SUMMARY

University of North Alabama October 1, 2011 through September 30, 2012

University of North Alabama Foundation October 1, 2011 through September 30, 2012

The University of North Alabama (the "University") is a comprehensive, regional state university, offering undergraduate and graduate degrees, and serving both residential and commuting students. The University offers studies in the following colleges: the College of Arts and Sciences; the College of Business; the College of Education; and the College of Nursing and Allied Health. Additional information on the history of the University is included in the Comments section of this report.

This report presents the results of an audit, the objectives of which were to determine whether the financial statements present fairly the financial position and results of financial operations and whether the University complied with applicable laws and regulations, including those applicable to its major federal financial assistance programs. This report also presents the results of an audit of the University's component unit, the Foundation, which was audited by other auditors. The University's audit was conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, as well as, the requirements of the Department of Examiners of Public Accounts under the authority of the *Code of Alabama 1975*, Section 41-5-14. The Foundation audit was conducted in accordance with auditing standards generally accepted in the United States of America.

An unqualified opinion was issued on the basic financial statements of the University and its component unit, which means the financial statements present fairly, in all material respects, the financial positions and the results of operations for the fiscal year ending September 30, 2012.

An international student was charged tuition and fees at the resident rate instead of at the non-resident rate. As a result, the student was undercharged for tuition by \$1,632.00. This amount has been repaid.

One student was overpaid Pell funds by \$294.00 due to an error in the calculation of return to Title IV. This amount has been repaid.

14-023 A

There were no findings in the prior audit.

Tests performed during the audit did not disclose any significant instances of noncompliance with applicable state laws and regulations.

The following officials/employees were invited to an exit conference to discuss the results of this audit: Dr. William G. Cale, Jr., President; Dr. W. Steven Smith, Vice-President for Business and Financial Affairs; Ms. Donna Ford Tipps, Controller; Ms. Julie Graham, Director of Financial Affairs; and Mr. Ben Baker, Director of Student Financial Services. The following individuals attended the exit conference: Dr. William G. Cale, Jr., President; Dr. W. Steven Smith, Vice-President for Business and Financial Affairs; Ms. Donna Ford Tipps, Controller; Ms. Julie Graham, Director of Financial Affairs; Ms. Salena Denton, Accountant; Ms. Anita Holcombe, Grant Accountant; Ms. Melissa Williams, Accountant; Mr. Ben Baker, Director of Student Financial Services; Dr. Laura Bozovic, Associate Director of Student Financial Services; Ms. Laurie Holder, Data and Reporting Manager of Student Financial Services; Ms. Lisa Burton, Interim Registrar; Dr. Chunsheng Zhang, Senior Vice-President for International Affairs; and Ms. Aleah Clark, Bursar. Representing the Department of Examiners of Public Accounts were: Mr. Brian Harris, Director of Education Audit Division; Ms. Andera Anderson, Audit Manager; Ms. Lola Fuqua-Haney and Ms. Tiffany Mason, Examiners.

COMMENTS

University of North Alabama October 1, 2011 through September 30, 2012

The University of North Alabama first opened its doors as LaGrange College on January 11, 1830, in northeast Franklin County, Alabama. LaGrange College arose from the idea offered at a November 28, 1826, meeting of the Tennessee Conference of the Methodist Episcopal Church to establish a college that would not be "religious or theological."

A year later, LaGrange opened to students of all denominations in two three-story brick buildings. Eight days after the opening, the Alabama legislature issued a charter for the institution, making it the first state-chartered institution to begin operation in Alabama.

The Rev. Robert Paine was LaGrange's first president. The North Carolina native was also a professor of moral science and belles letters and taught geography and mineralogy. He was assisted by two other professors. The first board of trustees had 50 members, including a Native American, a Choctaw politician and a Cherokee leader. J. D. Malone, of Limestone County, was the first graduate in 1833.

LaGrange added a grammar school in 1850. Now the University of North Alabama, the institution today offers the only university-owned and operated elementary laboratory school - Kilby Laboratory School - in Alabama.

Among LaGrange's alumni were several generals as well as Alabama governors John Anthony Winston, Edward A. O'Neal and David P. Lewis, Alabama Supreme Court Justice William M. Byrd and U. S. Senator Jeremiah Clemens.

LaGrange graduate Dr. R. H. Rivers, after becoming president of the college, led most of the students and all but one faculty member from LaGrange Mountain in late 1854 to relocate to Florence. The school was reincorporated as Florence Wesleyan University. One hundred sixty students enrolled in 1855, Florence Wesleyan's first year of operation. The school quickly attracted students from five states and two foreign countries. Among Florence Wesleyan's graduates were Alabama Governor Emmitt O'Neal and Texas Governor Sullivan "Sul" Ross.

14-023 C

When the Methodist Church deeded Florence Wesleyan to the state of Alabama in 1872, the institution became Florence State Normal School, the first state-supported teachers college south of the Ohio River. Shortly thereafter, in 1873, it became one of the first coeducational institutions in the nation.

Since its foundation in 1830, the institution has had nine name changes, becoming the University of North Alabama in 1974. It has also developed into a comprehensive regional university offering quality educational opportunities in four academic colleges: Arts and Sciences, Business, Education, and Nursing and Allied Health. The University introduced graduate programs in 1957 and today offers graduate degrees through each of its four colleges. The University currently enrolls more than 7,100 students.

Until 1967, the University was controlled by the State Board of Education. Act Number 773, Acts of Alabama 1967, page 1631 appointed a Board of Trustees to govern the institution. The governing control of the University is vested in a Board of Trustees established by action of the State Legislature. The Board is composed of the Governor as president ex officio, the State Superintendent as a member ex officio, and nine members. The chief administrative officer of the University is the President. The University of North Alabama Foundation (the "Foundation") was organized as a non-profit corporation without capital stock under the laws of the State of Alabama. The organization was formed to provide support for the University.

14-023 D

Independent Auditor's Report

We have audited the accompanying basic financial statements of the University of North Alabama, a component unit of the State of Alabama, as of and for the year ended September 30, 2012, as listed in the table of contents as Exhibits 1 through 3. These basic financial statements are the responsibility of the University of North Alabama's management. Our responsibility is to express an opinion on these basic financial statements based on our audit. We did not audit the financial statements of the University of North Alabama Foundation, a component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the University of North Alabama Foundation, is based on the report of other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. The financial statements of the University of North Alabama Foundation were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University of North Alabama and the University of North Alabama Foundation, as of September 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 15, 2013 on our consideration of the University of North Alabama's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

14-023 F

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (MD&A), be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

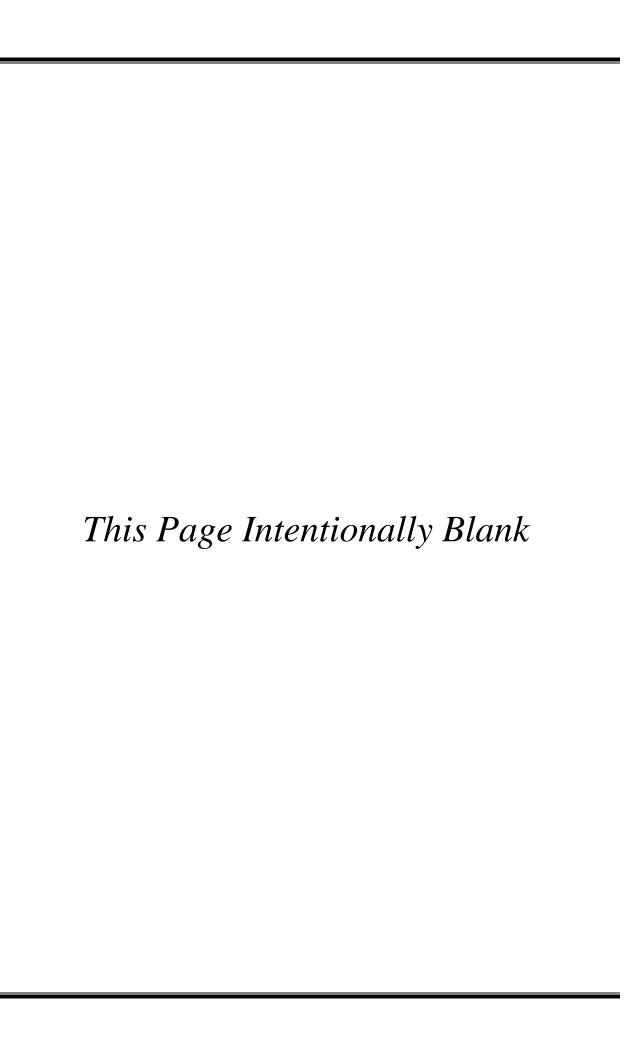

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of the University of North Alabama, taken as a whole. The accompanying Schedule of Expenditures of Federal Awards (Exhibit 6) is presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statements as a whole.

Management's Discussion and Analysis

The purpose of this annual report is to provide readers with financial information about the activities and financial condition of the University of North Alabama (University) and its component unit the University of North Alabama Foundation (Foundation). The report consists of three basic financial statements that provide information on the University and two statements providing information on the Foundation.

The University statements presented are the Statement of Net Assets, the Statement of Revenues, Expenses and Changes in Net Assets, and the Statement of Cash Flows. These statements should be read in conjunction with the Notes to the Financial Statements. The Foundation's statements presented are the Statement of Financial Position and Statement of Activities.

The following summary and management discussion of financial information is intended to provide the reader with an overview of the financial statements.

Statement of Net Assets

The Statement of Net Assets includes all assets and liabilities using the accrual basis of accounting. Net assets, the difference between assets and liabilities, is one way to measure the financial health of the University. Net assets increased 3.1% in the current fiscal year to \$99.5 million.

ASSETS	2012	2011
Current Assets		
Cash and Short-Term Investments	\$ 55,879,220	\$ 50,284,288
Receivables	6,491,134	5,355,358
Inventory, Prepaid Expenses, and Other	916,864	777,373
Total Current Assets	63,287,218	56,417,019
Non-Current Assets		
Restricted Cash and Long-Term Investments	32,212,548	32,969,979
Long-Term Receivables	1,090,578	1,464,254
Other Non-Current Assets	1,925,675	1,549,164
Capital Assets, Net of Depreciation	68,925,691	68,824,570
Total Non-Current Assets	104,154,492	104,807,967
Total Assets	167,441,710	161,224,986
LIABILITIES		
Current Liabilities		
Accounts Payable and Accrued Liabilities	4,352,610	3,217,749
Deferred Revenue	14,869,988	13,314,476
Deposits Held in Custody for Others	764,202	683,056
Other Long-Term Liabilities - Current Portion	1,095,583	921,729
Total Current Liabilities	21,082,383	18,137,010
Non-Current Liabilities		
Long-term Liabilities	46,847,627	46,595,803
Total Liabilities	67,930,010	64,732,813
NET ASSETS		
Invested in Capital Assets, Net of Related Debt	50,057,689	48,832,032
Restricted	11,246,255	11,382,334
Unrestricted	38,207,756	36,277,807
Total Net Assets	99,511,700	96,492,173
TOTAL LIABILITIES AND NET ASSETS	\$167,441,710	\$161,224,986

Cash and short-term investments increased by \$5.6 million. This increase reflects cash inflow from fall semester tuition and contributions for a capital project and endowments.

Receivables include grants, state appropriations, student accounts, and various operating receivables. State appropriations receivable consists of the general appropriation from the State of Alabama. Overall current receivables increased \$1.14 million primarily due to an increase in external contracts and a working capital advance for Sodexo.

Restricted cash and long-term investments, which include both unrestricted and endowment investments, decreased by \$757,431. The University monitors the investment portfolio to insure proper adherence to investment guidelines. This increase is due to a change in investment market value and additional endowment contributions.

Capital assets (net) increased \$101,121, remaining primarily unchanged due to depreciation expense approximating asset additions.

Accounts payable and accrued liabilities increased \$1.13 million due primarily to outstanding payments for ongoing capital projects and an increase in an accrual for faculty salaries.

Long-term liabilities increased by \$425,678 primarily due to a change in maturity terms on bonds payable.

Net assets increased 3.1% overall. The University's net capital assets increased due to additional capital projects.

Statement of Revenues, Expenses and Changes in Net Assets

The Statement of Revenues, Expenses and Changes in Net Assets presents the operating results of the University as well as the non-operating revenues and expenses. Annual state appropriations, while budgeted for operations, are considered non-operating revenues according to generally accepted accounting principles.

REVENUES	2012	2011
Operating Revenues	0.00.040.007	0.04.540.040
Student Tuition and Fees (net of scholarship allowances)	\$ 36,210,967	\$ 34,543,346
Auxiliary Enterprises Revenue (net of scholarship allowances)	8,889,267	7,817,686
Grants and Contracts	4,448,842	6,847,668
Athletic Revenue	771,761	968,049
Other Operating Revenue	1,457,588	988,719
Total Operating Revenues	51,778,425	51,165,468
EXPENSES		
Operating Expenses	88,188,142	85,082,167
Net Operating Income (Loss)	(36,409,717)	(33,916,699)
Non-Operating Revenues (Expenses)		
State Appropriations	26,909,238	25,444,717
Federal Grants and Contracts	9,839,306	10,839,239
Gifts (Including Endowment)	369,570	153,476
Capital Grants, Contracts, and Gifts	2,069,468	3,460,189
Investment Income	946,149	284,402
Other Non-Operating Expense	(704,487)	(1,740,413)
Total Non-Operating Revenues - Net	39,429,244	38,441,610
Increase (Decrease) in Net Assets	3,019,527	4,524,911
Net Assets-Beginning of Year	96,492,173	91,967,262
Net Assets-End of Year	\$ 99,511,700	\$ 96,492,173

The main categories of revenue for the University are: tuition and fees, state appropriations, auxiliary activities, and grants and contracts.

Tuition and fees (net) increased by 4.8% in FY 2012. Gross tuition revenue was up \$5.3 million. Scholarship allowances increased \$3.7 million.

Auxiliary revenue (net) consists of income from various enterprise entities that exist predominantly to furnish goods or services to students, faculty, staff or the general public. These entities are intended to be self-supporting, and charge a fee for their goods or services. Revenue from residence halls, apartments, food services, university health services, rental property, and other student related activities are included in this total. Operating revenue increased by 1.2%.

Grants and contracts revenue dropped 35% due to the cessation of federal stimulus funding in FY 2011.

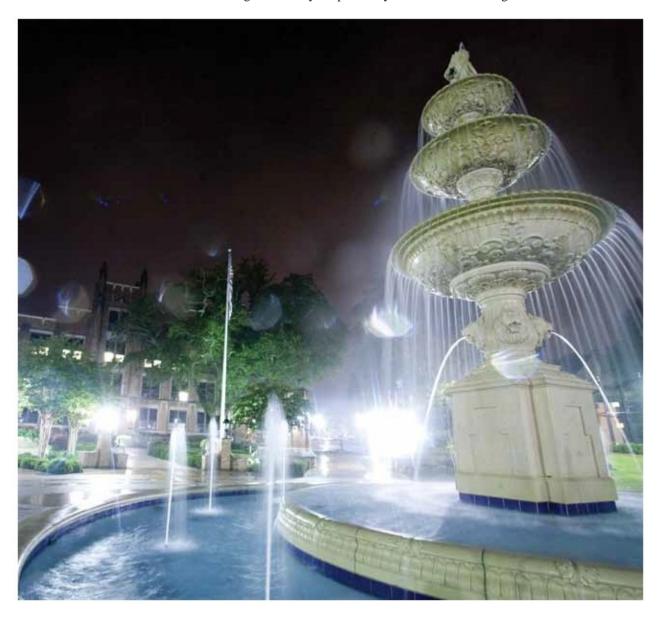

Athletic revenue decreased 20.3% due to a reduction in ticket sales and an increase in funds deposited in the UNA Foundation.

Operating expenses increased by \$3.1 million, or 3.7%. Each category is discussed in detail.

Federal grants and contracts decreased \$1 million due to the completion of a federal transportation grant in FY 2011.

Endowment gifts reflect revenue to the University endowments. The majority of endowments established for the past two decades are held in the UNA Foundation, but small gifts are received in the University from year to year, and increased in FY 2012 by \$216,004.

Investment income increased 233% during the fiscal year primarily due to market changes.

Operating Expenses by Functional Classification

Functional classifications are the traditional categories that universities have used to report annual expenditures. They represent the type of programs and services that the University provides.

Instructional expenditures increased 7.7% from FY 2011 to FY 2012 primarily due to faculty staff promotions, salary adjustments and an increase in the accrual for faculty salaries.

Academic support expenditures increased 10.4%. This was a result of increases in personnel expenses due to cost of living adjustments, returning costs to this area that had been covered previously by federal stimulus and purchases of non-capital equipment.

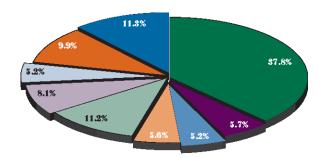

Student services, institutional support, and operation and maintenance of plant expenditures remained at about the same level as FY2011.

Scholarship expenses increased 2.4% due to the awarding of additional institutional scholarships.

Auxiliary expenditures increased 7.4% from FY 2011. This is a result of additional expenses related to the new Dining Dollars fee and additional funds from the student athletic fee.

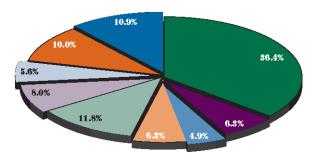

2012 Operating Expenses Functional Classification

Instruction	\$ 33,312,991
Research & Public Service	5,066,972
Academic Support	4,578,848
Student Services	4,900,097
Institutional Support	9,914,329
Operation & Maintenance of Plant	7,161,964
Depreciation	4,579,828
Scholarships & Related Expenses	8,716,860
Auxiliary Activities	9,956,253
Total	\$ 88,188,142

2011 Operating Expenses Functional Classification

Instruction	\$ 30,933,969
Research & Public Service	5,308,165
Academic Support	4,149,336
Student Services	5,355,919
Institutional Support	10,051,975
Operation & Maintenance of Plant	6,783,641
Depreciation	4,722,398
Scholarships & Related Expenses	8,509,979
Auxiliary Activities	9,266,785
Total	\$ 85,082,167

Operating Expenses by Natural Classification

Operating expenses when summarized by natural classification categorizes expenditures across functional programs.

Salary expenses increased 4.6%. This is due to a cost of living adjustment, funding of new positions and an increase in the faculty salary accrual.

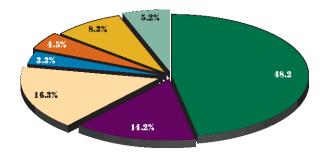

Benefits expense decreased 7.0% due primarily to a reduction in the employer's teacher retirement matching rate.

Supplies and other expenses increased 9.3% due to greater availability of funds from increased revenue and funds made available from previous years.

Plant and equipment expenses increased 43.2% due to planned renovation and repair of facilities.

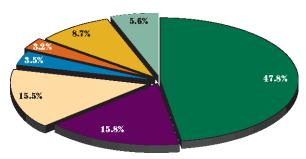

2012 Operating Expenses Natural Classification

Salaries	\$42,488,343
Benefits	12,506,558
Supplies & Other	14,467,672
Utilities	2,937,784
Plant and Equipment	3,941,076
Financial Aid	7,266,881
Depreciation	4,579,828
Total	\$88,188,142

2011 Operating Expenses Natural Classification

Salaries	\$40.637.804
Benefits	13,441,987
Supplies & Other	13,183,437
Utilities	2,952,259
Plant and Equipment	2,752,797
Financial Aid	7,391,485
Depreciation	4,722,398
Total	\$85,082,167

Statement of Cash Flows

The Statement of Cash Flows provides information about cash inflows and outflows during the period. It classifies cash flows as those related to operating, non-capital financing, capital financing, and investing activities. This statement assists users to assess the University's ability to generate future net cash flows, to meet obligations as they come due, and to assess its need for external financing.

2012		2011
Cash Provided (Used) By:		
Operating Activities	\$(30,309,550)	\$(26,672,810)
Non-Capital Financing Activities	37,581,931	36,895,384
Capital and Related Financing Activities	(3,809,231)	(7,524,342)
Investing Activities	33,513	8,416,341
Net Increase (Decrease) in Cash	3,496,663	11,114,573
Cash, Beginning of Year	49,820,199	38,705,626
Cash, End of Year	\$ 53,316,862	\$ 49,820,199

Cash receipts from operating activities consist primarily of tuition, grants, contracts, food service, and housing revenues. Cash outlays include payment of wages, benefits, supplies, utilities, and scholarships.

State appropriation is the primary source of non-capital financing. Accounting standards require this source of revenue to be reported as non-operating although the University's budget depends on this funding to continue the current level of operations.

Cash flows from capital and related financing activities consist of capital grants and gifts less expenditures for capital asset construction and purchases.

Net cash inflow for investing activities reflects increased investment income and proceeds from sales of investments.

University of NORTH ALABAMA

MANAGEMENT'S DISCUSSION AND ANALYSIS FISCAL YEAR ENDED SEPTEMBER 30, 2012

Significant Capital Asset and Debt Activity

Capital projects conducted and completed during the year included the George S. Lindsey Theater. In August 2012 the University issued 2012A General Fee Revenue Bonds in the amount of \$11,530,000 to refinance the 2003 Series Bonds and to issue new debt in the amount of \$1,463,346. The new debt was issued to supplement financing construction of the Academic Centre and Student Commons Building.

Economic and Enrollment Factors That Will Affect the Future

The level of state support, compensation increases, student tuition and fee increases, and energy costs directly affects the University's ability to expand programs, undertake new initiatives, and meet its core mission and ongoing operational needs.

The University has experienced a significant reduction in its appropriation from the State of Alabama. The reduction amounted to approximately \$9.5 million for FY 2009 and FY 2010. The reduction for FY 2011 amounted to an additional \$199,929. FY 2012 funding levels increased \$1.4 million from the previous year. The University continues to monitor the economic climate of the State as budgeting plans are considered.

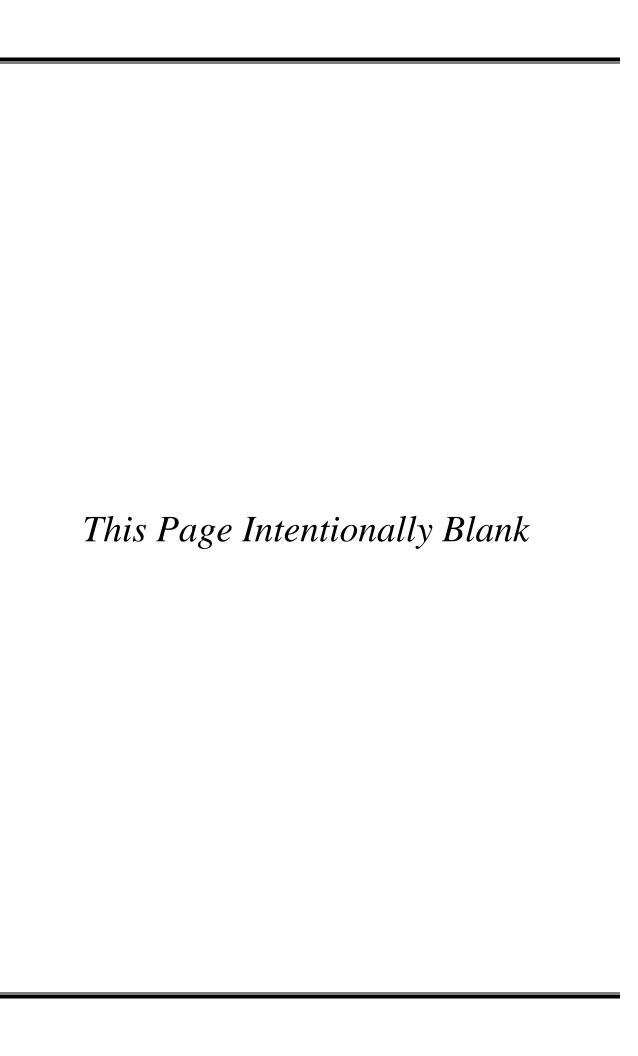

The University's enrollment for Fall 2012 remained constant while efforts to attract and retain students are ongoing.

Statement of Net Assets September 30, 2012

ASSETS Current Assets	
Cash and Cash Equivalents	\$ 53,278,481.67

Note 1 – Summary of Significant Accounting Policies

The financial statements of the University of North Alabama are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the University of North Alabama are described below.

A. Reporting Entity

The University of North Alabama is a component unit of the State of Alabama. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. The Governmental Accounting Standards Board (GASB) in Statement Number 14, "The Financial Reporting Entity," states that a primary government is financially accountable for a component unit if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. In this case, the primary government is the State of Alabama and the Governor appoints the University of North Alabama's Board of Trustees. In addition, the University receives a substantial portion of its funding from the State of Alabama (potential to impose a specific financial burden). Based on these criteria, the University of North Alabama is considered for financial reporting purposes to be a component unit of the State of Alabama.

B. Component Unit

The University of North Alabama Foundation (the "Foundation") is organized exclusively for charitable, scientific and educational purposes for the benefit of the University. Because of the significance of the relationship between the University and the Foundation, the Foundation is considered a component unit of the University. The Foundation's financial statements and accompanying notes are reported separately because of the difference in the reporting model for the Foundation. The Foundation follows the Financial Accounting Standards Board (FASB) rather than the Governmental Accounting Standards Board (GASB). As a result, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial statements for these differences.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the University of North Alabama have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The University of North Alabama follows all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board (APB) Opinions, and Accounting Research Bulletins (ARBs).

It is the policy of the University to first apply restricted resources when an expense is incurred and then apply unrestricted resources when both restricted and unrestricted net assets are available.

The Statement of Revenues, Expenses and Changes in Net Assets distinguishes between operating and nonoperating revenues. Operating revenues, such as tuition and fees, result from exchange transactions associated with the principal activities of the University of North Alabama. Exchange transactions are those in which each party to the transactions receives or gives up essentially equal values. Nonoperating revenues arise from exchange transactions not associated with the University of North Alabama's principal activities, such as investment income and from all nonexchange transactions, such as state appropriations.

D. Assets, Liabilities, and Net Assets

1. Deposits and Investments

Cash and cash equivalents include cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Statutes authorize the University to invest in the same type of instruments as allowed by Alabama law for domestic life insurance companies. This includes a wide range of investments, such as direct obligations of the United States of America, obligations issued or guaranteed by certain federal agencies, and bonds of any state, county, city, town, village, municipality, district or other political subdivision of any state or any instrumentality or board thereof or of the United States of America that meet specified criteria.

Restricted cash and cash equivalents consist of funds in the University bank accounts restricted for endowment purposes.

Investments are reported at fair value based on quoted market prices, except for money market investments and repurchase agreements, which are reported at amortized cost.

2. Receivables

Accounts receivable relate to amounts due from federal grants, state grants, student and third party tuition, and auxiliary enterprise sales. The receivables are shown net of allowance for doubtful accounts.

3. Inventories

The inventories are comprised of consumable supplies and are valued at cost. Inventories are valued using the first in/first out (FIFO) method.

4. Capital Assets

Capital assets, other than intangibles, with a unit cost of over \$5,000 and an estimated useful life in excess of one year, and all library books, are recorded at historical cost or estimated historical cost if purchased or constructed. The capitalization threshold for intangible assets such as capitalized software and internally generated computer software is \$1 million and \$100,000 for easements and land use rights and patents, trademarks and copyrights. In addition, works of art and historical treasures and similar assets are recorded at their historical cost. Donated capital assets are recorded at fair market value at the date of donation. Land, Construction in Progress and intangible assets with indefinite lives are the only capital assets that are not depreciated. Depreciation is not allocated to a functional expense category. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period.

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon the sale or retirement of fixed assets being depreciated using the straight-line method, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operation.

The method of depreciation and useful lives of the capital assets are as follows:

Assets	Depreciation Method	Useful Lives
Buildings and Improvements Improvements Other Than Buildings Equipment and Furniture Software Library Materials	Straight-Line Straight-Line Straight-Line Straight-Line Composite	50 years 25 years 5 years 10 years 10 years

5. Long-Term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds.

6. Compensated Absences

The Board of Trustees determines annual and sick leave policies for the University's employees. The annual and sick leave policies adopted by the University are as follows:

No liability is recorded for sick leave. Staff and department-head employees earn and accumulate annual leave at the following rates:

Years of	Number of Days	Maximum Days
Employment	Each Year	Accumulation
Up to 2 years After 2 years After 3 years After 4 years After 5 years After 6 years After 7 years After 8 years After 9 years After 10 years	10 days 12 days 13 days 14 days 15 days 16 days 17 days 18 days 19 days	25 days

Faculty and staff of the University earn 12 days sick leave per year. Payment is not made to employees for unused sick leave at termination or retirement.

7. Deferred Tuition and Fee Revenue

Tuition and fee revenues received but related to the period after September 30, 2012 have been deferred.

8. Net Assets

Net assets are required to be classified for accounting and reporting purposes into the following net asset categories:

◆ <u>Invested in Capital Assets</u>, <u>Net of Related Debt</u> – Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets. Any significant unspent related debt proceeds at year-end related to capital assets are not included in this calculation.

♦ Restricted:

- ✓ <u>Nonexpendable</u> Net assets subject to externally imposed stipulations that they be maintained permanently by the University of North Alabama. Such assets include the University of North Alabama's permanent endowment funds.
- ✓ <u>Expendable</u> Net assets whose use by the University of North Alabama is subject to externally imposed stipulations that can be fulfilled by actions of the University of North Alabama pursuant to those stipulations or that expire by the passage of time. These include funds held in federal loan programs.
- <u>Unrestricted</u> Net assets that are not subject to externally imposed stipulations. Unrestricted
 net assets may be designated for specific purposes by action of management or the Board of
 Trustees.

9. Federal Financial Assistance Programs

The University participates in various federal programs. Federal programs are audited in accordance with the Single Audit Act Amendments of 1996, the U. S. Office of Management and Budget Revised Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and the Office of Management and Budget (OMB) Compliance Supplement.

10. Scholarship Allowances and Student Aid

Student tuition and fees are reported net of scholarship allowances and discounts. The amount for scholarship allowances and discounts is the difference between the stated charge for goods and services provided by the University and the amount that is paid by the student and/or third parties making payments on behalf of the student. The University uses the alternate method as prescribed by the National Association of College and University Business Officers (NACUBO) in their Advisory Report 2000-05 to determine the amount of scholarship allowances and discounts.

Note 2 – Deposits and Investments

A. Deposits

The University's deposits at year-end were held by financial institutions in the State of Alabama's Security for Alabama Funds Enhancement (SAFE) Program. The SAFE Program was established by the Alabama Legislature and is governed by the provisions contained in the *Code of Alabama 1975*, Sections 41-14A-1 through 41-14A-14. Under the SAFE Program all public funds are protected through a collateral pool administered by the Alabama State Treasurer's Office. Under this program, financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that financial institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC). If the securities pledged fail to produce adequate funds, every institution participating in the pool would share the liability for the remaining balance.

The Statement of Net Assets classification "cash and cash equivalents" includes all readily available cash such as petty cash, demand deposits, and certificates of deposits with maturities of three months or less.

B. Investments

The University may invest its funds in securities and investments authorized by the *Code of Alabama 1975*, Section 16-13-2, Sections 27-1-8 and 27-1-9, and Sections 27-41-1 through 27-41-41. These laws provide that the University may invest in the same type of instruments as allowed by Alabama law for domestic life insurance companies. This includes a wide range of investments, such as direct obligations of the United States of America, obligations issued or guaranteed by certain federal agencies, and bonds of any state, county, city, town, village, municipality, district or other political subdivision of any state or any instrumentality or board thereof of the United States of America that meet specified criteria.

As of September 30, 2012, the University had the following investments and maturities:

		Year	s to Maturity		
Investment Type	Fair Value	Less Than 1	1 – 5	6 – 10	More Than 10
Debt Securities:					
U. S. Agency Securities	\$ 624,651.86	\$ 12,047.97	\$510,640.82	\$ 91,793.64	\$10,169.43
Repurchase Agreement	600,738.94	600,738.94			
Corporate Bonds	166,519.13		117,501.15	49,017.98	
International Bonds	6,662.08	6,662.08			
Total Debt Securities	1,398,572.01	\$619,448.99	\$628,141.97	\$140,811.62	\$10,169.43
Domestic Stocks	545,498.17				
Certificates of Deposit	2,000,000.00				
Money Market Accounts	30,830,837.49				
	\$34,774,907.67				

Investments are subject to certain types of risks including credit risk, interest rate risk, and foreign currency risk. A description of each of these types of risk, and the University's policies to minimize these risks, are described below:

- ◆ <u>Credit Risk</u> Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. This type of risk falls into the three categories described below:
 - ✓ <u>Credit Quality</u> Nationally recognized statistical rating organizations provide ratings of debt securities quality, which provide investors with information about the issuer's ability to meet its obligations. The University's investment policy require that at least 85% of market value of the total equity portfolio shall be stocks rated "B" or better by Standard & Poor's, with preference given to "Blue Chip" stocks. "No Load" funds with excellent earnings and growth history are preferred. All fixed income securities must have at least "A" rating by Moody's or Standard & Poor's at the time of purchase. Shares in externally managed fixed income funds may only be purchased with prior approval by the President or Board. In addition, the policy specifically prohibits eleven types of high risk transactions, such as futures, commodities, and margin purchases.

The University had fixed income corporate obligation investments totaling \$166,519.13 rated A1-A3 by Moody's. The University also had \$4,567,025.35 invested in money market accounts rated Aa2-B1 by Moody's.

✓ <u>Custodial Credit Risk</u> – Custodial credit risk for investments is the risk that an entity will not be able to recover the value of investment or collateral securities that are in the possession of an outside party if that party fails. The University's custodial risk is limited. All investments are in the name of the University. Securities held by a third party are either collateralized or part of the SAFE program previously mentioned in the Deposit section.

The University has deposits with trustee totaling \$26,263,812.14 with U. S. Bank. U. S. Bank has been rated Aa3 by Moody's. The funds are invested in money market accounts by U. S. Bank. The University also has \$600,738.94 invested in a repurchase agreement with Bank Independent; however, this institution has not been rated.

- ✓ <u>Concentration of Credit Risk</u> Concentration of credit risk is the risk of loss attributed to the magnitude of an entity's investment in a single issuer. The University's investment policy reduces risk of this type of loss. The policy requires that equity investments be diversified so that no single issue shall exceed 5% nor shall any single industry exceed 10% of the market value of the total equity securities or any one issuing corporation. Shares in externally managed equity mutual funds may only be purchased with prior approval of the University's President or Board. These same criteria apply to fixed income investments.
- ♦ <u>Interest Rate Risk</u> Interest rate risk involves the adverse effect changes in interest rates could have on the fair value of an investment. As a means of limiting its exposure to fair value losses arising from interest rates, the University's investment policy require that maturities of investments be matched against cash flow needs to maximize yields.
- ♦ <u>Foreign Currency Risk</u> This is the risk that changes in exchange rates will adversely affect the fair value of an investment. The policy of the University limits global stocks to a target of 6% of total investments thereby guarding against foreign currency risk.

The University had a total of \$309,172.54 invested in global stocks. This represents less than 1% of total investments.

Note 3 – Receivables

Receivables are summarized as follows:

Accounts Receivable	
Federal and State Agencies	\$1,395,049.59
Third-Party Contracts	1,540,348.97
Students	2,649,755.86
Other	706,465.65

Note 5 – Defined Benefit Pension Plan

A. Plan Description

The University contributes to the Teachers' Retirement System of Alabama, a cost-sharing multiple-employer public employee retirement system for the various state-supported educational agencies and institutions. This plan is administered by the Retirement Systems of Alabama.

Substantially all employees of the University are members of the Teachers' Retirement System. Membership is mandatory for covered or eligible employees of the University of North Alabama. Benefits vest after 10 years of creditable service. Vested employees may retire with full benefits at age 60 or after 25 years of service. Retirement benefits are calculated by two methods with the retiree receiving payment under the method which yields the highest monthly benefit. The methods are (1) Minimum Guaranteed, or (2) Formula, of which the Formula method usually produces the highest monthly benefit. Under this method retirees are allowed 2.0125% of their average final salary (best three of the last ten years) for each year of service. Retirees may also elect to receive a reduced retirement allowance (*Special Privileges at Retirement*) in order to provide an allowance to a designated beneficiary after the member's death. Disability retirement benefits are calculated in the same manner. Pre-retirement death benefits in the amount of the annual salary for the fiscal year preceding death are provided to plan members.

The Teachers' Retirement System was established as of October 1, 1941, under the provisions of Act Number 419, Acts of Alabama 1939, for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by state-supported educational institutions. The responsibility for general administration and operation of the Teachers' Retirement System is vested in the Board of Control (currently 14 members). Benefit provisions are established by the *Code of Alabama 1975*, Sections 16-25-1 through 16-25-113, as amended, and Sections 36-27B-1 through 36-27B-6, as amended.

The Retirement Systems of Alabama issues a publicly available financial report that includes financial statements and required supplementary information for the Teachers' Retirement System of Alabama. That report may be obtained by writing to The Retirement Systems of Alabama, 201 South Union Street, Montgomery, Alabama 36130-2150.

B. Funding Policy

Employees, with the exception of full-time law enforcement officers, are required by statute to contribute 7-1/4 percent of their salary to the Teachers' Retirement System. As of January 1, 2001, full-time law enforcement officers (as defined by Act Number 2000-669, Acts of Alabama, page 1335) are required by statute to contribute 8-1/4 percent of their salary to the Teachers' Retirement System. The University of North Alabama is required to contribute the remaining amounts necessary to fund the actuarially determined contributions to ensure sufficient assets will be available to pay benefits when due. Each year the Teachers' Retirement System recommends to the Legislature the contribution rate for the following fiscal year, with the Legislature setting this rate in the annual appropriation bill. The percentages of the contributions and the amount of contributions made by the University of North Alabama and its employees equal the required contributions for each year as follows:

2012	2011	2010
17.25%	17.51%	17.51%
10.00% 7.25%	12.51% 5.00%	12.51% 5.00%
\$3,802,275.80 2,762,228.75 \$6,564,504.55	\$4,725,006.56 1,894,342.36 \$6,619,348.92	\$4,634,799.39 1,857,885.67 \$6,492,685.06
	10.00% 7.25% \$3,802,275.80 2,762,228.75	17.25% 17.51% 10.00% 12.51% 7.25% 5.00% \$3,802,275.80 \$4,725,006.56 2,762,228.75 1,894,342.36

Note 6 – Other Postemployment Benefits (OPEB)

A. Plan Description

The University contributes to the Alabama Retired Education Employees' Health Care Trust (the "Trust"), a cost-sharing multiple-employer defined benefit postemployment healthcare plan. The Trust provides health care benefits to state and local school system retirees and was established in 2007 under the provisions of Act Number 2007-16, Acts of Alabama, as an irrevocable trust fund. Responsibility for general administration and operations of the Trust is vested with the Public Education Employees' Health Insurance Board (PEEHIB) members. The *Code of Alabama 1975*, Section 16-25A-4, provides the PEEHIB with the authority to amend the benefit provisions in order to provide reasonable assurance of stability in future years. The Trust issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained at the Public Education Employees' Health Insurance Plan website, http://www.rsa-al.gov/PEEHIP/peehip.html under the Trust Fund Financials tab. The provisions of GASB Statement Number 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*, were implemented prospectively.

B. Funding Policy

The Public Education Employees' Health Insurance Fund (PEEHIF) was established in 1983 under the provisions of Act Number 255, Acts of Alabama, to provide a uniform plan of health insurance for current and retired employees of state educational institutions. The plan is administered by the PEEHIB. Any Trust fund assets used in paying administrative costs and retiree benefits are transferred to and paid from the PEEHIF. The PEEHIB periodically reviews the funds available in the PEEHIF and if excess funds are determined to be available, the PEEHIB authorizes a transfer of funds from the PEEHIF to the Trust. Retirees are required to contribute monthly as follows:

	Fiscal Year 2012
Individual Coverage – Non-Medicare Eligible Individual Coverage – Medicare Eligible Family Coverage – Non-Medicare Eligible Retired Member and Non-Medicare Eligible Dependent(s) Family Coverage – Non-Medicare Eligible Retired Member and Dependent Medicare Eligible Family Coverage – Medicare Eligible Retired Member and Non-Medicare Eligible Dependent(s) Family Coverage – Medicare Eligible Retired Member and Dependent Medicare Eligible Surviving Spouse – Non-Medicare Eligible Surviving Spouse – Non-Medicare Eligible and Dependent Non-Medicare Eligible Surviving Spouse – Medicare Eligible Surviving Spouse – Medicare Eligible and Dependent Non-Medicare Eligible Surviving Spouse – Medicare Eligible and Dependent Non-Medicare Eligible Surviving Spouse – Medicare Eligible and Dependent Medicare Eligible	\$151.00 \$ 10.00 \$391.00 \$250.00 \$250.00 \$109.00 \$658.00 \$847.00 \$816.00 \$328.00 \$517.00 \$486.00

For employees that retire other than for disability on or after October 1, 2005 and before January 1, 2012, for each year under 25 years of service, the retiree pays two percent of the employer premium and for each year over 25 years of service, the retiree premium is reduced by two percent of the employer premium. Employees who retire on or after January 1, 2012, with less than 25 years of service are required to pay 4% for each year under 25 years of service. In addition, non-Medicare eligible employees are required to pay 1% more for each year less than 65 (age premium) and to pay the net difference between the active employee subsidy and the non-Medicare eligible subsidy (subsidy premium). When the retiree becomes Medicare eligible, the age and subsidy premium no longer applies, but the years of service premium (if applicable to the retiree) will continue to be applied throughout retirement. These changes are being phased in over a 5 year period. The tobacco premium is \$28.00 per month for retired members that use tobacco products.

The University is required to contribute at a rate specified by the State for each active employee. The University's share of premiums for retired employees health insurance is included as part of the premium for active employees. The following shows the required contributions in dollars and the percentage of that amount contributed for retirees:

Fiscal Year Ended September 30,	Total Amount Paid Attributable to Retirees	Percentage of Required Amount Contributed
2012	\$1,306,840.00	100%
2011	\$1,432,200.00	100%
2010	\$1,263,656.00	100%

Each year the PEEHIB certifies to the Governor and to the Legislature the contribution rates based on the amount needed to fund coverage for benefits for the following fiscal year and the Legislature sets the premium rate in the annual appropriation bill. This results in a pay-as-you-go funding method.

Note 7 – Construction and Other Significant Commitments

The University of North Alabama is in the process of completing the construction of the Science and Engineering Technology Facility and the Academic Centre and Student Commons Buildings. Estimated amounts remaining to complete these facilities are \$48,830,584.00.

As of September 30, 2012, the University had been awarded approximately \$10,014,932.96 in contracts and grants on which performance had not been accomplished and funds had not been received. These awards, which represent commitments of sponsors to provide funds for specific purposes, have not been reflected in the financial statements.

Note 8 - Accounts Payable

Accounts payable and accrued liabilities represent amounts due at September 30, 2012 for goods and services received prior to the end of the fiscal year.

Note 9 – Long-Term Liabilities

Long-term liabilities activity for the year ended September 30, 2012, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Current Portion
Bonds Payable:	A 40.040.000.00	444 500 000 00	044 445 000 00	#40.005.000.00	Ф4 005 000 00
Revenue Bonds	\$46,310,000.00	\$11,530,000.00	\$11,145,000.00	\$46,695,000.00	\$1,035,000.00
Total Bonds Payable	46,310,000.00	11,530,000.00	11,145,000.00	46,695,000.00	1,035,000.00
Other Liabilities:					
Compensated Absences	1,207,531.80	40,677.96		1,248,209.76	60,582.69
Total Other Liabilities	1,207,531.80	40,677.96		1,248,209.76	60,582.69
Total Long-Term Liabilities	\$47,517,531.80	\$11,570,677.96	\$11,145,000.00	\$47,943,209.76	\$1,095,582.69

The Revenue Bonds were issued in 2012, Series 2012A by the Board of Trustees to refund the 2003 Series Bonds and to apply the remainder of the proceeds of the Bonds to pay a portion of the cost of acquiring and constructing the University Improvements.

The Revenue Bonds were issued in 2010 by the Board of Trustees. The Series 2010A Bonds were issued to refund the Revenue Bond, Series 1999A. The Series 2010B Bonds were issued to provide funds for construction of a Science and Engineering Technology Facility and associated site improvements.

A trustee holds sinking fund deposits, including earnings on investments of these deposits. Revenue from student tuition and fees sufficient to pay the annual debt service are pledged to secure the bonds. Principal and interest maturity requirements on bond debt are as follows:

	2010)B	2010	Α
	Revenue	Bonds	Revenue	Bonds
Fiscal Year	Principal	Interest	Principal	Interest
			•	
2012-2013	\$	\$ 1,080,423.50	\$ 610,000.00	\$ 265,017.50
2013-2014		1,080,423.50	625,000.00	252,667.50
2014-2015		1,080,423.50	635,000.00	240,067.50
2015-2016		1,080,423.50	650,000.00	227,217.50
2016-2017		1,080,423.50	665,000.00	214,067.50
2017-2022		5,402,117.50	3,585,000.00	786,917.50
2022-2027	1,925,000.00	5,330,346.93	2,480,000.00	148,351.25
2027-2032	5,540,000.00	4,497,843.98		
2032-2037	8,360,000.00	3,154,457.30		
2037-2041	10,090,000.00	881,941.13		
Total	\$25,915,000.00	\$24,668,824.34	\$9,250,000.00	\$2,134,306.25

Bond Issuance Costs and Premiums

The University has bond issuance costs as well as bond discounts in connection with the issuance of its 2010 and 2012 Series Revenue Bonds. The issuance costs and bond discount are being amortized using the straight-line method over the life of the bonds.

	Issuance Costs	Discount
Total Issuance Costs and Discount Amount Amortized Prior Years Balance Issuance Costs and Discount Current Amount Amortized Balance Issuance Costs and Discount	\$515,934.87 12,359.31 503,575.56 15,088.41 \$488,487.15	\$909,363.75 18,731.37 890,632.38 23,329.12 \$867,303.26

	·			10,971,941.13
\$1°	1,530,000.00	\$5	,344,702.50	\$ 78,842,833.09

Pledged Revenues

The University has pledged general student tuition and fee revenue to repay the General Fee Revenue Bonds, Series 2010A and the General Fee Revenue Build America Bonds, Series 2010B. Future revenues of \$61,968,130.59 are pledged to repay principal and interest through maturity in fiscal year 2041. In fiscal year 2012, tuition and fee revenue totaled \$36,210,967 from which \$1,957,541 was paid for principal and interest or 5.41% of tuition and fee revenue.

Defeased Debt

On August 23, 2012, the University issued revenue bonds with an interest rate of 2% to 5% to advance refund the 2003 revenue bonds with an interest rate of 3.75% to 5%. The net proceeds from the issuance of the 2012A revenue bonds were used to purchase U. S. Government securities. These securities were deposited in an irrevocable trust with an escrow agent to provide future debt service requirements until maturity. As a result, the revenue bonds were considered to be defeased and the liability for these bonds has been removed.

The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of old debt of \$385,919.14. This difference is being netted against the new debt and amortized over the remaining life of the old debt. As a result of the advance refunding, the University increased its total debt service requirements by \$6,371.25, while adding \$1,463,346.39 in new funds for new construction.

Total Bond Defeasance Amount Amortized Prior Years	\$402,698.23
Balance Bond Defeasance	402,698.23
Current Amount Amortized	16,779.09
Balance Bond Defeasance	\$385,919.14
	'

Note 10 - Risk Management

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The University has insurance for its buildings and contents through the State Insurance Fund (SIF), part of the State of Alabama, Department of Finance; Division of Risk Management which operates as a common risk management and insurance program for state owned properties. The University pays an annual premium based on the amount of coverage requested. The SIF provides coverage up to \$2 million per occurrence and is self-insured up to a maximum of \$6 million in aggregate claims. The SIF purchases commercial insurance for claims which in the aggregate exceed \$6 million. The University purchases commercial insurance for its automobile coverage, general liability, and professional legal liability coverage. In addition, the University has fidelity bonds on the University's President, Vice-President for Business and Financial Affairs, Controller, Director of Financial Affairs as well as on all other university personnel who handle funds.

Employee health insurance for the University of North Alabama is provided through Blue Cross/Blue Shield of Alabama. The plan was established to provide a uniform plan of health insurance for employees of the University. Monthly premiums for employee and dependent coverage are determined annually by the plan's actuary and are based on anticipated claims in the upcoming year, considering any remaining fund balance on hand available for claims. The University contributes a specified amount monthly to the plan for each employee and this amount is applied against the employee's premiums for the coverage selected and the employee pays any remaining premium.

Settled claims resulting from these risks have not exceeded the University's coverage in any of the past three fiscal years.

Claims which occur as a result of employee job-related injuries may be brought before the State of Alabama Board of Adjustment. The Board of Adjustment serves as an arbitrator and its decision is binding. If the Board of Adjustment determines that a claim is valid, it decides the proper amount of compensation (subject to statutory limitations) and the funds are paid by the University.

Note 11 - Endowments

If a donor has not provided specific instructions, state law permits the Board of Trustees to authorize for expenditure the net appreciation (realized and unrealized) of the investments of endowment funds. When administering its power to spend net appreciation, the Board of Trustees is required to consider the University's "long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price-level trends, and general economic condition." Any net appreciation that is spent is required to be spent for the purposes for which the endowment was established.

The Board of Trustees chooses to spend only a portion of the investment income (including changes in the value of investments) each year. Under the policy established by the Board, 3-6 percent of the average market value of endowment investments at the end of the previous three years has been authorized for expenditure. The remaining amount, if any, is retained to be used in future years when the amount computed using the spending policy exceeds the investment income.

Note 12 – Related Parties

University of North Alabama Alumni Association

The University of North Alabama Alumni Association was created to promote scientific, literary, and educational purposes, advancement of the University of North Alabama, and for the encouragement and support of its students and faculty. This report contains no financial statements of the University of North Alabama Alumni Association.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION'S ACTIVITIES

The University of North Alabama Foundation (the Foundation), is a nonprofit organization existing to assist the University of North Alabama (the University), a public institution of higher education, in promoting, sponsoring, fostering and carrying out activities to broaden educational opportunities for and services to the students and alumni.

BASIS OF ACCOUNTING

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

BASIS OF PRESENTATION

Net assets and revenues, gains, and losses are classified based on the absence or existence and nature of donor-imposed restrictions as follows:

- ♦ <u>Unrestricted Net Assets</u> Net assets that are not subject to donor-imposed stipulations.
- ◆ <u>Temporarily Restricted Net Assets</u> Net assets subject to donor-imposed stipulations that can be fulfilled by actions of the Foundation pursuant to those stipulations or that expire by the passage of time.
- ◆ <u>Permanently Restricted Net Assets</u> Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of such assets permit the foundation to use all or part of the income earned on the asset based on the donor-imposed restrictions.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America includes the use of estimates that affect the financial statements. Accordingly, actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

For purposes of the statement of cash flows, cash equivalents include time deposits, certificates of deposit, and all highly liquid debt instruments with original maturities of three months or less, except for investments purchased with endowment assets, which are classified as long-term investments. All cash is secured by the bank through a repurchase agreement or FDIC Insurance.

ACCOUNTS RECEIVABLE

Accounts receivable include student accounts receivable and are non-interest bearing. The Foundation extends unsecured credit to students in connection with their studies. Student accounts receivable represent amounts due for fees and books that are generally payable by the end of the school term by currently enrolled and former students. Accounts receivable are stated at the amount management expects to collect from outstanding balances.

INVESTMENTS

Investments are carried at fair value.

FIXED ASSETS

Furniture and Equipment are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets, generally 5 to 7 years. Donated artifacts and collectibles are recorded at cost if purchased and at fair value at the date of accession if donated. The Foundation does not recognize depreciation on artifacts and collectibles. In addition, the Foundation utilizes certain facilities and equipment owned by the University. Such facilities and equipment are not recorded on the books of the Foundation.

ENDOWMENT FUNDS

The Foundation's permanently restricted net assets consist of numerous endowment funds established for the purposes discussed in Note 7. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment and, (b) the original value of subsequent gifts to the permanent endowment. The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard described in the gift agreement. The Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor- restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the foundation, and (7) the Foundation's investment policies.

The Foundation has received donations to establish permanent endowment funds to provide scholarships for University of North Alabama students. Terms of the donations require the funds to be segregated from other Foundation funds.

COMPARATIVE FINANCIAL INFORMATION

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended September 30, 2011, from which the summarized information derived.

INVESTMENT RETURN OBJECTIVE, RISK PARAMETERS AND STRATEGIES

The Foundation has adopted investment and spending policies, approved by the Board of Directors, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds while maintaining the purchasing power of those endowment assets over the long-term. Accordingly, the investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable levels of risk. Endowment assets are invested in a well diversified asset mix, which includes equity and debt securities, that is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make an annual distribution of 5%, while growing the funds if possible. Actual returns in any given year may vary from this amount. Performance goals have been established to provide a basis upon which to judge the effectiveness of the investment objective and those responsible for implementing investment decisions on a day-to-day basis. Investment managers will be judged over a cycle of three to five years.

SPENDING POLICY

It is the policy of the Foundation to annually distribute, at least five percent (5%) of the average market value of the Foundation (at the beginning of a fiscal year) over a rolling three-year period. It shall be the responsibility of the Foundation Executive Committee, Investment Committee and Investment Manager to periodically review the spending policy against actual returns in order to make adjustments necessary.

Income available for spending is determined by a total return system. The amount to be spent in the coming year is calculated and is reviewed and approved by the Foundation Executive Committee and Investment Committee.

The income that may be spent, as determined in this paragraph, may be drawn from both ordinary income earned (i.e. dividends, interest, etc.) and appreciation, both earned and unearned. All income and appreciation not needed to meet spending needs is reinvested in the investment pool.

CONTRIBUTIONS

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional; that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions to be received after one year are discounted at an appropriate discount rate. Amortization of discounts is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions. An allowance for uncollectible contributions receivables is provided based upon management's judgment. During 2012, the University's Division 1 fundraising initiative provided approximately 52% of total revenue.

INCOME TAXES

The Foundation is a nonprofit organization that is exempt from federal income tax under Internal Revenue Code Section 50l(c)(3).

INVENTORIES

Inventory is stated at the lower of cost or market, using the first-in, first-out method of inventory valuation.

NOTE 2 – PROMISES TO GIVE

Unconditional promises to give are recorded as receivables and revenue when received. The Foundation distinguishes between contributions received for each net asset category in accordance with donor-imposed restrictions. Pledges are recorded after being discounted to the anticipated net present value of the future cash flows. Unconditional promises to give at September 30, 2012, are as follows:

Promises to Give Expected to be Collected in:	
Less than One Year	\$ 446,774
One to Five Years	1,162,112
More than Five Years	1,147
Total Pledges	1,610,033
Less Allowance for Uncollectible Promises to Give	(21,147)
Less Discount at 1.2% on Promises to Give	(42,908)
NET UNCONDITIONAL PROMISES TO GIVE	\$1,545,978

NOTE 3 – CONDITIONAL PROMISES TO GIVE

During 2012, the Foundation received promises to give totaling \$106,000 that contained donor conditions (primarily athletic sponsorship requirements). Since these pledges represent conditional promises to give, they are not recorded as contribution revenue until donor conditions are met.

<u>NOTE 4 – FAIR VALUE MEASUREMENTS</u>

Fair value measurements for assets reported at fair value on a recurring basis were determined based on:

Description	Fair Value	Assets (Level 1)	Inputs (Level 2)	Inputs (Level 3)
Description	rali value	(Level I)	(Level 2)	(Level 3)
Money Market	\$ 489,724	\$ 489,724	\$	\$
Fixed Income	,		•	
Government Obligations	1,671,209	1,671,209		
Corporate Obligations	330,785	330,785		
Domestic Mutual Funds	3,007,792	3,007,792		
International Mutual Funds	760,779	760,779		
Other	19,283	19,283		
Total Fixed Income	5,789,849	5,789,849		
Equities

The Foundation recognizes transfers into and out of levels at the end of the reporting period. There were transfers from Level 1 to Level 2 during the year ending September 30, 2012.

Fair values from investments are determined by reference to quoted market prices and other relevant information generated by market transactions. Some assets in Level 2 use modeling for valuations.

NOTE 5 – FIXED ASSETS

Fixed Assets consisted of the following at September 30:

Donated Artifacts and Collectibles	\$273,950
Furniture and Equipment	24,364
Computer Software	9,700
	308,014
Less Accumulated Depreciation	34,064
TOTAL FIXED ASSETS	\$273,950

Depreciation expense for the year ending September 30, 2012 was \$0.

<u>NOTE 6 – RESTRICTIONS ON NET ASSETS</u>

Net assets released from restrictions during year ending September 30, 2012 were comprised of the following:

Program Services	\$	834,373
Instruction		343,621
Scholarships		610,460
TOTAL NET ASSETS RELEASED FROM RESTRICTIONS	\$1	,788,454

Temporarily restricted net assets at September 30, 2012, are available for the following purposes:

Program Services	\$4,030,940
Instruction	1,185,840
Scholarships	691,975
TOTAL TEMPORARILY RESTRICTED NET ASSETS	\$5,908,755

Permanently restricted net assets of the following at September 30, 2012:

Program Services Instruction Scholarships TOTAL PERMANENTLY RESTRICTED NET ASSETS	\$ 207,394 4,889,241 10,041,074 \$15,137,709
TOTAL PERMANENTLY RESTRICTED NET ASSETS	\$15,137,709

NOTE 7 – ANNUITY GIFTS AND OBLIGATIONS

Gifts are made to the Foundation in the form of gift annuities. A gift annuity is a simple contract between the donor and the Foundation. In exchange for the donor's contribution, the Foundation promises to make fixed, guaranteed payment for life to the annuitant. The amount is based on the age of the annuitant, in accordance with the Foundation's rate schedule. This rate schedule is suggested by the American Council on Gift Annuities. The annuity payments are a general obligation of the Foundation.

Obligations under annuity contracts at September 30, 2012 are as follows:

Current Portion Deferred Portion TOTAL ANNUITY OBLIGATIONS	\$ 69,992 327,181 \$397,173
TOTAL ANNOTH OBLIGATIONS	ψ391,173

NOTE 8 – FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the Foundation's various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

NOTE 9 – RELATED PARTY TRANSACTIONS

The University of North Alabama Foundation exists to assist the University. Due to the nature of this relationship, there are numerous transactions between the two entities and their representatives for program services, instruction, and scholarship purposes. At September 30, 2012, pledge receivables from the University board members and directors were \$53,062. The Foundation has payables to the University, its board members and directors of \$357,615. The Foundation uses office space owned by the University without paying rent for the facilities. The value of the donated facilities was \$20,720 for the year ending September 30, 2012.

The Foundation has an affiliation agreement with the University of North Alabama Sportsman's Club. The Foundation has a pledge receivable from the Sportsman's Club of \$150,000 at September 30, 2012. The Foundation owes \$56,191 to the Sportsman's Club at September 30, 2012.

NOTE 10 – SUBSEQUENT EVENTS

The Foundation has evaluated subsequent events through December 14, 2012, the date which the financial statements were available to be issued.

<u>NOTE 11 – UNCERTAIN TAX POSITIONS</u>

The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, the Organization may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Organization and various positions related to the potential sources of unrelated business taxable income (UBIT). The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50 percent likelihood of being recognized upon ultimate settlement. There were no unrecognized tax benefits identified as liabilities for fiscal year 2012.

The Organization files forms 990 in the U.S. federal jurisdiction. The Organization is generally no longer subject to examination by the Internal Revenue Service for years before 2008.

Notes to the Schedule of Expenditures of Federal Awards

For the Year Ended September 30, 2012

Note 1 – Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the University of North Alabama and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

Note 2 - Loans Outstanding

The University of North Alabama had the following loan balances outstanding at September 30, 2012. These loan balances outstanding are not included in the federal expenditures presented in the schedule.

Program Title	Federal CFDA Number	Amount Outstanding
Federal Direct Student Loans Federal Perkins Loan Program – Federal Capital Contributions (FPL) Total Loans	84.268 84.038	\$26,177,590.00 1,290,091.76 \$27,467,681.76

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

We have audited the financial statements of the University of North Alabama as of and for the year ended September 30, 2012, and have issued our report thereon dated October 15, 2013. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the University of North Alabama Foundation as described in our report on the University of North Alabama Foundation were not audited in accordance with *Government Auditing Standards* and accordingly this report does not extend to the University of North Alabama Foundation.

Internal Control Over Financial Reporting

Management of the University of North Alabama is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the University of North Alabama's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements but not for the purposes of expressing an opinion on the effectiveness of the University of North Alabama's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the University of North Alabama's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University of North Alabama's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, President of the University of North Alabama, Board of Trustees, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Ronald L. Jones
Chief Examiner

Department of Examiners of Public Accounts

October 15, 2013

Report on Compliance With Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

Independent Auditor's Report

Compliance

We have audited the University of North Alabama's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the University of North Alabama's major federal programs for the year ended September 30, 2012. The University of North Alabama's major federal programs are identified in the Summary of Examiner's Results Section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the University of North Alabama's management. Our responsibility is to express an opinion on the University of North Alabama's compliance based on our audit. The financial statements of the University of North Alabama Foundation were not audited in accordance with OMB Circular A-133, accordingly, this report does not extend to the University of North Alabama Foundation.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University of North Alabama's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the University of North Alabama's compliance with those requirements.

In our opinion, the University of North Alabama complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2012.

Report on Compliance With Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

Internal Control Over Compliance

Management of the University of North Alabama is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the University of North Alabama's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University of North Alabama's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Report on Compliance With Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

This report is intended solely for the information and use of management, President of the University of North Alabama, Board of trustees, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Ronald L. Jones Chief Examiner

Department of Examiners of Public Accounts

Knall & Jone

October 15, 2013

52
