(iii) Reduced course load. The designated school official may allow an F-1 student to engage in less than a full course of study as provided in this paragraph (f)(6)(iii). Except as otherwise noted, a reduced course load must consist of at least six semester or quarter hours, or half the clock hours required for a full course of study. A student who drops below a full course of study without the prior approval of the DSO will be considered out of status. On-campus employment pursuant to the terms of a scholarship, fellowship, or assistantship is deemed to be part of the academic program of a student otherwise taking a full course of study.

(C) Completion of course of study. The DSO may authorize a reduced course load in the student's final term, semester, or session if fewer courses are needed to complete the course of study. If the student is not required to take any additional courses to satisfy the requirements for completion, but continues to be enrolled for administrative purposes, the student is considered to have completed the course of study and must take action to maintain status. Such action may include application for change of status or departure from the U.S.
