NIGHTINGALE PLEDGE

I solemnly pledge myself before God and in the presence of this assembly, to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping, and all family affairs coming to my knowledge in the practice of my calling. With loyalty will I endeavor to aid the physician in their work, and devote myself to the welfare of those committed to my care.

RESPIRATORY PLEDGE

I solemnly swear to uphold the dignity and integrity of my profession as a respiratory therapist. I dedicate myself to the health, safety, and well-being of every patient I serve.

I will provide compassionate, effective care to all patients, regardless of background, condition, or circumstance. I will advocate for their welfare, working diligently to restore and maintain their respiratory health.

I pledge to continually expand my knowledge and skills, remaining committed to professional growth and the pursuit of excellence in all aspects of respiratory care.

I will collaborate with my colleagues, recognizing the strength of teamwork in improving patient outcomes, and I will always practice with humility, respect, and kindness.

I vow to adhere to the highest ethical standards, maintaining patient confidentiality and acting with honesty and integrity in all my interactions.

In moments of challenge, I will remain calm and focused. I will make decisions with clarity and confidence and always prioritize the needs of my patient and their comfort.
