# Student Guide

How to Join a Zoom Meeting in Canvas

1. Log in to Canvas.
2. Enter the course in which your instructor has scheduled a Zoom meeting.
3. From the course navigation menu, click the Zoom link.

4. You may have multiple meetings scheduled. Find the meeting you wish to join, and click Join (out to the right-side of the meeting name).

5. Note: If this is the first time you have used Zoom on your device, you may be asked to download and install a plug-in that would allow Zoom to work on the device. Go ahead and follow-through with that process and it should connect you to the meeting once that has been completed. Information about joining Zoom meetings is available the Joining a Meeting guide from the Zoom Help Center.
