Faculty, Staff & Student Guide for Connecting iOS devices to Campus Wireless

1. In Settings, make sure Wi-Fi is turned ON.

2. Select **UNA Start Here** from the list of available wireless networks.

3. When your device shows connected to **UNA Start Here**, open a web browser and attempt to browse to a website.
4. Select **Employee/Student**.
5. Enter your **UNA Portal User ID and Password** and select **Join Now**.
6. Select **Install**.
7. If prompted, enter your **Unlock Passcode**.
8. On the Certificate Warning page, select **Install**.

<table>
<thead>
<tr>
<th>Cancel</th>
<th>Warning</th>
<th>Install</th>
</tr>
</thead>
<tbody>
<tr>
<td>ROOT CERTIFICATE</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Installing the certificate “main-PINE-CA” will add it to the list of trusted certificates on your iPhone.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Cancel</th>
<th>Warning</th>
<th>Install</th>
</tr>
</thead>
<tbody>
<tr>
<td>ROOT CERTIFICATE</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Installing the certificate “main-PINE-CA” will add it to the list of trusted certificates on your iPhone.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
10. Select **Done**.
11. At this point, most users will be connected to UNA WiFi.

12. Depending on your iOS version, you may need to follow the on-screen instructions to complete the connection.

After configuring your iOS device, you may still need to connect to the "UNA WiFi" network:

To connect:

1. Go to the Home screen of your iOS device (press the "Home" button).

2. Tap the "Settings" icon.

3. Tap "Wi-Fi".

4. Make sure Wi-Fi is turned "On"

5. Select the "UNA WiFi" network from the list of available networks.

When you have successfully connected, a small check mark will appear next to the "UNA WiFi" network.
