The LOFT KIT
made easy

What’s Included?

- Bed Ends (x2)
- Peg (x4)
- Stabilizer Bar (x1)
- Safety Rail (x1)

Step 1: Remove mattress and place extra bed ends next to existing bed.

Step 2: Insert stabilizer bar with hooks facing down into extra bed ends towards the top of the bed ends. Press firmly into place.

Step 3: Insert pegs into holes in extra bed ends.

Step 4: With another person, lift bed and place onto extra bed ends. (Ensure pegs are fully seated).

Step 5: Attach the safety rail securely to the side rail of the sleeping surface, opposite of the stabilizer bar.

Step 6: Place mattress on top.
