

This announcement only affects Zoom in Canvas. If you see a Zoom logo when you go to Zoom in Canvas courses, disregard this message.

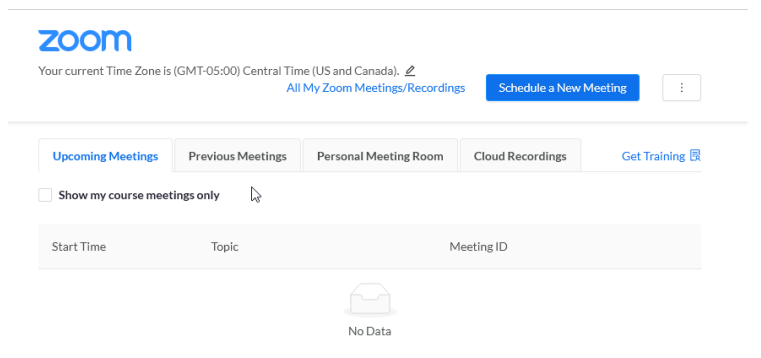

There are currently two Zoom options in Canvas. Descriptions and images of the new and old integrations are listed below. On May 10, 2021, ETS will remove the older of these. For Summer 2021 courses onward, please use the new integration. If you have scheduled any meetings in the older Zoom integration they will need to be recreated in the new integration. If you want to switch to the New Integration for your Summer or courses before May 10<sup>th</sup> by doing the following:

Go to your course

1. Go to Settings
2. Go to the Navigation tab,
3. Enable the Zoom option that is not currently enabled
4. Save
5. Go to the Zoom link in your course navigation, it may ask you to Authorize Zoom.
6. You can now return to Settings and disable the older Zoom link in Navigation.
7. You will need to repeat this for each course you are teaching.

## New

The new Zoom integration has a large Zoom logo at the top left of the page, Schedule a New Meeting at the upper-right, and the meeting options tabs have an outlined border.

## Old

The old Zoom integration has no Zoom logo, Schedule a New Meeting is on the left, and the various meeting area tabs are not outlined.
