Each of us has the opportunity to make our community healthier and stronger.

The Shoals Community Clinic exists to ensure access to necessary health care services for the low-income, uninsured public. Your donation to the Shoals Community Clinic makes a difference. It helps keep the lights on, buys needed medications, assures necessary lab tests, purchases medical and office supplies — it keeps the doors open. Please consider joining us as a clinic partner.

Northwest Alabama Community Health Association, d.b.a. Shoals Community Clinic is a 501(c)3 non-profit organization. Tax ID number 63-1187626

THANK YOU! We appreciate your help!

Measuring a Community Need...

For many Shoals area residents, regular health care is considered a luxury — not a necessity. Alabama’s poor and uninsured often have nowhere to go to receive health care except the hospital emergency rooms. A lack of financial resources limits or prevents these community members from using a primary healthcare provider.

Established in 1997, the Shoals Community Clinic strives to provide primary health care for individuals who would otherwise go without medical services due to their lack of health care benefits. Our goal is to offer quality, affordable services to the general working public who are living near or below the poverty level.

Shoals Community Clinic serves the Northwest Alabama region, as well as parts of Mississippi and Tennessee.

Our Partners Include:
Alabama Department of Public Health
ECM Hospital
Florence Housing Authority
Tri-County Dental Society
UNA College of Nursing and Allied Health
United Way of Northwest Alabama
and others

Please Call (256) 760-4713 to inquire about services or make an appointment
