Study Family Project:

A. Students will participate in a family activity and produce a journal that observes and participates in family activities in which both parents participate in the work force while managing children and home life. Various family challenges will be considered and solutions researched. The options for senior and/or disabled will be studied. The project will be a HES portfolio project and will be turned in using the APA style of writing.

B. Exams will be used to assess the knowledge of course concepts and information.

Course Requirements:

3 exams @ 100 points 300 points

Grading Procedure:

A = 90 - 100

B = 80 - 89

C = 70 - 79

D = 65 - 69

F = 64 and below

To apply credit for this course to a Teacher Education program, the candidate must earn a C or better.

Family and Consumer Science education students may be required to submit projects for assessment in Livetext.

Equal Opportunity Statement:

It is the policy of the University of North Alabama to afford equal opportunity in education to qualified students. Therefore, a student who has a disability (e.g. learning, physical and/or psychological) that inhibits the student's ability to meet course requirements and who desires accommodations must contact the instructor and Developmental Services within the first three class meetings of the semester (within the first three days during summer terms). The goal is to develop a timely accommodation plan and to file an Americans with Disabilities Act (ADA) Accommodation Form. Failure to request an accommodation early in the term diminishes the

effectiveness of accommodations. Course requirements will not be waived but, if possible, accommodations will be made to allow each student to meet the course requirements, provided the student acts within the first three class meetings in working with the instructor to develop an accommodation plan. If a disability is identified later in the semester, a non-retroactive accommodation plan will be developed at that time. Students needing assistance may contact the Office of Student Life, Room 202, Guillot University Center.

UNIVERSITY OF NORTH ALABAMA COLLEGE OF EDUCATION

CONCEPTUAL FRAMEWORK

"Engaging Learners,
Inspiring Leaders,
Transforming Lives"

The Conceptual Framework establishes a shared vision in preparing educators to work effectively in P–12 schools and provides direction for programs, courses, teaching, candidate performance, scholarship, service and accountability. The Conceptual Framework is continuously evaluated in an outcome based system, and is knowledge-based, articulated, shared and consistent with the University of North Alabama's institutional mission –

"Changing lives. Creating futures."

The Conceptual Framework is designed to reflect current research-based knowledge and effective practices through professionalism, assessment, collaboration, technology, diversity and reflection. The UNA College of Education prepares

"Knowledgeable Practicing Professionals" who:

- 1. Have content and pedagogical knowledge to demonstrate <u>professionalism</u> through a set of beliefs, actions, dispositions and ethical standards that form the core of their practice;
- 2. Have the knowledge and ability to use <u>assessment</u> strategies to guide teaching and learning, especially impact on student learning, and to strengthen instruction and increase professional growth;
- 3. Form communities of learners with other teachers, parents, and members of the community, through collaboration, teamwork, and research-based approaches;

- 4. Use <u>technology</u> to support assessment, planning and instruction for promoting student learning;
- 5. Value and plan for <u>diversity</u> in curriculum development, instructional strategies and in the promotion of social consciousness;
- 6. Know and use self-awareness and <u>reflection</u> as decision-making tools for assuring student learning, professional performance and personal growth.

Graduates of the University of North Alabama's College of Education are knowledgeable practicing professionals who are prepared as outstanding educators and leaders through achievement of the highest standards of knowledge and practice to assist all students

PROFESSIONAL DISPOSITIONS

- 1. The candidate demonstrates commitment to professionalism.
- 2. The candidate demonstrates commitment to ethical standards
- 3. The candidate demonstrates a commitment to reflection/self-assessment to improve performance and enhance professional development.
- 4. The candidate demonstrates a commitment to using research in the field and assessment practices for the purpose of professional development and the improvement of instruction.
- 5. The candidate demonstrates a commitment to using current technology for instruction and learning.
- 6. The candidate demonstrates respect for cultural and individual differences by providing equitable learning opportunities for all, and has high expectations for all learners.
- 7. The candidate demonstrates commitment to collaboration with parents, community members, and other professionals to improve the overall learning of students.
