

# **Food Services Shared Governance Committee**

## **Minutes**

**October 9<sup>th</sup>, 2020**

### **1. Update from Susan Breer-**

- a. Sales and guest counts have improved -**
  - i. Sales are down 28.8%, compared to 30% in September**
  - ii. Guest counts are 38.7% down, compared to 40% in September**
- b. All dining facilities have been open,**
- c. The app is up and running**
- d. Dining continues to have treats and special events for the students that are sent out in a monthly news letter and are very well received by the students**

### **2. Member concerns**

- a. Focused mainly on how students who were in quarantine or isolation were getting meals, Students received a webform everyday with options for a hot dinner, and cold lunch and breakfast. Then the RA's would deliver food via contactless delivery means wearing their masks and gloves.**
- b. A second question was how campus food services would operate during breaks and after class go online after Thanksgiving. Everything on campus will still be operating normally so food services will be open and providing food.**
