BENEFITS OF UNA'S AEP ONLINE COURSES

UNA Academic English Program Online (AEP online) classes parallel UNA ESL classes on campus. Using UNA faculty-created original content and/or Open Education Resources (OER) content, UNA AEP Online classes offer language learners the opportunity to improve their English communication skills in a convenient, flexible and affordable manner. Highly-qualified faculty instruct in learner-centered approach to academic English language learning. **Successful completion of UNA ESL/AEP Program at the specified level satisfies the language proficiency requirement for admission to undergraduate or graduate study.**

The AEP Online classes can meet the special needs of the following three language learners:

1. For traditional on-campus ESL students, they can take UNA AEP Online classes for co-enrollment, repeating a class, or self-study.
2. For students who want to study English with native American English speakers from the convenience of their own homes, UNA AEP Online can save them time and money.
3. For professional working adults who desire to elevate their English proficiency levels, UNA AEP Online program can help them qualify for promotion opportunities, enable them to teach content courses in English, or enhance their chances in seeking grants funded by the US government agencies.
