

Long-Term Goals for College of Education (COE)

2011-2012

Title:	Graduate Assistant Initiative
Description:	The COE is committed to growing the various graduate programs in the College. The Department of Health, Physical Education, and Recreation as well as the Department of Counselor Education have expressed interest in establishing graduate assistantships as a means of recruiting top candidates to the programs and to assist with laboratory activities.
Budget:	\$25,000.00
University Goals:	1,2,3,4,5
Accomplished:	
Spent:	\$0.00

Title:	Faculty Initiative
Description:	The COE will continue to evaluate the student/faculty ratio in each program to determine where additional faculty lines should be requested. *Since its approval as a concentration in the HES degree program in 2007, the number of declared majors in culinary arts has increased to approximately 100. As the concentration continues to grow, we will seek approval to conduct a national search to employ an additional full-time faculty member, as well as expand the hours of the culinary assistant. *The College of Education will conduct a national search for a new chair in the Department of Secondary Education. *As new majors and concentrations are developed and implemented, the COE will evaluate appropriate staffing needs and make staffing requests as appropriate. *The COE will monitor the student/faculty ratio in departments where unfilled faculty lines are frozen and make requests as appropriate to meet the needs of students and to adequately support all academic programs at the undergraduate and graduate levels.
Budget:	\$100,000.00
University Goals:	1,2,3,4
Accomplished:	
Spent:	\$0.00
