Sole Sourced Purchase Announcement

Product: Non-motorized Treadmill Woodway USA Curve 3.0 AS-C3BG000

This notice is not an invitation for competition or interest, but is intended to meet the requirement to give public notice of a Sole Source purchase without a formal competitive process.

Notice:

The University of North Alabama will be entering into a purchase order contract with Woodway USA for the purchase and installation of a non-motorized treadmill. Woodway USA is the only manufacturer of this product in the industry.

The Curve 3.0 is most suited for the Health, Physical Education and Recreation (HPER) laboratory providing the unique ability to:

- Measure vertical force production during running
- Assess power output during sprinting
- Quantify work/distance covered during an endurance based running time trial
- Detect imbalances in walking and running gait

To be supplied:
