

Intent to Register Form

A student may be employed at the University of North Alabama during a period of nonattendance, such as summer or equivalent vacation period. To be eligible for employment, a student must be planning to enroll (or re-enroll) for the next regular session. Since I did not pre-register for the next term, by signing this paper, I am stating my intent to continue my enrollment at the University of North Alabama.

I, _____, intend to enroll for at least 6 credit hours for the _____ 20__ semester. I will register during the regular fall registration.
