Graduate Student Rate of Pursuit

This page does not apply to undergraduate students.

Certification Process

When certifying your benefits through Veteran affairs, the amount of your payment may be based on your rate of pursuit. When calculating your rate of pursuit, please use the charts to the right to find your placement.

Please note that **each bar shown is certified separately**. For example, if you are taking both Spring 1 and Spring 2, you would **not** combine those hours because they will not be certified together. So, in order to be full time, you would need to be taking 4+ hours in each 8-Week term.
