All alternative master's candidates are required to take an introductory or survey course on disabilities. When creating lessons and evaluations for their content area, all candidates are also expected to be able to adapt these materials to meet the needs of English language learners and special needs students. This is built into the lesson plan template which is used by all candidates. Throughout their coursework, candidates are trained to work with diverse students. To increase the emphasis on working with English language learners, a new class is being implemented in the Fall of 2013 which includes a special component that focuses on the needs of English language learners.
