Alabama.

J. TIMOTHY COLLINS (1998) .................................................. Associate Professor of Political Science

DAVID D. COPE (1971) .................................................. Assistant Professor of Mathematics
B.S., 1965, Cleveland State University; M.S., 1967, Auburn University.

JIM F. COUCH (1991) ................................................................. Professor of Economics
JOHN D. CRABTREE (2007) .......................... Associate Professor of Computer Information Systems 

CHARLOTTE W. CRAMER (1977) ........................................ Assistant Professor of Nursing 
B.S.N., 1971, M.S.N., 1976, University of Alabama at Birmingham; CRNP.

AMY E. CREWS (1992) .................................................. Associate Professor of Biology 

KATHERINE W. CRISLER (1992-93, 1998) ............................ Assistant Professor of Social Work 
B.S.W., 1977, University of North Alabama; M.S.W., 1979, The University of Alabama.

ROBERT W. DALY, JR. (1975) .............................................. Professor of Biology 
B.S., 1966, B.S., 1975, Auburn University; Ph.D., 1971, Auburn University.

WENDY A. DARBY (2001) .................................................. Associate Professor of Nursing 
B.S.N., 1984, University of North Alabama; M.S.N., 1996, The University of Alabama in Huntsville; 
Ph.D., 2005, Capella University.

LISA V. DARRELL (1993) .................................................. Assistant Professor of Speech Communication 

LELON O. DAVIDSON (1999) ............................................ Director of the Office of Diversity and Institutional Equity, 
Professor of Education 
B.S., 1963, Jackson State University; M.S., 1967, Atlanta University; Ph.D., 1991, University of 
Mississippi.

ERNSTINE B. DAVIS (1980) ............................................ Professor of Nursing 
B.S., 1965, Tuskegee Institute; M.S.N., 1972, Medical College of Georgia; Ed.D., 1979, University 
of Alabama.

RONALD D. DAVIS, JR. (2003) .......................................... Assistant Professor of Computer Information Systems 
B.S., 1995, Georgia Institute of Technology; M.B.A., 1999, LaGrange College.

PAUL G. DAVISON (1993) ................................................ Associate Professor of Biology 
B.S., 1985, North Carolina State University; M.A., 1987, Appalachian State University; Ph.D., 1993, 
University of Tennessee.

FRANK A. DIAZ (2008) ................................................... Assistant Professor of Chemistry 
B.S., 1998, University of North Alabama; Ph.D., 2004, The University of North Carolina at Chapel 
Hill.

ANN DILLON (2003) ...................................................... Associate Professor of Social Education 

DIANNE T. DODSON (2004) .............................................. Instructor in English 
B.S., 1979, University of Montevallo; M.A., 1982, University of Alabama; M.A., 2001, University of 
North Alabama.

VALERY DOLMATOV (2002) ............................................. Professor of Physics 
B.S., 1977, Ph.D., 1985, Tashkent State University.

KAREN C. DRISCELL (2006) ............................................ Instructor in Mathematics 

MELISSA M. DRISCELL (2006) .......................................... Instructor in Geology 
B.S., 2000, University of North Alabama; M.S., 2003, Arizona State University.

RUTH T. DUMAS (1996) .................................................. Professor of Early Childhood Education 
B.A., 1968, Winthrop College; M.A.Ed., 1985, Western Carolina University; Ph.D., 1995, 
University of Alabama at Birmingham.

EDDIE L. ELSEY, JR. (2002) .............................................. Assistant Professor of Music 
Mississippi.

JILL G. ENGLEY (2005) .................................................. Instructor in Human Environmental Sciences 

JERRY W. FERRY (1991) .................................................. Associate Professor of Accounting 
B.S., 1969, Northwestern University; M.B.A., 1971, Columbia University; Ph.D., 1986, University 
of Arkansas.
CRESCENTE E. FIGUEROA (1993) .................................................. Professor of Industrial Hygiene, Program Director of Industrial Hygiene B.S., 1977, Universidad Catolica, Chile; M.S., 1988, Ph.D., 1993, Texas A & M University.

LORRAINE GLASSCOCK (1978) .................................................... Associate Professor of Accounting B.S., 1972, Auburn University; M.B.A., 1977, University of North Alabama; C.M.A.

CAMERON K. GREN (2009) ......................................................... Assistant Professor of Chemistry B.S., 2003, Middle Tennessee State University; Ph.D., 2009, Vanderbilt University.

MICHAEL D. HALL (1987) ........................................... Professor of Health and Physical Education

DANIEL E. HALLOCK (2004) ........................... Chair of the Department of Management and Marketing,
Professor of Management
D.B.A., 1992, Memphis State University; CMA; CPA.

VAGN K. HANSEN (2004) ................................. Dean of the College of Arts and Sciences,
Professor of Political Science

LAURA A. HARDIN (1998) .................................Instructor in Speech Communication

FELECIA Y. HARRIS (2005) .................. Director of Clinical Experiences, Assistant Professor of Education

T. ROBERT HART (2009) ........................................... Instructor in History

JAMES E. HEARN (2006) ........................................... Instructor in Music
B.M., 2001, University of Memphis; M.S., 2003, Middle Tennessee State University.

SHELLEY M. HELLUMS (2009) ........................... Instructor, Library Media Specialist and
Technology Coordinator/Computer Lab Teacher

JEAN F. HENDERSON (1984) Assistant Professor of Mathematics and Computer Science

ROBERT HENDREN (2005) ........................................... Instructor in Speech Communication

WALTER H. HENLEY (2008) ............................. Assistant Professor of Marketing
B.S., 1984, Belhaven College; M.B.A., 1992, Memphis State University.

FRED O. HENSLEY (1970) ........................................... Professor of Art

MARGARET A. HOEKENGA (1999) Assistant Professor, Reading Coach

AMANDA L. HOFACKER (2006) .......................... Assistant Professor of Chemistry
B.S., 1999, Miami University; M.S., 2003, Ph.D., 2006, The Ohio State University.

A. PRISCILLA HOLLAND (1988, 1991) Assistant Vice President for Academic Services,
Assistant Professor of Geography

LATASHA C. HOWELL (2008) ........................................... Instructor in English

YINGPING HUANG (2004) .......................... Assistant Professor of Computer Information Systems

TINA R. HUBLER (2006) ................................. Assistant Professor of Biology
B.S., 1981, Auburn University; M.Ed., 1996, University of West Florida; Ph.D., 2005, University of South Alabama.

BILL M. HUDDLESTON (1984-86, 1988) .......................... Professor of Speech Communication
B.S., 1974, Mississippi State University; M.A., 1976, University of Tennessee; Ph.D., 1985, University of Missouri-Columbia.

RICHARD A. HUDIBURG (1983) .................. Professor of Psychology
B.A., 1972, Sonoma State University; M.A., 1975, Ph.D., 1979, Texas Christian University.

BRIAN J. HUFFMAN (2009) .......................... Instructor in Chemistry

CHARLES E. JOUBERT (1972) ............................. Chair of the Department of Psychology, Professor of Psychology B.S., 1966, Tulane University; M.A., 1968, Ph.D., 1969, University of Alabama.

PAUL D. KITTLE (1978-81, 1983) ......................... Chair of the Department of Biology, Professor of Biology B.S., 1971, Rio Grande College; M.S., 1974, Ph.D., 1977, University of Arkansas.

* Leave of absence, 2009 fall semester.
FRANCIS T. KOTI (2004) ................................................. Assistant Professor of Geography

KELLY L. LATCHAW (2007) ........................................ Assistant Professor of English

BARBARA C. LAUBENTHAL (1969-88, 1992) .................... Assistant Professor of Mathematics
B.S., 1965, Athens College; M.S., 1969, University of Mississippi.

MARGARET L. LAWLER (1980) ..................................... Assistant Professor, Supervising Teacher
B.S., 1972, Florence State University; M.Ed., 1977, Auburn University.

MARK L. LAWRENCE (2004) ........................................ Professor of Accounting
University; CFM: CMA; CPA.

Marilyn B. Lee (2007) .................................................. Interim Chair of the Department of Nursing–Traditional,
Associate Professor of Nursing
B.S., 1976, B.S.N., 1979, St. Louis University; M.S.N., 1983, University of South Carolina;
Ph.D., 1996, Wayne State University.

Teresa C. Leonard (1991) ............................................. Professor of Nursing
B.S., 1981, University of North Alabama; B.S.N., 1989, M.S.N., 1990, University of Alabama in
Huntsville; Ph.D., 2001, Georgia State University.

Rick A. Lester (1984) ................................................. Professor of Management,
Director of the Small Business Development Center, Ombudsman
B.S., 1977, University of North Alabama; M.A., 1978, University of Alabama; Ph.D., 1985,
University of Mississippi.

Kathy L. Lewis-Adler (1999) ....................................... Assistant Professor of Business Law
B.F.A., 1979, University of Cincinnati; Ph.D., 1995, Union Institute; M.B.A., 1998, Nova South-
eastern University; J.D., 2006, Birmingham School of Law.

Linda S. Lewis (2005) .................................................. Associate Professor of Education
2001, The University of Alabama.

Keith W. Lindley (2003) ............................................. Assistant Professor of Modern Foreign Languages

Natasha Lindsey (2002) .............................................. Instructor in Marketing

Ian R. Loepky (2003) .................................................. Assistant Professor of Music
B.M.M.Ed., 1995, The University of Manitoba; M.M., 2000, University of Minnesota; D.M.A., 2003,
University of Cincinnati.

Sandra A. Loew (1998) ............................................... Professor of Education
Mary.

Johnny Long (1989) .................................................. Assistant Professor of Health and Physical Education

Anna E. Lott (1993) ................................................... Professor of English

Carolyne J. Lovett (1991) ........................................... Professor of Education

Thomas M. Lovett (1991) ......................................... Professor of Business Law
B.A., 1971, University of Arkansas; M.A.T., 1972, Rollins College; Ed.D., 1975, J.D., 1978,
University of Arkansas.

George J. Makowski (1992) ........................................ Associate Professor of History
B.A., 1978, University of California-Los Angeles; M.A., 1983, University of Oregon; Ph.D., 1993,
Indiana University.

Cathy S. Malone (1979) .............................................. Assistant Professor of Nursing
B.S.N., 1975, M.S.N., 1979, University of Alabama at Birmingham.

GLENN A. MARVIN (2007) ..................................................Assistant Professor of Biology B.S., 1986, University of Kentucky; M.S., 1990, Eastern Kentucky University; Ph.D., 1996, University of Oklahoma.

JOYCE R. McINTOSH (1994) ...........................................Associate Professor of Physical Education B.S., 1977, Kansas State University; M.A., 1979, Ball State University; Ph.D., 1983, University of Southern Mississippi.
