Mission Statement—Department of Counselor Education

The University, College, and Department are committed to recruiting, retaining, and graduating a diverse student population. Graduate students in the Department of Counselor Education are representative of students and clientele served by schools and agencies in Northwest Alabama, Northeast Mississippi, and South Tennessee.

For the Community Counseling and School Counseling programs, the faculty are dedicated to the development of skilled practitioners who are committed to continuous professional growth and personal self-awareness. Through a systematic series of academic activities, experiential exercises, and clinical and field experiences, students engage in a rigorous process of inquiry, evaluation, and reflection. The faculty believe that this systematic process leads to a synergistic effect in which quantitative improvements in knowledge and skills interact to create qualitative growth in both areas. The ultimate goal of this mission is to inspire students to embrace a life-long pursuit of personal and professional growth in their identities as professional counselors.

Community Counseling Program

The program prepares students to meet the educational requirements for licensure as Licensed Professional Counselors in Alabama and certification as National Certified Counselors, and the program adheres to CACREP standards for preparing Community Counselors. Ultimately, graduates possess the professional knowledge, abilities, and personal characteristics necessary to provide appropriate prevention, education, and counseling through the following interventions: outreach, consultation, crisis, brief (symptom-focused) counseling, intermediate counseling, and long-term counseling.

Community Counseling Program Objectives

1. Develop an understanding of the professional roles and ethical responsibilities of community counselors in order to document and provide direct services and referrals in an ethical, professional manner.
2. Develop knowledge of human growth and career development in order to design and deliver prevention, educational, and support-based programming in response to community needs.
3. Develop theoretical and applied knowledge of helping relationships at the personal, group, and systemic levels in order to develop treatment plans, properly document services, provide consultation, and implement individual, group, and family counseling interventions.
4. Develop an understanding and appreciation of social and cultural diversity in order to provide culturally sensitive services to all clients and to advocate for equity in other community-based services.
5. Develop knowledge of assessment principles, test instruments, and interview practices in order to provide responsible test administration and interpretation, case conceptualization, and diagnosis.
6. Develop theoretical and applied knowledge of research and evaluation practices in order to perform community needs assessments, program evaluation, and quality assurance.
7. Develop practical knowledge of technology in order to use technological resources in planning, evaluating, and documenting services.

School Counseling Program

The program prepares students to meet the Alabama State Department of Education requirements for certification as school counselors and adheres to NCATE and CACREP standards for preparing school counselors. Moreover, the Commitments of the College’s Conceptual Framework and related Professional Dispositions provide a foundation throughout the curriculum. Students must demonstrate their commitment to professionalism, assessment, collaboration, technology, diversity, and reflection. Ultimately, graduates possess the professional knowledge, abilities, dispositions, and commitments necessary to plan, implement, evaluate, and manage comprehensive school counseling programs in order to serve all students in the context of their communities.
School Counseling Program Objectives

1. Develop an understanding of the professional roles and ethical responsibilities of a school counselor in order to perform their multiple duties in an ethical, professional manner.
2. Develop knowledge of human growth and career development in order to provide and document comprehensive programming to meet the academic, career, and personal needs of all students.
3. Develop theoretical and applied knowledge of helping relationships at the personal, group, and systemic levels in order to provide and document individual and group counseling, classroom guidance, consultation, and inservice programs in response to student, community, and overall safety needs.
4. Develop an understanding and appreciation of social and cultural diversity in order to provide culturally sensitive services to all students and to advocate for equity-focused school environments.
5. Develop knowledge of testing principles and practices in order to provide and document responsible test administration and interpretation.
6. Develop theoretical and applied knowledge of research and evaluation practices in order to perform comprehensive program evaluation.
7. Develop practical knowledge of technology in order to use technological resources in planning, evaluating, and managing a comprehensive school counseling program.

Requirements, Policies and Procedures
UNA Counseling Programs

The administration and faculty involved with the counseling programs at the University of North Alabama are committed to fulfilling its mission statements by helping students gain the competencies and skills necessary for the successful practice of professional counseling. Therefore, the requirements, policies, and procedures set forth in this document are designed to facilitate the screening and monitoring of students’ progress through the counseling program to ensure mastery of necessary competencies, completion of appropriate coursework, and evidence of potential for professional success. Implementation of these requirements, policies, and procedures will be accomplished without discriminating on the basis of race, creed, disability, color, gender, gender orientation, or national origin.

I. Program Requirements

A. Students must meet the minimum credit hour, course and other requirements described in the Graduate bulletin for the year he/she was admitted. Course substitutions will be made only with approval from both the student’s academic advisor and the Dean of the College of Education.

B. Students must receive prior approval from the Counseling Faculty and the Dean of the College of Education for credit from courses taken at another college or university. To receive transfer credit, the student’s academic advisor must submit the appropriate form to the Dean of the College of Education for approval.

C. The group counseling course will include participation in an experiential group. Prior to participation in the group, students will be provided information about risks inherent in group processes and instruction on how to limit self-disclosure.

D. Students must be accepted to the Counselor Education Program in order to enroll in Counselor Education (CHD) courses with the exception of CHD 604 Human Growth and Development which is open to all graduate students.

E. The Department of Counselor Education reserves the right to make immediate changes in program requirements, policies, procedures, and course content in order to comply with CACREP, NCATE, ABEC, SDE and/or SACS standards.
II. Quality of Academic Performance

A. Students must meet the minimum grade requirements described in the Graduate Catalog (i.e., overall grade average of B or better on all valid work attempted at the University of North Alabama, with not more than six semester hours of C work or below).

B. A warning letter from the Dean of the College of Education and Human Sciences is sent by Certified Mail, Return Receipt Requested, to all students who achieve two C grades (6 semester hours).

C. In addition to overall grade point average and grades in specific courses, evaluation of academic performance includes, but is not limited to the following: computer and other technology skills, academic honesty, participation in classroom activities, meeting deadlines, enthusiasm for learning, and an increasing ability to apply didactic material in conceptualizing case studies and client situations, role plays, and counseling sessions.

III. Personal Development: Inter- and Intrapersonal Functioning

A. Effective interpersonal and intrapersonal functioning are considered necessary prerequisites for an effective counselor. Faculty members teaching a counseling class and supervisors of counseling practica or internships are requested to document and report any deficits in student functioning that might interfere with the student’s success in the program or in a professional counseling position. Problems in personal functioning may be due to situational problems (personal crisis situations during transitional times), mental illness, substance abuse or other causes which prevent a student from communicating empathy, genuineness, and respect to others. Indications of impaired functioning include, but are not limited to, the following behaviors: excessive withdrawal from others; insensitivity to others, aggressive or hostile actions toward others; reactive emotional responses to others; excessive and/or illegal use of alcohol or other drugs; commission of a felony; use of alcohol or drugs just prior to attending work, class, or counseling sessions; lying; becoming distracted from work easily; distracting others from their work; and any actions that lead to suspension or dismissed from the University of North Alabama.

B. Students having deficits in personal development, including interpersonal and intrapersonal functioning, will not be allowed to take the counseling practicum course until they have achieved a satisfactory level of functioning. If problems in personal functioning are observed during a practicum or internship class, the student in practicum will be required to drop the class and the student in internship will be required to either drop the class or take a grade of an incomplete.

C. Evaluation of personal development includes, but is not limited to, acceptance, cooperativeness, flexibility, interpersonal effectiveness, interpersonal skills, introspectiveness, openness, psychological health, resilience and self-awareness. (Refer to Appendix A for definitions of applicable terms.)

IV. Professional Development

A. Evaluation of professional development includes, but is not limited to, empathy, reliability, willingness to accept and use feedback, respect for and appreciation of individual differences, ethical behavior, tolerance of ambiguity and willingness to develop professional knowledge.

B. Students will be expected to conduct themselves in accordance with the Code of Ethics of the American Counseling Association. Failure to do so shall result in suspension or dismissal from the program.

C. Joining and actively participating in professional counseling organizations is an integral part of students’ professional development and forming of a counselor identity. The faculty strongly
encourage students to join the American Counseling Association, the Alabama Counseling Association, a division of each that focuses on the respective major, and any other divisions that appeal to students’ possible career interests. Through journals, newsletters, meetings, and other activities, professional counseling organizations provide an extensive network of ideas, career opportunities, and professional contacts.

D. Students are encouraged to consider their career goals and professional interests when selecting topics for course assignments and choosing practicum and internship placements. Department faculty is available to discuss career interests and options throughout students’ programs of study. Students are also encouraged to contact Career Services for individual career counseling, job placement services, part-time work, and graduate assistantships.

V. Ethical Standards

Students will be expected to conduct themselves in accordance with the Code of Ethics of the American Counseling Association. Failure to do so shall result in suspension or dismissal from the program.

VI. Student Progress

A. A developmental, systematic assessment of each enrolled student’s progress is conducted each semester by regular, full-time faculty with input invited from adjunct and affiliate program faculty. This assessment includes a review of academic performance, personal development, and professional development (including adherence to ethical standards) as described in the respective sections above. The purpose of this assessment process is to engage in a periodic, confidential review of student progress toward their career goals and objectives, potential success in forming effective interpersonal relationships in individual and small-group contexts, and progress in meeting program objectives. Students can also be assessed periodically during general faculty meetings in addition to the regular semester assessment. School Counseling majors self-assess and are assessed by faculty and supervisors using the dispositions assessment at several points during their academic program. (See Appendix C.)

B. Students who are not progressing adequately in academic performance, personal development, and/or professional development, may be required to complete a formal remediation plan, suspended (removed for a specific amount of time or until certain requirements are met) from the program, and/or dismissed (removed permanently) from the program. If the assessment procedures described in the preceding paragraph result in any concerns regarding a student’s academic performance, personal development, and/or professional development, these concerns will be addressed in any or all of the following ways:

1. A designated faculty member will meet privately with the student to discuss the concerns. The content of this discussion will be documented in writing after the meeting.

2. Two or more faculty members will meet with the student, discuss concerns and possible strategies for student improvement, document these strategies, and obtain signatures of faculty and student.

3. If formal remediation, suspension, and/or dismissal is being considered, the following procedures will occur:
   a. The student will receive written notification of the specific deficiencies or actions on his/her part that may be the cause for formal remediation, suspension, and/or dismissal from the program.
   b. The student will be given the opportunity to explain or defend his/her actions and/or deficiencies before a Counselor Education Hearing Board consisting of all full-time Counselor Education faculty and chaired by the Department Chair or the Chair’s designee.
   c. The Counselor Education Hearing Board will make a decision regarding the formal remediation, suspension, and/or dismissal of the student.
d. The Counselor Education Hearing Board will provide written notification of its decision to the student and the Dean of the College of Education and Human Sciences. Decisions of the Counselor Education Hearing Board may be appealed to the Dean of the College of Education and Human Sciences.

e. Any student who is dismissed or suspended from the counseling program by the Counselor Education Hearing Board will be advised of criteria necessary for gaining reentry to the program. Decisions of the Counselor Education Hearing Board may be appealed to the Dean of the College of Education and Human Sciences.

f. If a student is required by the Counselor Education Hearing Board to successfully complete a formal remediation plan, he/she will meet with the Counselor Education Hearing Board, and a remediation plan (Refer to Appendix B) will be completed. While this remediation plan is being completed, students may be under suspension from the counseling program, allowed to continue in the program with restrictions on the courses that may be taken, or allowed to continue with no course restrictions if making satisfactory progress toward remediation.

VII. New Student Orientation

Students are expected to complete all requirements for CHD 000 Counselor Education Orientation during their first semester of enrollment. Among other requirements listed in the course syllabus, students will submit a program of study approved by their academic advisor. Students in the school counseling program will also complete a self-assessment of their dispositions in accordance with the College of Education Assessment Plan.

VIII. Admission to Candidacy

A. Students must apply for admission to candidacy after taking 12 semester hours and before completing 18 semester hours of their program. The student's academic advisor will submit the Application for Candidacy to the Dean of the College of Education after approval of the full-time Counselor Education faculty. The Counselor Education faculty may recommend admission to, postponement of, or denial of candidacy based upon the student's quality of academic performance, personal development, including interpersonal and intrapersonal functioning, professional development, and adherence to ethical standards. For students majoring in school counseling, evaluation for readiness to admission to candidacy will also include an assessment by the full-time Counselor Education faculty of the student's Dispositions in accordance with the College of Education Assessment Plan.

B. When the recommendation for postponement of candidacy is made, procedures outlined previously in Section VI Student Progress will be followed.

IX. Comprehensive Examinations

Track 1 School Counseling majors are required to take the PRAXIS II Professional School Counselor Examination while Track 2 School Counseling majors must take both the PRAXIS II Professional School Counselor Examination and the National Counselor Examination (NCE). School Counseling majors must achieve a score or scores that will allow them to be certified/licensed as a school counselor in the state of Alabama. Community Counseling majors are required to take the Counselor Preparation Comprehensive Examination (CPCE) and achieve a passing score. The faculty reviews the minimum CPCE score annually to confirm that the minimum score is no lower than one standard deviation below the national mean. The PRAXIS, NCE and the CPCE should be taken during the next-to-last semester of enrollment. There is a fee for the PRAXIS, CPCE and NCE that must be paid by students. If a student does not receive satisfactory scores on the PRAXIS, CPCE or NCE (Track 2 only)
he/she will be required to show competency by retaking and passing the examination, retaking one or more courses, or by successfully completing other learning experiences that may be assigned. The Chair of Counselor Education is responsible for determining the specific activities necessary for the student to demonstrate competency.

X. **Clinical Work**

A. Students must demonstrate minimum clinical skills as determined by the faculty supervisors for practicum and internship classes. Primary evaluation of these skills occurs when the student is enrolled for Practicum in Counseling. Failure to master these facilitative skills will result in the student repeating the practicum course until the skills are satisfactorily demonstrated. Students must attain a grade of B or better in Practicum before they will be allowed to enroll in Internship.

B. Students will not be allowed to begin the Internship in Counseling class until they have completed all requirements for Practicum in Counseling. Students must have achieved at least a 3.00 GPA prior to enrolling in Practicum and must maintain at least a 3.00 GPA prior to enrolling in Internship.

C. The internship requires that the student work satisfactorily with the on-site supervisor and others at the work site. Failure to meet the minimum expectations of the on-site supervisor will result in termination of the student at that site. The student’s performance will be reviewed prior to placement at another site. Remedial work may be required before further placement.

D. Students are required to carry professional counseling liability insurance (minimum coverage of $1,000,000 aggregate) and provide documentation of such coverage while enrolled in practicum and internship courses. The Counselor Education Program will inform students regarding liability insurance options.

XI. **Endorsement**

The Community Counseling and School Counseling programs are designed to prepare counselors for licensure, certification, and employment in appropriate professional work settings. School Counseling students who complete all program of study requirements and achieve a score on the PRAXIS Professional School Counselor Examination and on the National Counselor Examination (if Track 2) that will allow them to be certified/licensed as a school counselor in Alabama will be endorsed for the appropriate certification/licensure. Community Counseling students who complete all program of study requirements and receive a passing score on the CPCE may be endorsed for licensure and certification. Endorsements or recommendations for employment in specific work settings will be given only in circumstances in which the graduate’s program of study, clinical experience, and skill level are appropriate to the work setting and the specific position. Students seeking endorsement from the Counselor Education faculty must complete and submit a FERPA form to the departmental office. Regardless of training qualifications, clinical experience, or skill level, students or graduates who are believed to be impaired in any way that will interfere with the endorsement for certification, licensure, or employment will not receive such endorsement.

XII. **Appeal, Grievance and Due Process Procedures**

Students may appeal decisions made by the Counselor Education Hearing Board regarding their continuation in the counseling program to the Dean of the College of Education and Human Sciences. Furthermore, the University grievance procedures provide a means whereby a student may direct a complaint against another member or organization of the University community, or, if appropriate, against the University alleging improper, arbitrary, or discriminatory application of University rules, regulations, standards, practices, and/or procedures relating to enrollment or other circumstances giving proper grounds of complaint. Grievance procedures do not apply to actions involving
suspension, expulsion, dismissal, or termination of employment or enrollment for cause. For such actions, the University provides Due Process Procedures. Specific information concerning Grievance and Due Process Procedures can be obtained from the Office of the University Ombudsperson or the Office of Student Conduct. Also, the procedures are published in the UNA Student Handbook and Planner.

XIII. **Regulations for Graduate Study vs. Regulations for Graduate Counseling Program**

Some of the requirements for admission and continuation in the counseling programs are different from those in other graduate programs within the University of North Alabama. A student who is not permitted to continue in the counseling program may still be eligible for graduate study in another area. If a student has been dismissed from the graduate counseling program for scholastic or other reasons, he/she may apply for another graduate program. If the student has been eliminated on the basis of regulations applying to the admission and program requirements applicable to all graduate students (See Graduate Catalog), reinstatement requires the approval of the College of Education and Human Sciences Readmissions Committee on the basis of extenuating circumstances. Reinstatement may be considered by the College of Education and Human Sciences Readmissions Committee only upon written appeal directed through the Dean of the College of Education and Human Sciences. Reinstatement, if approved, may be based on special conditions and is subject to the regulations and standards in effect at the time of re-enrollment. Following reinstatement, a new application for admission must be filed.

XIV. **Counselor Education Student Records Policy**

The Department of Counselor Education creates two (2) files for every student. The first file is a general student file and contains admission materials, the program of study form, the admission to candidacy form and various other records. The second file, a clinical experience file, is created when a student enrolls in the CHD 678 Practicum course. This clinical experience file contains documents that are related to CHD 678 Practicum in Counseling, CHD 688 Internship in Counseling and CHD 689 Internship in Counseling. General files of students who graduate will be kept by the department for five (5) years following graduation and then shredded. The clinical files of students will be kept for three (3) years following graduation and then shredded. The general and clinical files of students who become inactive will be shredded eight years after the student is accepted into the program. The Office of the Registrar maintains permanent records for every student.

SCHOOL COUNSELING TRACK 2 CACREP APPROACH INVENTORY
University of North Alabama

CANDIDATE NAME _______________________________ STUDENT ID ________________________

ADDRESS ______________________________________________________________________________

FACULTY ADVISOR ____________________________________________________________________

Before acceptance to the Master of Arts in Education, School Counseling Program using the Track 2 CACREP Approach, candidates must have documentation of the following on file in the Department of Counselor Education:

- Official transcripts from all colleges and universities previously attended
- Bachelor’s degree or higher from a regionally accredited senior institution of higher education
- Minimum 2.75 cumulative undergraduate Grade Point Average
- If prior graduate coursework, minimum 3.65 cumulative graduate Grade Point Average
- Successful completion of the ABI/FBI background clearance required of school personnel in Alabama
- Passing score on the GRE or MAT entrance exam
- Three satisfactory Recommendation for Admission forms from supervisors or instructors
- Successful completion of a formal interview with the Counselor Education faculty

Before Admission to Candidacy for the Master of Arts in Education, School Counseling Program using the Track 2 CACREP Approach, candidates must have documentation of the following on file in the Department of Counselor Education:

- Passing score on the Work Keys Basic Skills Assessment Test of the Alabama Educator Certification Testing Program

CANDIDATE’S SELF-ASSESSMENT OF DISPOSITIONS
RATING FORM

NOTE: School Counseling majors are required to self-assess their dispositions using this form in CHD 000 and CHD 642.

Name ____________________________________       Semester _____________________

PLEASE RATE THE EXTENT TO WHICH YOU DEMONSTRATE THE FOLLOWING DISPOSITIONS. CHECK THE BOX FOR EACH DISPOSITION THAT BEST DESCRIBES YOUR BEHAVIOR.

Explanation of Ratings

Exemplary/Exceptional: The candidate’s performance is exceptional on the specific disposition, and the candidate demonstrates exemplary understanding and/or attributes on the disposition for an entry-level professional.

Good/Proficient: The candidate’s performance meets and sometimes exceeds expectations on the specific disposition, and the candidate demonstrates good understanding and/or attributes on the disposition for an entry-level professional.

Acceptable/Basic: The candidate’s performance is beginning to develop, and the candidate demonstrates acceptable understanding and/or attributes on the disposition for an entry-level professional. The candidate voluntarily develops and implements an effective improvement plan if performance begins to drop below the acceptable/basic level.

Unacceptable/Deficient: The candidate’s performance on the specific disposition lacks adequate development, and the candidate does not demonstrate the minimal understanding and/or attributes expected of an entry-level professional. The candidate is deficient, and a remediation plan for this specific disposition must be developed and implemented.
<table>
<thead>
<tr>
<th>Disposition</th>
<th>Exemplary/Exceptional (4 pts)</th>
<th>Good/Proficient (3 pts.)</th>
<th>Acceptable/Basic (2 pts)</th>
<th>Unacceptable/Deficient (1 pt)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. The candidate demonstrates commitment to professionalism. (CF Professionalism)</td>
<td>Punctual, regularly attends classes and proper notification is given if otherwise, maintains positive attitude during and outside of class, dresses appropriately and exhibits excellent hygiene during visits to schools and for class. Consistently demonstrates non-verbal behavior that enhances learning environments. Exhibits professional behavior in all social network postings and other public communications.</td>
<td>Usually punctual and present for classes and proper notification is given if otherwise, usually maintains positive attitude during and outside of class, dresses adequately and exhibits good hygiene during visits to schools. Usually demonstrates non-verbal behavior that enhances the learning environment. Exhibits professional behavior in all social network postings and other public communications.</td>
<td>Meets minimal standards for punctuality and class attendance, attitude during and outside of class, dress and hygiene during visits to school sites, and non-verbal behavior that may impact the learning environment. Exhibits professional behavior in all social network postings and other public communications.</td>
<td>May include any of the following unacceptable behaviors: often tardy, regularly misses classes, maintains negative attitude during and/or outside of class, dresses inappropriately and/or has poor hygiene during visits to schools. Exhibits inappropriate and/or excessive, non-verbal behavior that detracts from the learning environment and/or distracts learners. Exhibits inappropriate and unprofessional behavior in social network postings and/or other public communications.</td>
</tr>
<tr>
<td>2. The candidate demonstrates commitment to ethical standards. (CF Professionalism)</td>
<td>Honest and trustworthy in communications and interactions with others, consistently cites the work of others in written work, acts in the best interest of others, respects the privacy of others, maintains appropriate interpersonal boundaries, respects the autonomy and rights of others, acts only within areas of professional competency.</td>
<td>Seeks to be honest and trustworthy in communications and interactions with others, cites the work of others in written work, strives to act in the best interest of others, respects the privacy of others and strives to maintain appropriate interpersonal boundaries, strives to respect the autonomy and rights of others, typically acts only within areas of professional competency.</td>
<td>Meets acceptable standards for honesty and trustworthiness in communication/interaction with others, citing the work of others in written work, respect for best interest of others, privacy and interpersonal boundaries, boundaries of professional competency. Candidate voluntarily implements an effective improvement plan if performance begins to drop below the acceptable/basic level.</td>
<td>Demonstrates dishonesty in communications, is not trustworthy, plagiarizes the written work of others, fails to act in the best interest of others, does not respect the privacy of others, does not maintain appropriate interpersonal boundaries, does not respect the autonomy and rights of others, often acts in areas that are beyond professional competency.</td>
</tr>
<tr>
<td>3. The candidate demonstrates a commitment to reflection/self-assessment to improve performance and</td>
<td>Consistently reflects on professional interactions and classroom performance in an ongoing process of self-assessment and improvement, receptive to feedback from others, open to</td>
<td>Often reflects on professional interactions and classroom performance for the purpose of self-assessment and improvement, usually open and receptive to feedback and</td>
<td>Meets minimum standards for reflection on professional interactions and classroom performance, self-assessment for professional improvement, openness and receptivity to</td>
<td>Resists self-reflection on professional interactions and classroom performance, believes improvement is not necessary, not open and receptive to feedback and/or change, unwilling to successfully complete</td>
</tr>
<tr>
<td>4. The candidate demonstrates a commitment to using research in the field and assessment practices for the purpose of professional development and the improvement of instruction. (CF Assessment)</td>
<td>Actively seeks out and reads professional literature, seeks opportunities to conduct research, willingly shares research findings, seeks opportunities to participate in professional development activities, initiates ideas for personal learning, seeks information about best practices in field and shares them with others, establishes a system for assessing student outcomes and modifying instruction based on outcomes.</td>
<td>Demonstrates a willingness to read professional literature and conduct research if opportunity arises, attends professional development activities, seeks ideas to improve personal learning, seeks to assess student outcomes and modifies instructions based on outcomes.</td>
<td>Meets minimum standards for professional reading, participation in research activities, willingness to attend professional development activities, responsibility for personal learning, effort to assess student outcomes and modify instruction based on outcomes. Candidate voluntarily implements an effective improvement plan if performance begins to drop below the acceptable/basic level.</td>
<td>May include any of the following unacceptable behaviors: lacks a willingness to read professional literature and/or participate in research projects, avoids professional development activities, takes no responsibility for personal learning, fails to modify instruction based on student outcomes.</td>
</tr>
<tr>
<td>---</td>
<td>---</td>
<td>---</td>
<td>---</td>
<td>---</td>
</tr>
<tr>
<td>5. The candidate demonstrates a commitment to using current technology for instruction and learning. (CF Technology)</td>
<td>Consistently uses the latest technology related to subject area, consistently uses technology to engage learners, seeks new ways to use technology for instructional purposes.</td>
<td>Often uses the latest technology related to subject area, often uses technology to engage learners, usually demonstrates proper use of available technology.</td>
<td>Meets minimum standards for use of technology to engage learners, and for instructional/learning purposes. Candidate voluntarily implements an effective improvement plan if performance begins to drop below the acceptable/basic level.</td>
<td>May include any of the following deficiencies: fails to stay informed and skilled regarding available technology, does not use current technology to engage learner and for instructional/learning purposes.</td>
</tr>
<tr>
<td>6. The candidate demonstrates respect for cultural and individual differences by providing equitable learning opportunities for all, and has high expectations for all</td>
<td>Tolerant and appreciative of the ideas, views and culture of others, respectful of and responsive to individual differences, encourages the sharing of differences, provides challenging/exciting/equitable learning opportunities for all learners, considers backgrounds/interests/attitudes of</td>
<td>Tolerant and responsive to ideas, views and culture of others, usually respectful and responsive to individual differences, typically provides equitable learning opportunities for all learners, usually considers backgrounds/interests/attitudes of</td>
