Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

Additional guidance on reporting race and ethnicity data.

Section IV Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

State
NCATE

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- integrate technology effectively into curricula and instruction
Yes
- use technology effectively to collect data to improve teaching and learning
Yes
- use technology effectively to manage data to improve teaching and learning
Yes
- use technology effectively to analyze data to improve teaching and learning
Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All prospective teachers receive instruction in the use of technology for instruction for assessment and record keeping through planned technology courses. In subsequent coursework and all clinical experiences candidate, through required assignments, projects, and instruction, use technology to teach and assess in K-12 settings. An electronic portfolio maintained by all teacher education candidates includes documents that reflect the use of technology for teaching and learning. Candidates use LiveText, a web-based tool, to assist them in developing, assessing, and measuring student learning to assure continuous improvement in teaching and student achievement.

Section VI Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare general education teachers to:

- teach students with disabilities effectively
Yes
- participate as a member of individualized education program teams
Yes
- teach students who are limited English proficient effectively
Yes

Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

All initial candidates complete three courses or nine hours that have as their only focus helping the candidates understand their roles and responsibilities as the primary classroom teacher for students with disabilities. These courses include: an introductory or survey course where the emphasis is on characteristics and eligibility for services; a classroom management course that focuses on theory and application of management strategies and applied behavior analysis; and a course where candidates study research-based accommodations and modifications to ensure they have the skills to teach students with disabilities who may be in the P-6 classroom. In addition to these nine hours the initial candidates complete a reading course that focuses on assessment and remediation of reading problems. Throughout the elementary education program, initial candidates are taught strategies to assist them in all core content areas, as well as assessment and assistive technology.

In the undergraduate elementary and secondary education programs, all teacher candidates take courses which have components that focus on working with culturally and linguistically diverse students. These courses have the teacher candidates create activities and lesson plans where the needs of English language learners are met. At the elementary level, the primary course for this is Teaching the Language Arts. At the secondary level, the two primary courses for this are Materials and Methods of High School Teaching and Principles of High School Education. Both elementary and secondary teacher candidates also take Educational Psychology, which has a component where the students discuss the needs of culturally and linguistically diverse students.

Does your program prepare special education teachers to:

- teach students with disabilities effectively
Yes
- participate as a member of individualized education program teams
Yes
- teach students who are limited English proficient effectively
Yes

training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Initial candidates may opt to take an additional four courses for a total of fifteen credit hours plus a specialized internship and earn dual certification in both elementary and collaborative teacher special education (K-6). Additionally, these candidates complete a six-week internship with a special education teacher in an elementary school setting.
