COURSE DESCRIPTION

A study of the materials, procedures, techniques, and systems associated with instrumental music education and administration within a school instrumental music program.

COURSE MATERIALS

Required Texts:

Recommended Supplemental Texts:

Cooper, Lynn G., Teaching Band and Orchestra, GIA, 2004

COURSE OBJECTIVES

The student will

- write a personal philosophy of music education that includes a rationale for teaching instrumental music in school settings.
- demonstrate skills and insights related to evaluative techniques and assessment for music education.
- develop the ability to discuss and demonstrate the use of appropriate teaching techniques and strategies for instrumental music education.
- develop the ability to discuss and demonstrate the use of appropriate administrative and business techniques necessary for directing a school instrumental music program.
- demonstrate understanding of principles and models of curriculum development for instrumental music education.
- acquire the skills, insights and capabilities to select and teach quality literature for all levels of instrumental ensembles; including concert band, marching band, jazz band and orchestra.
- acquire the skills, insights and capabilities to select and teach quality class methods and supplementary materials for all levels of instrumental music ensembles.
- acquire the skills, insights and capabilities to select, implement and teach quality solo and
chamber literature for all levels of instrumental music study.

- acquire the skills, insights and capabilities to select, implement and teach quality methods for private study at all levels of instrumental music.
- acquire the skills, insights and capabilities to use technology effectively in a school instrumental music program.
- demonstrate an acceptable level of familiarity with
  - principle reference works dealing with band literature.
  - principle reference works dealing with instrumental music pedagogy.
  - selected master works from the wind band or orchestral repertoire.
  - the history of instrumental music education and its implications for the present and future.

The prospective teacher will demonstrate

TEACHING DEMONSTRATIONS

1. **Standards Lesson:** Each class member is required to teach one in-class lesson to peers. This lesson should be an instrumental music lesson based on the National Standards for Music Education. A lesson plan in the approved format must be submitted prior to beginning the lesson. Lessons should be 10-12 minutes and include content relating to at least four standards. Students are responsible for all aspects of preparing and organizing all materials needed for the lessons.

2. **Band or Orchestra Rehearsal:** Each class member is required to lead one in-school rehearsal session. Rehearsal times and locations will be determined at the beginning of the semester. Band rehearsals will be at Florence Middle School with the beginning band or middle school band. Orchestra Rehearsals will be at Florence Middle School with the middle school orchestra. Material (concert music or method book portions) for the rehearsals will be determined by the middle school directors; however, lesson plans for the rehearsals based on the materials provided will be designed by the student conductor. A lesson plan in the approved format must be submitted prior to beginning the lesson. Students are responsible for specific and unique aspects of preparing and organizing all materials needed for their particular lessons.

PROJECT ASSIGNMENTS

1. **Philosophy:** Write your personal philosophy of music education in the form of a 300-500 word paper (typed, double-spaced). The paper should address the question of “why teach music” and include a rationale for teaching instrumental music in school settings.

2. **Grading Policy:** Prepare in written form a proposal of a grading policy for a middle school or high school instrumental ensemble class. The policy should include your philosophy of grading, the purpose of grading, the practices and procedures for grading, a grading scale and a listing of the forms of assessment and how each is weighted for grading purposes.

3. **Press Release:** Write a press release intended as a PSA radio spot. It should contain all
necessary information for advertising an up-coming concert by a school ensemble. The length should be no more than 30 seconds when read aloud. Be prepared to read aloud your release in class with appropriate emphasis, inflection and pace.

4. **Budget**: Construct an annual budget proposal for a high school band or orchestra program. The proposal should include all standard line items and at least one special request item (new drums) or category (Macy’s trip), as well as a rationale and justification for the request in all of its aspects.

5. **Curriculum Guide**: Construct an outline of a proposed instrumental music (band or orchestra) curriculum for a school district with 3 elementary schools, two middle schools and one high school. Include ensembles and classes for beginning through advanced high school instruction, as well as a recommended plan for faculty positions.

6. **Rehearsal Plan**: Design a lesson plan for rehearsing a band or orchestra work of your choice. Segment the work or portion of the work to be addressed in your rehearsal and identify by measure numbers the excerpts to be worked on and the learning outcomes for that work.

7. **Sample Program**: Design a program for an imaginary band or orchestra concert. The program should contain all necessary information as discussed in class and be printed on the intended size, color and style of paper. Personnel lists should follow standard instrumentation for the ensemble(s) listed in the program.

8. **Core Repertoire**: Submit an Excel Spreadsheet listing works that you consider to be the core repertoire for high school band or orchestra. These should be works that you feel all instrumental music students should encounter at some point during their school years.

9. **Drill Design**: Submit a drill design for a pre-game show for a high school marching band of 45-60 winds and percussion, 8-12 color guard, 3 majorettes and 16-20 dance team members. All members should be included in all sets. Music should include at least one school song as an entrance, the SSB, and one school song as an exit. The design should be done in Pyware 3-D available at all Music Library work stations.

10. **Jazz Project**: Submit an Excel Spreadsheet listing at least 20 works for high school jazz band, including title, composer and publisher for each; or Write a paper of 700-1,000 words on a jazz history topic, such as a band leader, performer, jazz style, or other approved topic.

**Annotated Bibliography**: Submit an annotated bibliography in proper bibliographic style listing publications in all categories listed on the Annotated Bibliography instructions sheet. This project is to be conducted on an independent basis. However, assistance is available upon request. Be sure to engage UNA music faculty as well as other music professionals in your search for materials in all of the categories listed on the instruction sheet. Annotations should be 5-10 sentences in length and specifically worded for your on personal future use.

**GRADING**
