### **Proposal to Amend the Placement and Movement within the Salary Plan: Promotions**

The “Proposal to Amend the Placement and Movement within the Salary Plan: Promotions” was originally discussed in the February 25 meeting. The committee voted to return the proposal for revisions to be clearer on when the policy would be implemented. The revised policy draft was received by Dr. Jill Simpson on March 17, 2020. Dr. Simpson sent this draft out to the committee on March 17, following up with them on March 31. Not everyone has responded to the email yet; however, as of March 31 we have a quorum to approve the revised proposal.
