Students currently enrolled in the nursing program will be required to adhere to any modifications made during their enrollment as a nursing major.
- Students are expected to adhere to standards of professional conduct as described in the American Nurses Association Code of Ethics for Nurses and the Code of Conduct delineated in the *UNA Catalog* and *Nursing Student Handbook* (available on nursing server, on campus access only).
- Students may be denied approval for an Alabama Board of Nursing Licensing as identified in the “Grounds for Denial” statements by the Board (Refer to: Code of Alabama, 1975, Section 34-21-25; Alabama Board of Nursing Administrative Code 610-X-8-.01 and 610-X-8-.05). www.abn.state.al.us

CRIMINAL BACKGROUND CHECKS
(Includes information on state board regulations)

Criminal background checks for nursing students were initiated effective fall 2006. They will be done at applicant's expense and at the site identified on the following page. Failure to complete the background check will facilitate denial of admission to the nursing major. You will be required to submit a criminal background check each time you apply. You can only complete the background check while applications are being accepted. If you are found to have a criminal background, you should know that the following actions could occur (considered on a case-by-case basis):

1. You may be denied admission to the Anderson College of Nursing and Health Professions.
2. If admitted, you may be denied by the clinical agency to complete your clinical component for the nursing courses (no substitute clinical site will be sought). If this occurs, you will be administratively withdrawn from the program and will not be allowed to continue in the nursing program.
3. If admitted and successfully completed the nursing program, you may be denied by the Alabama Board of Nursing (ABN) to take the National Council Licensing Exam (NCLEX) to become a registered nurse. Other state boards of nursing may have a similar review process once licensure applications are submitted, after you complete the nursing program. Each instance is considered on a case-by-case basis prior to the state board issuance of a ruling as to whether or not you will be allowed to sit for the exam. Denial by a state board of nursing will result in your inability to become a registered nurse (RN). Examples of current questions for new RN licensure applicants for you to anticipate answering at the time of your licensure application submission **but are not to be answered on this form** are as follows:

- Have you ever been arrested or convicted of a criminal offense other than a minor moving traffic violation?
- Have you within the last five years abused drugs/alcohol or been treated for dependency to alcohol or illegal chemical substances?
- Have you ever been arrested or convicted for driving under the influence of drugs/alcohol?
- Have you within the last five years received inpatient or outpatient treatment or been recommended to seek treatment for mental illness?
- Have you even had disciplinary action or is action pending against you by any state board of nursing?
- Have you ever been placed on a state and/or federal abuse registry?
- Have you even been court-martialed/disciplined or administratively discharge by the military?

4. Health agencies are currently required to perform criminal background checks upon employment. You may be denied access for coursework requirements by the clinical agents for failure to have a current background check.

Statement of Understanding

I understand the above statements and give my permission to perform and release the results of the background/abuse registry check to the Anderson College of Nursing and Health Professions at the University of North Alabama with the understanding that this information will be shared with any or all clinical agencies with which the Anderson College of Nursing and Health Professions is affiliated.
