Directions for Completing the Annual Planning and Assessment Report

These directions for accessing and completing the Annual Planning and Assessment Report were created as a brief “walk-through” guide for directors and department chairs. Should you have any questions that are not covered in this guide, please contact the Office of Institutional Research, Planning, and Assessment. Please note that the steps of the Annual Planning and Assessment Report process are numbered **in red** and superimposed on the screenshots of the assessment system. The corresponding number is then listed below the screenshot, and an explanation of the step is given.

The Annual Planning and Assessment Report is completed in two parts. In the first, the chair/director will include all of his/her department’s strategic and annual goals. If the department is academic (i.e. produces student credit hours), this is also the time when student learning outcomes are added/updated. The deadline for the part of the Annual Planning and Assessment Report is due October 1.

The second part of the Annual Planning and Assessment Report is completed at the end of the academic year and includes assessment, outcomes, and status of each goal/learning outcome. The deadline for the second part of the report is June 30 for academic departments and August 30 for educational support/administrative departments.

The Annual Planning and Assessment Report is also composed of three sections. These sections are:

1. Long-Term Strategic Goals
2. Annual Goals
3. Student Learning Outcomes

While all units within the University should complete Sections 1 and 2, only academic departments (i.e. those who produce student credit hours) will complete Section 3.

1. Enter your USER NAME and PASSWORD. When you first enter the system, your USER NAME and PASSWORD are the same. Each is the first part of your UNA email address. Therefore, if John W. Smith's email were jwsmith@una.edu, his USER NAME would be jwsmith. For first time users, the PASSWORD will also be the same as the USER NAME. In this case, it would be jwsmith. The user will have the opportunity of changing his/her password later.
2. The Annual Planning and Assessment Report system has created three groups of users. Please select the appropriate group by clicking on the button. In summary, the three groups are:
 - A. **Vice Presidents, Deans, Athletic Director, and Director of Diversity** – These are administrative units that are over multiple departments.
 - B. **Education Support/Administrative** – These include all departments at UNA where student credit hours are NOT produced.
 - C. **Academic Departments and Programs** – These include all academic departments at UNA where credit hours ARE produced.
3. After the USER NAME, PASSWORD, and appropriate group has been entered, click LOGIN to go to the following screen:

In the above screenshot, there are three **Sections** consisting of Long-Term Strategic Goals, Annual Goals, and Student Learning Outcomes. If your department is NOT an academic department (i.e. does not produce student credit hours), your screen will only display **Section 1** and **Section 2**.

- Up at the top of the screen, you will notice your log-in name and your group. You will also be able print the page if you so choose. Also at the top of the page, you may change the academic year for all sections, change your password, or LOG OUT.

Long-Term Strategic Goals/Direction

Long-term strategic goals are defined as those goals to be accomplished within the next two to five years. Long-term goals usually include specific improvements in the department's financial or physical structure, technology, leadership, program development, etc. These goals will percolate up from the department to the divisional and institutional levels where priorities will be established based upon the strategic goals of the institution. You may only enter up to five Long-Term Strategic Goals.

5. If the displayed academic year is not the year you want, click on the arrow to the right side of the box and choose the academic year you want.
6. Choose your department by clicking on the arrow to the right of the SELECT DEPARTMENT box. Scroll down until you see your department. Highlight and left click on your department name.
7. Click GO to move to the following screen:

The screenshot displays the 'ANNUAL PLANNING & ASSESSMENT REPORT' interface for the University of North Alabama. The user is logged in as 'alluna' under the 'Academics' section. The page is titled 'LONG-TERM STRATEGIC GOALS / DIRECTION' for the academic year '2011-2012' in the 'Art' department. A yellow instruction box states: 'Directions: Identify goals or strategic direction for your unit for the coming 2-5 year planning period. This may be a list of specific long-term goals or a narrative (one goal) describing the strategic direction your unit plans to pursue over the next 2-5 years. Strategic goals/direction will be made operational each year by identifying Annual Goals needed to carry out the strategic direction.' At the bottom, there are buttons for 'Add Goal' (labeled 9) and 'Import from Previous Year'. A table at the bottom shows columns for 'Goal', 'Budgeting', 'University Goals', and 'Docs'.

Within the Long-Term Strategic Goals/Direction window, you will see your department, the academic year you chose, as well as a definition of Long-Term goals.

8. At the top of the screen, you will see a list of choices similar to those mentioned in Step 4. Additionally, you may also choose to toggle back and forth from one SECTION to

Directions for Completing the Annual Planning and Assessment Report

another. This will be a helpful tool if you are working in one section and think of something you would like to add to another section.

9. Here, you may choose to either ADD A GOAL or IMPORT FROM PREVIOUS YEAR. If you choose the IMPORT option, your last year goals will pre-populate into the current year. Depending on your circumstances, this step could save you a lot of time in data entry. If you choose ADD GOAL, you will see the following screen:

The screenshot shows the 'ANNUAL PLANNING & ASSESSMENT REPORT' interface for the University of North Alabama. The header includes the university logo and navigation links. The main content area is titled 'LONG-TERM STRATEGIC GOALS / DIRECTION'. It features a section for 'Add Goal' with the year '2011-2012' and the subject 'Art'. A yellow box provides directions for identifying goals or strategic direction for the coming 2-5 year planning period. Below this, there are two input fields: 'Short Title' (labeled 10) and 'Description of Goal' (labeled 11).

11 Description of Goal

10. Give your strategic goal a short title that you can use for quick reference. It is a good idea to use the short title as a short description of the goal rather than naming it "Strategic Goal 1."

11. In this box, write the full description of your long-term strategic goal. If you have already saved this in a Word document, you may simply copy and paste the text from the Word document to the DESCRIPTION OF GOAL box.

Scroll down the screen to see the following items:

15. Much like in Step 9, you can either choose ADD GOAL or IMPORT. Additionally, you may save your goals to a comma delimited file (.csv) by clicking EXPORT.

16. Here, you will see a summary of your goals. By clicking on VIEW DETAILS, you will go back to the goal screen for that particular goal. The ASSESSMENT option is used at the end of the year to indicate the status of that particular goal. For the October 1 deadline, you will not use the ASSESSMENT option. At the end of the year (June 30th for Academic

18. Indicate the amount of resources specifically allocated to this goal.
19. Please include any documentation you may have concerning this goal by clicking the BROWSE button and going to where the documentation is located on your computer. Please note that you are encouraged to include documentation of accomplishment/progress of all long-term strategic goals.
20. When you have completed the assessment window for this goal, choose CANCEL to keep it from being saved, or SAVE to save the assessment. You will be directed back to the opening Long-Term Strategic Goal page where you can complete your assessment for each goal. While in the opening Long-Term Strategic Goal page, go to the top and click on SECTION 2. This will take you to the Annual Goal section.

Departmental/Unit Annual Goals

Annual Goals are those that the department plans to complete during the academic year. These goals are not student learning outcomes. Rather, they are goals that are created in order to improve or enhance the overall department. You may only enter up to seven Annual Goals. You can access Section 2 anywhere within the system. The opening screen for Section 2 looks like this:

The screenshot shows the web interface for the University of North Alabama's Annual Planning & Assessment Report. The header includes the university logo, the text "HISTORY IN THE MAKING", a search bar, and navigation links: "CAMPUS DIRECTORY", "LIBRARY", "FACULTY/STAFF", and "UNA PORTAL". The main title is "ANNUAL PLANNING & ASSESSMENT REPORT". Below this, it shows the user is logged in as "alluna" under the "Academics" section. A sidebar menu lists "Section 1", "Section 2" (which is active), and "Section 3", along with "Section/Year Menu", "Change Password", and "Log out". The main content area is titled "ANNUAL DEPARTMENTAL/UNIT GOALS" and shows the year "2011-2012" and the department "Art". A yellow box contains the instruction: "Directions: Identify the specific GOALS (not student learning outcomes) your unit is establishing for the planning year covered by this Report." At the bottom, there are buttons for "Add Goal" and "Import from Previous Year", and a table with columns: "Goal", "Budgeting", "University Goals", and "Docs".

You will notice that the opening screen for Section 2 looks similar to that of Section 1. In fact, the opening screens for each one of the three areas are essentially the same. When you learn to navigate one, you will learn to navigate all three. As in the previous section, Section 2 allows you to either choose ADD Goal to create a new goal or IMPORT if you want to import goals from the previous year.

If you click ADD GOAL, you will see the following screen:

<i>ANNUAL DEPARTMENTAL/UNIT GOALS</i>

21. Give your ANNUAL GOAL a short title that you can use for quick reference. It is a good idea to use the short title as a short description of the goal rather than naming it "Annual Goal 1."

22. In this box, write the full DESCRIPTION of your annual goal. If you have already saved this in a Word document, you may simply copy and paste the text from the Word document to the DESCRIPTION OF GOAL box.

Scroll down the screen to see the following items:

23. If you entered Long-Term Strategic Goals in Section 1, these goals are automatically inserted into this page. Here, you are asked if this particular ANNUAL GOAL supports a particular Long-Term Strategic Goal. If you have multiple Long-Term Strategic Goals, you may choose more than one.

24. Indicate the estimate amount of new money required to support the ANNUAL GOAL
25. Here list each of the five UNA Strategic Goals. Please indicate which UNA Strategic Goals your ANNUAL GOAL supports. You may click on all UNA Strategic Goals that your goal supports.
26. If you are satisfied with your new ANNUAL GOAL, click OK, if you are not, either edit or click on the CANCEL option which will cause the goal not to be saved. You will then be taken back to the opening Annual Goal screen. Once you are back to the opening Annual Goal screen, you will see that it looks much like the summary found in Step 16. If you are entering in the first part of your data for October, you will not need to go to the ASSESSMENT option. However, at the end of the year, you will input your assessment and outcome information. Clicking on ASSESSMENT you will see the following screen:

32. If you are satisfied with your ASSESSMENT of your Annual Goal, click OK, if you are not, either edit or click on the CANCEL option which will cause the assessment not to be saved. You will then be taken back to the opening Annual Goal screen. Once you are back to the opening Annual Goal screen, you can complete your assessment for each goal. If all of the assessments have been entered and you are a non-academic department (i.e. do not produce student credit hours), then LOG OUT. You have completed the Annual Planning and Assessment Report. If you are an academic department, go to the top of the opening Annual Report screen and click on Section 3.

Student Learning Outcomes

Student learning outcomes are defined in terms of the knowledge, skills, and abilities that students have attained as a result of their involvement in a particular set of educational experiences. Outcomes are achieved objectives. Outcomes provide the department evidence that student learning has occurred. There are a number of different types of learning outcomes, including knowledge, understanding, application, thinking skills, general skills, attitudes, interests, appreciation, and adjustment learning outcomes. All academic programs are required to have student learning outcomes, to assess these outcomes, and to document where the department has made changes/improvements based on the outcomes of these assessments.

The opening Student Learning Outcomes screen is very similar to the opening screens of Long-Term and Annual Goals. You may choose to either IMPORT outcomes from the previous year, or you may choose ADD LEARNING OUTCOME. When you choose to ADD, the following screen will appear:

The screenshot displays the University of North Alabama's Annual Planning & Assessment Report interface. At the top, there is a purple header with the university's logo and navigation links. The main content area is titled 'ANNUAL PLANNING & ASSESSMENT REPORT'. Below this, a sidebar shows the user is logged in as 'alluna' under the 'Academics' section. The main panel is titled 'STUDENT LEARNING OUTCOMES' and contains an 'Add Outcome' button. Below the button, the year '2011-2012' and the subject 'Art' are displayed. A yellow instruction box states: 'Directions: identify student learning outcome.' At the bottom, a red '33' is followed by the label 'Short Title' and an empty text input field.

33. Give your Student Learning Outcome a short title that you can use for quick reference. It is a good idea to use the short title as a short description of the outcome rather than naming it "Student Learning Outcome 1."
